Message From the President

Nova Southeastern University is Florida's largest independent university based on enrollment, and one of the top 20 independent institutions in the United States. As president of NSU, I invite you to become an ambassador of this remarkable educational showcase that is 37 years young.

In 1967, NSU served an entire student body of 17 from one building. Today, we have more than 18,000 students enrolled in 16 academic centers, with programs offered in 22 states and many foreign countries. The university boasts more than 68,000 alumni. More than 7,000 students attend classes on our 232-acre main campus.

The university's sustained growth is due in large part to its exploration of alternative strategies in educating professionals and its commitment to excellence in academics, clinical training, community service, and well-rounded opportunities for all students. The essence of NSU is collaboration at all levels and with diverse partners.

As you pursue your studies at Nova Southeastern University, you are welcomed as a member of the university community. Along with your membership to the university community comes many rights and responsibilities. This Student Handbook outlines these rights and responsibilities, university policies and procedures, and university resources.

We look forward to a lifelong partnership with you, our student. The entire NSU community is dedicated to providing service and academic excellence to you as you continue on the road to graduation and your success in the new millennium.

Ray Ferrero, Jr.
President
Overview of Nova Southeastern University
NOVA SOUTHEASTERN UNIVERSITY

Mission Statement

Nova Southeastern University is a dynamic, not-for-profit independent institution dedicated to providing high-quality educational programs of distinction from preschool through the professional and doctoral levels, as well as service to the community. Nova Southeastern University prepares students for lifelong learning and leadership roles in business and the professions. It offers academic programs at times convenient to students, employing innovative delivery systems and rich learning resources on campus and at distant sites. The university fosters inquiry, research, and creative professional activity, by uniting faculty and students in acquiring and applying knowledge in clinical, community, and professional settings.

History

Nova Southeastern University (NSU) is a nonprofit, fully accredited, coeducational institution. It was founded in 1964 as Nova University of Advanced Technology. In 1974, the Board of Trustees changed the university's name to Nova University. In 1994, Nova University merged with Southeastern University of the Health Sciences to form Nova Southeastern University.

NSU is well known for innovation and quality in both traditional and distance education. The university serves large numbers of adult students and a growing population of traditional undergraduates. To date, the institution has produced more than 78,000 alumni.

Based on fall-term enrollment as a measure, Nova Southeastern University is the largest independent institution of higher education in the Southeast with more than 18,000 students and is among the 20 largest independent institutions nationally. NSU is one of 142 colleges and universities statewide, and one of 63 independent not-for-profit four-year institutions in Florida.

The university awards bachelor's, master's, educational specialist, doctoral, and first-professional degrees in a wide range of fields, including business, counseling, computer and information sciences, education, medicine, dentistry, pharmacy, various health professions, law, marine biology, psychology, and other social sciences. The university offers 19 undergraduate majors through the Farquhar Center for Undergraduate Studies.

Nova Southeastern University has the only college of osteopathic medicine in the southeastern United States, the only college of optometry in Florida, and the only colleges of pharmacy and dentistry in South Florida. The institution also enjoys an excellent reputation for its programs for families offered through the Family Center and University School, including innovative parenting, preschool, primary, and secondary education programs. The University School of Nova Southeastern University, a fully accredited independent college preparatory day school, enrolls students in prekindergarten through 12th grade and operates campuses in Fort Lauderdale and Coral Springs, Florida.

NSU's programs are administered through academic centers that offer courses at campuses in Fort Lauderdale, North Miami Beach, and Dania Beach, as well as at locations throughout Florida, across the nation, and at selected international sites. Despite the geographic diversity of sites where classes are offered, 82 percent of the student body attends classes in Florida. More than two-thirds of all students enrolled attend classes in the tri-county area (i.e., Miami-Dade, Broward, and Palm Beach Counties). With an annual budget of approximately $260 million in 2000-2001, Nova Southeastern University also has a significant economic impact on the surrounding community. A recent NSU study revealed that the university and its students and employees contributed more than $800 million to the Florida economy during fiscal year 1999-2000.

