ONP To Conduct Workshops

The Office of New Programs, Robert L. Burke, Ed.D., Director, has requested to conduct two Intensive Workshops in Computer Education for Broward County teachers on Tuesday, November 15, 1980. Microcomputer systems are widely used in schools throughout the United States for both instructional and administrative purposes. Broward County has recognized the need for today's teachers and administrators to become "computer literate," and has actively supported the use of microcomputers in the school system.

Dr. Burke and Frederick Kallisch, M.S., Microcomputer Laboratory Coordinator, will conduct the county-wide workshops in two specific discipline areas: mathematics and business education.

The morning workshop, which is being offered for Mathematics teachers at the request of Lawrence Wartner, Broward County Schools Mathematics Supervisor, will be held at Piper High School. The session will consist of discussions and demonstrations of compact software as it applies to the mathematics classroom. A software "swap shop" will also be held during this session. Teachers throughout the county will have the opportunity to "swap" software that they have developed for use in Broward County Schools.

The afternoon workshop, which is being offered for Business Education teachers at the request of Alice Hill, Vocational, Technical, and Adult Education Supervisor, will be held at Northeast High School. This workshop will provide a means for business education teachers to become more "computer literate". Topics to be covered will include word processing software and career opportunities. Open House at ICS

The Institute of Coast Studies and the Master of Science Degree in Coastal Zone Management Program will hold an open house Tuesday, December 2, at 3 p.m. at the Ocean Reef Inn, 12311 S.W. 105th Avenue.

Dr. Charles Finkle Jr., Director of the Institute, will explain the Program, and talk about possible solutions to the problems that face all of us in managing our coastal zone intelligently.

For further information and reservations, call Dr. Finkle at 473-7484.

You're Invited

The Gold Coast Chapter of the American Society for Public Administration invites all Nova faculty and students to its monthly meetings. A program of "speakers" is arranged for each meeting. The meeting session and announcements sent to Nova two weeks prior to the meeting. These sessions are scheduled to be either a luncheon or dinner meeting.

For anyone interested in more information, call Dr. Finkle at 473-7484.

Archibald Cox To Speak On Government Politics

Archibald Cox, former U.S. Attorney General, will speak at the University of Florida on March 20. He is the founding dean of Harvard Law School and a member of the Harvard law faculty. Cox served as a member of the federal government from 1932 to 1976. He is a recognized expert on government and politics and is known for his contributions to the legal profession.

CLE Is Moving In New Directions

Nova's ever-growing Continuing Legal Education Department, directed by Roland Griffith, is moving into the classroom for a series of eight one-night workshops, and offering three seminars in different parts of the state — all within the next six months.

The courses, which began January 1981, are: Anatomy of a Trial, Article Brief Writing, Compensation Planning, Taxation of Business Enterprises, Basic Probate Practice, Immigration, Products Liability: The Nu's and Risks of Handling a Case, and Florida Real Estate Practice. "This is the start of a new kind of CLE programming designed to better meet the needs of the legal community," said Dean Oral Lewis. "All these courses are so successful as we anticipate, we'll be offering more programs of a similarly innovative nature.

CLE is also holding seminars on Legal Negotiation, Bankruptcy, and Divorce. "Effective Legal Negotiation," featuring Prof. Ronald R. Williams, Brigham Young University, J. Rodney Clark Law School, will be given in Tampa on Jan. 23 and in Hollywood on Nov. 14.

"Bankruptcy," featuring David S. Giesler, Dean of the University of Arkansas School of Law, will be held in Fort Lauderdale on Nov. 20, and in Orlando on Nov. 21.

"Divorce. The Family In Transition" will be at the Dutch Inn, Walt Disney World, Orlando, Dec. 3 and 4. The faculty includes Virginia Sattar, noted family therapist; D.C. Cooper, attorney and family therapist, president and founder of the Family Mediation Center, Director of the Family Consultation Unit, Citrus County, Fort Lauderdale, and Lawrence D. Gaughran, Professor of Law, George Mason University.

For information and reservations, call Mr. Goot at 503-522-250 ext. 153.

Mailman: 'Citizen Of The Year'

The Broward Times awarded its annual "Citizen Of the Year" award posthumously to Archibald L. Mailman, benefactor of schools and hospitals in South Florida, Massachusetts, and Israel, and friend and staunch supporter of Nova University. Accepting the award was Dr. Marion Mailman, father of Mr. Mailman. With Dr. Segal were Jeanne Noah (Ziff) publisher of the Broward Times, and Marsa Mailer (field editor). During the presentation, the Times presented Nova President, Dr. Archibald Finkle, as saying "To Mr. Mailman was a giant of a man, an institution unto himself. He helped more people than ever known."

