In 1964, a progressive group of men and women united to establish an academic institution that would break new ground in educational excellence and community service. Today, Nova Southeastern University enters its 39th year of existence from a position of strength as the largest independent institution of higher education in the Southeast, with over 74,000 alumni and more than 21,000 students enrolled.

Since I began my tenure nearly six years ago as president of Nova Southeastern University, I have remained steadfast in my goal—to continue to develop and refine quality education programs and prepare students for leadership positions and the emerging challenges in the 21st century.

Few people making history are aware of their role while they are making it, and I don’t want us to miss this opportunity. We are making history. We are receiving national attention for our academic excellence and innovative uses of technology to meet student needs.

This is an especially exciting time for our university, as many of the dreams and projects we have envisioned are coming into reality. For one, our incredible new Library, Research, and Information Technology Center, a $43 million, state-of-the art facility—Florida's largest library—is now open. There is no doubt in my mind that this library is the most important project that our university has ever undertaken. With its high-tech capabilities and its versatility as an educational, research-oriented, and cultural hub, this new library will bring NSU to a whole new level of excellence.

Last year we also realized another dream as we broke ground for the Jim and Jan Moran Family Center Village. Our Family Center, which has been renamed the Mailman Segal Institute for Early Childhood Studies, has long been recognized as a role model for early education programs across the country. In its new home, the Mailman Segal Institute will be poised to continue its leadership and will impact the children and families throughout South Florida like never before.

Construction on the Carl DeSantis Building, which will house the H. Wayne Huizenga School of Business and Entrepreneurship on our main campus, is underway and will give business students and faculty members increased technology, resources, and space. In addition, the slated University Center will enhance the sports, recreational, and cultural activities for the students at Nova Southeastern University.

All of these projects will greatly expand the resources available to our students, faculty and staff members, and administration. They will also strengthen our bonds with the people, businesses, and organizations throughout the community we serve. As an institution of higher learning, NSU strives to be a valuable part of the communities it serves. In addition to career-specific technical knowledge and skills, we work to instill the qualities of compassion, dedication to service, and commitment to community in all of our students.

At the same time, we are successfully educating and preparing our students for the dynamic, technology-intensive arena and the intensely competitive workplace of the future. As the university continues to make technological upgrades, it works closely with its colleges, centers, and schools in an effort to nurture and sustain research, and enable them to make technological advances of their own. All of this is accomplished within a multidisciplinary academic environment that promotes mutual respect and meaningful interaction across the disciplines.

Our synergistic, multidisciplinary learning environment depends on the continued commitment of each of us, and allows us to continue to provide the highest quality and most comprehensive education to dedicated men and women, wherever they are located.

Everyone associated with this university can take pride in the excellence we have achieved thus far, and look forward to a very exciting future. While we have done so much so quickly, we are still young and growing. We will continue to seek to implement ways to better ourselves every day. And we will aim to surpass even our own high standards of excellence in academics, research, technology, and community service. Remember, excellence is our standard.
It is truly my pleasure to welcome you to the Farquhar College of Arts and Sciences at Nova Southeastern University. Through an outstanding faculty, solid curricula, and the application of emerging technologies, our students have unrestricted access to high-quality educational programs and learning opportunities. The traditional boundaries of time and place are no longer barriers as our resources expand to include exciting new possibilities.

The Library, Research, and Information Technology Center on NSU’s main campus houses 20 electronic classrooms within 325,000 square feet of space offering a choice of 700 desktop computers, 24 wireless computers, and 24 laptops. Learning and sharing information with fellow students all over the world has never been easier. On campus in Fort Lauderdale, about one-fourth of the more than 4,000 undergraduates we serve attend a traditional day program. Many students find the advantages of dual admission programs with the graduate schools of law, education, social and behavioral sciences, and medicine well suited to their needs. Still others complete their undergraduate degrees with us at sites throughout Florida, in other states, and in locations in the Caribbean. Recently we introduced undergraduate online courses and programs that provide additional learning opportunities.

Whether your goal is a professional career, job enhancement, or lifelong learning, you will discover a variety of options and an exceptional educational experience at the Farquhar College of Arts and Sciences. I am confident you will find it an exciting place to be as you pursue your academic goals. On behalf of our faculty and staff, I wish you every success in your professional and personal future.

Sincerely,

Norma M. Goonen
Dean

MISSION STATEMENT
Nova Southeastern University is a dynamic, not-for-profit independent institution dedicated to providing high-quality educational programs of distinction from preschool through the professional and doctoral levels, as well as service to the community. Nova Southeastern University prepares students for lifelong learning and leadership roles in business and the professions. It offers academic programs at times convenient to students, employing innovative delivery systems and rich learning resources on campus and at distant sites. The university fosters inquiry, research, and creative professional activity by uniting faculty members and students in acquiring and applying knowledge in clinical, community, and professional settings.

OVERVIEW
Nova Southeastern University provides a high-quality education leading to the bachelor of science or bachelor of arts degree. Undergraduate studies at NSU are designed to produce students who think clearly, communicate effectively, understand new technology and ideas, and analyze and solve problems. Knowledge and skills are acquired in the areas of social and behavioral sciences, communication, humanities and arts, economics, science, mathematics, and technology. Moreover, students will specialize in a preferred area of concentration, preparing them to enter or advance in careers or continue with graduate studies. The members of the faculty and administration are sensitive and responsive to the needs of the individual. They are available to students throughout the day. Faculty members are chosen because of their commitment to teaching and learning. They challenge students to excel in their studies and maintain openness to new information. Students receive thoughtful academic and personal guidance by professional advisers. Classes are small and interactive. At NSU, students have the advantage of studying at a major university with nationally recognized graduate programs and research. Eligible undergraduates who complete their bachelor's degree will have the opportunity to move directly into NSU’s graduate degree programs, which include an array of master's, educational specialist, and doctoral programs. Graduates will enter their chosen career or graduate program highly qualified; they will have acquired the skills, knowledge, and understanding necessary to excel in a rapidly changing international, multicultural, and technological society.

ACCREDITATION STATEMENT
Nova Southeastern University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097, Telephone number: 404-679-4501) to award associate’s, bachelor’s, master’s, educational specialist, and doctoral degrees.

MEMBERSHIP
Nova Southeastern University is a member of the Florida Association of Colleges and Universities, the Independent Colleges and Universities of Florida, the American Council on Education, the College Entrance Examination Board, the Council for Adult and Experiential Learning, the Southeast Florida Educational Consortium, the American Association of Colleges for Teacher Education, and the Association of American Colleges. Programs in undergraduate education are approved by the Florida Department of Education.

NOTICE OF NONDISCRIMINATION
Consistent with all federal and state laws, rules, regulations, and/or local ordinances (e.g. Title VII, Title VI, Title III, Rehab Act, ADA, Title IX), it is the policy of Nova Southeastern University not to engage in discrimination or harassment against any persons because of race, color, religion or creed, sex, pregnancy, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, unfavorable discharge from the military, status as a disabled veteran, or political beliefs and to comply with all federal and state nondiscrimination, equal opportunity and affirmative action laws, orders, and regulations.

This nondiscrimination policy applies to admissions, enrollment scholarships and loan programs, athletics, employment, and access to and treatment in all university centers, programs, and activities. NSU admits students of any race, color, religion or creed, sex, pregnancy, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, unfavorable discharge from the military, status as a disabled veteran, or political beliefs and activities generally accorded or made available to students at NSU and does not discriminate in the administration of its educational policies, admission policies, scholarship and loan programs, and athletic and other school administered programs.
The administrative offices of the Farquhar College of Arts and Sciences are located on the main campus in Fort Lauderdale in the Mailman-Hollywood Building, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796. The telephone number for the main campus is (954) 262-7300 or 800-338-4723.

**MISSION STATEMENT**

The Farquhar College of Arts and Sciences at Nova Southeastern University provides foundational study in core and emerging disciplines and technologies to prepare students for graduate and professional study, career development, and responsible citizenship.

**PROFESSIONAL AND LIBERAL STUDIES PROGRAM**

The Professional and Liberal Studies Program provides recent high-school graduates with a high-quality education leading to either the bachelor of science or the bachelor of arts degree. Students enroll in a general education program that emphasizes effective writing, communication, and critical analysis, with a required distribution of courses in the areas of the humanities (including literature, the arts, history, foreign language, and ethics); mathematics; natural and physical sciences; and social and behavioral sciences. The general education program is intended to help students think clearly, communicate effectively, solve problems effectively, and appreciate the connections that bind us as individuals into a community and that enhance the quality of life. Equally important, students study and work in major fields that prepare them to enter careers or to continue with graduate studies. Students have the additional opportunity for instruction and guidance from faculty members in graduate centers of NSU in the areas of education, social and behavioral sciences, law, marine biology, science, and computer science. This unique programming is made possible through individualized attention by a professional advising staff committed to academic achievement.

**CAREER DEVELOPMENT PROGRAM**

The Career Development Program is designed for working and professional adults. Courses are offered in the evenings and on weekends on campus and at institutional, industrial, and other off-campus locations convenient to students. Although course content meets traditional educational requirements, courses are scheduled to meet the needs of employed students and are taught by university professors, as well as knowledgeable professionals in the community. Most of the students currently enrolled in the Career Development Program are employed and have families. They bring with them a mature, stable, and determined interest in enhancing themselves through acquiring new knowledge and skills. They have considerable practical experience and a desire to play an active role in their education. A diverse population of individuals, Career Development Program students establish support networks and help each other succeed, despite conflicting time demands and outside responsibilities. Collectively, their rich backgrounds bring an added source of knowledge and excitement to the educational environment.

**ONLINE PROGRAMS**

Online delivery adds flexibility for students enrolled in the Career Development Program by providing complete courses on the Internet. The online format is designed to meet the needs of today’s high-tech and ever-mobile society. NSU allows students to earn a bachelor’s degree, complete a minor, or receive a certification irrespective of where they are in the world. Classes use asynchronous delivery, which means coursework can be completed at any time, anywhere. There are no required meetings; however, each course is conducted with weekly assignments and due dates. This convenient format does require a level of commitment and time management. In the online environment, students must be self-disciplined and motivated to succeed. For additional information, visit our Web site at undergrad.nova.edu/online.

**INSTITUTE FOR LEARNING IN RETIREMENT**

The Institute for Learning in Retirement (ILR) was founded to meet the lifelong learning needs of the growing retirement community in South Florida. The ILR offers lecture courses, workshops, discussion groups, and field trips. The programs take advantage of the renowned NSU faculty, exciting peer leaders, and prominent visiting experts in such fields as humanities, sciences, health, and government.

The ILR focuses on creating learning opportunities in a welcoming social environment, fostering intellectual challenge and stimulation balanced by entertainment and companionship. The ever-evolving, year-round program features member self-governance for the creation of a broad curriculum of in-class and field events.

For further information on the ILR programs, event schedules, and learning opportunities, please call (954) 262-8471 or (954) 262-8472 or contact us via email at ilr@nova.edu.

FLAT-RATE TUITION:
PROFESSIONAL AND LIBERAL STUDIES PROGRAM
All students in the Professional and Liberal Studies Program enrolling in 12–18 hours per semester will pay the flat-rate tuition in the winter and fall semesters. Summer enrollment is charged per credit, regardless of the number of credits for which a student is enrolled. Students will not be charged additional tuition for adding classes as long as they do not go above the 18-hour limit. Drops do not count in this total. Students dropping below 12 credits during the first two weeks of the semester will be considered part-time students and will have their tuition recalculated on a per-credit basis. These students will also be considered part-time students for the purposes of financial aid/scholarship awards.

Full-time students who process drops or withdrawals after the first two weeks of the semester will not receive any refunds, even for classes that begin during the second half of the semester. Part-time students (1–11 credits) will be charged on a per-credit basis. Students who initially register for 1–11 credits, then add credits that increase their course load to 12–18 credits, will be charged the full flat-rate tuition.

REGISTRATION—WITH YOUR ADVISER OR ON THE INTERNET
Each semester at NSU has a designated registration period listed in the schedule of classes. Students should meet with their academic advisers once the schedule of classes becomes available in order to review their choice of classes. Students’ academic advisers/AM’s are located in the academic departments that supervise the students’ academic majors. Students may be eligible to register via the Web at webstar.nova.edu. A valid NSU Personal Identification Number (PIN) is required to participate in Web registration. Directions can be found at undergrad.nova.edu/webregistration.cfm. To receive a PIN, contact NSU at (954) 262-4850; 800-541-6682, ext. 4850; or via email at pinhelp@nova.edu. Prior to registering via the Web, students are encouraged to meet with their advisers to discuss the classes they want to take.

Students who are ineligible for Web registration (athletes, new students, Nova Southeastern University employees, and students on academic probation) and all other students who choose not to use Web registration must register for classes by meeting with their academic advisers. These students must provide appropriate written documentation indicating their choices of courses.

PAYMENT POLICY
NSU requires that tuition for all courses be paid in full within the first 30 days of the term by one of the approved payment options. Approved payment options include check (payable to Nova Southeastern University), money order, credit cards (MasterCard, VISA, American Express, or Discover), third-party direct billing plans, and authorized financial aid.

Students who wish to pay by credit card may download the credit card payment form at www.nova.edu/cwis/bursar/forms/ccauthform.pdf. Students who do not meet their financial obligations to the university will have an appropriate hold placed on their record. A late fee of $50 will be charged if a student has a balance remaining after 30 days. All questions about student billing and accounts should be directed to the Student Accounts Office (ext. 5200).

Employer Tuition Reimbursement Programs
Students eligible for employer-sponsored tuition reimbursement benefits may defer tuition payment until five weeks after the end of each course; however, at the time of registration, students must submit postdated checks or credit card...
authorizations (for processing five weeks after the end of the course) and furnish a statement of eligibility from the employer. There is a $50 per-semester fee for this option; this fee and other charges (excluding tuition) must be paid at the time of registration.

Three-Month Installment Plan
Students may elect to pay their tuition in three installments. Fifty percent of tuition, plus all fees (including a $50 fee for this option), is due at the time of registration; 25 percent is due 60 days after registration; and the remaining 25 percent is due 90 days after registration. Postdated checks or credit card authorizations for the two later payments must be provided at the time of registration.

Full-time students who are receiving financial aid may also elect the three-month installment plan to pay any remaining tuition balance due to the university.

TUITION PAYMENT OPTIONS
Through our partnership with Key Education Resources—specialists in education planning and financing—we are pleased to offer students the following options for meeting college costs:

The Key Education Resource Payment Plan allows students to pay annual expenses in 10 interest-free installments with no finance charges. The only cost is a nonrefundable $55 application fee.

The Achiever Loan offers credit-worthy families attractive, low-cost repayment terms, including 15 years to repay, low-interest rates, and the choice of three flexible financing options—the Multiple-Year Option, the Annual Option, or the Interest-Only Option. With the Achiever Loan’s new quick and easy application, borrowers can apply by mail, fax, or phone at no cost for conditional approval in as few as 24 hours.

For details of the Resource Payment Plan or the Achiever Loan, or for help deciding which option best meets a student’s particular needs, contact Key Education Resources at 800-KEY-2YOU, or www.key.com/educate.

DROP/ADD PERIOD
The drop/add period is the first week of each semester. A student may drop one course and add another course in its place during the first week of the semester without financial penalty. To add a course after the first class meeting, written permission must be obtained from the instructor and/or academic director.

Student athletes are required to carry at least 15 credit hours per semester to remain eligible. Please consult the Student Athlete Handbook, available from the Department of Athletics, for further information.

REFUND POLICY
Drop Period with a Refund
In order for a refund to be considered, notification of withdrawal must be received by the academic adviser/APM in writing and according to the procedures outlined in this section.

Refunds are based on the postmark date showing receipt of written notification. Portions of tuition may be refundable; general fees are not refundable. To withdraw from a course after the drop period, refer to the “Withdrawal Policy” located in the Academic Requirements section of this catalog.

Students requesting a refund of tuition must complete and process a student transaction form, which is available from academic advisers/APMs. All students, including those who paid with postdated checks (see “Payment Policy” on previous page), must follow this procedure.

Full-time Students Refund Policy
Full-time students who are charged flat-rate tuition are not eligible for partial refunds, regardless of attendance, if the total attempted credits remain between 12 and 18.

Part-time Students Refund Policy
Part-time students are defined as those enrolled in fewer than 12 credits. Tuition is charged on a per-credit basis.
• Prior to start of class = 100 percent refund
• During first week of class = 75 percent refund
• During second week of class = 50 percent refund
• After the second week of class = NO REFUND

The $200 deposit paid is refundable if requested by May 1 for fall enrollment, September 1 for winter enrollment, or January 1 for summer enrollment. All other fees are nonrefundable.

Career Development Program Students Refund Policy
All monies will be refunded if the applicant cancels the enrollment agreement within three business days after signing. All
monies will be refunded, except for the application fee, if the applicant is rejected as a student. The following refund schedule applies regardless of attendance.

**Refunds**
- Prior to first class meeting = 100 percent refund
- Prior to second class meeting = 75 percent refund
- Prior to third class meeting = 50 percent refund
- After the third week of class = NO REFUND

**Refund Policy for Online Courses**
Regardless of attendance:
- Prior to start of class = 100 percent refund
- During first week of class = 75 percent refund
- During second week of class = 50 percent refund
- After the second week of class = NO REFUND

**Exceptions to the Refund Policy**
Refunds or credits to student accounts may be considered after the drop period if proof of exceptional circumstances exists. Requests for refunds must be made during the semester the course or courses were taken.

It is the responsibility of students to fill out a student action form and to provide their academic advisers/APMs with the necessary documentation. The adviser will forward the request to the appropriate division director for consideration.

Students should contact their academic advisers/APMs with questions regarding possible exceptional circumstances.

**To withdraw from a course after the refund period, refer to the “Withdrawal Policy” located in the Academic Requirements section of this catalog.**

Please note: Students who are expelled from NSU will not receive a refund of tuition and fees.

**COURSE CANCELLATION POLICY**
The Farquhar College of Arts and Sciences reserves the right to cancel class sections when registered enrollments are low. The university will refund 100 percent of tuition for courses that are canceled.

**HEALTH INSURANCE**
Proof of health insurance is required for all students living on campus, all students in the Professional and Liberal Studies (day) Program, and all international students holding a J1 or J2 visa. Insurance is available for students who do not hold valid policies. For further information, call the director of recreation and wellness at 800-541-6682, ext. 7304, or refer to this Web site: www.rec.nova.edu/insure_req.html.
The Office of Student Financial Services and Registration is composed of the Office of Student Financial Assistance, the Bursar’s Office, the Office of the University Registrar, and the One-Stop Shop. All students (including students not located on the main campus) can obtain assistance with financial aid, student accounts, registration, and records. The One-Stop Shop is located on the first floor of the Horvitz Administration Building at the Davie Campus. For additional information, call 800-806-3680.

The Office of Student Financial Assistance administers the university’s financial aid programs, which include grants, loans, scholarships, and student employment. In addition, professional financial aid counselors can help students plan the most efficient use of financial resources for their education.

To the extent that financial aid funds are available, it is the purpose of the Office of Student Financial Assistance to provide qualified students with financial aid in the form of loans, grants, and employment. In order to make the best use of funds, awards normally consist of a “package” of two or more of these types of aid.

Underlying the awarding of financial assistance is the philosophy that students have a responsibility for contributing, from earnings and savings, toward their own costs. Financial aid resources serve to supplement students’ resources.

GENERAL ELIGIBILITY REQUIREMENTS

Students applying for most financial aid programs must meet the following eligibility criteria:

- be a U.S. citizen, national resident, or permanent resident
- be fully admitted (i.e., all admissions requirements/documents have been satisfied) into an eligible degree-seeking or certificate program as a degree-seeking student at NSU
- have a valid Social Security number
- have a high-school diploma or GED
- make satisfactory academic progress toward a degree
- establish financial need
- register for Selective Service, if required
- sign a statement on the FAFSA certifying they will use federal student aid only for educational purposes
- not be in default on a federal student loan or owe a repayment on a federal student grant
- not be convicted of an illegal drug offense

APPLYING FOR FINANCIAL AID

Students interested in financial aid must complete the Free Application for Federal Student Aid (FAFSA) and submit it to the Office of Student Financial Assistance in order to receive state aid such as the Florida Resident Access Grant (FRAG) and the Florida Student Assistance Grant (FSAG). The NSU State Aid Application may be accessed on the NSU financial aid Web site at www.nova.edu/cwis/finaid. Prospective students who require financial aid in order to attend the university should apply for financial assistance early. Students do not have to be admitted to apply for financial aid. However, students must be registered in order for financial aid funds to be disbursed.

There are two ways to submit the FAFSA. The preferred method is for students to apply electronically through the Department of Education’s Web site at www.fafsa.ed.gov or on the NSU financial aid Web site at www.nova.edu/cwis/finaid. By applying on the Web, students reduce the chance of errors due to built-in edits, and the processing time for receipt of the student aid report (SAR) acknowledgement form is reduced to one to two weeks. Students (and parents of dependent students) should request a Department of Education Personal Identification Number (PIN) at www.pin.ed.gov, if they do not already have one, as the PIN eliminates the need for a signature page. By including the student’s email address on the FAFSA, the response is almost immediately forwarded to the student’s email address through a secure format. Students may apply on a paper FAFSA, which has a turnaround time of three to four weeks. Tips on completing the FAFSA are available on the NSU financial aid Web site.

Financial aid applications are accepted throughout the year, but it is important to note the priority deadline dates for some of the aid funds, as stated below. Applications for aid received by the Office of Student Financial Assistance by April 15, 2003, will be given priority consideration for the upcoming academic year. Applications received after that date will be considered on a funds-available basis only. It is important to review the deadlines provided below in order to meet the prescribed federal, state, and institutional time restraints.

<table>
<thead>
<tr>
<th>Deadline</th>
<th>Types of Aid</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1, 2003:</td>
<td>Student may begin applying for the Free Application for Federal Student Aid (FAFSA) for 2003–2004</td>
</tr>
<tr>
<td>April 15, 2003:</td>
<td>Priority deadline to receive maximum financial aid funds (except Federal Pell Grant, Federal Stafford Loan, FSA G, and FRA G)</td>
</tr>
<tr>
<td>May 15, 2003:</td>
<td>Priority deadline for Florida Student Assistance Grant (FSA G)</td>
</tr>
</tbody>
</table>
August 25, 2003: Deadline for fall semester receipt of NSU State Aid Application for Florida Resident Access Grant (FRA G)

August 30, 2003: Deadline for undergraduate students to be registered for 12 credits (10 credits for nursing students) by the drop/add period for fall term for FRA G and FSA G

January 5, 2004: Deadline for receipt of NSU State Aid Application for Florida Resident Access Grant (FRA G) for students beginning the 2003–2004 winter term

January 10, 2004: Deadline for undergraduate students to be registered for 12 credits (10 credits for nursing students) by the drop/add period for winter term

June 30, 2004: Last day for receipt of FA FSA by Central Processing System (CPS) for 2003–2004

August 16, 2004: Deadline for paper submissions of Student Aid Report (SAR) corrections to the CPS

The Central Processor must receive the FA FSA no later than June 30, 2004. However, in order to assure financial aid is awarded in a timely manner, students should send the FA FSA at least three weeks prior to their last date of enrollment or June 30, 2004, whichever is earlier.

Students must reapply for financial aid each year, beginning in January, for the following academic year.

NOTIFICATION OF AWARDS
Students who apply before April 15, 2003, have completed all financial aid requirements, and are awarded aid by the university should receive notification by July 1, 2003. Within two to four weeks after submission of the FA FSA, students will receive a student aid report (SAR), which includes the expected family contribution (EFC). The EFC is the amount of contribution that students and their families are expected to pay toward their education. In addition, the SAR also includes possible errors or rejected information that must be completed by the student. If students complete the FA FSA on the Web and provide their email address, they will be able to access their SAR information on the Web. A financial aid counselor is available to assist students in the completion of the FA FSA or for any specific questions relating to the FA FSA.

The awarding process normally takes four to eight weeks, and possibly, up to twelve weeks. It is extremely important that applicants fill out all forms completely and correctly. Applicants should respond promptly to all requests for documentation and inquiries by the Office of Student Financial Assistance in order to prevent delays in processing. Awards are made only for the current academic year. Students will receive their award notices through NSU email and will be directed to a secure site using their NSU PIN. If the student does not have a PIN, he or she can contact the PIN Specialist by calling (954) 262-4850 (local) or 800-541-6682, ext. 4850, (long distance) between 8:30 a.m. and 5:00 p.m. Eastern time on weekdays or via email at pinhelp@nova.edu.

Students should also be using NSU’s WebSTAR at www.Webstar.nova.edu to register for classes, display their class schedules, view any holds, display their grades and transcripts, and review financial aid requirements and awards.

FEDERAL PROGRAMS

Federal Pell Grant
The Federal Pell Grant Program provides need-based federal grant aid to undergraduate students who have not completed a first bachelor’s degree. Awards range from $400 to $4,050 for 2003–2004, and no repayment is required. Award amounts are prorated according to the number of credit hours for which the student is enrolled (may be less than six credits).

Federal Supplemental Educational Opportunity Grant (FSEOG)
The FSEOG Program provides additional need-based grant assistance to undergraduate students who have not completed a first bachelor’s degree. First priority is given to Pell-eligible students who are enrolled in a minimum of six credit hours per semester. The award amount is $1,500 for in-state students and $3,000 for out-of-state students. Funds are limited, and priority is given to students who meet the April 15 deadline.

Federal Perkins Loan
This program offers long-term, low-interest-rate (five percent) loans to students who demonstrate financial need. Awards range from $400 to $2,000 and are limited to undergraduate students enrolled in the Professional and Liberal Studies Program. Returning, out-of-state, day students may be eligible if additional Perkins Loan funds become available. Repayment begins nine months after students are no longer enrolled at least half time if they did not have a loan before July 1, 1987. Priority is given to students who meet the April 15 deadline.

Federal Subsidized Stafford Loan
This is a federal program that awards low-interest loans to needy students through participating lending institutions. Interest varies annually, but can’t exceed 8.25 percent. Repayment is up to 10 years. A Master Promissory Note (MPN) must be signed in order to receive any disbursements. The initial MPN may be the only one the student is required to complete as it can be used for up to 10 years of borrowing for educational expenses. Students may request funds to be sent by check or by Electronic Fund Transfer (EFT), which is a faster process.

A guarantee fee of up to four percent will be charged for loans and subtracted from the loan before disbursement. Undergraduates must be enrolled for a minimum of six credits.
The annual loan limit amounts are as follows:
$2,625 — freshmen (0–29 credits)
$3,500 — sophomores (30–59 credits)
$5,500 — juniors, seniors, and students seeking teacher certification

The lifetime aggregate loan limit for undergraduates is $23,000.

Unsubsidized Federal Stafford Loan Program
This is a federal, low-interest loan awarded through participating lending institutions, regardless of financial need. This loan is available to those students who do not qualify for all or a portion of the Federal Subsidized Stafford Loan, to students wishing to borrow funds in addition to the Federal Subsidized Stafford Loan, and to dependent students whose parents are unable to qualify for a PLUS loan (documentation is required).

Interest begins to accrue 60 days after the first disbursement of the loan. You may elect either to pay interest while attending school or defer interest, which will be added to the principal loan balance. Undergraduates must be enrolled for a minimum of six credits. A promissory note must be signed before funds can be disbursed. Payment from the lender may be made by check or through EFT.

The annual loan limit amounts are as follows:
$4,000 — freshmen/sophomores
$5,000 — juniors/seniors

The lifetime aggregate loan limit for undergraduate students is $23,000.

Federal Parent Loan for Undergraduate Students (PLUS)
This is a federal long-term, low-interest educational loan for credit-worthy parents of dependent undergraduate students through participating lending institutions, regardless of financial need. The maximum parents may borrow per year is the cost of education per child minus their financial aid. There are no aggregate limits. The variable interest rate is capped at nine percent. Fees up to four percent will be charged and subtracted from the loan proceeds before disbursement. Students must be enrolled a minimum of six credits. The parent must sign a promissory note before any disbursement will be made.

The Loan Process
Students applying for any loan program must complete the appropriate loan application and promissory notes prior to being disbursed any loan funds. Students interested in applying for the Subsidized and Unsubsidized Stafford Loans must complete the NSU request for lender/loan funds form only if they are requesting a loan from a lender other than Chase Bank (undergraduate students), if they are requesting additional loans, or if they are requesting an alternative loan. Once the Stafford loan has been awarded, students will receive notification directly from the guaranty agency to complete the MPN online (unless the student has already completed the MPN for the same lender). If one of NSU’s electronic lenders is not selected, students may need to obtain a loan application directly from the lender to submit to the Office of Student Financial Assistance.

STATE PROGRAMS

Florida Resident Access Grant (FRAG)
This is a Florida non-need-based grant program awarded to undergraduate students who attend a private college and have not received their first bachelor’s degree. Students (parents, if student is dependent) must be Florida residents (as defined by state regulations). Students must be enrolled for at least 12 credits (10 credits for nursing students) by the end of the drop/add period for the first eight weeks of the fall and winter terms. It is important for students to submit the NSU Application for State Aid to the Office of Student Financial Assistance by the designated deadlines. To renew, students must maintain a minimum 2.0 GPA and 24 earned credit hours for previous summer/fall/winter semesters. Eligibility is limited to nine semesters.

Florida Student Assistance Grant (FSAG)
This is a need-based state of Florida grant program. Eligibility criteria are determined by the Florida Department of Education. Undergraduate students who have not yet completed their first bachelor’s degree and are enrolled for at least 12 credits (10 credits for nursing students) by the end of the drop/add period for the first eight weeks of the fall and winter terms are eligible. Students must meet Florida residency requirements. To renew, students must maintain a minimum 2.0 GPA and 24 earned credit hours for previous summer/fall/winter semesters. Eligibility is limited to nine semesters. The award amount is $650 per semester for fall and winter. The priority deadline is May 15, 2003.
Florida Bright Futures
This is a state of Florida-funded scholarship to reward Florida high-school graduates who demonstrate high academic achievement and enroll in an eligible Florida postsecondary institution. This scholarship program has three levels: the Florida Academic Scholars Award, the Florida Medallion Scholars Award, and the Florida Gold Seal Vocational Scholars Award. Each award level has different academic criteria for eligibility and renewal as well as different award amounts, with the top-ranked scholars receiving an additional award of up to $1,500.

FINANCIAL AID STANDARDS OF ACADEMIC PROGRESS
Nova Southeastern University, in compliance with federal regulations, has established the following standards of academic progress that must be met to receive financial assistance. Satisfactory progress is required of a financial aid recipient to fulfill a specified educational objective within a specific timeframe as defined by the institution. The following are condensed criteria for satisfactory progress at NSU’s Farquhar College of Arts and Sciences.

Qualitative Measure
Students must earn the following cumulative grade point average after completion of each increment.

• 1 to 29 credits: minimum GPA = 1.50*
• 30 to 59 credits: minimum GPA = 1.85
• 60+ credits: minimum GPA = 2.0

*Please note: To remain in good academic standing at the Farquhar College of Arts and Sciences, students must maintain a minimum grade point average of 1.70.

Quantitative Measure
If a student’s financial aid application is denied because of failure to meet these standards, he or she may appeal the action to the Standards of Academic Progress Appeals Committee. The appeal must be in writing, addressed to the committee in care of the Office of Student Financial Assistance, and include the following documentation:
• an academic transcript from the registrar
• a letter written by the student describing mitigating circumstances
• a physician’s note and/or records if the appeal is based on medical circumstances
• additional supporting documents, if any

No personal appeals will be heard. Decisions of the committee are final, and students will receive written notification of the decision. If a probationary award is granted, it is valid for one academic semester. Please be advised that students may receive only one probationary award per degree level during their attendance at Nova Southeastern University. Some programs, especially those funded by the state of Florida, require a minimum GPA of 2.0 regardless of class standing and require that the student earn 12 credit hours per semester for each semester the aid was received. Most academic scholarships require a minimum GPA of 3.0.

Students who receive state financial aid should consult their financial aid counselor before dropping or withdrawing from courses to ensure compliance with state standards of academic progress.

CONTACT INFORMATION
Contact the Office of Student Financial Assistance, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796 (Horvitz Administration Building); telephone 800-806-3680 or (954) 262-3380; Web site www.nova.edu/cwis/finaid. Office hours are 8:30 a.m.–7:00 p.m., Monday–Thursday; 8:30 a.m.–6:00 p.m., Friday; and 9:00 a.m.–noon, Saturday.
NSU annually offers scholarships and grants to both incoming and returning students in the Farquhar College of Arts and Sciences. Eligibility and academic qualifications vary according to the award. These awards will be combined with other federal and state financial aid programs to help meet the financial needs of students. Some of these funds may have other eligibility requirements. Students should note that dropping second eight-week courses after the initial drop/add period for the semester would result in a loss of institutional scholarships and aid for that semester if the drop results in less than full-time enrollment.

INDEPENDENT COLLEGES AND UNIVERSITIES OF FLORIDA (ICUF) SCHOLARSHIPS

NSU participates in scholarships administered by the Florida Independent College Fund (FICF), a nonprofit foundation for program and resources development for ICUF. FICF is dedicated to providing financial assistance to students attending Florida's 26 independent colleges and universities. Funds are granted by corporate partners who are equally committed to providing the best educational alternatives for today's college students and tomorrow's leaders.

Students enrolled in either the Professional and Liberal Studies Program or the Career Development Program are eligible to apply for ICUF scholarships. Students should note that the criteria and availability of any ICUF scholarship are necessarily subject to change without notice.

Students who wish to apply may review the FICF Web site for available scholarship opportunities at www.ficf.org/Scholarships/index.html. For specific eligibility requirements and further information, contact Kirk Berner at the center's Office of the Dean, (954) 262-7918, or via email at kirk@nova.edu.

PROFESSIONAL AND LIBERAL STUDIES PROGRAM SCHOLARSHIPS

Nova Southeastern University Honor Awards (new students only)
1. NSU Freshman Honor Award—Freshman criteria ($1,000–$7,000): This is an academic merit award based on high-school GPA and SAT/ACT test scores and campus residency. This award is renewable each year providing the student meets the renewal requirements outlined in the “Renewal of Awards” section of this catalog.
2. NSU Transfer Honor Award—Transfer criteria ($1,000–$5,500): This is an academic merit award based on prior academic achievement and campus residency. Applicants must have earned 24 or more semester hours from a regionally accredited institution to be eligible. This award is renewable each year providing the student meets the renewal requirements outlined in the “Renewal of Awards” section of this catalog.
3. NSU International Student Honor Award—New International Student criteria ($1,000–$7,000): This is an academic merit award based on prior academic achievement and merit. Interested applicants must submit SAT or ACT scores at the time of applying for admission.

Leadership Roundtable Scholarship
A limited number of competitive scholarships recognizing potential for leadership, service, and scholarship are awarded annually to entering freshman students enrolled in the Professional and Liberal Studies Program. Scholarships may be renewable based on program participation, academic standing, and enrollment requirements. Interested students should contact the Office of Student Development and Retention at (954) 262-8093, or email jmiles@nova.edu.

Nova Southeastern University Financial Aid Grant
This grant is awarded to students based on unmet financial need and may be awarded in conjunction with an NSU Honor Award. It is renewable according to need and academic progress. The award amount may be adjusted if the student receives other grants and/or scholarships from an external source. This award is given to new students only. There is no application for this award; eligibility is determined by the Office of Admissions.

Athletic Scholarships
These scholarships are offered by the Department of Athletics to student athletes on NSU intercollegiate teams. Award amounts are determined by the coaches of each team. Amounts vary but never exceed total tuition charges. These scholarships are given for one academic year and are renewable. Interested students should contact the Office of Athletics at (954) 262-8250.

Broward International Women's Club Scholarships
The Broward International Women's Club provides scholarships for international women students. For specific eligibility requirements, contact the Office of Institutional Advancement at (954) 262-2110.

Professional and Liberal Studies Scholarship (continuing students)
Continuing students in the Professional and Liberal Studies Program may be eligible for awards ranging from $250 to $1,500 per year. Awards are competitive and based on academic achievement and financial need. This is a one-year award, and students may reapply each year. Contact Kirk Berner at the center's Office of the Dean, (954) 262-7918, or via email at kirk@nova.edu.

International Student Scholarship (continuing students)
Continuing international students in the Professional and Liberal Studies Program may be eligible for awards ranging from $250 to $1,000 per year. Awards are competitive and based on academic achievement and financial need. This is a
one-year award, and students may reapply each year. Contact Kirk Berner at the center's Office of the Dean, (954) 262-7918, or via email at kirk@nova.edu.

**Book Award (continuing students)**
This scholarship provides $250 to be used to reimburse the student's book expenses for eligible continuing professional and liberal studies students. Awards are academically competitive, with preference given to upperclassmen. Contact Kirk Berner at the center's Office of the Dean, (954) 262-7918, or via email at kirk@nova.edu.

**PTK Award**
This annual award of $1,000 per year is available to qualifying new professional and liberal studies transfer students who are members of Phi Theta Kappa. This is a tuition-only award.

**Horatio Alger Collegiate Partners**
NSU is a member of the Horatio Alger Collegiate Partners Program.

For additional eligibility requirements, applications, or other information, contact Kirk Berner at the center's Office of the Dean, (954) 262-7918, or via email at kirk@nova.edu.

**President's Endowment Scholarship**
**Deadline:** Priority–July 15
Awards of $2,500 are made to first-year undergraduate and graduate full-time students. Recipients must have a minimum GPA of 3.2 or higher. Leadership ability, community volunteer activities, and academic excellence will be considered in the awarding process. Scholarships are renewable with a GPA of 3.0. Applications are available at www.nova.edu/cwis/finaid/scholaropp-stu.html. Contact the Office of Student Financial Assistance at 800-541-6682 for more information.

**NSU Trustees Student Scholarship**
**Deadline:** Priority–July 15
Awards of $2,500 are made to first-year undergraduate and first-year graduate, full-time students. Recipients must have minimum 3.2 GPA or higher. The following additional factors will be considered in the awarding process: leadership ability and participation in community volunteer activities. Florida residents are preferred, and graduate students must be graduates from a Florida Independent College or university other than NSU. Applications are available at www.nova.edu/cwis/finaid/scholaropp-stu.html. Contact the Office of Student Financial Assistance at 800-541-6682 for more information.

**Gold Circle Scholarship Fund**
**Deadline:** No application required.
This $2,000 scholarship is for students who demonstrate high financial need. Students must complete a FAFSA/Renewal FA FSA by April 15. The student must have established a GPA in a university program. One student is selected from each of the program centers based on the following criteria: he or she must meet the priority deadline for submission of FA FSA; must have the highest GPA; and must demonstrate financial need. The scholarship is renewable with a 3.0 GPA. Contact the Office of Student Financial Assistance at 800-541-6682 for more information.

**CAREER DEVELOPMENT PROGRAM SCHOLARSHIPS**

**The Joseph W. Fordyce Scholarship**
This is a full-tuition scholarship awarded annually to one full-time student from Broward Community College's Honors Program. This scholarship is funded by the Career Development Program. To be eligible, a student must have excelled academically and have earned an honors certificate upon graduation from Broward Community College.

**Broward International Women's Club Scholarships**
The Broward International Women's Club provides scholarships for international women students. For specific eligibility requirements, please call the Office of Institutional Advancement at (954) 262-2110.

**Horatio Alger Collegiate Partners**
NSU is a member of the Horatio Alger Collegiate Partners Program.

**Adult Learner Scholarship**
The Adult Learner Scholarship, which covers full tuition, is awarded to two new main campus students each year who have completed the application process for the fall or winter semesters (one awarded each semester). All application materials must be received by the deadlines specified by the Office of Admissions. For more details and current deadlines, please call 800-338-4723, ext. 8000, or (954) 262-8000.

Scholarship recipients must have been Florida residents for at least one year, and must be eligible for the Florida Resident Access Grant (FRAG) by attending NSU full time (twelve credits per semester). Most evening students accomplish full-time status easily by attending two evenings per week when enrolled in eight-week courses.

**RENEWAL OF AWARDS**
Nova Southeastern University Honor Awards are automatically renewed as long as the student maintains a 3.0 cumulative grade point average in coursework taken at the Farquhar College of Arts and Sciences, earns 24 credits during consecutive fall and winter semesters, and remains a full-time student enrolled in the Professional and Liberal Studies Program. Undergraduate students who leave the Farquhar College of Arts and Sciences before graduation to enroll in a graduate program, move to the Health Professions Division, or become a full-time employee are not eligible for these awards. A II other awards made by the university are not automatically renewed, and students must reapply for aid each academic year. Applications are available in January of each year for the upcoming academic year.

**OTHER SOURCES OF ASSISTANCE**
The Office of Student Financial Assistance maintains a Scholarship Resource Guide. This guide may be used to locate private sources of funding. The university and public libraries, as well as commercial bookstores, also provide financial aid reference books that list private scholarships. In addition, many high-school guidance counselors and chambers of commerce are resources for scholarship information. Students with access to the Internet may also search for scholarship information using FASTWEB, located at www.nova.edu/cwis/finaid/scholaropp-stu.html.
ACADEMIC SERVICES
The Academic Services Division includes a wide variety of services and support systems for NSU’s undergraduate students.

Tutoring and other forms of academic assistance are provided. These are available in a variety of subject areas, times, and formats.

Aademic Services’ Testing Office offers placement and other standardized testing and coordinates other individualized tests as determined by the faculty and administration. Students’ disability-related testing needs are often accommodated in the Testing Office.

Disability Services staff members facilitate students’ reasonable accommodations based on their documented disabilities and university resources. These services are available at all NSU locations for undergraduate students with documented disabilities.

All of these service areas are part of NSU’s Academic Services Division. On the main campus, Academic Services is located on the first floor of the Parker Building (Suite 100). Main campus hours of operation are as follows:

- Monday–Thursday 8:30 a.m.–7:00 p.m.
- Friday 8:30 a.m.–5:00 p.m.
- Saturday 10:00 a.m.–3:00 p.m.

In addition to the main campus location, undergraduate Academic Services tutoring is available at the following off-campus sites: Jacksonville (904) 443-2885; Tampa (813) 740-2774; Orlando (407) 647-3389; and Miami-Dade (305) 485-8359. Students whose schedules may prevent regular visits to one of the locations may access the Academic Services’ Web site for online resources, including tutoring (http://undergrad.nova.edu/AcademicServices).

Main campus students are encouraged to stop by Academic Services or call (954) 262-8350 or 800-338-4723, ext. 8350, for appointments or other information. Off-campus students should call their nearest off-campus location for hours of operation. Walk-in visits are also welcome, but appointments are recommended.

Tutoring
Academic Services provides tutoring, professional guidance, and support from subject-area specialists. Depending on the subject area, tutoring may also be provided by peer students who have excelled in specific academic subjects. Tutoring is conducted on an individual basis and may be arranged with groups of students needing the same level and type of assistance. The Academic Services Division has a computer lab with Internet access for student use in researching and writing papers and working with computer-assisted instruction on mathematics.

Students may benefit from writing assistance, as well as assistance in the areas of spelling, grammar/punctuation, paper organization, and research techniques. Writing tutors—all subject-area professionals—may also work with students on reading skills, including vocabulary, comprehension, and critical thinking. General study-skill tutoring is also available, including goal setting, time management, note taking, and test-taking strategies. Software focusing on writing skills is available and may be required in certain courses.

Tutoring is also provided to students enrolled in undergraduate mathematics courses from prealgebra to calculus. Additionally, Academic Services houses math videos and software for most math classes. Math tutors include both subject-area professionals and peer students.

In addition to these areas of academic assistance, computer literacy tutoring helps students in skills related to word-processing, spreadsheet programs, email, and Internet use. Science tutoring is also available for students who need assistance in biology, chemistry, or physics.

Disability Services
Nova Southeastern University provides accommodations for students with documented disabilities. Academic Services facilitates these services for the undergraduate student population. Students who have disabilities for which they believe they require accommodations should contact the Disability Services staff by emailing gattis@nova.edu or by calling (954) 262-8405 or 800-338-4723, ext. 8405.

Students with disability-related needs are encouraged to contact the Disability Services staff as early as possible, and preferably, at least four weeks before the beginning of the first term of enrollment for which disability-related services are sought. Certain accommodations may involve other professionals and specialists, and therefore, may require considerable time to implement.

To receive accommodations based on a disability, the student submits appropriate documentation, meets with the Disability Services staff to discuss and determine appropriate accommodations, and authorizes the written release of appropriate disability-related information to instructors, administrators, and staff members with a need to know. In addition, the student agrees to follow the university’s disability-related policies and procedures in giving course schedules and other important infor-
mation to the Disability Services staff in a timely manner before each term. The student also receives written policies and procedures related to disability services, including procedures for appealing decisions on accommodations. Academic program modification guidelines and procedures are available as well.

Disability-related records are kept in a confidential location and are not part of the student's academic record, nor are they shared with others without the student's written consent.

Testing Office

The Academic Services Testing Office administers challenge exams in Elementary Algebra, College-level Mathematics, Writing, and Chemistry, as well as faculty make-up exams, proctoring services, and standardized tests. The office administers other tests related to experiential learning assessment such as College-level Examination Program (CLEP) tests, DANTES subject standardized tests, New York University Proficiency Testing in Foreign Language, and the TECH 1110 challenge exam. The Testing Office also offers disability related services for students who need certain testing accommodations.

To benefit from the Testing Office's services, please call (954) 262-8370 or 800-338-4723, ext. 8370 for an appointment. All test takers must present photo identification (e.g., NSU official ID, driver's license, passport) prior to testing. Online students can email the Testing Office at rpjohnso@nova.edu or ramirezj@nova.edu.

Technical Help Desk

The Help Desk provides online assistance to all Nova Southeastern University faculty and staff members and students on an equal and timely basis. For assistance, contact the Help Desk at (954) 262-4357; 800-541-NOVA, ext. 4357; or via email at help@nova.edu.

NEW STUDENT SERVICES

The Office of New Student Services is a resource center for entering and first-year undergraduate students and their families. The office coordinates all orientation programs for new undergraduate students. New Student Services is located on the first floor of the Parker Building. Contact the office at one of the following numbers: (954) 262-8093 or (954) 262-8050. Information is also available online at www.undergrad.nova.edu/orientation.

STUDY ABROAD

Students in the Farquhar College of Arts and Sciences have opportunities to study abroad with NSU faculty members in China, Peru, Ecuador, England, and Belize. For further information, students should contact the associate dean at (954) 262-8402.

FARQUHAR ACADEMIC HONOR SOCIETIES

Alpha Chi Honor Society

Alpha Chi is an academic honor society with more than 289 chapters in the United States. To qualify for Alpha Chi, students must be juniors or seniors, complete a minimum of 24 credits at NSU, and be in the top 10 percent of their major. Qualifying students are invited to join twice a year, in February and in the spring. A lifetime membership in this academic honor society holds many rewards, including eligibility to compete for local and national scholarships.

Kappa Delta Pi

An honor society for educators, Kappa Delta Pi, the International Honor Society in Education, was founded to exhibit the ideals of scholarship, high personal standards, and promise in teaching allied professions. Kappa Delta Pi encourages improvement, distinction in achievement, and contribution to education. Selection is based on high academic achievement, commitment to education as a career, and a professional attitude that assures steady growth in the profession.

Lambda Epsilon Chi

Lambda Epsilon Chi (LEX) is an honor society in paralegal/legal assistant studies. LEX recognizes those who demonstrate superior academic performance in an established program of paralegal studies at an institution in good standing with the American Association for Paralegal Education (A A FPE).

Students are inducted into LEX twice a year. To be eligible for induction, a student must have successfully completed two-thirds of the program and be in the top 10 percentile of his or her class.

Phi Alpha Delta

The Phi Alpha Delta (PAD) Prelaw Program is a co-educational, preprofessional fraternity dedicated to assisting its members in using a network of law students, attorneys, judges, and legal educators to evaluate career options in the legal arena. PAD offers its members assistance in the law school application process as well as providing student contacts with PAD members already enrolled in law programs.

Open to any student in any major who is interested in the law, PAD participates in university- and community-oriented service projects.
Psi Chi
Psi Chi is the National Honor Society in Psychology. Psi Chi was founded to encourage, stimulate, and maintain excellence in scholarship, and to advance the science of psychology. Membership is open to graduate and undergraduate men and women who are making the study of psychology one of their major interests, and who meet the minimum qualifications.

STUDENT CONDUCT AND ACADEMIC RESPONSIBILITY
All students should review and become familiar with the Code of Student Conduct and Academic Responsibility outlined in this chapter.

HONOR COURT
The Honor Court is a body of faculty members, students, and administrators responsible for hearing cases through an educational peer-review process. This process determines a student’s accountability for alleged violations of the Code of Student Conduct and Academic Responsibility. Students should review the Honor Court Procedures outlined in this chapter.

PROBLEM-RESOLUTION PROCEDURES
The Farquhar College of Arts and Sciences is committed to maintaining policies and procedures that support the student community. As a college with a diverse student population engaged in both traditional and nontraditional delivery of curricula, we must be sure that procedures for student grievances are clearly stated and fairly implemented.

Many problems that arise are the result of miscommunication. Channels for action do exist. Policies and procedures are described in the NSU Student Handbook, the College of Arts and Sciences Catalog, schedules, program brochures, information sheets, and in periodic special mailings. Students must follow the specific policies and instructions described in these documents.

When formal grievance steps are perceived as necessary, students have a right to a fair process and hearing without fear of retribution. Because grievances can often seem adversarial, we recommend that students discuss problems with appropriate parties before resorting to the formal grievance steps. Students are encouraged to pursue local or departmental resolutions to problems. Academic difficulties in a class, for example, should always be discussed first with the instructor teaching the class. Problems that cannot be resolved through interaction with an instructor, or academic issues that are more broadly based, should be discussed with an academic adviser (adviser) or academic program manager (APM), whom then may refer students to a more appropriate resource.

Student athletes should refer to the NSU Student-Athlete Guidelines for additional information regarding athletics-related problem-resolution procedures.

Off-campus students should bring unresolved issues with a faculty or staff member to their academic program manager at the site. Online students should contact the academic adviser in their on-campus academic division.

When students are not sure of the appropriate individual with whom to address an issue and their adviser/ APM is unavailable, students can contact the Office of Operations at (954) 262-8143 or 800-338-4723, ext. 8143, or email berner@nova.edu for guidance.

Grievance Time Limitation
Any grievance procedure must be initiated in a timely fashion within the term that the student, faculty member, or administrator became aware of the grievance issue. The griever waives all rights under the grievance procedure if each step is not followed within the prescribed time limit.

Student Grievance
In the case of a student grievance concerning a policy or an administrative action, the student should begin with step one of the administrative grievance procedure. In the case of a student grievance concerning an academic activity or an instructor, the student should begin with step one of the academic grievance procedure.

Grievances brought to the Office of the Dean without previously going through the appropriate administrative or academic grievance procedure will be referred to the appropriate step in the grievance process.

Grievances that concern harassment or discrimination in service or instruction should be brought to the appropriate academic or administrative director, not to the person providing the service or instruction.

ADMINISTRATIVE GRIEVANCE PROCEDURE
Step One:
The student will discuss the grievance within the term of the grievable event with the appropriate administrator.

Step Two:
A. If the student and the administrator do not satisfactorily resolve the issue, the student should schedule an appointment with his or her adviser/ APM for guidance in submitting a formal complaint in writing, using a Student Action Form.
B. Students must access the www.undergrad.nova.edu/online/ saf.cfm Web site and carefully read the Grievance Time Limitation. The student should then complete the online procedure for submission of a formal complaint. For assistance, contact the Office of Student Affairs at (954) 262-8143 or email bern@nova.edu for guidance.

C. Students will need to provide the following information in writing to their adviser/ APM:
   - Student Name, Student ID, Major/Program/Site Location, Day/Evening Phone Number, Address, and NSU email.
   - A complete and thorough explanation should be included with specifics on term and course information, or refer to pages in the College of Arts and Sciences Catalog of the policy in question.
• The Problem: Provide an explanation of the problem and include any pertinent documentation (registration forms, letters, medical verification, emails).

• Prior Action Taken: Include the names of all the individuals with whom you have spoken and their department affiliation.

D. It is essential that students maintain copies of any emails, medical documentation, etc. sent to advisers/APMs or other NSU personnel requesting changes or adjustments to their student record.

E. The Student Action Form must be submitted to the student's adviser/APM and will be reviewed by the academic director for a decision.

F. When the grievance is received in the Office of Operations, students will be sent a receipt confirmation via their NSU email. When a decision is made, students will be sent an email notifying them that the signed Student Action Form will be mailed to their address on record.

Step Three:
A. If the issue is not satisfactorily resolved after the decision is received as the result of processing the Student Action Form, the student should contact the Office of Operations at (954) 262-8143 or 800-338-4723, ext. 8143, or email berner@nova.edu for guidance regarding procedures for the appeals process.

B. After contacting the Office of Operations, the student will be sent a letter outlining the information to be compiled and included in the appeal to the associate dean at the Farquhar College of Arts and Sciences.

C. Students will be sent a reply, in writing, after the appeal is reviewed.

Step Four:
A. If, after receiving the associate dean's decision, the issue is still not resolved, the student may then appeal in writing to the dean of the Farquhar College of Arts and Sciences.

