Physician Assistant Orlando 2017

Nova Southeastern University
NSU MISSION STATEMENT
The mission of Nova Southeastern University, a private, not-for-profit institution, is to offer a diverse array of innovative academic programs that complement on-campus educational opportunities and resources with accessible, distance-learning programs to foster academic excellence, intellectual inquiry, leadership, research, and commitment to community through engagement of students and faculty members in a dynamic, lifelong learning environment.

NOVA SOUTHEASTERN UNIVERSITY—synonymous with dynamic innovation and intellectual challenge—is the second largest, private, nonprofit university in the Southeast and 1 of only 37 universities (out of more than 4,000) that have earned designations for both High Research Activity and Community Engagement from the Carnegie Foundation for the Advancement of Teaching. Situated on a beautiful, 314-acre campus in Fort Lauderdale, Florida, the university is experiencing a sustained period of academic growth, fiscal strength, and commitment to the challenges of the 21st century.

In this environment of expansion and stability, the university is capitalizing on its strengths in such areas as academic innovation, comprehensive clinical training, and flexible educational delivery systems. Founded in 1964 as Nova University, the institution merged with Southeastern University of the Health Sciences in 1994, creating Nova Southeastern University. To date, the institution has more than 170,000 alumni and current enrollment of more than 23,000 students. Fully accredited by the Commission on Colleges of the Southern Association of Colleges and Schools, the university awards associate's,
bachelor's, master's, educational specialist, and doctoral degrees in a wide range of fields including the health professions, law, business, marine sciences, psychology, social sciences, computer and information sciences, and education.

The university's degree programs are administered through academic units that offer courses at the Fort Lauderdale/Davie Campus, at NSU's regional campuses, and at field-based locations throughout Florida; across the nation; and at selected international sites in Europe, Mexico, the Pacific Rim, Central and South America, and the Caribbean.

With a budget of more than $570 million per year, the university will continue to maintain a solid record of academic and fiscal strength and excellence in teaching and community service, while expanding its mission in research and scholarship.

This brochure is for information purposes only and does not represent a contract. Information contained herein is subject to change at any time by administrative decision on the direction of the board of trustees. Updated information can be found on our website (http://healthsciences.nova.edu/pa/orlando/index.html).
OVER THE PAST two decades, NSU's Health Professions Division has evolved into a dynamic and innovative, interprofessional, academic health center that comprises seven colleges (the Colleges of Osteopathic Medicine, Pharmacy, Optometry, Medical Sciences, Dental Medicine, Health Care Sciences, and Nursing) and more than 60 degree and certificate programs.

Our colleges and programs are nationally and internationally recognized due to our esteemed faculty and staff members, who are dedicated to working closely with students, nurturing them along as they progress through the academic experience. When students truly know their professors are there for them on a daily basis, it makes a big difference in their educational experience.

Our educational paradigm is both academically and technologically robust. Because of this, we're able to provide our students with the knowledge and skills they will need to become compassionate and dedicated health care professionals. Our current students are fully aware and appreciative of this fact. And as a new student, you will be as well.

Fred Lippman, R.Ph., Ed.D.
Health Professions Division Chancellor
Health Professions Division

AS A STUDENT in the Health Professions Division (HPD) of Nova Southeastern University, you can anticipate a remarkable experience. You will train, study, interact, and share faculty and resources (either campus-based or online) with students from diverse backgrounds and disciplines. This interprofessional approach distinguishes the Health Professions Division as unique and will better prepare you to master your discipline with a sensitivity and understanding of the entire health care system.

The HPD occupies a $70-million complex, covering 21 acres of the university campus. The division includes eight buildings totaling more than 900,000 square feet of space for classrooms, laboratories, offices, the Health Professions Division Library, an outpatient health center, and a pharmaceutical care center. The adjacent 1,800-vehicle parking garage overlooks the Miami Dolphins Training Camp.