Register Now

Nova College Full-Time Day Division will be registering students for the November course of classes through Nov. 10. For further information, call Ann Dzen at 473-7660.

CAE Launches New Program

A new Master of Science and Ed.S. program in Legal Resources will open on Nov. 6. The program is for educators in all fields, and those involved in training programs in industry. For further information, call Dr. Ethel Rabin at 473-7677.

New Classes MS/HS Starting

The Master of Science in Human Services Program opened a new site in Orlando last month, and is currently offering courses here in "Community Needs and Social Support Systems", and "The Law and Human Services". The coordinator is Dr. Donald J. Finkel, Nova D.P.A. graduate.

Classes are on campus, and in Miami and Palm Beach. News Nov. 15. Among the exciting new courses to be offered are "Writing and Management of Grants" and "Community Organizer". (Palm Beach, Saturdays, 9:30 a.m. to 12:30 p.m.).

For further information, call Ms. Walter at 473-7555.

Douglas Edwards To Speak At Nova Forum

Douglas Edwards, popular CBS News correspondent, will be the featured speaker at the second meeting of the Nova University Executive Council Forum, Wednesday, Nov. 14, at 7:30 a.m. at Studer's Antigua Inn, 1901 N. Federal Highway, Ft. Lauderdale.

Edwards, who has anchored a daily daily television news network news broadcast for 30 years and won five George Foster Peabody Awards, will discuss "Television News" and "After The Elections: What's Ahead for America."

Senator Sam Brown, originally scheduled to speak at the Forum, will be unable to represent a client on that date. Future Forums will feature Floyd Kalter on Jan. 14, and Stewart O'dell on March 11. For further information, call Anne Schuster at 473-7425.

Law School Moves Up

The newly refurbished fifth floor is giving the Law Center much needed space and facilities, and an opportunity to house even greater numbers of students and faculty to better serve the legal community.

There is an all-purpose student offices, offices for the Public Law Institute, the Continuing Legal Education Department and student organizations, a quiet lounge, two classrooms, and a moot courtroom.

The Court Room has been furnished with the help of the American Society of Reformed Attorneys who donated the courtroom, and a visitors lounge, and is decorated with a beautiful yellow hanging sculpture donated by the Jacksonville Bar Association. The room is equipped with a three-judge panel of Florida Law Professors, and a forthcoming wealth of topics and speakers. The room is being well used.

Life On the Inside

Robert Butler, Director of the Howard Correctional Institution (the women's section), will be the featured speaker at an open meeting of the Nova University Student chapter of Women In Law at the Broward County Jail, Thursday, Nov. 20, at 3 p.m. The theme is "Life Inside," a discussion of the life in a women's section in the jail will be shown.

Women In Law is also sponsoring "Attorney Coffee Breaks in the student lounge during exam week Dec. 1, 2, and 3. Free coffee and socializing will be served to all law students suffering an advanced case of "high anxiety." Upper class students, who presumably are more adept at handling these emotion charged times, are requested to solicit their services as secretaries. Contact Women In Law to sign up.
Ocean Science Is

Most people know about the marine conservation program directed by John F. Finkl. Less people know about the Nova Challenge Program, which is starting this year with $30,000 for one-day courses in surveying techniques. The program is named after the Nova Challenge Program, which was the first and only program of its kind in the U.S. The Nova Challenge Program is supported by the Nova Challenge Program Foundation, a private foundation established to assist Nova University in its efforts to advance ocean science and technology.

News From CSA

The National Crime Justice Reference Service has moved. The mailing address is: NCJRS, 800 Sussex Rockville, MD 20850. The new phone number is: (301) 251-7500. Should you wish to visit the library itself, it is now open on Friday from 9 a.m. to 5 p.m. The CSA is located on the University of Maryland campus, in the Classroom Building, Room 301 (NOT 211, as was previously announced). Ask for J. C. 717-925.

Notes From BTM

A new on-campus cluster of the Bachelor of Science in Numerical Technology Program has started a few weeks ago, occupying the latest of a series of buildings. The cluster has been in existence since the program's inception a year ago. Another cluster is being started this month in Palm Beach, and a fourth cluster is planned in the near future.