B. The dean's decision is final and binding and cannot be appealed.

ACADEMIC GRIEVANCE PROCEDURE

Step One:
The student will discuss the grievance within the term of the grievable event with the instructor related to the grievable event.

Step Two:
A. If the student and the instructor do not satisfactorily resolve the issue, the student should schedule an appointment with his or her adviser/APM for guidance in submitting a formal complaint in writing, using a Student Action Form.

B. Students must access the www.undergrad.nova.edu/online/saf.cfm website and carefully read and be aware of the Consequences of Enrollment Change prior to submitting a grievance.

C. Students will need to provide the following information in writing to their adviser/APM:

• Student Name, Student ID, Major/Program/Site Location, Day/Evening Phone Number, Address, and NSU email.

• Action Requested: A complete and thorough explanation should be included with specifics on term and course information, or refer to pages in the College of Arts and Sciences Catalog of the policy in question.

• The Problem: Provide an explanation of the problem and include any pertinent documentation (registration forms, letters, medical verification, emails).

• Prior Action Taken: Include the names of all the individuals with whom you have spoken and their department affiliation.

D. It is essential that students maintain copies of any emails, medical documentation, etc. sent to advisers/APMs or other NSU personnel requesting changes or adjustments to their student record.

E. The Student Action Form must be submitted to the student's adviser/APM and will be reviewed by the academic director for a decision.

F. When the grievance is received in the Office of Operations, students will be sent a receipt confirmation via their NSU email. When a decision is made, students will be sent an email notifying them that the signed Student Action Form will be mailed to their address on record.

Step Three:
A. If the issue is not satisfactorily resolved after the decision is received as the result of processing the Student Action Form, the student should contact the Office of Operations at (954) 262-8143 or 800-338-4723, ext. 8143, or email berner@nova.edu for guidance regarding procedures for the appeals process.

B. After contacting the Office of Operations, the student will be sent a letter outlining the information to be compiled and included in the appeal to the associate dean at the Farquhar College of Arts and Sciences.

C. Students will be sent a reply, in writing, after the appeal is reviewed.

Step Four:
A. If, after receiving the associate dean's decision, the issue is still not resolved, the student may then appeal in writing to the dean of the Farquhar College of Arts and Sciences.

B. The dean's decision is final and binding and cannot be appealed.

CODE OF STUDENT CONDUCT AND ACADEMIC RESPONSIBILITY

Purpose
This code seeks to promote high standards of academic integrity by setting forth the responsibilities of students as members of the university community. Abiding by the code ensures a climate wherein all members of the university community can exercise their rights of membership.
Code of Student Conduct Statement

The university is a community of scholars in which the ideals of freedom of inquiry, freedom of thought, freedom of expression, and freedom of the individual are sustained. However, the exercise and preservation of these freedoms and rights require a respect for the rights of all in the community to enjoy them to the same extent. It is clear that in a community of learning, willful disruption of the educational process, destruction of property, and interference with the orderly process of the university or with the rights of other members of the university cannot be tolerated. Students enrolling in the university assume an obligation to conduct themselves in a manner compatible with the university’s function as an educational institution. To fulfill its functions of imparting and gaining knowledge, the university retains the power to maintain order within the university and to exclude those who are disruptive to the educational process.

In support of the Code of Student Conduct, any violations of the Code of Student Conduct and Academic Responsibility and/or university policies and procedures may result in disciplinary action and/or criminal prosecution. Violations of academic and/or supplementary standards will be handled through the student’s academic college, center, or school. Violations of conduct standards, supplementary standards, university policies, and/or procedures will be handled by the Office of the Dean of Student Affairs or by the individual academic college, center, or school as deemed appropriate.

Changes to the Code of Student Conduct and Academic Responsibility will be posted on the Student Affairs Web site. Students are required to be familiar with the rules, policies, and Code of Student Conduct and Academic Responsibility.

A. Academic Standards

The university expects its students to manifest a commitment to academic integrity through rigid observance of standards for academic honesty. The academic honesty standards include:

1. Original Work. Assignments such as course preparations, exams, texts, projects, term papers, practicums, etc., must be the original work of the student. Original work may include the thoughts and words of another author, but if that is the case, those ideas or words must be indicated in a manner consistent with a university-recognized form and style manual.

Work is not original that has been submitted previously by the author or by anyone else for academic credit. Work is not original that has been copied or partially copied from any other source, including another student, unless such copying is acknowledged by the person submitting the work for the credit at the time the work is being submitted or unless copying, sharing, or joint authorship is an express part of the assignment. Exams and tests are original work when no unauthorized aid is given, received, or used before or during the course of the examination.

2. Referencing the Works of Another Author. All academic work submitted for credit or as partial fulfillment of course requirements must adhere to each center’s specific accepted reference manuals and rules of documentation. Standards of scholarship require that proper acknowledgment be given by the writer when the thoughts and words of another author are used. Students must acquire a style manual approved by their center, college, or school, and become familiar with accepted scholarly and editorial practices in their program. Students’ work must comport with the adopted citation manual for their particular center, college, or school.

At Nova Southeastern University, it is plagiarism to represent another person’s work, words, or ideas as one’s own without use of a center-recognized method of citation. Deviating from center standards A.1. or A.2. is considered plagiarism at Nova Southeastern University.

3. Tendering of Information. All academic work must be the original work of the student. Giving or allowing one’s work to be copied, giving out exam questions or answers, or releasing or selling term papers is prohibited.

4. Acts Prohibited. Students should avoid any impropriety or the appearance thereof, in taking examinations or completing work in pursuance of their educational goals.

Violations of academic responsibility include, but are not limited to:

- plagiarism
- any form of cheating
- conspiracy to commit academic dishonesty
- misrepresentation
- bribery in an attempt to gain an academic advantage
- forging or altering documents or credentials
- knowingly furnishing false information to the institution

5. Additional Matters of Ethical Concern. Where circumstances are such as to place students in positions of power over university personnel, inside or outside the institution, students should avoid any reasonable suspicion that they have used that power for personal benefit or in a capricious manner.

B. Conduct Standards

1. Students should not interfere with the rights, safety, or health of members of the university community nor interfere with other students’ right to learn. Students are expected to abide by all university, center, and program rules and regulations and all local, state, and federal laws. Violations of conduct standards include, but are not limited to:

- theft
- vandalism
- disruptive behavior
- possession or use of firearms, fireworks, explosives, or other dangerous substances or items
e. possession, transfer, sale, or use of illicit drugs
f. appearance in class or on campus under the apparent influence of alcohol or illicit drugs or chemicals
g. violations of housing regulations
h. any act or conspiracy to commit an act that is harassing or abusive or that invades an individual’s right to privacy, including, but not limited to, sexual harassment or abuse against members of a particular racial, ethnic, religious, or cultural group
i. threats of or actual damage to property or physical harm to others
j. failure to pay tuition and fees in a timely manner

Furthermore, Nova Southeastern University prohibits any activity that may be construed as hazing. (Hazing is defined as any action or situation that reckless or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of a university.)

2. Students must have authorization from the university to have access to university documents, data, programs, and other types of information and information systems. Any use of the above without authorization is prohibited.

C. Supplementary Standards

Students are expected to comply with the legal and ethical standards of this institution and those of their chosen field of study, including the code of ethics for computer usage. The university and each center or program may prescribe additional standards for student conduct as would comport with the letter and spirit of this code.

D. Violations

Any violation(s) of any of the academic standards, conduct standards, or supplementary standards may result in a complaint being filed against a student to enforce the Code of Student Conduct and Academic Responsibility. Deans or directors may, in their discretion, immediately suspend students pending a hearing on charges of academic conduct or supplementary standard violations. Any student found guilty of a violation of the academic, conduct, or supplementary standards will be subject to disciplinary action, including expulsion from the university.

Student Code of Computer Ethics

Student users of Nova Southeastern University’s computer systems are subject to all applicable federal, state, and international computer laws. A copy of the Florida Computer Crimes Act and referenced Florida State Statutes may be examined online or in a student’s academic program office.

Nova Southeastern University provides computer systems with access to hardware, software, and networks to enhance academic experience. Ethical conduct by students in the use of this technology is the same as in all other areas of university life, and it is of equal importance. All students are expected to abide by the Nova Southeastern University Code of Student Conduct and Academic Responsibility.

For more detailed information on Nova Southeastern University’s Student Code of Computer Ethics, please consult the NSU Student Handbook.

Privacy of Records

Nova Southeastern University maintains a system of records that includes application forms, admission test scores, and transcripts of students’ previous academic records and performance while in residence. These records are available for review by current and former students upon written request to the Office of the University Registrar. However, the registrar will not release transcripts of students’ academic records until all accounts, both academic and nonacademic, have been paid.

The law limits access by and disclosure to a third party. Such access is given only upon consent of the student or if required by law, except for the following information, which may be released as directory information: (a) student’s name, (b) address, (c) dates of attendance, (d) degree and awards received. Requests for such information must be submitted in writing to the university. The university reserves the right to refuse the above information if the reason for the request is not considered to be a sufficient need to know.

Any student or parent not wishing to have this information disclosed should notify the Office of the University Registrar in writing before September 1 of the relevant school year.

A person does not have the right of access to educational records until he or she has been admitted to, and has actually begun attending, Nova Southeastern University. There is no prohibition from disclosing such information to the parents of students who are listed on their parents’ federal income tax forms.

Parents or eligible students will be provided a hearing by the university if they wish to challenge the content of the record. If they are still not satisfied, the parents or eligible students may add explanatory or rebuttal matter to the record.

If the students or parents are denied access to a hearing or if the records are alleged to have been illegally disclosed to a third party, the students or parents may file a complaint with the U.S. Department of Education.

Reservation of Power

Nova Southeastern University reserves the right to amend, modify, add to, or delete its rules, policies, and procedures affecting its institutional relationship with students as deemed necessary by the administration. Any such amendment, modi-
ification, addition, or deletion shall not be considered a violation of the relationship between the university and the student. Such right includes modification to academic requirements, curriculum, tuition, and/or fees when in the judgment of the administration such changes are required in the exercise of its educational responsibility.

STUDENT ACTION FORMS

Occasionally a student may desire to request a waiver from a specific university or undergraduate policy due to unusual circumstances. The procedure to use in such a case calls for completing a student action form (SAF), available from academic advisers. The form should be completed according to the specific instructions outlined on the SAF. All SAFs must be signed and reviewed by the student’s academic adviser before a course of action is determined.

HONOR COURT

The Farquhar College of Arts and Sciences Honor Court is a body of faculty members, students, and administrators responsible for hearing cases through an educational peer review process that determines student accountability for alleged academic violations of the code of conduct and issues appropriate sanctions.

A Honor Court hearing is not analogous to a criminal trial or proceeding. It is intended to maintain strong working relationships among individuals within the NSU community. A functional community must have a clear and common expectation of what is right and wrong; it must share responsibilities and power and be grounded in fairness.

The NSU community has an academic tradition to uphold. The Honor Court was established to educate participants about that tradition, to create a forum for people to discuss differences, and to ensure that the community is not damaged by unacceptable behavior. Though penalties may be issued by the court, the purpose is to improve the community, not to harass an individual.

The Honor Court will not address cases that warrant immediate attention as determined by the dean or his or her designee owing to the severity of the violation or the potentially volatile nature of the offense. Further, at his or her discretion, the dean or his or her designee may choose to hear cases that must be kept in strict confidence.

Program Charge

In addition to hearing cases, the Honor Court has an educational mission to foster educational responsibility and the growth of the academic community at the center. To that end, the Honor Court will sponsor seminars, workshops, and other activities to increase awareness of the need for academic integrity and honesty.

Membership

The Honor Court shall consist of two students, two faculty members, and one administrator. Additionally, one student, one faculty member, and one administrator will serve as alternates. One faculty member will serve as chair. The chair will be a nonvoting member (except in the case of a tie) and will coordinate all aspects of the Honor Court.

An additional nonvoting representative will serve as the records coordinator and trainer. All members are encouraged to attend all meetings. Alternate members, as well as full members of the court, shall vote on issues, such as clearing applicants for membership on the court and procedural issues important to the functioning of the court. Only regular members or alternate members standing in for a regular member shall vote on the resolution of cases brought before the court.

SELECTION

Students

Two students and one alternate will be selected from the student body. Interested parties must complete an application and interview with the standing Honor Court and be recommended by the Honor Court before selections are made by the dean.

Faculty

Two faculty members and one alternate will be elected by the Faculty Council. They will serve two-year alternating terms. The faculty will determine who will serve as chair for the succeeding year in May of the previous year.

Administrators

One administrator and one alternate will be appointed by the dean. The administrators will serve for two years.

All elections will be held in the spring. Terms will begin at the start of the academic calendar year. All members will receive appropriate training.

HONOR COURT PROCEDURE

The Honor Court will meet on an as-needed basis during the academic year to hear cases. Additional meetings can be called at the discretion of the chair. Hearings for violations of the code of conduct that occur during the summer will be postponed, if possible, until the court reconvenes at the start of the academic year. Cases that require a more timely response will be considered by a provisional committee (appointed by the Honor Court by the end of the winter semester) consisting of one student, one faculty member, and one administrator.

Allegations against a student may be initiated by any member of the NSU community, but should be pursued through the appropriate channels as outlined below:

In cases of academic dishonesty occurring in the classroom, the faculty member has the option of discussing the incident
with the student and deciding the sanction deemed appropriate. A memo describing the offense and sanction may be forwarded to the student, the academic director of the division, and to the Honor Court.

**OR**

Should the faculty member decide that in addition to faculty sanctions (failing the course, refusing to accept the paper, etc.), the incident is so blatant or serious it requires further review, the faculty member will request a review of the incident by the Honor Court. The faculty member will submit a written incident report to the Honor Court within seven calendar days of the discovery of the offense, unless exceptional circumstances prevail.

**In other cases of academic dishonesty,** the incident should be referred to the director who has jurisdiction over the area in which the offense occurred.

**Notification**
The chair will forward a written statement of the charges to the student, notifying him or her of the next meeting of the Honor Court, giving the student not less than seven calendar days to prepare for the hearing. The formal hearing will not be held less than seven calendar days from the date of the original charge letter, unless the student charged waives this limit. The student will be instructed to submit supporting documents at least three calendar days before the hearing to confirm his or her presence at the scheduled hearing date. The chair and records coordinator may gather documentary information to submit to members of the court before the hearing. The student charged is entitled to select a student, faculty member, staff adviser, or family member to assist in preparation for the hearing.

**Hearing Protocol**

A. Unless exceptional circumstances prevail, the student must attend the scheduled hearing. It is the student's responsibility to attend the scheduled hearing. Failure to attend a scheduled hearing without prior notification to the chair means the student has waived the right to attend and the hearing will be held in his or her absence.

B. Hearings will be closed and recorded on audiotape. The chair will exercise control over the hearing to avoid needless consumption of time through repetition of information and to prevent the harassment or intimidation of participants. Any member of the court may request that the body go into private session to discuss and decide a matter by majority vote. The hearing can be recessed at any time by the chair.

C. Hearings will be informal.
1. The chair will read the charges and explain the process of the court.
2. The person bringing charges will explain the charges.
3. The student being charged will offer explanation of his or her behavior.

4. The court will then conduct an informal question-and-answer period.
5. The student being charged may be present during the hearing up until the time the members of the court deliberate on the case. The person bringing charges has the option of being present while the person being charged is present, or may testify as a witness and not be present during the remainder of the hearing. The taking of witnesses' statements may be done by discussion, though each witness will be subject to questioning by both the person being charged and the person bringing charges. Witnesses will be present during a hearing only when they are called on to provide information and answer questions. While written statements are admissible, every student has the right to confront and question the principal person bringing charges.
6. The specifics of the case will remain confidential.

D. After all information has been presented and the accused has made a final statement, the Honor Court will meet in private to discuss the case, reach its decision, and determine sanction(s), if appropriate.

E. The student will return to hear the court's decision.

F. Written notification of the sanction(s), including deadlines for completion of community service or other conditions, will be given to the student, the person bringing the charges, the dean, the associate dean, and the court's records coordinator.

G. Fulfillment of all sanctions will be monitored by the court's records coordinator.

**Sanctions**
Sanctions that may be imposed by the court include, but are not limited to, the following:

A. **Expulsion from NSU** — Expulsion from the university is an involuntary permanent separation of a student from the university. This is a permanent dismissal from the university with no right for future readmission under any circumstances. A student who has been expelled is barred from campus visiting privileges. Expulsion or suspension will appear on the student's academic transcript.

B. **Suspension from the Farquhar College of Arts and Sciences** — Mandatory, involuntary separation from the Farquhar College of Arts and Sciences for a period of time specified in an order of suspension. Expulsion and/or suspension will appear on the student's academic transcript.

C. **Final Disciplinary Probation** — A disciplinary sanction serving notice to a student that his or her behavior is in serious violation of university standards. It specifies a time period during which another violation of university policies and regulations will automatically raise the question of potential suspension or expulsion from the university and/or housing. If the stated conditions are fulfilled during the time specified, the probation...
is removed and the student is returned to his or her original status. Final disciplinary probation will appear on the student's academic transcript.

**H. Counseling Intervention**—When extreme behavior indicates that counseling may be beneficial, the student may be referred. In cases where the use of alcohol accompanies a violation of regulations, the student may be required to attend an alcohol education workshop.

**I. Other Appropriate Action**—Disciplinary action not specifically outlined above may be applied.

**Appeals**

**Academic Dishonesty Cases:** Appeals for cases of academic dishonesty should be pursued through the Farquhar College of Arts and Sciences' grievance procedure. Only the process or penalty may be questioned on appeal.

**Review Process**

The Honor Court document and process will be reviewed yearly, at the end of the winter semester, by a committee consisting of three students, two faculty members, and two members of the administration. Committee members will be recommended by the standing Honor Court and the dean. The review committee will meet with the court to discuss changes and then vote to accept or reject proposed changes. Final approval by the dean must be submitted by the end of the winter semester.

**NSU STUDENT HANDBOOK**

The NSU Student Handbook addresses many aspects of concern to NSU students. It can be accessed online at: www.nova.edu/cwis/studentaffairs/forms/ustudenthandbook.pdf. Please refer to the handbook for information on such concerns as Student Life, Student Rights and Responsibilities, University Policies and Procedures, and NSU Resources.
ADMISSION INFORMATION AND ADMISSION COUNSELING

Choosing a university requires a dialogue with people who are knowledgeable about the many choices to be made. Prospective students are strongly urged to talk with one of our admissions counselors, either in person or by phone, to discuss questions that have career, financial, and academic implications. Call (954) 262-8000 (in Broward County) for an application or an appointment. From Miami-Dade County, call (305) 940-6447, ext. 8000; students from other locations should call 800-338-4723, ext. 8000. Web access to the Office of Undergraduate Admissions is available at undergrad.nova.edu/admissions or prospective students may send email to ncsinfo@nova.edu.

APPLYING FOR ADMISSION

In keeping with its philosophy of valuing individual worth and difference, NSU considers applicants in terms of their potential for success. The Office of Undergraduate Admissions evaluates all applications for admission.

Application Procedures: Professional and Liberal Studies Program (Day Program)

An admissions committee made up of faculty members and admissions representatives reviews applications and makes a determination of admittance, nonadmittance, or wait-list status. Factors affecting the committee’s decision include a student’s high-school grade point average (GPA), Scholastic Aptitude Test (SAT) or American College Test (ACT) scores, previous college performance, recommendations, interviews, and student essays.

Students interested in the physician assistant undergraduate major should contact NSU’s College of Allied Health and Nursing, Health Professions Division, at (954) 262-1120. Programs in the Health Professions Division may have different general education requirements, transfer policies, and scholarship programs than those in the Professional and Liberal Studies Program. Students who enter the Health Professions Division may be affected by these different policies. See also the “Dual Admission Program” section in this catalog for further information.

1. Interested students should send a completed application form and the $50 nonrefundable application fee to this address:

NOVA SOUTHEASTERN UNIVERSITY
Enrollment Processing Services (EPS)
Farquhar College of Arts and Sciences
Professional and Liberal Studies Program Admissions
3301 College Avenue
P.O. Box 299000
Fort Lauderdale, Florida 33329-9905

Or, apply online at www.undergrad.nova.edu/main.cfm.

2. Entering freshmen must submit all final official transcript documents reflecting academic coursework prior to enrollment (e.g., current high-school transcript or GED equivalent), including proof of graduation, within the first 90 days of the first day of the semester. Transfer applicants must submit official transcripts from all colleges or universities attended. If, at the time of application, students have any courses in progress at another institution, a final, official transcript must be submitted before the student’s second-semester course registration.

NSU will be unable to process future registrations on the student’s behalf until all final official documents have been received at the university. In addition, the student will lose any financial aid that has already been awarded for the term. For questions or forms for federal, state, or institutional aid, contact the Office of Student Financial Assistance at 800-806-3680 or (954) 262-3380.

3. Students who have previously earned 24 or fewer college credits must submit either SAT or ACT scores.

4. Students should speak with a counselor in person or by telephone.

The Farquhar College of Arts and Sciences welcomes undergraduate applicants who have been homeschooled for their secondary education. Homeschooled applicants are asked to provide SAT or ACT scores, information about the program of study pursued, admissions essays, and a GED score to demonstrate high-school equivalence. As with all candidates for admission, each applicant is considered on his or her individual merits and potential for academic success at NSU. Acceptance is not based on any one criterion, and in appropriate cases, requirements for documentation may vary or be modified.

Applicants who are resident aliens must provide proof of resident alien status at the time of application.

Applicants who are currently under suspension or who have been suspended or dismissed from another postsecondary institution are not eligible for admission to the Farquhar College of Arts and Sciences. Applicants may appeal this policy and request a waiver by the admissions committee; that waiver may be granted only after a review of additional information. Students who are currently under suspension or who have been suspended or dismissed from NSU may refer to the “Readmission Following Suspension or Dismissal” section of this catalog for policy information.
Application Procedures: Career Development Program (Evening/Weekend/Cluster/Online Program)

1. Interested students should send a completed application form and the $50 nonrefundable application fee to this address:

NOVA SOUTHEASTERN UNIVERSITY
Enrollment Processing Services (EPS)
Farquhar College of Arts and Sciences
Career Development Program Admissions
3301 College Avenue
P.O. Box 299000
Fort Lauderdale, Florida 33329-9905

Or, apply online at www.undergrad.nova.edu/online/app1.cfm or www.undergrad.nova.edu/main.cfm.

Students applying to programs administered at NSU’s Las Vegas site should send a completed application form and the $50 nonrefundable application fee to this address:

Nova Southeastern University
Las Vegas Student Educational center
5740 South Eastern Avenue, Suite 160
Las Vegas, Nevada 89119

2. All applicants to Career Development Program must submit proof of high school graduation (or GED equivalent), which substantiates graduation, if they have not previously attended a collegiate-level institution. Transfer students with less than 24 credits from any previously attended collegiate-level institution(s) are required to submit high school transcripts, in addition to transcripts from all collegiate-level institution(s) attended prior to applying to Nova Southeastern University.

The minimum criteria for provisional admission to the university include the submission of all unofficial documents and/or documents that substantiate coursework in progress. Students are provisionally admitted to a degree-seeking program based on a review of unofficial transcripts and/or fulfillment of program-specific admission requirements. However, full admission is contingent on receipt of final official documents and fulfillment of program-specific admission requirements within 90 calendar days from the start of the semester. If final official documents and/or program-specific admission requirements are not received and fulfilled by that time, the student will not be allowed to continue class attendance. Future registrations will not be transacted nor financial aid disbursed, until he/she has been fully admitted as a degree-seeking student (whereby all admission requirements have been satisfied and approved by the college/program admissions office).

3. Speak with a counselor in person or by telephone. Applicants who are resident aliens must provide proof of resident alien status at the time of application.

Applicants who are currently under suspension or who have been suspended or dismissed from another postsecondary institution are not eligible for admission to the Farquhar College. Applicants may appeal this policy and request a waiver by the Admissions Committee; that waiver may be granted only after a review of additional information. Students who are currently under suspension or who have been suspended or dismissed from NSU may refer to the “Readmission Following Suspension or Dismissal” section of this catalog for policy information.

Business Students
Students applying to the business program in either the off-campus or online formats may apply online at www.huizenga.nova.edu or mail in their application to

NOVA SOUTHEASTERN UNIVERSITY
Enrollment Processing Services (EPS)
H. Wayne Huizenga School of Business and Entrepreneurship Undergraduate Business Programs
3301 College Avenue
P.O. Box 299000
Fort Lauderdale, Florida 33329-9905
Telephone inquiries are directed to 800-672-7223 x 5168.

Business students applying to either the day or evening on-campus programs should follow the Farquhar College admissions policies as stated.

REAPPLYING FOR ADMISSION
If a student applies for admission to the Farquhar College of Arts and Sciences, but does not complete the admissions process (or was admitted but never attended), the student’s application may be reactivated within one calendar year from the date the application was received by the undergraduate Office of Admissions. After the one-calendar-year deadline, the student must reapply for admission to the Farquhar College of Arts and Sciences.

INTERNATIONAL STUDENTS
International students who attend classes on NSU’s main campus, or at one of our sites, are required to obtain a student (F-1) visa or an exchange visitor (J-1) visa. Students are not permitted to study in the United States on a visitor (B-2) visa.

International Student Application Procedures
1. Interested students should send a completed international application form and the $50 nonrefundable application fee to this address:

NOVA SOUTHEASTERN UNIVERSITY
Enrollment Processing Services (EPS)
Farquhar College of Arts and Sciences
International Student Admissions
3301 College Avenue
P.O. Box 299000
Fort Lauderdale, Florida 33329-9905
2. Submit all secondary school and college-level transcripts. Transcripts must be official English-language translations (this condition applies to transcripts that are not already in English). Applicants must have the equivalent of an American high-school diploma. Credits earned at non-U.S. universities must be evaluated by an outside agency for equivalents.

3. Achieve a score of 550 or higher on the Test of English as a Foreign Language (TOEFL) exam or 213 on the computer-based exam, or 480 on the SAT (verbal section).

4. Students should submit a letter from a financial institution indicating an ability to meet all costs of education without financial aid from NSU. The minimum amount is determined by the budget prepared by the NSU Office of Student Financial Assistance. A notarized letter from a sponsor is required if a public or private organization or an individual sponsors the student. The financial guarantee must include provisions for any dependents that will be residing with the student in the United States.

5. Purchase medical insurance (J-1 visas only). Contact the international student adviser for further information concerning insurance.

Afer NSU has received all of the above information and has granted the applicant admission, an acceptance letter will be sent. The process of issuing the I-20 will begin on receipt of a $200 tuition deposit. Requirements for international online students may differ. To receive a refund of tuition deposits, international students must rescind their acceptance— in writing— by May 1 for August (fall) admission, by September 1 for January (winter) admission, and by January 1 for May (spring/summer) admission.

**ACCEPANCE**

Students may apply for admission and may be accepted to NSU throughout the entire year. Professional and Liberal Studies Program students, on receiving notification of acceptance, should promptly inform the Office of Undergraduate Admissions in writing of their intention to enroll and forward a $200 deposit to be credited toward tuition. To receive a refund of tuition deposits, students must rescind their acceptance—in writing— by May 1 for August (fall) admission, by September 1 for January (winter) admission, and by January 1 for May (spring/summer) admission.

Any student admitted based on non-final or unofficial documents from high school and/or all previous colleges attended is considered provisionally admitted until all required final, official documents are received.

Applicants must fulfill the following requirements for full admission to the university:

Freshmen applicants must submit final official high school transcripts (or GED equivalent) that substantiate graduation.

Transfer applicants with less than 24 credits from any previously attended collegiate-level institution(s) are required to submit high school transcripts, in addition to transcripts from all colleges or universities attended prior to applying to Nova Southeastern University. If applicants have coursework in progress at another institution at the time application is made to Nova Southeastern University, final official transcripts from that institution must be submitted prior to registration for the subsequent term.

Final official documents and/or program-specific admission requirements must be submitted and fulfilled within 90 calendar days from the start of the semester. If final official documents and/or program-specific admission requirements are not received and fulfilled by that time, the student will not be allowed to continue class attendance. Future registrations will not be transacted nor financial aid disbursed, until he/she has been fully admitted as a degree-seeking student (whereby all admission requirements have been satisfied and approved by the college/program admissions office).

**ACADEMIC ADVISING**

The primary purpose of academic advising is to ensure that students receive the individual attention needed to succeed academically. Students should maintain regular contact with their academic advisers throughout their academic career at NSU.

Academic advisers serve as learning resources and provide students with confidential academic, social, and developmental advising. They serve as liaisons and referral agents by helping students gain needed assistance from other NSU divisions or from the community. On the main campus, advisers are available in each academic division for student questions and concerns. At the university's off-campus Student Educational Centers, academic program managers (APMs) are available to work with students on advising and other issues.

The interaction between student and adviser is at the heart of the advising process. This process must assure students that they are receiving optimal guidance for a high-quality educational experience. Therefore, students are encouraged to consult with an adviser when they believe their rights as students are being, or have been, violated. Students are also encouraged to discuss aspects of their education with faculty members, program administrators, and directors.

**EXPERIENTIAL LEARNING**

*Assessment of Prior Learning Experiences for Academic Credit*

Nova Southeastern University has established four different mechanisms for students to convert their prior experiences into academic credit. Students must initiate all requests for experiential learning credit before they complete 24 credits at NSU. Credits will be transcripted after 12 credits are successfully earned at NSU. For additional information, contact
communication and/or mathematics to determine eligibility for the college-level courses listed in the general education requirements.

**AII Students**
Students who have not yet demonstrated college-level skills in mathematics, reading, and writing must successfully complete developmental courses (MATH 1000 and WRIT 1000). After three semesters, students may not enroll in other coursework at the Farquhar College of Arts and Sciences until they successfully complete WRIT 1000 and/or MATH 1000 or take placement exams and earn scores high enough to register for the college-level courses listed in the general education requirements. Students may take placement exams only once. Individual academic divisions and/or majors may have specific requirements for continued enrollment. Students should consult their academic advisers for further information.

**Requirements for Transfer Students with Credits from Other Colleges/Universities**
AII new students must demonstrate college-level skills in reading, writing, and mathematics within one calendar year by one of three methods:
1. Upon enrollment, transfer students present transcripts indicating comparable courses taken. Students must have earned a C or better in comparable courses.
2. Transfer students score at or above the specified level on placement test(s).
3. Transfer students successfully complete the required developmental course(s) in reading, writing, and mathematics within one calendar year.

**CONCURRENT ENROLLMENT**
Once students enroll at NSU, they may not take courses at other colleges or universities for the purpose of earning an NSU degree without specific, written approval from their academic division. Written approval must be obtained before registering for a course outside of NSU, and this approval must be placed in the student's academic file. Only under unusual circumstances will permission be granted. For a concurrent enrollment form, go to the following Web site: www.undergrad.nova.edu/online/concurrent.pdf.

**SPECIAL STUDENT STATUS**
Students enrolling as special students may take up to 24 credit hours or enroll in a specialty program without being admitted to a degree program. The 24-credit limit does not apply to students who have already earned a baccalaureate degree.

Special students should indicate their status on the application form and submit it with the application fee and a transcript from the last college attended, if applicable. Once the admission process is complete, students may register for courses. Special students are not eligible for a degree unless they follow the regular admissions procedures for degree-seeking students. Additionally, special students are not eligible for financial aid.
DUAL ADMISSION PROGRAM
NSU offers dual admission to a select number of highly motivated, academically talented students interested in pursuing both undergraduate and graduate studies in athletic training, computer science, computer information systems, speech-language pathology, conflict analysis and resolution, law, business, psychology, education, marine biology, osteopathic medicine, optometry, pharmacy, dental medicine, physician assistant, physical therapy, or occupational therapy. For students seeking an undergraduate degree in the physician assistant major, a dual-admission program leading to a baccalaureate degree exists within the Farquhar College of Arts and Sciences and the Health Professions Division. Dual admission majors in the Health Professions Division are available to entering freshmen only.

Students who successfully meet all program requirements are assured a place in the NSU graduate or professional school they have chosen. In addition, some of the dual admission programs are combined programs. The combined programs enable students to complete both the baccalaureate degree and the professional degree, often in a reduced period of time. The student's number of years as an undergraduate can be reduced, and they receive the baccalaureate degree after completing a prescribed number of courses in the professional school. These courses also count toward the graduate or professional degree.

Students will complete their undergraduate requirements in the Farquhar College of Arts and Sciences and complete their graduate or professional school requirements in one of the university's graduate centers. Final admission into the graduate or professional school is contingent on completing the prescribed undergraduate course of study; maintaining the requisite grades; achieving specific scores on professional school admission tests; and in some cases, a final interview with the graduate or professional school admissions committee. Please note: Undergraduate scholarships granted by the Farquhar College of Arts and Sciences do not carry over into the graduate program.

Students considering a dual admission program should speak with one of the undergraduate admissions counselors to discuss program requirements and prerequisites.

MAJORS
In addition to the General Education Program, students study and work in major fields that prepare them to enter careers or continue formal education in either graduate or professional school. Although many students who enroll at NSU already have selected a major course of study and established career goals, some enter the undergraduate program without having decided on a major. In most instances, the majors are flexible enough to permit students to experience a number of diverse areas before choosing a particular course of study. The following majors are available to students enrolled in the Farquhar College of Arts and Sciences:

Professional and Liberal Studies Program
- Accounting
- Athletic Training
- Biology (premedical)
- Business Administration
- Computer Information Systems
- Computer Science
- Elementary Education
- Environmental Science/Studies
- English
- Exceptional Education
- Finance
- History
- Humanities
- Legal Studies (prelaw)
- Marine Biology
- Paralegal Studies
- Prekindergarten/Primary Education
- Psychology
- Sport and Wellness Studies

Career Development Program and Online Programs
- Accounting
- Applied Professional Studies
- Business Administration
- Computer Information Systems
- Computer Science
- Elementary Education
- English
- Environmental Science/Studies
- Exceptional Education
- Finance
- History
- Humanities
- Legal Studies (prelaw)
- Paralegal Studies
- Prekindergarten/Primary Education
- Professional Management
- Psychology

**online format available

DOUBLE MAJORS
Students may graduate with double majors. A minimum of 30 semester hours must be completed for each major. Students must inform their adviser of their intent to declare a second major. This is subject to the availability of courses based on academic division schedules.

MINORS
Students may earn a minor by taking a minimum of 15 credits from a prescribed series of courses. The course requirements for each minor are outlined in each academic division's section of this catalog (consult the table of contents for exact page numbers). Students may not apply courses taken to fulfill general education, program, or major requirements to the minor. Students must fill out a request for minor form, available from
their academic advisers, once coursework for the minor is complete. Minors will be noted on transcripts at the time of degree conferral.

The Farquhar College of Arts and Sciences offers minors in the following areas:

- Chemistry
- Communication
- Computer Information Systems**
- Criminal Justice
- English
- Forensic Psychology
- Gender Studies
- Global Studies
- History
- Humanities
- Information Technology
- Legal Studies
- Paralegal Studies
- Physics
- Psychology
- Sociology
- Speech-Language Pathology
- Substance Abuse Studies**

**online format available

DEGREES CONFERRED
NSU awards two undergraduate degrees: the bachelor of arts degree and the bachelor of science degree. The diploma indicates the student has earned a bachelor of arts degree or a bachelor of science degree; it does not indicate the major. The academic transcript, the official record of work at NSU, indicates degree earned, major field of study, and minor, if any.

SECOND BACHELOR’S DEGREE
Students with a bachelor's degree from a regionally accredited institution other than NSU may earn a second bachelor's degree from NSU by completing a minimum of 30 approved additional credits in a particular major. At least 50 percent of all credits required in the selected major must be taken at NSU.

CHANGE OF DEGREE PROGRAM
Students who decide to change degree programs while enrolled in the Farquhar College of Arts and Sciences (e.g., Career Development Program to Professional and Liberal Studies Program, or from campus-based to online program) must complete a Request for Program Change form, available from the Office of Admissions. This policy does not apply to students who change majors within the same degree program. Contact the undergraduate Office of Admissions at (954) 262-8000 or 800-338-4723, ext. 8000, for further information.

TRANSFER CREDITS
NSU welcomes undergraduate students who have earned college credits at other regionally accredited colleges or universities. Students who plan to transfer should contact an NSU admissions counselor to discuss how prior college credits can be used to obtain an NSU degree. Community college students should contact an NSU admissions counselor as early in their college career as possible so they can choose courses for their associate's degree that will transfer to NSU and be appropriate for their intended bachelor's degree. NSU has articulation agreements with all Florida community colleges. Students transferring with an associate of arts degree (awarded in 1993 or later) from any of these institutions will be granted junior standing on entering NSU. Additional articulation agreements exist with several independent two-year colleges. These agreements are evaluated periodically. Contact an admissions counselor or enrollment representative for information on current articulation agreements.

An evaluation of transfer credit will be completed by the end of the first semester of enrollment, and applicable credit will be transferred based on all final official transcripts received. Students will be advised to take courses based on the official evaluation in their file.

Transfer students must provide final official transcripts from all their previous colleges; their previous academic work will then be evaluated. NSU will transfer a maximum of 90 eligible semester credits (grades of C or better), including credit for CLEP, proficiency exams, and prior experiential learning, toward a degree. A limited number of D grades may be considered, depending on the total number of credits being transferred and where the D grades are being applied to the curriculum. Remaining credits and at least 50 percent of the credits in the student's major, minor, and/or certificate area, must be earned at NSU in regular academic offerings.

ACADEMIC REQUIREMENTS

New Student Skill Requirements
Students are expected to demonstrate skills appropriate for college-level work in all courses. Before the first semester of enrollment, students without college-level math and/or English will be placed into WRIT 1000 and/or MATH 1000 courses. Students may challenge this with placement exams. Students needing further development of skills will be informed about opportunities available for assistance. While a student is acquiring these skills, his or her enrollment is limited to courses approved by an adviser, generally at the 1000 and 2000 levels. The passing of placement tests is a prerequisite to enrollment in many courses, including all initial mathematics and written communication courses.
For specific placement test procedures and practice exams, refer to the brochure on skill and competency requirements available in the testing office in Academic Services. Assistance in writing and math is provided by Academic Services.

**Written Communication and Mathematics Requirements**

All students are required to take the appropriate written communication and mathematics courses during their first semester of enrollment at NSU. Assistance in writing and math is provided by Academic Services.

**Writing Across the Curriculum**

Each course at the Farquhar College must include written assignments that make up at least one-third of the final course grade. Each course must contain at least eight pages (approximately 2,000 words) of writing, with faculty members providing feedback on these assignments. At minimum, one-third of these writings should occur in class.

Written assignments can include (but are not limited to) essays, summaries, memos, lesson plans, research papers, abstracts, literature reviews, case analysis, reaction papers, journal entries, lab reports, project proposals, progress reports, case studies, and project reviews.

**Career Development Program Precourse Assignments**

To ensure that students obtain the maximum benefit from the Career Development Program’s accelerated format, most of the courses offered by this college require that first class assignments be completed before the first class meeting. These assignments are posted on the student services bulletin boards in the Mailman-Hollywood and Parker Buildings and are available from academic division offices during registration. First assignments for online classes can be accessed five days prior to the official start of the class.

**Grading System**

Each instructor assigns a grade based on established criteria listed in the course syllabus.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A Excellent</td>
<td>4.0</td>
</tr>
<tr>
<td>A</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
</tr>
<tr>
<td>B Good</td>
<td>3.0</td>
</tr>
<tr>
<td>B</td>
<td>2.7</td>
</tr>

<tr>
<td>D+</td>
<td>1.3</td>
</tr>
<tr>
<td>D Marginal</td>
<td>1.0</td>
</tr>
<tr>
<td>F Failure</td>
<td>0.0</td>
</tr>
</tbody>
</table>

**Grade Points**

A student’s academic standing for a specific semester is his or her grade point average (GPA), and quality points determine the GPA. Quality points are determined by multiplying the numerical value of a letter grade (points) by the number of credits assigned to a course. The GPA is calculated by dividing the total quality points earned in a semester by the total credits taken. The student’s overall academic standing is determined by the cumulative grade point average (CGPA). The CGPA is calculated by dividing the total quality points earned by the total credits taken.

**Grade Reports**

Grade reports are sent to students at the end of each semester. Students also can view their grades online in the Student Information System at www.webstar.nova.edu. A copy of the report is placed in the student’s permanent file. Legal provisions that prohibit the release of personally identifiable information to other than legally authorized people protect students. Students are permitted to inspect, review, and challenge such information as provided by law.

**Dean’s List**

Any full-time student who earns a GPA of 3.5 or higher in the fall or winter semester(s) qualifies for the Dean’s List. A Dean’s List letter is mailed to the student, and the Dean’s List comment appears on the student’s official transcript. Students with grades of I (incomplete) are not eligible for the Dean’s List for that semester.

**Incomplete**

An incomplete (I) is awarded only in unusual circumstances. An incomplete may be given only when a student has satisfactorily completed the majority of the work in a course and when all remaining requirements can be completed within an agreed time following the end of the course. In no event may such time exceed 16 weeks.

An incomplete will be awarded before the end of the course upon the satisfaction of the following conditions: (a) the student has made a request of the instructor and (b) the student and the instructor have signed, or agreed on its conditions via email, the Contract for Removal of an Incomplete Grade.

A student who is absent at the final examination without prior approval is normally not eligible to receive an incomplete.
If the student does not complete the coursework within the agreed time, the incomplete automatically changes to the grade earned based on the work accepted by the instructor to date. A grade of zero will be factored in for any missing work.

Optional Pass/Fail
Students in good academic standing may register for two electives outside of their major, minor, or certificate program on a pass/fail basis. A pass/fail registration will not convert back to a normal registration (i.e., cannot be counted in GPA). A failing grade will be reflected in the student’s GPA.

WITHDRAWAL POLICY
Students may withdraw from a course prior to the final two weeks of the class (for example, students may withdraw from a course before the start of the seventh week of an eight-week course or before the start of the 15th week of a 16-week course). A withdrawal form must be received and processed by the academic division office (or academic program manager) prior to that deadline. Not attending a class does not constitute official withdrawal from the course. A student who stops attending will receive a grade based on work completed and the requirements of the course. No withdrawals will be permitted after the specified withdrawal period.

Students who withdraw from a course should notify the professor for that course. If the professor is not available, students should notify the academic program manager/adviser responsible for that course.

Withdrawals will not be permitted within two weeks of the final class meeting. Requests for late withdrawals must be made through the use of a Student Action Form, available from the academic department office (or academic program manager/adviser).

WITHDRAWAL FROM THE UNIVERSITY
Students who need to take time off from school and withdraw from all courses during a semester must contact an academic adviser before withdrawing.

Students who withdraw from the university must formally reapply to be considered for admission at a later date. If a student is gone for more than one year, his or her curriculum sheet will be reevaluated according to the most recent requirements as listed in the most current Farquhar College catalog.

REPEATED COURSES
Students may repeat a course to improve the grade in that course, but credit toward graduation will be granted only once. All enrollments and grades will remain on the transcript and will have a notation that the course has been repeated. If students repeat a course, the highest grade will be counted in the student’s GPA. Students need to complete a repeated course form after the course has ended. Repeated course forms are available from academic advisers.

SUMMER ENROLLMENT POLICY
Students enrolled in the Professional and Liberal Studies Program may be permitted, with prior approval, to take courses during the summer months at a regionally accredited institution outside of South Florida. These courses may be used for elective credit or general education course credit. Students may take up to 10 percent of the credits needed to complete NSU degree requirements. To request permission to take courses at other institutions, students must submit a Concurrent/Interim Enrollment Application, which can be obtained from their academic program manager/adviser, or at www.undergrad.nova.edu/online/concurrent.pdf, and must provide catalog descriptions of these courses to their adviser before enrollment.

SATISFACTORY ACADEMIC PROGRESS
To remain in good academic standing, undergraduate students must maintain the required minimum grade point average (GPA) or higher on all credits attempted. Students receiving financial aid should consult this catalog for information on minimum requirements for GPA and credit hours.

Minimum Requirements (GPA)
1–29 credits—1.70 GPA
30–59 credits—1.85 GPA
60+ credits—2.00 GPA

Minimum Graduation Requirements (GPA) in the Major
Majors in the Division of Education: 2.5
All other majors: 2.25

Academic Progress
At the end of each semester, the Office of the Dean reviews students’ academic progress. Students whose grade point averages (GPA) falls below minimum grade point average requirements will receive notification that they have been placed in one of the categories of academic progress listed below. All of these categories will become a permanent mark on the student’s official transcript.

Academic Warning
Students whose cumulative GPA falls below 2.0

Academic Probation
Students who have completed at least 12 credits for which they have received grades of A through F and who fall below the minimum GPA (see “Minimum Requirements” section)

Continued Probation
Students who, in successive semesters of enrollment after being placed on academic probation, earn a minimally acceptable GPA but whose cumulative GPA for all semesters falls below the minimum grade point average requirement
**Off Probation**
Students who achieve the minimum cumulative GPA

**Suspension**
Students on academic probation or continued probation who fail to earn a minimally acceptable GPA in the next semester of enrollment

Length of suspension is for two semesters. Students must appeal for readmission at least one month before the requested date of readmittance (see “Notification and Appeals”). Students who are permitted to reenroll after serving suspension are readmitted under continuing probation.

**Dismissal Following Suspension**
Students who were previously suspended and readmitted will be dismissed if they fail to meet a minimally acceptable GPA (see “Minimum Requirements”). Students in this category may not reapply for admission.

**Notification and Appeals**
A student placed on suspension or dismissed will receive a letter sent to the student’s local address. The student will have until the deadline specified in the dismissal or suspension letter to appeal to the Academic Progress Committee. The committee includes faculty members from each academic division, a representative academic adviser, and a representative from Academic Services. The committee reviews appeals for suspension and dismissal. Notification of decisions will be sent to the address given in the appeal letter. The student may contact an academic adviser or the assistant director for student services in the Office of the Dean for information.

**INDEPENDENT STUDY**
Independent study provides qualified students with an opportunity to research a question of interest under faculty supervision. A student interested in an independent study should contact his or her academic adviser and consult with a faculty member to draw up a contract outlining student responsibilities. The student, the instructor, and the division’s academic director must sign the contract. Regular tuition schedules and rates apply to independent study.

**ONLINE COURSE DELIVERY**
Students who participate in online classes are supported through a variety of technologies and teaching methods: email, bulletin boards, chatrooms, electronic journals, and links to Web resources. Each student must obtain an NSU account to access email, course materials, and library resources.

Web-based courses are available to all active NSU students. Students are encouraged to review registration choices with their academic advisers.

Students are required to participate in an online orientation before the start of class.

**AUDITING A COURSE**
A student may register to audit a course. The student may attend all classes but is not required to take examinations. A grade of AU will be given at the time of registration. Once a student has registered for an audit, the registration may not be changed back to one in the normal grading system. An audit-ed course may be included in the flat tuition rate, provided the total number of credit hours, including credits assigned to audited courses, do not exceed 18. Otherwise, tuition will be charged at the prevailing, per-credit-hour rate.

**CLASS ATTENDANCE**
The basis of the educational process at NSU presumes a continuous, close-working relationship between instructor and student. Therefore, students are expected to attend class regularly. Specific requirements are established by each instructor and are communicated either at the first class meeting or in the syllabus. The administration will support the faculty member’s attendance requirements. The student is responsible for the academic consequences of absences from class.

Students who miss class must let the instructor know that they are going to be absent before the class meets. Students who miss class because of an illness or other emergency should see or call the instructor as soon as possible and arrange to make up the work.

**COURSE EVALUATIONS**
Students play a direct part in program and faculty evaluation. Course evaluation forms are made available to students at the end of the term. The Farquhar College of Arts and Sciences recommends that students use these evaluation forms to express their views concerning course objectives and faculty effectiveness. These forms are tabulated each term and become sources of assessment. The appropriate changes are made in course procedure, requirements, or instruction when called for. Formal course evaluations take place anonymously and informal discussions will be kept confidential, if the student desires.

**REQUIREMENTS FOR GRADUATION**
A II degree-seeking students must complete the minimum credits as designated for the chosen major and must have matriculated. The following conditions are also required:

1. Admission as a degree-seeking candidate in one of the majors
2. Completion of general education, specialty, and elective requirements as specified by the major program
3. Completion of major requirements as specified
4. A attainment of a 2.0 cumulative grade point average (2.5 in education)
5. A attainment of a 2.25 grade point average (2.5 in education) in the major area
6. A attainment of a 2.25 grade point average (2.5 in education) in minors, if selected or required by program
7. Completion, at NSU, of at least 30 credits (not including CLEP, proficiency examinations, or experiential learning credits)
8. Completion of at least 50 percent of the credits in the major area and minor at NSU (not including CLEP, proficiency examinations, or experiential learning credits)
9. Submission of a degree application form and payment of the diploma fee before completing registration for the last semester
10. Fulfillment of all obligations to the library, the student's program, and the bursar's office.

GRADUATION WITH HONORS
A student eligible for graduation with a cumulative grade point average of 3.8 or higher who has completed at least 54 credits at NSU is eligible to receive the degree with distinction.

Students who have earned fewer than 54 credits at NSU may petition for graduation with distinction if they have maintained at least a 3.8 GPA in all coursework accepted toward their degree program at NSU.

Degree candidates must complete all of the requirements as specified above.

There are no special ceremonies at commencement for students graduating with honors; however, a notation will be added to the student's diploma and official transcript.

COMMENCEMENT
The college's commencement ceremony is held in May in Broward County, Florida. It is not necessary for students to attend commencement to have their degree conferred; the university's board of trustees confers degrees throughout the year.

Degrees are conferred once students have met all the requirements for graduation listed in this document (Farquhar College of Arts and Sciences catalog). Once degrees have been conferred, transcripts showing the awarding of the degree are sent to students, and diplomas are printed. When diplomas are ready, they are sent to students by mail.

INTE RRUPTION OF STUDIES
Students who enroll at NSU are eligible for graduation once they meet the program requirements listed in the university catalog that was in effect when they entered NSU. When there is a major break in attendance (one calendar year from the end of the last semester enrolled), students will then have to meet the requirements of the college catalog in effect when they return to NSU, or as agreed on by individual academic program directors and the students.

VETERANS BENEFITS
A II degree programs described in this catalog are approved for the training of veterans and other eligible people by the Bureau of State Approval for Veterans' Training, Florida Department of Veterans Affairs. Eligible veterans and veterans' dependents should contact the Office of Student Financial Services and Registration, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796; telephone (954) 262-7236; or toll free 800-541-6682, ext. 7236.

Standards of Progress for VA Students
Each VA student will be provided a grade/progress report at the end of every evaluation period (e.g., term, semester, quarter). A copy of each report will be placed in the student's permanent file, which is maintained by the Office of Student Financial Services and Registration.

VA students are expected to satisfactorily complete their program of study within the number of training hours approved by the State Approving Agency for Veterans' Training. VA students also must meet any academic, skill, and/or technical requirements for their particular program.

A VA student who has not attained and maintained satisfactory progress as outlined above during any given semester will be placed on academic probation for the following semester. Should the student not attain and maintain satisfactory academic progress by the end of the probationary semester, the student's VA education benefits will be terminated for unsatisfactory progress.

A student whose VA educational benefits have been terminated for unsatisfactory progress may petition the school to be recertified after one 16-week semester has elapsed. NSU may recertify students if it is determined that there is a reasonable likelihood that they will attain and maintain satisfactory progress for the remainder of their degree program.

ADDRESS AND NAME CHANGES
The university must have each student's current local address, telephone number, name, etc. If, after enrolling, any important information of this type changes, students should update their records in the Student Information System (www.webstar.nova.edu) and notify academic divisions.
The General Education Program is designed to foster critical and creative responsiveness by helping students develop the ability to solve problems, think analytically, and communicate clearly. As a result of the General Education Program, students will develop effective communication skills in speaking, listening, writing, reading, and critical interpretation. The General Education Program also helps students place ideas in their proper context and appreciate the role of values within a cultural tradition.

MISSION STATEMENT FOR GENERAL EDUCATION
Incorporating dynamic resources and methods in various settings, the general education curriculum at the Farquhar College of Arts and Sciences at NSU provides opportunities for learners to emerge as thoughtful and responsible citizens prepared for a competitive global environment.

GENERAL EDUCATION REQUIREMENTS
The objectives of the General Education Program are met through a series of courses in the areas of communication (including written communication and oral communication); mathematics; humanities (including literature, history, ethics, and general humanities); social and behavioral sciences; and natural and physical sciences. Students normally complete general education requirements by the end of their junior year. Students must select courses as designated from each section of the following list in order to fulfill their general education requirements. All students are required to complete their general education requirements, as well as specific program requirements as designated by their major program of study (see note below).

Please note: In addition to this list, students should refer to the section outlining their major program of study (found in the “Programs of Study” section of this catalog) for specific general education requirements designated as “Program Requirements.” Some courses listed below have prerequisites (see the “Course Descriptions” section of this catalog for further information).

