there are dim lights in my room
and it somehow reminds me of my teacher laughing
his smile a bit too wide for his face
and the person who's always looking forward
(look at me)

and all I want is for someone to (look at me) talk to me
and laugh with me because I feel
like there is an abyss and it has to be filled with oceans and oceans
but I forgot how to swim,
and suddenly everyone is continents away.
I'm sorry for barely whispering and hoping for
11:11 wishes to come true, and for waiting until it was too late
