# ALMA MATER: THE NOVA COMMUNITY

*We have come together from afar,  
Many people reaching for their star.*

*We have found a university,  
Cares about us individually.*

*We have come together from afar,  
To form a true community.*

*Every race, religion and all ages,  
Combined to learn about life's pages,  
Where it is written that caring is the key*

*To live in peaceful harmony.*

*We have come together from afar,  
To form a true community.*

*Unbound by things the way they were,  
We step forward together, we'll be heard.*

*Nova stands for truth and quality,  
Combined as one—a university.*

*We have come together from afar,  
To form a true community.*

*By Roger I. Abrams  
Dean, Shepard Broad Law Center  
Arranged by Chris Lobdell*

## ACADEMIC NOTES

The caps, gowns and hoods of the academic procession date back to the Middle Ages, when they were common dress for scholars. Monks and students wore them to keep warm in the damp and drafty 12th-century castles and halls of learning.

The bachelor's gown has a pleated front and long, pointed sleeves. The master's gown, which may be worn open, is distinguished by its long, square sleeves, closed at the end and slit near the elbow to permit the forearms to come through. The doctor's gown, which also may be worn open, is trimmed with velvet panels down the front, with three velvet bars on its bell-shaped sleeves. The hood is the key to the costume. With a tassel of the same material as the gown, it is lined in silk with a color or colors of the institution conferring the degree. The length of the hood indicates the degree: four feet for the doctor, three and a half feet for the master, and three feet for the bachelor. The hood is sometimes omitted on the bachelor's gown. The width of the velvet border also indicates a degree. The widest border belongs to the doctor's gown.

The color of the hood's border indicates the field of learning to which the degree pertains. The doctor's hood may bear a single chevron on the lining. Two narrow chevrons indicate a bachelor, while the master may have a single chevron or have the hood divided equally in two colors.

The various fields of learning are indicated by color as follows: arts, letters, humanities—white; commerce and accountancy—drab; economics—copper; education or pedagogy—light blue; engineering—orange; fine arts, including architecture—brown; law—purple; library science—lemon; medicine—green; philosophy—dark blue; and science—golden yellow.

During the processional, candidates for the bachelor's degree wear the tassels of their mortarboard hats on their right. Upon receiving their diplomas, they move the tassels to the left.
