PREFACE

This handbook is designed to act as a basic guide for the Health Professions Division student. It will serve as an introduction to the Division policies and standards, and to the community, and will be a source of reference supplemental to the Division catalog.

This handbook is divided into three parts. The first section is University information for all students. The second section (pages 11-42) consists of information relating to the entire Health Professions Division and is applicable to all students. The third section, starting on page 43, contains material that is applicable only to the students of a specific college. Such material may differ from college to college.

The objective of the Division is to offer the finest professional health care science training and education to its students with the purpose of developing competent osteopathic physicians, pharmacists, optometric physicians, physician assistants, occupational therapists, physical therapists, dentists, and public health professionals. Toward that end, this handbook will offer a description of Division facilities, financial affairs, academic affairs, procedures and policies, student services, student activities and on-campus Division services.

REVISIONS TO THIS HANDBOOK

Changes in the content of this Student Handbook may be made, at any time, by the University, Division or College Administration. Adequate notice of anticipated changes will be given to student, whenever possible. This Student Handbook supersedes all previous handbooks, documents, and directives where they may be in conflict.
PART I

1998-1999
MISSION STATEMENT

Nova Southeastern University is a dynamic, not-for-profit independent institution dedicated to providing high quality educational programs of distinction from preschool through the professional and doctoral levels, as well as service to the community. Nova Southeastern University prepares students for lifelong learning and leadership roles in business and the professions. It offers academic programs at times convenient to students, employing innovative delivery systems and rich learning resources on campus and at distant sites. The University fosters inquiry, research, and creative professional activity by uniting faculty and students in acquiring and applying knowledge in clinical, community, and professional settings.

POLICY OF NON-DISCRIMINATION

Nova Southeastern University admits students of any race, color, sex, age, nondisqualifying disability, religion or creed, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

STATEMENT OF ACADEMIC RIGHTS AND RESPONSIBILITIES

Nova Southeastern University, as a community of women and men, is committed to furthering scholarship, academic pursuits, and service to society. As an institution, its purpose is to assure all students an equal opportunity to fulfill their intellectual potential through pursuit of the highest standards of academic excellence.

Certain rights and obligations flow from membership in any academic community committed to such goals:

• The rights of personal and intellectual freedom, which are fundamental to the idea of a university.

• A scrupulous respect for the equal rights and dignity of others.

• Dedication to the scholarly and educational purposes of the University and participation in promoting and assuring the academic quality and credibility of the institution.

Students are responsible for obtaining, learning and observing the established University and center policies as listed in all official publications. In addition, students must comply with the legal and ethical standards of the institution as well as those of national, state, and local governments and agencies. All members of the community should inform the appropriate official of any violation of conduct regulations.

ACCREDITATION

Nova Southeastern University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1886 Southern Lane, Decatur, Georgia 30033-4097, Telephone number 404-679-4501) to award bachelor’s, master’s, educational specialist, and doctoral degrees.
GENERAL INFORMATION

ADDRESS CHANGES/NAME CHANGES

It is very important for the University to have your current local address, telephone number, name, etc. on file so that we can contact you. If, after enrolling, any information of this type changes, complete a DATA CHANGE FORM and return it to the Office of the University Registrar, First Floor, Horvitz Administration Building. A copy of this form must also be returned to the appropriate Dean's office.

BOOKSTORE

Textbooks should be purchased before the first day of classes. Books and diagnostic equipment (stethoscopes, blood pressure cuffs, ophthalmoscopes, otoscopes, etc.) may be purchased at:

Nova Books, Rosenthal Student Center, 1st Floor
Phone: (954) 262-4750 or 800-509-BOOK
Fax: (954) 262-4759
E-mail: novabook@nsu.acast.nova.edu
Hours: Monday - Friday 8:30 a.m. - 6:15 p.m.
Saturday 10 a.m. - 1:30 p.m.
Call for information about extended hours at the beginning of the semester. Students at off-campus locations may order textbooks by phone, fax, or e-mail. Course number and site location must be indicated when ordering or requesting books. Books are shipped via UPS, usually within 24 hours. Textbook titles are posted on the Student Services Bulletin Board on the third floor of the Parker Building.

CAMPUSS PUBLIC SAFETY

The Public Safety Department is an independent unit that provides protection and service for all students 24 HOURS A DAY. Students can reach the office at 262-8981, Monday-Friday 8 a.m. to 5 p.m., and after hours and on weekends at 262-8999. Public Safety should be called in all emergencies, to report a theft, or to report a suspicious person or situation. Public Safety also provides services such as vehicle battery jump starts, auto lockouts and entry into buildings or offices when locked out. The "NOV ALERT" emergency number is 262-8999 (8999 on campus phones).

E-MAIL ACCOUNTS

The administration, faculty and staff of the Health Professions Division are committed to the effective use of emerging technologies across all academic and professional disciplines. Any student can receive instruction on the use of the University's E-mail system and Campus Wide Information System (CWIS). Each student enrolled in the Health Professions Division must apply for and obtain an on-line account on the University's computing facility. Students can utilize their on-line accounts for intra-campus communication and for submission of class assignments as required by faculty. All use of the University's computing facilities must be in accordance with all applicable policies and/or guidelines as promulgated by the University administration.

Students will be provided a personal account on the University's UNIX-based Sun Sparc server, called "HPD," upon request. With this account, students may communicate via E-mail with faculty and other students, both at the University and at other locations around the world. Full Internet access is provided via a user-friendly, Lynx-based, on-line menu system. If you wish to sign up for a class, please call 262-1500 to schedule a class and to receive an application form and instructions.
Acceptable Use Of Computer Resources

This policy provides guidelines for the appropriate and inappropriate use of the computing resources of Nova Southeastern University. It applies to all users of the University's computing resources including students, faculty, staff, alumni, and guests of the University. Computing resources include all computers, related equipment, software, data, and local area networks for which the University is responsible as well as networks throughout the world to which the University provides computer access.

The computing resources of Nova Southeastern University are intended to be used for its programs of instruction and research and to conduct the legitimate business of the University. All users must have proper authorization for the use of the University's computing resources. Users are responsible for seeing that these computing resources are used in an effective, ethical, and legal manner. Users must apply standards of normal academic and professional ethics and considerate conduct to their use of the University's computing resources. Users must be aware of the legal and moral responsibility for ethical conduct in the use of computing resources. Users have a responsibility not to abuse the network and resources, and to respect the privacy, copyrights, and intellectual property rights of others.

In addition to the policy contained herein, usage must be in accordance with applicable University Policies and applicable State and Federal laws. Among the more important laws are the Florida Computer Crimes Act, the Federal Computer Abuse Amendment Act 1994, the Federal Electronic Communications Privacy Act, and the U.S. Copyright Act. Copies of these laws and the NSU Copyright Policy may be examined in the University Office of Academic Affairs.

Policy violations generally fall into four categories that involve the use of computing resources to:

1. harass, threaten or otherwise cause harm to specific individuals or classes of individuals
2. impede, interfere with, impair, or otherwise cause harm to the activities of others
3. download, post or install to University computers, or transport across University networks, material that is illegal, proprietary, in violation of license agreements, in violation of copyrights, in violation of University contracts, or otherwise damaging to the institution
4. recklessly or maliciously interfere with or damage computer or network resources or computer data, files, or other information

Examples (not a comprehensive list) of policy violations related to the above four categories include:

- sending an individual or group repeated and unwanted (harassing) E-mail or using E-mail to threaten someone
- accessing, or attempting to access, another individual's data or information without proper authorization (e.g. using another's computing account and password to look at their personal information)
- propagating electronic chain mail or sending forged or falsified E-mail
- obtaining, possessing, using, or attempting to use someone else's password regardless of how the password was obtained
- copying a graphical image from a Web site without permission
- posting a University site-licensed program to a public bulletin board
- using illegally obtained licensed data/software, or using licensed data/software in violation of their licensed or purchase agreements
- releasing a virus, worm or other program that damages or otherwise harms a system or network
- preventing others from accessing services
- attempting to tamper with or obstruct the operation of NSU's computer systems or networks
• using or attempting to use NSU’s computer systems or networks as a means for the unauthorized access to computer systems or networks outside the University
• distributing child pornography via the Web
• using University resources for unauthorized purposes (e.g., using personal computers connected to the campus network to set up web servers for illegal, commercial, or profit-making purposes)
• violating Federal copyright laws or the NSU copyright policy

Inappropriate conduct and violations of this Policy will be addressed by the appropriate procedures and agents (e.g., the Office of the Dean, the Office of the Executive Provost for Academic Affairs, or the Office of Human Resources) depending on the individual’s affiliation to the University.

EMERGENCY EVACUATION PROCEDURES

1. All employees and students must calmly exit the building, using the stairway exits.

2. Do not use elevators; they should be inoperable once a pull station has been alarmed. In the event of a real fire, people using the elevator could become trapped.

3. Pay close attention to disabled individuals. In an actual emergency, put disabled individuals in a closed stairwell and alert the fire department of their whereabouts. Be sure this is done!

4. Once out of the building, do not go back in. The fire chief is the only one who can authorize re-entry.

5. Keep out of the lobby and clear of emergency vehicle routes. You must remain a safe distance from the building (50 feet minimum).

HOUSING

Nova Southeastern University campus housing is available to full-time Nova Southeastern University students. The residential facilities are Leo Goodwin, Sr. Residence Hall, Founders Hall, Farquhar Hall, Vettel Hall and the Cultural Living Center. The University offers various types of accommodations. Limited housing for married couples is also available. For information, contact the Office of Residential Life at 262-7052 or 800-541-6682, Ext. 7052.

HURRICANE POLICY

In the event of a hurricane watch or warning or other emergency situation, the university staff should tune into the radio and television stations listed below for a status report. If a hurricane warning is posted, the University will be closed.

Radio Stations
- WFTL - AM (1400)
- WIOD - AM (610)
- BIG 106 - FM (105.9)
- WJQY - FM (106.7)
- WHYI - FM (100.7)

Television Stations
- WFOR - CHANNEL 4
- WTVJ - CHANNEL 6
- WSVN - CHANNEL 7
- WPLG - CHANNEL 10

LIBRARIES

There are four libraries available for use:

The Einstein Library, on the first floor of the Parker Building, contains a collection of books and periodicals to support the educational and research needs of Nova Southeastern University students. The library’s collection of books and journals may be searched on its integrated on-
line catalog. The latest in CD-ROM technology is available for student use at the Einstein Library. Students are assisted in the use of this new technology with specialized library instruction. Through computer terminals, the Einstein Library has access to several nationwide networks, such as the DIALOG Information Services and OCLC network. VCR workstations are available for educational viewing in the library. The hours of service are as follows:

<table>
<thead>
<tr>
<th>Day</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday-Thursday</td>
<td>8:30 a.m. - 11:00 p.m.</td>

</tbody>
</table>

For further assistance, please call (954) 262-4601.

**MEAL PLAN**

Students may choose from a variety of meal plans. Commuting students may also select a meal plan option. Food service is provided by Restaura, whose office is located in the Rosenthal Student Center.

The Rosenthal Student Center has a dining hall which is open from 7:00 a.m. - 7:00 p.m., Monday through Friday, and from 10:30 a.m. - 1:30 p.m. and 4:30 p.m. - 6:30 p.m. on Saturday and Sunday.

The Health Professions Division Cafeteria is located in the Terry Administration Building. Hours are Monday - Friday, 7:00 a.m. - 3:30 p.m.

The Law School Supreme Court Cafe is located in the Shepard Broad Law Center. Service includes sandwiches and beverages. Hours are Monday - Friday, 8:00 a.m. - 7:00 p.m.

The Jamaican Me Crazy Cafe is located in the Parker Building. Service includes sandwiches, pizza and beverages. Hours are Monday - Friday, 8:00 a.m. - 7:00 p.m.

The East Side Cafe is located in the School of Business and Entrepreneurship. Hours are Monday - Thursday, 8:00 a.m. - 2:00 p.m., 4:00 p.m. - 9:00 p.m. on Fridays, and 8:00 a.m. - 4:00 p.m. on Saturdays.

**Flight Deck**

The Flight Deck, located on the second floor of the Rosenthal Student Center, is the University’s newest gathering spot. Students can watch television or play pool, ping pong, or darts. Hours are 10 a.m. - 11 p.m. Sunday to Thursday, and 10 a.m. - midnight Friday and Saturday. To reserve facilities, please contact Reece Roberson, Flight Deck Operations Manager, at (954) 262-7288.
Summer semester hours for all locations are on a reduced schedule. For information, contact Restaura at 262-5300.

