PLACE: Nova University School

GIVE AND LET LIVE

The Broward County Blood Center will be sending a Bloodmobile to campus on Wednesday, March 13, 1985. Students will have an opportunity to give the blood that is so badly needed in Broward County from 8:30 am to 4:30 pm.

Unless more people become donors, the current blood supply will not keep pace with the growing demand for blood. Yet, less than 5% of the eligible donor population is willing to give "The Gift of Life". Someday your life may depend on its availability. To assure that blood will be there when you need it, give blood now and encourage others to become volunteer blood donors.

Please, stop by the S.G.A. office, and fill out a donor card, and this Wednesday take a few minutes out of your schedule to -
"Give and Let Live".

Editorials-Letters

To the Editor:

I would like to thank Professor William Cahill for pointing out a very serious problem which exists at Nova University. Students are constantly having to overpay for books at what seems to be an extremely discourteous book store. This is an issue which the student body will certainly address.

Respectfully yours,

Edward L. Artau
Student Body President

Letter to the Editor:

As a student, I feel happy about the pleasant atmosphere in the First and Second Floor Computer Labs. As a future teacher, I put myself in the place of current professors and I feel a heavy weight in this imagining. What could be more frustrating than to know that students could be turning in grammatically perfect papers--*but don't* because students don't take, won't take or decide not to take the time to learn to use the Computer Facilities which their tuition pays for?

If I were a professor at this University, I would insist that my students do their term papers on wordprocessors. This would allow me to return the paper to the student with suggestions for improving the paper--*this is easy when the student uses a word processor*. The student would have the satisfaction of working with me (the instructor) in the creation of higher standards of written English. Regards, J. Alavenir

WOMEN'S HISTORY WEEK CELEBRATIONS

Things were terrific on Monday at Nova's kick-off of Women's History Week celebrations. It started with the ribbon ceremony, the Women Role Model cards and the Women in History poster show.

A presentation in the IRP room topped Monday's events. Governor Graham, the Broward County Commissioners, the Mayor of Ft. Lauderdale, the Broward County School Board, and the Mayor of Davie proclaimed officially the celebration of Women's History Week (March 3-9, 1985). Vice-mayor of Ft. Lauderdale, Betty Roberts and Council-woman Joan Covak were present at the celebration.

Next, the winners of the "Woman Role Model" essay contest were announced. Recognitions went to Carolee Gulino for her essay about her mother and Chris Ali for his essay about Mathilda Campbell. Steve Conger, who wrote about his grandmother, took second place. Kellie Balch, the first place winner, wrote her essay on Eleanor Roosevelt.

The play "Womanspeak" was next in line. The play was about women in history and their battles for women's rights and equality. The play was very dynamic and held the audience spellbound. Monday's ceremonies ended with a buffet of wine, cheese, crackers, grapes, and enthusiasm from all who participated in the event.

On Tuesday, the Nova Women's Student Forum sponsored a poetry reading of Emily Dickinson's work. Dickinson's poetry, as well as some background on her life and her writing techniques were explained.

On Wednesday, the movie "How We Got the Vote" was shown in the IRP room. It showed the hardships women endured in their fight for the right to vote. The movie was followed by a discussion.

On Thursday a movie, "Women's Role in the Arts" showed women in the cultural fields of society.

A panel of locally famous women arrived at BCC on Friday to discuss women in the workplace. The panel consisted of Kitty Oliver, Judge Rosemary Jones, Jean Trebbi, Dr. Kathy Perez, and Dr. Marilyn Segal. The topic of discussion was the ghetto in the workplace, focussing on how women often get stuck in dead-end jobs with no chance for advancement.

"Herslef", an art exhibit sponsored by the Women's Caucus for Art, opened on Friday. This organization, chaired by Dr. Nadel, serves the community of women artists.

We Are Progressing

Things are rolling. Last week I suggested a large calendar to be put up to publicize activities. I talked to the SGA President and he liked the idea. He told me that he will assign calendar duties and have it up in less than two weeks. He does ask however, that all clubs give him activity schedules so they may be put up on the calendar.

Last week I also said I would look into the NISA movie activity. Well, I was told the movies are not "dead". The job has been assigned to a NISA member, and he is eager to get things started again. He will need input on preferred movies and times, so a questionnaire may be found in an upcoming issue of The Nova Knight.

Next on the agenda of making a campus life is a tough project. Many student disputes were forgotten this week to enable full effort into this project. The SGA President and Vice-President, the Newspaper Editor, and a few other students put differences aside to combine student strength and work for our own

campus bookstore. There is not a guarantee that a bookstore is attainable but we are ready to prepare research and present it to the administration. We cannot do it alone. We need the combined effort of Day, Night, Graduate, and Intensive English students.

We are sending letters, making phone calls, and surveying, but the key to success is your support. This is a serious undertaking.

If you would like to assist in this undertaking, (student or faculty) please, contact Christos Ellinides or Edward Artau.

The following petition was sent by The Concerned Students of Nova College to the Secretary of Education.

Petition to William Bennett, Secretary of Education

Dear Sir,

As students and faculty of Nova University and as concerned U.S. voters, we object to your claim that "tightening the belt can have the function of concentrating the mind." We agree that it is a true statement: the mind under such conditions tends to concentrate on money, not studies. We feel that this is not a statement which should be used when discussing federal student aid programs. We request that federal student aid continue at present or higher levels.

In hopes of getting more people to sign, Nova Knight reprints this petition, encouraging you to send it to Mr. Bennett or to sign the petition in the Writing Lab, Second Floor, Parker Building.