A. COMMUNICATION: nine credits in communication in WRIT 1000 or higher

1. Written Communication (at least six credits):
   WRIT 1500 College Writing
   (and at least one of the following courses)
   WRIT 2000 Advanced College Writing
   WRIT 2010 Introduction to Journalism
   WRIT 2020 Writing About Literature

2. Oral Communication (at least three credits):
   COMM 1010 Public Communication
   COMM 2020 Argument and Debate
   COMM 2030 Introduction to Performance Studies

B. HUMANITIES: 15 total credits with at least three credits in literature (LITR), three credits in history (HIST), and three credits in ethics

1. Literature (at least three credits):
   LITR 2010 British Literature I
   LITR 2011 British Literature II
   LITR 2020 American Literature I
   LITR 2021 American Literature II
   LITR 2030 World Literature I
   LITR 2031 World Literature II

2. History (at least three credits):
   HIST 1030 American History to 1865
   HIST 1040 American History Since 1865
   HIST 1090 Early Western History
   HIST 1110 Modern Western History
   HIST 1150 Early World History
   HIST 1160 Modern World History
   HIST 2130 The Formation of Latin America
   HIST 2140 Modern Latin America

3. Ethics (at least three credits):
   PHIL 2000 Moral Issues
   PHIL 3010 Ethical Issues in Communication
   PHIL 3180 Biomedical Ethics
   PHIL 3360 Environmental Ethics
   BUSS 4100 Business Ethics

4. General Humanities
   A ny ARTS, HIST, HUMN, LITR, PHIL, or foreign-language course (including SPAN)
   COMM 3050 Advanced Performance Studies
   A dvanced Writing Courses:
   WRIT 3020 Creative Writing: Poetry
   WRIT 3030 Creative Writing: Fiction
   The following first-year course may be substituted for any of the other general humanities courses:
   EDUC 1100 Exploration of the Education Profession

C. MATHEMATICS: (at least six credits)
   MATH 3020 Applied Statistics
   (and one of the following courses, determined by major)
   MATH 1030 Intermediate A Igebra
   MATH 1040 A Igebra for College Students
   MATH 1050 Concepts in G eometry and Logic
MATH 1060 Concepts in Statistics and Probability
MATH 1200 Precalculus Algebra
MATH 1250 Trigonometry
MATH 2080 Applied Calculus
MATH 2100 Calculus I
MATH 2200 Calculus II

D. NATURAL AND PHYSICAL SCIENCES: six credits
BIOL 1040 Environmental Studies
BIOL 1060 Amoebas to Zebras: Life on Earth
BIOL 1070 Basics of Human Heredity
BIOL 1080 Human Biology
BIOL 1090 The Age of Dinosaurs
BIOL 1100 Concepts and Connections in Biology
BIOL 1220 Introduction to Marine Biology
BIOL 1500 Biology I/Lab
BIOL 1510 Biology II/Lab
CHEM 1040 Chemistry and Society
CHEM 1100 Fundamentals of Chemistry
CHEM 1500 Introduction to Environmental Chemistry
CHEM 2300 General Chemistry I/Lab
CHEM 2310 General Chemistry II/Lab
ENVS 1100 Environmental Science I
ENVS 1200 Environmental Science II
PHYS 1020 Concepts in Physical Science
PHYS 1060 Introduction to Oceanography
PHYS 1500 Introduction to Astronomy
PHYS 2160 Essentials of Earth and Space Science
PHYS 2350 General Physics I/Lab
PHYS 2360 General Physics II/Lab
PHYS 2400 Physics I/Lab
PHYS 2500 Physics II/Lab

E. SOCIAL AND BEHAVIORAL SCIENCES: nine credits
COMM 2100 Mass Media
COMM 3100 Gendered Images in Popular Culture
ECON 2010 Principles of Macroeconomics
ECON 2020 Principles of Microeconomics
EDUC 3340 Psychological Foundations of Teaching
ESOL 2903 Cross-cultural Studies
GEOG 2050 Survey of Geography
GEOG 2260 Geography of Natural Resources
GEST 2050 Introduction to Gender Studies
GLBS 1500 Global Studies
GLBS 2160 African Studies
GLBS 2250 The Pacific Rim
POLS 1010 American Government and Politics
POLS 2010 Comparative Government
PSYC 1020 Introduction to Psychology
PSYC 2110 Human Sexuality
PSYC 2330 Interpersonal Communication
PSYC 2350 Life Span Human Development
PSYC 2380 Child and Adolescent Development
PSYC 2460 Health Psychology
PSYC 3160 Social Psychology
PSYC 3210 Personality
PSYC 3260 Abnormal Psychology
PSYC 3300 Behavior Modification
PSYC 3360 Psychology of Gender
PSYC 3760 Multicultural Issues in Psychology
SOC 1020 Introduction to Sociology
SOC 2510 Social Problems
SOC 3130 Family Systems
Students choose one of the following concentrations after consultation with their academic advisers, as all concentrations are not offered at every site or cluster.

**Business Concentration 18**
Required courses:
- ACCT 2200 Financial Accounting I 3
- ECON 2010 Principles of Macroeconomics 3
- FINC 3010 Corporation Finance 3
- Any ACCT, BUSS, FINC, MGMT 9

**Computer Studies Concentration 23**
Prerequisites (or equivalents):
- TECH 1110 Technology in the Information Age
- MATH 1200 Precalculus Algebra
- MATH 2080 Applied Calculus
Required courses:
- CSIS 1400 Discrete Mathematics 3
- CSIS 1900 Computer Programming I 4
- CSIS 2000 Introduction to Database Systems 3
- CSIS 2950 Computer Programming II 4
- CSIS 3020 Web Programming and Design 3
- CSIS (3000 level or above) elective 3
- TECH 2150 Introduction to Internet Resources 3

**Education Concentration 18**
Required courses:
- EDUC 3330 Integrating Instructional Technology in the Classroom 3
- EDUC 3350 Survey of Exceptional Student Education 3
- EDUC 3360 Principles and Practices of Instruction and Assessment I 3
- EDUC 4320 Classroom Management for Typical and Atypical Learners in the Multicultural Classroom 3
- ELEM 3540 Principles and Practices of Instruction and Assessment II 3
- ESOL 4901 Methods of Teaching ESOL 3

**Humanities Concentration 18**
Students select at least one three-credit course from four of the five humanities areas: arts, history, literature, philosophy, and humanities. At least two of those courses must be at the 3000-level or above.

**Information Technology Concentration 18–19**
Required courses:
- TECH 1110 Technology in the Information Age 3
- TECH 2000 Computer Technology: The Impact and Implications 3–4
- TECH 2150 Introduction to Internet Resources 3
- Select three courses:
  - CSIS 3010 Organization of the Computer Environment 3
  - MGMT 3660 Management Information Systems 3
  - PHIL 3010 Ethical Issues in Communications 3
  - TECH 2130 Business Applications of Microcomputers 3
  - TECH 3000 Multimedia Design 3
  - TECH 4050 Business Data Communication 3

**Legal Studies Concentration 18**
Required courses:
- LGST 2010 Law in Action: Introduction to Legal Reasoning 3
- LGST 2100 The Legal Profession 3
- Four additional courses from the following list:
  - HIST 3010 Constitutional History I 3
  - HIST 3020 Constitutional History II 3
  - LGST 2400 Comparative Legal Systems 3
  - LGST 3260 Judicial Politics and Process 3
  - LGST 4050 Civil and Political Liberties 3
  - LGST 4410 International Law 3
  - PHIL 3660 Philosophy of Law 3

**INTERDISCIPLINARY PROGRAMS**
The Farquhar College of Arts and Sciences offers courses and programs of study that cross and merge traditional disciplinary boundaries. Rather than study in one discipline or area of focus, these programs enable students to focus on applied practice studies that often draw from two or more divisions.

The bachelor of science degree is offered through Interdisciplinary Programs with the following major:

**APPLIED PROFESSIONAL STUDIES**

**Applied Professional Studies Major**
The applied professional studies major, available to students enrolled in the Career Development Program (evening/weekend/cluster programs), offers a flexible program for adults who have gained significant professional experience and/or who have earned a large number of college credits toward their particular career goal. It is designed to allow students to select courses that best fit their career plans. This major may be offered to students in all locations, subject to course availability.

To enroll in this major, a student must:
1. have a minimum of 45 transferable credits
2. have completed an 18-credit concentration before enrolling at Nova Southeastern University
3. submit a rationale for acceptance into this program explaining his or her educational and career goals

**Policies**
- A minimum of 15 upper division (3000 and 4000 level) credits must be included in the total 120 credits required for graduation when completing a degree in applied professional studies.
- Students may apply an unlimited number of prior learning credits toward their applied professional studies degree; a minimum of 30 credits must be completed at NSU.
- Students majoring in applied professional studies may demonstrate learning competencies for their second concentration through NSU coursework, transfer courses from other institutions, prior learning, or testing (i.e., DANTES and CLEP).

**GENERAL EDUCATION REQUIREMENTS**

**MAJOR REQUIREMENTS**
PSYC 1410 Personal Career Development 3
(PSYC 1410 is not required for Teaching and Learning Concentration in Jamaica)
Concentration I (18 credit hours transferred in)
Concentration II (18–37 credit hours taken at NSU)
Natural Science Concentration

BIOL 1500 Biology I/Lab 4
BIOL 2300 Biology II/Lab 4
CHEM 2300 General Chemistry I/Lab 4
CHEM 2310 General Chemistry II/Lab 4

Psychology Concentration

Required courses:
PSYC 1020 Introduction to Psychology 3
PSYC 2330 Interpersonal Communication 3
PSYC 2350 Life-Span Human Development 3
OR
PSYC 2380 Child and Adolescent Development 3
PSYC 3160 Social Psychology 3
PSYC 3210 Personality 3
PSYC 3260 Abnormal Psychology 3
PSYC 3510 Human Learning and Cognition 3
PSYC 4600 Biological Bases of Behavior 3
Select two PSYC courses, with assistance from academic adviser:
PSYC 6

Substance Abuse Studies Concentration

PSYC/SOC 3550 Substance Abuse and the Family 3
PSYC 3570 The Psychology and Physiology of Substance Abuse 3
PSYC 3580 Rehabilitation Strategies for Substance Abuse 3
PSYC 3600 Criminal Justice and Substance Abuse 3
PSYC/EDUC 3620 Drug Prevention and Education 3
PSYC 3630 Ethical and Professional Development for Substance Abuse Counselors 3
PSYC 3800 Current Psychotherapies 3
PSYC 4150 Principles of Group Counseling 3

Teaching and Learning Concentration (Jamaica only)

ELEM 4330 Mathematics Curriculum for Elementary Education Majors 3
PSYC 2330 Interpersonal Communication 3
ELEM 3530 Science Curriculum for Elementary Education Majors 3
ELEM 3531 Science Curriculum for Elementary Education Lab 1
ELEM 3540 Principles and Practices of Instruction and Assessment II 3
EDUC 3320 Survey of Exceptional Student Education 3
ELEM 4520 Methods of Teaching Literacy in Elementary School 3
ELEM 4540 Reading Assessment 3
ELEM 4560 Methods of Teaching Reading Across the Elementary Curriculum 3
ESED 4390 Curriculum for Learning Disabilities 3
EDUC 3330 Integrating Instructional Technology 3
EDUC 4910 Special Topics in Education 3
COMM 3120 Speech Communication for the Professions 3

OPEN ELECTIVES 18–37

TOTAL DEGREE REQUIREMENTS 120

DIVISION OF EDUCATION

The bachelor of science degree is offered through the undergraduate Division of Education with the following major concentrations:

Prekindergarten/Primary Education (Age Three Through Grade Three)
Elementary Education
Exceptional Student Education

MISSION OF THE DIVISION OF EDUCATION

All undergraduate teacher education programs at Nova Southeastern University are proactive programs designed to address the current and future needs of classroom educators. It is the aim of the undergraduate Division of Education to prepare its graduates to enter the teaching profession as developing professionals who are:

• sensitive to students’ academic, social, and emotional needs
• knowledgeable about effective teaching practices and technologies
• responsive to the diverse needs of all students (particularly those of at-risk and special-needs learners)
• supportive of families and community involvement
• effective communicators and reflective educators

Through specific course assignments and clinical field experiences in local schools and/or special settings and partnerships, all NSU undergraduate teacher education programs provide students multiple opportunities to develop mastery of the competencies identified by the Florida Department of Education for high-quality teacher education programs.

MATRICULATION REQUIREMENTS FOR EDUCATION MAJORS

1. Students must comply with the admission requirements established by the Farquhar College of Arts and Sciences, Division of Education. On admission, students declare themselves as intended education majors.
2. Students must earn a grade of C or better in WRIT 1500, MATH 1040, MATH 1050, and MATH 1060 or their equivalents.
3. Students must earn a cumulative GPA of 2.5 prior to matriculation into an education major.
4. Students must submit documentation that the testing requirement (CLAST or equivalent sections of PRAXIS) have been passed before registration for any Benchmark II education course.

Once these requirements have been met, students must obtain a matriculation review form from their academic program manager or adviser. Students will need to complete the matriculation review form and return it. The academic program manager or adviser will submit the form, on behalf of the student, to the matriculation and operations manager in the undergraduate division of education on the main campus.
Upon meeting the conditions of matriculation into the undergraduate division of education, students will become declared education majors and will receive a letter of notification. More detailed information on matriculation policies and procedures is available in the Benchmark Handbook. Students must meet all matriculation requirements before registering for any Benchmark II classes.

The director of the undergraduate Division of Education will hear all matriculation appeals. No appeals of the testing requirement will be considered.

**TESTING REQUIREMENTS INTO THE EDUCATION MAJOR**

Effective July 1, 2000, the Florida Department of Education requires passing the CLAST (or PRAXIS equivalents) as a requirement for admission into any state-approved teacher education program. NSU’s Undergraduate Teacher Education Program is a state-approved program, and therefore, the CLAST requirements apply. The Florida Department of Education has developed a general knowledge test that will be used for program completion, graduation, and certification purposes only. All CLAST testing entrance requirements remain in place.

**DEGREE-COMPLETION REQUIREMENTS**

As of July 1, 2001, students graduating from a state-approved program must have passed all parts of the Florida Teacher Certification Exam (FTCE) to complete the program. The FTCE is composed of the CLAST (or PRAXIS), the Professional Exam, the Subject Area Exam, and the General Knowledge Test. The CLAST (or PRAXIS) is required for admission into the state-approved program, which leaves the Professional Exam, Subject Area Exam, and General Knowledge Test requirements in order to complete the program. The Professional Exam of the FTCE must be taken once all courses with an EDUC prefix, or EDEC prefix for Prekindergarten/Primary Education majors (except for Internship/Seminar), have been completed, as a passing score is required to receive a placement for internship.

The Subject Area Exam of the FTCE must be taken once all courses with an ELEM, ESED, or EECP prefix (except for the required reading course taken with the Internship/Seminar) have been completed. The Subject Area Exam of the FTCE, as well as the General Knowledge Test (as needed) should be taken during the internship experience, as a passing score is required to receive a grade for the internship/seminar (EDUC 4570).

It is the student's responsibility to register for, and pass, these exams in a timely fashion, as placement for the internship (passing score on the Professional Exam) or degree conferral (passing score on Subject Area Exam and General Knowledge Test) will be postponed for any student lacking passing test scores. It is the responsibility of the undergraduate division of education to assure time has been built into the state-approved program to provide the remediation component required by the Florida Department of Education for any student who does not pass either of these exams. It is also the responsibility of the undergraduate division of education to design appropriate activities needed for remediation and to require that passing scores on both the Professional and Subject Area Exams are on file prior to degree conferral.

Pasing scores on all parts of the FTCE as a component of program completion is a state law in Florida, and as such, this requirement cannot be waived. This requirement applies to every degree-seeking student in a state-approved program.

**REGISTRATION REQUIREMENTS**

Due to the complexity of the academic requirements for an education major in a state-approved initial teacher preparation program in the state of Florida, registration cannot be accomplished online. Students who intend to be education majors must meet with their academic program manager (A PM) at the time or their adviser on the main campus to register for an upcoming term. This registration appointment assures a student time to review curricular requirements with the A PM/adviser on a regular basis. Courses in the education major must be taken in the required, prescriptive sequence. All general education courses must be successfully completed prior to taking any educational courses in Benchmark II, as these courses serve as prerequisites for the methods courses in the major.

Students are encouraged to start the registration process for an upcoming term several months in advance to ensure that they have time to meet with their A PM/adviser and are prepared for the first class session. Each course in the education major has a preclass assignment due during the first class meeting. Preservice teachers are expected to have prepared properly for the first class session by having completed the pre-assignment. Attendance is mandatory for all class sessions. Lack of an appointment time with an A PM/adviser will not negate any late registration fees that may apply, nor will it negate the requirements of the preclass assignment or attendance to class for the first session.

**TITLE II INSTITUTIONAL REPORT CARD**

Institutions that offer teacher preparation programs are required to report certain information to state and federal Departments of Education. This information—regarding the number of program completers, testing pass rates, and other contextual data—is provided below.

In the academic year 2001–2002, there were 878 education students (all specializations) and 233 students that student taught in approved programs. Sixteen full-time and 30 part-time faculty supervised student teachers in 2001–2002, resulting in a ratio of 1:5, one faculty to five student teachers. NSU required 616 institutional clock hours during student teaching. For the academic year 2001–2002, the CLAST was required by the NSU undergraduate Division of Education as
an admissions requirement and as a requirement for completion of the approved teacher preparation program. Both the Professional Knowledge and the Subject Matter sections of the Florida Teacher Certification Examination are required during this time period.

In the academic year 2001-2002, the single assessment pass-rate data reflects a testing period of July 1996 to September 2002. The overall institution pass-rate on the CLAST (Basic Skills) test was 93%. Pass rates for the same time period and testing period for the Professional Knowledge and Subject Area sections of the FTCE were 98% and 87%, respectively. NSU reported 349 students as program completers of the state-approved programs.

COURSE LOAD POLICY FOR THE COLLEGE OF CAREER DEVELOPMENT

Students enrolled in the Career Development Program (evening/weekend program) are considered full-time students if they are registered for 12 credits (four courses) per 16-week semester. On consultation with academic advisors, students may be allowed to take 15 credits (five courses) per 16-week term provided all of the following criteria are met:

- successful completion of all written communication and mathematics general education requirements
- passing score on all parts of the CLAST or equivalent PRAXIS sections
- GPA of 3.0 in the major
- the fifth class is an ESOL course, not a course with a prefix of EDUC, ELEM, ESED, EDEC, or EECP

Fifteen-credit semesters are considered “overloads” unless a prescribed block of courses contains 15 credits. Students are otherwise discouraged from attempting 15 credits or more per semester.

CLINICAL FIELD EXPERIENCES

Clinical experience is a requirement for all education majors in Florida. The state legislature of Florida has mandated that all education majors in college/university teacher preparation programs participate in a planned series of clinical experiences as an integral part of their training. During these experiences, students are given the opportunity to demonstrate the attainment of competencies.

SUCCESSFUL COMPLETION OF CLINICAL EXPERIENCES

As students progress through the program, they are required to register for a section of clinical experiences each semester, one for each of the academic blocks. Upon completion of all courses in a given block, students must complete and submit a clinical experience checklist and a clinical experience evaluation form as verification that the hours and assignments for that block have been fulfilled. In addition, one course in each block (except for block one) has been designated to house “Supervision of Clinical Experiences.” These courses are:

EDUC 3520 Principles and Practices I; EDUC/ESED 4320 Classroom Management; ELEM 4530 Integrating Music, Art, and Health Education; and for ESE majors, ESED 4550 Methods and Materials of SLD. During this process, the student will be assigned a university supervisor who will visit, observe, and assess the student during his or her clinical experience in the K–12 classroom. Students review the evaluations in the assigned university course and discuss methods and procedures for improvement with the instructor. Students with severe deficiencies are referred to the administrative coordinator of internship for counseling and remediation, and follow-up visits are scheduled. A grade of “Passing” will be assigned to the clinical experience component when the checklist, evaluation, and the university supervisor feedback forms have all been submitted to the program office.

Please refer to the Clinical Experience Handbook at www.undergrad.nova.edu/EDU/clinical.cfm for a full explanation of these procedures.

BACKGROUND CHECK FOR CLINICAL FIELD EXPERIENCES

All education courses include clinical experiences conducted in the field (within local classroom placements). Before participation in these clinical experiences in the public school systems, students may be required to undergo fingerprinting and a security clearance (background check). The procedures can vary from county to county; therefore, students at site locations should obtain information from their local county school districts.

Several public school systems, including those in Broward and Palm Beach counties, have established strict policies both for fingerprinting and initiating a security clearance. Fingerprinting and the security clearance application must be completed before students receive a placement allowing them to enter a classroom in Broward or Palm Beach County public schools. Students who have questions regarding clinical experiences should contact the undergraduate Division of Education placement coordinator at 800-338-4723, ext. 7936, or (954) 262-7936.

INTERNSHIP

The internship experience is the final phase of the NSU Undergraduate Teacher Education Program. This 16-week course includes evening seminar meetings and 14 weeks teaching in a local school. Students will be placed in a school site by the internship coordinator. Students will gradually assume full responsibility for teaching the class to which they are assigned.

EDUC 4570 Internship/Seminar is offered each academic year in the fall and winter terms at all sites. EDUC 4570 is a required twelve-credit course for all education majors and must be completed at NSU. Since it is the terminal course for the degree, it cannot be transferred from another institution, nor can experience be substituted to satisfy this requirement.
The Florida Board of Education Administrative Rule 6A-4.002 allows some full-time administrative or teaching experience to be substituted for some coursework, but it does not permit this experience in lieu of student teaching for purposes of initial certification. Substitute teaching or teacher-assistant positions are not considered as full-time teaching and will not be approved in lieu of the internship.

**Internship Application**

It is the student's responsibility to complete and submit the internship application before the deadline.

<table>
<thead>
<tr>
<th>Anticipated Semester for Internship</th>
<th>Initial Application Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall semester</td>
<td>February 1</td>
</tr>
<tr>
<td>Winter semester</td>
<td>July 1</td>
</tr>
</tbody>
</table>

Once the application is received, the applicant's file is reviewed for completion of all requirements. Students will receive a copy of a completed senior audit with a letter indicating their internship status (conditionally approved or denied). The internship coordinator develops a final list of student interns for that semester and supplies it to the APM for registration at least one month before the internship start date. At this time, students will register for EDUIC 4570 Internship/Seminar.

Students are eligible for the internship if they have earned the appropriate credits (including all general education requirements, all program requirements, and all courses required for the major, except the internship) have a minimum GPA of 2.5 overall and in the major, and have passed all specified testing requirements.

Internship dates are published in the Farquhar College of Arts and Sciences class schedules. If a student does not meet the above requirements, the internship application will be denied until all requirements are met.

Refer to the Internship Handbook for a complete explanation of policies and procedures covering the internship program. The handbook is available online at www.undergrad.nova.edu/EDU/internship.cfm. All questions about the Internship Program should be directed to the undergraduate Division of Education. Main campus students should call (954) 262-7900.

**Philosophy of Education**

Students will complete the philosophy of education essay as an artifact of ELEM 4360 or EECP 4340. Once the essay has been reviewed and corrected by the instructor of the course, that instructor will submit a clean copy of the essays as a group to the local APM, who will forward them to the internship office. It is the student's responsibility to supply the copy and keep the originals for demonstration in the portfolio.

**Certification**

**Certification-Only Program**

Some courses are offered for students who already hold a bachelor's degree in fields other than education and who desire to obtain certification in Prekindergarten/Primary Education (Age Three Through Grade Three), Elementary Education (K–6), Exceptional Student Education (K–12), or ESOL as an add-on endorsement.

Individuals seeking courses that may lead to certification must be admitted to NSU as non-degree-seeking students before registering for courses. In order to be admitted as a non-degree-seeking student, certification-only candidates must provide their Status of Eligibility Letter (issued by the Florida Department of Education) as part of their application. Certification-only students assume full risk in interpreting the letter of eligibility needs. NSU highly recommends that certification-only students discuss anticipated course offerings with the Florida Department of Education, or the local school district certification officer before registering.

**Certification Information**

An individual seeking initial certification issued by the state of Florida may do so by means of either the Florida Department of Education Program Approval Process or through alternative programs offered by local school districts.

The program approval process means that a student has met all of Nova Southeastern University's state-approved program competencies and the state of Florida's requirements for initial certification. Certification through the program approval process is only available to degree-seeking students and will be annotated as such on the student's transcript. In Florida, students graduating from the state-approved program and who have passed all portions of the Florida Teacher Certification Exam (FTCE) are eligible for an initial professional certificate. A dual teacher certification is awarded by the Florida Department of Education, not Nova Southeastern University.

Each state outside of Florida is responsible for the actual teacher certificate in that state. Requirements vary from state to state. Some states outside of Florida do not grant initial certification unless the transcript is annotated as having met the state-approved program, and applicants would not be certified until they complete that state's approved program and specific course requirements for teacher certification.

The Florida Department of Education (FDOE) reserves the right to change requirements leading to certification at any time. Consequently, the NSU undergraduate Division of Education reserves the right to change requirements in the state-approved program to reflect changes mandated by the FDOE.

For information regarding certification through an alternative certification program, contact the certification officer of any school district in the state of Florida.
MASTER’S ACCELERATED PROGRAM (M.A.P.)

Community college graduates (A.A. degrees) who have a strong commitment to become qualified educators should consider the Master’s Accelerated Program (M.A.P.). Available only on the main campus, this dual-admission program allows students to complete both a bachelor’s and a master’s degree in education in just two and a half years from the time they transfer to NSU.

This rigorous and accelerated program is for nonworking students. M.A.P. students will complete four 16-week semesters at the undergraduate level, with 12 to 18 credits per semester. The 12 to 18 credits taken per term, plus the mandatory clinical experiences, require the students to be available Monday through Friday from 8:00 a.m. to 5:00 p.m., with some possible evening and weekend seminars. NSU arranges the clinical observation hours with local participating schools.

Students can choose from a bachelor’s degree in either Prekindergarten/Primary Education (Age Three Through Grade Three), Elementary Education (K–6), or Exceptional Student Education (K–12). Students are clustered together by major to form a cohort that will begin and complete the bachelor’s degree portion of the M.A.P. together. The cohort concept fosters a supportive, collegial learning environment for the students. A cohort of 15 students may begin in either a fall or a winter semester.

M.A.P. students who successfully complete the undergraduate coursework within their designated major are unconditionally eligible for admission to the Fischler Graduate School of Education and Human Services. While enrolled at the master’s degree level, students are able to complete their final year of study in M.A.P. and meet the requirements for a master’s degree in education. Students beginning their first internship are taking graduate level courses and are no longer considered undergraduate students for financial aid purposes. See a financial aid counselor for information.

Individuals seeking entry into M.A.P. must be admitted to NSU’s Professional and Liberal Studies Program. See admission requirements in the front of this catalog. For more information, consult an admissions counselor or the program coordinator within the division.

PREKINDERGARTEN/PRIMARY EDUCATION (AGE THREE THROUGH GRADE THREE) MAJOR

The Prekindergarten/Primary Education major combines theoretical components with practical application. Students in this degree program will have extensive clinical experiences in the community and in local schools (Prekindergarten/Primary, Age Three Through Grade Three). An emphasis is placed on the appropriate uses of technology. The program design incorporates all newly required competencies leading to certification in the state of Florida in the area of prekindergarten/primary, age three to grade three. This major is a state-approved program of the Florida Department of Education.

Courses are designed to be taken in a specific sequence. Contact an advisor for an explanation of required course sequence. Please note, the Prekindergarten/Primary Education major courses are offered only on the main campus in the evening.

GENERAL EDUCATION REQUIREMENTS

(Note: General education requirements for an education major offered in the state of Florida are established and revised by the Florida State Legislature. The following general education requirements are currently in effect. PROGRAM BENCHMARKS AND MAJOR REQUIREMENTS

Students in the Prekindergarten/Primary Education (Age Three Through Grade Three) major must also register for program benchmarks simultaneously with courses in the program. There are four benchmarks, coinciding with four blocks of courses. At these four benchmarks, students provide documentation showing completion of program requirements. For specific requirements of each benchmark, see the course descriptions for EDUC 3001, 3501, 4001, and 4501.

Program Requirements Subtotal 10

PROGRAM BENCHMARKS AND MAJOR REQUIREMENTS
Students in the state-approved program in Elementary Education must also register for program benchmarks simultaneously with courses in the program. There are four benchmarks, coinciding with four blocks of courses in the state-approved program. At these four benchmarks, students provide documentation showing completion of program requirements. For specific requirements of each benchmark, see the course descriptions for EDUC 3001, 3501, 4001, and 4501. See the Benchmark Handbook for additional information.

BENCHMARK I
EDUC 3000: Clinical Experiences
EDUC 3001: Benchmark I

First Eight Weeks
EDUC 3330: Integrating Instructional Technology in the Classroom
EDUC 3350: Survey of Exceptional Student Education

Second Eight Weeks
EDUC 3360: Educational Psychology

BENCHMARK II
EDUC 3500: Clinical Experiences
EDUC 3501: Benchmark II

First Eight Weeks
EDUC 3520: Principles and Practices of Instruction and Assessment I
ELEM 3530: Methods of Teaching Social Studies in the Elementary School

Second Eight Weeks
ELEM 3540: Principles and Practices of Instruction and Assessment II
ELEM 3550: Methods of Teaching Science in the Elementary School

BENCHMARK III
EDUC 4000: Clinical Experiences
EDUC 4001: Benchmark III

First Eight Weeks
EDUC/ESED 4320: Classroom Management for Typical and Atypical Learners in the Multicultural Classroom
ELEM 4340: Methods of Teaching Language Arts Through Children's Literature in the Elementary School

Second Eight Weeks
ELEM 4350: Methods of Teaching Mathematics in the Elementary School
ELEM 4360: Methods of Teaching Literacy in the Elementary School

BENCHMARK IV
EDUC 4500: Clinical Experiences
EDUC 4501: Benchmark IV

First Eight Weeks
EDUC 4520: Principles and Practices of Instruction and Assessment III
ELEM 4530: Methods of Teaching Social Studies in the Elementary School

Second Eight Weeks
ELEM 4540: Principles and Practices of Instruction and Assessment IV
ELEM 4550: Methods of Teaching Science in the Elementary School
EXCEPTIONAL STUDENT EDUCATION MAJOR
The Exceptional Student Education major prepares preservice teachers to work with students with varying exceptionalities. The specialty prepares students to obtain state certification for teaching in grades kindergarten through twelve (K–12). Teachers with this certification are able to teach mildly handicapped students with learning disabilities (LD), mental handicaps (MH), and/or emotional handicaps (EH) in classrooms designated to serve students in a varying exceptionalities setting. (Separate certification is required to teach students in classrooms designated solely for LD, MH, or EH students or in classrooms serving the severely handicapped. The VE specialty does not prepare students for this separate certification.)

GENERAL EDUCATION REQUIREMENTS
(Note: General education requirements for an education major offered in the state of Florida are established and revised by the Florida State Legislature. The following general education requirements are currently in effect. Please consult the undergraduate Division of Education for the latest information about General Education Specific Program Requirements.)

**MAJOR SUBTOTAL**: 75  
**TOTAL DEGREE REQUIREMENTS**: 124
**UNDERGRADUATE EDUCATION DEGREE PROGRAMS IN NEVADA**

Majors available at the undergraduate level to students in Nevada are Elementary Education and Exceptional Student Education, Generalist. Both of these degree programs have been approved by the Nevada Department of Education. The degree requirements for Nevada students are the same degree requirements for all students seeking a bachelor of science degree in their majors with NSU except for specific differences required to meet certification needs by the Nevada Department of Education. Title II requirements for program completers apply; in order to be identified in the Federal Title II Report, the student must have passed the knowledge skills sections of the PRA XIS (or C-Best) and must have passed the appropriate PRA XIS subtests for professional skills and subject area skills, depending on the student’s major.

Clinical experiences and internship are requirements to be accomplished by Nevada students. Nevada students should refer to those sections in this catalog for information. The local site administration will be able to advise Nevada students about the exact process for registration and documentation of clinical experiences and internship.

**TESTING REQUIREMENTS FOR NEVADA STUDENTS**

Nevada students are required to pass the knowledge skills sections of the PRA XIS (or the C-Best) before accumulating 24 credits at NSU. The appropriate PRA XIS knowledge skills sections (also known as the Preprofessional Skills Test [PPST]) are reading, writing, and mathematics. In addition, Nevada students are required to pass the PRA XIS subtests for professional skills and subject area skills in order to graduate. Students are advised to confer with the local site administration as the appropriate subtests vary between the elementary education major and the exceptional student education, generalist major.

**GENERAL EDUCATION REQUIREMENTS**

The general education requirements are the same for both the elementary education major and the exceptional student education, generalist, major.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)  
K–12 ADD-ON ENDORSEMENT

The state-approved courses leading to ESOL endorsement enable educators to add additional coverage to their certification. This will allow them to teach students who are designated as being LEP (limited English proficient) and who are in ESOL programs. This endorsement is also designed for teacher education students who are enrolled at Nova Southeastern University in the Undergraduate Teacher Education Program and are currently working toward teacher certification in Florida, and for educators who are certified in other areas.

For endorsement, program participants must satisfactorily complete five state-prescribed courses, totaling 15 semester hours.

Registration for these courses should follow the sequence as denoted below:

- ESOL 2903  Cross Cultural Studies
- ESOL 4901  Methods of Teaching English to Speakers of Other Languages
- ESOL 4902  ESOL Curriculum and Materials
- ESOL 4904  Linguistics for ESOL Educators
- ESOL 4905  Testing and Evaluation in ESOL

All degree-seeking education majors are required by the state of Florida to take the 15-credit-hour ESOL endorsement as part of their bachelor's degree program.

DIVISION OF HUMANITIES

The bachelor of arts degree is offered through the Division of Humanities with the major concentrations in English, History, and Humanities.

The bachelor of science degree is offered through the Division of Humanities with a major concentration in Legal Studies.

ENGLISH MAJOR

The English major is designed to provide students with a background in British, American, and world literatures, literary criticism and theory, popular culture, and rhetoric and composition. Students in this major will develop critical thinking, close reading, and analytical and creative writing skills. An English major prepares students for a wide variety of careers in such fields as education, publishing, law, business, and government.

LEARNING OUTCOMES

The successful English graduate is expected to

1. communicate effectively
   a. write well
   b. speak well
2. comprehend and analyze complex material
   a. evaluate arguments
   b. analyze literary texts in terms of genre, history, form, and aesthetics
   c. write about critical texts in relation to literature
3. identify the major periods, authors, and genres of American, British, and world literature
4. demonstrate an understanding of literary text as creative expression, historical artifact, political instrument, and social construct

GENERAL EDUCATION REQUIREMENTS

OPEN ELECTIVES

TOTAL DEGREE REQUIREMENTS

Note: Credits taken to fulfill general education requirements cannot be applied to the major.
HISTORY MAJOR
(Students will be accepted into this program beginning in January 2004.)

The history major is designed to provide students with a background in American, European, World, and Latin American history, western civilization, constitutional history, and the intersections between history and culture. Students in this major will develop critical thinking, close reading, and analytical writing skills. A history major prepares students for a wide variety of careers in such fields as education, law, business, journalism, research, politics, and government.

LEARNING OUTCOMES
The successful history graduate is expected to
1. communicate effectively
   a. write well
   b. speak well
2. comprehend and analyze complex material
   a. evaluate arguments
   b. analyze historical texts
   c. write about critical texts in relation to historical events
3. identify the major periods and events of American, Western, and World history
4. comprehend the cultural forces and influences associated with historical events

GENERAL EDUCATION REQUIREMENTS 45
MAJOR REQUIREMENTS 39

I. Historical Surveys 9
Students select three of the following courses:
HIST 1030 American History to 1865 3
HIST 1040 American History since 1865 3
HIST 1090 Early Western History 3
HIST 1110 Modern Western History 3
HIST 1150 Early World History 3
HIST 1160 Modern World History 3

II. Intermediate Study 18
Students select six of the following courses, two of which must be non-U.S. history courses:
HIST 2010 History of Florida 3
HIST 2130 The Formation of Latin America 3
HIST 2140 Modern Latin America 3
HIST 2200 Asian History 3
HIST 2300 Caribbean History 3
HIST 3010 Constitutional History I 3
HIST 3020 Constitutional History II 3
HIST 3030 Studies in American History 3
HIST 3040 Studies in European and Nonwestern History 3
HIST 3130 Vietnam 3
HIST 3140 The Holocaust 3
HIST 3240 Irish History 3
HIST 4030 The Great Depression 3
HIST 4900 Special Topics in History 3

III. Major Electives 6
Students select two of the following courses. Advisers should consider the special focus of certain courses, if applicable, and any necessary prerequisites when advising students about this category.

H U M N 4900 Special Topics in the Humanities 3
LGST 3260 Judicial Politics and Processes 3
LGST 4050 Civil and Political Liberties 3
LITR 4900 Special Topics in Literature 3
PHIL 3330 History of Political Thought I 3
PHIL 3340 History of Political Thought II 3
PHIL 4900 Special Topics in Philosophy 3

IV. Advanced Study 6
Students will select HIST 4500 and one other of the following courses:
HIST 4500 Historiography 3
HIST 4900 Special Topics in History 3
HIST 4990 Independent Study 3

OPEN ELECTIVES 36
TOTAL DEGREE REQUIREMENTS 120

HUMANITIES MAJOR
The humanities major is designed for students who wish to gain a broad background in the various disciplines traditionally known as the humanities: the arts, history, literature, philosophy, and interdisciplinary studies. The courses in this major aid students in developing analytical and communication skills, aesthetic responsiveness, moral imagination, and intellectual integrity.

LEARNING OUTCOMES
The successful humanities graduate is expected to
1. communicate effectively
   a. write well
   b. speak well
2. comprehend complex material
   a. apply critical-thinking skills to complex materials and issues
   b. analyze, synthesize, and evaluate complex material
   c. comprehend the social, philosophical, and political contexts of important literary, historic, and philosophical works
3. comprehend the enduring role of the arts as both reflections and expressions of human experience
   a. possess an awareness of his or her own life in the context of other lives—past, present, and future
   b. comprehend the relevance of fine arts, history, literature, and philosophy to contemporary moral and aesthetic choices

HIST 1040 American History since 1865 3

47
LEGAL STUDIES MAJOR

The legal studies major is designed for students interested in preparing for law school or other graduate study and for those who want to pursue a Humanities major with a legal perspective. The courses in the major assist students in developing analytical and communication skills and an understanding of economic, political, and social contexts within which legal issues arise.

LEARNING OUTCOMES

The successful legal studies graduate is expected to

1. communicate effectively
   a. write well
   b. speak well
2. analyze complex material
   a. identify the elements of an argument
   b. evaluate arguments
   c. identify the relationships among elements of a legal system as well as between legal systems
3. comprehend the contexts within which legal issues arise and the implications of legal decisions
   a. demonstrate an understanding of the historical development of legal systems
   b. demonstrate an understanding of the economic and social contexts of legal decisions and systems
   c. demonstrate an understanding of the political contexts and implications of legal decisions

LITR 4900  Special Topics in Literature 3
PHIL 4900  Special Topics in Philosophy 3

OPEN ELECTIVES 27
TOTAL DEGREE REQUIREMENTS 120

Paralegal Studies Minor
Students wishing to pursue both a legal studies major and a paralegal studies minor may substitute the following two courses in order to complete both programs and graduate with 120 hours:

Instead of LEGS 1150 Introduction to Law and the Legal Profession take LGST 2100 The Legal Profession. Instead of LEGS 2100 Legal Research and Writting I take LGST 4000 Legal Research and Trial Advocacy. These course substitutions are available only for students pursuing this combined major and minor.

MINORS IN HUMANITIES

Communication Minor
The communication minor at NSU helps students broadly educated in the humanities to be competitive in our ever-changing information-based society. Studies in communication help to prepare students for careers in human resources, public relations, mass media, health care, law, business, education, social services, sales, and public administration. The curriculum emphasizes both the theoretical and practical aspects of communication.

The student must complete at least six of the courses listed—two from the required courses menu and four others from a menu of remaining course options—for a total of 18 credits.

Required:
COMM 2100  Mass Media 3
PHIL 3010  Ethical Issues in Communication 3

6 credit hours

Theory and Practice in Communication Studies:
Students must select four courses, at least two of which must be at the 3000 or 4000 level.
ADRB 2000  Introduction to Dispute Resolution 3
ARTS 2300  Art and Society 3
COMM 1010  Public Communication 3
COMM 2020  Argument and Debate 3
COMM 2030  Introduction to Performance Studies 3
COMM 2200  Introduction to Broadcast Journalism 3
COMM 3050  Advanced Performance Studies 3
COMM 3100  Gendered Images in Popular Culture 3
COMM 3120  Speech Communication for the Professions 3
COMM 4900  Special Topics in Communication 3
MGMT 3020  Organizational Communication 3
PSYC 2330  Interpersonal Communication 3
WRIT 2010  Introduction to Journalism 12 hours

18 total credit hours

Note: At least nine credits in the minor must be at the 3000-level or above. No more than three credits taken to fulfill general education or major requirements can be applied to the minor.

English Minor
The English minor provides a broad overview of American, British, and world literatures and reinforces effective writing and analytical skills. Combined with any major program of study, the English minor offers students an opportunity to improve their critical thinking and writing, a plus for any profession, and also widens students’ perspectives about literary texts of the world from antiquity to the present.

Students minoring in English must take 18 credits of English by selecting two courses from each of the following three groups:

Survey Literature
LITR 2010  British Literature I 3
LITR 2011  British Literature II 3
LITR 2020  American Literature I 3
LITR 2021  American Literature II 3
LITR 2030  World Literature I 3
LITR 2031  World Literature II 3

Intermediate Study
LITR 3010  Studies in British Literature 3
LITR 3020  Studies in American Literature 3
LITR 3030  Studies in World Literature 3
LITR 3040  Women and Literature 3
LITR 3050  American Studies in Literature 3
LITR 3060  History and Structure of the English Language 3
LITR 3500 Literature and Medicine 3
LITR 3610 Literary Genres 3

Advanced Study
LITR 4050 Literary Criticism and Theory 3
LITR 4060 Critical Theories and Gender 3
LITR 4700 Major Authors 3
LITR 4710 Legends and Myths 3
LITR 4900 Special Topics in Literature 3

Note: Credits taken to fulfill general education requirements cannot be applied to the minor.

Gender Studies Minor
The gender studies minor examines the relationship between biological differences and social inequality, explores the construction of sexual identity, and analyzes the variations in gender systems that have occurred across cultures and over time. Students who complete the 18-credit minor will explore the methods and concepts of gender studies in a variety of academic disciplines, including sociology, psychology, literature, philosophy, film, economics, and law.

Individual courses are also open to the general student population.

Required:
GEST 2050 Introduction to Gender Studies 3
GEST 4900 Special Topics in Gender Studies 3

Select four courses:
ARTS 3000 Film Studies: Women in Film 3
ARTS 3020 Women in the Arts 3
BIOL 4600 Biological Bases of Behavior: Gender 3
COMM 3100 Gendered Images in Popular Culture 3
PSYC 2110 Human Sexuality 3
LITR 4060 Critical Theories and Gender 3
PHIL 4900 Special Topics in Philosophy 3
(Please offer the same as the Philosophical Issues of Gender and Sex)
PSYC 3360 Psychology of Gender 3
SOC 3110 Gender, Sexuality, and the Family 3
SOC 3300 Gender at Work 3

18 total credit hours

Note: Credits taken to fulfill general education requirements cannot be applied to the minor.

Global Studies Minor
The global studies minor provides a broad international perspective for students who plan careers in business, government, medical and psychological services, the legal profession, or education. The courses in this minor allow students to expand their concept of social and ecological responsibility in the global arena. The minor sponsors research and provides opportunity for unique field-study experiences, internships, and community service abroad.

Political Science Minor:
Select six courses, three of which must be at or above the 3000-level:
ARTS 3400 Nonwestern and Modern Art 3
GEOG 2050 Survey of Geography 3
GEOG 2900 Special Topics in Geography 3
GEOG 3000 Geography of Ecotourism 3
GEOG 4900 Advanced Special Topics in Geography 3

GLBS 1500 Global Issues 3
GLBS 2160 African Studies 3
GLBS 2250 The Pacific Rim 3
HIST 2130 The Formation of Latin America 3
HIST 2140 Modern Latin America 3
HIST 2200 Asian History 3
HIST 2300 Caribbean History 3
HIST 3040 Studies in European and Nonwestern History 3
HIST 3240 Irish History 3
LA CS 4850 Preparation for Field Study 3
LA CS 4860 Field Study in Latin America 3
LGST 2400 Comparative Legal Systems 3
LGST 4410 International Law 3
LITR 2030 World Literature I 3
LITR 2031 World Literature II 3
LITR 3030 Studies in World Literature 3
PHIL 3360 Environmental Ethics 3
PSYC 3760 Multicultural Issues in Psychology 3

18 total credit hours

Students may receive a concentration in Latin American/Caribbean studies by completing the following courses as part of the minor:
HIST 2130 The Formation of Latin America 3
HIST 2140 Modern Latin America 3
HIST 2300 Caribbean History 3

Note: No more than three credits taken to fulfill general education or major requirements can be applied to the minor.

History Minor
(Students will be accepted into this program beginning in January 2004.)

The history minor provides a broad overview of United States, European, Latin American, and world history and reinforces effective writing and analytical skills. Combined with any major program of study, the history minor offers students an opportunity to improve their critical thinking and writing, a plus for any profession, and also widens students' perspectives about historical events of the world from antiquity to the present.

Historical Surveys
Students must complete two courses from the following:
HIST 1030 American History to 1865 3
HIST 1040 American History since 1865 3
HIST 1090 Early Western History 3
HIST 1110 Modern Western History 3
HIST 1150 Early World History 3
HIST 3010 Constitutional History I 3
HIST 3020 Constitutional History II 3
HIST 3040 Studies in European and Nonwestern History 3

Intermediate and Advanced Study Students must complete four of the following courses, three of which must be at or above the 3000-level:
HIST 2130 The Formation of Latin America 3
HIST 2140 Modern Latin America 3
HIST 2200 Asian History 3
HIST 2300 Caribbean History 3
HIST 3010 Constitutional History I 3
HIST 3020 Constitutional History II 3
HIST 3030 Studies in American History 3
HIST 3040 Studies in European and Nonwestern History 3
DIVISION OF MATH, SCIENCE, AND TECHNOLOGY

The bachelor of science degree is offered through the Division of Math, Science, and Technology with the following major concentrations:

Athletic Training
Biology (premedical)*
Computer Information Systems
Computer Science
Environmental Science/Studies*
Marine Biology*

*Please note: These majors are available only to students enrolled in the Professional and Liberal Studies Program (day students on campus).

ATHLETIC TRAINING MAJOR

The overall objective of the athletic training major is to graduate students who are highly skilled clinicians able to think critically through any athletic training-related issue, and who will assume leadership roles in the athletic training profession in any setting where athletic trainers are employed. The athletic training major provides a curriculum designed to ensure that students who graduate from the program meet all the requirements to sit successfully for the National Athletic Trainers Association Board of Certification (NATABOC) certification examination. The curriculum provides a balance between classroom instruction and clinical experience. Clinical experiences are provided both on the NSU campus and at other South Florida locations that include sports clinics, the public school system, and the many professional sports venues in the South Florida community.

Caring and dedicated faculty members in the Farquhar College of Arts and Sciences (CAS) team up with the professional, experienced athletic trainers in NSU’s active NCAA division II athletic program and the physician assistants, physical therapists, and occupational therapists in the College of Allied Health and Nursing to deliver a dynamic, state-of-the-art program in athletic training. The collaboration of these professionals has produced athletic training curricula, some of which lead to not only a Bachelor of Science in Athletic Training, but also, for qualified students, to professional degrees in the programs for physician assistant, occupational therapy, and/or physical therapy.

In addition to the CAS admission requirements, admission to the athletic training major also includes a minimum high school GPA of 2.5 based on college preparatory work and a minimum score of 1000 on the SAT (or the ACT equivalent). Students applying for the athletic training program will read the handout containing Technical Standards for Entry-level Athletic Training Education and sign it. This will ensure that
Students enrolled in the athletic training program are physically, mentally, and emotionally able, with or without reasonable accommodations, to perform the duties and functions of an athletic trainer.

Students will take introductory classes in athletic training in the first and second semester of their freshman year. During that time, they will also spend 100 hours observing athletic trainers in a variety of settings. After having successfully completed these requirements, students will be able to matriculate in the athletic training major. Continuation in an athletic training major will depend upon successfully achieving a cumulative GPA of 2.5 in all coursework in the first two semesters and receiving a grade of B- or higher for Introduction to Athletic Training, Basic Principles of Athletic Training, and First Aid/CPR/Emergency Care classes. Furthermore, 100 clinical observation hours should be successfully completed and students should receive positive evaluations by the supervising athletic trainers.

*Note: Students who major in athletic training fulfill their science general education requirements with science courses in the major.

**BIOLOGY (PREMEDICAL) MAJOR**

The biology major, with a premedical emphasis, provides a strong curriculum in biology with significant study in the physical sciences. This major can provide the basis for graduate study in specialized fields of biology, for professional training in medical fields, and for teaching. Professional careers in the medical fields and in biology involve graduate study beyond the baccalaureate degree; therefore, both the core and the major have been designed to meet the admission requirements of many medical, dental, pharmacy, optometry, allied health, and veterinary schools, and of schools for graduate study in the biological sciences. Dual admissions and combined programs with the Nova Southeastern University Health Professions Division are available for select, qualified students. Information on these programs can be obtained from the Office of Undergraduate Admissions.

Students majoring in biology may also qualify for entrance into NSU’s master of occupational therapy program. Students interested in this career objective should work closely with their academic adviser to ensure proper prerequisites are met.

**LEARNING OUTCOMES**

Faculty members expect successful graduates of the Division of Math, Science, and Technology to:

- demonstrate a working knowledge of the scientific method
- demonstrate essential knowledge of biology
- demonstrate essential knowledge of chemistry
- demonstrate essential knowledge of physics
- communicate concisely and clearly
- use mathematics to solve scientific problems and evaluate research data
- use current technology to gather, process, transmit, and display information
- demonstrate knowledge of ethical, historical, and contemporary issues related to the life sciences (biology majors only) or marine sciences (marine biology majors only)
- relate basic biological, chemical, geological, and physical knowledge to marine sciences (marine biology majors only)

### Computer Science Major

The computer science (CS) major deals with the systematic study of algorithms and data structures. The CS curriculum is consistent with recommendations outlined by the Association for Computing Machinery (ACM) and emphasizes laboratory experience as a major component of courses. By integrating theory, abstraction, and design, the curriculum bridges the gap between hardware and software issues. The program provides students with an opportunity to gain in-depth, rigorous instruction in the following nine areas of computer science (as specified by the national ACM/IEEE Joint Curriculum Task Force): algorithms and data structures, architecture, artificial intelligence and robotics, database and information retrieval, human-computer communication, numerical and symbolic computation, operating systems, programming languages, and software methodology and engineering. A grade of C- or higher is required in all program and major requirements.

#### Learning Outcomes

A successful CS graduate is expected to:

- demonstrate understanding of the field of computer information systems, both as an academic discipline and as a profession within the context of society
- demonstrate understanding of the theoretical foundations of the field of computer information systems
- demonstrate knowledge of the essential elements of computer information systems
- apply knowledge of computing and information systems to specific problems and produce solutions
- demonstrate an appreciation for the ethical and societal issues associated with the computing field
- demonstrate the capability for staying current and, more generally, for achieving ongoing self-education in the information systems discipline
- use current programming languages, software development tools, software systems, database systems, multimedia systems, and commonplace computing platforms

### Computer Information Systems Major

The computer information systems (CIS) major prepares the student for a career in the fields of business and information technology as an information systems specialist, Web developer, multimedia designer, or network specialist. Emphasis is placed on programming languages, data structures, distributed data processing, multimedia database systems, database management, networks and data communications, and information systems organization. The CIS curriculum is consistent with recommendations outlined by the Association for Computing Machinery (ACM); it provides a balance between fundamental computer information systems concepts and the application of those concepts from a future-oriented perspective. A grade of C- or higher is required in all program and major requirements.

#### Learning Outcomes

A successful CIS graduate is expected to:

- demonstrate understanding of the field of computer information systems, both as an academic discipline and as a profession within the context of society
- demonstrate understanding of the theoretical foundations of the field of computer information systems
- demonstrate knowledge of the essential elements of computer information systems
- apply knowledge of computing and information systems to specific problems and produce solutions
- demonstrate an appreciation for the ethical and societal issues associated with the computing field
- demonstrate the capability for staying current and, more generally, for achieving ongoing self-education in the information systems discipline
- use current programming languages, software development tools, software systems, database systems, multimedia systems, and commonplace computing platforms

### Open Electives

### Total Degree Requirements

120 credits
Track One: Environmental Science
A n earth systems foundation providing comprehensive knowledge of Earth’s physical, chemical, and biotic systems. Students may qualify to enroll in a dual-admission program with NSU’s Oceanographic Center to earn a master’s degree in marine environmental science. Refer to the “Dual Admission Program” section of this catalog for further information and admission requirements.

Track Two: Environmental Studies
A program with an emphasis on social issues and how humanity impacts the environment. This track emphasizes the applied side of environmental science and, specifically, incorporates ecotourism and sustainability in the Caribbean Basin, Central America, Ecuador, and Peru. Program goals include providing students with internships and potential contacts for employment in areas throughout the Western Hemisphere.

