PREFACE

This handbook is designed to act as a basic guide for the Health Professions Division student. It will serve as an introduction to the Division policies and standards, and to the community, and will be a source of reference supplemental to the Division catalog.

This handbook is divided into three parts. The first section is University information for all students. The second section (pages 11-40) consists of information relating to the entire Health Professions Division and is applicable to all students. The third section, starting on page 42, contains material that is applicable only to the students of a specific college. Such material may differ from college to college.

The objective of the Division is to offer the finest professional health care science training and education to its students with the purpose of developing competent osteopathic physicians, pharmacists, optometric physicians, physician assistants, occupational therapists, physical therapists, dentists, and public health professionals. Toward that end, this handbook will offer a description of Division facilities, financial affairs, academic affairs, procedures and policies, student services, student activities and on-campus Division services.

REVISIONS TO THIS HANDBOOK

Changes in the content of this Student Handbook may be made, at any time, by the University, Division or College Administration. Adequate notice of anticipated changes will be given to student, whenever possible. This Student Handbook supersedes all previous handbooks, documents, and directives where they may be in conflict.

The administration, faculty and staff of the Health Professions Division are committed to the effective use of emerging technologies across all academic and professional disciplines. Any student can receive instruction on the use of the University's E-mail system and Campus Wide Information System (CWIS). Each student enrolled in the Health Professions Division can apply for and obtain an on-line account on the University's computing facility. Students can utilize their on-line accounts for intra-campus communication and for submission of class assignments as required by faculty. All use of the University's computing facilities must be in accordance with all applicable policies and/or guidelines as promulgated by the University administration.

Students will be provided a personal account on the University's UNIX-based Sun Sparc server, called "HPD," upon request. With this account, students may communicate via E-mail with faculty and other students, both at the University and at other locations around the world. Full Internet access is provided via a user-friendly, Lynx-based, on-line menu system. If you wish to sign up for a class, please call 262-1058 to schedule a class and to receive an application form and instructions.

Acceptable Use Of Computer Resources

This policy provides guidelines for the appropriate and inappropriate use of the computing resources of Nova Southeastern University. It applies to all users of the University's computing resources including students, faculty, staff, alumni, and guests of the University. Computing resources include all computers, related equipment, software, data, and local area networks for which the University is responsible as well as networks throughout the world to which the University provides computer access.
The computing resources of Nova Southeastern University are intended to be used for its programs of instruction and research and to conduct the legitimate business of the University. All users must have proper authorization for the use of the University's computing resources. Users are responsible for seeing that these computing resources are used in an effective, ethical, and legal manner. Users must apply standards of normal academic and professional ethics and considerate conduct to their use of the University's computing resources. Users must be aware of the legal and moral responsibility for ethical conduct in the use of computing resources. Users have a responsibility not to abuse the network and resources, and to respect the privacy, copyrights, and intellectual property rights of others.

In addition to the policy contained herein, usage must be in accordance with applicable University Policies and applicable State and Federal laws. Among the more important laws are the Florida Computer Crimes Act, the Federal Computer Abuse Amendment Act 1994, the Federal Electronic Communications Privacy Act, and the U.S. Copyright Act. Copies of these laws and the NSU Copyright Policy may be examined in the University Office of Academic Affairs.

Policy violations generally fall into four categories that involve the use of computing resources to:

1. harass, threaten or otherwise cause harm to specific individuals or classes of individuals
2. impede, interfere with, impair, or otherwise cause harm to the activities of others
3. download, post or install to University computers, or transport across University networks, material that is illegal, proprietary, in violation of license agreements, in violation of copyrights, in violation of University contracts, or otherwise damaging to the institution
4. recklessly or maliciously interfere with or damage computer or network resources or computer data, files, or other information

Examples (not a comprehensive list) of policy violations related to the above four categories include:

- sending an individual or group repeated and unwanted (harassing) E-mail or using E-mail to threaten someone
- accessing, or attempting to access, another individual's data or information without proper authorization (e.g. using another's computing account and password to look at their personal information)
- propagating electronic chain mail or sending forged or falsified E-mail
- obtaining, possessing, using, or attempting to use someone else's password regardless of how the password was obtained
- copying a graphical image from a Web site without permission
- posting a University site-licensed program to a public bulletin board
- using illegally obtained licensed data/software, or using licensed data/software in violation of their licensed or purchase agreements
- releasing a virus, worm or other program that damages or otherwise harms a system or network
- preventing others from accessing services
- attempting to tamper with or obstruct the operation of NSU's computer systems or networks
- using or attempting to use NSU's computer systems or networks as a means for the unauthorized access to computer systems or networks outside the University
- distributing child pornography via the Web
- using University resources for unauthorized purposes (e.g., using personal computers connected to the campus network to set up web servers for illegal, commercial, or profit-making purposes)
- violating Federal copyright laws or the NSU copyright policy

Inappropriate conduct and violations of this Policy will be addressed by the appropriate procedures and agents (e.g.,
the Office of the Dean, the Office of the Executive Provost for Academic Affairs, or the Office of Human Resources) depending on the individual's affiliation to the University.

EMERGENCY EVACUATION PROCEDURES

1. All employees and students must calmly exit the building, using the stairway exits.

2. Do not use elevators; they should be inoperable once a pull station has been alarmed. In the event of a real fire, people using the elevator could become trapped.

3. Pay close attention to disabled individuals. In an actual emergency, put disabled individuals in a closed stairwell and alert the fire department of their whereabouts. Be sure this is done!

4. Once out of the building, do not go back in. The fire chief is the only one who can authorize re-entry.

5. Keep out of the lobby and clear of emergency vehicle routes. You must remain a safe distance from the building (50 feet minimum).

STUDENTS WITH DISABILITIES

Any student who has a disability will be provided with reasonable accommodations as required by the Americans with Disabilities Act, if, with the accommodations, the student will be able to perform the essential functions of the academic program. Each program has developed Core Performance Standards, published on the following pages. These describe those essential functions of each program which every student must be able to meet, with or without reasonable accommodations. Questions must be directed to Morton T. Smith, D.O., in Room 4407 of the Terry Administration Building. Any student having a disability must contact Dr. Smith.

CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESS

The Nova Southeastern University Health Professions Division is pledged to the admission and matriculation of qualified students and wishes to acknowledge awareness of laws which prohibit discrimination against anyone on the basis of race, color, national origin, religion, sex or disability.

Regarding disabled individuals, the University will not discriminate against such individuals who are otherwise qualified, but will expect applicants and students to meet certain minimal technical standards (core performance standards) as set forth herein with or without reasonable accommodation. In adopting these standards, the University believes it must keep in mind the ultimate safety of the patients whom its graduates will eventually care for. The standards reflect what the University believes are reasonable expectations required of health professions students and personnel in performing common functions.

The holders of health professions degrees must have the knowledge and skills to function in a broad variety of clinical situations and to render a wide spectrum of patient care. In order to carry out the activities described below, candidates for Health Professions Division degrees must be able to integrate consistently, quickly, and accurately all information received, and they must have the ability to learn, integrate, analyze, and synthesize data.

Candidates for degrees offered by the Health Professions Division must have, with or without reasonable accommodation, multiple abilities and skills including: intellectual, conceptual, integrative, and quantitative abilities; interpersonal communication; mobility and strength; motor skills; hearing, visual, tactile, behavioral and social attributes. Candidates for admission and progression must be able to perform these abilities and skills in a reasonably independent manner.

Intellectual, Conceptual, Integrative, and Qualitative Abilities

These abilities include measurement, calculation, reasoning, analysis and synthesis. Problem solving, a critical skill, requires all of these intellectual abilities. Candidates and students must have critical thinking ability sufficient for good clinical judgment. This is necessary to identify cause-effect relationships in clinical situations and to develop plans of care. In addition, candidates and students should be able to comprehend three-dimensional relationships and to understand the spatial relationships of structures.

Interpersonal

Candidates and students should be able to interact with and to observe patients in order to elicit information, examine patients, describe changes in mood, activity and posture, and perceive nonverbal communications. They must be able to communicate effectively and sensitively with patients. Communication includes not only speech but also reading and writing. They must also be able to communicate effectively and efficiently in all written forms with all members of the health care team. They must
have interpersonal abilities sufficient to interact with individuals, families and groups from a variety of social, emotional, cultural, and intellectual backgrounds.

Motor Skills
Candidates and students should have sufficient motor function to execute movements reasonably required to provide general care and emergency treatment to patients. Examples of emergency treatment reasonably required of some health care professionals are cardiopulmonary resuscitation (CPR), administration of intravenous medication, the application of pressure to stop bleeding, the opening of obstructed airways, and the ability to calibrate and use various pieces of equipment. Such actions require coordination of both gross and fine muscular movements, equilibrium and functional use of the senses of touch and vision. Physical therapy and occupational therapy students must be able to position patients for treatment as well as the teaching of functions involving gross and fine movements. Pharmacy candidates and students must have sufficient motor skills to weigh chemical ingredients for the preparation of pharmaceutical dosage forms, including intravenous solutions. They must be capable of performing procedures associated with preparing sterile and nuclear products.

Strength and Mobility
Candidates and students must have sufficient mobility to attend to emergency codes and to perform such maneuvers as CPR when required. They must have the physical ability sufficient to move from room to room and to maneuver in small places. Osteopathic medical students must have the ability to position patients for the administration and delivery of osteopathic manipulative treatment. Pharmacy students must be able to move about within a pharmacy setting and a patient’s room. Physical therapy and occupational therapy students must be able to administer treatment in a variety of settings and to position and move patients when required.

Hearing
Candidates and students should have sufficient auditory ability to monitor and assess health needs. They must be able to hear information given by the patient in answer to inquiries, to hear cries for help, to hear features in an examination, such as the auscultatory sounds, and to be able to monitor equipment.