Student Rights and Responsibilities
STUDENT RIGHTS AND RESPONSIBILITIES

Code of Student Conduct and Academic Responsibility

Purpose: This code seeks to promote high standards of academic integrity by setting forth the responsibilities of students as members of the university community. Abiding by the code ensures a climate wherein all members of the university community can exercise their rights of membership.

Code of Student Conduct

The university is a community of scholars in which the ideals of freedom of inquiry, freedom of thought, freedom of expression, and freedom of the individual are sustained. However, the exercise and preservation of these freedoms and rights require a respect for the rights of all in the community to enjoy them to the same extent. It is clear that in a community of learning, willful disruption of the educational process, destruction of property, and interference with the orderly process of the university or with the rights of other members of the university cannot be tolerated. Students enrolling in the university assume an obligation to conduct themselves in a manner compatible with the university's function as an educational institution. To fulfill its functions of imparting and gaining knowledge, the university retains the power to maintain order within the university and to exclude those who are disruptive of the educational process.

In support of this, any violations of the Code of Student Conduct and Academic Responsibility and/or university policies and procedures may result in disciplinary action and/or criminal prosecution. Violations of academic and/or supplementary standards will be handled through the student's academic college, center, or school. Violations of conduct standards, supplementary standards, university policies and/or procedures will be handled by the Office of the Dean of Student Affairs or by the individual academic college, center, or school as appropriate.

Nova Southeastern University Statement of Student Rights and Responsibilities

Nova Southeastern University, as a community of women and men, is committed to furthering scholarship, academic pursuits, and service to our society. As an institution, our purpose is to ensure all students an equal opportunity to fulfill their intellectual potential through pursuit of the highest standards of academic excellence.

Certain rights and obligations flow from membership in any academic community committed to such goals:

- the rights of personal and intellectual freedom, which are fundamental to the idea of a university
- scrupulous respect for the equal rights and dignity of others
- dedication to the scholarly and educational purposes of the university and participation in promoting and ensuring the academic quality and credibility of the institution

Students are responsible for obtaining, learning, and observing the established university and academic center policies as listed in all official publications. In addition, students must comply with the legal and ethical standards of the institution, as well as those of Broward County and the state of Florida. All members of the community should inform the appropriate official of any violation of conduct regulations.

A. Academic Standards

The university expects its students to manifest a commitment to academic integrity through rigid observance of standards for academic honesty. The academic honesty standards include:
1. Original Work. Assignments such as course preparations, exams, texts, projects, term papers, practicums, etc., must be the original work of the student. Original work may include the thoughts and words of another author but, if that is the case, those ideas or words must be indicated in a manner consistent with a university-recognized form and style manual.

Work is not original that has been submitted previously by the author or by anyone else for academic credit. Work is not original that has been copied or partially copied from any other source, including another student, unless such copying is acknowledged by the person submitting the work for the credit at the time the work is being submitted, or unless copying, sharing, or joint authorship is an express part of the assignment. Exams and tests are original work when no unauthorized aid is given, received, or used before or during the course of the examination.

2. Referencing the Works of Another Author. All academic work submitted for credit or as partial fulfillment of course requirements must adhere to each center's specific accepted reference manuals and rules of documentation. Standards of scholarship require that the writer give proper acknowledgment when the thoughts and words of another author are used. Students must acquire a style manual approved by their center and become familiar with accepted scholarly and editorial practice in their program. Students' work must comport with the adopted citation manual for their particular center.

At Nova Southeastern University, it is plagiarism to represent another person's work, words, or ideas as one's own without use of a center-recognized method of citation. Deviating from center standards (see above) is considered plagiarism at Nova Southeastern University.

3. Tendering of Information. All academic work must be the original work of the student. Giving or allowing one's work to be copied, giving out exam questions or answers, or releasing or selling term papers is prohibited.

