Dear Lower School students and parents,

There are four stages of expressive language development. The first is listening, the second is speaking, the third is reading, and the last is writing. Written expressive language, being the last to develop, is usually the most challenging for young children. Our masterful teachers at the Lower School teach expressive writing as part of their daily curriculum, but there are daily activities parents can use to increase their children's expressive language skills. Here are a few tips from the American Speech-Language-Hearing Association:

For younger children:

- Talk with your child often.
- Read a variety of books (including wordless books) with your child and talk about the stories together.
- Help your child understand sound patterns such as rhyming.
- Talk with your child about his or her day.
- Talk about new words you hear.
- Do projects with your child like arts/crafts, folding laundry or washing the car. As you work together, talk about what you're doing.
- Give your child directions to follow.
- (This one is from me!) Watch my Video Storytime on the Media Center Blackboard page.

For older children:

- Find interesting books, magazines, and news stories for your child to read and discuss with you.
- Encourage active listening, like forming opinions and making judgments about daily life.
- Discuss how to solve problems.
- Read and write letters, journals, blogs, and short stories for fun.
- (Also from me!) Encourage participation in a book club, where *ideas* are discussed.

Finally, read and enjoy this lovely magazine with your child.

Sincerely,
Mrs. Cantor, editor

Painting

Bahamas

Painting on the wooden easel I am in my play room. My hands are moving the paintbrush up and down, while my feet are glued to the brown carpet. I could smell the damp paint on the canvas. I see the colors of the paint on the canvas. My picture starts coming to life. I hear the paint PLOPPING on the canvas. I feel my hands gripping tightly on the paintbrush. Finally, I make a wonderful masterpiece of an oak tree.

From high above crystal clear water, big majestic reefs are swimming with life. Gigantic sandy beaches and vast blue skies are abundant. There are no clouds and the water glimmers. The coral is vibrant with all the colors you can imagine. The sun is shining down, every day is perfect for the beach and snorkeling. It is the paradise of the world with its perfect scenery.

Happy Holidays

Christmas

The tree is gleaming bright. The aroma of the cookies is delightful. Presents under the tree are bringing excitement to the air. The night is silent and peaceful. The sound of hooves quietly going *click, clack...* then the sound of a bag falling down the chimney is delightful. A strong and bold voice says through the night, "Ho! Ho! Ho! Merry Christmas!"

My favorite holiday is Christmas. My family decorates the Christmas tree with lights and ornaments. Santa brings us presents and puts candy in our stockings on Christmas Eve. I leave carrots for the reindeer and Christmas cookies for Santa. I love Christmas so much!

The Marvelous Menorah

I am a beautiful metallic golden menorah.

I am as gold as a king's crown. When I am burning, I smell like smoke and ashes coming out of a volcano. I have eight small candlesticks and one long one. As my body drops wax, I sound like raindrops hitting the cold hard ground. I feel as hot as the sun.

I get lit up on Hanukkah after the people recite the prayers. My wax drips down my golden body. It brings joy and happiness to all the people. It is the warmth and light of Hanukkah.

I have to make light for everyone! I have to be put on fire. When I'm burning, I'm very bright, and it hurts my eyes. Wax falls off my side like a rock falling off a cliff. Parts of my candles begin to burn and drop wax. It can irritate my body when it falls. The menorah has to be lit on every Hanukkah and Shabbat. I have to be used many times. People have to buy me new candles. I am the start of Hanukkah!

Grade 4

I know Hanukkah.

I see my grandma's beautiful menorah.

I hear my magnificent mom wrapping my presents. I smell my dad's cookies which are so amazingly yummy coming out of the oven.

I taste the chicken noodle soup made by my grandma.

I feel happy in my heart.

The Homeless Pup

There was a homeless pup. He slept on anything comfortable. He played at parks. He usually ate food that people dropped. It was a hot day so he went in a pool. Just then a boy saw the dog. His mom would never let him have a dog. They played with some old shoes. The boy went to the store with his mom. He snuck some dog toys in the cart. His dad was a scientist. He was coming home from work. The boy called his dad and asked if he could make a potion that makes dogs talk. His dad said, "Why do you need it if you don't have a dog?" "I'll tell you when you get home."

