Summer Boy, Summer Girl
by: Jamie Cohen

Summer I apologize, if I led you on
And let you into my heart for three months too long
Now seasons bring a colder wind and kiss me with a chill
And on your way to better things just to get your fill

So turn away, your back to me
Goodbye summer boy
For autumn leaves are changing
And you are leading me on

April, summer chased me
May, you came to stay
June, July adored me
August you went away

September chills me to the bone
Autumn is eternal
Warmth has left this summer girl
And left me with a sunburn.