GENERAL EDUCATION REQUIREMENTS FOR BOTH TRACKS 39*
MATH 1030 Intermediate Algebra (for Studies majors) 3
OR
MATH 1250 Trigonometry (for Science majors) 3

*Note: Students who major in environmental science/studies fulfill their natural and physical sciences general education requirements with courses listed below:
- Humanities (see program requirements) 15
- Social and Behavioral Sciences (see program requirements) 9

MAJOR REQUIREMENTS FOR BOTH TRACKS 24
ENVS 1100 Environmental Science I 3
ENVS 1200 Environmental Science II 3
ENVS 3100 Environmental Issues 3
ENVS 3350 Environmental Law and Policy 3
ENVS 4300 Industrial Ecology 3
GEOG 2050 Survey of Geography 3
GEOG 3000 Geography of Ecotourism 3
PHIL 3360 Environmental Ethics 3

PRACTICUM PROGRAM FOR BOTH TRACKS
ENVS 4500 Internship (three eight-week modules of 3 credits each) 9

TOTAL CREDITS REQUIRED FOR ALL MAJORS 120

ENVIRONMENTAL SCIENCE/STUDIES MAJOR
Students who wish to major in environmental science/studies must select one of two degree tracks. The program is designed so students will share a common set of courses in their freshman year to ensure that all students gain an overview of the subject. Upon entering their sophomore year, students will be required to select a specific program of study. Both programs are designed to be completed within a four-year period. A practicum/internship in the eighth semester is required of all students.
GLBS 1500  Global Issues 3
Any BIO1, PHYS, or CHEM courses 6

Choose one of the following components.

**Ecotourism Component**
- GEOG 2910  Amazonia Cloud Forest Biodiversity 3
- HIST 2140  Modern Latin America 3

- GEOG 2910  Amazonia Cloud Forest Biodiversity 3
- GEOG 2950  Summer Field Project 3

**OPEN ELECTIVES**

**TOTAL DEGREE REQUIREMENTS FOR ENVIRONMENTAL STUDIES** 120

**MARINE BIOLOGY MAJOR**
The marine biology major is designed to prepare students for a career or further graduate study. The curriculum consists of a set of core courses in physical and natural science, leading to a degree that is designed as a solid basis for entering the field of marine biology, as well as preparation for further graduate study in this area. A dual-admission combined bachelor's-master's program with the Oceanographic Center is available for select, qualified students. Information on this program can be obtained from the undergraduate Office of Admissions.

*Note: Students who major in marine biology fulfill their natural and physical sciences general education requirements with courses listed below, under “Major Requirements.”

**MAJOR REQUIREMENTS** 43

**MAJOR ELECTIVES GROUP I** at least 8
- Select at least 8 classroom-based credits from the list below:
  - BIOL 3110  Vertebrate Structure and Function I/Lab 5
  - BIOL 3120  Anatomy and Physiology I 4
  - BIOL 3330  Anatomy and Physiology II 4
  - BIOL 3400  Microbiology/Lab 4
  - BIOL 4340  Cellular and Molecular Biology 3
  - BIOL 4450  Biochemistry/Lab 4
  - CHEM 3200  Essentials of Organic Chemistry/Lab 4
  - SCIE 3210  History of Science 3
- TECH/CSIS Elective 3

**MAJOR ELECTIVES GROUP II** 6
- Select at least six credits, some required field components, from the list below:
  - MBIO 3350  Gulf Stream Ecology 3
  - MBIO 3650  Marine Vertebrates 3
  - MBIO 3750  Coral Reefs and Coral Communities 3
  - MBIO 3900  Special Topics in Marine Science 3
  - SCIE 4490  Research Methods 3

**MAJOR ELECTIVES GROUP III** 6
- Select at least six lab or field-based credits from the list below:
  - MBIO 2910  Introduction to Marine Biology Field Topics 1-3
  - MBIO 4210  Ecology of the Great Barrier Reef 3
  - MBIO 4230  Belize Reef Ecology 3
  - MBIO 4250  Ecology of the Galapagos Islands 3
  - MBIO 4910  Marine Biology Field Topics 1-3
  - SCIE 4990  Independent Study in Science 1-12

**GENERAL ELECTIVES**

**TOTAL DEGREE REQUIREMENTS** 120

**MINORS IN MATH, SCIENCE, AND TECHNOLOGY**

**Chemistry Minor**
The fundamental role that chemistry plays in medicine, pharmacy, and the environment can be further explored in the chemistry minor. Basic, clinical, and field research in these disciplines all involve the application of chemical principles and techniques. The minor offers advanced courses in chemistry expanding on the base provided by general and organic chemistry. Cross disciplinary in its approach, the chemistry minor complements the student’s major area of study.

All students majoring in chemistry select 15 credits from the following menu of courses:
- BIOL 4450  Biochemistry/Lab 4
- CHEM 3200  Essentials of Organic Chemistry 4
- CHEM 3250  Bioinorganic Chemistry/Lab 4
- CHEM 3300  Organic Chemistry I/Lab 4
- CHEM 3310  Organic Chemistry II/Lab 4
Students may not apply courses taken to fulfill general education, program, or their major requirements to the minor.

**Computer Information Systems Minor**

This minor is intended for students in any major who wish to acquire more knowledge in the computer information systems field. Topics covered include programming, database systems, Web programming, and networking. Students must complete 20 credit hours for the minor.

All students minorin/computer information systems take the following six courses:

- CSIS 1400 Discrete Mathematics 3
- CSIS 1900 Computer Programming I 4
- CSIS 2000 Introduction to Database Systems 3
- CSIS 2950 Computer Programming II 4
- CSIS 3020 Web Programming and Design 3
- CSIS 3500 Networks and Data Communication 3

20 total credit hours

**Information Technology Minor**

This minor is intended for students in any major who wish to achieve specialization and knowledge in information technology. The tech courses in the minor are designed for students to tailor content and focus activities to their own area of study or interest. Students must complete 18 hours in this curriculum; nine hours of required technology courses, three hours in a directed technology project in the area of their choice, and six hours selected from the menu of approved courses. The directed research course is taken last and involves original research and/or technology implementation. A generic template appropriate for Tech 4900 in any topic area is available from the division director.

All students minoring in information technology take the following three required courses:

- TECH 1110 Technology in the Information Age (or competency) 3
- TECH 2000 Computer Technology: The Impact and Implications 3-4
- TECH 2150 Introduction to Internet Resources 3

9 credit hours

All students minoring in information technology must select one of the following as the final course in the minor:

- CSIS 4900 Directed Project in Computer Science 3-8
- TECH 4900 Directed Project in Technology 1-12

3 credit hours

All students minoring in information technology select two courses from the following menu:

- BUSS 3020 Business Communications 3
- CSIS 1900 Computer Programming I 4
- CSIS 2950 Computer Programming II 4
- CSIS 3010 Organization of the Computer Environment 3
- CSIS 3020 Web Programming and Design* 3
- CSIS 4530 Database Management 3
- EDUC 4320 Integrating Instructional Technology in the Classroom 3
- EECB 4402 Instructional Technology in the Learning Environment 3
- MGMT 3070 Stress Management (same course as PSYC 3070) 3
- MGMT 3660 Management Information Systems 3
- PHIL 3010 Ethical Issues in Communications 3
- PSYC 2330 Interpersonal Communication 3
- PSYC 3070 Stress Management (same course as MGMT 3070) 3
- TECH 2130 Business Applications of Microcomputers 3
- TECH 3000 Multimedia Design 3
- TECH 3520 Emerging Technology in Education 3
- TECH 3530 Multimedia Technology for Educators 3
- TECH 4050 Business Data Communication 3
- TECH 4510 Utilizing Technology to Develop Curriculum 3

15 total credit hours

Note: Students may not apply courses taken to fulfill general education, program, or their major requirements to the minor.

**Physics Minor**

A knowledge of physics is useful for students in fields that range from biology and medicine to computer science, as well as being essential for education majors who intend to teach physical sciences in high school. The physics minor is intended to provide these students with a basic background in physics and related mathematical methods. All students in the minor must take a core of required courses in mechanics, electromagnetism, and modern physics. The remainder of the minor then consists of a set of additional physics and mathematics courses chosen by the student, so that the minor can be tailored to the needs and interests of the individual student.

The physics minor consists of 18 credit hours at the 3000 level or above. Only three hours may be applied to the major. The minor may include up to 3 hours of independent study, up to 3 hours of special topics, and up to 3 hours of mathematics.

Students must complete 18 credits for the minor.

All students minoring in physics are required to take the following courses:

- PHYS 3500 Mechanics 3
- PHYS 3600 Electromagnetism 3
- PHYS 3700 Modern Physics I 3
- PHYS 3750 Modern Physics II 3

A didatic courses must be chosen from the following list.

- PHYS 3300 Optics 3
- PHYS 3100 Biophysics 3
- PHYS 3800 Intro. to Elementary Particle Physics 3
- PHYS 4900 Independent Study 1-12
- PHYS 4900 Special Topics 1-12
- MATH 3100 Differential Equations 3
- MATH 3300 Intro. Linear Algebra 3
- MATH 4050 Advanced Calculus I 3
- MATH 4060 Advanced Calculus II 3

**DIVISION OF SOCIAL AND BEHAVIORAL SCIENCES**

The bachelor of science degree is offered through the Division of Social and Behavioral Sciences with the following majors:

**Paralegal Studies**

**Psychology**

**Paralegal Studies Major**

The paralegal studies major is approved by the American Bar Association, which has defined a paralegal as “a person, qualified by education, training, or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency, or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible.”
The goal of the Paralegal Studies Program is to educate graduates for entry-level paralegal positions in the common areas of law practice. Paralegals are nonlawyers and, therefore, are prohibited from the unauthorized practice of law. The program is one that trains paralegals and is not a program for training lawyers or legal administrators.

Students pursuing a bachelor’s degree in this major or postbaccalaureate certificate are required to submit a paralegal portfolio at an exit interview with the program coordinator prior to degree conferral or certificate conferral.

**PROGRAM OBJECTIVES**

The objectives of the Paralegal Studies Program are to

- provide students with a broad-based education in both liberal arts and paralegal studies
- provide paralegal courses that enable students to obtain substantive legal knowledge, to develop analytical skills, and to apply the knowledge they have learned to tasks routinely performed by paralegals
- to be responsive in course offerings to the needs of paralegals and attorneys
- to ensure that students are familiar with the ethical guidelines for paralegals
- to provide students with the opportunity to take computer courses with software that is used in most offices dealing with law-related issues
- to familiarize students with the paralegal profession and the opportunities that are available to them on completion of the program

**LEARNING OUTCOMES**

A successful paralegal studies graduate is expected to

- explain the basic theories, doctrines, concepts, and associated principles that comprise the knowledge base of law, with specific emphasis on torts, contracts, wills and trusts, civil procedure, litigation, family law, business organizations, real estate, and criminal law
- use critical-thinking skills to analyze and evaluate relevant facts and supporting material
- use communication and interpersonal skills to effectively interact with clients, attorneys, judges, court personnel, and coworkers
- categorize, organize, prioritize, and evaluate complex factual and legal issues
- use legal-research skills to research and find statutes, cases, and other primary source material, and to draft legal documents

**LAMBDA EPSILON CHI**

Nova Southeastern University has been given charter membership in Lambda Epsilon Chi (LEX), a national honor society in paralegal/legal assistant studies. The purpose of LEX is to recognize those who have demonstrated superior academic performance in an established program of paralegal studies offered at an institution that is an institutional member in good standing of the American Association for Paralegal Education (AAFPE).

Students are inducted into LEX twice a year. To be eligible for induction, a student must have successfully completed two-thirds of the program and be in the top 10 percentile.

**PSYCHOLOGY MAJOR**

The psychology major provides students with a solid grounding in the knowledge base of psychology. It encourages students to integrate and apply knowledge, and allows flexibility in course selection to help students meet their career goals. The major emphasizes scientific research and application to significant areas of human activities.

**LEARNING OUTCOMES**

A successful psychology graduate is expected to

1. Demonstrate knowledge of basic theories and associated principles that contribute to the knowledge base of psychology. These theories and associated principles fall into the areas of
   - personality
   - human development
   - learning
   - cognition
   - group process and social influence
   - biological influences on human functioning
   - abnormal behavior and its treatment
2. Recognize and explain the scientific methods used to generate information in the field
3. Locate information in the field and critically evaluate this information
4. Apply basic theories and principles to significant areas of human activities
5. Conduct original research work and/or beginning-level human service work

Students planning to work in the mental health field are encouraged to take abnormal psychology, a counseling course, behavior modification, tests and measurements, and at least one substance abuse studies course. Students who plan to take the GRE and/or plan to enter a doctoral program should take practicum in psychological research and advanced practicum, and as many of the foundation courses as possible. Students who are hoping to become substance abuse counselors should take the substance abuse minor courses.

Students majoring in psychology may also qualify for entrance into NSU’s master’s degree in occupational therapy program. Students interested in this career objective should work closely with their academic adviser to ensure that proper prerequisites are met.

Students not sure about which specialty they are most interested in should take as many of the foundation courses as possible at the start of their program of studies. Division advisers will help students design individual courses of study that will help them meet their career goals.

Psi Chi
Nova Southeastern University has been awarded a charter membership in Psi Chi, the U.S. National Honor Society in Psychology. Psi Chi was founded in 1929 to promote excellence in scholarship and advance the science of psychology. Membership is open to undergraduate students who meet the minimum academic qualifications.

PSYC 3260 Abnormal Psychology 3

Criminal Justice Minor
The 18-credit-hour criminal justice minor is designed to provide students with an overview of law enforcement policies and procedures. This course of study includes coverage of criminal procedure and the rights of the accused, civil rights of prisoners, rights and responsibilities of law enforcement officers, and the administration of criminal justice organizations. This minor is recommended for students interested in criminology, criminal defense or prosecution, or other law enforcement-related fields. The criminal justice minor provides perspectives of the criminal justice system from the psychological, legal, law enforcement, and correctional perspectives.

All students minoring in criminal justice take the following required courses:
CRJU 2200 Criminal Law and Procedure 3
CRJU 2300 Introduction to Criminal Justice 3
CRJU 3000 Constitutional Issues in the Criminal Justice System 3
CRJU 3200 Correctional Theory and Practice 3

OPEN ELECTIVES 30

TOTAL DEGREE REQUIREMENTS 120
Forensic Psychology Minor

The forensic psychology minor prepares students for work involving interactions between law and psychology. The minor also prepares students for advanced training in forensic psychology and related fields.

Students will learn the fundamental principles of litigation, including methods of alternative dispute resolution; legal standards relating to working as a mental health professional; legal standards relating to testifying as an expert witness; methods of forensic evaluation; strategies for testifying as an expert; methods of screening police officer applicants; methods of training and counseling law enforcement officers; methods of assisting attorneys in selecting jurors and in evaluating trial strategies; evaluation and treatment procedures of correctional mental health workers; methods of community corrections, including the roles of probation and parole officers; methods of crim- victim assistance programs; and legal incompetency, civil commitment, dependency and neglect, mental health malpractice, and child custody determinations.

To earn a minor in forensic psychology, students must complete PSYC 2450 Forensic Psychology, and at least five of the following courses:

- A DBR 2000 Introduction to Dispute Resolution 3
- PSYC 3260 Abnormal Psychology 3
- PSYC 3600 Criminal Justice and Substance Abuse 3
- PSYC 4810 Practicum in Community Psychology 3

(Note: only forensic sites qualify)

CRJU 2200/LEGS 3050 Criminal Law and Procedure 3
CRJU 3000 Constitutional Issues in the Criminal Justice System 3
CRJU 3200 Correctional Practice and Theory 3

18 total credit hours

Students should be aware that some minor courses are offered only in the evening or on weekends.

Note: Students may not minor in both criminal justice and forensic psychology.

Paralegal Studies Minor

A paralegal, as defined by the American Bar Association, is "a person, qualified by education, training, or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency, or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible." Paralegals are nonlawyers, and therefore, are prohibited from the unauthorized practice of law.

The paralegal studies minor is appropriate for students pursuing paralegal or other law-related careers or businesses and for others who desire to understand the U.S. legal system and enhance their legal knowledge and skills. This minor is not designed for training lawyers or legal administrators.

All students minoring in paralegal studies take the following required courses:

- LEGS 1150 Introduction to Law and the Legal Profession 3
- LEGS 2100 Legal Research and Writing I 3
- LEGS 3050 Criminal Law and Procedure 3
- LEGS 3210 Computer Applications for the Legal Profession* 3
- LEGS 3300 Torts and Civil Litigation 3
- LEGS 3400 Business Relations and Organizations 3

18 credit hours

Psychology Minor

The 18-credit-hour minor in psychology is intended to provide students with a solid grounding in the knowledge base of psychology and the opportunity to explore areas of psychology that most closely correspond to their interests and goals.

All students minoring in psychology take the following required courses:

- PSYC 1020 Introduction to Psychology 3
- PSYC 2330 Interpersonal Communication 3

6 credit hours

Students select at least two of the following seven courses:

- PSYC 2350 Child and A dolescent Development 3
- PSYC 3000 Psychological Research Methods 3
- PSYC 3160 Social Psychology 3
- PSYC 3210 Personality 3
- PSYC 3260 Abnormal Psychology 3
- PSYC 3510 Human Learning and Cognition 3
- PSYC 4600 Biological Bases of Behavior 3

6 credit hours

With assistance from an academic advisor or faculty mentor, students select two psychology elective courses (these can include additional courses from the list above).

6 credit hours

18 total credit hours

Note: At least three of the six psychology courses must be 3000- or 4000-level courses.

Sociology Minor

The 18-credit minor in sociology is intended to provide students with a solid grounding in the knowledge base of sociology. It covers social processes and change in a variety of arenas including families, work, gender, and communities.

All students minoring in sociology take the following required courses:

- SOCL 1020 Introduction to Sociology 3
- SOCL 2130 Family Relationships 3
- SOCL 2510 Social Problems 3

9 credit hours

Students also select three of the following five courses:

- SOCL 3130 Family Systems 3
- SOCL 3110 Gender, Sexuality, and the Family 3
- PSYC 3160 Social Psychology 3
- SOCL 3300 Gender at Work 3
- PSYC 3550 Substance Abuse and the Family 3

9 credit hours

18 total credit hours

Speech-Language Pathology Minor

The 18-credit-hour minor in Speech-Language Pathology provides students with a basic understanding of communication sciences and disorders. All students minoring in speech-language pathology take the following required three-credit courses:
CSAD 2000 Introduction to Hearing, Speech, and Language 3
CSAD 3010 Phonetics 3
CSAD 3020 Anatomy and Physiology of the Speech and Hearing Mechanisms 3
CSAD 3030 Speech and Language Development 3
CSAD 3040 Neuroanatomy 3
CSAD 3050 Hearing and Speech Science 3
18 total credit hours

Students should be aware that some minor courses are offered only in the evening or on weekends.

Substance Abuse Studies Minor
This minor is designed to meet the needs of those who wish to develop a broad base of knowledge concerning substance abuse problems, resources available for managing these problems, and modes of treatment of the individual substance abuser. This minor is appropriate for students employed in or wishing to enter the field of substance abuse treatment, as well as students who feel that the knowledge base provided in this program will be useful to them in their careers (management, teaching, etc.).

The substance abuse studies minor includes six core and two counseling courses:
PSYC/EDUC 3620 Drug Prevention and Education 3
PSYC/SOCL 3550 Substance Abuse and the Family 3
PSYC 3600 Criminal Justice and Substance Abuse 3
PSYC 3570 Psychology and Physiology of Substance Abuse 3
PSYC 3580 Rehabilitation Strategies and Substance Abuse Treatment 3
PSYC 3630 Ethical and Professional Development in Substance Abuse 3
PSYC 3800 Current Psychotherapies 3
PSYC 4150 Group Counseling 3
24 total credit hours

Students should be aware that some minor courses are offered only in the evening or on weekends.

Certificate Programs in Social and Behavioral Sciences

Paralegal Studies Certificate Program
A paralegal, as defined by the American Bar Association, is “a person, qualified by education, training, or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency, or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible.”

The goal of the Postbaccalaureate Paralegal Studies Certificate Program is to educate graduates for entry-level paralegal positions in the common areas of law practice. Paralegals are non-lawyers, and therefore, are prohibited from the unauthorized practice of law. The program is one that trains paralegals and is not a program for training lawyers or legal administrators.

Students in the postbaccalaureate certificate program are required to submit a paralegal portfolio at an exit interview with the program coordinator prior to certificate conferral.

Students take the following required courses:
LEGS 1150 Introduction to Law and the Legal Profession 3
LEGS 2100 Legal Research and Writing I 3
LEGS 3050 Criminal Law and Procedure 3
LEGS 3210 Computer Applications for the Legal Profession* 3
LEGS 3500 Torts and Civil Litigation 3
LEGS 3400 Business Relations and Organizations 3
18 credit hours

Students select two of the following three courses:
LEGS 3260 Real Estate Practice I 3
LEGS 3360 Wills, Trusts, and Estates I 3
LEGS 3550 Family Law 3
6 credit hours

24 total credit hours

Substance Abuse Studies Certificate Program
NSU is listed as a single-source provider by the Florida Certification Board (FCB). The certificate program in substance abuse studies prepares students for certification from the Florida Certification Board SS #02. The program is designed so interested applicants will be able to pursue certification without interrupting their current careers.

The FCB has three specialty areas for certification: Certified Addictions Professional (CAP), Certified Criminal Justice Addiction Professional (CCJAP), and Certified Addiction Prevention Professional (CAPP). NSU is the only single-source provider in Florida that offers courses in all three specialty areas.

The substance abuse studies certificate includes six core and two counseling courses:
PSYC/EDUC 3620 Drug Prevention and Education 3
PSYC/SOCL 3550 Substance Abuse and the Family 3
PSYC 3600 Criminal Justice and Substance Abuse 3
PSYC 3570 Psychology and Physiology of Substance Abuse 3
PSYC 3580 Rehabilitation Strategies and Substance Abuse Treatment 3
PSYC 3630 Ethical and Professional Development in Substance Abuse 3
PSYC 3800 Current Psychotherapies 3
PSYC 4150 Group Counseling 3
24 total credit hours

Students should be aware that these courses are mainly offered in the evening or on weekends, but may also be available online and during the day.

*This course requires computer literacy. TECH 1110 Technology in the Information Age is a prerequisite for those entering the certificate program without a college-level computer course.
**COURSE DESCRIPTIONS**

*Note: Courses marked with an asterisk count toward fulfillment of the Gordon Rule. The Gordon Rule applies to students who enroll in a public postsecondary institution in the state of Florida. The rule requires that students complete a minimum of 24,000 words of writing in specifically designated courses and six credit hours of mathematics at the college algebra level or higher.*

### ALTERNATIVE DISPUTE RESOLUTION (ADRB)

**ADRB 2000 Introduction to Dispute Resolution**/3 sem. hrs. This course provides an introduction to conflict and conflict resolution and various ways in which conflict resolution can be practically applied. In addition, the course focuses on some of the basic theories of conflict escalation and de-escalation as well as communication and problem-solving skills with practical application using a variety of techniques. The course also introduces the student to the process of negotiating public disputes. Prerequisite: sophomore standing.

### THE ARTS (ARTS)

* **ARTS 1400 The Theater Arts**/3 sem. hrs. This course focuses on the arts of the theater, including drama, music, dance, and play production—particularly those plays representing major theatrical trends.

* **ARTS 1500 Music Through History**/3 sem. hrs. This course investigates the contribution of music and composers to Western culture since the Middle Ages. It encourages students’ recognition and analysis of instrumental voice and the structure and development of basic musical forms.

* **ARTS 2300 Art and Society**/3 sem. hrs. This course examines the ways in which artists and the arts have influenced Western society from the Renaissance to the 20th century, focusing on painting, sculpture, architecture, music, dance, and film. Students will also visit local museums and attend musical and theatrical events as a means of gaining a greater understanding of the arts within the local community. Prerequisite: WRIT 1000 or equivalent.

* **ARTS 2540 Introduction to Film Criticism**/3 sem. hrs. Understanding film as an art form through examining its history. Topics include the technological and commercial origins of film, social developments affecting film, and critical approaches to film. Prerequisite: WRIT 1500 or equivalent.

* **ARTS 3000 Film Studies**/3 sem. hrs. A study of film in its relation to specific film genres, minorities, or literature. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisites: ARTS 2540; WRIT 2000, 2010, or 2020.

* **ARTS 3300 Myth and Art**/3 sem. hrs. This course focuses on the relations between verbal and visual arts, particularly the myths and epics of Europe and the Mediterranean world, and the later literary and artistic traditions developing from them. Prerequisites: 1 ARTS course; WRIT 2000, 2010, or 2020.

* **ARTS 3400 Nonwestern and Modern Art**/3 sem. hrs. This course focuses on Asian Oceanic, African, and Native American arts and cultures, their discovery by the West, and their influences on the development of 20th-century art and society. Prerequisites: 1 ARTS course; WRIT 2000, 2010, or 2020.

* **ARTS 4900 Special Topics in the Arts**/3 sem. hrs. This course is designed for students with an interest in a particular period or genre of art, music, or theater; specific artists, composers, or dramatists; or topics not covered in other art, music, or theater courses. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisites: 1 ARTS course; WRIT 2000, 2010, or 2020.

### ATHLETIC TRAINING (ATTR)

**ATTR 1100 Introduction to Athletic Training**/1 sem. hr. Emphasis will be on study of the sports medicine team; legal concerns; nutrition; preparticipation physicals; and the role of conditioning, equipment, and protective padding. This course includes 50 hours of scheduled clinical observations at an approved site. Successful students must receive positive evaluations by the supervising ATCs.

**ATTR 1121 First Aid/CPR/Emergency Care**/1 sem. hr. This course will include American Red Cross Responding to Emergencies (First Aid, Adult CPR), Infant and Child CPR, Basic Life Support/Professional Rescuer certification courses, preventing disease transmission information, and automated external defibrillator and oxygen administration. Students will learn to recognize, assess, and treat acute injuries and illnesses of athletes and others involved in physical activities and to provide proper medical referral.

**ATTR 1200 Basic Principles of Athletic Training**/1 sem. hr. Emphasis will be on introduction to the basic concepts of preventing athletic injuries, injury recognition and assessment, and care and treatment procedures for proper management of athletic injuries. Additionally, students will be introduced to the study of etiology and mechanism of injury and pathology. This course includes 50 hours of scheduled clinical observations in an approved site. Successful students must receive positive evaluations by the supervising ATCs. Prerequisite: ATTR 1100.

**ATTR 2100 Basic Athletic Training/Lab**/4 sem. hrs. Emphasis will be on recognition, assessment, treatment, and appropriate medical referral of athletic injuries and illnesses of the extremities. Additional emphasis will be placed on the psychosocial aspects of injury and illness. Only for students matriculated in the Athletic Training Education Program. Prerequisite: ATTR 1200.

**ATTR 2210 Clinical Experiences in Athletic Training I**/1 sem. hr. Field experience in the application of learned principles from Athletic Training (AT). Only for students matriculated in the Athletic Training Education Program.

**ATTR 2220 Clinical Experiences in Athletic Training II**/1 sem. hr. Field experience in the application of learned principles from Athletic Training (AT). Only for students matriculated in the Athletic Training Education Program.

**ATTR 2230 Clinical Experiences in Athletic Training III**/1 sem. hr. Field experience in the application of learned principles from Athletic Training (AT). Only for students matriculated in the Athletic Training Education Program.

**ATTR 2240 Clinical Experiences in Athletic Training IV**/4 sem. hrs. Field experience in the application of learned principles from Athletic Training (AT). Only for students matriculated in the Athletic Training Education Program.

**ATTR 2300 Nutrition for Health, Sports, and Fitness**/3 sem. hrs. This course includes the study of nutrition, diet analysis, biochemical processes in energy metabolism, nutrition and health problems, and nutrition as it relates to physical performance, sports, and fitness.
ATTR 3100 General Medical Conditions and Disabilities/4 sem. hrs. Students will acquire skills and knowledge on the recognition, treatment, and referral of general medical conditions of the neuromuscular, musculoskeletal, integumentary, cardiopulmonary, and other bodily systems including, but not limited to, congenital and acquired abnormalities of athletes and other physically active individuals. Also included are physiological progression of injuries, illnesses, and diseases. Students will develop and acquire a knowledge, skill, and values base related to pathology, medical diagnostics, and medical interventions (pharmacological and procedural) and the implications of these for the athlete or others involved in physical activities. Prerequisite: BOL 3312 or BOL 3320.

ATTR 3200 Advanced Athletic Training Lab/4 sem. hrs. Emphasis will be on recognition, assessment, treatment, and appropriate medical referral of athletic injuries and illnesses of the head, cervical, thoracic, lumbar spine, and the pelvis. Additional emphasis will be placed on the psychosocial aspects of injury and illness. Only for students matriculated in the Athletic Training Education Program. Prerequisite: ATTR 1200.

ATTR 3300 Therapeutic Modalities Lab/3 sem. hrs. A study of sports therapy physical agents used to treat injuries of the musculoskeletal, neuromuscular, and integumentary system, including, but not limited to, cryotherapy, hydrotherapy, electrotherapy, biofeedback, and mechanical therapy. Students will apply the techniques and clinical skills related to the application of therapeutic modalities. Clinical hours in the athletic training room and other facilities (see Clinical Experience I through IV) will give the student the additional opportunity to use the knowledge, skills, and techniques learned in this course. Only for students matriculated in the Athletic Training Education Program. Prerequisite: ATTR 3200.

ATTR 3400 Professional Development and Responsibility/3 sem. hrs. This content area focuses on knowledge, skills, and values needed to understand professional responsibilities: avenues of professional development; national and state educational and regulatory agencies; and standards to promote athletic training as a professional discipline and to educate athletes, students of athletic training, the general public, the physically active, and associated individuals. Included among these are the NATABOC standards of professional practice and discipline; issues related to remaining current with latest research, the historical and current scope of athletic training and health care, and professional conduct. Only for students matriculated in the Athletic Training Education Program.

ATTR 4100 Organization and Administration in Athletic Training/3 sem. hrs. Basic concepts of legal liability, budget/financial and personnel management, marketing and public relations, inventory control, facility design and development, and maintenance will be addressed. Additionally, the student will discuss the day-to-day supervision, scheduling, and provision of services to athletes and other physically active individuals offered in training rooms, health care facilities, and other venues. Only for students matriculated in the Athletic Training Education Program.

ATTR 4200 Rehabilitation of Athletic Injuries Lab/4 sem. hrs. A study of the concepts and principles of a comprehensive rehabilitation program including the neuromuscular aspects of exercise, theories of motor control and motor learning, determination of therapeutic goals and objectives, selection of therapeutic exercises, methods of evaluating and recording rehabilitation progress, development of criteria for progress and return to competition, and the physiological effects of tissue trauma/wound healing and inactivity/immobilization. Students will apply the techniques and clinical skills related to the application of rehabilitation. Clinical hours in the athletic training room and other facilities (see Clinical Experience I through IV) will give the student the additional opportunity to use the knowledge, skills, and techniques learned in this course. Only for students matriculated in the Athletic Training Education Program. Prerequisite: ATTR 3300.

ATTR 4300 Applied Research in Athletic Training/3 sem. hrs. Research methodology, statistical analysis, data collection, and writing for publications related to athletic training. Students will get the theoretical basis and develop and write a research proposal (chapters 1, 2, and 3) that will be executed and completed during their senior clinical internship.

ATTR 4499 Senior Internship in Athletic Training/3 sem. hrs. Intensive, senior-level supervised work experience in Athletic Training (AT), an evening seminar and/or written report of experiences may be included. To be permitted to represent Nova Southeastern University in the public sector, students approved for off-campus internships must, in addition to satisfying stipulated academic requirements in the major, meet personal and professional standards established by national governing bodies. Only for students matriculated in the Athletic Training Education Program.

BIOLOGY (BIOL)

Division approval is required for courses taken without their accompanying labs, and for labs taken without their accompanying courses.

BIOL 1040 Environmental Studies/3 sem. hrs. Overview of environmental science that integrates social, economic, technical, and political issues. Problems of ecological disruptions, growth of human populations, land use, energy, water supplies, food supplies, pesticides, and pollution are covered.

BIOL 1060 Amoebas to Zebras: Life on Earth/3 sem. hrs. Tiptoe through the tulips, tapeworms, toadstools, tiger sharks, and tarantulas. This course is an overview of the diversity of life on earth, introducing the major groups of living things, from bacteria to mammals, with introductions to basic concepts in ecology, evolution, and life processes.

BIOL 1070 Basics of Human Heredity/3 sem. hrs. This course examines basic concepts of genetics and their application to human heredity and diversity. Topics covered include structure and function of DNA, genes and chromosomes, the role of genes in heredity, tracing of genetic traits in family trees, and advances in genetic technologies as applied to human medicine. This course is intended for nonbiological science majors. Prerequisite: MATH 1030 with a C or higher.

BIOL 1080 Human Biology/3 sem. hrs. This course explores the biology of the human organism and is designed to provide a framework by which the student can understand human biology at the cellular, molecular, and organismal levels, both in the healthy state and when it is diseased and/or malfunctioning. The course will emphasize the process of recognizing choices and the application of biological knowledge in the decision-making process. Topics will include a study of the organ systems, immunity, and reproduction and development. This course is not intended for biology majors.

BIOL 1090 The Age of Dinosaurs/3 sem. hrs. An introduction to the most fascinating period of life on earth—the Mesozoic Era—emphasizing the most famous inhabitants of the time—the dinosaurs: their kinds, ecology, evolution, life habits, and eventual extinction. The course also introduces basic concepts in evolution, geology, and paleontology needed to understand dinosaurs and the other animals and plants that populated the Mesozoic world.

BIOL 1100 Concepts and Connections in Biology/3 sem. hrs. Focuses on the fundamental concepts in the life sciences and helps students make connections to the real world. This course is designed to emphasize the required biological concepts needed by middle-school teachers. Basic functions of life are compared and contrasted in organisms representing the five kingdoms. Connections are made between the various life forms and humans. Heredity will be studied with special attention given to the classic experiments important in the development of the field of genetics. Throughout this course, students will develop a portfolio of resources applicable for use in the middle-school classroom.

BIOL 1101 Concepts and Connections in Biology Lab/1 sem. hr. The laboratory series connects science with teaching and the real world. Students are taught how to convert scientific themes into investigative packs for the curious nature of the middle-school student. The lab will be taught in a format that utilizes easily accessible equipment or supplies and uses resources that are generally available within the community. Laboratory exercises connect biology to the student and provide the student with an understanding of key biological concepts of plants, animals, physiology, anatomy, cells, and genetics.
BIOL 1220 Introduction to Marine Biology/3 sem. hrs. Introduction to marine environments of South Florida with emphasis on adaptation of local organisms to a variety of habitats including mangrove swamps, the intertidal zone, seagrass meadows, coral reefs, and the Gulf Stream. Field trips to various South Florida marine habitats will round out the course experience.

BIOL 1480 Biology I/3 sem. hrs. An introduction to the biological sciences for students interested in pursuing a career in this area. Includes cellular and molecular organization, cell reproduction, genetics, and evolution. This course does not include a lab. Prerequisite: MATH 1030 with a C or higher.

BIOL 1490 Biology II/3 sem. hrs. Second part of a two-part sequence that includes a survey of the five kingdoms and structure and function in plants and animals. This course does not include a lab.

BIOL 1500 Biology I/4 sem. hrs. An introduction to the biological sciences for students interested in pursuing a career in this area. Includes subcellular and cellular organization, structures and function, biochemistry, classical and molecular genetics, and population dynamics—all arranged around evolution as a major theme. Includes laboratory sessions. Prerequisite: MATH 1030 or higher.

BIOL 1510 Biology II/Lab/4 sem. hrs. Second part of a two-part sequence that includes a survey of the five kingdoms and structure and function in plants and animals. Includes laboratory sessions. Prerequisite: MATH 1030 or higher.

BIOL 1520 Biology Lab/1 sem. hr. An introductory lab course that covers subcellular and cellular organization, structures and function, biochemistry, classical and molecular genetics, and population dynamics—all arranged around evolution as a major theme. This course does not include a lecture.

BIOL 1530 Biology II Lab/1 sem. hr. An introductory lab course that includes a survey of the five kingdoms and structure and function in plants and animals. This course does not include a lecture.

BIOL 2600 Medical Terminology/3 sem. hrs. This course covers the basic structure of medical terms, including roots, prefixes, and suffixes. Emphasis will also be placed on the terminology of body systems. Medical terms related to anatomy, physiology, pathology, clinical procedures, laboratory tests, and medical abbreviations will be covered. Prerequisite: BIOL 1500, BIOL 1510, or BIOL 1080.

BIOL 2900 Special Introductory Topics in Biological Science/4 sem. hrs. Introductory topics in biological science that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

BIOL 3180 General Ecology Lab/1 sem. hr. This field-oriented laboratory course focuses on South Florida organisms. Visits to the Everglades, mangrove and coral reef ecosystems, and laboratory experiments will illustrate ecological concepts. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3190 General Ecology/3 sem. hrs. This course examines the basic principles governing the interactions among organisms and between organisms and their environment. Topics include energy flow, population dynamics, social interactions, competition, predation, species diversity, ecosystem stability, ecological succession, biogeochemical cycles, and the impact of man. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3200 General Ecology/Lab/4 sem. hrs. Basic principles governing the interaction of organisms and their environment including food webs, energy flow, biogeochemical cycles, factors controlling distribution and abundance, biological and species interaction, species diversity, ecosystem stability, ecological succession, and the impact of man. Includes laboratory sessions. Prerequisite: BIOL 1500 or BIOL 1510.

BIOL 3298 Invertebrate Zoology/3 sem. hrs. Basic invertebrate zoology including introductory anatomy, physiology, phylogeny, and ecology of major animal phyla from protozoa through echinoderms with emphasis on marine organisms. This course does not include a lab. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3299 Invertebrate Zoology Lab/1 sem. hr. Basic invertebrate zoology including introductory anatomy, physiology, phylogeny, and ecology of major animal phyla from protozoa through echinoderms with emphasis on marine organisms. This course does not include a lecture. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3300 Invertebrate Zoology/Lab/4 sem. hrs. Basic invertebrate zoology including introductory anatomy, physiology, phylogeny, and ecology of major animal phyla from protozoa through echinoderms with emphasis on marine organisms. Includes laboratory sessions. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3308 Vertebrate Structure and Function/3 sem. hrs. Basic vertebrate anatomy and physiology. This course deals specifically with form and function of vertebrate organ systems. The lecture period stresses human anatomy and physiology. This course does not include a lab. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3309 Vertebrate Structure and Function Lab/2 sem. hrs. Basic vertebrate anatomy and physiology. This is a laboratory course that deals specifically with form and function of vertebrate organ systems. The lab is mainly devoted to the anatomy of the cat, but includes some histology and physiology experiments. This course does not include a lecture. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3310 Vertebrate Structure and Function Lab/5 sem. hrs. Basic vertebrate anatomy and physiology. This course deals specifically with form and function of vertebrate organ systems. The lecture period stresses physiology, and the laboratory is mainly devoted to gross anatomy. However, the one reinforces the other in presenting a complete picture of functional morphology. Includes laboratory sessions. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3312 Human Anatomy and Physiology Lab/5 sem. hrs. This course deals specifically with form and function of the human systems. The lecture period stresses human physiology; the laboratory is devoted to anatomy, histology, and physiology. The lecture and laboratory are presented in a unified fashion with the aim that each reinforces the other in presenting a complete picture of functional morphology. Although lower vertebrates are used for comparative purposes, human systems receive major emphasis in both lecture and laboratory. Prerequisite: BIOL 1500.

BIOL 3320 Anatomy and Physiology I/Lab/4 sem. hrs. This is the first part of a two-part course that deals specifically with form and function of vertebrate organ systems. The lecture period stresses human physiology, and the laboratory is devoted to anatomy and histology. The lecture and laboratory are presented in a unified fashion with the aim that each reinforces the other in presenting a complete picture of functional morphology. Although lower vertebrates are used for comparative purposes, mammalian systems receive major emphasis in both lecture and laboratory. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3330 Anatomy and Physiology II/Lab/4 sem. hrs. This is the second part of a two-part course that deals specifically with form and function of vertebrate organ systems. The lecture period stresses human physiology, and the laboratory is devoted to histology and physiology. The lecture and laboratory are presented in a unified fashion with the aim that each reinforces the other in presenting a complete picture of functional morphology. Although lower vertebrates are used for comparative purposes, human systems receive major emphasis in both lecture and laboratory. Prerequisite: BIOL 3320.

BIOL 3398 Microbiology/3 sem. hrs. Introduction to basics of morphology, metabolism, growth, genetics, enumeration, and control and public health aspects of bacteria and viruses, with emphasis on human processes and types. This course does not include a lab. Prerequisites: BIOL 1500, BIOL 1510, and CHEM 2310.

BIOL 3399 Microbiology Lab/1 sem. hr. Introduction to basics of morphology, metabolism, growth, genetics, enumeration, and control and public health aspects of bacteria and viruses, with emphasis on human processes and types. This course does not include a lecture. Prerequisites: BIOL 1500, BIOL 1510, and CHEM 2310.

BIOL 3400 Microbiology/Lab/4 sem. hrs. Introduction to basics of morphology, metabolism, growth, genetics, enumeration, and control and public health aspects of bacteria and viruses, with emphasis on human processes and types. Includes laboratory sessions. Prerequisites: BIOL 1500, BIOL 1510, and CHEM 2310.
Biol 3590 Genetics/3 sem. hrs. Review of principles of Mendelian and quantitative inheritance considered at the morphological and molecular levels including a survey of population genetics and theories of natural selection and the study of amino acids and nucleotide substitutions as “evolutionary clocks.” This course does not include a lab. Prerequisites: BIOL 1500 and CHEM 2310.

Biol 3599 Genetics Lab/1 sem. hr. Review of principles of Mendelian and quantitative inheritance considered at the morphological and molecular levels including a survey of population genetics and theories of natural selection and the study of amino acids and nucleotide substitutions as “evolutionary clocks.” This course does not include a lecture. Prerequisites: BIOL 1500 and CHEM 2310.

Biol 3600 Genetics/Lab/4 sem. hrs. Review of principles of Mendelian and quantitative inheritance considered at the morphological and molecular levels including a survey of population genetics and theories of natural selection and the study of amino acids and nucleotide substitutions as “evolutionary clocks.” Prerequisites: BIOL 1500 and CHEM 2310.

Biol 3700 Kinesiology/3 sem. hrs. A study of the anatomy, physiology, and biomechanics of the muscle system as it relates to the principles of movement. Students will learn the muscle groups involved with specific movements and the results of the action of particular muscle groups on the overall movement. Both normal and impaired movements will be analyzed. Prerequisite: BIOL 3312 or 3320.

Biol 3710 Exercise Physiology/3 sem. hrs. Study of the integration of cardiopulmonary, neuromuscular, and musculoskeletal systems as they apply to the movement of body through space. Studied at the chemical, cell, and organismal levels. Prerequisite: BIOL 3312 or 3320.

Biol 4200 Neurobiology/3 sem. hrs. This course is an introductory survey that covers nerve function from the molecular level to behavior. The objective is to give the advanced student in the biological sciences insight into fundamental mechanisms of nervous integration. The instructional format will consist of lectures, discussion groups, computer simulations, and guest lectures by practicing neuroscientists. Prerequisite: BIOL 3320.

Biol 4340 Cellular and Molecular Biology/3 sem. hrs. Study of the subcellular architecture and function, growth, and reproduction of prokaryotic and eukaryotic cells. This course does not include laboratory sessions. Prerequisites: BIOL 1500 and CHEM 2310.

Biol 4360 Immunology/3 sem. hrs. A survey of immunology that includes innate and specific immunity, recognition of antigens, antibodies, the complement system, cytokines, cancer and the immune system, and autoimmunity. Prerequisites: BIOL 3330, BIOL 3400, and BIOL 3600.

Biol 4400 Developmental Biology/Lab/4 sem. hrs. Principles of human cellular differentiation, morphogenesis, and development, with comparisons to lower animal forms. Prerequisites: BIOL 1500 and BIOL 1510.

Biol 4448 Biochemistry Lab/1 sem. hr. Chemistry of proteins, lipids, carbohydrates, and nucleic acids and principles in enzymology, metabolism, and bioenergetics. This is a laboratory session course. Prerequisites: BIOL 1500 and CHEM 3200 or 3310.

Biol 4449 Biochemistry/3 sem. hrs. Chemistry of proteins, lipids, carbohydrates, and nucleic acids and principles in enzymology, metabolism, and bioenergetics. This is a lecture session course. Prerequisites: BIOL 1500 and CHEM 3200 or 3310.

Biol 4450 Biochemistry/Lab/4 sem. hrs. Chemistry of proteins, lipids, carbohydrates, and nucleic acids and principles in enzymology, metabolism, and bioenergetics. Prerequisites: BIOL 1500 and CHEM 3200 or 3310.

Biol 4600 Biological Bases of Behavior/3 sem. hrs. Genetic, neural, and endocrine bases of behavior. Neuroanatomy and chemical and electrical events in the nervous system. Sensory processes, motivation, emotion, and arousal. Prerequisites: BIOL 1100 or BIOL 1510; PSYC 1020. Identical to PSYC 4600.

Biol 4900 Special Topics in Biology/1–3 sem. hrs. Topics in advanced biology that are not included in a regular course offering. Prerequisites may be required. Specific content and prerequisites are announced in the course schedule for the given term. Students may re-enroll for special topics covering different content.

Biol 4990 Independent Study in Biology/1–6 sem. hrs. The student selects and independently carries out library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and the division director.

COOP 3816 Cooperative Education I in Biology/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

COOP 3816 Cooperative Education II in Biology/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: COOP 3816, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3816 Internship I in Biology/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3916 Internship II in Biology/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: INTN 3816, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

Chemistry (Chem)

Division approval is required for courses taken without their accompanying labs, and for labs taken without their accompanying courses.

Chem 1040 Chemistry and Society/3 sem. hrs. Students in this course are provided with knowledge of chemical principles, mainly in terms of concepts. They will evaluate the importance of scientific inquisitiveness in everyday life. The course discussion will include, but is not limited to, topics such as chemical inventions, environmental chemistry, food chemistry, energy sources, synthetic materials, medicinal chemistry, biochemicals, consumer chemicals, chemical warfare agents, and poisons.

Chem 1080 History of Chemistry/3 sem. hrs. This course will cover selected aspects concerning the history of chemistry. The course will present important theories and/or experiments and their progenitors for several aspects in the historical development of chemistry. Topics include atomic theory, chemical bonding, the periodic table, gas laws, organic chemistry, nuclear chemistry, industrial chemistry, electrochemistry, spectroscopy, chemical warfare and explosives, instrumentation, and technology. These topics will be closely linked to the scientists and their times.

Chem 1100 Fundamentals of Chemistry/3 sem. hrs. This course is an introduction to general chemistry. It will start with a foundation of energy and the nature of matter. Upon this foundation, students will investigate chemical reactions, chemical nomenclature, and reaction stoichiometry and continue with chemical periodicity, chemical bonding, and acid/base theory. The course concludes with an introduction to kinetics, equilibrium, redox, materials science, and radiation. Prerequisite: MATH 1030 or higher or equivalent placement.

Chem 1101 Fundamentals of Chemistry Lab/1 sem. hr. Students are taught how to convert scientific themes into investigative packets for the middle-school student. This laboratory course provides hands-on experiences relevant to the concepts taught in Fundamentals of Chemistry (CHEM 1100). The scientific method will be emphasized, and students will be involved with developing, assembling, and conducting the laboratory experiences. Recording and analyzing data will be done using computer spreadsheets. Multimedia simulations, the Internet, and community resources will be employed. Corequisite: CHEM 1100.
CHEM 1500 Introduction to Environmental Chemistry/3 sem. hrs. This course teaches the basic principles of chemistry using examples from the environment. Through a brief introduction to areas of inorganic, organic, and biochemistry, the diversity of chemical pollutants in the environment will be explored. Emphasis will be placed on environmental issues such as the sources of chemical pollutants, the reactions that produce them, and their toxicity. A basic level of algebra is essential. Prerequisite: MATH 1030.

CHEM 2280 General Chemistry I Lab/1 sem. hr. A laboratory course that covers basic chemical calculations, periodicity, bonding, inorganic reactions, and kinetics. This course is the first half of the General Chemistry Continuum. This course does not include a lecture. Prerequisite: CHEM 2300.

CHEM 2290 General Chemistry II Lab/1 sem. hr. A laboratory course that covers thermodynamics, acid-base reaction, electrochemistry, and nuclear chemistry. This course does not include a lecture. Prerequisite: CHEM 2310.

CHEM 2300 General Chemistry I/3 sem. hrs. Basic chemical calculations, periodicity, bonding, inorganic reactions, and kinetics. First half of General Chemistry Continuum. Includes laboratory sessions. Prerequisites: MATH 1040 and CHEM 1100 with a C or higher, or satisfactory score on chemistry placement exam.

CHEM 2310 General Chemistry II/Lab/4 sem. hrs. Continuation of General Chemistry Continuum including thermodynamics, acid-base reactions, electrochemistry, and nuclear chemistry. Includes laboratory sessions. Prerequisite: CHEM 2300 with a C or better.

CHEM 2320 General Chemistry I/3 sem. hrs. Basic chemical calculations, periodicity, bonding, inorganic reactions, and kinetics. First half of General Chemistry Continuum. This course does not include a lab. Prerequisites: MATH 1040 and CHEM 1100 with a C or higher, or satisfactory score on chemistry placement exam.

CHEM 2330 General Chemistry II/3 sem. hrs. Continuation of General Chemistry Continuum including thermodynamics, acid-base reactions, electrochemistry, and nuclear chemistry. This course does not have a lab. Prerequisite: CHEM 2310 with a C or better.

CHEM 3190 Essentials of Organic Chemistry/3 sem. hrs. A one-semester study of the structure, nomenclature, preparation, properties, and reactions of organic compounds, organized by functional groups and reaction mechanisms. This course does not include a lab. Prerequisite: CHEM 2310.

CHEM 3210 Essentials of Organic Chemistry Lab/1 sem. hr. A one-semester lab study of the structure, nomenclature, preparation, properties, and reactions of organic compounds, organized by functional groups and reaction mechanisms. This course does not include a lecture. Prerequisites: CHEM 2310 and CHEM 3200.

CHEM 3240 Bioorganic Chemistry/3 sem. hrs. Introduction to structure, properties, and reactions of major organic chemical groups with emphasis on those important in biochemical processes, biological macromolecules, and basics of carbohydrate, lipid, and protein metabolism. This course does not include a lab. Prerequisite: CHEM 2310.

CHEM 3250 Bioorganic Chemistry/Lab/4 sem. hrs. Introduction to structure, properties, and reactions of major organic chemical groups with emphasis on those important in biochemical processes, biological macromolecules, and basics of carbohydrate, lipid, and protein metabolism. Includes laboratory sessions. Prerequisite: CHEM 2310.

CHEM 3280 Organic Chemistry I/3 sem. hrs. The chemistry of carbon compounds, including their structure, nomenclature, preparation, reactions, analysis, and properties. Reaction mechanisms are stressed within a functional group framework. This course does not include a lab. Prerequisite: CHEM 2310 with a C or higher.

CHEM 3290 Organic Chemistry II/3 sem. hrs. Continuation of Organic Chemistry I. This course does not include a lab. Prerequisite: CHEM 3300 with a C or higher.

CHEM 3300 Organic Chemistry I/Lab/4 sem. hrs. The chemistry of carbon compounds, including their structure, nomenclature, preparation, reactions, analysis, and properties. Reaction mechanisms are stressed within a functional group framework. Includes laboratory sessions. Prerequisite: CHEM 2310 with a C or higher.

CHEM 3310 Organic Chemistry II/Lab/4 sem. hrs. Continuation of Organic Chemistry I. Organic Chemistry I/Lab. Includes laboratory sessions. Prerequisite: CHEM 3300 with a C or better.

CHEM 3320 Organic Chemistry I Lab/1 sem. hr. Laboratory course covering the chemistry of carbon compounds, including their structure, nomenclature, preparation, reactions, analysis, and properties. Reaction mechanisms are stressed within a functional group framework. This course does not include a lecture. Prerequisites: CHEM 2310 and CHEM 3300.

CHEM 3330 Organic Chemistry II/Lab/1 sem. hr. Continuation of Organic Chemistry I laboratory session. This course does not include a lecture. Prerequisites: CHEM 2310 and CHEM 3310.

CHEM 3350 Environmental Chemistry/3 sem. hrs. This course introduces the principles and chemical processes that control chemical reactions in natural systems. Precipitation, complexation, redox, and absorption will be applied to aquatic, marine, terrestrial, and atmospheric systems. Examples will cover wastewater treatment, pollutant fates, and assessment of environmental outcomes. Prerequisites: CHEM 2300 and 2310, and CHEM 3200 or CHEM 3300.