How to Love and Take Care of a Dog

First you have to make sure that it has food and water every day. You should feed him or her twice a day and they like fresh water. Next you have to take it for a walk five to six times a day. Then you have to play and care for it every day. Last you have to wash it two to three times a month. That is how it to love and care for a dog. P.S. Dogs are loving and playful pets. They will always be there for you.

My Day with Jah Jah!

Standing next to the dark brown horse, my hands and feet are shaking. I am about to get on Jah Jah for the first time! I am nervous and excited at the same time. I got a stool and put it directly in front of me. As I stepped on the golden stool I felt as if I was being a coward! Sitting on top of the horse, I began to pet it. My trainer took me to the circle. When I got to the circle, my trainer asked me if I wanted ride alone. I said yes! I smelled the breezy air and the fresh mowed grass. My legs dangled trying to touch the ground! I loved riding on Jah Jah so much!

Animals

My dogs are Harry and Sally. Their names remind me of the movie When Harry Met Sally. Their eyes sparkle like the shining sun and their fur reminds me of puffy clouds. Sally likes it when I rub her tummy and Harry likes to lick me. When I come home from school they lick me all over. They are so cute! I love my dogs Harry and Sally.

The Zookeeper and the Talking Elephant

Once there lived a zookeeper who had a conversation with the world's first talking animal. The zookeeper was going to feed the elephants and one of the elephants said, "Hello." The zookeeper saw that the elephant didn't feel good and said, "Hello. You don't look good. What's wrong?" The elephant said, "I am going to die soon, and I have done nothing with my life." The zookeeper said, "Tonight at 7:00 sharp, we will sneak out and have a guys' night out." And the elephant said, "That sounds good."

What Kind of Helper Are You?

It brings a smile to my face to help a homeless family. I gave them money. Some had babies, so I gave them toys. They were so nice that we took them to an apartment. They stayed there to sleep and eat, so they didn't have to sleep and eat in the street. I was so happy that I helped them.

We also helped some animals that were sick. We gave them some food, some medicine, and then we gave them toys. I love to help the animals, too.

Veteran's Day

Veteran's Day is a day to respect the veterans who have fought for our country. Veterans come in all shapes and sizes, small and tall. They are people just like you and me except they fought for our country and now we are free. In the Coast Guard, Navy, Marines, Army, and Air Force, they are a team. They fight for us and today we honor those who died and those who are okay.

Thank you for serving our country and making us free. Thank you for dedicating your lives for our country and thank you for fighting for us to keep us safe. Thank you all veterans for being brave. But I am so sorry that you don't get to see your families for a long time. And even if you can't hear and see us, we are all waiting for you to come home to say thank you for all you have done for us. Army, Navy, Air Force, Coast Guard, and Marines, I appreciate you for all the help that you gave our country.

What Kind of Helper are You?

I am the kind of helper who helps because it is the right thing to do. The last time I helped with something was actually here at the school. I am pretty sure it was the charity for breast cancer. I help because it's the right thing to do, because if people need help you should.

The Beach

The waves are crashing. The signs are green and purple. I dive in the water with my mask. I go through the waves and see tuna, tuna, piranha, piranha. I swim back as fast as I can. I tell my dad "tuna, piranha!" He tells me to go in the pool. I swim in the pool. The pool is at the top of the beach. When I catch my football it sounds like a lion roaring as it hits the water. As the sun dips down I go to my house. I miss the ocean already and I say goodbye until next time.

It was a beautiful day outside when I was at the beach. The waves were crashing and the breeze was blowing in my face. The view in front of me was so pretty. There were lots of birds in the sky and the sand felt hot on my feet. The water was crystal clear. When I walked down to the water, there were rocks. I wanted to climb on the rocks, so my dad said, "Be careful." When I walked up the rocks my dad said, "Watch where you are going."

Thanksgiving

What I Am Thankful For

Thanksgiving is my favorite time of the year. I celebrate it at my house. On Thanksgiving, my family and my mom's guests come to eat. In the morning, we watch the Thanksgiving Day parade because I like it. I also like to play basketball and soccer because they are active. My favorite foods on Thanksgiving are turkey, pie, and cranberry sauce because I like the taste. This is how I celebrate Thanksgiving.

Eric Ruderman

Grade 3

I am thankful for my home because it keeps me safe from bad weather. It also has important things in it like pictures of my mom and my dad. It also has my clothes and my bed.

I am also thankful for my clothes because they keep me warm. I have comfy clothes when I sleep and when I go to school.