MICROCOMPUTER LABORATORY

MicroLab computer facilities are located in the Parker Building (1st, 2nd, and 3rd floors), Goodwin Residence Hall, the Sonken Building, in a modular unit located in front of the Parker Building, in the Health Professions Division Library, and the University Park Plaza. MicroLabs are also located at the East Campus. Most are networked to the University’s on-line computer systems. The on-line connectivity provides access to the Campus-Wide Information System, the Electronic Library, and the Internet. Computer platforms and systems provided in most laboratories include MS-DOS, Windows and Macintosh. Text and graphic scanners are available for student use. All systems are networked to a laser printer. Multimedia stations with CD-ROM drives are also available. An extensive collection of software is housed in the laboratories for student use.

A current student I.D. is required for access to the laboratories. The facilities, except those at the Health Professions Division Library, are available seven days a week, from 8:00 a.m. to 11:00 p.m., Monday to Thursday; 8:00 a.m. to 9:00 p.m. on Friday; 8:00 a.m. to 7:00 p.m. on Saturday; and from noon to 9:00 p.m. on Sunday.

For the Microcomputer Laboratory located in the Health Professions Division Library, see page 19.

PARKING ON CAMPUS

All students must obtain a permit in order to park on campus. A Parking Program Manual will be issued to students at orientation. This manual will specify how to obtain a parking permit as well as explain the University’s parking policy. Please contact the Public Safety Department at 262-8981 for further information.

PUBLICATIONS

The University produces many official publications, including catalogs, brochures, manuals and handbooks. Official publications produced by the University include:

- NSU Catalogs
- Update
- At A Glance
- NSU Overview
- Health Professions Division Catalog
- Health Professions Division Student Handbooks
- Health Professions Division Clinical Manuals

Student Publications are:
- The Nova Knight (University)

RECREATION AND ATHLETICS

Recreation Complex (RECPLEX)
The new sports-recreation complex consists of a pool, tennis courts, basketball courts and a fitness center. Locker rooms are also provided. Reservations for use are not necessary; facilities are available on a first-come, first-served basis. Students must show their student I.D. in order to use these facilities. All fees for use by HPD students have been paid for by the administration of the Health Professions Division for the 1998-1999 academic year.

Hours of operation are:
Monday - Thursday 8:00 a.m. - midnight (until 11 p.m. in summer months)
Friday 8:00 a.m. - 10:00 p.m
Saturday 10:00 a.m. - 8:00 p.m
Sunday 10:00 a.m. - 10:00 p.m

For more information or to reserve facilities, please call Shannon Cain at (954) 262-7301.
Campus Sports and Recreation Program

Graduate and undergraduate students currently enrolled and in good academic standing with a valid student I.D. are eligible to participate in the Campus Sports and Recreation Program at NSU. The Campus Sports and Recreation Program offers students, faculty and staff members opportunities to participate and compete in a variety of sports and leisure pursuits. Based on a philosophy of sportsmanship and involvement, the program seeks to serve the diverse and ever-changing recreational needs and wants of the NSU community.

The Campus Sports and Recreation Program is divided into the following areas:

- Intramural Sports
- Outdoor Recreation
- Special Events
- Informal Sports
- Instructional Clinics and Classes

While enthusiasts may choose to participate in all areas, Intramural Sports will provide a gateway to initial activity.

Campus Sports and Recreation will offer the following intramural sports for the coming school year:

- Flag Football
- Golf
- Volleyball
- Coed Bowling
- Darts
- Basketball
- Chess
- Coed Softball
- Singles Tennis
- Volleyball
- Doubles Tennis
- Billiards
- Soccer
- Softball

If not specifically noted, all sports offer men's, women's and coed divisions. Campus champions are recognized and awards are given for each sport. Check bulletin boards, the Student Activity Calendar and other postings for the deadlines for submitting entries. For more information, call (954)262-7301.

Intercollegiate Athletics

Undergraduate students who meet the academic requirements - a minimum GPA of 2.5 in core courses and a minimum score of 860 on the SAT test - may be eligible to participate in the Athletic Program. The Athletic Program at NSU consists of:

- Men
  - Baseball
  - Basketball
  - Soccer
  - Golf
  - Cross Country
- Women
  - Tennis
  - Volleyball
  - Cross Country
  - Softball
  - Soccer

NSU's Athletic Program runs from the fall semester through spring. Students interested in competing on a team can get more information by calling Shannon Cain at 262-7301.

Facility Use

If a college-recognized student organization wishes to use the sports fields for an activity, please contact Patrick Feely at (954)262-8267. If a college-recognized student organization wishes to use a section of the recreational complex, please contact Shannon Cain at (954)262-7301. Student organizations wishing to borrow sports equipment for an activity should also contact Shannon Cain at 262-7301.

STUDENT CENTER

The Rosenthal Student Center serves as the center of student life on campus. The Student Center houses the Office of Student Life, which is open 8:30 a.m. - 7:00 p.m. Monday-Thursday, and 8:30 a.m. - 5:00 p.m. Friday; Restaura Food Service; and the Flight Deck, which houses recreational facilities, including a billiards area, snack bar, quiet areas, and conference and reception rooms. To reserve a conference or reception room, call 262-7280.
STUDENT I.D. CARDS

The Office of the University Registrar issues each student an identification card the first time he or she registers. I.D. cards are needed for the computer labs, library, residence halls, and campus events. If you do not have your I.D. card by the time you read this, get one as soon as possible. You should carry your I.D. card with you at all times. An NSU I.D. card is required for all meal plan options. Students living on campus should have their I.D. card to gain access to the residence halls. Students living in the Goodwin Residence Hall should have their I.D. cards to gain entrance into the building from 9:00 p.m. to 7:00 a.m. If you lose your I.D. card, or if it is destroyed, please request a new one by contacting the H.P.D. Badge Room at 262-1134. There is a $7.00 fee to replace a lost I.D. card.

ON-CAMPUS DIVISION PERSONNEL

Morton Terry, D.O.
Chancellor
Room 1507/Ext. 1501
The Chancellor is chief executive officer of the Health Professions Division. He is responsible for the entire operation of the Division and is available for final appeals or decisions.

Fred Lippman, B.Sc., R.Ph.
Executive Vice Chancellor and Provost
Room 1508/Ext. 1501
The Executive Vice Chancellor and Provost is the chief academic and administrative officer of the Health Professions Division.

Morton J. Morris, D.O., J.D.
Vice Chancellor and Deputy Provost
Room 1504/Ext. 1501
The Vice Chancellor and Deputy Provost supervises all continuing academic education programs in the Division as well as all distance learning programs and technology. He assists the Executive Vice Chancellor and Provost in his duties.

Stanley Cohen, Ed.D.
Vice Provost
Room 1522/Ext. 1523
The Vice Provost assists the Provost in the educational administration and supervision of the Division. He is responsible for the testing center, educational support services, counseling services, library, and supervising educational development. He provides faculty development for the Division.

Marla Frohlinger, M.H.S.A.
Assistant Vice Chancellor for Student Services and Professional Coordination
Room 1107/Ext. 1107
This office oversees the operation of Admissions and Student Affairs including recruitment, supervises professional placement and is the official advisor to HPD student government. She coordinates the Division's dual admission programs and assists in the development of cooperative programs for interdisciplinary instruction between and among colleges.

Irving Rosenbaum, D.B.A.
Assistant Vice Chancellor for Professional Affairs
Room 1510/Ext. 1510
The Assistant Vice Chancellor for Professional Affairs is responsible for coordinating external affairs for the Division, assisting in preparation and monitoring of departmental budgets, progress reports and financial data; serving as liaison between the Provost's Office and the Deans of the Division; and ensuring compliance with University policies and procedures.

Sara Schoninger, B.S.
Assistant Vice Chancellor for Marketing and Communications
Room 1512/Ext. 1512
This office is responsible for all printing and publishing activities of the Division and all public relations, as well as planning and executing marketing plans.

Mr. Donald Simmons
Assistant Vice Chancellor for Administration
Room 1513/Ext. 1513
This office is responsible for employment and management of personnel and supervises operation of our physical facilities.
Steven Weinstein, C.P.A., M.B.A.
Comptroller
Room 1514/Ext. 1514
This office supervises Division accounting and manages the Division's financial affairs.

Jay Tischenkel, B.Sc., R.Ph.
Director of Institutional Advancement
Room 1502/Ext. 1501
The Director of Institutional Advancement is in charge of all major corporate fund-raising activities for the Health Professions Division.

HEALTH PROFESSIONS DIVISION COLLEGES

The Dean is the chief academic officer of each College. Any matters not readily handled by the Associate Deans or their departments should be referred to:

COLLEGE OF ALLIED HEALTH
Raúl R. Cuadrado, Dr.P.H.
Dean
Room 1203/Ext. 1203

COLLEGE OF DENTAL MEDICINE
Seymour Oliet, D.D.S.
Dean
Room 7312/Ext. 7311

COLLEGE OF MEDICAL SCIENCES
Harold E. Laubach, Ph.D.
Dean
Room 1303/Ext. 1303

Janice Gottlieb, M.A., M.L.S.
Library Director
Library/Laboratory Building, Ext. 3106
The Library Director is responsible for the operation of the Division Library. Students wishing assistance for selections of materials and/or books should contact the Library Director.

COLLEGE OF OPTOMETRY
David S. Loshin, O.D., Ph.D.
Dean
Room 1404/Ext. 1404

COLLEGE OF OSTEOPATHIC MEDICINE
Dean
Room 1407/Ext. 1407

COLLEGE OF PHARMACY
William Hardigan, Ph.D.
Dean
Room 1300/Ext. 1300
Welcome To Our Campus

The Health Professions Division Facilities

1. TERRY ADMINISTRATION BUILDING
   First Floor

   Postgraduate Orthodontic Clinic
   Postgraduate Pediatric Dentistry Clinic
   Postgraduate Periodontic Clinic

   Third Floor
   Auditorium
   Central Sterilization Area
   Faculty Offices
   Student Dental Supply Depot

7. PARKING GARAGE
STUDENTS WITH DISABILITIES

Any student who has a disability will be provided with reasonable accommodations as required by the Americans with Disabilities Act, if, with the accommodations, the student will be able to perform the essential functions of the academic program. Each program has developed Core Performance Standards, published on the following pages. These describe those essential functions of each program which every student must be able to meet, with or without reasonable accommodations. Questions must be directed to Morton T. Smith, D.O., in Room 1489 of the Terry Administration Building. Any student having a disability must contact Dr. Smith.

CORE PERFORMANCE STANDARDS FOR ADMISSION AND PROGRESS

The Nova Southeastern University Health Professions Division is pledged to the admission and matriculation of qualified students and wishes to acknowledge awareness of laws which prohibit discrimination against anyone on the basis of race, color, national origin, religion, sex or disability.

Regarding disabled individuals, the University will not discriminate against such individuals who are otherwise qualified, but will expect applicants and students to meet certain minimal technical standards (core performance standards) as set forth herein with or without reasonable accommodation. In adopting these standards, the University believes it must keep in mind the ultimate safety of the patients whom its graduates will eventually care for. The standards reflect what the University believes are reasonable expectations required of health professions students and personnel in performing common functions.

The holders of health professions degrees must have the knowledge and skills to function in a broad variety of clinical situations and to render a wide spectrum of patient care. In order to carry out the activities described below, candidates for Health Professions Division degrees must be able to integrate consistently, quickly, and accurately all information received, and they must have the ability to learn, integrate, analyze, and synthesize data.

Candidates for degrees offered by the Health Professions Division must have, with or without reasonable accommodation, multiple abilities and skills including: intellectual, conceptual, integrative, and quantitative abilities; interpersonal communication; mobility and strength; motor skills; hearing, visual, tactile, behavioral and social attributes. Candidates for admission and progression must be able to perform these abilities and skills in a reasonably independent manner.

Intellectual, Conceptual, Integrative, and Qualitative Abilities

These abilities include measurement, calculation, reasoning, analysis and synthesis. Problem solving, a critical skill, requires all of these intellectual abilities. Candidates and students must have critical thinking ability sufficient for good clinical judgment. This is necessary to identify cause-effect relationships in clinical situations and to develop plans of care. In addition, candidates and students should be able to comprehend three-dimensional relationships and to understand the spatial relationships of structures.

