Introduction

Nova Southeastern University, Shepard Broad Law Center cordially invites you to participate in our fall 2000 On-Campus Interview Program. NSU Law is a technologically advanced law center and, in a recent survey by *The National Jurist* magazine, was ranked #1 on the "Most Wired" list in terms of computer technology. NSU Law uses its commanding lead in technology to guarantee every student a full-time clinical semester with exciting externship placements throughout the country and around the world. Additionally, our comprehensive two-year lawyering skills and values program, coupled with our clinical program, ensures that our students and graduates have hands-on legal experience and will make excellent summer associates and first-year attorneys.

About Our Students

Our students are of outstanding caliber. NSU Law's commitment to rigorous legal education is evident by our refusal to follow the national trend of inflated grades. You can feel confident that our median GPA is a testament to the integrity, quality, and challenges of our legal curriculum. Our students are highly skilled and technically equipped to handle the reality of legal practice. The majority of our graduates choose to remain in Florida to practice law. Our alumni practice with private law firms, government agencies, public interest organizations, corporations, and in academia. We have several alumni who are members of the judiciary and prominent elected officials. All are practicing with distinction.