CHEM 3600 Geochemistry/3 sem. hrs. This course is an introduction to geochemistry. Geochemistry involves the study of the chemical composition of the entire Earth, the differentiation of the chemistry of different parts of the Earth; and the description of the formation, distribution, and physical and chemical characteristics of the materials that make up the Earth. How the age of the Earth is determined and how processes occurring on the Earth are studied using chemical indicators will be introduced. Comparisons of differing models for the geochemistry of the Earth will be introduced and evaluated. The course will conclude with an evaluation of human activity impacts the chemical environment of the Earth's surface. Prerequisites: CHEM 2300 and CHEM 2310.

CHEM 4100 Chemical Analysis/3 sem. hrs. This is an applied chemistry course designed to emphasize the typical analytical methods used in chemistry. The course will focus on wet chemical analysis and chemical instrumentation. Classical wet methods such as titrimetry, gravimetry, ion exchange, chromatography, potentiometry, and electrochemistry will be supplemented with more modern analytical instrumental methods such as UV-visible spectrophotometry, FT-IR, GC, fluorimetry, and atomic spectroscopy (absorption and emission). The course will also provide a background in quality assurance and quality control. A sound understanding of the process of error minimization will also be provided. Prerequisites: CHEM 2300, 2310, 3300, and CHEM 3310 or CHEM 3200.

CHEM 4200 Plant Drug Analysis/3 sem. hrs. This course introduces the chemical techniques used to extract, separate, and identify medicinal drugs derived from plants. Eleven major drug classes—essential oils, alkaloids, anthracene derivatives, arbutin, bitter principle, coumarin, flavonoids, cardiac glycosides, spazinin, pungent principle, and mustard oil—will be covered. The course also examines the botanicals they are derived from. By the end of the course, the student is expected to execute a qualitative screening of an unknown drug and identify its class and the major pharmaceutical components present. Prerequisites: CHEM 2300, 2310, and 3300.
CHEM 4300 Clinical Chemistry/3 sem. hrs. This course examines the application of chemistry and biochemistry to the diagnosis of human disease. Clinical laboratory scientists (also known as medical technologists) perform chemical, microbiological, and immunological tests on body fluids in a medical laboratory. The results of these tests are used by physicians and clinicians in preventing, diagnosing, and treating disease. This course will review these techniques as they apply to diagnosis and treatment of disease, organ transplants, therapeutic drug monitoring, crime investigation, genetic studies, and home testing kits. The impact of technology on the application of clinical chemistry will also be examined. Prerequisites: CHEM 2300, 2310, 3200 or 3300, and 3310.

CHEM 4400 Bioinorganic Chemistry/3 sem. hrs. This course gives the advanced undergraduate student an overview of metal sites in biology, i.e., those aspects of inorganic chemistry that are of relevance to biochemistry. Metalloproteins will be viewed as elaborated inorganic complexes. Topics discussed will include the basic ideas on bonding in coordination compounds, unique features of the protein ligand, physical methods used to study active sites, and the correlation of the structures of these sites to their biological function. Prerequisites: CHEM 2300, 2310, and CHEM 3200 or CHEM 3300 and 3310.

CHEM 4900 Special Topics in Chemistry/1–3 sem. hrs. Topics in advanced or special applications of chemistry that are not covered in general or organic chemistry. Prerequisites may be required. Specific content and prerequisites are announced in the course schedule for the given term. Students may re-enroll for special topics covering different content.

CHEM 4990 Independent Study/1–12 sem. hrs. The student selects and independently carries out laboratory and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and division director.

COMM 1010 Public Communication/3 sem. hrs. Training and practice in the fundamentals of public speaking, including audience analysis, topic development, research, organization, language use, and delivery.

COMM 2020 Argument and Debate/3 sem. hrs. Training and practice in fundamentals of oral communication with an emphasis on the dramatic presentation and the interpretation of literary themes through drama. Prerequisite: WRIT 1500.

COMM 2030 Introduction to Performance Studies/3 sem. hrs. Training and practice in fundamentals of oral communication with an emphasis on the dramatic presentation and the interpretation of literary themes through drama. Prerequisite: WRIT 1500.

COMM 2100 Mass Media/3 sem. hrs. An examination of the impact of technology on the way we receive and process information and images, the basic legal and economic structure of the mass media, historical precedents and events of mass media, the new cultural forms that have emerged with the mass media, and the nature and implications of developing media technologies. Prerequisite: WRIT 1500.

COMM 2200 Introduction to Broadcast Journalism/3 sem. hrs. Training in the elements of broadcast reporting with emphasis on the modern electronic news story. Students will learn the elements of broadcast news, the style and structure of broadcast news writing, and the technology of radio productions. Prerequisite: WRIT 1500.

COMM 3050 Advanced Performance Studies/3 sem. hrs. Advanced Performance Studies offers students an opportunity to develop dramatic and presentation skills in a workshop format. The course explores the actor’s and director’s relationships to the playscript and stage environment. The course includes readings; in-class exercises; rehearsed scenes; and monologues with emphasis on movement, concentration, and imagination. Students will rehearse and perform one-acts as ensembles and a larger, whole-class production. Prerequisites: COMM 1010, 2020, or 2030; WRIT 2000, 2010, or 2020.

COMM 3100 Gendered Images in Popular Culture/3 sem. hrs. This course examines gendered images in popular media other than literature, including film, music videos, television, and comic books, and their impact on mainstream America. Prerequisites: WRIT 2000, 2010, or 2020.

COMM 3120 Speech Communication for the Professions/3 sem. hrs. Emphasis on public communication skills required of the person in business and/or professional settings. Topics include business interviews, public speaking, presentation aids, listening, team communication, and cultural diversity in the workplace.

COMM 4900 Special Topics in Communication/3 sem. hrs. This course offers a cross-sectional view of the media through a focus on a particular medium, theme, or genre. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisites: one COMM course; WRIT 2000, 2010, or 2020.

COMM 4990 Independent Study/1–3 sem. hrs. The student selects, and carries out independently, library and/or empirical research. Faculty supervision is provided on an individual basis. Written consent of instructor and division director required. Prerequisites: one COMM course; WRIT 2000, 2010, or 2020.

COOPERATIVE EDUCATION (COOP)

COOP 3810 Cooperative Education I in Accounting
COOP 3811 Cooperative Education I in Business
COOP 3814 Cooperative Education I in Humanities
COOP 3815 Cooperative Education I in Legal Studies
COOP 3816 Cooperative Education I in Biology
COOP 3818 Cooperative Education I in Marine Biology
COOP 3819 Cooperative Education I in Psychology
COOP 3820 Cooperative Education I in Paralegal Studies

1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

COOP 3910 Cooperative Education II in Accounting
COOP 3911 Cooperative Education II in Business
COOP 3914 Cooperative Education II in Humanities
COOP 3915 Cooperative Education II in Legal Studies
COOP 3916 Cooperative Education II in Biology
COOP 3918 Cooperative Education II in Marine Biology
COOP 3919 Cooperative Education II in Psychology
COOP 3920 Cooperative Education II in Paralegal Studies

1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: Cooperative Education I, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

CRIMINAL JUSTICE (CRJU)

CRJU 2200 Criminal Law and Procedure/3 sem. hrs. This course covers the study of both substantive criminal law and criminal procedure. Students will learn the elements of major crimes and defenses. Students also will examine the constitutional aspects of criminal procedure, including searches, seizures, and arrests; interrogation; the prétrial process; trial; and sentencing and appeal. Also offered as LEGS 3050.

CRJU 2300 Introduction to Criminal Justice/3 sem. hrs. Study of the police including its historical development, functions, operations, and organizations.

CRJU 3000 Constitutional Issues in the Criminal Justice System/3 sem. hrs. Study of the role and operation of the courts in the administration of criminal justice, and of the processes involved in charging and prosecuting defendants.

CRJU 3200 Correctional Theory and Practice/3 sem. hrs. Study of the historical development and current status of correctional theories and practices.
COMMUNICATION SCIENCES AND DISORDERS (CSAD)

CSAD 2000 Introduction to Hearing, Speech, and Language/3 sem. hrs. Understanding of speech, language, and hearing disorders and their classifications, manifestations, and etiologies.

CSAD 3010 Phonetics/3 sem. hrs. History, theory, and application of phonetics, including sampling and transcription techniques.

CSAD 3020 Anatomy and Physiology of the Speech and Hearing Mechanisms/3 sem. hrs. Introduction to the anatomy and physiology of the auditory and vocal mechanisms.

CSAD 3030 Speech and Language Development/3 sem. hrs. Study of prelinguistic and psycholinguistic variables related to normal development from infancy through adolescence.

CSAD 3040 Neuroanatomy/3 sem. hrs. Introduction to the anatomy and physiology of the developing and mature human nervous system.

CSAD 3050 Hearing and Speech Science/3 sem. hrs. Physical bases and process of the production and perception of hearing, language, and speech.

CSAD 3060 Directed Observation/1 sem. hr. Twenty-five hours of observations, evaluation, and management of clients, and class discussion of observations, evaluation, and management of clients.

CSAD 4010 Evaluation of Speech and Language Disorders/3 sem. hrs. Principles of screening and evaluation of clients typically seen in clinic and school settings, including administration of specific evaluation instruments.

CSAD 4020 Evaluation Practicum/1 sem. hr. Participation in speech-language screenings, and observation and participation in full diagnostic evaluations with clients. A minimum number of contact hours required.

CSAD 4030 Treatment of Speech and Language Disorders/3 sem. hrs. Overview of treatment strategies used in management of communication disorders.

CSAD 4040 Treatment Practicum/1 sem. hr. Participation in clinical management of clients having communication disorders. A minimum number of contact hours required.

CSAD 4050 Audiology/3 sem. hrs. Instruction in test administration and in interpretation of standard and specialized tests of auditory function. Prerequisites: CSAD 3020, CSAD 3040, and CSAD 3050.

COMPUTER AND INFORMATION SCIENCES (CSIS)

CSIS 2000 Introduction to Database Systems/3 sem. hrs. This course will give students an introduction to structured query language (SQL), object definition language (ODL), and object query language (OQL). The course surveys relational, object-oriented, distributed, and multimedia database systems. This course also covers concepts and structures necessary to design and implement a database system, including logical and physical file organization and data organization techniques. Students will build, populate, query, and write transactions for a relational database. Prerequisites: MATH 2080 and TECH 1110.

CSIS 2200 Business Oriented Language (COBOL)/4 sem. hrs. A study of the COBOL programming language with emphasis on business applications. Students apply a structured, multiphase program development process that features a series of steps involving understanding of problems, formal problem definition, design methodologies, program specification, breakdown, and files using COBOL. Prerequisites: CSIS 1400 and CSIS 1900.

CSIS 2310 Advanced COBOL/3 sem. hrs. A study of advanced COBOL programming using structured techniques. Topics to be covered include table handling, sequential and indexed file processing, database access, editing, sorting, and the Report Writer. Prerequisite: CSIS 2200.

CSIS 2410 Assemblers and Assembly Language Programming/4 sem. hrs. A detailed analysis of the operation of assemblers. Segments in the 8086, data types and definition, addressing modes, control transfer, BIOS and DOS interrupts, writing and linking modules. Assembly language programs will be written as part of this course. Prerequisites: CSIS 1400 and CSIS 1900.

CSIS 2950 Computer Programming II/4 sem. hrs. Computer Programming II continues to focus on the main topics of computer science including the design and implementation of algorithms and data structures. Intermediate and advanced concepts of computer programming using the JAVA programming language are covered. Prerequisites: CSIS 1400 and CSIS 1900.

CSIS 3010 Organization of the Computer Environment/3 sem. hrs. Management of the computer environment, personnel, customer interface, budgeting, coordination, policy development, staffing, department interface, hardware and software selection planning, maintenance, and management. Prerequisite: CSIS 1900.

CSIS 3020 Web Programming and Design/3 sem. hrs. This course will introduce the essentials of Internet programming. Students will design and write WWW pages in HTML, JavaScript, and shell scripting languages. Programs will manipulate many forms of data including hypertext, graphics, audio, and video. Students will develop interactive/executable Web pages. Other topics covered will include clickable image maps, cgi-bin scripting, and security. Prerequisite: CSIS 2950.

CSIS 3060 Digital Design/3 sem. hrs. Register transfer-level design of digital computers, data transfer hardware, organization of the central processing unit, design of the controller, and a complete design example. Prerequisite: CSIS 2410.

CSIS 3080 Cooperative Education/0 sem. hrs. Work placement for a period of 16–18 weeks. Placement will be directly related to the student’s program of study.

CSIS 3110 Foundations of Computer Science/4 sem. hrs. Included are the mechanism of abstraction in computer science, propositional logic and predicate logic, induction vs. recursion, countable and noncountable sets, finite state automata and regular expressions, pushdown automata and context-free languages, turning machines, decidability and computability, and computational complexity. Prerequisites: CSIS 1900 and MATH 2100.

CSIS 3200 Organization of Programming Languages/3 sem. hrs. Development of an understanding of the organization of programming languages, introduction to formal study of programming language specification and analysis, and comparison of two or more high-level modern programming languages. Prerequisite: CSIS 2950.
CSIS 3400 Data Structures/4 sem. hrs. A course in fundamental data structures and their application. Advanced data structure concepts are developed, including linked data representation, pointers, binary trees, B trees, AVL trees, queues, stacks, hashing, searching, directed and undirected graphs, and priority queues. Recursive algorithms are investigated. Quantitative analysis of algorithms is employed. Advanced sorts are studied and analyzed for order of magnitude. Abstract data types are introduced. Prerequisite: CSIS 2950.

CSIS 3500 Networks and Data Communication/3 sem. hrs. An introduction to basic computer-driven data communications. The protocols, services, interfaces, and platforms for the transmission of data on networks are investigated. The integration of homogeneous and heterogeneous networks is developed; bridges, routers, and gateways. The OSI architecture is defined. The topology of network architecture is covered and the details of connection and connectionless service, dedicated and switched circuits, access, error detection, and correction are explained. Prerequisite: CSIS 2950.

CSIS 3530 Artificial Intelligence/3 sem. hrs. Introduction to the basic concepts and techniques of AI, expert systems, and soft computing (fuzzy logic, neural networks, etc.). Topics include logic, problem solving, knowledge representation, reasoning techniques, search strategies, and heuristic methods applied in AI and expert systems. Supervised and unsupervised algorithms of neural networks and introduction to fuzzy logic will be covered. Prerequisites: CSIS 3400 and MATH 3020.

CSIS 3610 Numerical Analysis/3 sem. hrs. An implementation course using C/C++ that devises methods for approximating solutions to mathematically expressed problems derived from physical phenomena. Topics include linear and nonlinear systems of equations and producing solutions within specified tolerances for a sequence of algebraic and logical operations. Prerequisites: CSIS 3400 and MATH 2200.

CSIS 3750 Software Engineering/4 sem. hrs. An introduction to the process of developing software systems. Topics include software life-cycle models, quality factors, requirements analysis and specification, software design (functional design and object-oriented design), implementation, testing, and management of large software projects. Prerequisite: CSIS 3400.

CSIS 3800 Survey of Operating Systems/3 sem. hrs. The material for comparing and contrasting the different design and implementation aspects used in contemporary operating systems is the main topic of this course. History of operating systems, operating system concept, system calls, operating system structure, processes, input/output, memory management, file systems, protection mechanisms, and security will be discussed. Seven of the operating systems that had great importance in the 1980s, namely Unix systems, MS-DOS, OS/2, Windows NT, the Apple Macintosh, MV5, and VM will be surveyed. Prerequisite: CSIS 3400.

CSIS 3810 Operating Systems Concepts/3 sem. hrs. Methods in the analysis and design of large-scale systems, including concepts of semaphores, processes, linear address space, resources allocation, protection, and basic topics in operating system development. Prerequisites: CSIS 3400 and MATH 2200.

CSIS 4010 Computer Security/3 sem. hrs. Issues of security, privacy, and control from the viewpoint of the computer user. Emphasis on procedures for protecting systems from unauthorized use, theft, vandalism, and natural disasters. Ethical issues in computer usage are covered. Prerequisite: CSIS 3810.

CSIS 4050 Computer Architecture/3 sem. hrs. A structured approach to the architecture of computers is covered as the interrelation of software and hardware design; logic level, machine level, operating system level, and assembly language level. CISC/ReSIC and parallel architectures are introduced. Prerequisites: CSIS 1600, CSIS 2410, and CSIS 3810.

CSIS 4310 Distributed Data Processing/4 sem. hrs. Concepts and mechanisms in the design of distributed systems: process synchronization, reliability, distributed resource management, deadlock, and performance evaluation. Case studies of selected distributed systems are covered. Prerequisites: CSIS 3500 and CSIS 3400.

CSIS 4350 Robotics/3 sem. hrs. Principles and concepts of modern robots and automated systems are developed: robot's intelligence, drive methods, motion control, and software and hardware support. Prerequisite: requires senior standing.

CSIS 4530 Database Management/3 sem. hrs. Concepts and structures necessary to design and implement a database system, including logical and physical file organization and data organization techniques, data models, networks, data integrity, and file security. Topics covered include logical and user's viewpoint, theoretical foundations, and physical system implementation. Prerequisite: CSIS 3400.

CSIS 4600 Systems Programming/4 sem. hrs. A study of various system-programming techniques, hardware-software interface, and software-controlled hardware. A comparison of several existing computer systems will be made. Prerequisites: CSIS 2410 and CSIS 3400.

CSIS 4610 Design and Analysis of Algorithms/3 sem. hrs. Topics include algorithmic paradigms such as divide-and-conquer, greedy methods, and concepts relating to analysis such as asymptotic notation and NP-completeness. Sorting and searching algorithms are designed and analyzed, as are algorithms for manipulating trees, graphs, matrices, mesh, hypercube, and sets. Prerequisites: CSIS 3400 and MATH 2200.

CSIS 4650 Computer Graphics/3 sem. hrs. An introduction to the principles of interactive computer graphics. Topics include fundamentals of raster graphics (scale-conversion, clipping, fill methods, and anti-aliasing), 2D and 3D transformations, projections, 3D modeling, hidden surface removal methods, ray tracing, and graphical user interfaces. The hardware of the graphic environment is defined and new development platforms for graphics in Windows are investigated. Prerequisite: CSIS 3400.

CSIS 4710 Embedded Computing/3 sem. hrs. This course deals with applications in the design of microcomputer/microprocessor-based embedded systems. Students will develop the ability to define the problem first and then build and test the system. Prerequisites: CSIS 3810 and CSIS 4050.

CSIS 4800 Introduction to Compilers and Interpreters/3 sem. hrs. An introduction to compiler/interpreter design. Topics include lexical analysis, parsing, intermediate code, final code generation, optimization, and error recovery. Prerequisites: CSIS 3110 and CSIS 3400.

CSIS 4840 Unix Operating System Environment/3 sem. hrs. The concepts of the Unix operating system are presented. Topics include system commands, system editors, awk, sed, text formatting tools, and shell programming. The use of modern and terminal software and system maintenance utilities is covered, as well as system calls in C, lex, yacc, ar, and make. Prerequisite: CSIS 2950.

CSIS 4880 Special Topics in Computer Science/3 sem. hrs. Topics in computer science that are not included in regular course offerings. Specific contents are announced in the course schedule for a given term. Prerequisites: requires senior standing and consent of instructor.

CSIS 4890 Special Topics in Computer Information Systems/3 sem. hrs. Topics in computer information systems that are not included in regular course offerings. Specific contents are announced in the course schedule for a given term. Prerequisites: requires senior standing and consent of instructor.

CSIS 4900 Directed Project/3–8 sem. hrs. A major project will be completed by the student under the direction of a faculty member. Identical to TECH 4900. Prerequisite: requires senior standing.

CSIS 4960 Design Automation/3 sem. hrs. System design using automated tools such as MAGIC and SPICE. Prerequisite: senior standing.

INTN 3812 Internship I in Computer Science/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: INTN 3812, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3912 Internship II in Computer Science/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: INTN 3812, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.
EDEC 3320 Sociological Foundations of Prekindergarten/Primary Education/3 sem. hrs. Students in this course will study sociological influences and issues—past, present, and future—that will enable early childhood professionals to assist young children and their families to meet the challenges of a pluralistic society in transition. This knowledge will assist students in the analysis of societal issues for making appropriate choices, adaptations, and modifications in their programs in order to provide developmentally appropriate programs and practices. This class is specifically designed to meet the sociological foundations requirement for students seeking certification in Prekindergarten/Primary Education, birth to age four or age three to grade three. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisite: PSYC 2370.

EDEC 3350 Meeting the Special Needs of All Students/3 sem. hrs. This course combines classes with on-site visits to exemplary community programs that concentrate on meeting the special needs of children from birth to eight years old. Students will visit five sites for structured observations of model programs and then they will participate in four-hour classes focusing on the curricular and administrative aspects of the sites visited. Readings and information provided will be analyzed, and students will consider the successes, challenges, and barriers of each model. They will explore how collaboration of services can work toward the goal of meeting the special needs of all children and their families. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDEC 3320, EECP 3330, and PSYC 2370.

EDEC 3520 Developmentally Appropriate Integrated Curriculum and Practices/3 sem. hrs. Students will select, create, organize, and use materials, activities, and environments that support developmentally appropriate practices. These practices will include arrangement of class environment, learning through play, facilitation of learning through technology, discovery learning and problem solving, creative expression, and developing children’s abilities to be resourceful learners. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDEC 3320, EECP 3330, and EDEC 3350. Corequisites: EDUC 3500 and EDUC 3501.

EDEC 3530 Diagnosis, Assessment, and Evaluation of Young Children/3 sem. hrs. Students in this course will be introduced to a philosophic overview of the assessment process, including transdisciplinary assessment teams and provisions for appropriate information gathering techniques—formal and informal—which include the construction, selection, interpretation, and evaluation of diagnostic instruments. The role of technology in testing, record maintenance, and composition of IEPs/IFPs will be discussed modeled. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDEC 3320, EECP 3330, and EDEC 3350. Corequisites: EDUC 3500 and EDUC 3501.

EDEC 3599 Special Topics in School-Age Child Care/3 sem. hrs. This course provides education and technical assistance to managers and staff members of child care programs to enable them to understand the national accreditation standards for school-age child care and to make steps toward implementing the standards in their programs.

EDEC 4320 Cultural Diversity and Family-Community Development/3 sem. hrs. Students in this course will learn how to work with families and practice how to use materials in the home and community environment to foster development and the acquisition of skills. Students will examine information that can create a vital link among school, community, and home in our multiracial society. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDEC 3320, EECP 3330, EDEC 3520, EDEC 3530, EECP 3540, and EECP 3550. Corequisites: EDUC 4000 and EDUC 4001.

EDUC 1025 CLAST Preparation Mathematics. This course is designed to review the mathematics skills necessary to be successful on the College Level Academic Skills Test (CLAST). These skills are included in the following five broad areas: arithmetic, geometry and measurement, algebra, statistics and probability, and logical reasoning. Test-taking strategies and problem-solving techniques will also be addressed in this course. Cannot be used toward graduation requirements. Prerequisite: all required MATH courses and a CLAST score between 260 and 290 (inclusive).

EDUC 1100 Exploration of the Education Profession/3 sem. hrs. This course is designed to provide students with an orientation to the education profession, including the examination of the institution of schooling in its social, legal, historical, and philosophical contexts through class sessions and clinical experiences. Students assess their personal qualities in relation to becoming an educator, engage in self-reflection and analysis of their perceptions of education, and develop a general understanding of the realities of American education. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

EDUC 1410 Personal Career Development/3 sem. hrs. This course is designed to provide career development applied to the student identifying vocational interests and aptitudes, obtaining information about occupations, gaining experiences through practicums and cooperative education, and establishing career plans. Useful for students choosing to the college role. Identical to MGMT 1410 and PSYC 1410.

EDUC 2260 Administration of Child Care and Education Programs/3 sem. hrs. This course provides participants with an overview of the skills required in the operation and management of an early care and education program. Students learn about organizational management, financial and legal issues, and programming for children and families. The course meets the content requirements of the Overview of Child Care Management as defined by the Florida Department of Children and Families for the Florida Child Care and Education Program Administrator Credential. In addition to class meetings, a minimum of 10 hours of practical application experiences is to be completed at the participant’s worksite. This course is offered by the Mailman Segal Institute for Early Childhood Studies.

EDUC 3000 Clinical Experiences/0 sem. hrs. Clinical experience required. This may require fingerprinting and security clearance depending on county requirements. This placement will be the setting for all clinical experiences required with courses taken throughout this 16-week period. Please refer to the Clinical Experience Handbook at www.undergrad.nova.edu/EDU/clinical.cfm for a full explanation.

EDUC 3001 Benchmark I/0 sem. hrs. To register for Benchmark I courses, all of parts of the CLAST or the equivalent components of PRAVIS, as approved by the Florida Department of Education, must be passed. In the case of a Nevada student, the Praxis Level I or the C-Best are to be used to meet this entry testing requirement. Passing scores are determined by the Nevada Department of Education. However, if there are no scores, or the student has not passed all sections of the CLAST or PRAVIS, then the student will only be permitted to register for Benchmark I courses until passing scores on the CLAST or PRAVIS are submitted to the Division of Education. No exceptions will be made as passing scores must be on file in order to register for any courses in the major beyond Benchmark I courses. Benchmark I courses are EDUC 3001 Benchmark I, EDUC 3000 Clinical Experiences, and Block #1 courses: EDUC 3330 Integrating Instructional Technology in the Classroom; ESOL 3340 Survey of TESOL for Teachers; EDUC 3350 Survey of Exceptional Student Education; and EDUC 3360 Educational Psychology. Benchmark I requirements include completion of the preprogram questionnaire and self-assessment and background check/security clearances for field-based clinical experiences. Benchmark I requirements also include development of the portfolio through insertion of appropriate artifacts delineated in each course outline. The passing of all parts of the CLAST, or its equivalent for Nevada students, is a component of the matriculation process (see the heading “Matriculation Requirements for Education Majors” in this catalog for further information).
EDUC 3170 Instructional Materials/3 sem. hrs. Use of a variety of materials in an educational program, including literature, media, and independent-learning material. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

EDUC 3220 Sociological Foundations of Education/3 sem. hrs. This course examines the institution of schooling in its social, political, legal, historical, and philosophical contexts with an emphasis on current trends in the profession.

EDUC/EEUP 3330 Integrating Instructional Technology in the Classroom/3 sem. hrs. Presents strategies for technological integration into the classroom curriculum in elementary/secondary learning environments. Hands-on experiences will allow students to apply teaching practices and research to specific learning needs of typical and atypical learners. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 1100. In addition, students must have completed a computer literacy class (TECH 1110 or its equivalent) or a computer literacy test-out. Corequisites: EDUC 3000 and EDUC 3001.

EDUC 3350 Survey of Exceptional Student Education/3 sem. hrs. Current trends and issues such as viewing learning styles of exceptional learners in relation to Gardner's multiple intelligences and the validity of inclusion and considerations for students who are limited in English proficiency (LEP) are investigated. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: Completion of general education requirements.

EDUC 3360 Educational Psychology/3 sem. hrs. This course combines the two fields of psychology and education. It is the scientific study of human beings and the principles by which learning can be increased and directed by education. Students will learn about principles of development, learning, assessment, and motivation, among other areas of study for prospective teachers to consider as they analyze student behavior and make decisions for instruction. Students will complete a 10-hour clinical experience in a school classroom. The following Educator Accomplished Practices will be addressed: #1, 5, 7, 8, 9, and 11. Prerequisites: EDUC 1100, PSYC 1020, and PSYC 2380. Corequisites: EDUC 3000 and EDUC 3001.

EDUC 3400 Administrative Leadership and Decision Making for Early Childhood/3 sem. hrs. This course is offered through the Mailman Segal Institute for Early Childhood Studies and is a review of various leadership styles and decision-making techniques as they apply to the administrator's responsibilities in finance and budget, program development and evaluation, and home and school relationships. This course is designed to meet CDA requirements in this area.

EDUC 3410 Curriculum Decisions of Early Childhood Programs/3 sem. hrs. This course is offered through the Mailman Segal Institute for Early Childhood Studies and involves a study of curriculums and activities to meet the student population's needs, with subsequent decisions as to appropriate methods, necessary materials, and use of time and space. Leadership in staff development to implement the decisions is included. This course is designed to meet CDA requirements in this area.

EDUC 3500 Clinical Experiences/0 sem. hrs. Clinical experience required. This may require fingerprinting and security clearance depending on county requirements. This placement will be the setting for all clinical experiences required with courses taken throughout this 16-week period. This block of courses requires university supervision of the clinical experience. Please refer to the Clinical Experience Handbook at www.undergrad.nova.edu/EDU/clinical.cfm for a full explanation.

EDUC 3501 Benchmark II/0 sem. hrs. Benchmark II requirements include passage of all sections of the CLAST, matriculation into the major, and continuation of the development of the portfolio through insertion of appropriate artifacts delineated in each course outline. Students register for EDUC 3501 Benchmark II and EDUC 3500 Clinical Experiences concurrently with Block #2 courses. The matriculation process must be completed before beginning Benchmark II. Prerequisites: WRIT 1500, WRIT 2000, and EDUC 1100.

EDUC 3520 Principles and Practices of Instruction and Assessment I/3 sem. hrs. This course explores three pedagogical models usable with all students. The phases of instructional development—planning, implementation, and assessment—provide the framework for exploration of the models. Preservice teachers are required to apply their knowledge of the pedagogical models by planning, implementing, and assessing a lesson in an actual classroom. Therefore, preservice teachers learn and implement ESL strategies in their teaching with students. In addition to class meetings, a minimum of 10 hours of clinical experience is required. This course has a mandatory university supervision component of the clinical experiences. Prerequisites: EDUC 3330, EDUC 3350, and EDUC 3360.

EDUC 3620 Drug Prevention and Education/3 sem. hrs. The classification and identification of drugs, as well as behavioral criteria for recognizing alcohol and drug abuse, are reviewed. Specific attention is paid to prevention, intervention, and education strategies within the family, school, and community. Methods for designing, implementing, and evaluating effective prevention programs among various cultures are examined. This course is designed to be of immediate practical use to counselors, teachers, and other professionals interested in effective drug prevention and education. Identical to PSYC 3620.

EDUC 3630 First Aid and Emergency Care: Responding to Emergencies/3 sem. hrs. This course is designed to prepare the student with first-aid knowledge necessary to perform immediate and temporary care for most accidents, injuries, sudden illnesses, and emergencies. This course would also provide accident prevention information and personal safety. American Red Cross (ARC) certification available. Materials fee.

EDUC 3640 Prevention and Treatment of Athletic Injuries/3 sem. hrs. This course is designed to provide an in-depth study of the practices and techniques used in the prevention, care, and rehabilitation of injuries and accidents occurring in physical education, recreation, and athletics. Included would be the use of strapping, taping, and other support methods in a laboratory experience. Materials fee.

EDUC 4000 Clinical Experiences/0 sem. hrs. Clinical experience required. This may require fingerprinting and security clearance depending on county requirements. This placement will be the setting for all clinical experiences required with courses taken throughout this 16-week period. This block of courses requires university supervision of the clinical experience. Please refer to the Clinical Experience Handbook at www.undergrad.nova.edu/EDU/clinical.cfm for a full explanation.

EDUC 4001 Benchmark III/0 sem. hrs. Benchmark III requirements include continuation of the development of the portfolio through insertion of appropriate artifacts delineated in each course outline. Students register for EDUC 4001 Benchmark III and EDUC 4000 Clinical Experiences concurrently with Block #3 courses. During Benchmark III, students make application for their teaching internship experience by the posted deadlines (see the heading “Internship” in the Department of Education section of this catalog for further information).

EDUC 4120 Children's Literature/3 sem. hrs. This course will explore various genres of children's literature, examine authors who have made important contributions, and determine literary and artistic criteria used to evaluate the literature. Students will have an opportunity to view and assess a variety of media that can be used to enhance the classroom literature program. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

EDUC 4170 Adolescent Literature/3 sem. hrs. A study of the type of literature available for the adolescent, with an emphasis on text selection and presentation. Students will examine ways of incorporating literature into the curriculum. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: WRIT 1500, WRIT 2000, and EDUC 1100.
EDUC 4320/ESED 4320 Classroom Management for Typical and Atypical Learners in the Multicultural Classroom/3 sem. hrs. This course examines classroom management as the relationship of appropriate curricula, methods, materials, student behavior, and teacher behavior from culturally diverse perspectives. These factors are related to the twelve accomplished practices from the Florida Education Standards Commission and the research base from the Florida Performance Measurement System (PFMS). A minimum of 10 hours of clinical experience in a community school is required. This course is cross-listed with ESED 4320. This class has a mandatory university supervision component of the clinical experiences. Prerequisites: EDUC 3330, EDUC 3350, EDUC 3360, EDUC 3520, ELEM 3530, ELEM 3540, and ELEM 3550.

EDUC 4500 Clinical Experiences/0 sem. hrs. Clinical experience required. This may require fingerprinting and security clearance depending on county requirements. This placement will be the setting for all clinical experiences required with courses taken throughout this 16-week period. This block of courses requires university supervision of the clinical experience. Please refer to the Clinical Experience Handbook at www.undergrad.nova.edu/EDU/clinical.cfm for a full explanation.

EDUC 4501 Benchmark IV/0 sem. hrs. Benchmark IV requirements include completion of the Florida Teacher Certification Exam at the professional level, subject-area level, and the General Knowledge Test. Benchmark IV requirements also include continuation of the development of the portfolio through insertion of appropriate artifacts delineated in each course outline. Students register concurrently for EDUC 4501 Benchmark IV and EDUC 4500 Clinical Experiences, and Block #4 courses. Students must complete Benchmark IV before graduating. The final course for all education majors is EDUC 4570 Internship/Seminar. Participation in the internship is dependent on the results of the senior audit conducted by advisers to verify that all coursework and testing requirements have been satisfactorily completed.

EDUC 4570 Internship/Seminar/12 sem. hrs. This course offers a comprehensive review and practical application of educational philosophy, method, and strategy through a 16-week internship that consists of two components. The central coursework is composed of a 14-week field experience, with a concurrent seminar serving as a supportive and reinforcing component. The seminar will explore, in depth, such topics as school board rules, regulations, and policies; professional ethics; Florida Accomplished Practices; generic competencies; teaching strategies; current trends in education; review and discussion of the Florida Essential Teaching Competencies; Bloom's taxonomy as it relates to the Florida Comprehensive Assessment Test (FCAT); self-assessment; and assessment of the student teaching experience. Prerequisites: Minimum 2.5 GPA, passing all four sections of the CLAST or PRAXIS, Professional Exam, completion of program curriculum, and written consent by the program coordinator.

EDUC 4580 Internship/Seminar/9 sem. hrs. Prerequisite: written consent of internship coordinator, successful completion of the senior audit, and completed application for internship placement. Corequisite: ELEM 4560 or ECEP 4580.

EDUC 4630 Principles of Coaching/3 sem. hrs. Emphasis on theory and practice in coaching sports.

EDUC 4640 Administration of Athletic Programs/3 sem. hrs. A study of the duties and responsibilities of the athletics director for the purpose of improving the athletic program.

EDUC 4680 Structural Linguistics/3 sem. hrs. A study of the structure of language and basic principles of linguistics. Survey of different approaches and techniques used in language study. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

EDUC 4910-4980 Advanced Special Topics/3 sem. hrs. Advanced topics in education that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

EDUC 4970 Special Topics: Assessment Interpretation/Prescription Based On Current Practices in Jamaica. This course focuses on the assessment of primary school students in Jamaica for the purpose of instructional planning. Topics include standardized and informal assessment techniques, norm-referenced/criterion-referenced tests, scoring and interpreting various assessment tools, the application of the results in relation to developing lesson plans, and communicating assessment results to others. This course will also cover basic statistical terms as they relate to student assessment.

PREKINDERGARTEN/PRIMARY EDUCATION (0–4) (EECB)

EECB 2100 Introduction to Prekindergarten/Primary Education—CDA I/3 sem. hrs. In this course, students learn about the developmental needs of children from birth to age five. Students learn to ensure the safety and health of children in early childhood programs and to establish a developmentally appropriate learning environment for young children. Students examine avenues of ongoing professional development for teachers and caregivers of young children. This course covers the Child Development Associate (CDA) Functional Areas of professionalism, safety, health, and learning environment. In addition to class meetings, a minimum of 10 hours of observation and participation in an early childhood setting is required. This course is offered by the Mallman Segal Institute for Early Childhood Studies.

EECB 2110 Introduction to Prekindergarten/Primary Education—CDA II/3 sem. hrs. In this course, students learn about the developmental needs of children from birth to age five. Students learn to support children’s physical development, encourage cognitive learning and the development of communication skills, and enhance creative expression. This course covers the Child Development Associate (CDA) Functional Areas of physical, cognitive, communication, and creativity. In addition to class meetings, a minimum of 10 hours of observation and participation in an early childhood setting is required. This course is offered by the Mallman Segal Institute for Early Childhood Studies.

EECB 2120 Introduction to Prekindergarten/Primary Education—CDA III/3 sem. hrs. In this course, students learn about the developmental needs of children from birth to age five. Students learn to support the social and emotional development of young children and to provide positive guidance. Students explore ways to work effectively with families and develop program management skills related to observing children and delivering appropriate curriculum. This course covers the Child Development Associate (CDA) Functional Areas of self, social, guidance, families, and program management. In addition to class meetings, a minimum of 10 hours of observation and participation in an early childhood setting is required. This course is offered by the Mallman Segal Institute for Early Childhood Studies.

EECB 2250 Caring for Infants and Toddlers/3 sem. hrs. This course prepares students to establish high-quality infant and toddler child care programs. Participants learn about the developmental needs of babies birth to three years, and about components of quality early care. Tools are provided for administrators and technical assistance consultants to use to improve policies and practices that affect children, staff members, and families. Opportunities are provided for participants to practice a variety of staff training and mentoring strategies to support delivery of infant-toddler care. In addition to class meetings, a minimum of 10 hours of practical application experiences is to be completed at the participant’s workplace. This course is offered by the Mallman Segal Institute for Early Childhood Studies.

EECB 4103 Active Learning and the Young Child/3 sem. hrs. Students in this course will explore the role of activity and play in human development from birth to age eight. Students will be introduced to developmentally appropriate methods of play assessment, play facilitation, and intervention. Observation experiences will focus on recognizing developmental and individual characteristics of young children. Opportunities to provide materials and active learning experiences to support these characteristics will take place. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.
Students in this course will explore, compare, and contrast developments, a minimum of 10 hours of observation and participation in a clinical setting required. Students in this course will examine appropriate, developmentally sensitive strategies for managing behavior in typical and atypical children. Proactive strategies and performing functional analysis of behavior will be discussed. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

EECB 4401 Management Strategies in Early Childhood of Typical and Atypical Children II/3 sem. hrs. Students in this course will examine appropriate, developmentally sensitive strategies for managing behavior in typical and atypical children. Proactive strategies and performing functional analysis of behavior will be discussed. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

EECB 4402 Instructional Technology for the Learning Environment/3 sem. hrs. Students in this course will cover the successful integration of technological applications in a multiplicity of child care and early learning environments. The focus is on program management, technology for staff development, technological support for typical and atypical children, and technology to facilitate children's development and learning. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

EECB 4403 Discovery and Exploration of the Physical World Through Science and Mathematics/3 sem. hrs. Students in this course will use concrete materials and strategies that encourage the development of cognitive abilities that contribute to a young child's skill and acquisition for math and science concepts through activities utilizing developmentally appropriate practices. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

EECB 4404 Emergent Literacy and the Creative Arts/3 sem. hrs. Students in this course will examine the relationship between the development of language/communication and its connection to emergent literacy. The focus will be on the acquisition of pre-reading and prewriting skills through developmentally appropriate activities and creating environments and teaching strategies/techniques that promote and enhance the development of literacy, which occurs through the integration of creative expression in art, drama, movement, and music. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

EECP/EDUC 3330 Integrating Instructional Technology in the Classroom/3 sem. hrs. Presents strategies for technological integration into the classroom curriculum in elementary/secondary learning environments. Hands-on experiences will allow students to apply teaching practices and research to specific learning needs of typical and atypical learners. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 1100. In addition, students must have completed a computer literacy class (TECH 1110 or its equivalent) or a computer literacy test-out. Corequisites: EDUC 3000 and EDUC 3001.

EECP 3540 Services and Delivery Systems/3 sem. hrs. Students will be involved in appropriate and varied service delivery systems, including home-based, center-based, and hospital-based environments. Curriculum methods, materials, and practices will provide for inclusion of children with special needs and their families, including the gifted and talented, and will also provide for the needs of children and families who are linguistically and culturally diverse. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 3320, EECP 3330, and EDUC 3350. Corequisites: EDUC 3500 and EDUC 3501.

EECP 3550 Child Guidance and Classroom Management/3 sem. hrs. Students in this course will examine appropriate and developmentally sensitive strategies for managing behavior in typically and atypically developing children ages three to eight years old. Performing functional analysis of behavior and collaboration with support specialties will be discussed. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 3320, EDUC 3330, and EDUC 3350. Corequisites: EDUC 3500 and EDUC 3501.

EECP 4330 Health, Nutrition, Safety, and Physical Development in Early Childhood/3 sem. hrs. Students in this course will study how to promote maximum growth and psychological safety of young children. Emphasis is placed on the indicators and procedure to ameliorate child abuse and neglect. Sources of community support and resources to support prevention and family strength will be highlighted. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 3320, EDUC 3330, EDUC 3350, EDUC 3520, EDUC 3530, EECP 3540, and EECP 3550. Corequisites: EDUC 4000 and EDUC 4001.

EECP 4340 Developmentally Appropriate Practices for Teaching Literacy and Language Arts in Prekindergarten/Primary Education/3 sem. hrs. Students will plan, implement, and evaluate developmentally appropriate and integrated content and methodology in the area of emergent and developing language and literacy, including prereading and reading, prewriting and writing, and receptive, expressive, and interpretive communication. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 3320, EDUC 3330, EDUC 3350, EDUC 3520, EDUC 3530, EECP 3540, and EECP 3550. Corequisites: EDUC 4000 and EDUC 4001.

EECP 4345 Principles and Practices of Reading and Language Arts Assessment in Prekindergarten/Primary Education/3 sem. hrs. Students will investigate a range of literacy and reading techniques and materials that assess reading progress in the early childhood classroom. Students will apply, implement, and evaluate developmentally appropriate methods for evaluating, improving, and remediating individual prereading skills to ensure future success of all students within a diverse early childhood setting. In addition to class meetings, a minimum of 10 hours of clinical observation and participation within an early childhood setting (prekindergarten-grade three) is required. Prerequisites: EDUC 3320, EDUC 3330, EDUC 3350, EDUC 3520, EDUC 3530, EECP 3540, and EECP 3550. Corequisites: EDUC 4000 and EDUC 4001.

EECP 4350 Developmentally Appropriate Practices for Teaching ECE Mathematics/3 sem. hrs. Students will plan, implement, and evaluate developmentally appropriate and integrated content and methodology in the area of emergent and developing understanding of numeration and mathematical concepts. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 3320, EDUC 3330, EDUC 3350, EDUC 3520, EDUC 3530, EDUC 4320, EDUC 3540, EDUC 4330, and EECP 4340.

EECP 4520 Developmentally Appropriate Practices for Teaching Reading in Early Childhood/3 sem. hrs. This course examines concepts in reading, including sequential development, skills in word recognition, and comprehensive methods and materials. The rationale for each method is discussed and practical application with young children is stressed. This course is designed to focus on prereading and reading skills of students from age three to grade three. The relationship of writing, listening, and language to reading development is included. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 3320, EDUC 3330, EDUC 3350, EDUC 3520, EDUC 3530, EECP 3540, EDUC 3550, EDUC 4320, EDUC 4330, EECP 4340, and EECP 4345. Corequisites: EDUC 4500 and EDUC 4501.
EECP 4350 Developmentally Appropriate Practices for the Integration of Creative Arts across the Early Childhood Curriculum/3 sem. hrs. Students will plan, implement, and evaluate developmentally appropriate and integrated content and methodology in the area of emerging and developing understanding of the arts, drama, movement, and music. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDEC 3320, EDEC 3330, EDEC 3350, EDEC 3520, EDEC 3530, EDEC 3540, EDEC 3550, EDEC 4320, EDEC 4330, EDEC 4340, and EECP 4345. Corequisites: EDUC 4500 and EDUC 4501.

EECP 4540 Developmentally Appropriate Practices for Teaching Science in Early Childhood/3 sem. hrs. Students will plan, implement, and evaluate developmentally appropriate and integrated content and methodology in the area of emergent and developing understanding of sciences. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDEC 3320, EDEC 3330, EDEC 3350, EDEC 3520, EDEC 3530, EDEC 3540, EDEC 4320, EDEC 4330, EDEC 4340, and EECP 4345.

EECP 4545 Developmentally Appropriate Practices for Integrating Math and Sciences in Early Childhood Education/3 sem. hrs. Students will focus on instruction and integration of mathematics and science content and methodology in the areas of emergent and developing mathematical and scientific principles. Theories of child development and learning will be reviewed as they apply to hands on instruction as well as assessment in both content areas for children in the age range of 3 through 3rd grade. Students will plan, implement, and evaluate developmentally appropriate lessons while demonstrating best practices. Integration of both mathematics and science content areas throughout the curriculum in developmentally appropriate ways will be stressed. Additionally, strategies for involving family and community will be stressed. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDEC 4320, EDEC 4330, EDEC 4340, and EECP 4345.

EECP 4550 Developmentally Appropriate Practices for Teaching Social Studies in Early Childhood/3 sem. hrs. Students will plan, implement, and evaluate developmentally appropriate and integrated content and methodology in the area of emergent and developing understanding of social science. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDEC 3320, EDEC 3330, EDEC 3350, EDEC 3520, EDEC 3530, EDEC 3540, EDEC 3550, EDEC 4320, EDEC 4330, EDEC 4340, and EECP 4345. Corequisites: EDUC 4500 and EDUC 4501.

EECP 4560 Integrating Literacy Throughout the Early Childhood Curriculum/3 sem. hrs. Students will focus on the review and application of varied samples of literature as they relate to the total curriculum, while integrating all phases of diversity in the early childhood classroom. The course examines the teacher's role in evaluating literature intended to foster students' ability to understand, recall, integrate information, and improve comprehension of the independent learner through the world of literature. In addition to class meetings, a minimum of 10 hours of observation and participation within an early childhood setting (prekindergarten-grade three) is required. Prerequisites: EDEC 3320, EDEC 3330, EDEC 3350, EDEC 3520, EDEC 3530, EDEC 3540, EDEC 3550, EDUC 4320, EDUC 4330, EDUC 4340, EDUC 4345. Corequisites: EDUC 4500 and EDUC 4501.
ENVS 1100 Environmental Science I/3 sem. hrs. Environmental Science I provides students with a broad overview of a highly interdisciplinary subject by examining how man can best live with the Earth's environment. The first semester emphasizes the biological and environmental aspects of the environment. Students study environmental science content based on the National Research Council (NRC) and Florida Sunshine State Standards. Attention is given to the connections among science concepts with reference to vertical scope and sequence throughout the grade levels. A particular strand of scientific knowledge is explored each week. Class activities will demonstrate how early concepts in that strand form a foundation of knowledge for more advanced concepts in the same strand at higher grade levels. Students will record the classroom exploration of each strand in a journal as a permanent record of the knowledge composing the grades 5–8 science curriculum.

EMDS 3540 Reading and Study Skills in the Middle School/3 sem. hrs. Designed specifically for content-area teachers, this course examines the role of reading and study skills in subject-area instruction. The focus is on how to help middle- and high-school students develop appropriate strategies for reading and learning from textbooks and other expository materials. Identifying and correcting reading problems, identifying text-based difficulties, and developing compensatory instructional strategies are addressed.

EMDS 4320 Classroom Management in Middle School/3 sem. hrs. Explores various models for classroom management and the factors that influence classroom management (time, space, student motivation, and diversity) as they relate to effective teaching for all populations. Course contains required classroom management competencies for middle school science education.

EMDS 4330 Methods of Teaching Science in the Middle School/3 sem. hrs. Methods for teaching science in the multicultural middle-school classroom are discussed, including hands-on approaches, multimedia resources and materials, and ideas drawn from the students' own experiences. Development of teaching skills and analysis of materials, methods, and programs for teaching science will be based on guidelines established in the Florida Sunshine State Standards. Instructional technology that reinforces the activity-based learning style in this content area will be identified.

ENVIRONMENTAL SCIENCE/STUDIES (ENVS)
ENVS 1201 Environmental Science II Lab/1 sem. hr. The laboratory series connects science with teaching and the real world. Students are taught how to convert scientific themes into investigative packs of the curious nature of the middle-school student. The course will be taught in a format that utilizes easily accessible equipment or supplies and uses resources that are generally available within the community. Laboratory exercises connect environmental science with drinking water, air, and water pollution, recycling and garbage, household and toxic chemicals, and energy resources.

ENVS 3010 Environmental Epidemiology/3 sem. hrs. Environmental Epidemiology examines the history, principles, and uses of epidemiology for understanding and control of health and disease in relation to human environments. Emphasis in this survey course include the natural history, prevention, and control of diseases, as well as monitoring and outbreak investigations.

ENVS 3020 Environmental Health/3 sem. hrs. Environmental Health examines a multidisciplinary field. The study of environmental health sciences is concerned with the impact of environmental conditions of human health. Particular attention is given to the health effects in people that can arise from exposure to agents (chemical, biological, physical, or even behavior) through the air they breathe, the water they drink, the food they eat, and the manner in which they go about their lives and their work.

ENVS 3030 Environmental Microbiology/3 sem. hrs. Environmental Microbiology examines the role of infectious diseases upon human populations and the environmental conditions required for transmission. The transmission of disease is a major, worldwide public health problem. The factors that have significance are studied: ecological, biological, societal, and technological.

ENVS 3100 Environmental Issues/3 sem. hrs. Environmental Issues is designed to teach students that most of today’s issues in environmental science are highly controversial and that advocating a policy stand on an environmental concern requires the balancing of the pros and cons of an issue. Several current areas will be introduced in an unbiased manner. The students will gain experience taking sides and debating issues by presenting objective perspectives on environmental topics. Topics include population growth, the new clean water act, recycling, and global warming. This course will complement the oral communication class, which students will take during the same semester.

ENVS 3350 Environmental Law and Policy/3 sem. hrs. Environmental Law and Policy analyzes environmental quality in terms of law and policy. Specific public policy issues are surveyed to develop alternative approaches for dealing with ecological problems and for illustrating the power of public opinion. This course also provides an understanding of the norms and institutions that comprise national and international environmental law. Specific topics considered include air pollution and protection of the atmosphere, hazardous waste, endangered species, the global commons, and laws of the sea. Statutes, regulations, and judicial decisions are emphasized to provide an overall analysis of environmental law. Identical to LGST 3350.

ENVS 4300 Industrial Ecology/3 sem. hrs. Industrial ecology is a new way of thinking about economy-environment interactions. It is the means by which humanity can deliberately and rationally approach and maintain a desirable carrying capacity, given continued economic, cultural, and technological evolution. Topics considered include the minimizing of energy-intensive process steps in manufacturing; the reduction of residues; and the importance of designing, building, maintaining, and recycling products in such a way that they impose minimal impact on the wider world.

ENVS 4500 Practicum in Environmental Science/3–9 sem. hrs. This is a nonpaying work and/or research experience. The position must be related to the student’s academic program with specific interest in either ecotourism or sustainability. Each participating student will be assigned a faculty sponsor with whom a tutorial contract will be written outlining the academic work to be completed during the practicum. Prerequisites: Students must have an earned cumulative GPA of 2.5 or higher and must have completed a minimum of 36 academic credit hours. Students may accumulate up to nine credits working on one or several experiences.

ENVS 4600 Practicum in Environmental Studies/2–9 sem. hrs. This is a 10–20 hour per week, nonpaying work experience. The position must be related to the student’s academic program with specific interest in either ecotourism or sustainability. Each participating student will be assigned a faculty sponsor with whom a tutorial contract will be written outlining the academic work to be completed during the internship. Prerequisites: Students must have an earned cumulative GPA of 2.5 or higher and must have completed a minimum of 36 academic credit hours.

ENVS 4999 Symposium in Environmental Science/Studies and Marine Biology/0 sem. hrs. A required component for the environmental science studies and marine biology majors is attending a weekly symposium. Local, state, national, and international experts representing a variety of disciplines found under the environmental science/studies umbrella are invited to present papers and presentations about current research and projects they are developing. The purpose of the symposium series is to reveal the most current issues in the fields as well as to provide current information on the opportunities available to students. Identical to MBO 4999.

EXCEPTIONAL STUDENT EDUCATION (ESED)

ESED 3350 Educational Assessment of Exceptional Students/3 sem. hrs. Assessment of exceptional students for instructional planning purposes is stressed. Topics include formal and informal evaluation techniques, as well as the interpretation, application, and communication of results. Emphasis is placed on addressing programmatic needs from kindergarten through adulthood. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 1100, EDUC 3330, EDUC 3350, and EDUC 3360. Corequisites: EDUC 3500 and EDUC 3501.

ESED 3540 Introduction to Language Development and Speech Disabilities/3 sem. hrs. The study of language development and disorders, including the impact of language on learning and augmentative forms of communication. Individual needs and remediation concerns are addressed from early childhood to adulthood. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 1100, EDUC 3330, EDUC 3350, and EDUC 3360. Corequisites: EDUC 3500 and EDUC 3501.

