The City

By Kate Jacobsen

Ants marching to and from the mound.
Some going out, some coming in.
Some working, some stopping.
Every ant is doing something.
They pass by many other ants on their way.
The ground is hard and the
world is filled with giant places.
The lights shine in from all around,
guiding each ant down their path.
All ants know what they're doing,
Where they're going,
Where they want to be.