The Health Professions Division, with a student body of more than 5,800, is home to seven colleges:

**College of Osteopathic Medicine**
- Doctor of Osteopathic Medicine (D.O.)
- Master of Public Health (M.P.H.)
- Master of Science in Biomedical Informatics (M.S.B.I.)
- Master of Science in Disaster and Emergency Management (M.S.)
- Master of Science in Medical Education (M.S.)
- Master of Science in Nutrition (M.S.)
- Graduate Certificate in Health Education
- Graduate Certificate in Medical Informatics
- Graduate Certificate in Public Health
- Graduate Certificate in Public Health Informatics
- Graduate Certificate in Social Medicine

**College of Pharmacy**
- Master of Science in Pharmaceutical Affairs (M.S.)
- Doctor of Pharmacy (Pharm.D.)
- Doctor of Philosophy in Pharmaceutical Sciences (Ph.D.)
  - Concentration in Drug Development (Pharmaceutics)
  - Concentration in Molecular Medicine and Pharmacogenomics
  - Concentration in Social and Administrative Pharmacy

**College of Optometry**
- Doctor of Optometry (O.D.)
- Master of Science in Clinical Vision Research (M.S.)
- Graduate Certificate in Clinical Vision Research

**College of Health Care Sciences**
- Bachelor of Science in Athletic Training (B.S.)
- Bachelor of Science—Cardiovascular Sonography (B.S.)
- Bachelor of Science in Exercise and Sport Science (B.S.)
- Bachelor of Health Science (B.H.Sc.)
- Bachelor of Science—Medical Sonography (B.S.)
- Bachelor of Science in Respiratory Therapy (B.S.)
- Bachelor of Science in Speech-Language and Communication Disorders (B.S.)
- Master of Science in Anesthesiology (M.S.)
- Master of Science in Health Care (M.H.Sc.)
- Master of Medical Science in Physician Assistant (M.M.S.)
- Master of Occupational Therapy (M.O.T.)
- Master of Science in Speech-Language Pathology (M.S.)
- Doctor of Audiology (Au.D.)
- Doctor of Health Science (D.H.Sc.)
- Doctor of Philosophy in Health Science (Ph.D.)
- Entry-Level Doctor of Occupational Therapy (O.T.D.)
- Doctor of Occupational Therapy (O.D.T.)
- Doctor of Philosophy in Occupational Therapy (Ph.D.)
- Doctor of Physical Therapy (D.P.T.)
  - Professional Doctor of Physical Therapy (D.P.T.)
  - Professional Doctor of Physical Therapy: Hybrid (D.P.T.)
  - Professional Doctor of Physical Therapy: Transition (D.P.T.)
- Doctor of Philosophy in Physical Therapy (Ph.D.)
- Doctor of Speech-Language Pathology (S.L.P.D.)

**College of Medical Sciences**
- Master of Biomedical Sciences (M.B.S.)
- Convergent Degrees

**College of Dental Medicine**
- Doctor of Dental Medicine (D.M.D.)
- Master of Science in Dental Medicine (M.S.)
- Postgraduate Certificate in Advanced Education in General Dentistry
- Postgraduate Certificate in Endodontics
- Postgraduate Certificate in Operative Dentistry
- Postgraduate Certificate in Oral and Maxillofacial Surgery
- Postgraduate Certificate in Orthodontics
- Postgraduate Certificate in Periodontics
- Postgraduate Certificate in Prosthodontics

**College of Nursing**
- Bachelor of Science in Nursing (B.S.N.)
  - Entry Nursing
  - R.N. to B.S.N.
- Master of Science in Nursing (M.S.N.)—Major of Advanced Practice Registered Nurse
  - Concentration in Family Nurse Practitioner
  - Concentration in Gerontology—Adult Acute Care
  - Concentration in Health Systems Leadership
  - Concentration in Nursing Education
  - Concentration in Nursing Informatics
- Doctor of Nursing Practice (D.N.P.)
- Doctor of Philosophy in Nursing (Ph.D.)
  - Focus on Nursing Education
- Concurrent Degrees