Visual
Candidates and students must have visual ability sufficient for observation and assessment necessary in patient care. It must be consistent in many cases with being able to assess asymmetry, range of motion and tissue texture changes. Osteopathic Medical, Optometric and Physician Assistant students must have visual ability sufficient to use ophthalmologic instruments. It is necessary to have adequate visual capabilities for proper evaluation and treatment integration. Candidates and students must be able to observe the patient and the patient’s responses including body language and features of the examination and treatment. Pharmacy students must be able to interpret prescriptions and medical orders as well as to inspect medicines for deterioration or expiration.

Tactile
Candidates and students must have sufficient tactile ability for physical assessment. They must be able to perform palpation, functions of physical examination and/or those related to therapeutic intervention. Pharmacy students must be able to measure and compound, sometimes transferring from container to container and to carry out sterile procedures. Dental students must be able to deliver appropriate treatment using high technology equipment such as dental drills and surgical instruments.

Behavioral and Social Attributes
Candidates and students must possess the emotional health required for full utilization of their intellectual abilities, the exercise of good judgment, the prompt completion of all responsibilities attendant to the diagnosis and care of
patients, and the development of mature, sensitive and effective relationships with patients. Candidates and students must be able to tolerate physically taxing work-loads and to adapt to changing environments, to display flexibility and to learn to function in the face of uncertainties inherent in the clinical problems of many patients. Compassion, integrity, concern for others, interpersonal skills, interest and motivation are all personal qualities that will be assessed during the admissions and education processes.

Students have always shown responsibility for general cleanliness and preventing damage to the area. The Administration expects this precedent to continue in the future.

**MAILBOX AND MESSAGE CENTER**

Mailboxes for intra-campus memos and notices can be found in the student lounge area. Students are responsible for checking their mailboxes daily. Official communications delivered to the student mailbox are assumed to be seen within 24 hours. Postgraduate Pharm.D. students do not have mailboxes.

- Graduation Fee (Seniors only) $200.00
- Graduation Fee (B.S./Vision Science) $25.00
- I.D. Replacement $7.00
- Diploma Replacement $25.00
- Official Transcripts $5.00

**Late Registration**

Students who have completed one full year at the University and who cannot meet their financial obligations by the first day of class are considered late registrants. Students who register after the late registration date established by their college will be charged a late fee or penalty established by the Division.
The following will apply:

1. Recipients of Armed Forces scholarships shall be allowed up to two months of grace without penalty.

2. When confirmation of guaranteed loans has been received, but checks are delayed, credit will be extended for three months.

Students are required to pay at the time of registrations unless financial aid or scholarships have been awarded. Students may pay for tuition using credit cards: MasterCard, Visa, American Express, College Card, or Discover. Students' financial obligations must be satisfied before the registration process can continue.

Students wishing to withdraw should meet with their respective advisor and the Dean. Withdrawal procedures should be followed including completion of the withdrawal forms. Students withdrawing from the University may lose the privilege of re-entering at a certain time, since the numbers admitted to classes are limited. Tuition refunds will follow the procedures previously outlined. Failure to withdraw officially will result in failure in all courses for that semester and automatic dismissal from the University.

Tuition Refund Policy - Voluntary Withdrawals

Students who wish to withdraw must submit a written request for voluntary withdrawal to the Dean, who will evaluate the student’s request. After completing the required withdrawal form(s) and obtaining the Dean’s approval, an eligible student may receive partial refund of the tuition, according to the following formula:

<table>
<thead>
<tr>
<th>Class Day</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>First three (3) class days</td>
<td>70%</td>
</tr>
<tr>
<td>Fourth or fifth class day</td>
<td>60%</td>
</tr>
<tr>
<td>Sixth or seventh class day</td>
<td>40%</td>
</tr>
<tr>
<td>Eighth, ninth or tenth class day</td>
<td>20%</td>
</tr>
<tr>
<td>After the tenth class day</td>
<td>0%</td>
</tr>
</tbody>
</table>

No refunds will be made thereafter. (Students with questions should consult the Bursar’s office.)

Students will not be given refunds for portions of tuition paid by financial aid funds. Instead, the respective financial aid programs will be credited in accordance with Federal regulations, which establish the following requirements for recipients of Title IV student assistance funds (Guaranteed Student Loans and Auxiliary Loan Program).

The regulation requires that if the student has received a financial aid overage to assist with related, but indirect educational costs, i.e., living expenses, books, supplies, transportation and/or personal expenses, this must be prorated for the period the student attended the institution. The student must then refund the difference (between the actual overage and prorated amount) to the institution for restoration to the appropriate Title IV account.

Failure to comply with these requirements could jeopardize future receipt of Title IV student assistance funds at any institution of higher education the student may attend.

A refund due the student will be mailed to the student’s permanent home address as soon as the withdrawal has been approved by the Dean of the respective College. The tuition refund policy is subject to change at the discretion of the University’s Board of Trustees.

Florida Residency

Eligible students must request in-state tuition on application. For tuition purposes, students’ Florida residency status (in-state or out-of-state) will be determined based upon initial matriculation and will remain the same throughout the entire enrollment of the student at NSU. The determination as to eligibility for in-state tuition at NSU shall be made exclusively by NSU.
Student Financial Aid

A student’s eligibility for financial aid depends on how much the student and the student’s family can pay toward the educational costs. Determining how much a student and family should pay is a process called need analysis. The need analysis is performed for everyone who applies for aid.

The Division utilizes a federally approved service to perform need analysis; all aid applicants must submit a need analysis form to the service for analysis. The servicing agency utilizes a standardized methodology to generate a report based on the information the student provides. A Financial Aid Counselor reviews the report and determines the student’s ability to contribute toward the costs of education.

The Division attempts to obtain assistance for students who do not have sufficient resources to pay for the costs of a health professions education. However, the student and the student’s family have the primary responsibility for education and living expenses. All aid should be viewed as supplementary to the efforts of the student and the family.

The Student Financial Aid office located in the Horvitz Administration Building is an important source of information on all financial aspects of the student’s education, including budget and debt management as well as financial aid. Counselors are available Monday through Thursday, 8:30 a.m. to 7:00 p.m., 8:30 a.m. to 6:00 p.m. on Friday, and 9:00 a.m. to noon on Saturday. A counselor is also available in Room 1130 of the Terry Building from 8:30 a.m. to 5:00 p.m. Monday through Friday. Appointments are accepted, but not necessary.

Short-Term Emergency Loans

The Division has limited small loans available on a short term basis to help meet unexpected financial emergencies. When approved, disbursement is made by check within one week of receipt of the student’s application. Applications can be secured from the Health Professions Division Administrative Office on the fifth floor of the Terry Administration Building.

All financial obligations must be met prior to or at the time of registration.

ATTENDANCE, DRESS CODE AND CONDUCT

ATTENDANCE

At Nova Southeastern University Health Professions Division, attendance at all scheduled instructional periods is mandatory. Failure to fulfill this requirement is considered in the evaluation of a student’s academic performance and professional attitude and may result in a failing grade for the course. Students shall report to the office of the individual college’s Dean or his designee, in writing, the reasons for all absences, within 24 hours of each occurrence.

Students whose reasons are unacceptable will be subject to disciplinary action. In the event of an emergency absence, request for an excused absence must be made to the respective college’s Office of Student Affairs.

1. Excused Absences

   a. Illness - The Division must be notified as soon as possible of all absences due to illness, or, at the latest, on return to school. For unusual or prolonged illness, the appropriate Dean or his designee must be notified as soon as possible. These absences will be evaluated on an individual basis by the Dean.

   b. Religious Holidays - Absences for major religious and ethnic holidays may be excused at the discretion of the Health Professions Division Office of Student Affairs. Students are required to obtain approval for their absences one week prior to the holiday.
c. Special Circumstances - Unusual circumstances resulting in absences, e.g., death in the immediate family, must be cleared with the appropriate Dean or his designee on an individual basis, preferably before the student is absent from class.

2. Unexcused Absences

Absences not falling into the first category are unexcused absences. The Administration realizes that special circumstances may arise on rare occasions leading to an unexcused absence. However, unexcused absences are neither a right nor an entitlement of the student.

Unexcused absence or absences may result in a written reprimand from the Dean with a copy in the student’s permanent file, plus a loss of 10 percentage points in the course or failure in the course.

Each laboratory, assignment or examination missed must be made up at the discretion and convenience of the instructor.

If, in the judgement of the Dean, a pattern of absences appears to surface, action may be taken, up to and including failure in the courses involved or dismissal from school.

3. Clinical Rotations

Attendance while on clinical rotations follows different procedures and they are noted in the Clinical Rotation Handbook or Clerkship/Externship Manual distributed prior to clinical rotations by the involved College.

4. Tardiness

Promptness is another trait a proper health care practitioner must display. Additionally, tardiness in class disturbs both the lecturer and other members of the class and is thus markedly inconsiderate and rude.

Health Professions Division class hours are from 8:10 a.m. to 10:00 p.m. daily, Monday through Friday. Class schedules are issued from time to time as an aid to faculty and students, but the administration reserves the right to make changes, assign Saturday hours or deviate from published schedules without notice.

Classes begin at 10 minutes after the hour. Any student not seated in his or her assigned seat by the time class begins will be marked absent. Classes finish on the hour. If the student arrives within 20 minutes after the start of class, the absence will be reduced to half-absence. Two incidents of tardiness are equivalent to one full absence. Students will await the instructor’s arrival until at least 20 minutes after the specified starting time, unless notified otherwise by an authorized individual.

5. Leave of Absence

A student desiring a voluntary leave of absence must submit a written request to the Dean. The Dean will then determine whether or not the leave of absence is to be granted. If approved, the student must re-enter the program no later than the following year at the beginning of the same semester in which he or she left.