4. Acts Prohibited. Students should avoid any impropriety or the appearance thereof, in taking examinations or completing work in pursuance of their educational goals. Violations of academic responsibility include, but are not limited to:
   - plagiarism
   - any form of cheating
   - conspiracy to commit academic dishonesty
   - misrepresentation
   - bribery in an attempt to gain an academic advantage
   - forging or altering documents or credentials
   - knowingly furnishing false information to the institution

5. Additional Matters of Ethical Concern. Where circumstances are such as to place students in positions of power over university personnel, inside or outside the institution, students should avoid any reasonable suspicion that they have used that power for personal benefit or in a capricious manner.

B. Conduct Standards

1. Students should not interfere with the rights, safety, or health of members of the university community nor interfere with other students' right to learn. Students are expected to abide by all university, center, and program rules and regulations and all local, state, and federal laws.
Violations of conduct standards include, but are not limited to:

a. theft
b. vandalism
c. disruptive behavior
d. possession or use of firearms, fireworks, explosives, or other dangerous substances or items
e. possession, transfer, sale, or use of illicit drugs
f. appearance in class or on campus under the apparent influence of alcohol or illicit drugs or chemicals
g. violations of housing regulations
h. violations of university policies and procedures
i. any act or conspiracy to commit an act that is harassing or abusive or that invades an individual's right to privacy, including, but not limited to, sexual harassment and abuse against members of a particular racial, ethnic, religious, or cultural group
j. threats of or actual damage to property or physical harm to others
k. any activity that may be construed as hazing ("hazing" is defined as: any action or situation that recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of a university)
l. failure to pay tuition and fees in a timely manner

2. Students must have authorization from the university to have access to university documents, data, programs, and other types of information and information systems. Any use of the above without authorization is prohibited.

C. Supplementary Standards

Students are expected to comply with the legal and ethical standards of this institution and those of their chosen field of study, including the Code of Ethics for Computer Usage. The university and each center or program may prescribe additional standards for student conduct as would comport with the letter and spirit of this code.

D. Violations

Any violation(s) of any of the academic standards, conduct standards, or supplemental standards may result in a complaint being filed against a student to enforce the Code of Student Conduct and Academic Responsibility. Deans, associate deans, or directors may, in their discretion, immediately suspend students pending a hearing on charges of academic, conduct, or supplemental standards violations. Violations of academic, conduct, or supplemental standards are subject to disciplinary action, including expulsion from the university. Violations of academic standards will be handled through the student's academic college, school, or center. Violations of conduct or supplementary standards will be handled by the Office of the Dean of Student Affairs or by the individual academic college, school, or center as determined by the appropriate dean.
Sanctions

If the student is found in violation of the Code of Student Conduct and Academic Responsibility and/or university policies and procedures, one or more of the following sanctions may be imposed:

1. **Expulsion:**
   Permanent dismissal from the university with no right for future readmission under any circumstances. A student who has been expelled is barred from campus visiting privileges.

2. **Suspension:**
   Mandatory separation from the university for a period of time specified in an order of suspension. An application for readmission will not be entertained until the period of separation indicated in the suspension order has elapsed. Readmission is subject to approval of the university. During the period of suspension, the student is barred from campus visiting privileges unless specific permission is granted by the dean of student affairs or designee.

3. **Temporary Suspension:**
   Action taken by the dean of student affairs/associate dean of student affairs, which requires a student's temporary separation from the university until a final determination is made of whether or not a student is in violation of the Code of Student Conduct and Academic Responsibility.

4. **Final Disciplinary Probation:**
   A disciplinary sanction serving notice to a student that his/her behavior is in flagrant violation of university standards, under which the following conditions exist:
   a. The sanction is for the remainder of the student's career and may be reviewed by the dean of student affairs no sooner than two regular academic semesters or equivalent after the sanction is imposed.

   After two semesters in attendance, a student may initiate a request in writing for reduction of the sanction to disciplinary probation, but must also demonstrate reason to substantiate the request.

   b. Another violation of the Code of Student Conduct and Academic Responsibility will at a minimum result in suspension.

