

NSUWorks

Logging In

Transcript

This tutorial will show you how to log in to your NSUWorks account. If you have not created an account with NSUWorks or you do not know your username or password, please watch the tutorials titled “Create New Account” before watching this video.

Start by opening up the browser of your choice and navigating to <http://nsuworks.nova.edu>

From here, you will see in the upper right hand corner, “My Account.” Click on it.

You will have two choices: The first, on the right side of the screen is Create New Account. If you are completely new to NSUWorks and have never logged in or had any work submitted to the system on your behalf, please go to the “create new account - no publications in NSUWorks” tutorial to find out how to create a new account. Otherwise, we will be using the choice on the left, Login.

Your username is your email address associated with your publications and your password is one that you would have created. Enter these in and click Login. You will be taken to your author dashboard that will allow you to review your already submitted publications, submit new publications and critique documents you’ve been asked to review.

If you have questions about any of the content in this tutorial or any of the tutorials for NSUWorks or Selected Works, please contact nsuworks@nova.edu.