**College of Pharmacy**
- Bachelor of Science in Pharmacy (B.S.Ph.)
- Master of Science in Pharmacy (M.S.Ph.)
- Doctor of Veterinary Medicine (D.V.M.)
- Doctor of Osteopathic Medicine (D.O)/Doctor of Dental Medicine (D.M.D.)
- Doctor of Osteopathic Medicine (D.O)/Doctor of Physical Medicine (D.P.M.)
- Doctor of Osteopathic Medicine (D.O)/Master of Public Health (M.P.H.)
- Doctor of Osteopathic Medicine (D.O)/Master of Science in Biomedical Informatics (M.S.B.I.)
- Doctor of Osteopathic Medicine (D.O)/Master of Science in Disaster and Emergency Management (M.S.)
- Doctor of Osteopathic Medicine (D.O)/Master of Science in Nutrition (M.S.)
- Doctor of Pharmacy (Pharm.D.)/Master of Business Administration (M.B.A.)
- Doctor of Pharmacy (Pharm.D.)/Master of Public Health (M.P.H.)
- Doctor of Pharmacy (Pharm.D.)/Master of Science in Biomedical Informatics (M.S.B.I.)
- Doctor of Optometry (O.D.)/Master of Public Health (M.P.H.)
- Doctor of Audiology (Au.D.)/Master of Business Administration (M.B.A.)
- Master of Medical Science (M.M.S.)/Master of Public Health (M.P.H.)
- Doctor of Dental Medicine (D.M.D.)/Master of Public Health (M.P.H.)

Health Professions Division | 3
NOVA SOUTHEASTERN UNIVERSITY'S College of Health Care Sciences provides the highest quality of education to students in a variety of health care disciplines, including occupational, physical, and respiratory therapy; physician assistant; audiology; medical and cardiovascular sonography; anesthesiologist assistant; speech-language pathology; athletic training; exercise and sport science; and health sciences. We offer entry-level programs to advanced health care studies that allow professionals to continue with their lifelong learning. The cutting-edge curricula offered in our programs will help our students gain future success in their fields.

The college is committed to providing health care educational opportunities in formats that meet the needs of prospective students in the community. These formats include both the standard, face-to-face classroom approach and innovative distance electronics. By combining the most contemporary teaching modalities with state-of-the-art technology, our students are assured of obtaining the most comprehensive education possible.

The College of Health Care Sciences believes in excellence and innovation in teaching, research, service, and learning. This is made possible by having an academically skilled and professionally qualified faculty and staff. We have diverse faculty members. They come from different backgrounds, have different degrees, and possess a wide range of educational experiences. Our faculty members are eager to share their knowledge of and expertise in the health care arena with their students. We also have an open door policy that encourages students to seek answers to their questions, allowing them to develop a solid understanding of the materials that they study.

All of these opportunities make the College of Health Care Sciences truly unique. The health care market is undergoing a rapid change. The pace of this change has provided a formidable challenge for institutions that provide the educational programs for future health care professionals. We are proud of the fact that we are training our students to become skilled and compassionate health care providers who are certain to make valuable contributions to the communities they serve. If you wish to become a graduate who is adequately prepared to assume a leadership role in health care, I encourage you to apply to our programs.

Stanley Wilson, Ed.D., PT, CEAS
Dean, College of Health Care Sciences
Physician Assistants

Extending the Health Care Team

THE PHYSICIAN ASSISTANT PROFESSION was born at Duke University in the mid-1960s and was conceptualized by Eugene A. Stead, Jr., M.D. At that time, there was a lack of primary care providers, especially in certain areas. Stead, along with many other physicians and educators, realized the need for a new medical professional who would work in collaboration with physicians. These professionals were called Physician Assistants (PAs).

Today, according to the National Commission on Certification of Physician Assistants, there are more than 100,000 nationally certified physician assistants. Under the supervision of a physician, PAs practice medicine and provide health care to patients. Some PA duties include taking medical histories, performing physical examinations, ordering and interpreting diagnostic tests, diagnosing and treating illnesses, performing health maintenance screenings, performing medical/surgical procedures, assisting in surgeries, and writing prescriptions.

