A Novel Is Like Life

By Jenny Stein

A novel expresses a story from start to finish
One bookshelf contains many books all with different stories.

Once a book is opened,
The journey begins.

As it continues, the characters, setting and plot are explained.

More details are expressed as you read on.
The only way to know what will happen next,
Is to read on.

The pages pass and conflicts arise,
But these hardships are then resolved.
Eventually the story must come to an end.