Interpersonal

Candidates and students should be able to interact with and to observe patients in order to elicit information, examine patients, describe changes in mood, activity and posture, and perceive nonverbal communications. They must be able to communicate effectively and sensitively with patients. Communication includes not only speech but also reading and writing. They must also be able to communicate effectively and efficiently in all written
forms with all members of the health care team. They must have interpersonal abilities sufficient to interact with individuals, families and groups from a variety of social, emotional, cultural, and intellectual backgrounds.

**Motor Skills**
Candidates and students should have sufficient motor function to execute movements reasonably required to provide general care and emergency treatment to patients. Examples of emergency treatment reasonably required of some health care professionals are cardiopulmonary resuscitation (CPR), administration of intravenous medication, the application of pressure to stop bleeding, the opening of obstructed airways, and the ability to calibrate and use various pieces of equipment. Such actions require coordination of both gross and fine muscular movements, equilibrium and functional use of the senses of touch and vision. Physical therapy and occupational therapy students must be able to position patients for treatment as well as the teaching of functions involving gross and fine movements. Pharmacy candidates and students must have sufficient motor skills to weigh chemical ingredients for the preparation of pharmaceutical dosage forms, including intravenous solutions. They must be capable of performing procedures associated with preparing sterile and nuclear products.

**Strength and Mobility**
Candidates and students must have sufficient mobility to attend to emergency codes and to perform such maneuvers as CPR when required. They must have the physical ability sufficient to move from room to room and to maneuver in small places. Osteopathic medical students must have the ability to position patients for the administration and delivery of osteopathic manipulative treatment. Pharmacy students must be able to move about within a pharmacy setting and a patient’s room. Physical therapy and occupational therapy students must be able to administer treatment in a variety of settings and to position and move patients when required.

**Hearing**
Candidates and students should have sufficient auditory ability to monitor and assess health needs. They must be able to hear information given by the patient in answer to inquiries, to hear cries for help, to hear features in an examination, such as the auscultatory sounds, and to be able to monitor equipment.

**Visual**
Candidates and students must have visual ability sufficient for observation and assessment necessary in patient care. It must be consistent in many cases with being able to assess asymmetry, range of motion and tissue texture changes. Osteopathic Medical, Optometric and Physician Assistant students must have visual ability sufficient to use ophthalmologic instruments. It is necessary to have adequate visual capabilities for proper evaluation and treatment integration. Candidates and students must be able to observe the patient and the patient’s responses including body language and features of the examination and treatment. Pharmacy students must be able to interpret prescriptions and medical orders as well as to inspect medicines for deterioration or expiration.

**Tactile**
Candidates and students must have sufficient tactile ability for physical assessment. They must be able to perform palpation, functions of physical examination and/or those related to therapeutic intervention. Pharmacy students must be able to measure and compound, sometimes transferring from container to container and to carry out sterile procedures. Dental students must be able to deliver appropriate treatment using high technology equipment such as dental drills and surgical instruments.

**Behavioral and Social Attributes**
Candidates and students must possess the emotional health required for full utilization of their intellectual abilities, the exercise of good judgment, the prompt completion of all responsibilities attendant to the diagnosis and care of
patients, and the development of mature, sensitive and effective relationships with patients. Candidates and students must be able to tolerate physically taxing work-loads and to adapt to changing environments, to display flexibility and to learn to function in the face of uncertainties inherent in the clinical problems of many patients. Compassion, integrity, concern for others, interpersonal skills, interest and motivation are all personal qualities that will be assessed during the admissions and education processes.

**BUILDING HOURS**

The Executive and Administrative Offices of the Health Professions Division are open from 8:30 a.m. to 5:00 p.m., Monday through Friday. The library maintains its own hours (see below.)

**LIBRARY**

The Health Professions Division Library is located on the first floor of the Health Professions Division Laboratory/Library Building, 3200 South University Drive. It contains card and computerized catalogs of holdings, more than 17,000 book titles, over 1,200 active journals, more than 1,200 audio and video tapes, and a current file of pamphlets and news clippings. Twenty-four group study rooms are equipped with videotape players and monitors, and slide projectors are available for viewing slides. Five coin- and card-operated duplicating machines are available for library patrons. The library maintains an Internet website, which allows access to several health-related electronic databases, many of them full-text, including MEDLINE and MDConsult. Membership in the National Library of Medicine and various consortia provides for cooperative lending relationships, which affords HPD students and faculty access to international library holdings. Students have checkout privileges at the other NSU libraries. Professional reference assistance is available during most operating hours. The hours of service are:

<table>
<thead>
<tr>
<th>Day</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>Monday-Thursday</td>
<td>7:30 a.m. - Midnight</td>
</tr>
<tr>
<td>Friday</td>
<td>7:30 a.m. - 11:00 p.m.</td>
</tr>
<tr>
<td>Saturday-Sunday</td>
<td>10:00 a.m. - 10:00 p.m.</td>
</tr>
</tbody>
</table>

For further assistance, please call (954) 262-3106. Holiday, vacation hours and examination time will be posted.

**Library Rules and Regulations**

1. For library access, students and staff must show NSU identification. Guests must show picture identification, such as a driver’s license or other university identification.

2. Smoking is prohibited.

3. No food or beverages are permitted in the library.

4. The library telephone is not to be used for personal calls; public phones are available.

5. Silence must be maintained for the benefit of others.

6. Library furnishings must not be removed, moved about or mishandled.

7. The University or library staff is not responsible for the loss of personal items or books.

**Circulation Policy**

1. Students and faculty who wish to borrow library materials must show NSU identification.

2. Students and faculty are entitled to on-line access with an academic computer account.
3. Students and faculty in good standing may borrow circulating books and library materials for specified periods of time.

4. Circulating books must be returned in person to a member of the library staff.

5. Library materials will not be renewed by telephone.

6. Reserve books, audio and video tapes, and class notes must be requested and checked out at the circulation desk.

7. The time period for reserve materials is three hours unless otherwise designated by the librarian.

8. Reserve materials may be renewed hourly as long as there is no request for them by another person.

9. No periodicals, reserve or reference material will leave the library at any time unless authorized by the librarian or designee.

10. Library materials are expected to be returned on or before the time due.

11. Repeated overdues may cause revocation of library privileges.

12. Cost of replacing lost library materials will be charged to the patron.

MICROCOMPUTER LABORATORY

The Health Professions Division Microcomputer Laboratory (MicroLab) entrance is located in the HPD Library to the right of the front desk. It contains two networked laser printers and 40 desktop computers equipped with Windows 95, Microsoft Office (Word, Power Point, Excel, Access), and WordPerfect. Other software programs for use in specific courses are also installed on the systems. On-line connectivity from all desktop systems provides access to the Campus Wide Information System (CWIS), the electronic library, the Internet and the World Wide Web (WWW) via Netscape. Computer-assisted instruction programs are also available. The H.P.D. Laboratory operates under the auspices of the University Office of Information Technology User Services.

Microcomputer Laboratory Hours

8:00 a.m to midnight. Monday through Thursday
8:00 a.m to 11:00 p.m. Friday
10:00 a.m to 10:00 p.m. Saturday and Sunday

Rules and Regulations

1. NSU identification is required for admittance to and use of the facility.

2. All HPD MicroLab users are required to provide and use a data disk.

3. Virus-scan programs will be run on all disks; scanning is necessary to preserve the integrity of student data files and to protect the Division MicroLab equipment from viruses.

4. Computer usage is for the purpose of
   a) completion of classroom and computer assignments
   b) use of computer-assisted instruction
   c) on-line research

5. Files created by students may not be stored on the computer hard drives. The computers will be periodically checked and unauthorized files found on the hard drives will be erased without notice.
6. The WWW is a "paperless society." Pages are not to be printed unless required to meet course requirements as defined in course syllabi or by written request from a professor.

7. Downloading files and executable software from the Internet to the Division MicroLab hard drives is prohibited.

8. Classes scheduled in the MicroLab have priority for use. Professors must sign up to reserve the Division MicroLab at least one week in advance. Request-for-use forms are available in the Division MicroLab.

9. The use of unauthorized or "bootleg" software, as defined by Federal Copyright laws, is not permitted.

10. Smoking, food, and beverages are not permitted in the Division MicroLab.

11. All software installations are to be made by Division MicroLab staff only.

12. Users must comply with the University Policy on Acceptable Use of Computer Resources (see page 4).

13. Division MicroLab staff is not responsible for personal items, books, or disks. All lost and found items will be turned over to NSU Public Safety.

14. The printer network will be turned off 15 minutes prior to closing.

15. All questions regarding use of the facilities are to be referred to the Division MicroLab staff member on duty.

STUDENT LOUNGE

Students who wish to relax may utilize the student lounge on the second floor of the Library/Laboratory Building during their free hours. Vending machines, pay telephones, and video games are provided for student use.

Students have always shown responsibility for general cleanliness and preventing damage to the area. The Administration expects this precedent to continue in the future.

MAILBOX AND MESSAGE CENTER

Mailboxes for intra-campus memos and notices can be found in the student lounge area. **Students are responsible for checking their mailboxes daily.** Official communications delivered to the student mailbox are assumed to be seen within 24 hours. Postgraduate Pharm.D. students do not have mailboxes.

FINANCIAL AFFAIRS

**Fees and Expenses**

- Student Activities Fee (all students) $100.00 yearly
- Lab Fee (only for Osteopathic Medical, Dental, and Medical Sciences students) $100.00
- Technology Fee
- Graduation Fee (Seniors only) $200.00
- Graduation Fee (B.S./Vision Science) $25.00
- I.D. Replacement $7.00
- Diploma Replacement $25.00
- Official Transcripts $5.00

* University fee to be announced; not to exceed $50.00

**Late Registration**

Students who have completed one full year at the University and who cannot meet their financial obligations by the first day of class are considered late registrants. Students who register after the late registration date established by their college will be charged a late fee or penalty established by the University or the Division.
The following will apply:

1. Recipients of Armed Forces scholarships shall be allowed up to two months of grace without penalty.

2. When confirmation of guaranteed loans has been received, but checks are delayed, credit will be extended for three months.

Students are required to pay at the time of registrations unless financial aid or scholarships have been awarded. Students may pay for tuition using credit cards: MasterCard, Visa, American Express, College Card, or Discover. Students' financial obligations must be satisfied before the registration process can continue.

Students wishing to withdraw should meet with their respective advisor and the Dean. Withdrawal procedures should be followed including completion of the withdrawal forms. Students withdrawing from the University may lose the privilege of re-entering at a certain time, since the numbers admitted to classes are limited. Tuition refunds will follow the procedures previously outlined. Failure to withdraw officially will result in failure in all courses for that semester and automatic dismissal from the University.

Tuition Refund Policy - Voluntary Withdrawals

Students who wish to withdraw must submit a written request for voluntary withdrawal to the Dean, who will evaluate the student's request. After completing the required withdrawal form(s) and obtaining the Dean's approval, an eligible student may receive partial refund of the tuition, according to the following formula:

- First three (3) class days: 70%
- Fourth or fifth class day: 60%
- Sixth or seventh class day: 40%
- Eighth, ninth or tenth class day: 20%
- After the tenth class day: 0%

No refunds will be made thereafter. (Students with questions should consult the Bursar's office.)

Students will not be given refunds for portions of tuition paid by financial aid funds. Instead, the respective financial aid programs will be credited in accordance with Federal regulations, which establish the following requirements for recipients of Title IV student assistance funds (Guaranteed Student Loans and Auxiliary Loan Program).

The regulation requires that if the student has received a financial aid overage to assist with related, but indirect educational costs, i.e., living expenses, books, supplies, transportation and/or personal expenses, this must be prorated for the period the student attended the institution. The student must then refund the difference (between the actual overage and prorated amount) to the institution for restoration to the appropriate Title IV account.

Failure to comply with these requirements could jeopardize future receipt of Title IV student assistance funds at any institution of higher education the student may attend.

A refund due the student will be mailed to the student's permanent home address as soon as the withdrawal has been approved by the Dean of the respective College. The tuition refund policy is subject to change at the discretion of the University's Board of Trustees.