According to the Bureau of Labor Statistics, U.S. Department of Labor, as published in the Occupational Outlook Handbook, employment of PAs is expected to grow 30 percent from 2014 to 2024. This “much faster than average” growth of the PA profession reflects the increasing need for primary health care providers and PAs resulting from increasing numbers of physicians entering specialty areas of medicine, a growing and aging population, an increase in the number of individuals with access to health insurance, and the cost-effectiveness of physician assistants.
COURSE OF STUDY

THE PHYSICIAN ASSISTANT PROGRAM curriculum is completed following a bachelor's degree from a regionally accredited college or university in the United States. Graduates of foreign institutions should refer to the specific Admissions Requirements and Application Procedures detailed in the respective sections of this brochure. The comprehensive curriculum, completed in a consecutive manner, is oriented to primary care and prepares the student to practice in a wide variety of clinical settings.

Due to the highly integrated and compact curriculum, the department requires matriculants to complete the entire program in the scheduled curriculum at Nova Southeastern University at Orlando.

The first 15 months of study consist of basic sciences and clinically related didactic courses. All courses are required and must be successfully completed before advancing to the clinical year. During this time frame, students may be in class any time from Monday through Friday, 8:00 a.m. to 8:00 p.m. Additionally, there may be occasional weekend hours.

The clinical year is devoted to 12 months of clinical training with required six-week clinical rotations in family medicine, emergency medicine, pediatrics, prenatal care/gynecology, general surgery, behavioral health, and internal medicine; one six-week selective rotation of orthopedics, dermatology, geriatrics, or otorhinolaryngology; and one elective rotation of four weeks that may include other selectives or specialties.

Each required rotation has assigned readings and learning objectives. At the end of each required rotation, a written comprehensive subject examination is administered and must be passed. During rotations, students will be supervised by licensed practitioners and will actively participate in patient assessments, perform common laboratory procedures, participate in surgeries, interpret common diagnostic examinations, and help manage common medical problems. The attendance hours during clinical rotations are set by the preceptor and can include evening and weekend hours. Students are required to attend a minimum of 36 hours per week; however, many rotation sites may require students to work longer hours.

Upon completion of the course of study, students will have earned a Master of Medical Science in Physician Assistant (M.M.S.) degree.

The Department of Physician Assistant is also pleased to offer an M.M.S./M.P.H. concurrent degree program providing an opportunity for students to attain an M.P.H. degree in addition to the entry-level Master of Medical Science in Physician Assistant degree.

The role of the physician assistant requires a high level of expertise and responsibility. The applicant must possess the ability and desire to complete a rigorous academic and clinical program and make a commitment to continued learning.
MISSION STATEMENT

NSU Physician Assistant Program—Orlando

• to provide a high-quality training program designed for, and dedicated to producing, culturally competent physician assistants who will provide quality health care in rural, urban, underserved, and culturally diverse communities

• to provide an exemplary educational experience that emphasizes primary medical care, yet will enable graduates to manifest competency and skill in a variety of clinical environments

• to inspire graduates to pursue lifelong learning

• to foster leadership qualities, which will enable graduates to improve access to quality, affordable health care

• to heighten the stature of the physician assistant profession

PROGRAM GOALS

• Produce competent graduates to provide primary health care.

• Increase accessibility of quality health care in the primary-care setting.

• Develop in students the skills necessary for lifelong learning, as well as leadership roles in, and promotion of, the physician assistant profession.

ACCREDITATIONS

The Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) has granted Accreditation—Continued status to the Nova Southeastern University—Orlando Physician Assistant Program sponsored by Nova Southeastern University—Orlando. Accreditation—Continued is an accreditation status granted when a currently accredited program is in compliance with the ARC-PA Standards.

Accreditation remains in effect until the program closes or withdraws from the accreditation process or until accreditation is withdrawn for failure to comply with the Standards. The approximate date for the next validation review of the program by the ARC-PA will be March 2024. The review date is contingent upon continued compliance with the Accreditation Standards and ARC-PA policy.