**DRESS CODE**

Students in the Health Professions Division must maintain a neat and clean appearance befitting students attending professional school. Therefore, attire should convey a professional appearance whenever the student is on the Division campus and in classes or laboratory or on an experiential rotation or program.

1. All students must have two short white student jackets. A white jacket is to be worn daily over the prescribed attire. Appropriate white jackets are available at the Bookstore.
2. Identification badges will be issued at the Division Badge Room and must be worn at all times when the student is on campus or clinical rotation.

3. Professional attire for men includes trousers, shoes and socks, shirt, necktie and white consultation jacket. Professional attire for women includes: dresses of appropriate length, or slacks, skirts with blouses and white consultation jacket and shoes.

4. Students may not wear the following:
   a.) shorts
   b.) cut-offs
   c.) mini-skirts (higher than mid-thigh)
   d.) jeans
   e.) see-through clothing or halter-tops
   f.) sandals, thongs, flip-flops or sneakers
   g.) t-shirts (as the outer shirt)
   h.) jogging or exercise clothing
   i.) hats or caps, unless of a religious nature

These guidelines apply on campus from 8:00 a.m. - 5:00 p.m., Monday through Friday, and while on duty on rotations.

Students inappropriately dressed or groomed may be requested to leave the campus. In this circumstance, an unexcused absence will be recorded until the student returns properly attired. Questionable or disputed cases of dress or grooming shall be presented to the Dean, whose decision shall be final. Repeated violations will be considered improper professional behavior and may result in disciplinary action. When a class requires special dress (such as the wearing of scrub suits in anatomy laboratory) it will be the only exception to the dress code allowed during that time.

CONDUCT

Students are expected to conduct themselves in a responsible manner which will reflect credit upon themselves, the Division and the University, in terms of morality, honor, truth and good citizenship, and to abide by the regulations of the Division and the University.

Furthermore, students are expected to conduct themselves in a professionally ethical fashion and to maintain and observe high standards of conduct so that the integrity of the University may be preserved. A student should avoid impropriety and should avoid even the appearance of impropriety in all activities.

ACADEMIC HONOR

Because complete confidence in the honor and integrity of health care practitioners is essential, students are held to the high standards of intellectual integrity befitting the learned profession they are entering. While students have an obligation to assist fellow students in meeting common goals of their education, dishonest acts will subject the student to immediate disciplinary actions up to, and including, expulsion from the College. Such acts include any attempt to pass examinations by improper means, to present work not performed by the student or to aid or abet any dishonest act.

Academic dishonesty is considered a serious academic offense by the faculty and administration of this University. Cheating, plagiarism or deceptions of any manner and material will not be tolerated. Examples include copying answers from another student’s test paper, using notes or answers during a test without approval of the instructor, sending another student to take your examination, and submitting a paper without proper citations for another’s ideas or quotations. These are only several examples of academic dishonesty, and students are required to acquaint themselves with the specific course requirements and regulations of the Division and the University.

Instructors have the authority to give a failing grade for the
test and/or course to students who demonstrate academic dishonesty. Administration, department heads, Associate and Assistant Deans, and the Dean may enforce additional penalties ranging up to expulsion from the program.

STUDENT RECORDS

Transcripts
Transcripts of a student’s academic record may be requested by the student through the Office of the University Registrar. A student’s academic record can only be released upon authorization of the student. Students requesting transcripts may do so in person or by writing to the Office of the University Registrar. Include in the request the full name, social security number, and date of birth, and indicate the name and address to whom the transcript is to be sent. If the grades for the current term are needed, clearly indicate that the transcript request is to be held for grades. There is a $5.00 charge for each transcript sent.

Definitions:
For the purposes of this policy, Nova Southeastern University has used the following definitions of terms.

Student - Any person who attends or has attended the University.

Education Records - Any record (in handwriting, print, tapes, film, or other medium) maintained by the University or an agent of the University which is directly related to a student, except:

1. A personal record kept by a staff member, if it is kept in the personal possession of the individual who made the record, and information contained in the record has never been revealed or made available to any other person except the maker’s temporary substitute.

2. An employment record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual’s employment.

3. Records maintained by the Health Center if the records are used only for treatment of a student and made available only to those persons providing the treatment.

4. Alumni records which contain information about a student after he or she is no longer in attendance at the University and the records do not relate to the person as a student.

Annual Notification
Students will be notified of their Federal Educational Rights and Protection Act (hereinafter FERPA) rights annually by publication in the Student Handbook.

The Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act of 1974 places certain limitations on the disclosure of personally identifiable information maintained by the University with respect to students and limits access to Educational Records, including the right to access, the right to obtain copies, the right to seek correction of such records through informal and formal internal procedures and the right to place a statement in such educational records explaining any information which he or she believes to be inaccurate or misleading.

The University has adopted a policy with respect to its student educational records consistent with the requirements of the Family Educational Rights and Privacy Act and the regulations promulgated under the Act.

The University adheres to all provisions, as prescribed by the Americans with Disabilities Act.
Procedure to Inspect Education Records

Students may inspect and review their Education Records upon request to the appropriate record custodian.

Students should submit to the record custodian or an appropriate University staff person a written request which identifies as precisely as possible the record or records he or she wishes to inspect.

The record custodian or an appropriate University staff person will make the needed arrangements for access as promptly as possible and notify the student of the time and place where the records may be inspected. Access must be given in 45 days or less from the receipt of the request.

When a record contains information about more than one student, the student may inspect and review only the record which relates to him or herself.

Right of University to Refuse Access

The University or Division reserves the right to refuse to permit a student to inspect the following records:

1. The financial records of the student’s parents, or any information contained therein.
2. Letters and statements of recommendation respecting admission or employment for which the student has waived his or her right of access.
3. Records connected with an application to attend the University or a component unit of the University if that application was denied.
4. Those records which are excluded from the FERPA definition of Education Records.

Refusal to Provide Copies

The University reserves the right to deny transcripts or copies of records not required to be made available by the FERPA in any of the following situations:

1. The student has an unpaid financial obligation to the University.
2. There is an unresolved disciplinary action against the student.

Fees for Copies of Records

The fee for copies will be $5.00 per record.

Disclosure of Education Records
The University will disclose information from Education Records only with written consent of the student.
No consent is needed for the following:

1. To school officials who have a legitimate educational interest in the record.

   A school official is:

   A person employed by the University in an administrative, supervisory, academic, research or support staff position,

   A person elected to the Board of Trustees, or

   A person employed by or under contract to the University to perform a special task, such as the attorney or auditor.

   A school official has a legitimate educational interest if the official is:

   Performing a task that is specified in his or her position description or by a contract agreement.

   Performing a task related to a student's education.

   Performing a task related to the discipline of a student.

   Providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement or financial aid.

2. To officials of another school, upon request, in which a student seeks or intends to enroll.

3. To certain Officials of the U.S. Department of Education, the Comptroller General, and state and local educational authorities, in connection with certain state and federally supported education programs.

4. In connection with a student's request for or receipt of financial aid, as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms and conditions of the aid.

5. If required by a state law requiring disclosure that was adopted before November 19, 1974.

6. To organizations conducting certain studies for or on behalf of the University.

7. To accrediting organizations to carry out their functions.

8. To parents of an eligible student who claim the student as a dependent for income tax purposes.

9. To comply with a judicial order or a lawfully issued subpoena.

10. To appropriate parties in a health or safety emergency.

Record of Requests for Disclosure
The University will maintain a record of all requests for and/or disclosure of information from a student's Education Records. The record will indicate the name of the party making the request, any additional party to whom it may be redisclosed, and the legitimate interest the party had in requesting or obtaining the information.

Directory Information
The University designates the following items as Directory Information: Student name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, members of athletic teams, dates of attendance, degrees and awards received, most recent previous school attended and photograph. The University may disclose any of those items without prior written consent, unless notified in writing to the contrary.
Correction of Education Records

Students have the right to ask to have corrected any records that they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

1. Students must ask appropriate officials of the University to amend a record. In so doing, the students should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading or in violation of their privacy or other rights.

2. The University may comply with the request or it may decide not to comply. If it decides not to comply, the University will notify the student of the decision and will advise him or her of the right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student’s rights.

3. Upon request, the University will arrange for a hearing, and notify the student, reasonably in advance, of the date, place, and time of the hearing.

4. The hearing will be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the institution. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student’s education records. The student may be assisted by one or more individuals, including an attorney.

5. The University will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.

6. If the University decides that the challenged information is inaccurate, misleading, or in violation of the student’s right of privacy, it will notify the student of the right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.

VISITS TO OTHER INSTITUTIONS

Students in the Health Professions Division may not visit, in an official or presumably official capacity as a professional school student, any health-related institution (hospital, pharmacy, practitioner’s office, clinic, etc.) or any health school without express permission of the Dean. Visits to relatives or friends who are hospitalized are permitted, provided they are within visiting hours and all hospital rules are observed.

MOTOR VEHICLE AND PARKING REGULATIONS

The Division does not guarantee parking spaces for students, but provides a limited number of parking spaces on a first-come, first-served basis. Students may park in any unassigned parking space in the University parking lots.

All vehicles are parked at owner’s risk. The University or Division assumes no risk for articles left in vehicles, or for any loss by theft or damage which may be caused to any vehicle on University property. Bicycles are to be placed only in the bicycle racks located along the covered entrance between the Parking Garage and the Assembly Building.

SEXUAL HARASSMENT POLICY

It is the policy of Nova Southeastern University, in keeping with efforts to establish an environment in which the dignity and worth of all members of the institutional community are respected, that sexual harassment of students and employees is unacceptable conduct and will not be tolerated. Sexual harassment may involve the behavior of a person of either sex against a person of the opposite or
same sex, when that behavior falls within the definition outlined below.