Florida Residency

Eligible students must request in-state tuition on application. For tuition purposes, students' Florida residency status (in-state or out-of-state) will be determined based upon initial matriculation and will remain the same throughout the entire enrollment of the student at NSU. The determination as to eligibility for in-state tuition at NSU shall be made exclusively by NSU.
Student Financial Aid

A student's eligibility for financial aid depends on how much the student and the student's family can pay toward the educational costs. Determining how much a student and family should pay is a process called need analysis. The need analysis is performed for everyone who applies for aid.

The Division utilizes a federally approved service to perform need analysis; all aid applicants must submit a need analysis form to the service for analysis. The servicing agency utilizes a standardized methodology to generate a report based on the information the student provides. A Financial Aid Counselor reviews the report and determines the student's ability to contribute toward the costs of education.

The Division attempts to obtain assistance for students who do not have sufficient resources to pay for the costs of a health professions education. However, the student and the student's family have the primary responsibility for education and living expenses. All aid should be viewed as supplementary to the efforts of the student and the family.

The Student Financial Aid office located in the Horvitz Administration Building is an important source of information on all financial aspects of the student's education, including budget and debt management as well as financial aid. Counselors are available Monday through Thursday, 8:30 a.m. to 7:00 p.m., 8:30 a.m. to 6:00 p.m. on Friday, and 9:00 a.m. to noon on Saturday. A counselor is also available in Room 1130 of the Terry Building from 8:30 a.m. to 5:00 p.m. Monday through Friday. Appointments are accepted, but not necessary.

Short-Term Emergency Loans

The Division has limited small loans available on a short term basis to help meet unexpected financial emergencies. When approved, disbursement is made by check within one week of receipt of the student's application. Applications can be secured from the Office of Student Financial Aid in the Horvitz Administration Building.

All financial obligations must be met prior to or at the time of registration.

ATTENDANCE, DRESS CODE AND CONDUCT

ATTENDANCE

At Nova Southeastern University Health Professions Division, attendance at all scheduled instructional periods is mandatory. Failure to fulfill this requirement is considered in the evaluation of a student's academic performance and professional attitude and may result in a failing grade for the course. Students shall report to the office of the individual college's Dean or his designee, in writing, the reasons for all absences, within 24 hours of each occurrence.

Students whose reasons are unacceptable will be subject to disciplinary action. In the event of an emergency absence, request for an excused absence must be made to the respective college's Office of Student Affairs.

1. Excused Absences

a. Illness - For absences due to illness, the appropriate Dean or his designee must be notified as soon as possible. These absences will be evaluated on an individual basis by the Dean.

b. Religious Holidays - Absences for major religious and ethnic holidays may be excused at the discretion of the Health Professions Division Office of Student Affairs. Students are required to obtain approval for their absences one week prior to the holiday.
c. Special Circumstances - Unusual circumstances resulting in absences, e.g., death in the immediate family, must be cleared with the appropriate Dean or his designee on an individual basis, preferably before the student is absent from class.

2. Unexcused Absences

Absences not falling into the first category are unexcused absences. The Administration realizes that special circumstances may arise on rare occasions leading to an unexcused absence. However, unexcused absences are neither a right nor an entitlement of the student.

Unexcused absence or absences may result in a written reprimand from the Dean with a copy in the student’s permanent file, plus a loss of 10 percentage points in the course or failure in the course.

Each laboratory, assignment or examination missed must be made up at the discretion and convenience of the instructor.

If, in the judgment of the Dean, a pattern of absences appears to surface, action may be taken, up to and including failure in the courses involved or dismissal from school.

3. Clinical Rotations

Attendance while on clinical rotations follows different procedures and they are noted in the Clinical Rotation Handbook or Clerkship/Externship Manual distributed prior to clinical rotations by the involved College.

4. Tardiness

Promptness is another trait a proper health care practitioner must display. Additionally, tardiness in class disturbs both the lecturer and other members of the class and is thus markedly inconsiderate and rude.

Health Professions Division class hours are from 8:10 a.m. to 10:00 p.m. daily, Monday through Friday. Class schedules are issued from time to time as an aid to faculty and students, but the administration reserves the right to make changes, assign Saturday hours or deviate from published schedules without notice.

Classes begin at 10 minutes after the hour. Any student not seated in his or her assigned seat by the time class begins will be marked absent. Classes finish, on the hour. If the student arrives within 20 minutes after the start of class, the absence will be reduced to half-absence. Two incidents of tardiness are equivalent to one full absence. Students will await the instructor’s arrival until at least 20 minutes after the specified starting time, unless notified otherwise by an authorized individual.

5. Leave of Absence

A student desiring a voluntary leave of absence must submit a written request to the Dean. The Dean will then determine whether or not the leave of absence is to be granted. If approved, the student must re-enter the program no later than the following year at the beginning of the same semester in which he or she left.

DRESS CODE

Students in the Health Professions Division must maintain a neat and clean appearance befitting students attending professional school. Therefore, attire should convey a professional appearance whenever the student is on the Division campus and in classes or laboratory or on an experiential rotation or program. The following constitute acceptable attire:

1. Shirt, tie, slacks, and regular shoes for men, and for women it should be professional business dress, which includes slacks, pants, or skirt with blouse, or dress and appropriate shoes.
2. Matching scrub sets and shoes.

In addition to the above attire, students must wear their white clinical jacket.

3. Identification badges will be issued at the Division Badge Room and must be worn at all times when the student is on campus or clinical rotation.

4. Students may not wear the following:
   a.) shorts
   b.) cut-offs
   c.) mini-skirts (higher than mid-thigh)
   d.) jeans
   e.) see-through clothing or halter-tops
   f.) sandals, thongs, flip-flops or sneakers
   g.) t-shirts (as the outer shirt)
   h.) jogging or exercise clothing
   i.) hats or caps, unless of a religious nature

These guidelines apply on campus from 8:00 a.m. - 5:00 p.m., Monday through Friday, and while on duty on rotations.

Students inappropriately dressed or groomed may be requested to leave the campus. In this circumstance, an unexcused absence will be recorded until the student returns properly attired. Questionable or disputed cases of dress or grooming shall be presented to the Dean, whose decision shall be final. Repeated violations will be considered improper professional behavior and may result in disciplinary action. When a class requires special dress (such as the wearing of scrub suits in anatomy laboratory) it will be the only exception to the dress code allowed during that time.

The dress code is to be observed at all times including mid-terms and examination periods.

CONDUCT

Students are expected to conduct themselves in a responsible manner which will reflect credit upon themselves, the Division and the University, in terms of morality, honor, truth and good citizenship, and to abide by the regulations of the Division and the University.

Furthermore, students are expected to conduct themselves in a professionally ethical fashion and to maintain and observe high standards of conduct so that the integrity of the University may be preserved. A student should avoid impropriety and should avoid even the appearance of impropriety in all activities.

ACADEMIC HONOR

Because complete confidence in the honor and integrity of health care practitioners is essential, students are held to the high standards of intellectual integrity befitting the learned profession they are entering. While students have an obligation to assist fellow students in meeting common goals of their education, dishonest acts will subject the student to immediate disciplinary actions up to, and including, expulsion from the College. Such acts include any attempt to pass examinations by improper means, to present work not performed by the student or to aid or abet any dishonest act.

Academic dishonesty is considered a serious academic offense by the faculty and administration of this University. Cheating, plagiarism or deceptions of any manner and material will not be tolerated. Examples include copying answers from another student’s test paper, using notes or answers during a test without approval of the instructor, sending another student to take your examination, and submitting a paper without proper citations for another’s ideas or quotations. These are only several examples of academic dishonesty, and students are required to acquaint themselves with the specific course requirements and regulations of the Division and the University.
Instructors have the authority to give a failing grade for the test and/or course to students who demonstrate academic dishonesty. Administration, department heads, associate and assistant deans, and the Dean may enforce additional penalties ranging up to expulsion from the program.

**STUDENT RECORDS**

**Transcripts**
Transcripts of a student's academic record may be requested by the student through the Office of the University Registrar. A student's academic record can only be released upon authorization of the student. Students requesting transcripts may do so in person or by writing to the Office of the University Registrar. Include in the request the full name, social security number, and date of birth, and indicate the name and address to whom the transcript is to be sent. If the grades for the current term are needed, clearly indicate that the transcript request is to be held for grades. There is a $5.00 charge for each transcript sent.

**Definitions:**
For the purposes of this policy, Nova Southeastern University has used the following definitions of terms.

**Student** - Any person who attends or has attended the University.

**Education Records** - Any record (in handwriting, print, tapes, film, or other medium) maintained by the University or an agent of the University which is directly related to a student, except:

1. A personal record kept by a staff member, if it is kept in the personal possession of the individual who made the record, and information contained in the record has never been revealed or made available to any other person except the maker’s temporary substitute.

2. An employment record of an individual whose employment is not contingent on the fact that he or she is a student, provided the record is used only in relation to the individual’s employment.

3. Records maintained by the Health Center if the records are used only for treatment of a student and made available only to those persons providing the treatment.

4. Alumni records which contain information about a student after he or she is no longer in attendance at the University and the records do not relate to the person as a student.

**Annual Notification**
Students will be notified of their Federal Educational Rights and Protection Act (hereinafter FERPA) rights annually by publication in the Student Handbook.

**The Family Educational Rights and Privacy Act**
The Family Educational Rights and Privacy Act of 1974 places certain limitations on the disclosure of personally identifiable information maintained by the University with respect to students and limits access to Educational Records, including the right to access, the right to obtain copies, the right to seek correction of such records through informal and formal internal procedures and the right to place a statement in such educational records explaining any information which he or she believes to be inaccurate or misleading.

The University has adopted a policy with respect to its student educational records consistent with the requirements of the Family Educational Rights and Privacy Act and the regulations promulgated under the Act.

The University adheres to all provisions, as prescribed by the Americans with Disabilities Act.

**Procedure to Inspect Education Records**
Students may inspect and review their Education Records upon request to the appropriate record custodian.
Students should submit to the record custodian or an appropriate University staff person a written request which identifies as precisely as possible the record or records he or she wishes to inspect.

The record custodian or an appropriate University staff person will make the needed arrangements for access as promptly as possible and notify the student of the time and place where the records may be inspected. Access must be given in 45 days or less from the receipt of the request.

When a record contains information about more than one student, the student may inspect and review only the record which relates to him or herself.

**Right of University to Refuse Access**

The University or Division reserves the right to refuse to permit a student to inspect the following records:

1. The financial records of the student’s parents, or any information contained therein.

2. Letters and statements of recommendation respecting admission or employment for which the student has waived his or her right of access.

3. Records connected with an application to attend the University or a component unit of the University if that application was denied.

4. Those records which are excluded from the FERPA definition of Education Records.

**Refusal to Provide Copies**

The University reserves the right to deny transcripts or copies of records not required to be made available by the FERPA in any of the following situations:

1. The student has an unpaid financial obligation to the University.

2. There is an unresolved disciplinary action against the student.

**Fees for Copies of Records**

The fee for copies will be $5.00 per record.

Disclosure of Education Records
The University will disclose information from Education Records only with written consent of the student. No consent is needed for the following:

1. To school officials who have a legitimate educational interest in the record.

   A school official is:
   
   A person employed by the University in an administrative, supervisory, academic, research or support staff position,
   
   A person elected to the Board of Trustees, or
   
   A person employed by or under contract to the University to perform a special task, such as the attorney or auditor.

   A school official has a legitimate educational interest if the official is:
   
   Performing a task that is specified in his or her position description or by a contract agreement.
   
   Performing a task related to a student’s education.
   
   Performing a task related to the discipline of a student.
   
   Providing a service or benefit relating to the student or student’s family, such as health care, counseling, job placement or financial aid.

2. To officials of another school, upon request, in which a student seeks or intends to enroll.

3. To certain officials of the U.S. Department of Education, the Comptroller General, and state and local educational authorities, in connection with certain state and federally supported education programs.

4. In connection with a student’s request for or receipt of financial aid, as necessary to determine the eligibility, amount or conditions of the financial aid, or to enforce the terms and conditions of the aid.