Nova Southeastern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate's, baccalaureate, masters, educational specialist, doctorate, and professional degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 478-633-4530 for questions about the accreditation of Nova Southeastern University.

Nondiscrimination

Consistent with all federal and state laws, rules, regulations, and/or local ordinances (e.g., Title VII, Title VI, Title IX, Rehabilitation Act, ADA, and Title III), it is the policy of Nova Southeastern University not to engage in any discrimination or harassment against any individuals because of race, color, religion, or creed; sex; pregnancy status; national or ethnic origin; non-disqualifying disability; age; ancestry; marital status; sexual orientation; unfavorable discharge from the military; veteran status; or political beliefs or affiliations, and to comply with all federal and state nondiscrimination, equal opportunity, and affirmative action laws, orders, and regulations.

This nondiscrimination policy applies to admissions; enrollment; scholarships; loan programs; athletics; employment; and access to participation in, and treatment in all university centers, programs, and activities. NSU admits students of any race, color, religion, creed, sex, pregnancy status, national or ethnic origin, non-disqualifying disability, age, ancestry, marital status, sexual orientation, unfavorable discharge from the military, veteran status, or political beliefs or affiliations, to all the rights, privileges, programs, and activities generally accorded or made available to students at NSU. and does not discriminate in the administration of its educational policies, admission policies, scholarship and loan programs, and athletic and other school-administered programs.

**WEEKS/CONTACT HOURS/CREDIT HOURS (second year)**  **52/2,070**  **55**

*One of the four selectives is required. The other selectives may be used as electives.*
Admissions Requirements

Prospective students are selected by the Committee on Admissions (COA), which considers the overall qualities of the applicant. Areas of consideration include interpersonal skills, personal motivation, knowledge and understanding of the PA profession, academic performance and level of achievement, life experiences, quality and length of prior health care experience, and recommendations/evaluations. Personal interviews are offered to the most qualified applicants to assess interpersonal and communication skills, maturity, altruistic attitude, and commitment to a PA career.

1. Prior to matriculation, applicants must have completed a bachelor's degree from a regionally accredited college or university in the United States. Applicants must have a minimum GPA of 3.0 and a minimum science GPA of 3.0 on a 4.0 grading scale at the time of application and must maintain that GPA through matriculation.

2. The college requires applicants to earn a grade of C (2.0) or better in each of the following **required courses** (science prerequisites must be completed by the end of the fall semester prior to matriculation).

</tbody>
</table>

The required science courses must be specifically for science majors. Introductory and survey courses are not accepted. Applicants are encouraged to complete their elective coursework in the areas of behavioral, physical, and social sciences or the humanities. Upon review of a student's record, the Committee on Admissions may require additional coursework and testing as a condition of acceptance.

*If you take the combination class of Human Anatomy and Physiology I (A&P I), then you must complete the sequence by taking Human Anatomy and Physiology II (A&P II).

3. Graduates of foreign institutions where English is not the primary language of instruction must present transcripts showing at least 18 semester hours (or equivalent quarter hours) of study from a regionally accredited college or university in the United States. **Of these 18 semester hours**

- 3 semester hours must be in English composition (courses do not include ESOL)
- 3 semester hours must be in English literature (courses do not include ESOL)
- 3 semester hours must be in public speaking (courses do not include ESOL)

**The remaining 9 semester hours** can be any missing prerequisites or upper division science courses for science majors of the applicant's choosing (excluding physical education).

4. All applicants are required to submit official scores from the Graduate Record Examination (GRE) general test to the the Centralized Application Service for Physician Assistants (CASPA). **NSU's PA—Orlando Program school code is 0964.** The GRE must have been taken within the past five years and must be taken early enough for official scores to be received.
by CASPA by the supplemental application due date of January 15, 2017. Applications will not be considered complete without GRE scores.

Testing information for the GRE may be obtained from gre.org or by telephoning (609) 921-9000.

