

Selected Works Signing In

Transcript

This tutorial will show you how to log in to your Selected Works profile. If you have not created an account with NSUWorks or you do not know your username or password, please watch the tutorial titled "Create New Account" before watching this video.

Start by opening up the browser of your choice and navigating to <https://works.bepress.com>

From here, you will see in the upper right hand corner, "Menu." Click on it and choose Log In.

Your username is your email address associated with your publications and your password is one that you would have already created. Enter these in and click Login.

You will be taken to your author profile that will allow you to review your already submitted publications, import new publications from NSUWorks, and edit your summary to reflect new changes in your research.

If you have questions about any of the content in this tutorial or any of the tutorials for NSUWorks or Selected Works, please contact nsuworks@nova.edu.