5. If required by a state law requiring disclosure that was adopted before November 19, 1974.

6. To organizations conducting certain studies for or on behalf of the University.

7. To accrediting organizations to carry out their functions.

8. To parents of an eligible student who claim the student as a dependent for income tax purposes.

9. To comply with a judicial order or a lawfully issued subpoena.

10. To appropriate parties in a health or safety emergency.

Record of Requests for Disclosure
The University will maintain a record of all requests for and/or disclosure of information from a student’s Education Records. The record will indicate the name of the party making the request, any additional party to whom it may be redisclosed, and the legitimate interest the party had in requesting or obtaining the information.

Directory Information
The University designates the following items as Directory Information: Student name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, members of athletic teams, dates of attendance, degrees and awards received, most recent previous school attended and photograph. The University may disclose any of these items without prior written consent, unless notified in writing to the contrary.
Correction of Education Records

Students have the right to ask to have corrected any records that they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

1. Students must ask appropriate officials of the University to amend a record. In so doing, the students should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading or in violation of their privacy or other rights.

2. The University may comply with the request or it may decide not to comply. If it decides not to comply, the University will notify the student of the decision and will advise him or her of the right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's rights.

3. Upon request, the University will arrange for a hearing, and notify the student, reasonably in advance, of the date, place, and time of the hearing.

4. The hearing will be conducted by a hearing officer who is a disinterested party; however, the hearing officer may be an official of the institution. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by one or more individuals, including an attorney.

5. The University will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.

6. If the University decides that the challenged information is inaccurate, misleading, or in violation of the student's right of privacy, it will notify the student of the right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.

VISITS TO OTHER INSTITUTIONS

Students in the Health Professions Division may not visit, in an official or presumed official capacity as a professional school student, any health-related institution (hospital, pharmacy, practitioner's office, clinic, etc.) or any health school without express permission of the Dean. Visits to relatives or friends who are hospitalized are permitted, provided they are within visiting hours and all hospital rules are observed.

MOTOR VEHICLE AND PARKING REGULATIONS

All students must obtain a permit in order to park on campus. A Parking Program Manual will be issued to students at orientation. This manual will specify how to obtain a parking permit as well as explain the University's parking policy. Please contact the Public Safety Department at 262-8991 for further information.

The Division does not guarantee parking spaces for students, but provides a limited number of parking spaces on a first-come, first-served basis. Students may park in any unassigned parking space in the University parking lots.

All vehicles are parked at owner's risk. The University or Division assumes no risk for articles left in vehicles, or for any loss by theft or damage which may be caused to any vehicle on University property. Bicycles are to be placed only in the bicycle racks located along the covered entrance between the Parking Garage and the Assembly Building.
SEXUAL HARASSMENT POLICY

It is the policy of the Health Professions Division, in keeping with efforts to establish an environment in which the dignity and worth of all members of the institutional community are respected, that sexual harassment of students and employees is unacceptable conduct and will not be tolerated. As such, the Division supports University Policy '32, revised July, 1997, which addresses sexual harassment. Sexual harassment may involve the behavior of a person or either sex against a person of the opposite or same sex, when that behavior falls within the definition outlined below:

Definition:

Sexual harassment of employees and students at Nova Southeastern University is defined as any unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature, when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment.

2. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or educational experience, or creates an intimidating, hostile, or offensive work or educational environment.

Rules Governing the Conduct of University Employees and Students:

PART I

Sexual favors as basis for actions affecting an individual's welfare as a student or employee:

No University employee or student shall behave toward another institutional employee or student in any of the following ways: make or threaten to make submission to or rejection of request for sexual favors a basis for decisions affecting an individual's welfare as an employee or student.

PART II

Flagrant or repeated sexual advances or requests for sexual favors and physical contacts harmful to another's work or study performance or to the work or study environment.

No University employee or student shall behave toward another institutional employee or student in any of the following ways:

1. In a work- or learning-related setting; make sexual advances, requests for sexual favors, or physical contacts commonly understood to be of a sexual nature, if:

   a. the conduct is unwanted by the person(s) to whom it is directed, and

   b. the person knew that the conduct was unwanted, and because of its flagrant or repetitious nature, the conduct either:

      (1) seriously interfered with work or learning performance of the person(s) to whom the conduct was directed, or

      (2) makes the institution's work or learning environment intimidating, hostile, or demeaning.

PART III

Repeated demeaning verbal and other expressive behavior in non-instructional settings that is harmful to another's work or study performance, or the work or study environment:
No Division employee or student shall, in a non-instructional but work- or learning-related setting:

1. Repeatedly address or direct sexual gestures, or sexually explicit comments concerning a specific person(s) to an institutional employee(s) or student(s) if the gestures or comments are commonly considered by people of a specific sex or sexual preference to be demeaning to that sex or sexual preference.

2. Display visual materials, alter visual materials displayed by others, or make statements, if:
   a. the intent of the person is to interfere with the work or study performance of an employee or student, or to make the work or study environment hostile, intimidating, or demeaning to persons of a particular sex or sexual preference and
   b. the person making the display, alteration, or statement has previously been asked not to engage in such conduct.

PART IV

Demeaning verbal and other expressive behavior in instructional settings.

Discipline of faculty members because of expressive behavior in an instructional setting shall be governed by the following definition and rules:

**Definitions for Purposes of Part IV:**

1. An “instructional setting” is a situation in which a member of the faculty is communicating with a student(s) concerning matters the faculty member is responsible for teaching the student(s). These situations include, but are not limited to, such communication in a classroom, in a laboratory, during a field trip, or in a faculty member’s office for advising and counseling.

2. Expressive behavior related to subject matter. "Expressive behavior" is conducted in an instructional setting through which a faculty member seeks to communicate with students. It includes, but is not limited to, the use of visual materials, oral or written statements, and assignments of visual or written materials.

3. Protected Expressive Behavior
   a. A faculty member’s selection of instructional materials shall not be a basis for discipline unless an authorized hearing body finds that the faculty member’s claim that the materials are germane to the subject of the course is clearly unreasonable.
   b. The person engaging in such conduct has previously been asked not to engage in such conduct or conduct of substantially the same kind, and in addition, a faculty member is subject to discipline if, in addressing a student(s) in an instructional setting, he or she repeatedly uses sexual gestures, sexually explicit comments, or gender-related epithets to refer to a student(s) in the course.

PART V

Demeaning verbal and other expressed behavior of students versus students

Demeaning verbal and other expressed behavior of students versus students is also subject to disciplinary action.

PART VI

Retaliation

Retaliation against anyone reporting or thought to have reported sexual harassment behaviors is equally prohibited. Such retaliation shall be considered a serious violation of this policy, and shall be independent of whether a charge or
informal complaint of sexual harassment is substantiated. Encouraging others to retaliate also violates the policy.

Consensual Relationships

Consenting intimate relationships between faculty and student or between supervisor and employee, while not expressly forbidden, are generally deemed very unwise. Codes of ethics for most professional associations forbid professional-client intimate relationships. The professor-student relationship is one of professional and client. The respect and trust accorded a professor by a student, as well as the power exercised by the professor in giving praise or blame, grades, recommendations for further study and future employment, etc., greatly diminish the student’s actual freedom of choice should favors of an intimate nature be included among the professor’s other legitimate demands. Therefore, faculty are warned against the possible costs of even an apparently consenting relationship in regard to the academic efforts of both faculty member and student. A faculty member who enters into an intimate relationship with a student (or a supervisor with an employee) where a professional power differential exists, must realize that if a charge of sexual harassment is subsequently lodged, it will be exceedingly difficult to prove immunity on grounds of mutual consent.

Since a once-consenting relationship turned sour may result in a later allegation of sexual harassment, it is important that immunity due to previous consent will not be allowed.

The Health Professions Division’s Sexual Harassment Committee

The Committee has been charged by the administration of Nova Southeastern University’s Health Professions Division to provide an avenue by which students can address violations of the University’s policy on sexual harassment.

The Committee will consist of individuals appointed by the Executive Vice Chancellor and Provost. Their function will be to (1) investigate all allegations of sexual harassment that involve students, faculty and staff; (2) report those findings to the Executive Vice Chancellor and Provost for disposition of the case; and (3) act as advocates and conduits for the resolution of the case.

Reporting Allegations of Sexual Harassment

Instances of sexual harassment are to be reported at the earliest possible time to one of the members of the Committee for the purpose of the follow-up investigation and disposition:

Daniel E. Shaw, Ph.D., Chair
Room 1465, Terry Administration Building
Edye Groseclose, Ph.D.
Room 1325, Terry Administration Building
Terrence N. Ingraham, O.D.
Room 1410, Terry Administration Building
Lisa-Deziel Evans, Pharm.D.
Room 1387, Terry Administration Building
Peggy Anderson
Room 258, Horvitz Administration Building

1. The individual or individuals reporting the alleged incident must identify themselves and be willing to identify the alleged perpetrator. Anonymous reports will not be cause for administrative action.

2. A log of contacts shall be maintained by the investigator (Committee member) for the purpose of documenting contacts with the principals involved in the case. In addition to the log of contacts, a contact sheet will be maintained which documents the content of the meeting, to include individuals present and disposition of the meeting.

3. The investigator (Committee member) will attempt to determine within a reasonable time frame the validity of the complaint, and ascertain the parties who are involved in
this incident. The investigator is charged with providing the full Committee with adequate information to make a judgment on whether to continue to proceed with this case internally or to forward the case to an outside body, i.e., local police, etc.

4. If the charges are found to be valid and a harassment has occurred, all parties are to be put on notice that an administrative resolution will be enforced.

5. Administration (the Executive Vice Chancellor and Provost’s Office and the Office of Human Resources) will be informed of the harassment, the extent, individuals involved, and will be provided with adequate information so that administrative action can take place in a timely fashion to the satisfaction of all parties.

Guidelines for Investigating Allegations of Sexual Harassment

Formal and informal complaints related to allegations of sexual harassment should be followed up within 24 to 48 hours.

1. Interview of Complaint
This interview should focus on gaining factual information, which will assist in determining whether or not an investigation should be instituted. At this point the complainant may decide to file a formal complaint or request assistance for resolution with an informal complaint. When possible, two Committee members should be involved in the initial interview of parties, as well as any witnesses of the incident.

2. Documentation/Confidentiality
All interviews, telephone calls, or any other administrative activities should be carefully documented in the case of a formal proceeding. The confidentiality of the reporting party will be observed provided it does not interfere with the institution’s ability to investigate or take corrective action.

3. Record Keeping
All records of investigations related to sexual harassment shall remain in the locked possession of the investigating Committee member, until a disposition has been reached. Once a case has been resolved the records then become the confidential files of the Executive Vice Chancellor and Provost or his designee.

4. Reporting of Findings
The Committee will report findings of any investigation (formal or informal) to the Executive Vice Chancellor and Provost or his designee. The findings may take two forms:

a. no violation of institutional sexual harassment policies

b. suspected or “probable cause” violation of institutional policy.

5. Formal Complaints
Formal complaints must be made in writing to the Committee for the purpose of stopping the harassment, and when the complainant wishes to pursue disciplinary action.

6. Informal Complaints
Informal complaints are for the purpose of stopping the harassment in the most expedient fashion possible. The University cannot pursue disciplinary action without a formal complaint.

All parties involved are to be notified of the disposition of the case; if the complainant is dissatisfied with the decision he or she is to be informed of additional internal or external appeal routes.

Suggestions for Sanctions or Disciplinary Actions

Violations of policies on sexual harassment may lead to a variety of sanctions. Included in the list of possible disciplinary actions are written or oral reprimands, suspension (for employees, with or without pay),
termination, or referral to the criminal justice system for possible sexual assault violation.

HEALTH AFFAIRS

Health Insurance
Because the Health Professions Division is concerned for the health and welfare of its students, a program of Student Health Insurance is required. The student has exclusive responsibility for his or her own medical bills. The University or Division assumes no responsibility to seek reductions or waivers.

The Division’s Office of Student Affairs will provide information regarding health insurance policies.

Prior to receipt of diploma, students must be free from any outstanding medical financial responsibilities with any of our affiliated hospitals.

Health Care
Ambulatory medical, optometric and dental care is made available during regular business hours for the University family. When a student or a member of his or her immediate family (spouses and children) needs care, he or she may make an appointment with the University Health Service. For those unable to make appointments in advance, hours will be posted. These hours may be changed from time to time and changes will be posted. For urgent situations which do not meet the above, contact the University Health Service at 262-4100.

Consultation with specialists, when needed, will be arranged by the University Health Service and such specialty care will be the student’s financial responsibility. Direct visits to specialists without referral by the University Health Service are strongly discouraged.