Prior health care experience is highly recommended and is considered for admission. Those applicants who have prior health care experience must submit verifiable information about their experience.

5. All students are required to have a laptop computer and printer. The computer must have the following minimum specifications:
   - combo DVD and RW drive
   - sound capability and speakers
   - Internet connection with private Internet service provider (ISP) for universal access to the Internet
   - wireless capability
   - printer
   - webcam (internal or attached)

The following are recommended features:
   - Intel Core i5 or i7 processor
   - 4GB RAM (upgradeable to 6GB or more)
   - 250 GB hard disk or larger (7200 RPM)
   - Windows 7, SP1 or higher OR Mac OS X 10.6 or Mac OS X 10.7
   - Microsoft Office 2007 with PowerPoint, Word, and Excel minimum
   - surge suppressor electrical outlet
   - flash drive

BACKGROUND CHECKS

Admitted students are required to obtain background checks, as per the adopted policy of April 22, 2005. When requested, admitted students will be referred to the appropriate agency by the Centralized Application Service for Physician Assistants (CASPA). Students may also be required by the NSU Health Professions Division (HPD) to obtain background checks—or authorize clinical training facilities, where appropriate, to conduct checks—and to permit the results of the consumer reporting agency to be provided to the NSU HPD and/or the clinical training facilities. If a background check reveals information of concern that the NSU HPD may deem unfavorable, the NSU HPD will provide the accepted applicant or enrolled student with the Summary of Your Rights Under the Fair Credit Reporting Act and a copy of the report and request that the student provide a detailed written explanation of the information contained in the report, along with appropriate documentation (e.g., police reports). This information must be returned to the NSU HPD within 10 business days of the date the communication is sent, unless another date is specified by the NSU HPD in its communication with the student.

Offers of admission will not be considered final until the completion of the background check with results deemed favorable. If information received indicates that the student has provided false or misleading statements, has omitted required information, or in any way is unable to meet the requirements for completion of the program, then admission may be denied or rescinded, the student may be disciplined or dismissed, or the student’s enrollment may be terminated.

Following initial background checks, students will be asked annually to provide certification relating to any convictions, guilty pleas, or no contest pleas to any criminal offense, other than traffic violations.
1. Apply to CASPA. The Physician Assistant Program participates in the Centralized Application Service for Physician Assistants (CASPA) for the receipt and processing of all applications. CASPA takes no part in the selection of students. CASPA application packets may be obtained and submitted

- online at portal.caspaonline.org/applicants16/index.cgi
- by writing: CASPA
  P.O. Box 9108
  Watertown, Massachusetts 02471
- by calling CASPA at (617) 612-2080

Questions regarding completion of the online application may be directed to CASPA’s email address at apply@caspaonline.org or by calling them. The CASPA application deadline, in order to be considered for admission in May, is December 1, 2016.

- CASPA considers all academic coursework at the college level when calculating the applicant’s science and cumulative GPA. This is a process known as no grade forgiveness. The Nova Southeastern University PA Program—Orlando has a no grade forgiveness policy as well; therefore, the program will not recalculate GPAs received from CASPA.

- It is the applicant’s responsibility to know what his or her science and cumulative GPAs are. If you have questions regarding your GPA, you should see your academic advisor at your local college or university.

- Applications submitted with GPAs that are below the minimum required GPA of 3.0 posted by the program will not be given consideration.

2. Send supporting documents to CASPA.

a. All official college transcripts from all undergraduate, graduate, and professional institutions attended must be sent to CASPA directly from the institutions.

Coursework taken at foreign institutions must be evaluated for U.S. institution equivalence by an approved National Association of Credential Evaluation Services (NACES) organization, such as one of the services listed here.