Definition:

Sexual harassment of employees and students at Nova Southeastern University is defined as any unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature, when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment.

2. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or educational experience, or creates an intimidating, hostile, or offensive work or educational environment.

Rules Governing the Conduct of University Employees and Students:

PART I

Sexual Favors as basis for actions affecting an individual's welfare as a student or employee:

No University employee or student shall behave toward another institutional employee or student in any of the following ways: make or threaten to make submission to or rejection of request for sexual favors a basis for decisions affecting an individual's welfare as an employee or student.

PART II

Flagrant or repeated sexual advances or requests for sexual favors, and physical contacts harmful to another's work or study performance or to the work or study environment:

No University employee or student shall behave toward another institutional employee or student in any of the following ways:

1. In a work- or learning-related setting: make sexual advances, requests for sexual favors, or physical contacts commonly understood to be of a sexual nature, if

   a. the conduct is unwanted by the person(s) to whom it is directed, and

   b. the person knew that the conduct was unwanted, and because of its flagrant or repetitious nature, the conduct either

      (1) seriously interfered with work or learning performance of the person(s) to whom the conduct was directed, or

      (2) makes the institution's work or learning environment intimidating, hostile, or demeaning.

PART III

Repeated demeaning verbal and other expressive behavior in non-instructional settings that is harmful to another's work or study performance or the work or study environment:

No Division employee or student shall in a non-instructional but work- or learning-related setting:

1. Repeatedly address or direct sexual gestures, or sexually explicit comments concerning a specific person(s) to an institutional employee(s) or student(s) if the gestures or comments are commonly considered by people of a specific sex or sexual preference to be demeaning to that sex or sexual preference.

2. Display visual materials, alter visual materials displayed by others, or make statements, if
a. the intent of the person is to interfere with the work or study performance of an employee or student or to make the work or study environment hostile, intimidating, or demeaning to persons of a particular sex or sexual preference and

b. the person making the display, alteration, or statement has previously been asked not to engage in such conduct.

PART IV

Demeaning verbal and other expressive behavior in instructional settings:

Discipline of faculty members because of expressive behavior in an instructional setting shall be governed by the following definition and rules:

1. Definitions for Purposes of Part IV:

a. An “instructional setting” is a situation in which a member of the faculty is communicating with a student(s) concerning matters the faculty member is responsible for teaching the student(s). These situations include, but are not limited to, such communication in a classroom, in a laboratory, during a field trip, or in a faculty member’s office for advising and counseling.

b. Expressive behavior related to subject matter.
“Expressive behavior” is conducted in an instructional setting through which a faculty member seeks to communicate with students. It includes, but is not limited to, the use of visual materials, oral or written statements, and assignments of visual or written materials.

2. Protected Expressive Behavior

a. A faculty member’s selection of instructional materials shall not be a basis for discipline unless an authorized hearing body finds the faculty member’s claim that the materials are germane to the subject of the course to be clearly unreasonable.

b. The person engaging in such conduct has previously been asked not to engage in such conduct or conduct of substantially the same kind, and

c. In addition, a faculty member is subject to discipline if, in addressing a student(s) in an instructional setting, he or she repeatedly uses sexual gestures, sexually explicit comments, or gender-related epithets to refer to a student(s) in the course.

PART V

Demeaning Verbal and Other Expressed Behavior of students versus students. This is also subject to disciplinary action.

PART VI

Retaliation

1. Retaliation against anyone reporting or thought to have reported sexual harassment behaviors is equally prohibited. Such retaliation shall be considered a serious violation of this policy and shall be independent of whether a charge or informal complaint of sexual harassment is substantiated. Encouraging others to retaliate also violates the policy.

Consensual Relationships

Consensual intimate relationships between faculty and student, or between supervisor and employee, while not expressly forbidden, are generally deemed very unwise. Codes of ethics for most professional associations forbid professional-client intimate relationships. The professor-student relationship is one of professional and client. The respect and trust accorded a professor by a student, as well as the power exercised by the professor in giving praise or blame, grades, recommendations for further study and future employment, etc., greatly diminish the
student's actual freedom of choice should favors of an intimate nature be included among the professor's other, legitimate demands. Therefore, faculty are warned against the possible costs of even an apparently consensual relationship, in regard to the academic efforts of both faculty member and student. A faculty member who enters into an intimate relationship with a student (or a supervisor with an employee) where a professional power differential exists, must realize that, if a charge of sexual harassment is subsequently lodged, it will be exceedingly difficult to prove immunity on grounds of mutual consent.

Since a once-consensual relationship turned sour may result in a later allegation of sexual harassment, it is important that immunity due to previous consent will not be allowed.

**The Health Professions Division’s Sexual Harassment Committee:**

This Committee has been charged by the administration of Nova Southeastern University Health Professions Division to provide an avenue by which students, faculty, and staff can address violations of the University’s policy on sexual harassment.

The Committee will consist of individuals appointed by the Executive Vice Chancellor: their function will be to (1) investigate all allegations of sexual harassment that involve students, faculty and staff; (2) report those findings to the Executive Vice Chancellor for disposition of the case; and (3) act as advocates and conduits for the resolution of the case.

**Committee Members:**

- Daniel E. Shaw, Ph.D., Chair  
  Room 1465, Terry Administration Building
- Edye Groseclose, Ph.D.  
  Room 1325, Terry Administration Building
- Terrence N. Ingraham, O.D.  
  Room 1410, Terry Administration Building
- Lisa-Deziel Evans, Pharm.D.  
  Room 1387, Terry Administration Building
- Peggy Anderson  
  Room 258, Horvitz Administration Building

**Reporting Allegations of Sexual Harassment**

Instances of sexual harassment are to be reported to a member of the Committee for the purpose of the follow-up investigation and disposition.

1. Individuals reporting the alleged incident must identify themselves and be willing to identify the alleged perpetrator. Anonymous reports will not be cause for administrative action.

2. A log of contacts shall be maintained by the investigator (Committee member) for the purpose of documenting contacts with the principals involved in the case. In addition to the log of contacts, a contact sheet will be maintained which documents the content of the meeting, to include individuals present and disposition of the meeting.

3. The investigator (Committee member) will attempt to determine within a reasonable time frame the validity of the complaint and ascertain the parties who are involved in this incident. The investigator is charged with providing the full Committee with adequate information to make a judgement on whether to continue to proceed with this case internally or to forward the case to an outside body i.e. local police, etc.

4. If the charges are found to be valid and a harassment has occurred, all parties are to be put on notice that an administrative resolution will be enforced.

5. Administration (the Executive Vice Chancellor’s Office) will be informed of the harassment, the extent, individuals involved, and will be provided with adequate information so that administrative action can take place.
in a timely fashion to the satisfaction of all parties.

Guidelines for Investigating Allegations of Sexual Harassment

Formal and informal complaints related to allegations of sexual harassment should be followed up within 24-48 hours.

1. Interview of Complainant
This interview should focus on gaining factual information which will assist in determining whether or not an investigation should be instituted. At this point the complainant may decide to file a formal complaint or request assistance for resolution with an informal complaint. When possible, two Committee members, as well as any witnesses of the incident, should be involved in the initial interview of parties.

2. Documentation
All interviews, telephone calls, or any other administrative activities should be carefully documented in the case of a formal proceeding. The confidentiality of the reporting party will be observed provided it does not interfere with the institution's ability to investigate or take corrective action.

3. Record Keeping
All records of investigations related to sexual harassment shall remain in the locked possession of the investigating Committee member until a disposition has been reached. Once a case has been resolved the records then become the confidential files of the Executive Vice Chancellor or his designee.

4. Reporting of Findings
The Committee will report findings of any investigation (formal or informal) to the Executive Vice Chancellor or his designee. The findings may take two forms:

a. no violation of institutional sexual harassment policies
b. suspected or "probable cause" violation of institutional policy.

5. Formal Complaints:
Formal complaints must be made in writing to the Committee for the purpose of stopping the harassment and when the complainant wishes to pursue disciplinary action.

6. Informal Complaints:
Informal complaints are for the purpose of stopping the harassment in the most expedient fashion possible. The University cannot pursue disciplinary action without a formal complaint.

All parties involved are to be notified of the disposition of the case; if the complainant is dissatisfied with the decision he/she is to be informed of additional internal or external appeal routes.

Suggestions for Sanctions or Disciplinary Actions
Violations of policies on sexual harassment may lead to a variety of sanctions. Included in the list of possible disciplinary actions are written or oral reprimands, suspension (for employees, with or without pay), termination, or referral to the criminal justice system for possible sexual assault violation.

HEALTH AFFAIRS

Health Insurance
Because the Health Professions Division is concerned for the health and welfare of its students, a program of Student Health Insurance is required. The student has exclusive responsibility for his or her own medical bills. The University or Division assumes no responsibility to seek reductions or waivers.
The Division's Office of Student Affairs will provide information regarding health insurance policies.

Prior to receipt of diploma, students must be free from any outstanding medical financial responsibilities with any of our affiliated hospitals.

**Health Care**

Ambulatory medical, optometric and dental care is made available during regular business hours for the University family. When a student or a member of his or her immediate family (spouses and children) needs care, he or she may make an appointment with the University Health Service. For those unable to make appointments in advance, hours will be posted. These hours may be changed from time to time and changes will be posted. For urgent situations which do not meet the above, contact the University Health Service at 262-1030.