There are also several new cluster coordinators who are working on the formation of clusters in all parts of the state. Dr. Bruce Osborn (A Nova grad) is the new cluster coordinator for Jacksonville. Nancy Henderson (a student in Nova's MBA program) is in Venice and Gerard (a student in Nova's MBA program) is in Palm Beach.

For further information about BTM, call Marion Wiltsch at 305-475-7200.

Thank You

Nova University extends its gratitude to the Broward County Bar Association for the lovely reception they made honoring Justice Arthur Goldberg.
Nova University people — faculty, staff, students, and alumni — classically share their knowledge, expertise, ideas, thoughts and feelings with others through their published books, articles, speeches and reports.

This special supplement to Nova News is a tribute to those Nova authors who, through their writings, have added to the sum of man’s knowledge in fields as diverse as education, management, the arts and the sciences, and, in measurable ways, have helped enrich the human condition.

There are literally hundreds of Nova people who have had their writings published. The following is a representative selection...
Marilyn Segal

Dr. Dale Carlson (Ed.D. 79) is Director of Curriculum Research, Worthington Community College, Worthington, Minn. He wrote an article titled "Effect of Behavioral Objective on Student Achievement in Biology" ("an abbreviated version of a prject I wrote on behavioral objectives in Biology") which was published in the Journal of the Minnesota Academy of Science, Vol. 44, No. 2, 1978. A second article titled "Calling Up The Community" (based on part of my MARP research) was published in the Sept. 1980 issue of the Community and Junior College Journal.

Mabel Miller

Dr. Mabel Pentress Miller (MS/Ed.) of Key Biscayne, Fla., who works in the Environmental Education Program, Science Education Department, Dade County Public Schools, co-authored, with Donald R. Moore, an article titled "Discovery of Living Bivalved Gastropods in the Florida Keys." The article, describing the discovery of the first living sample of this mollusk found in continental United States, was published in The Nautilus, an international science periodical dealing with research on molluscs.

John McAlexander

Dr. John A. McAlexander (Ed.D. 76) teaches Physics at Central Piedmont Community College, Charlotte, N.C. He has taught in radiological technology programs at two hospitals, worked as a consultant to an audiovisual instructional firm, served as a member of the American Association of Physics Teachers' Committee on Physics in Engineering Education, and participated in the National Science Foundation funded "Project for the Revitalization of Freshman Sophomore Physics Programs at Twenty Colleges."

Among his recent publications are:

John Swan

John K. Swan (MS/CI), Chief of Police of Lynchburg, Va, has worked in patrol, criminal investigations and planning and research: as a commanding officer of the Tactical Unit and also on the Staff Inspections Unit. He served on two presidential commissions (Task Force on Police Standards and Goals and National Commission on Productivity).

He has been a contributing author to four texts on police management and has written several articles for professional journals. Among his published works are:
- Soldier of Fortune magazine, April, 1980. A general article entitled, "I Was There," which is about a police department's Tactical Unit's operation.

Lloyd Elgart

Lloyd D. Elgart, a participant in Nova's D.B.A. Program and founding director of the Institute for Life-long Awareness, wrote a paper titled "Effective Use of Language in Management: The Burden of Communication." The paper, co-authored by his wife, Lillian Scharf, was approved for presentation at the 1980 convention of the Academy of Management in Detroit, accepted by the Management Education Division of the Academy, and due to be included in the published proceedings in abstract form. The paper examines the importance of effective prose style in bringing management theorists and practitioners together. It concludes that the development of appropriate language skills must soon become a part of the management education process.

Lloyd Elgart has a J.D. from Columbia Law School and a B.S. in Economics from the Wharton School, University of Pennsylvania. He was a member of the New Jersey and New York bars for 20 years, and a judge in Monmouth County, New Jersey, for nine years.

Dressing the part: Clothes make the employee

Dr. Leonard Cohen

Very few people have been given jobs because they dressed like fashion plates for an interview. On the other hand, very many people have been dismissed from consideration because they did not dress properly. If you've been unemployed for some time, no reasonable employer will expect you to come for an interview wearing the latest designer styles. There is no reason, however, for anyone to apply for a job in clothes that aren't neat and clean.

What you wear to a job interview says a lot about your understanding of the job's requirements. The right clothes won't guarantee you work, but the wrong ones will put you out of the running fast.

Generally speaking, wear to an interview clothes similar to what you would wear on the job. For any kind of management job, a conservative suit or dress is still essential. Jeans and a T-shirt will not get you hired, no matter how comfortable they may make you feel. Conversely, if you're looking to work at a construction site, don't show up in a Bill Blass suit (if you happen to have one) and dress shoes.