ESED 3550 Vocational/Functional Life Skills/3 sem. hrs. Personal and social skills for exceptional learners are stressed through emphasis on employability skills, career awareness, and transition planning for adult living. Teaching major competencies necessary from kindergarten through adulthood in the areas of vocational and social needs is explored and applied. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 1100, EDUC 3330, EDUC 3350, and EDUC 3360. Corequisites: EDUC 3500 and EDUC 3501.

ESED 3560 Education of the Mildly Handicapped/3 sem. hrs. Nature and needs of mildly handicapped students are stressed (definitions, characteristics, prevalence, incidence, etiology, and medical aspects). Educational needs of students who are limited in English proficiency (LEP) are investigated. Curricular planning, prevention and intervention strategies for exceptional learners (emotionally handicapped, educable mentally handicapped, and specific learning disabilities) from kindergarten through adulthood in resource room or full inclusion settings are explored and applied. Professional organizations, array of services, use of community services from culturally diverse perspectives, IEP’s and placement processes are emphasized. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: EDUC 3330, EDUC 3350, and EDUC 3360.

ESED 3561 Families, Professionals, and Exceptionality/3 sem. hrs. A study in theory, research, and best practices related to family-professional partnerships from both general and special education is conducted. Families are studied as interactive systems from a multicultural perspective. Concepts and techniques of developing empowerment through collaboration are discussed and applied for it is through such partnerships that reliable alliances develop. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. Prerequisites: ESOL 2903, EDUC 3330, EDUC 3350, and EDUC 3360.

ESED 4320/EDUC 4320 Classroom Management for Typical and Atypical Learners in the Multicultural Classroom/3 sem. hrs. This course examines classroom management as the relationship of appropriate curricula, methods, materials, student behavior, and teacher behavior from culturally diverse perspectives. These factors are related to the twelve accomplished practices from the Florida Education Standards Commission and the research base from the Florida Performance Measurement System (FPMS). There will be a minimum requirement of 10 hours of clinical experience in a community school. This course, cross-listed with EDUC 4320, has a mandatory university supervision component of the clinical experience. Prerequisites: EDUC 3330, EDUC 3350, EDUC 3360, EDUC 3520, ELEM 3350, ELEM 3540, and ELEM 3550.
ESED 4550 Methods and Materials for Teaching SLD Learners/3 sem. hrs. Emphasis is placed on instructional strategies for teaching students with specific learning disabilities. Specialized approaches to teaching basic skills and adaptation of curriculum and materials for students ranging in age from kindergarten through high school are investigated and applied. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required. This course has a mandatory university supervision component of the clinical experiences. Prerequisites: EDUC 1100, EDUC 3330, EDUC 3350, EDUC 3360, EDUC 3520, ESED 3530, ESED 3540, ESED 3550, ESED 4320, ESED 4360, ELEM 4340, ELEM 4350, and ELEM 4360. Corequisites: EDUC 4500 and EDUC 4501.

ESOL 2903 Cross-cultural Studies/3 sem. hrs. This course will enable students to expand their knowledge of a multiplicity of cultural groups nationwide. This knowledge will allow them to identify culture-specific verbal and nonverbal communications and school behaviors resulting from cultural variations and their influence on student behavior/attitudes. The use of recent research findings and cross-cultural awareness will assist participants in maximizing student learning and in designing culturally sensitive instructional materials while exhibiting appropriate teacher behaviors in cross-cultural school settings. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

ESOL 3340 Survey of TESOL for Teachers/3 sem. hrs. This course is required of all undergraduate preservice teachers enrolled in ESOL infused programs. A survey of TESOL for undergraduate education majors, this course provides a broad conceptual framework for preservice teachers to understand the potentials and hurdles of the limited English proficient (LEP) in a subject area classroom. It surveys the Office of Multicultural Student Language Education's twenty-five performance standards for Teachers of English for Speakers of Other Languages, and reviews the latest research written by experts in the field. This is an ESOL stand-alone course. In addition to class time, a minimum of 10 hours of clinical experience in a community school is required.

ESOL 4900 Survey in Teaching Limited English Proficient Students/3 sem. hrs. An overview of the required components for the ESOL Add-On Endorsement, including the Florida Performance Standards and program design matrices, which are used to verify the attainment of specified competencies. This is an elective offered for school district personnel who need to meet specific district requirements. This course is not designed to meet any of the ESOL requirements for early childhood, elementary, or exceptional student education majors. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

ESOL 4901 Methods of Teaching ESOL/3 sem. hrs. This course will assist participants in identifying and selecting instructional strategies, approaches, and materials for the development of listening, speaking, reading, and writing skills in ESOL classrooms. Knowledge of these elements will be demonstrated by development and presentation of lesson plans appropriately based on age, language proficiency, cultural background, and learning styles. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

ESOL 4902 ESOL Curriculum and Materials Development/3 sem. hrs. Participants will learn how to design various models of appropriate ESOL curriculums to evaluate instructional materials, to select appropriate ESOL content according to levels of proficiency in the language arts, and to select and use effective instructional technologies/materials, including computers, VCRs, audiotapes, etc. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.
ESOL 4904 Linguistics for ESOL Educators/3 sem. hrs. This course deals with the basic systematic and subsystematic organization of language, including phonology, morphology, syntax, and possible linguistic interferences in these areas for LEP students from diverse backgrounds. Students will learn how to compare language acquisition of different age groups, to identify principles of contrastive and error analysis, and to identify exceptionalities characteristic of LEP students with special needs. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

ESOL 4905 Testing and Evaluation in ESOL/3 sem. hrs. Participants will learn to identify suitable ESOL assessment instruments and placement tests for ESOL students. Students will be required to identify available tests and construct necessary ESOL test items in the cultural and language arts areas. The design and interpretation of appropriate testing—proficiency and achievement measures—as well as the interpretation of such assessment will be stressed. Necessary record keeping of these documents will be discussed. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting is required.

**GEOGRAPHY (GEOG)**

GEOG 2050 Survey of Geography/3 sem. hrs. Study of geographic characteristics, area relationships, and major regional problems, and their impact on the Western world. Study of physical, human, economic, and political resources.

GEOG 2260 Geography of Natural Resources/3 sem. hrs. Study of the natural resources within the framework of the man-environment system. Included are problems related to pollution, populations, technology, growth, conservation of the environment, and developmental planning as they relate to the various geographic areas of the Western world and the nonwestern world.

GEOG 2280 Introduction to Oenology: The World of Wines/3 sem. hrs. Study of major wine regions of the Western world. Examines fundamentals of wine history, vine cultivation, and wine production. Course will teach students about the varieties of wines from different wine regions and will provide students with guidelines for selecting and enjoying wines for various occasions. **Prerequisite:** must be the legal drinking age.

GEOG 2900 Special Topics in Geography/3 sem. hrs. Topics in geography that are not included in regular course offerings and may be taken without prerequisites. Specific content is announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

GEOG 3000 Geography of Ecotourism/3 sem. hrs. Geography of Ecotourism examines physical and cultural attributes of countries and regions in the context of tourism. A general emphasis provides a broad overview of tourism around the world, but the majority of the instruction deals with the examination of ecotourism from a thematic viewpoint so that practitioners can learn to identify geographic locations with specific attractions and apply concepts to construct activities in any country.

GEOG 4900 Advanced Special Topics in Geography/3 sem. hrs. Advanced topics in geography that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

**GENDER STUDIES (GEST)**

GEST 2050 Introduction to Gender Studies/3 sem. hrs. This course introduces students to the interdisciplinary field of gender studies. It is designed to help students develop a critical framework for thinking about questions relating to gender and the ways that gender is constructed and institutionalized. Attention is paid to ongoing debates concerning public and private, the politics of embodiment and sexuality, equality and difference, the intersection of gender with other axes of subordination, identity politics, and essentialism.

GEST 4900 Special Topics in Gender Studies/3 sem. hrs. This course serves as a capstone to gender studies and provides the opportunity for treatment of special topics and/or internships combined with independent research projects. **Prerequisites:** GEST 2050; WRIT 2000, 2010, or 2020.

**HISTORY (HIST)**

* HIST 1030 American History to 1865/3 sem. hrs. American history from its colonial origins through the Civil War. Special emphasis is given to analyzing and evaluating the major forces and ideas that have shaped American political, social, and economic life.

* HIST 1040 American History Since 1865/3 sem. hrs. American history from Reconstruction to the present. Special emphasis is given to analyzing and evaluating the major forces and ideas that have shaped American political, social, and economic life.

* HIST 1090 Early Western History/3 sem. hrs. A historical study of the major political, social, economic, philosophical, and religious movements shaping Western society in the period preceding the Renaissance.

* HIST 1110 Modern Western History/3 sem. hrs. A historical examination of modern Western society since the Middle Ages emphasizing political, social, and economic movements, and the religious and philosophical ideas that have shaped its development.

HIST 1150 Early World History/3 sem. hrs. A study of the development of world civilizations, examining the inter-relationships of the various regions of the world from prehistoric times through 1500. The course will examine the rise of world communities, cultures, religions, and empires. It will trace the development of trade, economics, political forms, and the creation of the nation-state. The course will examine the development of technology and the use of war to resolve cultural/religious/national conflicts.

HIST 1160 Modern World History/3 sem. hrs. An examination of the inter-relationships of world civilizations of the various regions of the world in the post-Renaissance era. The course will examine the major world communities, cultures, and religions. It will trace the modernization of economic and political systems, and the relations between modern nation-states. Students will scrutinize the collapse of colonialism and the beginning and end of the Cold War. The course will examine the use of technology and warfare to resolve cultural/religious/national conflicts and the role played by the United States in world affairs in the modern era.
HIST 2010 History of Florida/3 sem. hrs. An examination of the history of Florida from the time of its first recorded human inhabitants through exploration and settlement by Europeans and into the colonial history of Spanish and British Florida. It will cover United States territorial status and statehood, secession and Civil War, Reconstruction and reform, economic boom and bust, growth and diversification, the growth of tourism, and the effects of the Depression and World War II on Florida. This course will also go over Florida's role in the Civil Rights movement and immigration's impact on Florida up to the present day. Prerequisite: WRIT 1500.

* HIST 2130 The Formation of Latin America/3 sem. hrs. Ancient America to the Mexican Revolution: an interdisciplinary study of ancient American and Latin American systems and societies. The course examines ways in which essential elements of indigenous cultures have had an impact on the development of Latin American political, social, and economic institutions; the impact of Iberian history and socioeconomic systems on the discovery, colonization, and development of American nations; the legacy of Spanish and Portuguese colonialism to emerging Latin American states; and the major goals and consequences of 19th century neocolonialism. Prerequisite: WRIT 1500.

HIST 2140 Modern Latin America/3 sem. hrs. The 20th and 21st centuries: using Latin America and the Caribbean as a focal point, the course provides an interdisciplinary overview of contemporary American systems and societies and their place in a rapidly changing, increasingly interdependent world. Topics discussed will include the causes and goals of revolution in Latin America, Latin American debt and development, United States-Latin American relations, and a new hemispheric order for the 21st century. Prerequisite: WRIT 1500.

HIST 2200 Asian History/3 sem. hrs. This course traces the history of Asia from the age of Asian empires through European contact and colonialism, and into the age of the modern nation-state, examining the growth of Confucian and Buddhist culture in China and Japan, the rise of Communism and militarism, and the interaction of these nations with the rest of Asia. Prerequisite: WRIT 1500.

HIST 2300 Caribbean History/3 sem. hrs. This course traces the history of the Caribbean from the fifteenth century to the present, examining such issues as indigenous peoples and the early years of European settlement and colonization, the construction of African slavery, the changing place of the Caribbean in the world economy, various aspects of slave society, and the abolition of slavery. Revolution and struggles for independence will be emphasized, as will U.S. imperialism, migration, and the rise of intellectual, artistic, and literary movements in Caribbean island nations. Prerequisite: WRIT 1500.

* HIST 3010 Constitutional History I/3 sem. hrs. A study of the origin and development of the American constitutional system from the colonial period to 1870. The course will examine seminal decisions of the United States Supreme Court during this period in their political, social, and economic context. Prerequisites: 1 HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

* HIST 3020 Constitutional History II/3 sem. hrs. Continuation of the study of the constitutional system of the United States. The course covers the period 1870 to the present with special emphasis on Supreme Court decisions in the areas of federal-state relations, individual liberties, and civil rights. Prerequisite: HIST 3010.

HIST 3030 Studies in American History/3 sem. hrs. A study of a specific period in American history, such as the Civil War and Reconstruction, the New Deal Era, the Vietnam War, or recent U.S. diplomatic history. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisites: 1 HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

HIST 3040 Studies in European and Nonwestern History/3 sem. hrs. A study of a specific period in European or nonwestern history, such as Europe in the 20th century, the Holocaust, or modern African history. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisites: 1 HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

HIST 3130 Vietnam/3 sem. hrs. This course takes an interdisciplinary approach to examine the origins and causes of the Vietnam War; explore the ways it was fought; and evaluate its impact on American society, politics, and life. Specific focus will be on the way that the Vietnam conflict inspired feelings of strife, anger, confusion, and frustration to an entire generation of Americans as America's first “lost” war. Prerequisites: 1 HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

HIST 3140 The Holocaust/3 sem. hrs. This course will look at the causes, reasons, results, and implications of the Holocaust from both a European and American perspective. Prerequisites: 1 HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

HIST 3240 Irish History/3 sem. hrs. This course will study Irish history from the neolithic era to the 21st century, focusing on the colonial relation between Britain and Ireland including the 17th-century Plantation, the Cromwellian and Williamite wars, the United Irishmen and the 1798 Uprising, the Act of Union, the Great Hunger (Famine) and emigration to America, and the formation of the Irish Republic and the Northern Irish state in 1922. Prerequisites: 1 HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

HIST 4030 The Great Depression/3 sem. hrs. This course will examine the origins and causes of the Great Depression, exploring its impact on American society and life and evaluating its effects on the politics of reform that grew up in response to this crisis. Specific topics, such as this era's impact on confidence about the future, the New Deal, the welfare state and modern liberal politics, and how events of the era have helped form contemporary American society, will be covered. Prerequisites: 1 HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

HIST 4500 Historiography/3 sem. hrs. The study of how historians contend with the past. This course focuses on how history is researched and written, noting the different avenues used to view history, how bias affects the writing of history, and the assessment of what history is. Prerequisites: 1 3000-level HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

HIST 4900 Special Topics in History/3 sem. hrs. Advanced studies in selected topics in history, such as the historiography of the Progressive Movement, interpretations of the American Revolution, the role of technology in the American economy, or environmental history. Specific focus to be announced. May be repeated once for credit, if content changes and with division approval. Prerequisites: 1 HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

HIST 4990 Independent Study/1-3 sem. hrs. The student selects, and carries out independently, library and/or empirical research. Faculty supervision is provided on an individual basis. Written consent of instructor and division director is required. Prerequisites: 1 HIST course; WRIT 2000, WRIT 2010, or WRIT 2020.

HUMANITIES (HUMN)

HUMN 1410 Explorations in the Humanities/3 sem. hrs. This introductory humanities course examines life from two perspectives: the self and the self and society. The arts and humanities will be viewed as the product of past and present human intellect and imagination that tells us what we believe in, what we stand for, and what we value.

HUMN 3100 Asian Thought/3 sem. hrs. An introduction to the fundamental teachings of significant religious and philosophical systems of Asia, offering a broad overview of such topics as Wu Wei, karma, reincarnation, impermanence, the nature of the mind, the paths to enlightenment, and basic practices such as meditation and compassionate action. Prerequisites: 1 ARTS, HIST, HUMN, LITR, or PHIL course; WRIT 2000, 2010, or 2020.

HUMN 4100 Death and Dying/3 sem. hrs. A multidisciplinary examination of significant topics related to the process of dying and death including changing attitudes toward death, problems and solutions that may arise for those experiencing the dying process (including the individual, family, and friends), the grieving process, and non-western approaches to death and dying. Prerequisites: 1 ARTS, HIST, HUMN, LITR, or PHIL course; WRIT 2000, 2010, or 2020.

HUMN 4900 Special Topics in the Humanities/3 sem. hrs. Advanced studies in selected cross-disciplinary areas of the humanities, including such topics as comparative religion, death and dying, or popular culture. Specific focus to be announced. May be repeated once for credit, if content changes and with division approval. Prerequisites: 1 ARTS, HIST, HUMN, LITR, or PHIL course; WRIT 2000, 2010, or 2020.
HUMN 4990 Independent Study/1–3 sem. hrs. The student selects, and carries out independently, library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisites: 1 ARTS, HIST, HUMN, LITR, or PHIL course; WRIT 2000, 2010, or 2020.

COOP 3814 Cooperative Education I in Humanities/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

COOP 3914 Cooperative Education II in Humanities/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: COOP 3814, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3814 Internship I in Communication/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3914 Internship II in Communication/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3810 Internship I in Accounting
INTN 3811 Internship I in Business
INTN 3812 Internship I in Computer Science
INTN 3814 Internship I in Humanities
INTN 3815 Internship I in Legal Studies
INTN 3816 Internship I in Biology
INTN 3818 Internship I in Marine Biology
INTN 3819 Internship I in Psychology
INTN 3820 Internship I in Paralegal Studies
INTN 3821 Internship I in Communication

1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3910 Internship II in Accounting
INTN 3911 Internship II in Business
INTN 3912 Internship II in Computer Science
INTN 3914 Internship II in Humanities
INTN 3915 Internship II in Legal Studies
INTN 3916 Internship II in Biology
INTN 3918 Internship II in Marine Biology
INTN 3919 Internship II in Psychology
INTN 3920 Internship II in Paralegal Studies
INTN 3921 Internship II in Communication

1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: Internship I, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

LATIN AMERICAN AND CARIBBEAN STUDIES (LACS)

LACS 4850 Preparation for Field Study/3 sem. hrs. This course is designed to prepare students for total immersion into Latin American culture, with emphasis on the culture and environment of the Peruvian Amazon. Students will examine how others deal with the experience of separation from one’s culture and integration into another. To aid in their own integration process, students will examine the geography, culture, and the current events of Peru and the Amazon region. Prerequisite: written consent of instructor and division director required.

LACS 4860 Field Study in Latin America I/3 sem. hrs. A field experience relating to selected topics in Latin American and Caribbean studies. Specific content and prerequisites are announced in the course schedule for a given term. Prerequisite: written consent of instructor and division director required.

LACS 4870 Field Study in Latin America II/3 sem. hrs. Advanced field experience relating to selected topics in Latin American and Caribbean studies. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll in field study experience covering different topics and cultures. Prerequisites: LACS 4850 and LACS 4860.

LACS 4900 Special Topics in Latin American and Caribbean Studies/3 sem. hrs. Topics in Latin American and Caribbean Studies not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll for Special Topics covering different content. Prerequisites: one HIST course; WRIT 2000, 2010, or 2020.

LEGAL STUDIES (LGST)

LGST 2100 The Legal Profession/3 sem. hrs. A study of the historical and social development of the legal profession in America from the colonial period to the present, with emphasis on the structure of legal education, ethical standards, and the public policy role of lawyers. Prerequisite: WRIT 1500.

LGST 2400 Comparative Legal Systems/3 sem. hrs. A study of the interrelationship between cultures and legal systems; how legal systems develop as a response to, and expression of, the cultures from which they derive. Prerequisite: WRIT 1500.

LGST 3260 Judicial Politics and Process/3 sem. hrs. This class will examine both the formal and informal practices and rules that shape the American judicial system. Using a political science/legal anthropology approach, it will ask who uses the courts, why they use the courts and what they hope to achieve. In doing so, it will seek to assess the effectiveness of American justice by analyzing such topics as the formal structures of the American judicial system and the judicial appointment, socialization, and the decision-making process. Prerequisite: HIST 3020.

LGST 3350 Environmental Law and Policy/3 sem. hrs. Environmental Law and Policy analyzes environmental quality in terms of law and policy. Specific public policy issues are surveyed to develop alternative approaches for dealing with ecological problems and for illustrating the power of public opinion. This course also provides an understanding of the norms and institutions that comprise national and international environmental law. Specific topics considered include air pollution and protection of the atmosphere, hazardous waste, endangered species, the global commons, and laws of the sea. Statutes, regulations, and judicial decisions are emphasized to provide an overall analysis of environmental law. Prerequisites: 1 LGST course; WRIT 2000, WRIT 2010, or WRIT 2020.
LGST 4000 Legal Research and Trial Advocacy/3 sem. hrs. Students will learn legal research and writing skills, as well as the basics of case preperations, courtroom strategy and presentation, and legal argumentation. Library and Internet primary and secondary legal resources will be utilized, and legal memoranda and research skill exercises will be required. The students will complete a trial notebook of their research and writing work, which they will then present in a mock trial/appellate setting. Prerequisite: 1 LGST course; WRIT 2000, WRIT 2010, or WRIT 2020.

LGST 4050 Civil and Political Liberties/3 sem. hrs. A survey of the philosophical basis and actual development of civil and political liberties in the United States. The course also examines the leading United States Supreme Court cases in the area. Prerequisite: HIST 3020.

LGST 4260 Private Law/3 sem. hrs. This course examines, in depth, one or more areas of private law, such as contracts, torts, or corporations and considers them in the context of modern legal thought. The emphasis will be on 20th-century America. Prerequisite: HIST 3020.

LGST 4410 International Law/3 sem. hrs. An introduction to basic legal principles governing relations between nations. Topics include recognition of states, jurisdiction, human rights, treaties and agreements, law of the sea, and claims against nations. Prerequisites: 1 LGST course; WRIT 2000, WRIT 2010, or WRIT 2020.

LGST 4800 Study Abroad/1–6 sem. hrs. A study abroad experience relating to selected topics in legal studies. Topics and credits vary. Written consent of instructor and division director is required. Prerequisites: 1 LGST course; WRIT 2000, WRIT 2010, or WRIT 2020.

COOP 3815 Cooperative Education I in Legal Studies/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

COOP 3815 Cooperative Education II in Legal Studies/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: COOP 3815, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3815 Internship I in Legal Studies/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3815 Internship II in Legal Studies/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: INTN 3815, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

LITERATURE (LITR)

*LITR 2010 British Literature I/3 sem. hrs. A survey of major literary movements and writers, from Old English through the 18th century. The course examines themes common to various historical periods. Prerequisite: WRIT 1500 or equivalent with a C- or higher.

*LITR 2011 British Literature II/3 sem. hrs. A survey of major literary movements and writers, from the Romantic period through the present. The course examines themes common to various historical periods. Prerequisite: WRIT 1500 or equivalent with a C- or higher.

*LITR 2020 American Literature I/3 sem. hrs. A survey of American literature from the colonial period through the Civil War, emphasizing major authors and identifying themes common to various historical periods. Prerequisite: WRIT 1500 or equivalent with a C- or higher.

*LITR 2021 American Literature II/3 sem. hrs. A survey of American literature from the end of the Civil War through the present, emphasizing major authors and identifying themes common to various historical periods. Prerequisite: WRIT 1500 or equivalent with a C- or higher.

*LITR 2030 World Literature I/3 sem. hrs. A survey of selected masterpieces by writers from antiquity through the Renaissance, emphasizing the evolution of world culture. Prerequisite: WRIT 1500 or equivalent with a C- or higher.

*LITR 2031 World Literature II/3 sem. hrs. A survey of selected masterpieces by international writers from the 17th century through the 20th century, emphasizing the evolution of world culture. Prerequisite: WRIT 1500 or equivalent with a C- or higher.

*LITR 3010 Studies in British Literature/3 sem. hrs. A study of a specific period in British literary history (e.g., the Middle Ages, the Renaissance, Romanticism, Modernism). Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 3020 Studies in American Literature/3 sem. hrs. A study of a specific period in American literary history (e.g., the Puritans and Revolutionaries, Transcendentalists, 19th-century realists). Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 3030 Studies in World Literature/3 sem. hrs. A study of a specific period in world literary history (e.g., the Classical era, Medieval period, the Renaissance, the Enlightenment, Romanticism, Modernism). Specific focus to be announced. May be repeated once for credit, if content changes and with division approval. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 3500 Area Studies in Literature/3 sem. hrs. A study of the literature of a specific group or region, such as Celtic and Irish literature, Latin American and Caribbean literature, or African American literature. Specific focus to be announced. May be repeated once for credit, if content changes and with division approval. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 3505 Area Studies in Literature/3 sem. hrs. A study of the literature of a specific group or region, such as Celtic and Irish literature, Latin American and Caribbean literature, or African American literature. Specific focus to be announced. May be repeated once for credit, if content changes and with division approval. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 3506 History and Structure of the English Language/3 sem. hrs. A study of the structure and development of the English language from Old English to Modern English, including changes in word forms, meanings and sounds, syntax, and grammar. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 3500 Literature and Medicine/3 sem. hrs. This course explores the relationship between literary and historical texts and medical practice. Using critical perspectives from the humanities, the course examines such topics as the medical practitioner’s role, medical themes in literature, and pathographies. Prerequisites: LITR course; WRIT 2000, 2010, or 2020.

*LITR 3610 Literary Genres/3 sem. hrs. An introduction to major genres (poetry, drama, and the novel) through the reading of important works of various periods. Specific focus to be announced. May be repeated once for credit, if content changes and with division approval. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 4050 Literary Criticism and Theory/3 sem. hrs. This course introduces students to critical approaches to literature and explores the potential usefulness of theoretical constructs in examining literary texts. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 4060 Critical Theories and Gender/3 sem. hrs. This course introduces students to contemporary feminist criticism and gender theory from Simone de Beauvoir to the present and explores the potential usefulness of theoretical constructs in examining literature. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.
*LITR 4700 Major Authors/3 sem. hrs. This course examines the life and work of a single major author from a variety of critical perspectives. Specific focus to be announced. May be repeated once for credit, if content changes and with division approval. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 4710 Legends and Motifs in Literature/3 sem. hrs. This course explores a single legend or motif that has captured the imagination of authors from ancient Greece to the present. Such legends may include a single figure, such as King Arthur, Oedipus, Antigone, Don Juan, Faust, or a character type, such as the vampire, the detective, or the femme fatale. Specific focus to be announced. May be repeated once for credit, if content changes and with division approval. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

*LITR 4900 Special Topics in Literature/3 sem. hrs. Topics, which vary from year to year, may include a history of literary criticism, a study of literature in relation to a specific field (politics, law, science), or an exploration of a particular form (travel literature, autobiogrophy, etc.) or theme (literature and the city, literature and the self). Recommended for advanced students. Specific focus to be announced. May be repeated once for credit, if content changes and with division approval. Prerequisites: WRIT 2000, WRIT 2010, or WRIT 2020, and one 2000-level LITR course.

**MARINE BIOLOGY (MBIO)**

MBIO 2400 Marine Biology/3 sem. hrs. This introductory course for the marine biology major will acquaint the student with a wide variety of topics incorporated in marine biological studies. Focus will be placed on the physiological, chemical, and biological constraints of marine organisms, their habitat, and community interactions. Two weekend field trips are required.

MBIO 2500 Oceanography/Lab/4 sem. hrs. Study of the physical and life sciences as they apply to the ocean. Oceanographic sampling and laboratory analysis techniques are covered.

MBIO 2910 Introductory Marine Bio Field Topics/1 sem. hr. Introductory topics in marine biological science that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll for different topics.

MBIO 3250 Coastal Marine Communities/3 sem. hrs. Visits to mangrove forests, seagrass beds, sandy shorelines, and hard-bottom habitats will expose students to the wide variety of marine communities in and around southeast Florida. Relationships within and among these communities will exemplify their interdependence. These systems will be studied at both the macro and micro levels. Several field trips are required, and will be scheduled either during class time or on weekends. Prerequisite: BIOL 1510. Successful completion of one of the following courses is strongly recommended: MBIO 2500, MBIO 3650, or BIOL 3200.

MBIO 3350 Gulf Stream Ecology/3 sem. hrs. This course will be taught by experts in a range of different oceanographic subdisciplines. In this way, students will gain hands-on field and laboratory experience working with a range of organisms collected from several local habitats. Topics explored will include microbial ecology, macroinvertebrate ecology, and vertebrate ecology. Students will become familiar with the techniques used to collect and study these different groups in the field. In the laboratory, they will conduct experiments to elucidate their function within the different ecosystems sampled.

MBIO 3560 Marine Vertebrates/3 sem. hrs. This course is an introduction to marine vertebrates and their evolution, systematics, anatomy, physiology, ecology, and behavior. The focus will be on the organisms and their interactions with the marine environment, their interactions with each other, and their interaction with other species. A major goal will be to explain the great diversity and adaptations of vertebrate animals with examples involving local marine species. Prerequisite: BIOL 1510.

MBIO 3750 Coral Reefs and Coral Communities/3 sem. hrs. This class introduces students to the biology and ecology of corals and coral-associated organisms. Topics include coral distribution, abundance, diversity, taxonomy, endosymbionts, reproduction, predator-prey relationships, and anthropogenic and natural disturbances. Active classroom discussion will be encouraged during and following the presentation of material by the professor. A formal discussion period on selected papers will be conducted during each class. Material will be presented from a global perspective, with focus on the South Florida and Caribbean marine environment. Two weekend field trips are required. Prerequisite: MBIO 2400.

MBIO 4150 Applied Marine Biology/3 sem. hrs. Topics include the impacts of marine pollution, underwater structures, and overfishing on selected marine communities. The use of novel bio-compounds in marine biotechnology, aquaculture, and applied marine genetics will be explored. The social, ethical, and moral implications of this new technology will be examined.

MBIO 4210 Ecology of the Great Barrier Reef/3 sem. hrs. This course is an intensive, academically rigorous experience designed to provide students with an integrated understanding of reef ecology. The remote location in a protected marine area provides access to an unequaled classroom setting. A typical day involves lecture, snorkeling, field write-ups, oral presentations, and compilation of faunal and trips lists. There are reefs in the lagoon, and boats are taken to outlying reef areas.

MBIO 4230 Belize Reef Ecology/3 sem. hrs. This course is intended as an entry-level residential field experience for marine science majors. The primary focus of the course is a weeklong field experience at South Water Caye, Belize. Students undertake projects to be completed during their stay on the Caye. A written paper must be submitted. This experience provides complete immersion in the subject matter and brings together a number of academic disciplines; it also provides a synthesis of information enabling students to incorporate knowledge from prior coursework in a field setting. Prerequisites: BIOL 1510, MBIO 2400, or permission of the instructor.

MBIO 4250 Ecology of the Galapagos Islands/3 sem. hrs. This intensive lecture and field experience will introduce and amplify principles of evolutionary ecology in the unique setting of the Galapagos Islands. Lectures will cover the historical, geological, and biological aspects of the archipelago. The field portion of the course will include visits to the Charles Darwin Research Station and Galapagos National Park Service on the island of Santa Cruz and a one-week cruise to visit islands in the southern, central, and western portions of the archipelago.

MBIO 4910 Marine Biology Field Topics/1–3 sem. hrs. Advanced topics in marine biology that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll for different content.

MBIO 4999 Symposium in Environmental Science/Studies and Marine Biology/0 sem. hrs. A required component for the environmental science/studies and marine biology majors is attending a weekly symposium. Local, state, national, and international experts representing a variety of disciplines found under the environmental science/studies umbrella are invited to present papers and presentations about current research and projects they are developing. The purpose of the symposium series is to reveal the most current issues in the fields, as well as to provide current information on the opportunities available to students. Identical to ENVS 4999.

COOP 3818 Cooperative Education I in Marine Biology/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

COOP 3918 Cooperative Education II in Marine Biology/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: COOP 3818, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.
This course is designed to cover topics including variable expressions, linear equations and inequalities, polynomials, rational numbers. It expands into a comprehensive study of introductory algebra to provide students with a full range of algebra skills. Topics include graphs of functions; exponential and logarithmic functions; application of derivative to mechanics and theory of higher-order linear differential equations. Methods of undetermined coefficients and variation of parameters; application to vibration, mass, and electric circuits; and power series solutions. Partial differential equations and their application to electronics and electrical engineering problems. Solutions of initial boundary problems. Fourier series, Fourier transforms, inhomogeneous problems, Laplace transforms, and introduction to numerical methods. Prerequisite: MATH 2200 with a grade of C or higher.

MATH 3100 Differential Equations/3 sem. hrs. Solving first-order ordinary differential equations, exact, separable, and linear. Applications to rates and mechanics and theory of higher-order linear differential equations. Methods of undetermined coefficients and variation of parameters; application to vibration, mass, and electric circuits; and power series solutions. Partial differential equations and their application to electronics and electrical engineering problems. Solutions of initial boundary problems. Fourier series, Fourier transforms, inhomogeneous problems, Laplace transforms, and introduction to numerical methods. Prerequisite: MATH 2200 with a grade of C or higher.

MATH 3250 Euclidean Geometry/3 sem. hrs. Plane Euclidean geometry starts with a vocabulary of terms, definitions, and postulates; works its way into direct and indirect proofs; then finishes with similar figures, triangles, circles, and areas. The study of coordinate, solid, and non-Euclidean geometrics will be left as an option (directed study) to the interested individual student. Prerequisite: MATH 1200 with a grade of C or higher.

MATH 3300 Introductory Linear Algebra/3 sem. hrs. Appropriate for any student seeking a first course in linear algebra. The focus of the course is on matrix theory and its applications. Prerequisite: MATH 2200 with a grade of C or higher or division approval.

MATH 3350 Number Theory/3 sem. hrs. Topics covered include divisibility, theory of primes, numerical functions, and congruence classes. Prerequisites: MATH 2200 and MATH 3250 with a grade of C or higher.

MATH 3900 History of Mathematics/3 sem. hrs. Covers from the early development in mathematics to current thinking. Students will gain the perspective that mathematics is the cumulative creation of many people over time. Prerequisites: MATH 2200, MATH 3250, and MATH 3350 with a grade of C or higher.

MATH 4050 Advanced Calculus I/3 sem. hrs. Begins with analytic geometry and vectors in several dimensions and continues with partial differentiation of functions of several variables and its applications, including linear programming, multipliers, and linear regression. Finally, double and triple integrals and their applications are also covered. Prerequisite: MATH 2200 with a grade of C or higher.

MATH 4060 Advanced Calculus II/3 sem. hrs. Begins with a study of vector functions of one variable and their applications and continues with vector fields including line and surface integrals. The major theorems of vector calculus, including the divergence theorem, Green’s Theorem, and Stokes’s Theorem, are also covered. Prerequisite: MATH 4050 with a grade of C or higher.
The student selects and independently carries out library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and division director.

### PARALEGAL STUDIES (LEGS)

- **LEGS 1150 Introduction to Law and the Legal Profession**/3 sem. hrs. Topics will include the structure and decisional processes of the American legal system, sources of law, methods of dispute resolution, the roles of the attorney and the paralegal, legal analysis, interviewing techniques, and ethics for paralegals. This course is not required for those students who have taken LGST 2100.

- **LEGS 2100 Legal Research and Writing** I/3 sem. hrs. Students will study primary and secondary sources of law, obtain legal research and writing skills, learn how to use a law library, and obtain computer-assisted legal research training. Prerequisites: LEGS 1150 or LGST 2010 or permission of coordinator. This course is not required for students who have taken LGST 3300.

- **LEGS 3050 Criminal Law and Procedure**/3 sem. hrs. This course covers the study of both substantive criminal law and criminal procedure. Students will learn the elements of major crimes and defenses. Students will also examine the constitutional aspects of criminal procedure, including searches, seizures, and arrests; interrogation; the pretrial process; trial; sentencing; and appeal. Prerequisites: LEGS 1150 or LGST 2100 or permission of coordinator.

- **LEGS 3210 Computer Applications for the Legal Profession**/3 sem. hrs. Theory and application of programs for computers that are used in the legal profession. Hands-on experience with microcomputers and specialized software utilized by the legal profession. Prerequisites: TECH 1110 and LEGS 1150 or LGST 2100 or permission of the coordinator.

- **LEGS 3260 Real Estate Practice** I/3 sem. hrs. Topics will include interests in real property, contracts, deeds, mortgages and other encumbrances, mortgage foreclosures, title searches, title insurance, and leases. Students will prepare closing documents for a residential real estate transaction. Prerequisites: LEGS 1150 or LGST 2100 or permission of coordinator.

- **LEGS 3300 Torts and Civil Litigation**/3 sem. hrs. This course covers tort law, including such topics as intentional torts, negligence, strict liability, products liability, defamation, and defenses to torts. Students will also examine the civil litigation process, including evidence, the rules of civil procedure, discovery, jury selection, and pretrial work. Students will prepare pleadings and pretrial discovery. Prerequisites: LEGS 1150 or LGST 2100 or permission of coordinator.

- **LEGS 3360 Wills, Trusts, and Estates** I/3 sem. hrs. Topics will include intestacy, wills, trusts, living wills, will substitutes, probate, estate administration, and estate and gift taxes. Students will prepare wills and estate administration documents. Prerequisites: LEGS 1150 or LGST 2100 or permission of coordinator.

- **LEGS 3400 Business Relations and Organizations**/3 sem. hrs. Topics will include contracts (the essential elements, defenses to enforceability, third-party beneficiaries, and assignments), the Uniform Commercial Code, sole proprietorships, general and limited partnerships, and corporations. Prerequisites: LEGS 1150 or LGST 2100 or permission of coordinator.

- **LEGS 3550 Family Law**/3 sem. hrs. Topics will include prenuptial and postnuptial agreements, marriage, dissolution, equitable distribution, alimony, shared parental responsibility, child support, property settlement agreements, adoption, and paternity and juvenile law. Prerequisites: LEGS 1150 or LGST 2100 or permission of coordinator.

- **LEGS 4060 Debtor and Creditor Relations**/3 sem. hrs. Topics will include the following: the bankruptcy process and alternative remedies; secured parties under the Uniform Commercial Code; judgment liens; locating debtors' property; the enforcement of judgments; garnishment, attachment, and replevin; and exempt property. Prerequisites: LEGS 1150 or LGST 2100, and LEGS 3050, 3300, and 3300 or permission of coordinator.

- **LEGS 4110 Legal Research and Writing** II/3 sem. hrs. This course will commence with a review of all basic primary and secondary sources. Florida research tools and special topical reference materials will also be covered. Advanced training in computer-assisted legal research will be provided. Legal writing will be emphasized. There will be a variety of written work ranging from everyday correspondence to memora of law. Prerequisites: LEGS 1150 or LGST 2100 and LEGS 2100 or permission of coordinator.

- **LEGS 4270 Real Estate Practice** II/3 sem. hrs. Topics will generally be chosen from among the following: title problems, mortgage foreclosures, landlord-tenant, commercial, real estate transactions, condominiums, construction liens, and environmental matters. Prerequisites: LEGS 1150 or LGST 2100, and LEGS 2100 and LEGS 3260 or permission of coordinator.

- **LEGS 4310 Advanced Litigation**/3 sem. hrs. The following topics under the Florida Rules of Civil Procedure will be covered: pleadings, service of process, parties, default, dismissals, discovery in all of its forms, the trial stage, judgments, and postjudgment relief. Students will work on civil cases in several areas of law, where they will apply many of the procedural rules that they have studied. Prerequisites: LEGS 1150 or LGST 2100, and LEGS 2100 and LEGS 3300 or permission of the coordinator.

- **LEGS 4370 Wills, Trusts, and Estates** II/3 sem. hrs. Topics will generally be chosen from among the following: probate litigation, mechanisms to transfer property; wills and trust drafting; homestead, the federal estate and gift tax systems, the Florida estate tax, and preparation of federal estate and gift tax returns. Prerequisites: LEGS 1150 or LGST 2100, and LEGS 2100 and 3360 or permission of the coordinator.

- **LEGS 4410 Corporate Regulation and Change**/3 sem. hrs. Topics will include the following: capitalization, debt and equity financing, federal and state securities regulation, mergers, asset and stock acquisitions, reorganizations, and drafting corporate documents. Prerequisites: LEGS 1150 or LGST 2100, and LEGS 3400 and 2100 or permission of coordinator.

- **LEGS 4470 Emerging Technologies and the Legal Profession**/3 sem. hrs. This course covers emerging technologies and their impact on the legal profession. Topics covered will include an overview of the Internet, conducting legal research on the Internet, electronic filing with government agencies and the courts, and the legal implications of "new-media" Web sites and "hyper-text" applications. Special topics emphasized will include the legal practice, practical trends on the Internet, ethical issues pertaining to emerging technologies, and law as applied to computers and other technology. Prerequisites: TECH 1110, LEGS 1150, or LGST 2100, and LEGS 3210, 3400, and 2100, or permission of coordinator.

- **LEGS 4510 Specialty Course**/3 sem. hrs. The subjects covered by this course will generally be chosen from among the following: administrative law; alternative dispute resolution; employment law; health law; immigration law; insurance law; international law; and patents, trademark, and copyright law. Prerequisites: LEGS 1150 or LGST 2100, and LEGS 2100 or permission of coordinator.

- **LEGS 4560 Elder Law**/3 sem. hrs. Topics will include the following: incapacity; types of guardians; guardianship practice and procedure; alternatives to guardianships, such as durable powers of attorney, trusts, health care surrogates, and representative payers; government benefits such as Social Security, Medicare, and Medicaid; and housing options such as "reverse mortgages," life care contracts, adult congregate living facilities, and nursing homes. Prerequisites: LEGS 1150 or LGST 2100, and LEGS 2100, or permission of coordinator.

- **COOP 3830 Cooperative Education I** in Paralegal Studies/3 sem. hrs. A 10 hour per week, paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of paralegal program.
COOP 3920 Cooperative Education II in Paralegal Studies/3 sem. hrs. A 10 hour per week, paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: COOP 3820, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of paralegal program.

INTN 3820 Internship I in Paralegal Studies/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of paralegal program.

INTN 3920 Internship II in Paralegal Studies/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: INTN 3820, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of paralegal program.

**PHILOSOPHY (PHIL)**

PHIL 1300 Critical Thinking/3 sem. hrs. A study of the basic conceptual tools needed to recognize, formulate, and evaluate arguments. Designed for the student who wishes to reason more effectively and critically.

PHIL 2000 Moral Issues/3 sem. hrs. This course provides an introduction to moral reasoning through a philosophical examination of important ethical concepts, such as ethical theory, relativism, egoism, and virtue. Topical moral problems such as world hunger, abortion, and animal rights (among others) will be used as illustrative examples. Students will be introduced to the idea that ethical problems are largely a matter of reason—that progress toward solutions can be gained through an application of normative ethical (philosophical) theory. Prerequisite: WRIT 1500.

PHIL 2300 Philosophical Issues/3 sem. hrs. A study of the basic problems, methods, and chief types of philosophy. Consideration will be given to the relation of philosophy to other forms of inquiry. Prerequisite: WRIT 1500.

PHIL 3010 Ethical Issues in Communication/3 sem. hrs. This course provides an introduction to moral reasoning through a philosophical examination of major ethical problems in communication, such as those encountered by media professionals: conflicts of interest; morally offensive content; media influences on anti-social behavior; confidential sources; and privacy, truth, and honesty in reporting, among others. Students will be introduced to the idea that ethical problems are largely a matter of reason—that progress toward solutions can be gained through an application of normative ethical (philosophical) theory. Prerequisite: WRIT 2000, 2010, or 2020.

PHIL 3180 Biomedical Ethics/3 sem. hrs. This course provides an introduction to moral reasoning through a philosophical examination of major ethical problems in biomedical ethics, such as abortion, euthanasia, allocation of resources, medical experimentation, genetic engineering, confidentiality, and others. Students will be introduced to the idea that ethical problems are largely a matter of reason—that progress toward solutions can be gained through an application of normative ethical (philosophical) theory. Prerequisite: WRIT 2000, 2010, or 2020.

PHIL 3330 History of Political Thought I/3 sem. hrs. A study of the classic works of political philosophy from the ancients through the early modern period (e.g., Plato, Aristotle, Augustine, Aquinas, Machiavelli). Prerequisite: WRIT 2000, 2010, or 2020.

PHIL 3340 History of Political Thought II/3 sem. hrs. A study of the classic works of political philosophy from the early modern period through the present (e.g., Hobbes, Locke, Rousseau, Mill, Marx). Prerequisite: WRIT 2000, 2010, or 2020.

PHIL 3360 Environmental Ethics/3 sem. hrs. This course provides an introduction to moral reasoning through a philosophical examination of major problems in environmental ethics, such as the relationship between human beings and living and non-living environment, controlling nature, land use, assessing risk, responsibility to future generations, and the roles of science, among others. Students will be introduced to the idea that ethical problems are largely a matter of reason—that progress toward solutions can be gained through an application of normative ethical (philosophical) theory. Prerequisite: WRIT 2000, 2010, or 2020.

PHIL 3660 Philosophy of Law/3 sem. hrs. A critical examination of basic analytic and normative questions pertaining to law. The course may include such topics as the nature of law, law and morality, legal responsibility, civil disobedience, and the justification of punishment. Prerequisite: WRIT 2000, 2010, or 2020.

PHIL 4900 Special Topics in Philosophy/3 sem. hrs. A careful and critical study of one or more of the outstanding works in philosophy and/or an in-depth study of one philosophical issue. This course may be repeated once for credit if content changes. Division approval required. Prerequisites: 1 PHIL course; WRIT 2000, 2010, or 2020.

PHIL 4990 Independent Study/3 sem. hrs. The student selects, and carries out independently, library and/or empirical research. Faculty supervision is provided on an individual basis. Written consent of instructor and division director is required. Prerequisites: 1 PHIL course; WRIT 2000, 2010, or 2020.

**PHYSICAL SCIENCES (PHY)**

Division approval is required for courses taken without their accompanying labs and for labs taken without their accompanying courses.

PHYS 1020 Concepts in Physical Science/3 sem. hrs. This course is designed to introduce the student to the basic concepts of physical science. The emphasis will be on the nature of science as a creative human enterprise and the key role that it plays in modern society. The course will cover mechanics, electricity and magnetism, optics, atomic and subatomic physics, the structure of matter, and relativity. Conceptual understanding and the ability to apply the ideas to everyday phenomena and common technological devices will be stressed. Prerequisite: MATH 1030.

PHYS 1021 Concepts in Physical Science Lab/1 sem. hr. This laboratory series connects science with teaching and the real world. Students are taught how to convert scientific themes into investigative packets for the curious nature of the middle school student. The lab will be taught in a format that uses easily accessible equipment or supplies and uses resources that are generally available within the community. Laboratory exercises connect physical science with mechanics, thermodynamics, electricity, magnetism, and optics. The student will develop experiences in designing, setting up, and running an array of experiments, demonstrations, and other activities appropriate for middle-school classes.

PHYS 1060 Introduction to Oceanography/3 sem. hrs. Examination of the physical, chemical, biological, and geological properties of the world ocean. The interdisciplinary approach will introduce concepts important in understanding the development and current status of oceanographic research for the non-science major.

PHYS 1500 Introduction to Astronomy/3 sem. hrs. General survey of main topics in astronomy, including the sun and planets, the solar system, galaxies and nebulae, black holes and neutron stars, stellar evolution, and cosmology.

PHYS 2050 Physical Geology/Lab/4 sem. hrs. Study of the Earth, its materials, surface, interior features, and processes of formation and change. Includes laboratory sessions.

PHYS 2150 Historical Geology/Lab/4 sem. hrs. Study of the Earth's history through geologic time and its major geologic periods, formations, and evolution as evidenced through the fossil record. Prerequisites: BIOL 1500 and BIOL 1510.
PHYS 2160 Essentials of Earth and Space Science/3 sem. hrs. This course will cover topics from earth science, including the basic concepts needed to understand geology, oceanography, the atmosphere, the weather, and earth history. Topics from space science will include the sun, planets, and solar system; the galaxy and larger structures; and the composition and evolution of stars, cosmology, and exotic objects such as quasars and black holes.

PHYS 2161 Essentials of Earth and Space Science Lab/1 sem. hr. This laboratory series connects science with teaching and the real world. Students are taught how to convert scientific themes into investigative packets for the curious nature of the middle-school student. The lab will be taught in a format that utilizes easily accessible equipment or supplies and uses resources that are generally available within the community. Laboratory exercises connect earth science with geologic time periods and fossilization, mapping, weathering, and identification of major groups of minerals. Laboratory exercises are also created to foster an understanding of the solar system and universe through star mapping, analyzing data from NASA images, and connections with the physical attributes of Earth to her sister planets.

PHYS 2350 General Physics I/Lab/4 sem. hrs. First of a two-part series covering mechanics, thermodynamics, vibrations, and waves. Includes laboratory sessions. Prerequisite: MATH 1250 with a C- or better.

PHYS 2360 General Physics II/Lab/4 sem. hrs. Second of a two-part series covering electricity and magnetism, optics, and modern physics. Includes laboratory sessions. Prerequisite: PHYS 2350 with a C or better.

PHYS 2370 General Physics I Lab/1 sem. hr. First of a two-part laboratory session covering mechanics, thermodynamics, vibrations, and waves. Prerequisites: MATH 1250 and division approval.

PHYS 2380 General Physics II Lab/1 sem. hr. Second of a two-part laboratory session covering electricity and magnetism, optics, and modern physics. Prerequisites: MATH 1250 and division approval.

PHYS 2400 Physics I/Lab/4 sem. hrs. Basic principles of mechanics including vectors, force, equilibrium, displacement, velocity, acceleration, MASS, Newton’s Laws, work, energy, gravitation, momentum, rotational motion, and mechanics of systems of particles and rigid bodies. Includes laboratory sessions. Prerequisite: MATH 2200.

PHYS 2410 General Physics I/3 sem. hrs. First of a two-part series covering mechanics, thermodynamics, vibrations, and waves. This course does not include a lab. Prerequisite: MATH 1250.

PHYS 2420 General Physics II/3 sem. hrs. Second of a two-part series covering electricity and magnetism, optics, and modern physics. This course does not include a lab. Prerequisites: MATH 1250 and PHYS 2350.

PHYS 2500 Physics II/Lab/4 sem. hrs. Electrodynamics, electric currents, electric fields and electric potential, AC and DC circuits, magnetic fields, capacitance, inductance, and electromagnetic waves. Prerequisite: PHYS 2400 with a C- or better.

PHYS 2900 Special Topics in Physics/1–3 sem. hrs. Topics in physical science that are not included in regular course offerings may be taken without prerequisites. Special content is announced in the course schedule for a given term. Students may re-enroll for special topics covering differing content.

PHYS 3100 Biophysics/3 sem. hrs. Applications of basic physical principles to problems in biology and medicine. Topics include mechanical aspects of the skeletal and muscular systems, fluid mechanics, cemosis and diffusion, effects of radiation on living systems, metabolism, medical imaging, the physics of sight and hearing, and the electrical properties of the nervous system and heart. Prerequisites: PHYS 2350 and BIOL 1500. Corequisite: PHYS 2560.

PHYS 3300 Fundamentals of Optics/3 sem. hrs. This is an introductory optics course suitable for students without a calculus background. It covers the fundamental principles of geometrical and physical optics with some emphasis on the optics of vision. It also serves as an introduction for students of optometry and related sciences. Prerequisites: MATH 1250 and PHYS 2350 or higher.

PHYS 3500 Introduction to Mechanics/3 sem. hrs. This course covers the basic topics in the mechanics of systems of particles and rigid bodies. Topics covered include vectors, rectilinear and planar motion, non-inertial coordinate systems and fictitious forces, oscillations, three-dimensional motion, gravity, central forces, and Lagrangian mechanics. Prerequisites: PHYS 2400 and PHYS 2500 (or PHYS 2350 and PHYS 2360); MATH 2100 and MATH 2200.

PHYS 3600 Intro. to Electromagnetic Fields/3 sem. hrs. This course covers the fundamentals of electromagnetic theory. Topics include: vector calculus, electrostatics, magnetostatics, solutions of Laplace and Poisson equations, electric and magnetic fields inside matter, Maxwell’s equations, and electromagnetic waves. Prerequisites: PHYS 2400 and PHYS 2500 (or PHYS 2350 and PHYS 2360); MATH 2100 and MATH 2200.

PHYS 3700 Modern Physics/3 sem. hrs. This is an introductory modern physics course suitable for students without a calculus background. It will cover special relativity, quantum mechanics, and nuclear and particle physics. The concepts will be applied to a variety of situations including some in the field of medicine. Prerequisites: MATH 1250 and PHYS 2360 or higher.

PHYS 3750 Modern Physics II/3 sem. hrs. A continuation of PHYS 3700, this course covers introductory quantum mechanics, including Hilbert spaces, Schroedinger equation, spin, and perturbation theory. Applications to one-dimensional problems, the harmonic oscillator, and the hydrogen atom are included. Prerequisites: PHYS 3700; MATH 2100 and MATH 2200.

PHYS 3800 Intro. to Elementary Particle Physics/3 sem. hrs. This introduction to particle physics covers topics that include group theory; properties of elementary particles; the electromagnetic, strong, and weak nuclear interactions; gauge theories; and unification. Prerequisites: PHYS 3700 and PHYS 3750.

PHYS 4900 Special Topics in Physics/1–3 sem. hrs. Topics in physical science that are not included in regular course offerings may be taken without prerequisites. Special content is announced in the course schedule for a given term. Students may re-enroll for special topics covering differing content.

PHYS 4990 Independent Study in Physics/1–12 sem. hrs. The student selects, and carries out independently, library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and division director.