Lastly, I am thankful for my food. It keeps me healthy and strong so my bones can grow. Food also gives me the energy I need to do my work and play.

Now you know the things I am thankful for. They are my home, my clothes and my food. I am a lucky girl!

This is What I'm Thankful for

I'm thankful for my caring family. My amazing sister makes time for me even if she has homework. My awesome brother plays with me when I'm bored. My sweet mom packs me snacks every day before school. My fun dad brings me to Dave n' Busters. I'm happy to have family members who care about me.

I'm thankful for my helpful friends. Piper helps me when I fall down. Miranda helps me when my novel work is too hard. Gaya cheers me up when I am down or upset. I have so many friends I can't even count. I'm thankful to have friends.

I'm thankful for such wonderful teachers. Mrs. Nolte helps me when I am stuck on my work. Miss DeMaria helps me learn multiplication and division. Mrs. Kahn teaches me how to play amazing games. I want to be a teacher too when I grow up. I'm happy to have such kind teachers.

I'm Thankful For...

I'm thankful for my family for thinking of me. My sweet mom helped me when my dog dragged me on the road by calming me down and cleaning me up. My kind dad sometimes takes me to the grocery store and I get a free cookie. My loveable dog Rocky cheers me up when I'm upset. I'm happy my family cares about me!

I'm thankful for my awesome friends. My friends are always there for me, and if I fall they help me up. My super friends care for me if I'm upset. My amazing friends save me a seat at lunch so we can talk to each other. I'm glad my friends care!

I'm thankful for my challenging school so I can learn new things. School helps me learn skills that are good for when I'm in a higher grade. School helps me learn educational concepts that make me smarter. Homework reviews stuff with me when I'm at home and not at school. I love school and learning new things!

The Meteor Shower

That night the ground rumbled. I quietly peered over my shivering shoulder and I saw it! The fascinating view of the meteor shower. I didn't know what to do, since I knew I wouldn't see one of these in another 70 years. I could have glared at it for hours, but I sensed my anxious parents would be expecting me. They never liked it when I went to the beach by myself, let alone at night. About half an hour later, when I turned my back on the light show, I couldn't resist turning back and looking, but right now I had to say goodbye to the night sky.

Gazing at the Night Sky

Sky as bright as sunlight,
need to squint tight.

Feeling the crisp cold air blown

I should probably use binoculars just in case.

And then, I see it, right above!

It was soaring through the sky just like a dove.

Behold... A shooting star!

I hear shimmering in my left ear.

I calmly listen to the sound "cock-a-doodle-doo."

Looking at the amazingly shiny
shooting star go away, I say goodbye

The Winning Team

Let's Go, Team!

My Soccer Game

Do you want to hear about my awesome soccer game? I was on the winning team and I never felt so happy and free! Even the soccer balls were cool because they had the team's name on it which was the Cobras. One time when I was playing defense, I blocked the other team's goal. I ran very fast, stuck my foot out and kicked it out of bounds. Swoosh! The ball went flying over the line. We were saved from losing and started jumping up and down celebrating. We all high fived each other! It was such a great feeling and I love playing soccer with this team!

Sitting on the metal bench my feet were swinging below. It was a hot sunny day and I was going to play a soccer game. I walked on the field and got in my position. My heart was pounding. I had butterflies in my stomach. The team that we were against was one of the best teams in the league. The whistle blew. I ran as fast as I could. I really wanted to score. I played the hardest I have ever played. I got the ball. In the distance, I saw a goal with my name written all over it. I got the ball and scored! I was jumping with joy. My team ran toward me and hugged me. A smile came across my face. My mom and dad were so proud of me. This is a game that I will never forget.

The Best Bike Ride Ever

Thankful For

It was the best bike ride ever with my aunt and mom! We had off from school and all decided to take a ride. I was so excited because I just learned how to ride a two wheeler and was ready to go! I was nervous in the beginning but then I just kept pedaling and pedaling! I loved the wind on my face as I went faster and faster. We went on a two mile ride and I was the fastest of the three of us. I can't wait to go again! I was so happy to finally ride!

Everyone is thankful for something. One of the things I am thankful for is my family, because they put food on the table, give me a house to live in, and they make me who I am. And that's why I'm thankful for them.

The second thing I am thankful for is my teacher. She helps me, teaches me, and most importantly, she cares for me. I am very lucky to have her.