Consultation with specialists, when needed, will be arranged by the University Health Service and such specialty care will be the student's financial responsibility. **Direct visits to specialists without referral by the University Health Service are strongly discouraged.**

**Examinations**

1. A complete physical examination, comprehensive dental examination and a comprehensive eye examination, consistent with the standard University form, are required of every student.

   a. Students may have these done by their personal physician, their personal eye doctor (optometrist or ophthalmologist), or their personal dentist prior to matriculation. Forms will be distributed by the Division Office of Admissions and Student Affairs to each matriculant as part of the admissions package.

   b. Students may request that these examinations be done by the University Health Service after matriculation. The University Health Service will make appointments in as timely a manner as possible, and the appointments, once made, become an obligation of the student, and must be kept!

2. Reports of the three examinations (whether done privately or by the University) will be filed in the student's medical files.

3. Any follow-up recommended in the examinations will be the financial responsibility of the student. The University Health Service will press for the completion of any recommendations and correction of any problems.

**Immunization Requirements**

The following immunization procedures are **required of all students** at the Health Professions Division:

**Basic Immunizations**

Every student is required to have had an immunization for the following diseases prior to matriculating at Nova Southeastern University: diphtheria-pertussis-tetanus (or diphtheria-tetanus), measles-mumps-rubella, and poliomyelitis. A written memorandum of the immunization given and the date, signed by a physician, must be filed with the Office of Admissions on the day of registration at the latest. These basic immunizations are the financial responsibility of the student.

**Hepatitis B Vaccine**

Since every student at the Health Professions Division potentially can be exposed to this deadly virus, and since many rotation sites require it of personnel, we will administer and require Hepatitis B vaccination for every entering student during the first year. The cost of this vaccination will be supported through the Student Activities Fee.
**Tuberculosis**

Because of the resurgence of tuberculosis and the possible exposure of students, the Health Professions Division will require and provide a yearly tuberculosis test for every student. This, too, will be supported by the Student Activities Fee.

**Arrangements**

The University Health Service will schedule appointments for students for the tuberculosis testing and for the Hepatitis B vaccination. Because both of these require preparation, any student who does not keep a scheduled vaccination appointment will be required to pay for the immunization personally.

**AIDS Policy**

The University has adopted the following AIDS policy: Nova Southeastern University Health Professions Division recognizes its responsibilities for the health and welfare of its students, faculty and staff, as well as its responsibility to patients suffering from AIDS or harboring the Human Immunodeficiency Virus (HIV). While the Division does not subscribe to compulsory HIV testing either as a screening device or in individual cases, some rotation sites require this test and students must comply. As an institution of medical learning, the Division provides each student/faculty/staff person knowledge to understand the AIDS problem including AIDS testing, treatment and counseling by community services. The Division provides an annual seminar to all students, faculty and staff. The Division recommends universal precautions in all laboratory and clinical settings. The Division reserves the right to alter this policy as new information on AIDS becomes available.

The following guideline should be used:

Students should consult their physician for HIV testing or treatment immediately following exposure.

**Counseling and Psychological Services**

The University Center for Psychological Studies is cooperating with the Health Professions Division for providing psychological counseling. Students who need assistance should feel free to call the Center, located in the Maltz Psychology Building. The Program Coordinator for the Health Professions Division is Ms. Lori Kiesel, who can be reached at 262-5730. The Center's hours are:

- 8:30 a.m. - 9:00 p.m., Monday - Thursday
- 8:30 a.m. - 5:00 p.m., Friday
- 9:00 a.m. - 1:00 p.m., Saturday

Crisis counseling is available 24 hours a day.

**MEDICAL BENEFITS**

Since insurance is required, it must be submitted for health care. If any of these services are covered by individual insurance plans, or the Nova Southeastern University Health Professions Division insurance plans, reimbursements must be assigned to the University.

**DRUG FREE WORKPLACE: POLICY STATEMENT**

Nova Southeastern University Health Professions Division is deeply concerned about the issue of substance abuse and its effect on faculty, students, and staff. In addition, the University, as a recipient of Federal funding, is required, under the Drug-Free Work Place Act of 1988, to establish policies and procedures to discourage the illegal use of drugs, including alcohol, and encourage a healthy, drug-free educational and work environment.

The Division believes that prevention is the key to reaching these goals. As a result, the University has developed a prevention program that encompasses exploration of attitudes and education concerning substance abuse prevention and wellness issues. The Division also provides specific protocols to assist in identification, intervention and assistance for all people associated with the Division.
who have drug-related problems. In addition, as a training center for health care professionals, the institution accepts its responsibility to educate and assist the community, through our faculty and students, in the battle against drug abuse and addiction.

Although the Division wants to help its students, faculty, and staff, this assistance cannot be provided unless the impaired person is identified. Therefore, this first step rests with the individual or his or her classmates, teachers, associates, co-workers, family and friends.

If questions arise, they can be answered, confidentially, by contacting Daniel Shaw, Ph.D., Chair of the Department of Behavioral Medicine and Director of the Student Impairment Program, at his office in Room 1465, Terry Administration Building, (954) 262-1865.

Legal Consequence of Drug Use
The unlawful manufacture, distribution, dispensation, sale, possession, or use of any illegal drug are all subject to varying degrees of legal sanctions under various federal, state and/or local statutes. This may also be true of the inappropriate use of legal prescription drugs. A comprehensive listing of ALL federal penalties is available in DRUGS OF ABUSE, 1989 Edition, published by the U.S. Department of Justice, Drug Enforcement Administration.

Florida DUI (Driving Under the Influence) Law
Between 1991 and the present a number of changes have been made in the “DUI” Laws. The two major changes involve the ability of a police officer to take the intoxicated driver’s license “on the spot”. In addition, as of January 1, 1994, “the legal limit” for blood alcohol level has been reduced from 0.10% to 0.08%.

The definition of “under the influence” applies to alcohol, any and all controlled substances, and other psychoactive drugs that may impair driving. A police officer can stop any person who appears to be driving under the influence. Intoxication can be determined in the following manner:

1. Testing of urine and/or blood, when carried out in an appropriate manner.
2. Breath-o-lizer test for blood alcohol concentration.
3. Use of roadside sobriety test, with or without videotaping.
4. Any significant loss of psychomotor function or cognitive ability.

In Florida, permission for testing is considered to be implied when a person obtains a driver’s license. Specimens of urine or blood are used for evaluation. If the driver is unable to provide a urine specimen, a blood sample may be used. Blood samples may be obtained by an approved, licensed physician, registered nurse, or laboratory technologist or technician. If death or severe injury has occurred as a result of an accident, “the law enforcement officer may use reasonable force to obtain blood.” In addition, any driver that, in the opinion of the arresting officer, appears to have an impaired ability to drive, may be arrested.

In the case of alcohol, breath tests may be used instead of urine or blood tests. A blood alcohol level of less than 0.05% shall be considered NOT under the influence of alcohol; however, a level of 0.10% is not considered as being diagnostic although impairment may occur. The above testing can be carried out either at the request of the police officer or the driver.

Based upon the new 1994 standards, a 180-pound man would be considered legally intoxicated after having 4 drinks (12 oz. beer, 5 oz. wine or 1 oz. proof liquor) within a period of one hour. A 120-pound woman requires only a little over 2 drinks to reach this blood alcohol level.

The second major change allows a law enforcement officer to suspend the driving privileges of a person who has been
arrested by taking his or her driver’s license at the time of arrest. The officer will issue a seven-day temporary permit if that driver is otherwise eligible for driving.

**Penalties for Conviction**

All drivers convicted of driving while intoxicated will be required to attend and complete a court-appointed substance abuse course (DUI School). The Court may also require the driver to obtain an evaluation for drug dependency and/or treatment at a Court-approved treatment facility. The driver will be responsible for payment for the above.

Drivers with blood alcohol level of 0.08% or higher or impairment due to other scheduled or illicit substances will be subjected to the following penalties:

- **B.A.L. between 0.08% and 0.2%**
  - 1st Offense
    - Fine $250 - $500
    - Prison up to 6 months
  - 2nd Offense
    - Fine $500 - $1000
    - Prison up to 9 months
  - 3rd Offense
    - Fine $1000 - $2500
    - Prison up to 12 months
  - **B.A.L. of 0.2% and above**
    - 1st Offense
      - Fine $500 - $1000
      - Prison up to 9 months
    - 2nd Offense
      - Fine $1000 - $2000
      - Prison up to 12 months

- **3rd Offense**
  - Fine $2000 - $5000
  - Prison up to 12 months

- **Damage to property or another person**
  - First offense .......... Misdemeanor of first degree
  - Fourth offense ....... third degree felony
  - Serious injury ...... third degree felony
  - Death .................. DUI manslaughter - second degree felony

*The possession of an open alcohol container in a motor vehicle is prohibited.*

Any opened container must be locked in a non-passenger (trunk, glove box, etc.) space. Although not a criminal charge, carrying an open container is considered a moving traffic violation. Individual counties or cities may provide more stringent rules and punishments.

**Drug Free Workplace Awareness Program**

Since prevention and education are the keys to the battle against drug abuse, the Division has established the following drug-free awareness program. The Division will make a good faith effort to continue to maintain a drug-free workplace through the implementation of this program.

The program is designed to inform all students of:
1. the dangers of drug abuse in the workplace
2. the Division’s policy concerning maintenance of a drug-free workplace
3. the penalties that may be imposed for deviation from the policies, especially concerning the sale of illicit drugs, either on or off campus
4. the availability of the Division’s intervention and assistance program

35
ALL STUDENTS, AS A CONDITION OF ENROLLMENT IN THE UNIVERSITY, MUST AGREE TO ABIDE BY ITS DRUG FREE WORKPLACE POLICY

Drug Use Prohibition
The University's Health Professions Division prohibits the unlawful manufacture, distribution, dispensation, sale, possession, or use of any illegal drug or inappropriate use of prescription or over-the-counter drugs or alcohol by its students, either on or off campus. In addition, the consumption of alcoholic beverages on campus, or the use of alcohol by persons under twenty-one, at any time, is strictly prohibited, except under direct supervision at approved social functions at the Rec-plex.

