Boundless Knowledge

Author Bio

Daniella Hernandez is an undergraduate student in her sophomore year. She has focused her studies on behavioral neuroscience with a minor in nutrition and in honors transdisciplinary studies. Although she has done research in the psychology and neuroscience, she is thoroughly interested in writing and literature studies. Daniella believes that interdisciplinary studies will increase her knowledge base and prepare her for her future career as an osteopathic physician.

BOUNDLESS KNOWLEDGE

DANIELLA HERNANDEZ

Knowledge

Knowledge

What defines knowledge?

Limiting human connection

Science - Monolithic science

There are so many truths

Gods

Impacting big and small

The established truth

Bodies impart knowledge

Authority

Nature speaks understanding

Objectivity

Experiences cry to be heard

Removing you and me from
the picture

Our subjective truths

Diminishing what we know

Expanded by others to fill us

Limiting who we are

Recognize self in others

Who are we?

Forget defining

What is self?

Embrace fractured identities

What knowledge defines self?

Stray from the whole

Don't let yourself be bound to
definitions

Represent who you truly are

Established knowledges

Pollution

With a limited view of
knowledge

Chaos

We Other

Monsters

Glorifying ourselves

Disrupting forces

Enclosing

Choose to reject, choose
to accept

Restricting

This is a knowledge

Limiting

What is yours?