Examinations
1. A complete physical examination, comprehensive dental examination and a comprehensive eye examination, consistent with the standard University form, are required of every student.

   a. Students may have these done by their personal physician, their personal eye doctor (optometrist or ophthalmologist), or their personal dentist prior to matriculation. Forms will be distributed by the Division Office of Admissions and Student Affairs to each matriculant as part of the admissions package.

   b. Students may request that these examinations be done by the University Health Service after matriculation. The University Health Service will make appointments in as timely a manner as possible, and the appointments, once made, become an obligation of the student, and must be kept!

2. Reports of the three examinations (whether done privately or by the University) will be filed in the student’s medical files.

3. Any follow-up recommended in the examinations will be the financial responsibility of the student. The University Health Service will press for the completion of any recommendations and correction of any problems.

Immunization Requirements
The following immunization procedures are required of all students at the Health Professions Division:

Basic Immunizations
Every student is required to have had an immunization for the following diseases prior to matriculating at Nova Southeastern University: diphtheria-pertussis-tetanus (or diphtheria-tetanus), measles-mumps-rubella, and poliomyelitis. A written memorandum of the immunization given and the date, signed by a physician, must be filed with the Office of Admissions on the day of registration at the latest. These basic immunizations are the financial responsibility of the student.
**Hepatitis B Vaccine**
Since every student at the Health Professions Division potentially can be exposed to this deadly virus, and since many rotation sites require it of personnel, we will administer and require Hepatitis B vaccination for every entering student during the first year. The cost of this vaccination will be supported through the Student Activities Fee.

**Tuberculosis**
Because of the resurgence of tuberculosis and the possible exposure of students, the Health Professions Division will require and provide a yearly tuberculosis test for every student. This, too, will be supported by the Student Activities Fee.

**Arrangements**
The University Health Service will schedule appointments for students for the tuberculosis testing and for the Hepatitis B vaccination. Because both of these require preparation, any student who does not keep a scheduled vaccination appointment will be required to pay for the immunization personally.

**AIDS Policy**
The University has adopted the following AIDS policy:
Nova Southeastern University Health Professions Division recognizes its responsibilities for the health and welfare of its students, faculty and staff, as well as its responsibility to patients suffering from AIDS or harboring the Human Immunodeficiency Virus (HIV). While the Division does not subscribe to compulsory HIV testing either as a screening device or in individual cases, some rotation sites require this test and students must comply. As an institution of medical learning, the Division provides each student/faculty/staff person knowledge to understand the AIDS problem including AIDS testing, treatment and counseling by community services. The Division provides an annual seminar to all students, faculty and staff. The Division recommends universal precautions in all laboratory and clinical settings. The Division reserves the right to alter this policy as new information on AIDS becomes available.

The following guideline should be used:

Students should consult their physician for HIV testing or treatment immediately following exposure.

**Counseling and Psychological Services**
The University Center for Psychological Studies is cooperating with the Health Professions Division for providing psychological counseling. Students who need assistance should feel free to call the Center, located in the Maltz Psychology Building. The Program Coordinator for the Health Professions Division is Ms. Lori Kiesel, who can be reached at 262-5730. The Center's hours are:

- 8:30 a.m. - 9:00 p.m., Monday - Thursday
- 8:30 a.m. - 5:00 p.m., Friday
- 9:00 a.m. - 1:00 p.m., Saturday

Crisis counseling is available 24 hours a day.

**MEDICAL BENEFITS**
Since insurance is required, it must be submitted for health care. If any of these services are covered by individual insurance plans, or the Nova Southeastern University Health Professions Division insurance plans, reimbursements must be assigned to the University.

**DRUG FREE WORKPLACE: POLICY STATEMENT**
Nova Southeastern University Health Professions Division is deeply concerned about the issue of substance abuse and its effect on faculty, students, and staff. In addition, the University, as a recipient of Federal funding, is required, under the Drug-Free Work Place Act of 1988, to establish policies and procedures to discourage the illegal use of drugs, including alcohol, and encourage a healthy,
drug-free educational and work environment. The Division believes that prevention is the key to reaching these goals. As a result, the University has developed a prevention program that encompasses exploration of attitudes and education concerning substance abuse prevention and wellness issues. The Division also provides specific protocols to assist in identification, intervention and assistance for all people associated with the Division who have drug-related problems. In addition, as a training center for health care professionals, the institution accepts its responsibility to educate and assist the community, through our faculty and students, in the battle against drug abuse and addiction.

Although the Division wants to help its students, faculty, and staff, this assistance cannot be provided unless the impaired person is identified. Therefore, this first step rests with the individual or his or her classmates, teachers, associates, co-workers, family and friends.

If questions arise, they can be answered, confidentially, by contacting Daniel Shaw, Ph.D., Chair of the Department of Behavioral Medicine and Director of the Student Impairment Program, at his office in Room 1465, Terry Administration Building, (954) 262-1465.

Legal Consequence of Drug Use
The unlawful manufacture, distribution, dispensation, sale, possession, or use of any illegal drug are all subject to varying degrees of legal sanctions under various federal, state and/or local statutes. This may also be true of the inappropriate use of legal prescription drugs. A comprehensive listing of all federal penalties is available in DRUGS OF ABUSE, 1989 Edition, published by the U.S. Department of Justice, Drug Enforcement Administration.

Florida DUI (Driving Under the Influence) Law
Between 1991 and the present a number of changes have been made in the “DUI” Laws. The two major changes involve the ability of a police officer to take the intoxicated driver’s license “on the spot”. In addition, as of January 1, 1994, “the legal limit” for blood alcohol level has been reduced from 0.10% to 0.08%.

The definition of “under the influence” applies to alcohol, any and all controlled substances, and other psychoactive drugs that may impair driving. A police officer can stop any person who appears to be driving under the influence. Intoxication can be determined in the following manner:

1. Testing of urine and/or blood, when carried out in an appropriate manner.
2. Breath-o-lizer test for blood alcohol concentration.
3. Use of roadside sobriety test, with or without videotaping.
4. Any significant loss of psychomotor function or cognitive ability.

In Florida, permission for testing is considered to be implied when a person obtains a driver’s license. Specimens of urine or blood are used for evaluation. If the driver is unable to provide a urine specimen, a blood sample may be used. Blood samples may be obtained by an approved, licensed physician, registered nurse, or laboratory technologist or technician. If death or severe injury has occurred as a result of an accident, “the law enforcement officer may use reasonable force to obtain blood.” In addition, any driver that, in the opinion of the arresting officer, appears to have an impaired ability to drive, may be arrested.

In the case of alcohol, breath tests may be used instead of urine or blood tests. A blood alcohol level of less than 0.05% shall be considered NOT under the influence of alcohol; however, a level of 0.10% is not considered as being diagnostic although impairment may occur. The above testing can be carried out either at the request of the police officer or the driver.
Based upon the new 1994 standards, a 180-pound man would be considered legally intoxicated after having 4 drinks (12 oz. beer, 5 oz. wine or 1 oz. proof liquor) within a period of one hour. A 120-pound woman requires only a little over 2 drinks to reach this blood alcohol level.

The second major change allows a law enforcement officer to suspend the driving privileges of a person who has been arrested by taking his or her driver’s license at the time of arrest. The officer will issue a seven-day temporary permit if that driver is otherwise eligible for driving.

**Penalties for Conviction**

All drivers convicted of driving while intoxicated will be required to attend and complete a court-appointed substance abuse course (DUI School). The Court may also require the driver to obtain an evaluation for drug dependency and/or treatment at a Court-approved treatment facility. The driver will be responsible for payment for the above.

Drivers with blood alcohol level of 0.08% or higher or impairment due to other scheduled or illicit substances will be subjected to the following penalties:

- **B.A.L. between 0.08% and 0.2%**
  - **1st Offense**
    - Fine $250 - $500
    - Prison up to 6 months
  - **2nd Offense**
    - Fine $500 - $1000
    - Prison up to 9 months
  - **3rd Offense**
    - Fine $1000 - $2500
    - Prison up to 12 months

- **B.A.L. of 0.2% and above**
  - **1st Offense**
    - Fine $500 - $1000
    - Prison up to 9 months
  - **2nd Offense**
    - Fine $1000 - $2000
    - Prison up to 12 months
  - **3rd Offense**
    - Fine $2000 - $5000
    - Prison up to 12 months

- **Damage to property or another person**
  - First offense.............Misdemeanor of first degree
  - Fourth offense....... third degree felony
  - Serious injury ....... third degree felony
  - Death .................. DUI manslaughter - second degree felony

*The possession of an open alcohol container in a motor vehicle is prohibited.*

Any opened container must be locked in a non-passenger (trunk, glove box, etc.) space. Although not a criminal charge, carrying an open container is considered a moving traffic violation. Individual counties or cities may provide more stringent rules and punishments.

**Drug Free Workplace Awareness Program**

Since prevention and education are the keys to the battle against drug abuse, the Division has established the following drug-free awareness program. The Division will make a good faith effort to continue to maintain a drug-free workplace through the implementation of this program.

The program is designed to inform all students of:

1. the dangers of drug abuse in the workplace
2. the Division’s policy concerning maintenance of a drug-free workplace
3. the penalties that may be imposed for deviation from the policies, especially concerning the sale of illicit drugs, either on or off campus
4. the availability of the Division’s intervention and assistance program

ALL STUDENTS, AS A CONDITION OF ENROLLMENT IN THE UNIVERSITY, MUST AGREE TO ABIDE BY ITS DRUG FREE WORKPLACE POLICY

Drug Use Prohibition
The University’s Health Professions Division prohibits the unlawful manufacture, distribution, dispensation, sale, possession, or use of any illegal drug or inappropriate use of prescription or over-the-counter drugs or alcohol by its students, either on or off campus. In addition, the consumption of alcoholic beverages on campus, or the use of alcohol by persons under twenty-one, at any time, is strictly prohibited, except under direct supervision at approved social functions at the RECPLEX.

Any student who violates this prohibition will be subject to action by the University. Students identified as being drug dependent or addicted will be REQUIRED to participate and successfully complete a treatment program administered by the Division’s impairment program. Those licensed under the various Professional Practice Acts that appear to be suffering from addictive disease (including alcoholism) or from other forms of impairment will be confidentially referred to the appropriate division of the Physicians Recovery Network (PRN). Other action will be determined on an individual basis but may include, though not limited to, reprimand, suspension, or dismissal.

Illegal Activity
Illegal drug-related activity, within or beyond the University grounds, will not be tolerated. Any drug-related criminal act that comes to the attention of the University, whether on or off campus, will be thoroughly investigated. If confirmed, the offender will be subject to disciplinary action up to and including dismissal. In addition, the University is legally obligated to report the activity to the appropriate federal, state or local authorities including the various licensing boards and agencies if indicated. Conviction of a drug-related activity that violates federal, state or local law must be reported within five days. Students should report such incidents to Dr. Daniel Shaw, Chairman of the Impaired Students Committee, Room 1465 in the Terry Administration Building.

Impaired Students

Intervention Protocol
1. The Impaired Student Program (ISP) of the Health Professions Division is designed to provide students with assistance in dealing with one of the most severe disabling diseases known to medical science. The Program is designed to identify and treat students suffering from substance (including alcohol) abuse or addiction in a compassionate, non-punitive manner in keeping with the spirit of the tenets of the healing arts. In addition, the Program is available to evaluate students having other problems resulting in academic, professional, interpersonal or intrapsychic impairment.

2. All students in all classes will be informed of the availability of the Impaired Student Program.
   a. A description of the Program is listed below. The Program Director can be reached at the Terry Administration Building Room 1465, Ext. 1465.
   b. The ISP will be discussed during Freshman Orientation.
   c. Presentations by the Program Director and/or other appropriate speakers will be made each year to all classes when possible.
   d. Faculty, staff, administration, and clinical supervisors will be informed of the existence of the Program.
3. Goals of Intervention include:

a. Offering help, not punishment, to the impaired student.
b. Identification of students who:

(1) Exhibit unusual or inappropriate behavior
   (a) Erratic behavior
   (b) Changes in personality
   (c) Embarrassing behavior

(2) Demonstrate changes in academic performance.
(3) Have excessive absences from lectures, laboratory sessions, or clinical assignments.
(4) Appear late repeatedly for any of the above assignments.
(5) Are observed to appear to be intoxicated.
(6) Present themselves for counseling.
(7) Display repeated, unexplained illnesses or accidents.
(8) Have major, unexplained relationship/family problems.
(9) Have legal problems, including D.U.I.'s.
(10) Are of potential danger to themselves or others.
(11) Appear to have significant inability to cope with stress.
   c. Assisting the student in knowing he or she is not alone.
   d. Providing a supportive atmosphere in which the problem can be discussed clearly and rationally.