POLITICS AND PUBLIC AFFAIRS (POL)

POLS 1010 American Government and Politics/3 sem. hrs. An introduction to the processes of the American national and local forms of government. Included are the nature and structure of government, its characteristics and functions, and the intimate relation of government to other interests.

POLS 2010 Comparative Government/3 sem. hrs. This course will examine the elements of foreign political systems such as constitutions, political parties, institutions, historical development and ideology using the United States as a frame of reference. Attention will be given to how legislation is enacted, how elections are conducted, and the relationship between the judicial, executive, and legislative branches of government.

PSYCHOLOGY (PSYC)

PSYC 1020 Introduction to Psychology/3 sem. hrs. An introduction to theory, research, and applications in the field of psychology. Topics include biological bases of behavior, perception, motivation, learning and memory, psychological development, personality, social psychology, and the identification and treatment of mental illness.

PSYC 1410 Personal Career Development/3 sem. hrs. The process of career development applied to oneself: identifying vocational interests and aptitudes, obtaining information about occupations, gaining experience through practicums and cooperative education, and establishing career plans. Useful for students adjusting to the college role. Identical to EDUC 1410 and MGMT 1410.
Anatomy/physiology of the human system, human sexual response, the range of sexual behaviors, and sources of attitudes and beliefs about sexuality.

Survey of health, health behavior promotion, and psychological treatment for cancer, heart disease, and other medical disorders.

Coverage of both adult and parent-child relationships. Emphasis on communication, supportiveness, and contingency management. Experiential learning included. Identical to SOCL 2130. Prerequisite: PSYC 1020 or SOCL 1020.

This course is designed to provide the student with an understanding of systematic changes within the individual from conception through death. Unlike many studies of development, this course is structured around issues of development rather than examination of development from a chronological perspective. This structure will allow the student to more completely grasp life-span issues. Family, social roles, lifestyles, psychological disorders, mental abilities, and death and dying will be examined. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the interaction of psychology and the legal system. Students will learn how psychologists help courts make decisions about the competency of people to stand trial, insanity, sentencing, committing people to psychiatric treatment against their will. Prerequisite: PSYC 1020.

This course addresses the issues of loss accompanying the death of a loved one and the handling of grief for people of all ages. Sensitizes students to their own feelings about death, describes the rites of passage, and identifies methods of resolution for grief. This course will be beneficial to individuals in their own lives, as well as to those who will be involved in counseling. Prerequisite: PSYC 1020.

This course covers the interaction of psychology and the legal system. Students will learn how psychologists help courts make decisions about the competency of people to stand trial, insanity, sentencing, committing people to psychiatric treatment against their will. Prerequisite: PSYC 1020.

This course covers stressors and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course examines the process of stress management, its impact on the work place, and the overall quality of work life in an organization. Stressful events and conditions will be presented and analyzed from three perspectives: individual vulnerability to stressors, the environment in which vulnerability is exposed to stressors, and the resulting behavioral symptoms.

This course examines theories about, as well as the psychological and social factors related to, gendered identities, roles, and behaviors.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course examines theories about, as well as the psychological and social factors related to, gendered identities, roles, and behaviors.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.

This course covers the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems. Prerequisite: PSYC 1020.
PSYC 3550 Substance Abuse and the Family/3 sem. hrs. Emphasis will be on family problems as well as changes in family functioning that accompany chemical dependency. The concept of substance abuse as a family illness and the roles within the family and refers to both maintaining addiction and affecting the recovery process will be explored. Family systems theory of counseling will be introduced. Domestic violence issues will also be covered. Identical to SOCL 3550.

PSYC 3570 The Psychology and Physiology of Substance Abuse/3 sem. hrs. This course will provide a sound introduction to the pharmacology and physiology of licit and illicit drugs. Psychological effects of psychoactive substances will be explored. Signs and symptoms of substance abuse, diagnostic criteria for evaluating chemical dependency (including familiarization with the DSM-IV), and physical and psychiatric disorders related to substance abuse will be studied. Among the topics covered will be AIDS, an introduction to dual diagnosis, relapse, and relapse prevention.

PSYC 3580 Rehabilitation Strategies for Substance Abuse/3 sem. hrs. This course will focus on the various types of therapeutic approaches that may be successfully employed in the treatment of substance abuse problems and the types of facilities available. Treatment planning, clinical documentation and supervision, influences of managed care and other third-party payers will be thoroughly examined. Special needs and approaches to rehabilitation for women, adolescents, and specific cultural groups will be addressed. Intervention strategies, including referral and referral services; self-help groups, and employee-assistance programs will also be covered. Ethical and treatment issues related to managed care and the rehabilitation process will be discussed.

PSYC 3600 Criminal Justice and Substance Abuse/3 sem. hrs. This course will focus on the interface between treatment providers and the criminal justice system. The student will learn how to work within the various levels of the court system (juvenile, appellate, superior), as well as diversionary programs, such as drug courts. Involuntary commitment procedures, state regulations, and federal requirements will be explored in detail. In addition, the social impact and historical influences of drugs on society will be examined.

PSYC 3620 Drug Prevention and Education/3 sem. hrs. The classification and identification of drugs as well as behavioral criteria for recognizing alcohol and drug abuse are reviewed. Specific attention is paid to prevention, intervention, and education strategies within the family, school, and the community. Methods for designing, implementing, and evaluating effective prevention programs among various cultures are examined. This course is designed to be of immediate practical use to counselors, teachers, and other professionals interested in effective drug prevention and education. Identical to EDUC 3620.

PSYC 3630 Ethical and Professional Development for Substance Abuse Counselors/3 sem. hrs. This course examines personal and professional ethics issues faced by counselors today. Conflicts among personal, legal, and professional demands will be explored in depth. Students will learn to recognize agents of change and resistance through personal experience in the classroom. This course will also focus on how the mental health professional becomes upwardly mobile within the field. Personal marketing strategies, in the context of ethical considerations, will be discussed.

PSYC 3710 History and Theories of Psychology/3 sem. hrs. Exploration of the historical roots of psychology, and the bases and growth of psychology as a science. Examines the major historical and contemporary theories of psychology, with an emphasis on enduring issues. Prerequisite: PSYC 1020.

PSYC 3760 Multicultural Issues in Psychology/3 sem. hrs. Issues relevant to the field of psychology. Examinations of different cultural groups and their values as they pertain to the individual, the family, time, proxemics (personal and interpersonal space), communication styles, and body language. Different cultural worldviews will be explored as they pertain to focus of control, conception of mental illness, and attitude toward seeking psychological help.

PSYC 3800 Current Psychotherapies/3 sem. hrs. This course is designed for the advanced undergraduate student. It is also intended for those in the field who desire a refresher course in counseling theory and practice. It is a comprehensive introduction into the most popular counseling theories and techniques currently in use. The needs of special populations, including substance abuse clients, adolescents, and clients from other cultures are examined. Format for this course includes lecture and discussion sessions, role playing, and audio/video tape critique sessions.

PSYC 4050 Psychological Tests and Measurements/3 sem. hrs. Theory and use of psychological tests of ability and personality. Covers the selection, administration, scoring, and interpretation of psychological tests. Prerequisites: MATH 3020 and PSYC 1020.

PSYC 4150 Principles of Group Counseling/3 sem. hrs. This course covers the essential elements of group counseling, with a specific focus on substance abuse problems. Includes group leadership styles, facilitation skills, group dynamics, the stages of group development, and techniques for dealing with specific problems that often occur in a group setting. Emphasis on experiential learning.

PSYC 4600 Biological Bases of Behavior/3 sem. hrs. Genetic, neural, and endocrine bases of behavior. Neuroanatomy and chemical and electrical events in the nervous system. Sensory processes, motivation, emotion, and arousal. Prerequisites: PSYC 1020, and either BIOL 1018, BIOL 1110, BIOL 1500, or BIOL 1510.

PSYC 4800 Practicum in Psychological Research/3 sem. hrs. Experience in doing research under the supervision of the academic division. Reading the relevant research literature, running subjects, analyzing data, and writing an APA-format report. Prerequisite: PSYC 3000.

PSYC 4810 Practicum in Community Psychology/3 sem. hrs. Experience in applying psychological principles in a human services agency. Supervision on-site; weekly team meetings at the university. Written reports required. Prerequisites: 3 of these 4 classes: PSYC 2330, PSYC 3300, PSYC 3450, and PSYC 3500.

PSYC 4840 Advanced Practicum in Psychology/3–6 sem. hrs. Students will gain experience in a specialty area of psychology by working with teams of faculty members and graduate students. They will be able to observe and participate in both research and applied clinical work. To enroll in this practicum, students need junior or senior standing and written approval of the director of undergraduate social and behavioral sciences and approval of the director of any graduate program where the student may be placed. Prerequisite: PSYC 3000 and junior or senior standing.

PSYC 4880 Senior Seminar in Psychology/3 sem. hrs. Students will have the opportunity to integrate information from a variety of specialties in psychology. Each semester will have a focal theme that will allow students to gain new perspectives, as well as apply knowledge from prior courses and experiences. Prerequisites: PSYC 3000 and senior standing.

PSYC 4910–4980 Advanced Special Topics/3 sem. hrs. Advanced topics in psychology that are not included in regular course offerings. Specific content and possible prerequisites are announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

PSYC 4990 Independent Study in Psychology/1–6 sem. hrs. The student selects, and carries out independently, library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisites: PSYC 3000 and written consent of instructor and division director.

COOP 3819 Cooperative Education I in Psychology /1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact your academic adviser.

COOP 3919 Cooperative Education II in Psychology /1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: COOP 3819, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact your academic adviser.
INTN 3819 Internship I in Psychology /1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact your academic adviser.

INTN 3919 Internship II in Psychology /1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: INTN 3819, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact your academic adviser.

SCIENCE (SCIE)

SCIE 1150 Great Experiments in Science/1–5 sem. hrs. An outline course in which students review some of the experiments and scientists that have shaped the fields of biology, chemistry, and physics. Students will receive one unit of credit for completion of 10 modules. Completion of all 60 modules results in six credits. The course culminates in a lecture given by a prominent scientist concerning a current topic in scientific research. The course is intended to advance scientific literacy and to examine the impact of science on our health, technology, and culture. Students may re-enroll but cannot accrue more than a total of six credits.

SCIE 2900 Special Introductory Topics in Science/1–3 sem. hrs. Introductory topics in biological science that are not included in regular course offerings. Specific content and prerequisites announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

SCIE 3210 History of Science/3 sem. hrs. This course is a survey of science and scientists from ancient to modern times. The major advancements in life sciences, medicine, and oceanography will be discussed from the perspectives and tenor of the times. Some original literature and autobiographies, as well as historical reviews will be assigned and discussed.

SCIE 4490 Research Methods/3 sem. hrs. This course will present a broad theoretical outline for the design and implementation of research projects. Topics to be covered include problem definition, principles of design, sampling, measurement concepts, and research proposal preparation. Although this is not a course in statistics, a brief overview of univariate and bivariate statistics will be presented. This course will also cover the presentation of results, including graphics. It is assumed that the student will have some background in basic statistics and have some familiarity with computers.

SCIE 4900 Special Topics in Science/1–3 sem. hrs. Topics in advanced science that are not included in a regular course offering. Prerequisites may be required. Specific content and prerequisites are announced in the course schedule for the given term. Students may re-enroll for special topics covering different content.

SCIE 4990 Independent Study in Science/1–12 sem. hrs. Students select, and independently carry out, library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty member and division director.

SERVICE LEARNING (SERV)

SERV 2900–4999 Service-Learning Credit/1–3 sem. hrs. Each semester faculty members offer a number of one-credit courses, combining classroom instruction with community service. Specific offerings are listed in the course schedule. Depending on the project, the course may be applied toward the student’s major. May be repeated. Prerequisite: approval of instructor.

SERV 3880 Service-Learning and the Professions/2 sem. hrs. Students will engage in service experiences within their future professional area and relate their experiences to current moral and social issues within professional literature and practice. Students will meet on alternative weeks and engage in required online discussions of their service and required readings. SCOPE students will develop proposals for service projects. All students will examine the relationships among civic activism and social, community, and professional change; development; and responsibility.

SOCIOLOGY (SOCL)

SOCL 1020 Introduction to Sociology/3 sem. hrs. The nature and needs of man and society, groups and institutions, social processes, and social change. Special emphasis will be placed on American culture and the impact of technology on modern man.

SOCL 2130 Family Relationships/3 sem. hrs. Contemporary patterns of marriage and family living. Approaches to effective living together in family units. Covers both adult and parent-child relationships. Emphasis on communication, supportiveness, and contingency management. Experiential learning included. Identical to PSYC 2130. Prerequisite: SOCL 1020 or PSYC 1020.

SOCL 2510 Social Problems/3 sem. hrs. Focuses on a number of contemporary social problems, analyzing causative factors, and exploring alternative solutions. Examines the role of community service agencies in the improvement of some of these problems. Prerequisite: SOCL 1020.

SOCL 3020 Community Service Systems/3 sem. hrs. An overview of community service institutions to assist the health care professional in meeting patients’ needs. Discussion of professional issues related to community services.

SOCL 3030 Transcultural Issues in Health Care/3 sem. hrs. Concepts of the social sciences as they relate to the work of the health professional. Identification of economic, social, cultural, and environmental factors that affect health care.

SOCL 3110 Gender, Sexuality, and the Family/3 sem. hrs. This course considers the socialization into masculine and feminine identities and sexual and reproductive choices, and examines the cultural context in which values about sexuality and gendered roles within the family are formed.

SOCL 3130 Family Systems/3 sem. hrs. An introduction to family systems theory. A basic understanding of the field of family therapy as it applies to systems consultations with families and larger organizations. A discussion of how families are components of larger social structures. A resource-based approach to working with children and parents.

SOCL 3300 Gender at Work/3 sem. hrs. This course examines the workplace as a specific cultural context in which identifiable values, ethics, and norms come into play, particularly as they relate to issues and imbalances related to gender and cultural diversity.

SOCL 3550 Substance Abuse and the Family/3 sem. hrs. Emphasis will be on family problems, as well as changes in family functioning that accompany chemical dependency. The concept of substance abuse as a family illness and the roles within the family as they relate to both maintaining addiction and to affecting the recovery process will be explored. Family systems theory of counseling will be introduced. Domestic violence issues will also be introduced. Identical to PSYC 3550.

SPANISH (SPAN)

SPAN 1210 Elementary Spanish I/3 sem. hrs. Essentials of Spanish language with emphasis on grammar, vocabulary, writing, and oral skills. Introduction to Spanish culture.

SPAN 1220 Elementary Spanish II/3 sem. hrs. Continuation of SPAN 1210. Essentials of Spanish language with emphasis on grammar, vocabulary, writing, and oral skills. Prerequisite: SPAN 1210.

SPAN 1230 Spanish Conversation I/3 sem. hrs. For students who want to acquire survival skills in Spanish to help them communicate with Spanish speakers. May be taken in conjunction with SPAN 1210 or SPAN 1220.

SPAN 1240 Spanish Conversation II/3 sem. hrs. Continuation of SPAN 1230. Further development of basic conversational skills. May be taken in conjunction with SPAN 1220 or SPAN 2210.
Continuation of SPAN 2210. Introduction to basic reading and writing skills critical to college-level performance. Cannot be used toward graduation requirements. May be taken with SPAN 2220, SPAN 3230, or SPAN 3240.

SPAN 2230 Advanced Spanish 3 sem. hrs. Improvement of literacy and conversation skills. Includes a grammar review, oral and written drill, phonetic theory, and practice for speech refinement. Prerequisite: SPAN 2220.

SPAN 2340 Introduction to Spanish Literature 3 sem. hrs. Selected master works of Spanish and/or Latin American literature read in the original and critically analyzed in Spanish. Prerequisite: SPAN 2220.

STDY 1025 Reading and Writing Preparation for the CLAST 3 sem. hrs. This course focuses on providing intensive preparation designed to assist students in successfully completing the essay, English language skills, and reading skills sections of the College Level Academic Skills Test (CLAST) required by the state of Florida for individuals planning to receive a teaching certificate from the state. In addition, the course offers all students an opportunity to improve general reading and writing skills critical to college-level performance. Cannot be used toward graduation requirements. Prerequisites: All required WRIT courses and a CLAST score between 260 and 290 inclusively.

STDY 1050 Study Skills 1 sem. hr. This course is designed to develop the learning and organizational skills necessary to be highly successful in the content area to which the adjacent course is attached. Active participation offers the opportunity to improve overall academic performance by providing transferable skills and the support system necessary for overall college success.

TECH 1110 Technology in the Information Age 3 sem. hrs. The course covers technology survival skills needed for school, work, and life in our information age. Students work for mastery of computer skills needed today for success in academic coursework and tomorrow for the lifelong learning required in the professions. Students use today's popular software packages to create real-world documents in word processing, spreadsheets, charting, multimedia presentations, and Web authoring. They customize hands-on work to expand knowledge in their own fields as they master Web navigation and research, and create Web products with value to other classes. Students acquire a deeper understanding of technology use, abuse, and its impact on the humans living in the ever-changing electronic environment.

TECH 2000 Computer Technology: The Impact and Implications 3–4 sem. hrs. Students explore the impact of computer technology on life and work in the information age. Students are encouraged to collaborate studying technology's impact on their area of study/selected profession (biology, law, business, the arts, etc.), and interview a successful professional in the field. Students select an area of American lifestyle (privacy, relationships, entertainment, family life, etc.) to research changes resulting from technology. Well-known benefits are balanced by contrasting finding relating physical and psychological implications on humans. Students explore classic works and current media for speculation on technology's evolution and formulate their own view of a possible future. Students create a Web site to showcase their best work. Prerequisite: TECH 1110.

TECH 2130 Business Applications of Microcomputers 3 sem. hrs. Theory and applications of programs for microcomputers that are useful in the business environment. Accounting, database management, and information system management programs will be included. Computer laboratory course. Prerequisites: ACCT 2100 and TECH 1110. Identical to BUSS 2130.

TECH 2150 Introduction to Internet Resources 3 sem. hrs. The course includes research into topics such as netiquette, evaluation of Web sites, copyright information, and issues of the history of the Internet. Students develop advanced skills in the use of search engines, directories, and online libraries. Students are introduced to HyperText Markup Language (HTML) and Netscape Composer. Other skills include creating and publishing personal Web pages, downloading, and using file transfer protocol and compression software. Prerequisite: TECH 1110 or permission of division director.

TECH 3000 Multimedia Design 2 sem. hrs. This course gives the student a comprehensive introduction to the design principles of multimedia. A Web focus throughout the course will assist students in exploring the Internet as a means of delivering multimedia. Students will build interactive Web sites using a variety of software to create the elements of multimedia such as sounds, animation, video, text, and graphics. Students should have a working knowledge of the Internet and the World Wide Web, as well as enhanced computer skills. Prerequisite: TECH 2150.

TECH 3520 Emerging Technology in Education 3 sem. hrs. Students examine and evaluate state-of-the-art technology tools and developments that have the potential to enhance the curriculum and aid in administrative tasks. This includes tools and techniques to remain current in technology as it develops. Proficiency in using the World Wide Web as an educational tool is stressed. Students research and explore practical solutions to existing and developing educational problems by using technology. Prerequisite: TECH 1110.

TECH 3530 Multimedia Technology for Educators 3 sem. hrs. Students learn the theories and concepts of multimedia design, presentation, and interactive delivery. They use various software packages in projects to enhance curriculum and its delivery in the various content areas. Teachers focus on multimedia and hypermedia as authentic learning tools for their future students to enhance knowledge and meet their ever-expanding needs in the 21st century. Prerequisite: TECH 1110.

TECH 4050 Business Data Communication 3 sem. hrs. Introduction to basic business data communications for managers. Protocols, services, interfaces, and platforms for the transmission of data across local and wide area networks will be discussed. Emphasis will be given to decisions regarding topology, equipment, network design, and software development. A project-management approach will be used. Topics will include synchronous and asynchronous communication, bridges, routers, ISDN, ATM, and the OSI model. Prerequisite: TECH 1110.

TECH 4510 Utilizing Technology to Develop Curriculum 3 sem. hrs. Students explore current methodologies using state-of-the-art technology as tools within the curriculum to meet specific educational objectives in the content areas, as well as enhancing delivery. In this hands-on class, students examine and analyze the issues and consequences of the explosion of information and how to implement it in thematic units to strengthen the delivery of the curriculum. The aspects of human-computer interface are examined with emphasis on redesigning text-based instruction to increase effectiveness through use of technology when and where it is appropriate. Prerequisite: TECH 1110.

TECH 4900 Directed Project 3–8 sem. hrs. A major project will be completed by the student under the direction of a faculty member. Identical to CSIS 4900. Prerequisite: requires senior standing.

TECH 4990 Independent Study in Technology 1–12 sem. hrs. The student selects, and independently carries out, library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and division director.

WRIT 1000 Basic Writing 3 sem. hrs. A writing workshop emphasizing basic writing skills such as mechanics, organization, and critical reading. The course will focus primarily on the writing process; grammar; and the production of clear, well-structured essays. This course prepares students for WRIT 1500.
* WRIT 1500 College Writing/3 sem. hrs. A writing workshop with instruction in the principles and skills of argumentation and critical reading. Students will receive instruction in basic methods of research and documentation of sources and in computer use. Prerequisites: SAT Verbal score of 550, ACT English Score of 26, a TOEFL score of 650 (paper) or 280 (computer), a passing Writing Challenge Exam, or WRIT 1000 with a C- or higher.

* WRIT 2000 Advanced College Writing/3 sem. hours. A writing workshop with advanced instruction in argumentation as it applies in various professional settings. The course also includes additional instruction in critical reading, research, and writing. Prerequisite: WRIT 1500 with a C- or higher.

* WRIT 2010 Introduction to Journalism/3 sem. hrs. A writing workshop with advanced instruction in the forms, methods, and styles of news writing. Students will engage in the process of putting out an undergraduate newspaper. The course also includes additional instruction in critical reading, research, and writing. Prerequisite: WRIT 1500 with a C- or higher.

* WRIT 2020 Writing About Literature/3 sem. hrs. A writing workshop that provides advanced instruction in argumentation and an introduction to literary genres that may include poetry, fiction, drama, and essays. Prerequisite: WRIT 1500 with a C- or higher.

* WRIT 2150 Writing for the Professions/3 sem. hrs. A writing course designed to make students proficient in various types of professional writing. Emphasis will be placed on the selection and employment of appropriate styles of written communication for functional uses in the workplace. Students will learn to use rhetorical devices and research in the professional writing of public documents.

WRIT 3020 Creative Writing: Poetry/3 sem. hrs. An examination of the fundamentals of writing poetry; learning to use metrical language, and seeking the universal in individual human experience. Students will read a wide variety of contemporary poems and will attempt to develop their own poetic language. Prerequisite: WRIT 1500 with a C- or higher.

WRIT 3030 Creative Writing: Fiction/3 sem. hrs. An examination of the fundamentals of writing fiction; learning to use the techniques and tools of the fiction writer. Students will read a variety of fictional works and will attempt to develop their own voices and narrative style. Prerequisite: WRIT 1500 with a C- or higher.
Undergraduate majors in business administration and related fields are offered through the H. Wayne Huizenga School of Business and Entrepreneurship. The information provided in this section addresses curricular requirements for majors and minors in business administration and related fields under the direction of the Huizenga School’s faculty and undergraduate business program office. Curriculum, course, and prerequisite course information are subject to change. Students should consult their enrollment counselor regarding course selection and program planning.

HUIZENGA SCHOOL VISION AND PHILOSOPHY
Vision
A world-wide leader in professional development of individuals in business, government, and nonprofit organizations, possessing a recognized reputation for quality using personal relationships and leading-edge technology to provide superior educational value for students in a manner that allows education to be an integral part of their lives.

Philosophy
We believe that in the fast-paced, rapidly changing world, individuals in business, government, and nonprofit organizations need convenient, accessible, superior-value educational opportunities. Only by using a highly qualified faculty with academic and practical experience, providing personal interaction with students, and effectively using leading-edge technology can we prepare students for success.

The success of the Huizenga School is defined by the success of our students in mastering and applying this knowledge to create value in their respective business, government, and nonprofit organizations.

We can only realize our vision if all faculty and staff members and administrators of the Huizenga School are dedicated to anticipating the needs of the students, and constantly changing courses, curricula, delivery methods, and services to students according to these needs.

DEGREE PROGRAMS
This section contains information about the courses and programs offered by the Huizenga School’s bachelor’s division.

The bachelor of science degree offered through the H. Wayne Huizenga School of Business and Entrepreneurship provides the following majors:

Accounting Professional Management
Business Administration Sport and Wellness Studies
Finance

The following business concentrations are offered to students who are majoring in a business field. Each concentration consists of five courses (15 credits.)

Accounting Human Resource Management
Banking and Finance International Business
Hospitality Management Marketing

The following business minors are offered to students who are not majoring in a business field. Each business minor consists of five to seven courses (15–21 credits), depending on subject area.

Accounting Human Resource Management
Banking and Finance International Business
Hospitality Management Marketing

PROGRAM DELIVERY
The academic majors and concentrations of the bachelor’s division are provided in a variety of formats, depending on the size of the student population and the resources available at a particular location.

• Students who desire to complete their degree in either a full four-year course of study or as a degree-completion program may do so by attending class on the main campus in either a day or evening format.
• The following locations offer primarily evening and weekend students an opportunity to complete their course of study: the Bahamas, Jacksonville, Jamaica, Miami-Dade, Orlando, Palm Beach, and Tampa.
• Cluster sites of approximately 20 students located in businesses and communities offer degree-completion programs that follow a lock-step curriculum and take approximately 27 months of evening classes to complete.
• Business and Professional Management (BPM) Online, which is a member of the Southern Regional Electronic Campus, is a degree-completion program that allows students to complete a four-year degree program entirely through courses taken on the Internet.
• Certification programs are developed in cooperation with corporations that seek to provide their employees with advanced training in specific content areas.
LEARNING OUTCOMES
The successful graduate of the Division of Business Administration is expected to
1. think critically in terms of conceptualizing issues, analyzing data, and articulating and defending conclusions
2. demonstrate professional verbal and written communication skills in an organizational context
3. demonstrate an ability to formulate organizational strategies
4. recognize the values of, and demonstrate an ability to make, ethical and socially responsible decisions
5. demonstrate an understanding of the impact of emerging technologies and use them appropriately to gather, process, and present information
6. demonstrate an understanding of the legal and regulatory issues in an organizational context
7. use quantitative skills effectively to solve applied business problems
8. use interpersonal skills effectively at the individual, group, and organizational levels
9. demonstrate an understanding of the interaction between business and the global economy
10. demonstrate an understanding of increasingly diverse cultures within organizational life

ETHICS ACROSS THE CURRICULUM POLICY
The business administration faculty believes that a socially responsible institution should not limit the study of ethical issues only to coursework, but that such study should be an ongoing endeavor, enhancing the experience of the student. To this end, the faculty members are committed to making the study of ethical issues an integral part of the bachelor’s academic program. The faculty believes that by incorporating the study of ethics throughout the curriculum, students will give additional relevance and reality to their studies, and this will help them to become more responsible and productive citizens.

PROGRAM REQUIREMENTS
General Education Requirements

Students are required to complete general education courses. As part of these credits, these three courses (three credits each) must be completed.

OPEN ELECTIVES

GENERAL EDUCATION REQUIREMENTS

MAJOR REQUIREMENTS

OPEN ELECTIVES

TOTAL DEGREE CREDIT REQUIREMENTS

BUSINESS ADMINISTRATION MAJOR
The business administration major is offered for students who seek a four-year degree in preparation for careers in business and related fields. This major is also designed to meet the needs of working adults who seek a four-year degree as preparation for a career move into management positions. The major provides a solid foundation for admission into M.B.A. programs.

PROGRAM REQUIREMENTS
General Education Requirements

Students are required to complete general education courses. As part of these credits, these three courses (three credits each) must be completed.

ACCOUNTING MAJOR
The accounting major is offered for those students who wish to pursue a career in accounting. The major will also serve as the foundation for those preparing for the CPA examination. The State Board of Accountancy in Florida requires an additional 30 credits beyond the bachelor’s degree to qualify for the examination. The Huizenga School offers a master’s degree designed to satisfy the CPA requirements. Additionally, a student may transfer in only 50 percent of major or accounting prefix courses. Students are cautioned to plan their schedule carefully since upper-division accounting courses are offered once per year and may be offered only in the evening.
## Major Requirements
In addition to the general education requirements, students are required to complete these courses (three credits each) to major in this area.

### Finance Major

The finance major is designed for students who want to combine a broad approach to business studies with specialization in the discipline of finance. Finance majors develop a broad array of analytical skills in accounting, business law, international business, operations management, management, and marketing. More specialized skills in finance are realized through the study of foreign currencies, investments, portfolio theory, financial management, money and banking, and forecasting. Graduates are well prepared to enter the M.B.A. program, professional programs such as law, and/or master's degree programs in finance. Graduates are also well prepared to work for a financial institution in credit, trust, or operations, or for a finance firm in the financial services industry, which includes investment brokerage, real estate, insurance, or financial planning.

### Program Requirements

#### General Education Requirements

Students are required to complete general education courses. As part of those credits, these three courses (three credits each) must be completed.

The BPM program is designed for working adults who are advancing into supervisory and management positions. Sixty semester hours of credit in management, behavioral science, computers, and humanities are offered in a set curriculum to a cluster of 20–25 students or online. A high school diploma or GED is required for admission to this program.

The BPM program is offered at both on- and off-campus locations (evening and cluster only), as well as online. The online program allows students to complete the entire degree via electronic delivery. Additional information regarding the BPM Program can be obtained by calling (954) 262-8100 or 800-338-4723, ext. 8100, or online at www.huizenga.nova.edu

### OPEN ELECTIVES

42 credits
Policy on Failure of Courses
Required courses in the BPM Program for which a student receives a failing grade (F) must be successfully repeated before the student is eligible to graduate. Nonprerequisite courses in which the student has earned an F will not necessarily prevent the student from continuing in coursework with the same cluster. On the other hand, an F in a prerequisite course will prevent a student from continuing on to the next course.

Policy for BPM Replacement Electives (Cluster Only)
Students who have received transfer credit for one or more of the required courses in a BPM major and need additional credit may substitute an elective course. Six elective courses (one every 16 weeks) will be offered on campus, online, and at NSU’s major off-campus sites.

Students who need additional elective courses may choose from the selection offered at a site or online. Exceptions or alternatives must be requested through the enrollment counselor. The following courses will be offered on a regularly scheduled basis:

Re-entry into a Cluster
Students who withdraw from a cluster and subsequently wish to either re-enter their original cluster or join another must receive permission to do so. Students are required to pay the tuition rate in effect for the new cluster joined.

CONCENTRATIONS IN BUSINESS ADMINISTRATION
All students who major in one of the business disciplines are encouraged to complete one or more concentrations to prepare them for careers or graduate studies. Concentrations are available to business students only. A concentration requires the completion of 15 credits from the courses listed. Please note that some courses have prerequisites that must be satisfied and that not all concentrations are offered at every site or cluster.

ACCOUNTING CONCENTRATION
This concentration gives students flexibility to develop the knowledge essential for their own career needs or to satisfy requirements for admission to graduate accounting programs. Students select any five of the following courses (three credits each):

Human Resource Management Concentration
This concentration gives students in-depth knowledge to facilitate careers in training and development, labor relations, and general human resource management. Students select any five of the following courses (three credits each):
International Business Concentration
This concentration is designed for students who desire careers with multinational companies and companies involved in the exporting and importing of goods and services. Students take the following five courses (three credits each):

- BUSS 4300 Export/Import Trade
- ECON 4300 International Economics
- FINC 4550 International Finance and Banking
- MGMT 4600 International Management
- MRKT 4500 International Marketing

15 total credit hours

Marketing Concentration
These courses give students advanced knowledge for careers in advertising, sales, promotion, retail, and wholesale. Students select any five of the following courses (three credits each):

- BUSS 4300 Export/Import Trade
- MRKT 3100 Marketing Services
- MRKT 4210 Marketing Communication Strategies
- MRKT 4350 Service Quality Management
- MRKT 4500 International Marketing
- MRKT 4710 Marketing Strategy

15 total credit hours

MINORS IN BUSINESS ADMINISTRATION
Minors in business administration are intended for nonbusiness majors who desire a course of study in a business-related subject area in preparation for careers or graduate studies.

Accounting Minor
The minor in accounting provides students with 21 credits in practical accounting. All students who minor in accounting must complete these seven courses (three credits each):

- ACCT 2100 Managerial Accounting
- ACCT 2200 Financial Accounting I
- ACCT 3030 Cost Management
- ACCT 3050 Financial Accounting II
- ACCT 3060 Financial Accounting III
- ACCT 3110 Federal Taxation I
- ACCT 4050 Accounting Information Systems

21 total credit hours

Banking and Finance Minor
This minor is designed for students who are employed, or who would like to pursue a career, with financial institutions. All students who minor in banking and finance are required to complete these seven courses (three credits each):

- BUSS 3550 Introduction to International Business
- ECON 3550 International Economics
- FINC 4550 International Finance and Banking
- MGMT 3550 International Management
- MRKT 3530 International Marketing
- MRKT 4550 Export/Import Marketing

18 total credit hours
Marketing Minor

This minor is designed for students who are employed in the fields of advertising, sales, promotion, retail, wholesale, or related areas or for those who would like to pursue a career in marketing.

All students who minor in marketing are required to complete these six courses (three credits each):

- MRKT 3050  Marketing Principles and Applications
- MRKT 3100  Marketing Services
- MRKT 3530  International Marketing
- MRKT 4210  Marketing Communication Strategies
- MRKT 4350  Service Quality Management
- MRKT 4710  Marketing Strategy

18 total credit hours
ACCOUNTING (ACCT)

ACCT 2100 Managerial Accounting/3 sem. hrs. Integrates the accounting process with the planning, coordinating, and control functions of the business organization. Topics include strategic planning, tactical and operational decision making, budgeting, responsibility accounting, and performance measurement. It is recommended that students have computer competency and have taken ECON 2020 before enrolling in this course.

ACCT 2200 Financial Accounting I/3 sem. hrs. Provides an introduction to financial accounting and its decision-making elements. Areas covered are the conceptual frameworks of accounting, financial statements, and their components, and financial statement analysis.

ACCT 3030 Cost Management/3 sem. hrs. Students learn cost measurement techniques in the manufacturing and service sectors. Using a strategic approach, the course examines the design and operation of cost accounting systems in both traditional and advanced manufacturing environments. Prerequisite: ACCT 2100.

ACCT 3060 Financial Accounting III/3 sem. hrs. A continuation of Financial Accounting II. Topics include the conceptual foundations of equity, earnings per share, the income statement, leases, and deferred taxes. Prerequisite: ACCT 3050.

ACCT 3080 Cooperative Education/0 sem. hrs. Work placement for a period of 16 to 18 weeks. The placement is directly related to the student's program of study.

ACCT 3110 Federal Taxation I/3 sem. hrs. Examines the fundamentals of individual income taxation. A background of accounting courses is not essential for this course. The course may be of special interest to nonbusiness majors. Topics include exemptions, exclusions, and deductions available to the individual. Prerequisite: ACCT 3060.

ACCT 3120 Federal Taxation II/3 sem. hrs. Provides an overview of the Internal Revenue Code as it applies to partnerships, corporations, estates, and trusts. Prerequisite: ACCT 3110.

ACCT 4050 Accounting Information Systems/3 sem. hrs. Examines the design, construction, and operation of accounting in formation systems. Information theory, database construction, computer hardware and software selection, and internal controls are also covered. Prerequisite: ACCT 3060.

ACCT 4210 Auditing/3 sem. hrs. Provides an overview of basic auditing concepts, auditing standards, and audit programs. Special emphasis is given to preparing the student for the auditing section of the CPA examination. Prerequisite: ACCT 3060.

ACCT 4910–4980 Advanced Special Topics/3 sem. hrs. Examines topics in accounting not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

COOP 3810 Cooperative Education I in Accounting/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

COOP 3910 Cooperative Education II in Accounting/1–3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: COOP 3810, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3810 Internship I in Accounting/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3910 Internship II in Accounting/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: INTN 3810, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

BUSINESS (BUSS)

BUSS 1010 Introduction to Business/3 sem. hrs. Provides an overview of the private enterprise system. Topics include the key concepts of business, social responsibility, entrepreneurship, the management process, marketing, finance, and the legal and international environment of business.

BUSS 2150 Business Law I/3 sem. hrs. Applies the fundamentals of business law, contract law, property law, and negotiable instruments to business organizations. Credit cannot be obtained for both BUSS 2150 and LEGS 3400.

BUSS 2700 Current Issues in Telecommunications/3 sem. hrs. The technical and managerial aspects of telecommunications from a business perspective are presented. Special emphasis is placed on current technological, legislative, and regulatory issues facing the telecommunications industry.

BUSS 3020 Business Communications/3 sem. hrs. Examines the strategies of effective written and oral business communications. Topics include persuasive messages, delivery of good news and bad news, sales letters, collection messages, design of business reports and oral presentations, use of visual aids, and resume preparation. Prerequisite: WRIT 1500.

BUSS 3050 Organization Theory/3 sem. hrs. Emphasizes the structure and managerial challenges of modern organizations and systems.

BUSS 3080 Cooperative Education/0 sem. hrs. Work placement for a period of 16 to 18 weeks. Placement will be directly related to the student's program of study.
BUSS 3100 Small Business Management/3 sem. hrs. Studies management problems that relate to the small-scale entrepreneur. Examines the decisions to be made in initiating a business: implementing financial and administrative controls, operating systems, pricing and marketing strategy, and understanding the legal environment.

BUSS 3250 Business, Government, and Society/3 sem. hrs. Considers the relationship between business enterprises and the social and political milieu in which these enterprises operate. Examines concepts in business ethics, corporate responsibility, and governmental regulation of business.

BUSS 3550 Introduction to International Business/3 sem. hrs. Surveys the legal and cultural environment of international business; the international financial system; management of international operations; personnel and labor relations; international marketing; international economics, trade, and finance; multinational enterprise; and international accounting. Prerequisites: ECON 2010 and 2020.

BUSS 4090 Quantitative Methods/3 sem. hrs. Emphasizes decision-making tools and their applications in various business situations. How to solve problems of cost-volume-profit analysis, linear programming, Markov-chain gaming, the assignment problem, the transportation problem, PERT and other network models, decision theory, inventory problems, computer simulation, and waiting line models. Prerequisite: MATH 3020.

BUSS 4100 Business Ethics/3 sem. hrs. Examines the nature of morality and theories of normative ethics. Identifies a variety of ethical issues and moral challenges involving consumers, the environment, the professions, and the role of the corporation in our society.

BUSS 4300 Export/Import Trade/3 sem. hrs. Studies the management of the export/import department, including government regulations affecting imports; financing, insuring, transporting, and marketing of exported or imported raw materials and finished products; methods of purchasing foreign products and selling domestic goods abroad; joint marketing; licensing; and distributor relations. Prerequisite: MRKT 4500.

BUSS 4610 Business Research Methods/3 sem. hrs. Examines research designs commonly used in business decision making. Topics include survey, observation, data analysis, sampling, and quasi-experiments as they relate to problems in an organizational setting. Students submit a research proposal as part of the course requirements. Prerequisite: MATH 3020.

BUSS 4880 Business Strategy and Policy/3 sem. hrs. An integrative senior-year course in which the disciplines of management, finance, behavioral sciences, and marketing focus on the solution of business problems. Case studies will be employed in this course. Prerequisite: senior standing.

BUSS 4910–4980 Advanced Special Topics/3 sem. hrs. Advanced topics in business that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

BUSS 4990 Independent Study in Business/1-12 sem. hrs. The student designs, and carries out, an independent research project under faculty supervision. Prerequisite: written consent of instructor and division director.

COOP 3811 Cooperative Education I in Business/1-3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

COOP 3811 Cooperative Education II in Business/1-3 sem. hrs. A 10–20 hour per week, paid work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: COOP 3811, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3811 Internship I in Business/1-3 sem. hrs. A 10–20 hour per week, non-paying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3811 Internship II in Business/1-3 sem. hrs. A 10–20 hour per week, non-paying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: INTN 3811, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

**ECONOMICS (ECON)**

ECON 2010 Principles of Macroeconomics/3 sem. hrs. A study of basic economic concepts as they apply to the aggregate economy. Topics include concepts of national income and its determination, economic fluctuations, monetary and fiscal policies, and economic growth.

ECON 2020 Principles of Microeconomics/3 sem. hrs. Examines the processes of price/output determination and resource allocation under conditions of perfect and imperfect competition. Topics include labor economics, international trade and finance, and alternative economic systems.

ECON 2030 Economic Transformations and Society/3 sem. hrs. Studies the impact of economic interactions within the whole ecological, social, and political fabric of society. Analyzes economic systems and issues within the context of human rights, environmental consequences, and ideological goals and outcomes.

ECON 3010 Intermediate Macroeconomics/3 sem. hrs. This course expands upon the tools of economic analysis covered in ECON 2010 Principles of Macroeconomics. An overview of current macroeconomic events is followed by an in-depth study of the methodologies used to predict economic activity. Prerequisite: ECON 2010.

ECON 3160 Economics of Social Issues/3 sem. hrs. Provides the analytical tools necessary to understand the economic aspects of contemporary social issues. Topics include analysis of poverty, higher education, crime, pollution, unemployment, and government and economic policies.

ECON 3210 Monetary Theory and Policy/3 sem. hrs. Examines the structure and function of the American banking system, the Federal Reserve System, and the function of monetary policy in the regulation of the national economy. Prerequisite: ECON 2010.

ECON 4910–4980 Advanced Special Topics/3 sem. hrs. Examines advanced topics in economics that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for the given term. Students may re-enroll for special topics covering different content.
FINANCE (FINC)

FINC 1000 Academy of Finance/3 sem. hrs. A series of five courses given by the Broward County School Board to high-school juniors and seniors.

FINC 2030 Financial and Accounting Management in Health Care/3 sem. hrs. Use of accounting information in making managerial decisions. Topics include third-party payers, volume forecasting, budgeting procedures, and rate-setting techniques. Offered in HCS only.

FINC 3010 Corporate Finance/3 sem. hrs. Applies financial management to organizations. Topics include ratio analysis, leverage, cash budgeting, and capital structure. Prerequisite: ACCT 2100 or ACCT 2200.

FINC 3100 Financial Management/3 sem. hrs. A continuation of Corporate Finance. Topics include present value analysis, rate of return, and other techniques used to evaluate investment alternatives. Prerequisite: FINC 3010.

FINC 3120 Principles of Investments/3 sem. hrs. Investment management is emphasized including financial statements and portfolio management. Analyzes financial statements, discusses the use of rating services such as Moody’s and Standard and Poor’s, and compares growth and income investments.

FINC 3130 Securities Analysis/3 sem. hrs. Builds on the foundation of investment management developed in FINC 3120 Principles of Investments by focusing on the management of funds of institutional investors, including insurance companies, pension funds, and foundations. Prerequisite: FINC 3120.

FINC 3150 Banking and Financial Institutions/3 sem. hrs. Studies the operation in commercial banks, savings and loan associations, and savings banks. Topics include loans, mortgages, bonds, investments, trusts, marketing, and auditing. Discusses the impact of federal and state regulations on financial institutions.

FINC 3200 Individual Financial Management/3 sem. hrs. Surveys the major elements of individual financial management. Topics include money management, credit and debt management, insurance, major expenses, college planning, retirement planning, and investments.

FINC 4120 Advanced Financial Management/3 sem. hrs. This course explores the role of the financial manager in finding sources of corporate funds, valuation, and capital budgeting. This course also examines financial forecasting and short- and long-term financing. Prerequisite: FINC 3110.

FINC 4130 Portfolio Theory/3 sem. hrs. This course covers portfolio theory with an emphasis on capital asset pricing, arbitrage pricing, pricing of derivatives, interest rates, and bond management. Internet exercises will be used extensively. Prerequisite: FINC 3130.

FINC 4550 International Finance and Banking/3 sem. hrs. Topics include international monetary systems, foreign exchange markets, exchange rates, international financial institutions, and capital markets. Prerequisite: ECON 2010.

FINC 4910-4980 Advanced Special Topics/3 sem. hrs. Examines topics in finance that are not included in regular course offerings. Specific contents and prerequisites are announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

HOSPITALITY MANAGEMENT (HMGT)

HMGT 3060 Hospitality and Business Law/3 sem. hrs. An introduction to the legal aspects of managing a hospitality enterprise. Topics include essential legal information for compliance with the law as operator and customer in the context of hospitality management.

HMGT 3130 Human Resource Development/3 sem. hrs. Emphasizes human resource development within hospitality and tourism organizations. Contemporary theories and practices are reviewed with practical applications for the hospitality industry.

HMGT 3300 Food and Beverage Operations/3 sem. hrs. Addresses the management of food and beverage operations. Emphasis is on front-office and back-of-the-house operations. Staffing and accounting guidelines are reviewed.

HMGT 3310 Nutrition and Sanitation/3 sem. hrs. Focuses on issues of health consciousness and food quality and safety. Examines retail restaurant food service trends, marketing, recipe development, and menu planning. Topics include effective food-handling techniques, methods for prevention of food-borne illnesses, and causes of food contamination.

HMGT 3350 Volume Food Management/3 sem. hrs. Covers both the history and contemporary issues in the volume food industry. Examines the various industries involved in volume feeding, and the types of services offered. Familiarizes students with processes, equipment, facilities, trends, opportunities, and challenges associated with this industry.

HMGT 3450 Guest Services and Rooms Division Management/3 sem. hrs. Introduces front-office procedures and back-of-the-house housekeeping operations. Front-office operations emphasize reservations, registration, night audit, checkout, and billing procedures. Housekeeping operations emphasize staff motivation, ordering and inventory control of housekeeping products, hiring of staff, and basic guestroom cleaning procedures.

HMGT 3500 Managing International Hospitality Operations/3 sem. hrs. Focuses on the procedures used in the day-to-day operations of hospitality and tourism organizations. Reviews management systems that lead to the delivery of high-quality service/products. Examines hotels, cruise ships, travel organizations, convention services, gaming, and transportation.

HMGT 3520 Applied Research and Market Development/3 sem. hrs. Reviews methodologies used to solve market-development problems. Acquaints the student with questionnaire design, interview and observation techniques, hypothesis testing, and descriptive and inferential statistics.

HMGT 3600 Hospitality, Tourism, Sports, and Entertainment Law/3 sem. hrs. Examines the laws related to each of the industries. Topics include tort liability, constitutional and statutory law, government regulations, risk management, agency principles, forms of business organization, contract law, and ethics.

HMGT 3820 The Tourism System/3 sem. hrs. Explores the interdisciplinary relationships of world tourism traffic flows, attractions, and entertainment events.

HMGT 3830 Public Tourism and Cultural Events/3 sem. hrs. Examines the art and science of celebration and the impact of special tourism events. Students develop an understanding of the planning, promotion, and management of cultural events on worldwide and local community bases.

HMGT 3860 The Cruise Attraction/3 sem. hrs. Provides the student with a comprehensive foundation in the cruise travel industry. Cruise travel history, facts about major cruise lines, and specialty yacht vacations are reviewed.

HMGT 4020 Ethics in Hospitality Management/3 sem. hrs. Examines the moral aspects of decision-making processes within hospitality organizations. Ethical issues include workers’ and consumers’ rights, managerial responsibilities, community obligations, and social responsibilities. Prerequisites: HMGT 3060 or 3180.

HMGT 4060 Legal Aspects of Tourism Events/3 sem. hrs. Introduces the student to laws relevant to the cruise and tourism industry. Prerequisite: HMGT 3060.

HMGT 4310 Restaurant Management Seminar/3 sem. hrs. Reviews the types of restaurants and consumer perceptions of the restaurant experience. Discusses menu planning, price, merchandising, marketing, and control. Prerequisites: HMGT 3300 and permission of the instructor.

HMGT 4350 Food and Beverage Purchasing/Control/3 sem. hrs. Provides the knowledge necessary to implement an F&B purchasing program and an F&B control system in restaurants and medium-sized hotels. Prerequisites: HMGT 3300 and MATH 1330.
HMGT 4370 Food Facilities Design/3 sem. hrs. Focuses on transforming plans and budgets into a workable operation and how best to work with design experts in developing new or renovated food service designs. Prerequisite: HMGT 3300.

HMGT 4500 Hospitality/Tourism Practicum/3 sem. hrs. The practicum applies management skills in an industry setting or develops knowledge and skills in an area that is less familiar to the learner. The practicum requires a minimum of a full semester (16 week) commitment and may be taken at any point during or after the final year of study.

HMGT 4840 Special Interests and Ecotourism/3 sem. hrs. Examines issues in the development of sustainable tourism resources including social, political, and economic factors and their impact on the environment. Prerequisite: HMGT 3820.

HMGT 4850 Theme Parks and Entertainment Attractions/3 sem. hrs. Reviews the origin of theme parks and attractions as well as the relationship between attractions, hotels, restaurants, and community infrastructure. Prerequisite: HMGT 3820.

HMGT 4860 World Event and Conference Planning/3 sem. hrs. This application-oriented course deals with planning and managing conventions and meetings. Topics include meeting planning, exhibit services, theme design, banquet and volume food service, site selection, association organizational structure, transportation, and pre/post-conference packaging. Prerequisite: HMGT 3820.

HMGT 4980 Special Topics in Hospitality/Tourism/3 sem. hrs. Provides advanced students with the opportunity to pursue areas of major interest within the hospitality and tourism areas under the guidance of a faculty member.

INTN 3810 Internship I in Accounting

INTN 3811 Internship I in Business/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

INTN 3910 Internship II in Accounting

INTN 3911 Internship II in Business/1–3 sem. hrs. A 10–20 hour per week, nonpaying work experience for 16 weeks in the student’s major area of study or area of career interest. Prerequisites: Internship I, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of experiential learning.

MANAGEMENT (MGMT)

MGMT 1410 Personal Career Development/3 sem. hrs. Works with students to identify vocational interests and aptitudes, obtain information about occupations, gain experience through practicum’s and cooperative education, and establish career plans. Equivalent to EDUC 1410 and PSYC 1410.

MGMT 2050 Principles of Management/3 sem. hrs. Provides an overview of management history and theory, schools of management thought, the functions and processes of management, and the environment within which the modern manager operates.

MGMT 2510 Supervisory Skills/3 sem. hrs. Studies the changing responsibilities of first-level supervisors. Topics include high-quality management, multicultural diversity, dealing with unions, equal opportunity legislation, discipline procedures, and organizational ethics and politics.

MGMT 2910–2990 Special Topics/3 sem. hrs. Examines management topics that are not included in regular course offerings and may be taken without prerequisites. Specific content is announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

MGMT 3000 Fire Administration/3 sem. hrs. Studies fire service organization and management. Topics include styles of fire department leadership, organizational structures, administrative strategies, and the legal and ethical considerations of modern fire departments. Explores future directions in fire protection management.

MGMT 3020 Organizational Communication/3 sem. hrs. Reviews formal and informal communication networks, communication roles, communication audits, and organizational barriers to effective communication.

MGMT 3200 Public Administration/3 sem. hrs. Explores the nature and scope of public administration. Topics include governmental proprietary enterprises, regulation of business, bureaucratic organization, administration, relationships, and policy making.

MGMT 3210 Public Budgeting, Planning, and Control/3 sem. hrs. Reviews the concepts and processes of budgeting. Topics include essentials of risk management, managing static risk, and capital budgeting. Prerequisite: ACCT 2100.

MGMT 3480 Industrial Psychology/3 sem. hrs. Emphasizes a general knowledge of industrial/organizational psychology, as well as its application to solving real-world problems. Topics include job satisfaction, job design and organizational development, human factors, and environmental stresses on workers.

MGMT 3500 EMS Management/3 sem. hrs. Provides an overview of management and methods procedures in emergency medical service organizations. Topics include ethical and legal considerations, budget preparation, records management, public relations, intergovernmental relations, conflict resolution, cultural diversity, and personnel management issues.

MGMT 3560 Substance Abuse in Business and Industry/3 sem. hrs. Reviews alcohol and substance abuse problems in business and industry and the role of management in dealing with these problems. Studies company policies regarding substance abuse, effective educational and intervention programs, and implementation strategies.

MGMT 3660 Management Information Systems/3 sem. hrs. Discusses the use of computers in business, as well as database management and information system fundamentals.

MGMT 3770 Production and Inventory Control/3 sem. hrs. Analyzes systems, materials flow networks, methods of control, and forecasting of market and resource activities. Examines the criteria for determining output, pricing, capital cost, investments, and profit centers.

MGMT 3880 Operations Management/3 sem. hrs. A problem-oriented course in production and operations management. Topics covered include inventory control, production control, quality control, services management, and facilities management and control. Prerequisite: MATH 1030.

MGMT 4000 Project Management/3 sem. hrs. Surveys the techniques used to improve the efficiency and effectiveness of fire protection methods. Evaluates the methods available for identifying needs, managing short- and long-term plans, and monitoring change.

MGMT 4010 Health Care Organization and Administration/3 sem. hrs. Provides an overview of health care organization in the United States from a systems perspective and the administrative implications of health care organization models. Offered in HCS only.

