## INFORMATION YOU MIGHT USE

As we guide young people toward a career, part of the information we provide them must relate to areas of opportunity in the labor market. One piece of information which can be helpful is information about the growth in available jobs. The table below lists occupations that are projected to have the largest absolute growth in numbers of new jobs during the decade of the 90's. This is one measure of future job opportunities.

### OCCUPATIONS WITH THE LARGEST NUMBER OF NEW JOBS, 1988-2000.