5. All cases reported to the Program Director will be investigated to obtain corroborating documentation.

a. Intervention will be carried out only after initial reports are confirmed.
b. Anonymity will be maintained for both the student and the reporting source.
c. Intervention will be carried out if "probable cause" can be confirmed. This will protect the suspected abusing student from harassment and the reporting person from abuse.

6. Intervention Technique

a. Self-disclosure will be strongly encouraged.

(1) Students may contact the Director at (545) 262-1465.
(2) If suspected addictive behavior is noted by a number of people, it is appropriate to discuss these issues with the potentially impaired person, encouraging that person to self-disclose prior to the behavior being reported to the Director of the ISP.
(3) Anonymity will be maintained.

b. In order to provide maximum protection to the student, initial intervention will be carried out by the ISP Director, Dr. Daniel Shaw, and/or his designee.

(1) Dr. Shaw will be provided with an up-to-date list of addresses and phone numbers of all students, thus avoiding the need to contact school staff to obtain specific contact numbers.
(2) The student will be contacted personally by the ISP Director, indicating that he believes that a potential problem may exist.
(3) An appointment will be made and must be kept by the student within 24 hours of this initial contact. If necessary, the student may be instructed to miss a scheduled class.
(4) Urine and/or blood samples may be required at the ISP Director's discretion.

(5) Failure to comply with this protocol will result in confrontation by the entire ISC.

c. If all other attempts fail, the suspected dysfunctional student will be reported to administration which, if the student is confirmed as impaired, will have the option to take whatever action it deems necessary. The ability of ISC to intercede will be greatly reduced under these conditions.

Treatment Protocol

1. The goal of treatment is to assist the student who is disabled due to drug or alcohol abuse or dependency to return to full function physically, psychologically and academically.

   a. The Committee will take appropriate action rapidly.

      (1) Confidentiality will be maintained.

      (2) An individualized treatment plan will be developed by the Committee.

         (a) Actual treatment will be initiated as soon as possible.

         (b) Consideration will be given to the use of all treatment modalities on both an inpatient and outpatient basis.

      (3) Every attempt will be made to set up a treatment plan that will allow the student to stay in school without interruption.

      (4) If inpatient treatment is necessary, the student will be assured that he or she will have every opportunity to continue his or her education without prejudice.

         (a) Administration will be briefed on a "need to know" basis.

         (b) The ISC will act as the student's advocate. Studies as soon as possible.

   (5) If inpatient treatment becomes lengthy, it is understood that the student's ability to continue with his or her class may not be possible.

   (6) The student will be allowed to continue his or her education at the earliest possible date.

   b. Student involvement in the various self-help activities related to his or her treatment.

      (1) Outpatient therapy

      (2) Urine/blood tests

      (3) Inpatient therapy

   c. Drug testing may be carried out at any time during treatment. Testing will be carried out on a random basis.

   2. Resources

      a. All forms of treatment available to physicians, physician assistants, pharmacists, optometrists, occupational therapists, physical therapists and dentists licensed in the State of Florida through the respective professional or governmental organizations will be open to our enrolled students.

         Physicians: Through the FMA/FOMA Impairment Program

         Pharmacists: FPA Impairment Program

         Optometrists: the Florida Department of Business and Professional Regulation Impairment Program
Physician Assistants: Physicians Recovery Network
Occupational Therapists: Program for Impaired Practitioners: 1-800-888-8776
Physical Therapists: Program for Impaired Practitioners: 1-800-888-8776

b. Student involvement in the various self-help programs will be used as an integral part of treatment.

(1) Alcoholics Anonymous: (954) 462-0265
(2) Narcotics Anonymous: (954) 476-9297

Since, as with other chronic diseases, continued treatment does not guarantee continued remission, students suffering exacerbations while in treatment will not be subject to punitive action, and the student will receive full benefit of the Program.

a. Failure to follow the prescribed course of treatment will result in a report to the administration.

b. Drug-dealing will not be tolerated.

c. The ISC will no longer be able to protect the student.

d. The possibility of punitive action at this point, including expulsion, is up to the administration.

5. Successful treatment will be judged by:

a. Abstinence.

b. Successful return to all aspects of life.

MISCELLANEOUS INFORMATION

Acceptance of Professional Fees
The activities of students are not to be construed as the practice of medicine, optometry, pharmacy, occupational therapy, physical therapy, physician assistance, dentistry, or public health. It is a violation of the law and contrary to the policy of this University for any unlicensed person to attempt to engage in the professional practice of health care.

Students who are appropriately licensed in a profession may engage in that professional work to the extent provided by law.

Alcohol on Campus
The Health Professions Division maintains a dry campus. No alcoholic beverages are allowed.

Firearms
The possession, storage, or use of firearms or other weapons, ammunition, fireworks, explosives, air pistols, rifles or knives is strictly prohibited on University property. Such action can be considered cause for disciplinary action. Infraction of these regulations will result in immediate suspension or expulsion of the violators.

Food in the Lecture Halls
FOOD. BEVERAGES AND TOBACCO ARE NOT PERMITTED IN THE LECTURE HALLS, LABORATORIES OR UNIVERSITY CLINICS. NO SMOKING IS PERMITTED INSIDE ANY DIVISION BUILDING.

Identification Badges
Identification badges must be worn by students at all times while on campus. I.D. badges are not transferable.

I.D. badges are issued at the Division Badge Room. These badges are given to the student at no charge except for replacement.
Lost and Found
Lost and Found services are administered by the NOVALERT Security Personnel located on the first floor of the Horvitz Administration Building. The phone number is: 262-8999.

Notices, Messages, Posters
After approval from Student Affairs, students may post notices on the bulletin boards located in the student lounge and other locations.

Other boards are provided for University or Division business only. Students are prohibited from posting, altering or removing notices or messages from these boards.

No notices, announcements, posters or any other papers may be posted anywhere, including doors, windows and elevators, except on bulletin boards provided for that purpose.

Photographs and Recordings
No one may take photographs in classrooms or laboratories without prior permission of the instructor. Absolutely no photographs may be taken in the Anatomy laboratories. Students wishing to tape record lectures must obtain permission from the instructor.

Responsibility for School Property
Students will be held responsible for damage to University property caused by their negligence or willful act, and may be subject to disciplinary action, dismissal and/or prosecution by law. Students must pay for damages within 15 days after receipt of invoice. The University is not responsible for personal possessions under any circumstances.

Social Events and Extra-curricular Activities
All extra-curricular activities by Division-recognized organizations, on campus and off campus, must be approved in advance by the Division Office of Student Affairs and must be listed in order to avoid conflicting functions. A student or group of students may not officially represent the Division or the University, on or off campus, at any time without prior authorization in written form. All events sponsored by student body groups must receive prior approval from the Division Office of Student Affairs and faculty advisors affiliated with the group. Requests for permission for speakers, student meetings and other activities on campus should be made on forms provided by the Division Office of Student Affairs at least two weeks in advance. Activities must be approved by the Division Office of Student Affairs before a room can be assigned by the Coordinator of Educational Support, and no meeting announcements may be made until approval is made. A specific room will be assigned for the function. No announcements can be posted unless authorization is given by the Division Office of Student Affairs. Forms and additional information are obtainable from the Division Office of Student Affairs.

Student Employment
Due to the intensity of all academic programs, outside employment during regular school terms is strongly discouraged.

The University does have a work-study program for students who qualify. For more information, contact the Student Financial Aid Office, 262-3380, or the Coordinator of Student Employment, 262-8990.

Student Mail Boxes
Students are requested to receive their personal mail at home. Student mail boxes are provided only for campus correspondence. They are located in the student lounge in the Library/Laboratory Building.

Please note that all University correspondence will be deposited in these mailboxes. They should be checked EVERYDAY.
Mailboxes will be assigned at the beginning of each academic year by the Division Office of Student Affairs.

**Telephone Calls**

A student will not be called from class for a telephone call except in cases of extreme emergency. Other urgent messages may be left with the telephone operator. Outgoing calls made by students should be made from pay phones located outside the library or at various other locations throughout the campus. Use of the Division office phones is not permitted under any circumstances.
College of Pharmacy

COLLEGE OF PHARMACY PERSONNEL

William Hardigan, Ph.D.
Dean
Room 1300 / Ext. 1300
The Dean is the chief academic officer of the College of Pharmacy. Any matters not readily handled by the Assistant Deans or their respective departments should be referred to this office.

Dean Arneson, Pharm.D., Ph.D.
Assistant Dean for Student Affairs
Room 1391 / Ext. 1391
The Assistant Dean is responsible for all student affairs and interfaces with all student pharmacy groups. He administers all student policies of the College.

Carsten Evans, Ph.D.
Assistant Dean for Professional Affairs
Room 1300 / Ext. 1300
This office is responsible for postgraduate education including continuing education, distance learning, and other educational needs for pharmacists and the pharmaceutical industry.

Lisa Deziel-Evans, Pharm.D.
Assistant Dean for Academic Affairs
Room 1387 / Ext. 1387
This office is responsible for curriculum development, evaluation, and implementation. The development and use of educational technology is within this responsibility.

Andres Malave, Ph.D.
Assistant Dean for Pharmaceutical Sciences
Room 1382 / Ext. 1382
This office handles matters concerning all pharmaceutical science issues. The Assistant Dean is responsible for the courses in Pharmaceutical Sciences and laboratories.

Scott Swigart, Pharm.D.
Assistant Dean for Pharmacy Practice
Room 1310 / Ext. 1310
This office handles matters concerning experiential education issues. The Assistant Dean is responsible for the courses in Pharmacy Practice and practice sites.

Carmen Aceves Blumenthal, M.S.
Director of Pharmacies
Room 1383 / Ext. 1383
This office is responsible for the operations of the pharmaceutical care centers in the Fort Lauderdale and Davie health care centers.
ACADEMIC AFFAIRS

Registration
Students must register for courses prior to the start of the semester.

Faculty Advisors
Prior to the start of classes, every new student is assigned to a faculty advisor for academic counseling. Incoming students meet with their advisors during orientation. They are also encouraged to meet periodically with their advisors to review classwork in order to avoid any academic problems.

Student Advisors
Each incoming student is also assigned a student advisor. The role of the student advisor is to inform our entering students about life in the program. Matriculants meet with their student advisors during orientation and are encouraged to meet throughout the year.

Adding a Course
Students in the postgraduate Pharm.D. program may add courses only during the first week of the semester.

Withdrawal from a Course for Grading Purposes
A student may withdraw from a course up to 5:00 p.m. two weeks after midterm block examinations with prior consultation and approval of the advisor and Dean. The student must be in good standing. A grade of "W" will appear on the student's transcript. A drop form must be completed and submitted to the Office of the Dean.

The deadline for withdrawing from any rotation is 5:00 p.m., Monday, of the third week of a four-week rotation or 5:00 p.m., Monday, of the fifth week of an eight-week rotation.

Policy on Returning Examinations
In order that they may be a learning experience as well as a means of evaluation, all examinations will be returned or made available to the students for review no later than two weeks after the examination.

Grading
At the end of each course, the instructor submits to the Office of the Dean a grade for each student. Percentage grades are used except in certain designated courses in which Pass (P) or Fail (F) is employed.

Grades will be issued for clinical rotations as well as didactic courses.

Grading for all students will be based on the following:

- 90 - 100 = A
- 80 - 89 = B
- 70 - 79 = C
- Below 70 = F
- Incomplete = I (must be removed by the end of the next semester, or the end of the semester when the course is offered; otherwise, it will automatically convert to an "F")
- Withdrawal = W
- Audit = AU
- Pass = P
- Fail = F

Transcript Notations
Failing grades will be included in calculating the grade point average (GPA) for that semester and the cumulative GPA to that point. If the student is permitted to take a re-examination and passes that re-examination, a grade of "70/original grade" is recorded. The re-examination grade (70) will be used to calculate all further GPAs.
When a student repeats a course, the new grade will be entered on the transcript, along with an “R” to indicate that it was a repeated course. The most recent grade replaces the previous grade in calculating subsequent GPAs.