The last thing I am thankful for is my friends. The reason I am thankful for them is because they are always there for me, they make me laugh, and finally, they always cheer me up when I am sad.

When I went outside my brother hid from me. He took a water balloon and smashed it on my face! It was so funny I went and got one and threw it. We had an awesome fight! It was so much fun! After, my mom and dad joined along with my sister! We had a blast! It was the best day of my life! My team was me, my dad, and my brother vs my mom and sister! The water was freezing. My skin had goose bumps and I had no strength to hold a water balloon! Then right there my mom came to our base and struck all of us on the arm! It was so cold!

My Visit to the Bowling Alley

Let me tell you about the best day ever with my mom and sister! We went bowling and had the best time! I laughed so hard watching my mom bowl with the bumpers on. She kept on getting strikes and winning! When it was my turn, I changed my technique and got another ball and dried my fingers off on the air blower. I stepped up to the line, pulled back my ball and aimed for the center. I watched the ball roll down the alley. BOOM! It hit all the pins except for number one! I was laughing because I wanted to beat my mom and that pin is the hardest to hit. She was able to hit it! I will have to keep practicing! My mom said we can go again soon. Next time, she cannot use bumpers but I can!

The Easter Picture

Picture-Perfect Places

Planting Express

My whole family is smiling for the Easter picture. I see the ocean making a lot of waves. I see the green grass growing. The flagpole reaches as high as a tree. The big, bobbing boat is rocking up and down. Clouds are flying through the air saying this is fun. The colorful fish at the sandbar swim as fast as a motor boat. The fresh air is blowing from the north to the south.

Choo choo! Choo choo! All aboard the Planting Express. I love to plant! I plant a garden every year!

A garden is a great way to produce healthy foods. First off, you can make a salad with all the fresh vegetables from your garden. You can also use the herbs you grow to make a tasty homemade chicken.

You can start planting if you buy a pot and some seeds. You start by filling a pot halfway with dirt and sprinkling some seeds into the pot. Then, you fill the pot the rest of the way. After watering your plants once a day, little sprouts will start to grow. They will grow bigger every day if you care for them. In about two months, it is time to harvest! Your fruits and vegetables will be ready to eat.

You should plant a garden too! Then you will have fresh fruits and vegetables to enjoy all the time.

The Farm

It's a cold November day. The cows are mooing. I'm jumping on the hay. I'm saying to myself, "Can this day get any better?" I'm asking my mom for a pomegranate. The barrel-shaped hay is waiting for the cows to eat it for lunch. I feel like I could rule the world. The great green tractor has one big barrel of hay. The leaves sway on the bright trees because of the breeze passing by. Some grass looks like a green restless sea.

The Blue Lagoon

Relaxing in the boiling hot water of the Blue Lagoon Geothermal Spa in Reykjavik, Iceland, I am glaring at the hazy mist drifting off the surface of the water and into the cool air. I am trying to find a way through the smoky maze of mist. The eerie silence is soothing to the ears, but then, my laughter breaks the eerie silence into pieces. My fingertips are gently tickling the surface of the vast sky blue area of water, as I am getting closer to one of the rocky hills standing still in the boiling hot water. As I open my mouth, I am breathing, while a gush of cool air meets my taste buds.

I feel like I'm drinking ice cold water right from the river. As I slowly walk towards the steps, I think about my moment of being at the Blue Lagoon in Reykjavik, Iceland.

Aspen Mountains

The Aspen Mountains are full of great greens and the sky is a beautiful blue. Snow-white clouds fill the baby blue sky while tea green trees and slate grey rocks fill the mountaintop. Mother Nature paints the masterpiece all around. Strong, cold wind crashed on the trees and sweeps up the leaves. The mountain peak across the valley looks like the swirled pointy top of an ice cream cone on a warm summer day. Towering evergreen trees are little grass blades in the valley. Birds chirp. Trees sway. It's summer time in the Aspen Mountains.

Water Park

Standing in line for the Fantastic Flyer, I feel anxious. My hands are shaking with fear, and keep shaking. My feet are wobbling like crazy. They can't stop. I see people and tubes are taking off to the Flyer and going as fast as a sports car. I hear screaming and sliding and splashing and talking. I feel nervous. I feel brave and confident and strong that I'm going on a ride like this. I feel energized and petrified. My heart is thumping like a lion. It can't stop, scampering away so fast. This day is amazing!