- World Education Services, Inc.
  Bowling Green Station
  P.O. Box 5087
  New York, New York 10274-5087
  (212) 966-6311
  wes.org

- Josef Silny & Associates
  7101 SW 102 Avenue
  Miami, Florida 33173
  (305) 273-1616 • (305) 273-1338 fax

- Educational Credential Evaluators
  P.O. Box 514070
  Milwaukee, Wisconsin 53203-3470
  (414) 289-3400 • ece.org

It is the applicant’s responsibility to have this coursework evaluated. An official course-by-course evaluation with a cumulative grade point average must be sent directly from the evaluation service to NSU’s Enrollment Processing Services.

b. Three letters of recommendation/evaluation:

One letter of recommendation/evaluation must be sent from an individual (other than a relative or friend) such as an academic advisor, professor, coworker, or supervisor.

Two letters of recommendation/evaluation must be from health care professionals (neither of which can be from a relative or friend), one of which must be from a practicing physician assistant. Applications submitted without these letters will not be considered.

3. Official Graduate Record Exam (GRE) scores must be submitted directly to CASPA.

Your GRE test scores must be less than five years old and must be taken early enough for official scores to be received by the supplemental application deadline of January 15, 2017.

The school code number for NSU’s PA—Orlando Program is 0964.
The CASPA application may be submitted as early as April 22.

4. Once the CASPA application has been received by Nova Southeastern University, a supplemental application will be available online. You must submit a nonrefundable, $50 application fee with your application.

5. Send completed supplemental application to
Nova Southeastern University
Enrollment Processing Services
College of Health Care Science
Physical Assistant Admissions
3301 College Avenue, P.O. Box 299000
Fort Lauderdale, Florida 33329-9905

Your complete supplemental application must be received no later than January 15, in order to be considered for admission for the May entering class. Once we receive the GRE scores and the $50 fee, your file will be reviewed by the admissions counselor.

The applicant will not be considered for a possible interview until the application from CASPA; the supplemental application (signed and dated); the $50, nonrefundable application fee; and the Graduate Record Exam (GRE) test scores are received by the Nova Southeastern University Physician Assistant Office of Admissions.

PERSONAL INTERVIEWS
Once your application is complete, the Committee on Admissions will decide whether or not your application is strong enough to warrant an invitation for a personal interview. Interviews are conducted at the Nova Southeastern University Orlando, Florida site and are by invitation only. Interviews will be held during the months of September 2016 through February 2017. An invitation to interview is not a guarantee of admission.

APPLICATION WITHDRAWAL
If, at any time, you wish to withdraw your application from consideration, please do so in writing. Please direct this correspondence to
Nova Southeastern University
Physician Assistant Program
4850 Millenia Boulevard
Orlando, Florida 32839-6012

CURRENT COLLEGE COURSEWORK
All prerequisite coursework must be completed by the middle of May in order to be considered for the May entering class. If, at the time of application, coursework is in progress or anticipated, please identify these courses on the supplemental application.

TRANSCRIPTS
All applicants who are accepted must submit official transcripts of all completed coursework to the NSU EPS Physician Assistant Admissions prior to matriculation. It is the responsibility of the applicant to ensure that arrangements are made for these transcripts to be sent to
Nova Southeastern University
Enrollment Processing Services
College of Health Care Sciences
Physician Assistant Admissions
3301 College Avenue, P.O. Box 299000
Fort Lauderdale, Florida 33329-9905

Students are provisionally admitted to a degree-seeking program based on a review of unofficial transcripts or other specific program admission requirements. However, this admission includes a condition that final and official transcripts, documents, and requirements must be received within 90 calendar days from matriculation. If these final and official transcripts, documents, and/or requirements are not received by that time, the student will not be allowed to continue class attendance. Financial aid will not be disbursed to a provisional/conditional student until he or she has been fully admitted as a regular student (all admissions requirements have been approved by the college/program admissions office). Students who have an unpaid balance 30 days from the start of the term will be assessed a $100 late fee.

TUITION AND FEES

Tuition for 2017–2018 will be posted on our website (http://healthsciences.nova.edu/pa/orlando/faq.html).

A Health Professions Division general access fee of $145 is required each year. An NSU student services fee of $1,050 is also required annually. A clinical support charge of $400 will be assessed in each of the three semesters of clinical training. All tuition and fees are subject to change by the board of trustees without notice.