Grade Disputes
Grade disputes should be directed to the course instructor. If unresolved, the dispute is forwarded to the department head for review. If necessary, a review will be conducted by the Assistant Dean and finally the Dean.

Academic Standing
Each student’s academic achievement is reviewed each semester and a transcript is compiled by the Registrar. A copy of this transcript is sent, upon request, to the Dean’s Office and Financial Aid Office where applicable. A report card is sent each semester to the student.

The transcript includes:

1. Grades earned
2. Deficiencies (Incompletes, Failures, Probation, etc.)
3. Semester GPA and cumulative GPA
4. Withdrawals

Student Progress Committee
The academic progress of each student is under the supervision of the Student Progress Committee and the Dean. The Student Progress Committee meets as soon as possible after the end of each semester and at other times designated by the Dean. At these times, the grades and records for selected students are presented to the Committee.

The Student Progress Committee recommends to the Dean actions relative to the academic progress and status of individual students.

Academic Promotion
Promotion is defined as progression from one academic year to the next.
A student will be promoted to the next year if the student has:

1. Satisfactorily completed all courses in that academic year
2. Maintained satisfactory academic progress, with a GPA of 70 or better

Students whose academic performance is unsatisfactory may be placed into the Alternate Educational Program. The Alternate Education Program is designed for those students who are having academic difficulties and are in jeopardy of failing or of being dismissed.

Students placed on the Alternate Educational Program are automatically on academic probation. As such, any failures may result in dismissal.

Note: The academic program must be completed in seven calendar years.

Alternate Education Program
In addition to the standard course of study, the College of Pharmacy offers a special alternate program to those students for whom it is desirable to reduce the total course load during years one and two of their programs. This is usually accomplished by spreading the first two academic years over three academic years. The exact schedule is tailored to the individual student needs and is designed by the Dean or his designee in conjunction with the student.

Students in this program are subject to the same promotion, probation and re-examination policies as regular program students. Because they take courses with more than one class, they will be ranked in that class with which they graduate.
To assist those who will thus take an extra year to graduate, administration may allow a reduction of one-half of the tuition for the second year of the Alternate Program, as determined by the Dean.

**Mandatory Remediation Program**

Students whose academic performance is unsatisfactory and who do not request entry into the Alternate Education Program may be placed on the Mandatory Remediation Program. Unlike the Alternate Education Program, the Mandatory Remediation Program is specifically designed for those students who are having academic difficulties and are in jeopardy of failing.

The Mandatory Remediation Program is similar in structure to the Alternate Education Program with the following clarifications:

1. A failing grade is recorded for all courses not satisfactorily completed. These courses may be made up the following year with the appropriate notation on the transcript.

2. In this program there may be no consideration given for reduced tuition. Students spending five years in the institution will pay a full five years' tuition.

Students placed on the Mandatory Remediation Program are automatically on academic probation. As such, any failures may result in dismissal.

**Dean's List**

Students in the top 6 - 15% of their class are placed on the Dean’s List for that semester. A letter of commendation is sent from the Dean to the student and the honor is recorded on the student’s official transcript.

**Graduation with Honors**

Students with a GPA in the upper 5% of their class will receive a diploma inscribed with "HIGHEST HONORS." Students in the next 10% of their class will receive a diploma inscribed with "HONORS."

**Academic Probation**

The Student Progress Committee will make recommendations to the Dean when a student is not making satisfactory progress towards meeting degree requirements. The Dean may then place the student on academic probation. This will be recorded on the official transcript. The Dean will then notify the student of this action. A student who is on academic probation will be restricted from holding office in any student- or college-sponsored organization. The College and Division offices of Student Affairs will be so notified. Other activities may be restricted by the Dean.

Failure to bring the GPA up to a satisfactory level and to remove failure grades within the academic year may result in dismissal.

The College reserves the right, and the student, by his or her act of matriculation, concedes to the College the right, to require withdrawal at any time the College deems it necessary to safeguard its standards of scholarship, professional behavior and compliance with regulations, or for such other reasons as are deemed appropriate.

**Remediation Policies**

Failure Grades: Rectification of failures is determined by the Dean on an individual basis. The criteria for the decision include:
Re-examination. A student who receives a grade of less than 70% for a course will be allowed a single re-examination under the following circumstances:

A. If the student has achieved a grade of 70% or better on all but one test during the term and the one grade is above a 50%

B. If the course mean is below 80% and the student’s grade is within two standard deviations

C. If the student performs consistently below 70% during the term but it is discovered that it is due to a legitimately documented medical situation during the term

D. If an unforeseen catastrophic event occurs which directly impacts the student’s performance

A student who gets less than a 70% in three or more courses during the term will not be eligible for re-examinations.

Rectification of failure may be assigned by the Dean in one of two modes:

A. By specific criteria, specified by the course coordinator and department head.

B. By course repetition

   (1). The course may be repeated at Nova Southeastern University College of Pharmacy.

   (2). The course may be taken at another institution after the Department Chair, in conjunction with the course coordinator, determines the equivalency of the course to the Nova Southeastern University College of Pharmacy course it will be replacing and makes a recommendation to the Dean. The student must obtain the prior approval from the Dean for off-campus registration.

Repeated Failures

Failure to complete successfully any course upon repeating it may result in automatic suspension, and may lead to dismissal. This will apply regardless of the student’s GPA.

Failure to complete successfully any Externship or Clerkship rotation upon repeating it will result in automatic suspension, and may lead to dismissal. This will apply regardless of the student’s GPA.

Failure to complete successfully two or more courses, Externship or Clerkship rotation, regardless of remediation status, may result in automatic suspension, and may lead to dismissal.

Any student falling in the above categories may be required to repeat courses (at his or her expense), as recommended by the Student Progress Committee, at the discretion of the Dean’s office.

Re-admission for a Dismissed Student

Students may re-apply for admission if a reasonable time has elapsed since the dismissal. Re-admission will be at the discretion of the Dean. The applicant is required to present adequate evidence that the conditions and/or factors which caused the prior poor academic performance have changed significantly so that there is a reasonable expectation the applicant can perform satisfactorily if permitted to resume his/her college study. It is noted that the student’s prior academic record will remain part of his or her overall academic record, but none of the prior grades will be calculated in the new GPAs.
**Student Appeals**

A student may submit a written request for a re-hearing on the actions of the Dean within five school days of receipt of notification. The Dean will then interview the student and render a decision in a timely manner. If the decision is not satisfactory to the student, he or she may then appeal the action to the Executive Vice Chancellor by submitting a letter within five school days of the receipt of the notification of the Dean’s action. Again, the student may be interviewed and will be notified of the Executive Vice Chancellor’s action in a timely manner. A final appeal is available to the Chancellor. This should be made in writing within five school days of the previous decision.

**APPEAL PROCESS SUMMARY**

Dean > Executive Vice Chancellor & Provost > Chancellor

**Requirements for Graduation**

Students are not awarded their degrees only upon the completion of any prescribed number of courses or upon passing a prescribed number of examinations. Degrees are awarded when the faculty believes the students have attained sufficient maturity of thought and proficiency. If a student fails to graduate, he or she does not fail in any one subject but is judged by the faculty to be unqualified for the practice of the health profession as a whole.

To receive a degree, every student must fulfill the following requirements:

1. Be of good moral character

2. Have satisfactorily passed all required examinations

3. Have successfully completed a minimum of 132 semester hours of course work in the College of Pharmacy within seven years

4. Have satisfactorily completed the assigned curriculum requirements for the degree, including all assignments, with a GPA of 2.0 on a four-point scale or a numerical average of 70 or above

5. Have satisfactorily met all financial and library obligations

6. If transferring, a student must complete a minimum of 16 semester hours of didactic course work in addition to five clerkships

7. Attend in person the rehearsal and commencement program at which time the degree is conferred

**Licensure Examinations**

Application for licensure may be obtained from the Florida Board of Pharmacy or the board of pharmacy of any other state. The college will certify to the Board the candidate’s graduation as well as internship hours completed during experiential courses and internship.

**STUDENT ACTIVITIES**

**Student Organizations Officially Recognized by the University**

A variety of organizations are available in which students may participate.

**Health Professions Division**

**Division Student Government**

The Division Student Government is recognized by the Division Administration as the official student voice on all university issues. The student members of the organization are the President and Vice President of each of the Colleges’ Student Councils.
College of Pharmacy

Student Council

Student Council is the official voice for all Pharmacy students. The organization is open to all students and welcomes proposals and participation from the entire student body.

The responsibilities of Student Council include: collecting and expressing student opinion, dispensing funds for student activities, acting as a liaison for the student body, promoting pharmacy, supporting club and class activities, and working to improve the quality of life for all students at the College of Pharmacy.

Four voting representatives are elected from each class. In the spring of each year, Student Council Officers – President, Vice President, Secretary and Treasurer – are nominated from this pool of representatives.

Academy of Students of Pharmacy

The Academy of Students of Pharmacy (ASP) is the student branch of America’s largest and oldest association of pharmacists, the American Pharmaceutical Association (A.Ph.A.). This pharmacy organization is also the only one that represents all practice settings and, at present, has more than 10,000 student members attending the 79 schools and colleges of pharmacy across the country. ASP has representation within the organization and has its own standing committees on education programs, publications, awards, and policy. Each member of ASP also receives the full benefits of membership in A.Ph.A. and, through periodic publications and meetings, can keep up to date on the developments and events that affect the practice of pharmacy. At the local level, student members can participate in service projects that benefit both the College and the community as well as social activities that foster school spirit. Any pharmacy student can be a member of ASP and still be eligible for participation in any other campus organization.

National Association of Community Pharmacists

NACP (formerly NARD) provides pharmacy students with the opportunity to interact with successful pharmacy practitioners across the nation in order to build a career in an independent pharmacy setting. Information on how to start your own pharmacy through financing and management, as well as strategies on successful retail operations are presented. A matching service that brings together employers and employees is provided as well as a listing of pharmacies that are for sale. Legislative and regulatory developments are supplied to the students.

Phi Lambda Sigma

The purpose of Phi Lambda Sigma, the national pharmacy leadership society, is to promote the development of leadership qualities in pharmacy, especially among pharmacy students. By peer recognition, the society encourages participation in all pharmacy activities. Membership crosses fraternal and organizational lines and, therefore, the society does not compete with any other organization. Members are selected by peer recognition. No greater honor can be bestowed upon a person than to be recognized as a leader by peers. Such recognition serves to instill self-confidence and to promote greater efforts toward the advancement of pharmacy. Further, peer recognition stimulates the less active student to a more active role.

Rho Chi

Rho Chi is the national honor society for pharmacy. Members are selected on the basis of academic excellence, a capacity for achievement in the science and art of pharmacy and the allied sciences. Men and women are chosen on the basis of strength of character, personality, and leadership. They must rank in the highest twenty percent of the class, and have obtained a scholastic average equivalent to the second-highest letter grade. They are eligible for election after completing six semesters or nine quarters of scholastic work applicable toward the degree granted by their school of pharmacy. Rho Chi elections therefore take place in
either the fourth year or the fifth year of most pharmacy curricula. The Society also provides for graduate student, faculty, alumni, and honorary membership.

**Florida Society of Health-System Pharmacists**
The Florida Society of Health-System Pharmacists Student Chapter participates in "shadowing" programs which allow students to accompany a hospital pharmacist through his or her daily activities and broaden their exposure to hospital pharmacy. Members are also involved in community service projects such as Poison Prevention Week and National Pharmacy Week.

**Academy of Managed Care Pharmacy**
In 1997, NSU students formed the nation's third student chapter of the Academy of Managed Care Pharmacy. The organization is largely concerned with the administrative and patient care issues of individuals enrolled in HMO's, PPO's, etc. Members receive AMCP periodicals and other educational materials, attend national meetings, visit practice sites, "shadow" practitioners, and have speaker/discussion meetings on managed care topics.

**Phi Delta Chi**
Phi Delta Chi fraternity is an association formed to advance the science of pharmacy and to foster a fraternal spirit among its members. Being a member is a lifelong experience which promotes scholastic, professional and social growth in order to advance pharmacy. Each member serves the public health and has a goal to be a leader in the profession.
