Lost

Brandon Arkin

Lost in the search
Searching for understanding
Why search?
> To know
But what comes of knowing?
Unhappiness, fear, power, truth
> Unhappiness?
Understanding brings responsibility
> Fear
The truth is frightening
> Power?
Knowledge is power
> Truth?
Truth comes in the end.
  Like the cosmic circle
The search never ends, never begins,
The search just changes,
> The more you understand,
The more you search.
Lost in the search,
> Always searching…
