This Photograph is brought to you for free and open access by the College of Osteopathic Medicine at NSUWorks. It has been accepted for inclusion in be Still by an authorized editor of NSUWorks. For more information, please contact nsuworks@nova.edu.

*This following photograph depicts a group of medical students participating in a team building activity. Their challenge was to stabilize a balance board . Some of the students had their eyes closed and relied on the members of the group to help them. In the middle of the COVID-19 pandemic, this enjoyable activity not only taught us the importance of teamwork but the importance of **balance in one's life**.*