Any student who violates this prohibition will be subject to action by the University. Students identified as being drug dependent or addicted will be REQUIRED to participate and successfully complete a treatment program administered by the Division's impairment program. Those licensed under the various Professional Practice Acts that appear to be suffering from addictive disease (including alcoholism) or from other forms of impairment will be confidentially referred to the appropriate division of the Physicians Recovery Network (PRN). Other action will be determined on an individual basis but may include, though not limited to, reprimand, suspension, or dismissal.

Illegal Activity
Illegal drug related activity, within or beyond the University grounds, will not be tolerated. Any drug related criminal act that comes to the attention of the University, whether on or off campus, will be thoroughly investigated. If confirmed, the offender will be subject to disciplinary action up to and including dismissal. In addition, the University is legally obligated to report the activity to the appropriate federal, state or local law must be reported within five days. Students should report such incidents to Dr. Daniel Shaw, Chairman of the Impaired Students Committee, Room 1465 in the Terry Administration Building.

Impaired Students

Intervention Protocol
1. The Impaired Student Program (ISP) of the Health Professions Division is designed to provide students with assistance in dealing with one of the most severe disabling diseases known to medical science. The Program is designed to identify and treat students suffering from substance (including alcohol) abuse or addiction in a compassionate, non-punitive manner in keeping with the spirit of the tenets of the healing arts. In addition, the Program is available to evaluate students having other problems resulting in academic, professional, interpersonal or intrapsychic impairment.

2. All students in all classes will be informed of the availability of the Impaired Student Program.

   a. A description of the Program is listed below. The Program Director can be reached at the Terry Administration Building Room 1465, Ext. 1865.
   b. The ISP will be discussed during Freshman Orientation.
   c. Presentations by the Program Director and/or other appropriate speakers will be made each year to all classes when possible.
   d. Faculty, staff, administration, and clinical supervisors will be informed of the existence of the Program.

   a. Self-disclosure will be strongly encouraged.
   (1) Students may contact the Director at (954) 262-1865.
   (2) If suspected addictive behavior is noted by a number of people, it is appropriate to discuss these issues with the potentially impaired person, encouraging that person to self-disclose prior to the behavior being reported to the Director of the ISP.
   (3) Anonymity will be maintained.

b. In order to provide maximum protection to the student, initial intervention will be carried out by the ISP Director, Dr. Daniel Shaw, and/or his designee.
   (1) Dr. Shaw will be provided with an up-to-date list of addresses and phone numbers of all students, thus avoiding the need to contact school staff to obtain specific contact numbers.
   (2) The student will be contacted personally by the ISP Director, indicating that he believes that a potential problem may exist.
   (3) An appointment will be made and must be kept by the student within 24 hours of this initial contact. If necessary, the student may be instructed to miss a scheduled class.
   (4) Urine and/or blood samples may be required at the ISP Director's discretion.
(5) Failure to comply with this protocol will result in confrontation by the entire ISC.

c. If all other attempts fail, the suspected dysfunctional student will be reported to administration which, if the student is confirmed as impaired, will have the option to take whatever action it deems necessary. The ability of ISC to intercede will be greatly reduced under these conditions.

Treatment Protocol

1. The goal of treatment is to assist the student who is disabled due to drug or alcohol abuse or dependency to return to full function physically, psychologically and academically.

   a. The Committee will take appropriate action rapidly.

   (1) Confidentiality will be maintained.

   (2) An individualized treatment plan will be developed by the Committee.

   (a) Actual treatment will be initiated as soon as possible.

   (b) Consideration will be given to the use of all treatment modalities on both an inpatient and outpatient basis.

   (3) Every attempt will be made to set up a treatment plan that will allow the student to stay in school without interruption.

   (4) If inpatient treatment is necessary, the student will be assured that he or she will have every opportunity to continue his or her education without prejudice.

   (a) Administration will be briefed on a "need to know" basis.

   (b) The ISC will act as the student's advocate. Studies as soon as possible.

   (5) If inpatient treatment becomes lengthy, it is understood that the student's ability to continue with his or her class may not be possible.

   (6) The student will be allowed to continue his or her education at the earliest possible date.

   b. Student involvement in the various self-help activities related to his or her treatment.

      (1) Outpatient therapy

      (2) Urine/blood tests

      (3) Inpatient therapy

   c. Drug testing may be carried out at any time during treatment. Testing will be carried out on a random basis.

2. Resources

   a. All forms of treatment available to physicians, physician assistants, pharmacists, optometrists, occupational therapists, physical therapists and dentists licensed in the State of Florida through the respective professional or governmental organizations will be open to our enrolled students.

   Physicians: Through the FMA/FOMA Impairment Program

   Pharmacists: FPA Impairment Program
Optometrists: the Florida Department of Business and Professional Regulation Impairment Program

Physician Assistants: Physicians Recovery Network

Occupational Therapists: Program for Impaired Practitioners: 1-800-888-8776

Physical Therapists: Program for Impaired Practitioners: 1-800-888-8776

b. Student involvement in the various self-help programs will be used as an integral part of treatment.

(1) Alcoholics Anonymous: (954) 462-0265
(2) Narcotics Anonymous: (954) 472-9297

Since, as with other chronic diseases, continued treatment does not guarantee continued remission, students suffering exacerbations while in treatment will not be subject to punitive action, and the student will receive full benefit of the Program.

a. Failure to follow the prescribed course of treatment will result in a report to the administration.

b. Drug-dealing will not be tolerated.

c. The ISC will no longer be able to protect the student.

d. The possibility of punitive action at this point, including expulsion, is up to the administration.

5. Successful treatment will be judged by:

a. Abstinence.

b. Successful return to all aspects of life.

ACADEMIC AFFAIRS

Grading Policies and Procedures
At the completion of each course, the course coordinator shall have the responsibility for completing and signing the computer grade roster sheet provided by the Office of the Registrar, listing all students in the course and their grades.

Within ten working days following completion of the course, the course grade roster sheet will be forwarded directly under confidential cover to the Office of the Dean.

After signature by the Dean or his designee, course grade roster sheets will be forwarded, under confidential cover, to the Office of the Registrar for official recording on the student’s transcript within five working days of receipt from the course coordinator.

The Dean shall notify students, through written communication, of any unsatisfactory grade and the procedures for recourse if appropriate.

A copy of the student communication will be sent, under confidential cover, to the Dean, Registrar, and Chair of the Student Progress Committee for retention in the student’s individual files, and any other action if appropriate.

First and Second Year
Grading for first- and second-year medical science students will be based on the following: Seventy percent or above is passing; below 70 is failing.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Equivalent</th>
</tr>
</thead>
<tbody>
<tr>
<td>90 - 100</td>
<td>A</td>
</tr>
<tr>
<td>80 - 89</td>
<td>B</td>
</tr>
<tr>
<td>70 - 79</td>
<td>C</td>
</tr>
<tr>
<td>Below 70</td>
<td>F</td>
</tr>
</tbody>
</table>

Incomplete = I (must be removed by the end of the next semester, or the end of the semester when the course is offered; otherwise, it will automatically convert to an "F")

Withdrawal = W
Audit    = AU
Pass     = P
Fail     = F

A student who earns a course grade lower than 70%, or an "F," may be given the opportunity to repeat each such course.

Grade Disputes
Grade disputes should be directed to the course instructor. If unresolved, the dispute is forwarded to the course director for review. If necessary, a review will be conducted by the Department Chair, and finally, the Dean.

Incomplete Course Work
When a student fails to complete all the requirements of a course, the student shall receive a grade of "I" (incomplete). The Student Progress Committee will consider recommending academic probation for a student who receives a grade of "incomplete."

An "I" will be changed to an earned grade upon a student’s satisfactory completion of the course requirements.

A change from an incomplete to an earned grade must occur prior to the beginning of the next academic year, or it will automatically convert to an "F."

Withdrawal from a Course
Students in their first or second years may withdraw from a course and receive the notation of "WP" (withdraw passing) or "WF" (withdraw failing) on their transcript. They must request this in writing to the Dean prior to the course being 50% completed. A course will be considered 50% completed when half of all the lectures have been delivered. Once the course is more than 50% completed, no withdrawals will be allowed and the student will receive his or her earned grade.
Academic Advisors
Prior to the start of classes, every new student is assigned to a faculty advisor for academic counseling. Incoming students meet with their advisors during orientation. They also are encouraged to meet periodically with their advisors to review classwork in order to avoid academic problems.

Academic Standing
Each student's academic achievement is reviewed each semester, and a transcript is compiled by the Registrar. A copy of this transcript is sent to the student, Dean's Office, Student Progress Committee, and Financial Aid Office, where applicable.

The transcript includes:
- Grades earned
- Deficiencies
  (incompletes, failures, probation, etc.)
- Semester GPA and Cumulative GPA
- Honors
  (Chancellor's List, Dean's List, etc.)
- Withdrawals.

Academic Promotion
Promotion is defined as progression from one academic semester to the next. To be making satisfactory academic progress, students must have satisfactorily completed all courses required in the preceding academic semester in order to move to the next academic semester.

A student's professionalism, maturity of thought, and/or academic performance will be considered in academic promotion.

This review will be forwarded to the Student Progress Committee or, if it is felt that more immediate action is necessary, forwarded to the Dean. The Dean will either take action he deems appropriate or refer the matter to the Student Progress Committee.

Academic Curriculum Committee
The Academic Curriculum Committee:
1. Reviews and evaluates all curricular schedules and other related materials presented by the Dean
2. Makes recommendations for any curricular modifications after seeking appropriate input from the individual faculty members, student evaluation reports and any other pertinent resources
3. Forwards final recommendations for curricular scheduling and content to the Dean for approval.