MGMT 4020 Legal Aspects of Health Care Administration/3 sem. hrs. Studies the liabilities and responsibilities of health care institutions and professionals. Reviews federal, state, and local regulation of health services. Offered in HCS only.

MGMT 4050 Organization Development and Change/3 sem. hrs. Applies behavioral science knowledge and practices to help organizations improve the quality of work life and experience strategies for achieving change.

MGMT 4160 Human Resource Management/3 sem. hrs. Surveys personnel policies, techniques, and methods. Topics include wage and salary management, personnel selection and placement, labor relations, and employee rights.

MGMT 4170 Organization Behavior/3 sem. hrs. Explores the interaction of individuals and the organization as a dynamic interplay that affects total organizational effectiveness. Topics include the role of effective communication in the organization, motivation, leadership, and values.

MGMT 4200 Administrative Law/3 sem. hrs. Introduces students to important legal issues involving administrative law and administrative process. Topics include regulation, rule making, adjudication, hearings, discretion, tort liability, and judicial review. Covers the role of administrative agencies in the regulative process.

MGMT 4210 Issues in Public Policy/3 sem. hrs. Case studies cover topics such as regulatory and redistributive public policies, policy evaluation, and the impact of politics on policy analysis.

MGMT 4250 Strategic Human Resource Management/3 sem. hrs. A capstone course covering the HRM function in organizations, with specific emphasis on training, development, and career path of employees; stress management; and labor relations and negotiations. Prerequisite: MGMT 4160.

MGMT 4300 Managing Workplace Diversity/3 sem. hrs. Prepares students to manage in the diverse workplace. Emphasis is on practical, experiential classroom activities designed to help students understand the range of cultural behaviors and expectations found in the workplace.

MGMT 4450 Labor Relations and Negotiations/3 sem. hrs. Examines labor relations in terms of collective bargaining, contract negotiation, contract administration, mediation, and arbitration. Includes an in-depth examination of labor legislation. Prerequisite: MGMT 4160.

MGMT 4500 Legal Aspects of Fire Administration/3 sem. hrs. Reviews the laws that apply to fire service organizations and their employees. Examines the law-making authority and process at the federal, state, and local levels as it applies to emergency service personnel.

MGMT 4600 International Management/3 sem. hrs. Explores the context of international management and the organization of multinational firms. Topics include organizational problems in international operations, international financial management, international personnel management, relations with host governments, and comparative management. Prerequisite: BUSB 3550.

MGMT 4910–4980 Advanced Special Topics/3 sem. hrs. Examines topics in management that are not included in regular course offerings. Specific content and possible prerequisites are announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

MGMT 4990 Advanced Special Topics: Total Quality Management/3 sem. hrs. Examines the theory and practice of total quality management (TQM) as applied in business organizations. Topics include philosophies of Demming, Juran, Crosby, and others; continuous process improvement; self-directed work teams; and building a high-quality culture.

MRKT 2110 Sales Management/3 sem. hrs. Emphasizes sales-force management. Topics include selection, training, compensation, motivation, and evaluation of sales personnel. Various sales strategies appropriate to different markets are covered.

MRKT 2210 Retail Management/3 sem. hrs. Examines effective marketing strategies specific to the retail establishment. Topics include organizational structure, store location, personnel selection, merchandising, promotion, and service.

MRKT 2902 Special Topics: Public Relations/3 sem. hrs. Strategies to establish and maintain goodwill between a person or organization and the public. Analyzes public relations strategies and campaigns using case studies.

MRKT 2910–2990 Special Topics/3 sem. hrs. Examines topics in marketing that are not included in regular course offerings and may be taken without prerequisites. Specific content is announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

MRKT 3010 Channels of Distribution/3 sem. hrs. Explores the role of marketing channels in establishing an effective marketing strategy. Topics include physical distribution problems, as well as the role of wholesalers, retailers, and the various types of specialized middlemen. Prerequisite: MRKT 3050.

MRKT 3050 Marketing Principles and Applications/3 sem. hrs. Focuses on marketing concepts including consumer behavior and market analysis.

MRKT 3080 Cooperative Education/6 sem. hrs. Work placement for a period of 16–18 weeks. The placement will be related to the student’s program of study.

MRKT 3100 Marketing Services/3 sem. hrs. Explores the marketing of services, highlighting the distinctions that exist in the marketing of intangibles. Presents strategies for marketing of services versus the traditional product related marketing. Prerequisite: MRKT 3050.

MRKT 3210 Advertising and Sales/3 sem. hrs. Introduces the basic principles and concepts of marketing communication. Focus is on effective advertising campaigns and sales promotional plans for business. Prerequisite: MRKT 3050.

MRKT 4210 Marketing Communication Strategies/3 sem. hrs. Stresses the development of promotion objectives and the planning and integration of these programs with other aspects of marketing. Prerequisite: MRKT 3050.

MRKT 4310 Consumer Behavior/3 sem. hrs. Analyzes the effectiveness of marketing strategies in yielding desired consumer responses, including the push-versus-pull strategy and the selling versus the marketing approach. Prerequisites: MGMT 4170 and MRKT 3050.

MRKT 4350 Service Quality Management/3 sem. hrs. Develops a conceptual understanding of high-quality service marketing. Topics include the distinctive aspects of services, consumer behavior, services management, and services research. Prerequisite: MRKT 3050.

MRKT 4500 International Marketing/3 sem. hrs. Studies the scope of international marketing, the structure of multinational markets, foreign market research, international advertising and promotion, international distribution channels, international product policy, international pricing policy, and export/import management. Prerequisites: BUSB 3550 and MRKT 3050.

MRKT 4710 Marketing Strategy/3 sem. hrs. Examines marketing activities from the viewpoint of the marketing executive. Topics include competitive planning and policy formulation; the use of marketing research; test marketing of products; and intercompany coordination of pricing and promotion. Prerequisite: MRKT 3010.

MRKT 4901 Advanced Special Topics: Customer Service Practicum/3 sem. hrs. The requirements of this experiential course are: (1) The student will have passed an NSU-approved corporate training program in customer service; or (2) The student will complete a customer service project under the supervision of a faculty member and a corporate sponsor.
MRKT 4910–4980 Advanced Special Topics/3 sem. hrs. Examines topics in marketing that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may re-enroll for special topics covering different content.

**SPORT AND WELLNESS STUDIES (SPWS)**

SPWS 1200 Sport and Wellness Management/3 sem. hrs. Studies the responsibilities involved in the administration of sport and wellness programs. Examines the fundamental components of sport and wellness management: personnel issues, event and facility management, marketing, promotions, fundraising, budgeting, ethics, sports law, and public relations.

SPWS 2200 Historical Perspectives in Sport and Wellness/3 sem. hrs. Develops an understanding of how sport evolved within society. Examines the early assumptions about sport and wellness and how they were transformed by the social, economic, and philosophical changes taking place in society.

SPWS 3100 Legal Aspects of Sport and Wellness/3 sem. hrs. Reviews the legal considerations, responsibilities, and liabilities of institutions and their personnel as related to sport and wellness. Examines sport and event management, personnel relations, and governmental regulations that impact sport and wellness.

SPWS 3300 Facility and Event Management/3 sem. hrs. Studies the guidelines and principles of managing events and facilities. Topics include concepts in event logistics, critical planning techniques, negotiations, and funding.

SPWS 3400 Financing and Fund-raising in Sport Management/3 sem. hrs. Reviews the basic concepts of financial management as it pertains to sport fund-raising activities. Studies specific fund-raising techniques and tactics, public relations, promotion, and publicity.

SPWS 3500 Sport Finance/3 sem. hrs. Studies the basic concepts and theories of financial management as applied to sports. Topics include financing of arenas and stadiums, compensation strategies, and the budgeting process.

SPWS 4200 Sport and Wellness in our Social Institutions/3 sem. hrs. Examines sport in social institutions and the place of sport in community-based programs, commercial culture, and educational systems. Special emphasis will be on sport and social mobility.

SPWS 4300 Sport, Wellness, and Diversity/3 sem. hrs. Studies sport from the perspective of diversity as manifested in race, gender, religion, nationalism, and philosophy. Examines how diversity is related to the growth, development, and current status of the sport experience.

SPWS 4400 Sport and Wellness Administration/3 sem. hrs. Focuses on the specific details involved in administering sport and wellness programs. Topics include insurance, ticketing, personnel evaluation, and specific logistical problems.

SPWS 4500 Sport Marketing/3 sem. hrs. Studies public attitudes as related to the marketing of sport. Topics include demographics, market research instruments, and public relations. Uses an integrated approach to marketing that explores the various media outlets.

SPWS 4800 Practicum/Field Experience I/3 sem. hrs. Provides the student with the opportunity to link theory and practice. Participating students perform, under supervision, various activities assigned by a practicing sport manager. Approval of assignment is required.

SPWS 4900 Practicum/Field Experience II/3 sem. hrs. Provides the student with the opportunity to link theory and practice. Participating students perform, under supervision, various activities assigned by a practicing sport manager. Approval of assignment is required. Prerequisite: SPWS 4800.

SPWS 4950 Practicum/Field Experience III/3 sem. hrs. Provides the student with the opportunity to link theory and practice. Participating students perform, under supervision, various activities assigned by a practicing sport manager. Approval of assignment is required.
FULL-TIME FACULTY

STEVEN E. ALFORD
Professor, Humanities
B.A., University of Texas—Austin
M.A., University of North Carolina
Ph.D., University of North Carolina

BARRY BARKER
Assistant Professor, Math, Science, and Technology
B.S., Eastern Illinois University
M.Ed., University of Delaware
M.S., University of Illinois
Ed.D., Nova Southeastern University

JERRY BARTOLOMEO
Associate Professor, Math, Science, and Technology
B.A., University of Florida
M.S., University of Florida
Ph.D., University of Florida

BARBARA BRODMAN
Professor, Humanities
B.A., University of Vermont
M.A., University of New Hampshire
M.I.B.A., Nova University
Ph.D., University of Florida

CURTIS BURNEY
Associate Professor, Math, Science, and Technology
B.S., Nebraska Wesleyan University
M.S., University of Rhode Island
Ph.D., University of Rhode Island

DIEGO CASTAÑO
Assistant Professor, Math, Science, and Technology
B.S., University of Miami
M.S., University of Miami
Ph.D., University of Florida

MARK J. CAVANAUGH
Assistant Professor, Math, Science, and Technology
B.A., Iona College
M.A., University of Notre Dame
Ph.D., University of Notre Dame

NAOMI D’ALESSIO
Director of Math, Science, and Technology/Assistant Professor
B.S., State University of New York at Albany
M.S., State University of New York at New Paltz
Ph.D., Florida International University

TIMOTHY DIXON
Assistant Professor, Humanities
B.A., University of the Pacific
M.A., University of Alabama
J.D., Santa Clara University School of Law

JAMES E. DOAN
Professor, Humanities
B.A., University of California at Santa Cruz
M.A., University of California at Los Angeles
Ph.D., Harvard University

KENNETH DOSÉ
Director of Education/Assistant Professor
B.A., University of Charleston
M.A., Nova University
Ed.D., Nova University

VELJKO DRAGOJLOVIC
Associate Professor, Math, Science, and Technology
B.Sc., University of Belgrade
Ph.D., University of British Columbia

JOSHUA S. FEINGOLD
Assistant Professor, Math, Science, and Technology
B.S., Trinity College
M.S., University of Miami
Ph.D., University of Miami

SUZANNE FERRISS
Associate Professor, Humanities
B.A., Nova University
M.A., University of Miami
Ph.D., University of Miami

ELLEN FLYNN
Assistant Professor, Social and Behavioral Sciences
B.A., Monmouth University
M.S.Ed., Monmouth University
Ed.S., Seton Hall University
Ph.D., Seton Hall University

DIMITRIOS GIARIKOS
Instructor, Math, Science, and Technology
B.S., Baldwin-Wallace College
Ph.D., University of California, Irvine
GARY GERSHMAN
Assistant Professor, Humanities
B.A., Villanova University
J.D., Villanova University
Ph.D., Duke University

ALICIA GIOVINAZZO
Coordinator of Mathematics/Assistant Professor, Math, Science, and Technology
B.S., University of Miami
M.S., University of Miami
D.A., University of Miami

NORMA MARTIN GOONEN
Professor
B.A., Florida International University
M.S., Florida International University
Ed.D., University of Florida

LINDA A. GORDON
Associate Professor, Humanities
B.A., University of Colorado
M.A., University of Colorado
Ph.D., University of Colorado

DAVID GRIFFIN
Assistant Professor, Education
A.A.S., Mohawk Valley Community College
B.A., State University of New York at Utica
M.A., State University of New York at Brockport
Ed.D., Florida International University

VIVIAN HADDAD
Lecturer, Math, Science, and Technology
B.A., University of Puerto Rico
M.S., Nova Southeastern University

LENA ETHELBERGA HALL
Associate Professor, Social and Behavioral Sciences
B.A., York University
M.A., Teacher's College, Columbia University
M.Ed., Teacher's College, Columbia University
Ph.D., University of Florida

WILLIAM HAMMACK
Assistant Professor, Math, Science, and Technology
B.S., University of Georgia
M.S., Portland State University
Ph.D., University of Illinois

XISHENG (MATTHEW) HE
Assistant Director/Professor, Math, Science, and Technology
B.S., Shanxi Teachers University
M.A., University of South Florida
Ph.D., University of South Florida

STUART HORN
Distinguished Professor, Humanities
B.B.A., City College of New York
Ph.D., City University of New York

CHRISTINE JACKSON
Professor, Humanities
B.A., University of New Hampshire
M.A., University of New Hampshire
Ph.D., State University of New York at Albany

MICHAEL JUSTICE
Assistant Professor, Social and Behavioral Sciences
B.A., University of Massachusetts—Lowell
M.A., University of North Carolina—Greensboro
Ph.D., University of North Carolina—Greensboro

JASON KARP
Lecturer, Education
B.S., Florida Atlantic University
M.S., Nova Southeastern University

EDWARD O. KEITH
Associate Professor, Math, Science, and Technology
B.S., Colorado State University
M.S., Colorado State University
Ph.D., University of California at Santa Cruz

PAUL KENISON
Associate Professor, Math, Science, and Technology
B.A., Saint Anselm College
M.S., University of South Carolina
Ph.D., Northeastern University
D.Sc., University of Massachusetts

CAROLE KURTINES-BECKER
Assistant Professor, Education
B.S., Towson State University
M.S., Johns Hopkins University
Ph.D., University of Miami

PATRICE LeBLANC
Professor, Education
B.S., Fitchburg State College
M.A., Anna Maria College
Ed.D., Boston University

MICHELLE LEONARD
Assistant Director/Assistant Professor, Education
B.A., University of Alabama
M.A., University of South Alabama
Ed.D., University of Alabama
STEPHEN LEVITT  
Assistant Professor, Humanities  
B.A., York University  
LL.B., Osgoode Hall Law School  
LL.M., University of London

LESTER LINDLEY  
Professor Emeritus, Humanities  
B.A., Southern Illinois University  
J.D., DePaul University  
M.A., University of Illinois  
Ph.D., Rice University

JAMES McCAN  
Associate Professor, Education  
P.E., Purdue University  
M.S.Ed., Purdue University  
Ph.D., Purdue University

DAVID McNARON  
Associate Professor, Humanities  
B.A., University of Alabama—Birmingham  
M.A., University of Miami  
Ph.D., University of Miami

CHARLES MESSING  
Professor, Math, Science, and Technology  
B.A., Rutgers University  
M.S., University of Miami  
Ph.D., University of Miami

RASHID MOORE  
Assistant Professor, Education  
B.A., Illinois State University  
M.A., Illinois State University  
M.A., Southern Illinois University  
Ph.D., Indiana University

MARY MULDOON  
Lecturer, Math, Science, and Technology  
B.A., State University of New York at Oswego  
M.S., Nova University

BEN MULVEY  
Director of Humanities/Associate Professor  
B.A., Florida Technological University  
M.A., Michigan State University  
Ph.D., Michigan State University

KAREN O'BROCK  
Lecturer, Math, Science, and Technology  
B.S., Indiana University  
M.S., Indiana University  
Ed.S., Nova University

ROBERT S. POMEROY  
Associate Professor, Math, Science, and Technology/  
Coordinator of Science  
B.A., University of California  
M.S., California State Polytechnic University  
Ph.D., University of Arizona

JENNIFER REEM  
Communication Program Coordinator/Instructor, Humanities  
B.S., Southwest Missouri State University  
M.S., Southern Illinois University  
Ph.D., University of Florida

MICHAEL REITER  
A ssistant Director/Assistant Professor, Social and  
Behavioral Sciences  
B.S., University of Florida  
Ed.S., University of Florida  
Ph.D., Nova Southeastern University

JOHN RIBAR  
Writing Program Coordinator/Assistant Professor, Humanities  
B.A., Rutgers University  
M.A., Rutgers University  
M.Phil., Rutgers University  
Ph.D., Rutgers University

ANDREW ROGERSON  
Professor, Math, Science, and Technology  
B.Sc., Paisley University, Scotland  
Ph.D., University of Stirling, Scotland

DON ROSENBLUM  
Associate Professor, Social and Behavioral Sciences  
B.A., University of Maryland  
M.A., Ohio State University  
Ph.D., Ohio State University

MARLISA SANTOS  
Assistant Director/Assistant Professor, Humanities  
B.A., Florida Atlantic University  
M.A., University of Miami  
Ph.D., University of Miami

EMILY SCHMITT  
Assistant Professor, Math, Science, and Technology  
B.S., Towson University  
Ph.D., University of Miami

ALLAN H. SCHULMAN  
Director of Social and Behavioral Sciences/Professor  
B.A., Temple University  
M.S., Pennsylvania State University  
Ph.D., Pennsylvania State University

ROBERT SELTZER  
Assistant Professor, Humanities  
B.A., State University of New York at Buffalo  
M.A., State University of New York at Albany  
Ph.D., State University of New York at Albany
MARVIN SEPERSO
Associate Professor, Education
M.S., University of Kansas
Ed.D., Columbia University Teacher’s College

VENKATESH (VIC) SHANBHAG
Associate Professor, Math, Science, and Technology
B.Sc., University of Bombay
M.Sc., Indian Institute of Technology
Ph.D., Nova Southeastern University

ROBIN L. SHERMAN
Associate Professor, Math, Science, and Technology
B.S., Nova Southeastern University
M.S., Nova Southeastern University
Ph.D., Nova Southeastern University

MAHMOOD S. SHIVJI
Associate Professor, Math, Science, and Technology
B.Sc., Simon Fraser University
M.A., University of California at Santa Barbara
Ph.D., University of Washington

MARCIA SILVER
Assistant Professor, Social and Behavioral Sciences
A.A., Broward Community College
B.A., Florida International University
M.S., Florida International University
Ph.D., Florida International University

DAVID S. SIMON
Associate Professor, Math, Science, and Technology
B.S., Ohio State University
M.A., Johns Hopkins University
Ph.D., Johns Hopkins University

LYNN T. SLOSSBERG
Coordinator of Paralegal Programs/Assistant Professor, Social and Behavioral Sciences
B.A., Tulane University
M.A., Johns Hopkins University
J.D., George Washington University

DONALD SMITH
Lecturer, Math, Science, and Technology
B.S., University of Michigan
M.S., University of Michigan

RICHARD SPIELER
Professor, Math, Science, and Technology
B.A., University of Maryland
B.S., Arkansas State University
M.S., Arkansas State University
Ph.D., Louisiana State University

DENNIS STETTER
Assistant Professor, Education
B.S., University of Illinois—Chicago
M.S., McGill University—Montreal
M.E.A., McGill University
Ph.D., Nova Southeastern University

EDWIN STIEVE
Associate Professor, Humanities
B.A., Valparaiso University
M.A., Valparaiso University
Ph.D., Michigan State University

ELIZABETH SWANN
Assistant Professor, Math, Science, and Technology
B.S./ESS, Southwest Texas State University
M.A., University of Texas
Ph.D., University of Southern Mississippi

RAISA SZABO
Associate Professor, Math, Science, and Technology
B.A., Bryn Mawr College
M.A., Brandeis University
Ph.D., Brandeis University

JAMES D. THOMAS
Professor, Math, Science, and Technology
B.S., Louisiana State University
M.S., Louisiana State University
Ph.D., Florida Institute of Technology

KAREN TOLCHIN
Assistant Professor, Humanities
B.A., Valparaiso University
M.A., Valparaiso University
Ph.D., University of Nebraska at Lincoln

KATHLEEN J. WAITES
Professor, Humanities
B.A., Holy Family College
M.A., Villanova University
Ph.D., University of Nebraska at Lincoln

LYNN WOLF
Assistant Professor, Humanities
B.A., University of Miami
M.A., Florida Atlantic University
Ph.D., University of Miami

CHARLES L. ZELDEN
Assistant Professor, Humanities
B.A., Washington University
M.A., Washington University
Ph.D., Rice University

FUZHEN ZHANG
Assistant Professor, Math, Science, and Technology
B.Sc., Shenyang Teacher's College
M.A., Beijing Normal University
Ph.D., University of California at Santa Barbara
ADMINISTRATION

NORMA MARTIN GOonen
Dean/Professor
B.A., Florida International University

Manager of Advertising
B.S., Nova Southeastern University
M.S., Nova Southeastern University

JODI GRACEY
Coordinator of Clinical Experiences, Education

AMY GRACHOW
Admissions Counselor
B.A., Queens College

JANINE HRADSKY
Admissions Counselor
B.S.Ed., University of Wisconsin, Whitewater
M.A., Mount Mary College

COLLEEN CONROY JENNINGS
Enrollment Representative—Orlando
B.A., St. Vincent College

SHANE KELLEDY
Admissions Counselor
B.S., Nova University
M.B.A., Nova University

JEFF KENNEDY
Enrollment Representative
B.S., Florida Atlantic University

LIZA LETTIE
Enrollment Project Coordinator, Education
B.S., Mansfield University

ALLA LEVIN
Academic Advisor/Health Professions Specialist, Math, Science, and Technology
A.A., Miami-Dade Community College
B.A., University of Miami
M.A., University of Miami

GAIL LEVINE
Coordinator of Main Campus Tutoring
B.A., University of Florida
M.S., Barry University
Ed.S., Barry University

PAULA MARCUS
Academic Program Manager—West Palm Beach
B.A., Rutgers University
M.S., Western Connecticut State University

MAXINE MARSHALL
Admissions Counselor
B.S., University of the District of Columbia

STACY MERMIGAS
Coordinator of Transfer Articulation Systems
B.A., Florida Atlantic University

JAMIE METTLER
Academic Program Manager—Kendall
B.A., Bowling Green State University
M.A., Ball State University

JENNIFER MILES
Director of Student Development and Retention
B.S., Florida State University
M.A., University of Alabama
Ed.D., University of Alabama

RANDI MILETSKY
Assistant Director of Prior Learning Assessment
B.A., Brooklyn College
M.B.A., Nova University

SUSAN MILLS
Assistant Director of Academic Services
B.A., Marymount Manhattan College
M.Ed., University of Miami

KARIN MOORE
Matriculation Manager, Education

M.S., Troy State College
ABOUT NOVA SOUTHEASTERN UNIVERSITY

Nova Southeastern University, originally chartered by the state of Florida in 1964 as Nova University of Advanced Technology, comprises 16 centers, colleges, and schools offering associate's, bachelor's, master's, educational specialist, and doctoral degree programs, as well as postgraduate education. The Farquhar College of Arts and Sciences offers undergraduate education and University School, a demonstration school, serves children from early childhood through high school. The university also offers nondegree continuing education and certificate programs.

In 1994, Nova University merged with Southeastern University of the Health Sciences to become Nova Southeastern University. The institution gained programs in the health professions (osteopathic medicine, optometry, pharmacy, dental medicine, medical sciences, and allied health) as a result of this union.

From its beginning, the university has distinguished itself by its innovative outlook; its unique programs, which provide both traditional and nontraditional choices in education; and its multidisciplinary research aimed at solving problems of immediate concern to mankind.

The main campus of Nova Southeastern University is located on a 300-acre site west of Fort Lauderdale, Florida, at 3301 College Avenue.

The provisions set forth in this document are not to be regarded as an irrevocable contract between the student and Nova Southeastern University. Regulations and requirements, including tuition and fees, are necessarily subject to change without notice at any time at the discretion of the administration. The university further reserves the right to require a student to withdraw at any time, as well as the right to impose probation on any student whose conduct is unsatisfactory. Any admission based on false statements or documents is void upon discovery of the fraud, and the student is not entitled to any credit for work that he or she may have done at the university. Upon dismissal or suspension from the university for cause, there will be no refund of tuition and fees. The balance due Nova Southeastern University will be considered receivable and will be collected.

A transcript of a student's academic record cannot be released until all of his or her accounts, academic and nonacademic, are paid.

Any Nova Southeastern University student has the right to inspect and review his or her educational record. The policy of the university is not to disclose personally identifiable information contained in a student's educational record without prior written consent from the student, except to university officials, to officials of another school in which the student seeks enrollment, to authorized representatives of federal or state agencies, to accrediting organizations, to parents of dependent students, under judicial order, to parties in a health or safety emergency, or when verifying graduation with a particular degree.

A student has the right to petition Nova Southeastern University to amend or correct any part of his or her educational record that he or she believes to be inaccurate, misleading, or in violation of the privacy or other rights of students. If the university decides it will not amend or correct a student's record, the student has a right to a hearing to present evidence that the record is inaccurate, misleading, or in violation of the privacy or other rights of students.

If these rights are violated, a student may file a complaint with the Department of Education. A student may obtain a copy of the Educational Privacy Act policy by requesting it in writing from the Office of the University Registrar, Nova Southeastern University, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796. A schedule of fees and a listing of the types and locations of educational records are contained in this policy.

Nova Southeastern University does not discriminate on the basis of disability, sex, race, religion, or national or ethnic origin in admission, access, or employment for any of its programs and activities. The university registrar and director of human resources have been designated as student and employee coordinators, respectively, to ensure compliance with the provisions of the applicable laws and regulations relative to nondiscrimination.

The school is authorized under federal law to enroll nonimmigrant alien students.

Nova Southeastern University programs are approved for the training of veterans and other eligible persons by the Bureau of State Approval for Veterans' Training, Florida Department of Veterans' Affairs. Eligible veterans and veterans' dependents should contact the Office of the University Registrar, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796, telephone (954) 262-7236 or toll free 800-541-6682, ext. 7236.

**NSU POLICIES GOVERNING STUDENT RELATIONS**

**General**

Nova Southeastern University has established specific policies, procedures, and guidelines defining its relationship with its students. The term "student" as used in this catalog defines the student, or parents of the student if the student qualifies as a dependent under the provisions of the Internal Revenue Code.

**Institutional and Academic Information**

Nova Southeastern University and its composite academic units periodically publish bulletins or catalogs describing the university and its academic programs. These bulletins are available to enrolled and prospective students through the various admissions offices associated with the academic units or from the Office of the University Registrar. Each academic unit, group of units, and/or the Office of the University Registrar maintain at least one full-time employee to assist all students in obtaining information.

**Financial Aid**

The Office of Student Financial Assistance administers Nova Southeastern University's financial aid programs, which include grants, loans, scholarships, and student employment. The purpose of these programs is to provide monetary assistance to qualified students to meet their educational objectives. In addition, professional financial aid counselors can help students plan the most efficient use of financial resources for their education.

Underlying the awarding of financial assistance is the philosophy that the student and his/her family have the primary responsibility for contributing, from earnings and savings, toward the student's college education. Financial aid serves as a supplement to the student's contribution. Students do not have to be admitted to apply for financial aid; however, they must be registered in order for financial aid funds to be disbursed.
Applying for Financial Aid
In order to receive financial aid, students must complete the Free Application for Federal Student Aid (FAFSA). Students may begin the application process in early January. In addition to the FAFSA, students must complete and submit the NSU Application for Student Aid to the Office of Student Financial Assistance. The earlier students apply, the better their chance of receiving maximum funds. The priority deadline to receive most of our campus-based financial aid is April 15, 2003 (for the 2003-2004 academic year). In most cases, students must demonstrate financial need, which is determined through the Federal Methodology based on information provided on the FAFSA.

There are several ways to submit the FAFSA. The fastest way to apply is electronically through the Department of Education’s Web site at www.fafsa.ed.gov or on the NSU financial aid Web site at www.nova.edu/cwis/finaid. By applying on the Web, students lessen the chance of errors due to built-in edits, and the processing time for receipt of the Student Aid Report (SAR) Acknowledgement Form is reduced to one or two weeks. Students may also apply on the paper FAFSA, which has a turnaround time of three to four weeks. Students may request a FAFSA from the high-school guidance office, college financial aid office, or public library or by calling the Federal Student Aid Information Center at 800-433-3243 or on the Web. Students who received financial aid in 2002-2003 will receive a Personal Identification Number (PIN) in order to complete the renewal FAFSA, which has a reduced number of items to complete. The PIN eliminates the need for students to submit a signature page (parents of dependent students must still send a signature page). The NSU financial aid Web site contains tips on completing the FAFSA and other relevant financial aid information including related Web sites. In order to avoid errors, please read instructions and use the correct income tax return when completing the FAFSA.

It is very important that students complete all forms correctly and respond promptly to all inquiries in order to prevent delays in processing. Awards are made only for the academic year and are available each January for the following academic year. The deadline for receipt of the FAFSA by the Central Processor is July 1, 2003, for the 2003-2004 academic year. There is no exception to the deadline. However, to assure that financial aid is processed on time, it is recommended that students send the FAFSA at least two weeks before the deadline.

The Office of Student Financial Assistance staff is always willing to assist students in understanding the financial aid process. For additional information, students may use the financial aid Web site at www.nova.edu/cwis/finaid or call 800-806-3680.

General Eligibility Criteria
Students applying for most financial aid programs must meet the following eligibility criteria:

- Be a U.S. citizen, national resident, or permanent resident
- Be enrolled or accepted for enrollment as a regular student working toward a degree or certificate in an eligible program at NSU
- Have a valid Social Security number
- Have a high-school diploma/GED/certificate of completion of a home-study program recognized by the student’s home state
- Make satisfactory academic progress toward a degree
- Establish financial need
- Register for Selective Service, if required
- Sign a statement on the FAFSA certifying they will use federal student aid only for educational purposes
- Not be in default on a federal student loan or owe a repayment on a federal student grant
- Be enrolled at least half time to be eligible for Federal Family Education Loan (FFEL) Stafford Loan funds
- Not be convicted of an illegal drug offense

International Students
International students who intend to reside in the United States and who are required to obtain an I-20 Certificate of Eligibility are permitted to take online courses only after they have satisfied the minimum requirement of 12 credits on the Fort Lauderdale, Florida main campus. For further information, contact the International Student Adviser, Nova Southeastern University, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796, telephone (954) 262-7240 or toll free 800-541-6682, ext. 7240.

Veterans’ Benefits
Nova Southeastern University programs are approved for the training of veterans and other eligible persons by the Bureau of State Approval for Veterans’ Training, Florida Department of Veterans’ Affairs. Eligible veterans and veterans’ dependents should contact the Office of the University Registrar, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796, telephone (954) 262-7236, or toll free 800-541-6682, ext. 7236.

Notice of Nondiscrimination
Nova Southeastern University admits students of any race, color, sex, age, nondisqualifying disability, religion or creed, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.
The Office of the University Registrar is designated as the policy coordinator to ensure compliance with all federal, state, and local laws and regulations relative to nondiscrimination.

**Grievances**

When questions about procedures, decisions, or judgments occur, counseling is available for discussion and resolution of differences. Students may also have recourse to more formal avenues of appeal and redress. Grievance procedures are explained in the “Problem Resolution Procedures” section of this catalog.

**Student Publications**

Nova Southeastern University, as publisher, bears the legal responsibility for the contents of student publications. In the delegation of editorial responsibility to students, the university provides sufficient editorial freedom for the student publications to maintain their integrity of purpose as vehicles of free inquiry and free expression in the Nova Southeastern University academic community.

The delegated editorial freedom of student editors and managers is subject to corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo.

As safeguards for the delegated editorial freedom of student publications, the following provisions are made:

1. The student press shall be free of censorship and advance approval of copy, and its editors and managers shall be free to develop their own editorial policies and news coverage.
2. Editors and managers of student publications shall be protected from arbitrary suspension and removal because of student, faculty, administrative, or public disapproval of editorial policy or content. Only for proper and stated causes shall editors and managers be subject to removal, and then by orderly and prescribed procedures.
3. All university published and financed student publications shall explicitly state on the editorial page that the opinions therein expressed are not necessarily those of Nova Southeastern University or of the student body.

**Student Participation in University Governance**

In furtherance of its commitment to teaching and learning, Nova Southeastern University encourages student participation in institutional decision making.

Within each center, elected student government bodies provide vehicles for student expression of views and opinions on issues of institutional policy. Officers of the student government are members of the President’s Student Advisory Committee, which meets monthly with the president and appropriate senior administrative staff to discuss university matters of general interest to the student body.

Additionally, students are regularly appointed to committees, task forces, and ad hoc groups dealing with issues of concern to students, including appointment to each self-study subcommittee.

**ADA Policy Statement**

Nova Southeastern University complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. No qualified individual with a disability shall be excluded from participation in or be denied the benefits of the services, programs, or activities of the university, or be subjected to discrimination by reason of his or her disability. For additional information on the university ADA policy and obtaining reasonable accommodations, please contact the ADA coordinator of the applicable center or program.

**COMMUNICABLE DISEASES POLICY**

It is the intent of the university to protect students and employees from exposure to communicable diseases that pose reasonable risk of harm to members of the university community. It is also the intent of the university to protect the rights of those infected with a communicable disease pursuant to the Sick Leave Policy of the university. Employees and students of the university who do become infected with a communicable disease are subject to the guidelines listed below.

All employees diagnosed with any communicable disease will receive the same benefits and privileges extended to any employee under the Sick Leave Policy and shall be afforded confidentiality for all related issues.

The university will be flexible in its response to incidents of communicable disease, evaluating each occurrence in light of this policy and current available medical information.

**Policy Guidelines**

1. For the purpose of this policy, the term “employee” shall include all persons employed by the university, either full time or part time, including adjuncts and off-site coordinators, but shall not include the following persons:
   a. members of the board of trustees
   b. guest lecturers
   c. vendors

The term “student” shall include all persons enrolled at the university, either part time or full time, from preschool through graduate studies.

The term “infected person” shall include students and employees who have been medically diagnosed as infected with a communicable disease.

In the event that any employee, administrator, or student has a concern about the potential for the spread of a communicable disease within the university community, those concerns...
should be brought to the assistant director of human resources for review consistent with the current available information on the spread of the particular communicable disease. After review and evaluation of the concerns, if there appears to be a reasonable likelihood of the spread of the disease within the university community by an infected person, the assistant director of human resources will, after notification of the issues presented to the university president, contact the Broward County Health Department for recommendations of appropriate action consistent with state law.

The university will make available to its employees and students information about the transmissibility of communicable diseases and precautions that can be taken to prevent the spread of various communicable diseases.

2. An infected person can continue to work and study as long as he or she is able to continue to perform regular responsibilities satisfactorily, and as long as the best available medical evidence indicates that his or her continued status does not present a health or safety threat to self or others. Infected employees with diseases that threaten the safety of others are eligible for the same leave of absence provisions of current university policy for sick or annual leave as other employees.

3. An infected person returning to work or school after a leave of absence for reasons related to a communicable disease must provide a statement from his or her treating physician indicating current medical status. An employee shall submit the physician’s statement to the director of human resources or a delegated representative. Students shall submit their statement to their program dean.

4. Within reason, the university shall make accommodations for the infected persons, whenever possible, to ensure continuity in employment or in the classroom. Such measures may include, subject to administrative limitations, job reassignment or class reassignment to place the infected person in a less demanding position.

5. No infected person (employee or student) may be dismissed from the university solely on the basis of a diagnosis of an infection of a contagious disease. A decision to dismiss or discharge will only be made after reasonable accommodation has been attempted and an examination of facts demonstrates that the infected person can no longer perform as required or poses a reasonable threat to the health and safety of those around him or her.

6. Disciplinary measures are available to the university when any employee fails or refuses to work at his or her assigned job with an infected person who has not been deemed to pose a current health or safety threat to self or others. Student disciplinary measures shall range from counseling to expulsion.

7. As with any medical condition, employees must not disclose information regarding another employee or student to anyone except those employees with a medical or administrative need to know. The university shall take every precaution to ensure that confidentiality is maintained. Breach of such confidentiality by any employee shall result in disciplinary action.

#### POLICY ON SEXUAL HARASSMENT

It is the intent of Nova Southeastern University to protect all employees and students from sexual harassment. Sexual harassment is a violation of Title VII. Sexual harassment undermines the integrity of the employment and academic environment, debilitates morale, and interferes with the effectiveness of employees and students. In accordance with Equal Employment Opportunity Commission promulgated guidelines, unwelcome sexual advances, unwanted requests for favors of a sexual nature, and any other verbal or physical conduct of a sexual nature are considered sexual harassment if

- explicit or implicit submission to sexual overtures is made a term or condition of employment
- employment decisions are made on the basis of whether submission to or rejection of sexual overtones occurred
- an individual’s work performance is unreasonably interfered with by a sexually intimidating, hostile, or offensive atmosphere

#### A. Nova Southeastern University, sexual harassment of or by employees includes

1. Unwelcome or unwanted sexual advances. This includes unwelcome physical contact or sexual advances considered unacceptable by another individual.

2. Requests or demands for sexual favors. This includes subtle or blatant pressures or requests for any type of sexual favor accompanied by an implied or stated promise of preferential treatment or negative consequence concerning one’s employment status.

3. Verbal abuse that is sex oriented or considered unacceptable by another individual, as well as sexually derogatory comments. This includes comment about an individual’s body or appearance when such comments go beyond mere courtesy; telling jokes that are clearly unwanted and considered offensive by others; or other tasteless, sexually oriented comments or innuendoes or actions that offend others.

4. Engaging in any type of sexually oriented conduct that would unreasonably interfere with another’s work performance. This includes extending unwanted sexual attention to someone that reduces personal productivity or time available to work at assigned tasks.

5. Creating a work environment that is intimidating, hostile, or offensive because of unwelcome or unwanted sexually oriented conversations, suggestions, requests, demands, physical contacts, or attentions.
Nova Southeastern University will not tolerate sexual harassment. Sexual harassment is an insidious practice. It demeans individuals being treated in such a manner and creates unacceptable stress for the entire organization. Persons harassing others will be dealt with swiftly and vigorously.

Normal, noncoercive interaction that is acceptable to both parties is not considered to be sexual harassment.

All allegations of sexual harassment of or by an employee, client, or vendor will be promptly and thoroughly investigated by the human resources department and should be reported promptly to the director of human resources.

B. At Nova Southeastern University, sexual harassment of students by employees is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when
1. submission to such conduct is made to appear to be a term or condition of enrollment, attendance, or participation in a class
2. submission to or rejection of such conduct affects academic decisions
3. such conduct has the purpose or effect of unreasonably interfering with a student's academic performance or creating an intimidating, hostile, or offensive academic environment and can include
   • unwelcome patting, pinching, or touching
   • offensive or demeaning sexual remarks, jokes, or gestures

Students aggrieved by a violation of this policy may file a grievance under their center's grievance procedure.

Any employee who violates any portion of this policy shall be subject to disciplinary action.

At Nova Southeastern University, romantic and sexual relationships between a faculty member and a student are subject to the prohibition against sexual harassment.

Romantic or sexual relationships between a faculty member and a student then enrolled in the faculty member's class (including supervised student activities for which academic credit is given) may appear to be coercive and are discouraged. Even when no coercion is present, such relationships create an appearance of impropriety and favoritism that can impair the academic experience of all students in that class. It is, therefore, improper conduct for a faculty member to engage in a romantic or sexual relationship with a student then enrolled in the faculty member's class.

POLICY ON THE ACCEPTABLE USE OF COMPUTING RESOURCES

This policy provides guidelines for the appropriate and inappropriate use of the computing resources of Nova Southeastern University (NSU). It applies to all users of the university's computing resources, including students, faculty members, staff members, alumni, and guests of the university. Computing resources include all computers, related equipment, software, data, and local area networks for which the university is responsible, as well as networks throughout the world to which the university provides computer access.

The computing resources of NSU are intended to be used for its programs of instruction and research and to conduct the legitimate business of the university. All users must have proper authorization for the use of the university's computing resources. Users are responsible for seeing that these computing resources are used in an effective, ethical, and legal manner. Users must apply standards of normal academic and professional ethics and considerate conduct to their use of the university's computing resources. Users must be aware of the legal and moral responsibility for ethical conduct in the use of computing resources. Users have a responsibility not to abuse the network and resources and to respect the privacy, copyrights, and intellectual property rights of others.

In addition to the policy contained herein, usage must be in accordance with applicable university policies (see subheading “Related Policies”) and applicable state and federal laws. Among the more important laws are the Florida Computer Crimes Act, the Federal Computer Abuse Amendment Act 1994, the Federal Electronic Communications Privacy Act, and the U.S. Copyright Act. Copies of these laws and the NSU Copyright Policy may be examined in the Office of Academic Affairs.

Policy violations generally fall into five categories that involve the use of computing resources:

1. For purposes other than the university's programs of instruction and research and the legitimate business of the university
2. To harass, threaten, or otherwise cause harm to specific individuals or classes of individuals
3. To impede, interfere with, impair, or otherwise cause harm to the activities of others
4. To download, post, or install to university computers or transport across university networks material that is illegal, proprietary, in violation of license agreements, in violation of copyrights, in violation of university contracts, or otherwise damaging to the institution
5. To recklessly or maliciously interfere with or damage computer or network resources or computer data, files, or other information
Examples (not a comprehensive list) of policy violations related to the preceding five categories include:

- Using computer resources or information/data gained from computer resources for personal or any other unauthorized reasons
- Sending email or matters not concerning the legitimate business of the university
- Sending an individual or group repeated and unwanted (harassing) email or using email to threaten someone
- Accessing or attempting to access another individual’s data or information without proper authorization (e.g., using another’s computing account and password to look at his/her personal information)
- Creating or forwarding or in any way participating in the distribution of electronic chain mail, pyramid schemes, or sending forged or falsified email
- Obtaining, possessing, using, or attempting to use someone else’s password, regardless of how the password was obtained
- Copying a graphical image from a Web site without permission
- Posting a university site-licensed program to a public bulletin board
- Using illegally obtained licensed data/software or using licensed data/software in violation of their licenses or purchase agreements
- Releasing a virus, worm, or other program that damages or otherwise harms a system or network
- Preventing others from accessing services
- Attempting to tamper with or obstruct the operation of NSU’s computer systems or networks
- Using or attempting to use NSU’s computer systems or networks as a means for the unauthorized access to computer systems or networks outside the university
- Viewing, distributing, downloading, posting, or transporting child or any pornography via the Web, including sexually explicit material for personal use that is not required for educational purposes
- Using university resources for unauthorized purposes (e.g., using personal computers connected to the campus network to set up Web servers for illegal, commercial, or profit-making purposes)
- Violating federal copyright laws or the NSU Copyright Policy

Inappropriate conduct and violations of this policy will be addressed by the appropriate procedures and agents (e.g., the Office of the Dean, the Office of the Chief Academic Officer, or the Office of Human Resources) depending on the individual’s affiliation to the university. In cases where a user violates any of the terms of this policy, the university may, in addition to other remedies, temporarily or permanently deny access to any and all NSU computing resources and appropriate disciplinary actions may be taken, up to and including dismissal.

DRUG-FREE CAMPUS POLICY

In order to comply with the Drug-Free Schools and Communities Act (Pub.L. No. 101-226, Title 34 C.F.R., part 86), NSU has adopted the following policy for all workplace, school, campus, and field-based programs:

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs and the abuse of alcohol are prohibited in and on NSU owned or controlled property and as a part of any of its activities. The term “illicit drugs” refers to all illegal drugs and to legal drugs obtained or used without a physician’s order. It does not prohibit the use of prescribed medication under the direction of a physician. No NSU employee or student is to report to work or school while under the influence of illicit drugs or alcohol. There are serious health risks associated with the abuse of drugs and alcohol. If you, a fellow student, teacher, or coworker has a problem with abuse of drugs and/or alcohol, help can be provided at the following locations:

On Campus:
NSU Student Counseling Service
Farquhar Center Annex, Suite 200
(954) 262-7301

NSU Community Mental Health Center
Davie (954) 262-5730
Lauderdale Lakes (954) 262-5663

Community:
Department of Children and Families
Substance Abuse Program Office
1317 Winewood Boulevard, Bldg. 6, Third Floor
Tallahassee, Florida 32399-0700
(850) 487-2920

When you use or deal in drugs, you also risk incarceration and/or fines. In addition to federal sanctions, Florida State Statutes provide sanctions in regard to the use, possession, and/or sale of illicit drugs and the abuse of alcohol. Punishment varies depending on the amount and type of drug and/or alcohol involved. Felony convictions range from one year to life imprisonment. Possession of not less than 20 grams of cannabis is punishable as a misdemeanor of the first degree. Punishment for a misdemeanor ranges from less than 60 days to one year imprisonment.

Under § 893.13, Florida Statutes: It is unlawful for any person to sell, purchase, manufacture, deliver, or to possess with the intent to sell, purchase, manufacture, or deliver a controlled substance. Violation of this statute is a felony, and is punishable under Chapter 775 of the Florida Statutes.
Under §893.13(1)(e), Florida Statutes: It is unlawful for any person to sell, purchase, manufacture, deliver, or to possess with the intent to sell, purchase, manufacture, or deliver controlled substance in, on, or within 1,000 feet of a public or private elementary, middle, or secondary school. Punishment for a violation of this statute may include a minimum three-year imprisonment.

Under §316.1936, Florida Statutes: It is unlawful for any person to possess an open container of alcoholic beverage while operating a vehicle in the state, or while a passenger in or on a vehicle being operated in the state. Violation of this law will result in a noncriminal moving traffic violation, punishable as provided in Chapter 318 of the Florida Statutes, with fines and points on a driving record leading to driver's license suspension.

Under §316.193, Florida Statutes: A person is guilty of driving under the influence if such a person is driving or in actual physical control of a vehicle within the state and the person is under the influence of alcoholic beverages or any controlled substance when affected to the extent that his or her normal faculties are impaired or the person has a blood alcohol level of .08 percent or higher. First conviction on such a DUI charge shall result in a fine not less than $250 or more than $500 and imprisonment not more than six months. Second conviction results in a fine of not less than $500 or more than $1,000 and not more than nine months imprisonment. Third conviction will result in not less than $1,000 fine or more than $2,500 fine and imprisonment for not more than 12 months.

By applying for a driver's license and accepting and using a driver's license, a person holding the driver's license is deemed to have expressed his or her consent to submit to breath, blood, and urine tests for alcohol, chemical substances, or controlled substances.

NSU requires that an employee notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction. In order to comply with federal law, NSU must notify any federal contracting agency within 10 days of having received notice that any employee engaged in the performance of a federal contract or grant has had a criminal drug statute conviction for a violation occurring in the workplace. A ny criminal drug convictions in the workplace must be reported by the employee to his or her university supervisor or department head within five days of the date of such conviction. The university will discipline any employee who is so convicted, or require the employee's satisfactory participation in a drug/alcohol abuse assistance or rehabilitation program within 30 days' notice of such conviction.

Any NSU employee or student determined to have violated this policy shall be subject to referral for prosecution by the appropriate authorities. Other sanctions include evaluation/treatment for drug use disorder, which may include mandatory completion of a drug/alcohol abuse rehabilitation program, expulsion, and/or termination.

A ll NSU faculty and staff members will, as a condition of their employment, abide by the terms of this policy. A ll NSU students will, as a condition of their enrollment, abide by the terms of this policy.

A lcohol and Other Drugs
Nova Southeastern University, as an institution of higher education, is dedicated to the well being of all members of the university community—students, faculty, staff, and administrators. Concerned with the misuse of alcohol and other drugs (both licit and illicit), the university endeavors to prevent substance abuse through programs of education and prevention.

The university recognizes alcoholism and drug abuse as illnesses or treatable disorders, and it is the university's policy to work with members of the university community to provide channels of education and assistance. However, it is the individual's responsibility to seek help. The university also recognizes that the possession and/or use of certain substances is illegal, and the university is obligated to comply with local, state, and federal laws.

While on campus or engaged in any university-related activity, members of the university community must be in a fit condition to perform appropriately. Being under the influence of alcohol and/or drugs is prohibited and may subject the individual to disciplinary action, including the possibility of dismissal.

Employees will be evaluated only on their work performance. If alcohol consumption or the use of any other drug affects an employee's performance, assistance is available. However, if an employee's performance continues to deteriorate, the university will discipline the employee based on his or her job performance. Poor job performance will lead to discharge.

Professional assistance for substance abuse is given on a confidential, professional, and voluntary basis. The purpose of this assistance is to help the individual member of the university community who has a substance abuse problem lead a productive and/or academic life free of substance abuse.

Members of the university community who engage in any illegal activity involving alcohol or other drugs are subject to dismissal.

Substance Abuse Awareness, Education, and Prevention
Nova Southeastern University's activities in substance abuse awareness, education, and prevention exist to encourage members of the university community to avoid the use of illicit drugs, to use alcohol and other licit drugs in a responsible manner, and to avert the need for direct intervention. The specific goals of the program are the following:

• to educate all members of the community that the use and
possession of certain substances are illegal and may result in adverse consequences
• to inform members of the university community concerning the physical and psychological effects of alcohol and other drugs and to develop an awareness of potential problems that can result from the use of these substances
• to support those who choose not to drink alcohol or to use other drugs
• to teach those who choose to drink alcohol to do so responsibly
• to help those who abuse alcohol or other drugs

In order to achieve these goals, the university operates and/or engages in the following programs and activities:

A lcohol and Drug Resource Center. The resource center is directed by an existing staff member. Additional staff consists of student employees, practicum students, and/or student volunteers. The center has the primary responsibility for the university's prevention and education programs. It coordinates the various activities and serves as a clearinghouse for alcohol and drug information. Each academic center designates a contact person who works with the center's staff to disseminate information within their centers.

A dvisory Committee. This is a group of administrators, faculty members, and student leaders who are appointed by the vice president for academic affairs to serve as advisers and resource persons. The committee is chaired by the director of the A lcohol and Drug Resource Center. The group meets monthly to discuss and develop program plans and activities.

A lcohol and drug awareness activities. Under the direction of the resource center, there are regular and ongoing activities designed to disseminate information about alcohol and drug use. The target audience includes all students, employees, and faculty members of the university, both on and off campus. The awareness activities can include posters, media campaigns, films, exhibits, and literature. The university supports National A lcohol A wareness W eek and schedules activities at that time to promote awareness on campus.

Student organizations. The student governments are encouraged to establish chapters of organizations such as B A C C H U S (Boost A lcohol C onsciousness Concerning the H ealth of U niversity Students) and S A D D (Students A gainst D runk D riving).

A lcohol and drug workshops. Workshops are provided for student leaders and for employees as part of the university's staff-development program. These workshops provide the opportunity for participants to discuss the information they receive. Student leaders are required to complete such workshops before they can plan parties that involve drinking.

A dditionally, several academic centers have established elective courses in substance abuse and/or recommend students to take such courses in other centers. A resource is available to the academic centers from the A lcohol and Drug Resource Center to ensure that the substance abuse content of courses is consistent with university policies.

Orientation. A cademic centers include information on drugs and alcohol in the orientation sessions and materials for new students. The orientation provides a general introduction to the problems of substance abuse and includes a statement of the university's policy on drugs and alcohol. The information is presented in a positive manner. The resource center works with the academic centers to prepare the materials presented.

S M O K I N G

Smoking is prohibited in any Nova Southeastern University facility where, regardless of physical separation, nonsmokers share a ventilation system with smokers.

This policy does not apply to living quarters (residence halls), which are subject to a separate smoking policy. Nor does this policy in any way supersede the Florida Clean Indoor Air Act.

P A R E N T / L E G A L G U A R D I A N N O T I F I C A T I O N P O L I C Y

University personnel may, at times of extreme concern for a student's welfare, notify parent(s) or legal guardian(s) of students under 21 years of age in writing and/or by phone when alcohol or drug violations of university policy occur.

E M E R G E N C Y E V A C U A T I O N P R O C E D U R E S

1. A ll employees and students must calmly exit the building, using the stairway exits.

2. Do not use elevators; they should be inoperable once a pull station has been alarmed. In the event of a fire, people using the elevator could become trapped.

3. Individuals with certain physical disabilities may require assistance in evacuating the building. In an actual emergency, students with certain mobility impairments may want (or need) to wait in a closed stairwell for rescue by fire department personnel and/or campus public safety officials. If this is the case, please be sure the stairwell is closed and notify fire or campus public safety representatives immediately. Always ask students with physical disabilities what support they may need, which may include other means of exiting the building with assistance by others.
4. Once out of the building, do not go back in. The fire chief is the only one who can authorize re-entry.
5. Keep out of the lobby and clear of emergency vehicle routes. You must remain a safe distance from the building (50 feet minimum).

HURRICANE POLICY

In the event of a hurricane watch or warning, or other emergency situation, the president of NSU will decide whether the university will be closed. Students should tune in to the radio and television stations listed below for status reports.
