## **FROM THE EDITOR**

We apologize for omitting the Book Review by Dr. Peter Seiler in the January/April Issue. It seems that the Review, which was the last page of the manuscript, was misplaced as it was assembled for the printer. As a result we are including it in this issue. We are sorry for this oversight.

As an added note, I want to encourage JADARA readers to submit manuscripts for consideration. The quality of JADARA is dependent upon the submission of articles by professionals in the field of deafness. The greater the number and breadth of articles the better chance the editorial staff has of meeting the needs of our readers. So, if you have a paper you wish to have considered please sent it to me at the address on the Editorial Policy page. We promise a quick review of your manuscript.