Student Progress Committee
The Student Progress Committee has the responsibility for evaluating the academic progress of each student and making recommendations to the Dean regarding student promotion. The Committee meets regularly to review and evaluate the records and performance of students with academic difficulties and develop recommendations to assist them in the remediation of academic deficiencies. When appropriate, the Committee may meet with students to gain more in-depth understanding of the basis for academic difficulties and work with them to provide academic counseling or other types of assistance that may be of value.

Course and Instructor Evaluations
Each student has a responsibility in his or her professional development to provide constructive evaluation for each course and instructor in the curriculum. This responsibility will be met by participation in course evaluations that are routinely administered by the College. The College would hope that each student would sincerely accept this responsibility and obligation in a constructive manner so that optimal feedback can be provided. This input can facilitate student welfare by promoting changes that will improve the educational effectiveness of the curriculum as well as assist faculty by providing them with constructive input that may aid them in making improvements in their
teaching strategies. The course/instructor evaluation system is designed to be a process by which students, through their individual class curriculum committees, will assist not only in providing input but in working with faculty and administration in the implementation and coordination of the evaluation system.

**Graduation Requirements**

Degrees are awarded when the faculty believes the students have attained sufficient maturity of thought and proficiency. In other words, degrees are not awarded only upon the completion of any prescribed number of courses, or upon passing a prescribed number of examinations.

In order to be eligible for the degree of Master of Biomedical Sciences, each student shall:

1. Have exhibited the moral, ethical, professional, behavioral, and personal characteristics determined to be necessary
2. Have satisfactorily completed the program of study required for the degree, with a minimum of 40 credit hours of course work, with a minimum GPA of 80
3. Have satisfactorily met all financial and library obligations
4. Participate, in person, in the rehearsal and commencement program at which time the degree is conferred

**STUDENT AFFAIRS**

**Classroom Behavior**

Talking during a lecture to those nearby is disturbing to others who desire to hear the lecture. The instructor may dismiss anyone from class who is involved in disruptive behavior.

**Dress Code**

Student must maintain a neat and clean appearance befitting students attending graduate school. Therefore, attire should convey a professional appearance whenever the student is on the main campus, or at any off-campus educational site.

The Dress Code is to be maintained at all times in the Administration Building, classrooms, laboratories, and all areas involved in providing patient care. Additionally, it is in force – Monday through Friday from 8:00 a.m. until 5:00 p.m. – in the library, and in other areas not mentioned above. Those failing to comply may be dismissed from the classroom and/or the campus.

The following constitute acceptable and professional attire:

1. **For male students:**
   a. Slacks or pants
   b. Dress shirt
   c. Shoes and socks
   d. Necktie
   e. Matching scrub suits in lieu of “a” and “b” (when appropriate, e.g. anatomy laboratory)
   f. White clinic jacket

2. **For female students:**
   a. Slacks, pants, or skirt with blouse
   b. Dress
   c. Shoes
   d. Matching scrub suits in lieu of “a” or “b” (when appropriate, e.g. anatomy laboratory)
   e. White clinic jacket

Students may not wear the following:

1. Shorts or cut-offs
2. Mini skirts (higher than mid-thigh)
3. Jeans
4. See-through clothing or halter tops
5. Sandals, thongs or flipflops
6. Tee-shirts (as the outer shirt)
7. Jogging or exercise clothing
8. Inappropriately mismatched garments
9. Hats or caps, unless of a religious nature

**Attendance**
The overall attendance policy of the Health Professions Division of Nova Southeastern University relates to all medical science students. Each course director, however, has the responsibility for determining how attendance is monitored (how roll is taken) and for communicating to students, early in the course, their individual policies regarding attendance within that course, including his or her policy and penalties for unexcused absences. If laboratories, assignments, or examinations missed are to be made up, they will be done at the direction and discretion of the course director.

The Dean will make the determination as to whether an absence is "excused" or "unexcused."

**Leave of Absence**
A student desiring a voluntary leave of absence must submit a written request to the Dean of the College or his designee, who will then determine whether or not the leave of absence is to be granted, and the date and conditions under which the student may return to school. In making such a request, the student understands that he or she cannot return to school before the next academic year. Voluntary leave of absence is granted only to students in good standing.

**Code of Behavioral Standards**
The Dean of Nova Southeastern University College of Medical Sciences presents the following Code of Behavioral Standards (the "Code"), which shall apply to all students enrolled in the College.

Students enrolled at Nova Southeastern University College of Medical Sciences are expected to adhere to high standards of behavior. Compliance with institutional rules and regulations as well as city, state, and federal laws is expected.

Students shall act honorably and ethically and shall not tolerate dishonest, unethical actions, or inappropriate conduct. It is not possible to enumerate all forms of inappropriate behavior which would raise serious questions concerning a student's status as a graduate student. The following, however, are the general rules and policies which shall apply to students:

1. Every student shall dress in a manner appropriate for graduate school:
   a. Students must maintain a neat and clean appearance befitting students attending graduate school. Therefore, attire should convey a professional appearance whenever the student is on university grounds, or in classes or laboratories.
   b. Identification badges must be worn at all times when the student is on campus.
   c. Short white clinic jackets must be worn at all times on campus.

2. No student shall use, possess or distribute illegal or controlled drugs or substances, unless prescribed by a licensed physician.

3. No student shall consume or possess alcoholic beverages in any form on Division-controlled property.

4. No student shall use, display, possess or distribute a firearm or other weapon, or any implement
which may be considered a weapon, on University-controlled property, including housing, or at any University-sponsored event.

5. No student shall commit disorderly conduct, including public intoxication or lewd, indecent or obscene conduct or expression on the campus premises or at any college-sponsored or supervised function or event.

6. No student shall intentionally or recklessly endanger or threaten the mental or physical health or well-being of any member of the College community or any visitor to the campus premises.

7. No student shall commit a dishonest act of any nature, and shall comply with all university, division and college policies.

Every member of the college community has the duty to file a complaint with the Committee on Behavioral Standards (the “Committee”) whenever it is felt a substantial violation of the Code has occurred. Failure to report a violation of the Code is itself a violation.

Committee on Behavioral Standards

The Committee on Behavioral Standards shall be comprised of three students elected during the first week of September, and two faculty members selected by the Dean. One student shall be elected as Chair by majority vote of the Committee members. Three members and the Chair shall constitute a quorum.

The Committee shall have the nonexclusive authority to determine all charges of student misconduct, whether didactic, moral, professional or ethical, for students in their didactic studies.

Proceedings to determine whether a student has violated a Rule of Conduct shall conform to the following procedure:

1. Nothing shall limit the right of Nova Southeastern University College of Medical Sciences, or any of its representatives, to remove immediately a student who has been accused of a violent act or any act which constitutes a violation of a state, local or federal criminal law, subject to further proceedings consistent with these rules. A student who has been removed from campus premises shall not re-enter until the student has been given written permission to do so by the Dean or the Dean’s designee.

2. Nothing shall prevent the Dean from taking action deemed necessary, including removing a matter from the Committee’s consideration whenever, in the Dean’s judgment, such action may prevent harm to the health, safety and welfare of any individual or school property, or the integrity of the educational process.

3. Nothing shall limit the right of the College, or any of its representatives or students, to file a report with any civil or law enforcement agencies when such reporting is appropriate.

4. Any member of the College community may file a written complaint with the Dean, setting forth specific charges that a student has violated the Code.

5. The status of a student charged with violation of the Code shall not change until final disposition of the charges, except as provided in paragraphs 1 and 2 above.

6. The Dean shall notify the student charged and have the Committee on Behavioral Standards conduct a preliminary investigation to determine probable cause within five school days after receiving the complaint.
7. At the conclusion of the investigation the Dean shall deliver a copy of the written charges and findings of the investigation to the student by witnessed personal delivery or certified mail, return receipt requested, in the event of a determination that probable cause exists to believe the student has violated the Code.

8. Meetings of the Committee on Behavioral Standards shall be held within ten school days of the determination of probable cause.

9. The Committee shall deliver written notice of the time, place and subject of the hearing to all interested parties at least five days prior to the hearing, unless the Committee waives that period of time for good cause.

10. If no probable cause is determined, the student shall be notified and the matter terminated.

**Hearing Procedure**

1. The student charged shall be entitled to be present during every stage of the disciplinary proceedings. The student charged shall have the right to have a faculty advisor present. The advisor may not speak to or question any member of the Committee or witnesses. The advisor may only counsel the student charged.

2. The student charged shall be entitled to hear and question adverse witnesses.

3. The Committee shall consider only evidence presented at the disciplinary hearing in determining whether the student charged has violated the Code.

4. Proceedings before the Committee shall exclude everyone except the person who has filed the written charge of violation of the Code, the student charged, the student’s advisor, if any, and members of the Committee. Any witness who may be called shall remain in the hearing only during that witness’s presentation of information.

5. At the conclusion of the hearing, the members of the Committee who were present at the proceeding and who heard all of the evidence shall meet privately to consider the evidence presented.

6. The Committee shall determine by a vote of the majority whether the student charged has violated the Code.

7. The Chairperson shall set forth in writing the Committee’s decision as to whether the student charged has violated the Code, together with the facts found by the Committee to support their determination.

8. After the Committee has made a determination of violation, the Committee shall make a separate determination of the appropriate penalty, conduct further proceedings and take additional evidence or testimony as the Committee deems necessary and appropriate. Prior discipline shall be considered an aggravating circumstance.

9. The Committee shall cause its determination of an appropriate penalty to be set forth in writing, delivered to the student charged, by witnessed hand-delivery or certified mail, return receipt requested, within five school days after the conclusion of the disciplinary proceedings.

