Man's Best Friend

Alexa Grand

A furball of a puppy can grow up to be large
And be responsible of actions that truly astound

Although some dogs are sent to obedience
school
They are expelled and still constantly misbehave

The tranquilizer during storms aren't always
effective
Some dogs will still destroy the house and go
berserk

Eating gold jewelry isn't usually a great idea
When your master's favorite necklace becomes
a snack

Bad dogs, too, can qualify to be in a feature-
length movie
Evan after things don't run smoothly, they will
be wanted back

Big dogs can go through drywall, including
screen doors
No matter what they do, they will be adored and
loved

Shutting down a public beach shouldn't be
considered wrong
Sweet and innocent dogs don't belong at the
pound

Even goofy dogs know when it is time to be
brave
When someone is hurt, it is important to act
fearless

Life with the world's worst dog can teach you a
lesson
Because in just one session, dogs can show you
what matters in life