1. Acceptance Fee—$500. This fee is required to reserve the accepted applicant's place in the entering first-year class, but is not refundable in the event of a withdrawal. It is payable within two weeks of an applicant's acceptance.

2. Deposit—$500. This is due February 15 under the same terms as the Acceptance Fee.

The first semester's tuition and fees, less the $1,000 previously paid, are due on or before registration day. Tuition for each subsequent semester is due on or before the appropriate registration day. Students will not be admitted until their financial obligations have been met. The financial ability of applicants to complete their training at the college is important because of the limited number of positions available in each class. Applicants should have specific plans for financing 27 months of professional education. This should include tuition, living expenses, books, equipment, and miscellaneous expenses.

Each student is required to carry adequate personal medical and hospital insurance. Students may avail themselves of the hospitalization insurance plan obtainable through the university.

EXPENSES AND FINANCIAL AID

Students should anticipate spending approximately $19,000 per year for living expenses. In addition, students should anticipate spending approximately $6,000 for books and equipment during the 27-month program.

The primary financial responsibility for a student's education rests with the student and his or her family. Economic circumstances for some families may make it necessary for the student to obtain assistance from other sources.

The purpose of the Student Financial Assistance Program at NSU is to help as many qualified students as possible to complete their health professions education. Various loans, scholarships, and grants are available to qualified students to help ease the high cost of a health professions education. These financial assistance programs are described in a variety of separate university publications.

For information on financial assistance, contact

Office of Student Financial Assistance
Nova Southeastern University
3301 College Avenue
Fort Lauderdale, Florida 33314-7796

(954) 262-3380 • 800-806-3680

Due to the demands of the program curriculum, the program strongly discourages any outside employment.
APPLICANTS FOR, and students enrolled in, physician assistant programs must have abilities and skills in the areas of observation, communication, motor, intellectual/critical thinking, interpersonal, and behavioral/social attributes. Reasonable accommodation for individuals with documented disabilities will be considered on an individual basis. Students wishing to request accommodations for disabilities should review the information at nova.edu/disabilityservices/ and contact the Health Professions Division (HPD) coordinator.

OBSERVATION
Applicants and students must have sufficient capacity to observe in the classroom, laboratory, and diagnostic and treatment areas of inpatient and outpatient settings. Sensory skills to perform the procedures typically provided by physician assistants in both primary care and medical specialties are required. In any case where a candidate's or student's ability to observe or acquire information through sensory modalities is compromised, the candidate or student must demonstrate alternative means and/or abilities to acquire and demonstrate the essential information conveyed in this fashion.

COMMUNICATION
Applicants and students must be able to communicate effectively in both academic and health care settings. Applicants and students must show evidence of effective written and oral communication skills. Applicants and students must be able to effectively communicate with patients in order to elicit and impart information.

MOTOR
The ability to participate in basic diagnostic and therapeutic maneuvers and procedures is required. Applicants and students must have sufficient motor function to execute movements reasonably required to properly care for all patients. Applicants and students must be able to perform motor functions with or without assistive devices.

INTELLECTUAL
Applicants and students must be able to measure, calculate, reason, analyze, and synthesize. Problem solving, one of the critical skills demanded of health care professionals, requires all of these intellectual abilities. Applicants and students must be able to read and understand medical literature. In order to complete the physician assistant program, students must be able to demonstrate mastery of these skills and the ability to use them together in a timely fashion in health care problem-solving and patient care.

INTERPERSONAL, BEHAVIORAL, AND SOCIAL
Applicants and students in physician assistant programs must possess the emotional health and stability required for full utilization of their intellectual abilities, the exercise of good judgment, and the prompt completion of all patient-care responsibilities. The development of mature, sensitive, and effective relationships with patients, families, and other members of the health care team is essential. The abilities to function in the face of uncertainties in clinical practice and display flexibility, compassion, integrity, motivation, interpersonal skills, and concern for others are all required.