**Discipline**
The Committee shall have the right to impose the following penalties:
Warning — Oral notification to the student that continuation or repetition of wrongful conduct may be cause for more severe disciplinary penalties

Censure — Written reprimand for violation of specific rules with the warning that any other violation of the Code, within a stated period of time, may be cause for more severe disciplinary penalties

Restitution — Payment of a specific sum of money to an injured party and/or performance of specified rehabilitative services within a stated period of time

Loss of Privileges — A period of time continuing during the present academic term and extending to the next full academic term during which the student is prohibited from: (1) Participating in student activities; (2) Holding an office; or (3) Being elected to any honorary organization — and during which the student is required to refrain from any further violation of the Code, and to perform such community services, or comply with any other requirements intended to rehabilitate the student

The Committee on Behavioral Standards may recommend to the Dean:

Suspension — Removal from the academic enrollment and revocation of all other privileges or activities and from the privilege of entering the campus premises for a period of time not to exceed two years.

Expulsion — Permanent termination of student status and academic enrollment. (This shall be imposed only upon further recommendation of the Dean, and approval of the Chancellor of the Health Professions Division of Nova Southeastern University. An order of expulsion shall set forth in writing the conditions which will permit re-admission, if any.) Such recommendations are not binding on the Dean, who has the discretion to accept, reject, or modify such recommendations.

Student Records
The determination of the Committee on Behavioral Standards including allegations shall be maintained in the files of the Dean for not less than five years.

The record of suspension or expulsion and the date of each determination shall be placed in the student’s permanent records.

Appeal Procedures
1. Except for a student charged with violent conduct, any penalty assessed for violation of the Code shall be suspended during pendency of any appeal procedure.

2. Any student found to have violated the Code may request review of that determination, or review of the penalty imposed or recommended by the Committee, by delivering a written request to the Dean not later than five school days after the Committee has served a copy of its final determination upon the student.

3. Upon the receipt of the request for review, the Dean shall obtain a copy of the summary of the disciplinary proceedings, the determination of violation and the determination of penalty, if any, from the Committee.

4. The Dean may invite the student and any other necessary person to appear for a review session and to answer questions. The student may be
permitted to state the student’s objections to the determination of the Committee. The review shall take place within a reasonable period of time.

5. The Dean shall make one of the following determinations in regard to the review:
   a. Affirm the decision of the Committee
   b. Modify the decision of the Committee
   c. Reject the decision of the Committee

6. The Dean shall deliver a decision in writing to the student and the Committee within a reasonable period of time after the review.

7. A student may request a re-hearing on any actions of the Dean by submitting written notice within five working days of receipt of notification. The Dean may interview the student and will render a decision in a timely fashion. For any decision of the Dean, after rehearing, the student may appeal that decision to the Executive Vice Chancellor by submitting a letter to the Executive Vice Chancellor within five working days of receipt of the notification of the Dean’s decision. The student may be interviewed and will be notified of the Executive Vice Chancellor’s decision in a timely fashion. A student may request a re-hearing on any actions of the Executive Vice Chancellor by submitting a letter to the Chancellor within five working days of receipt of notification. The student may be interviewed and will be notified of the Chancellor’s decision in a timely fashion.

If no appeal is undertaken, the penalty imposed by the Committee shall take effect immediately upon the expiration of the time to deliver a request for review to the Dean. If an appeal is taken, the penalty, if any, imposed at the last step of the appeals process, shall become effective upon notification to the student.

DISMISSAL, SUSPENSION, AND RE-ADMISSION POLICIES

Dismissal
Students may be dismissed from the College of Medical Sciences if:

1. They earn less than a 80% grade in each of two or more classroom courses;
2. They do not achieve an overall average of 75% during any semester;
3. They fail a course they are repeating;
4. They exceed a six-year limit for completing all graduation requirements, exclusive of any approved leave of absence or withdrawal in good standing;
5. In the opinion of the Dean, circumstances of a legal, moral, behavioral, ethical, or academic nature warrant such action, or if, in the Dean’s opinion, there are factors that would interfere with or prevent them from meeting appropriate professional standards.

Re-admission Following Dismissal
If a student is dismissed from the College of Medical Sciences, he or she may re-apply to the Dean for admission and will be considered, provided that he or she can present adequate evidence that the conditions and/or factors which caused the prior poor academic performance have changed significantly, so that there is reasonable expectation that the applicant can perform satisfactorily if permitted to resume his or her studies.
Re-admission will be solely at the discretion of the Dean. The student’s prior academic record will remain part of his or her overall academic record and will be recorded on the permanent transcript, but none of the prior grades will be calculated in the new grade point average.

**Suspension**

A student may be suspended (removal from the academic enrollment and revocation of all other privileges or activities and from the privilege to enter the campus for a specified period of time) if, in the opinion of the Dean, the student has not attained the academic level and/or has deviated significantly from the standards of behavior established by the College of Medical Sciences.

**Re-admission Following Suspension**

If a student is suspended from the College of Medical Sciences, he or she may return to the College when, in the opinion of the Dean, he or she can present adequate evidence that the conditions and/or factors which caused the suspension have changed significantly so that there is a reasonable expectation that the student can perform satisfactorily if permitted to resume his or her studies. The student's prior academic record will remain part of his or her overall academic record and will be recorded on the permanent transcript, but none of the prior grades for courses being retaken will be calculated in the new GPA.

**Academic Probation**

The Student Progress Committee will make a recommendation for academic probation to the Dean when a student has failures or is otherwise not making satisfactory progress towards meeting degree requirements. When a student is placed on academic probation, the student will be notified and notice will be placed in the student’s file.

While on academic probation, students who fail any course may be dismissed from the College.

While on academic probation, a student may not hold any office in a student, College, Division or University-sponsored organization. Other restrictions may be applied by the Dean.

When the student has corrected all deficiencies, the Student Progress Committee will recommend that the Dean remove the student from academic probation. If, while on probation, the student violates the terms of his or her probation, actions may be taken, up to and including dismissal from the College of Medical Sciences.

**Disciplinary Probation**

When it is believed that a student has failed to achieve sufficient maturity of thought or professionalism, disciplinary probation may be recommended to the Dean. If the Dean places a student on disciplinary probation, the student may not hold any office within any College, Division, or University-recognized organization, and the Dean may institute other probationary terms, including but not limited to counseling, supervision of professional appearance, attendance, and general demeanor.

If, while on disciplinary probation, the student violates the terms of his or her probation, actions may be taken, up to and including dismissal from the College of Medical Sciences.

Disciplinary probation will be removed when it is believed that the student has attained sufficient maturity of thought and professionalism.

**Transfer of Credits**

Transfer credit of no more than six semester hours and waiver policies will be granted at the discretion of the Dean, but shall be in accordance with the educational mission and objectives of the College of Medical Sciences.

1. Transfers from one graduate college to another graduate college shall require that the last year of instruction be completed within a graduate college.
2. Transfer credits shall be given only if the student is eligible for re-admission to the previously attended graduate college.

**Appeal Policy**

**Academic Matters**
Academic matters shall include all concerns related to specific grades received or processes by which grades are determined.

A student seeking to appeal a decision that has been established regarding any academic matter, should seek solutions through the following administrative channels by entering at the appropriate level and proceeding in the order stated:

1. Course Instructor
2. Course Coordinator or Director
3. Department Chairperson
4. Student Progress Committee
5. Dean
6. Executive Vice Chancellor
7. Chancellor

The student seeking to resolve a problem or complaint through the administrative channels above must initiate such action in writing within five school days from the occurrence of the matter in question. Review of a student problem and complaint at each of the applicable administrative steps will be carried out as expediently as possible. In general, every effort should be made to see that an appeal, at any given administrative level, is completed within no more than five school days.

If either party is not satisfied with the decision given, he or she may appeal to the next administrative level. If he or she chooses to continue the appeal, he or she must do so in writing within three school days of the decision given. Following a decision from the Dean, if a satisfactory solution is not reached, the student may appeal to the Executive Vice Chancellor and Provost, and then the Chancellor, of the Division.

**Non-Academic Matters**
In all other non-academic matters not addressed in this Handbook, initial appeals will be made directly to the Dean by submitting a written request for a hearing within five school days of the incident's occurrence. The Dean will then interview the student and render a decision in a timely fashion. If the decision is not satisfactory to the student, he or she may then appeal the action to the Dean within five school days of the receipt of the notification. Again, the student will be interviewed and notified of the Dean's action in a timely fashion. If the decision is not satisfactory to the student, a final appeal is available to the Executive Vice Chancellor and Provost, and then the Chancellor, of the Health Professions Division. This should be done in writing within five school days of the previous decision. The decision of the Chancellor shall be final.

**Student Activity Groups**
All extra-curricular activities by Division-recognized organizations, on campus and off campus, must be approved in advance by the Division Office of Student Affairs, and must be listed in order to avoid conflicting functions. Requests for permission for speakers, student meetings, and other activities on campus should be made on forms provided by the Office of Student Affairs at least two weeks in advance. Activities must be approved by the Office of Student Affairs before a room can be assigned by the Coordinator of Educational Support, and no meeting announcements may be made until approval is granted.

**Health Professions Division Student Government**
The Health Professions Division Student Government is recognized by the Administration as the official student voice on all student issues. The student members of the
organization are the President and Vice-president of each College's Student Council.

**Student Responsibility to Obtain Information**
Each student enrolled in the College of Medical Sciences is individually responsible for knowledge of the current academic regulations, the general and specific requirements and the operational policies, as contained in the *College Handbook, College Catalog* and other official documents or announcements of the College.

Students are responsible, for example, for being aware of their grades, the procedures for remediation, and the times and locations of all examinations — regardless of whether or not they have received written or formal communication.

As the Chief Academic Officer of the College of Medical Sciences, the Dean reserves the right to revise or modify any of these policies at any time, if he feels it is in the best interest of a student or the College to do so.