5. **Disciplinary Probation:**
   A disciplinary sanction serving notice to a student that her/his behavior is in serious violation of university standards. A time period is indicated during which another violation of the Code of Student Conduct and Academic Responsibility will automatically raise the question of a more severe sanction (suspension or expulsion) if the student is found in violation.

6. **Disciplinary Warning:**
   A disciplinary sanction serving notice to a student that her/his behavior has not met university standards. This sanction remains in effect for a designated number of semesters of attendance after which it is expunged from the student's file.

7. **Verbal Warning:**
   A verbal warning is a verbal admonition to the student by a university staff member that his/her behavior is inappropriate. A verbal warning will be noted in the student's file for a period of time after which it is expunged from the student's file.

8. **Fines:**
   Penalty fees payable to the university for violation of certain regulations with the Code of Student Conduct and Academic Responsibility.
9. Restitution:
Payment made for damages or losses to the university, as directed by the adjudicating body.

10. Restriction or Revocation of Privileges:
Temporary or permanent loss of privileges, including but not limited to the use of a particular university facility, visitation privileges, and parking privileges.

11. Termination or Change of Residence Hall Agreement/Accommodation:
A disciplinary sanction that terminates or changes the Residence Hall Agreement/Accommodation. This should be accompanied by another form of disciplinary action. It is considered permanent unless lifted by the dean of student affairs/associate dean of student affairs/director of residential life or designee.

12. Counseling Intervention:
When extreme behavior indicates that counseling may be beneficial, the student may be referred to counseling.

13. Other Appropriate Action:
Disciplinary action not specifically outlined above, but approved through the dean of student affairs/associate dean of student affairs or designee.

14. Parent/Legal Guardian Notification:
University personnel may at times of extreme concern for a student’s welfare notify parent(s) or legal guardian(s) of a student under 21 years of age in writing or by phone when alcohol or drug violations of university policy occur.

Appeal Process
An appeal of disciplinary action taken by the Office of the Dean of Student Affairs or its designee must be made in writing to the dean of student affairs within 72 hours of the receipt of the written disposition of the hearing. In appealing a disciplinary decision, the appeal must fall into one of the following categories:

1. The student has new evidence that was not available prior to the original hearing.
2. The disciplinary process was not adhered to during the student’s hearing.
3. The sanction(s) do not relate appropriately to the violation.

A written decision will be provided by the dean of student affairs within a reasonable amount of time from receipt of the appeal request. The decision of the dean of student affairs will be final. For appeals of disciplinary action taken by individual colleges, centers, or schools, please consult the academic section of this handbook related to this area and/or academic dean or designee.
Specific University Policies and Procedures
SPECIFIC UNIVERSITY POLICIES AND PROCEDURES

Alcohol Policy

The policy governing the use of alcohol by students at Nova Southeastern University is in compliance with the laws of the state of Florida prohibiting the consumption of alcoholic beverages by persons not of legal age. The policy is based on the use of alcohol in moderation and under appropriate circumstances. The university recognizes that students are adults and are expected to obey the law and take personal responsibility for their own conduct. The laws of the state of Florida prohibit the possession or consumption of alcohol by persons less than 21 years of age.

1. The university will not authorize the use of student activity fees or other student funds collected and administered by the university to provide alcoholic beverages for any student event. Exceptions to this prohibition may be granted by the president or an appropriate designee.

2. The sale, delivery, possession, and consumption of alcoholic beverages on any property owned and controlled by the university is strictly prohibited, except as licensed by the state of Florida or otherwise permitted in these regulations. The use of alcoholic beverages on university premises shall be considered a privilege and may be allowed only if consistent with state laws and university regulations, and only when it will not interfere with the decorum and academic atmosphere of the campus.

3. Exception to this prohibition is made for university housing residents of legal drinking age. The possession and use of alcoholic beverages in university housing is governed by the Residential Living Guide. All authorized guests of legal age who visit a university housing unit may enjoy the drinking privileges accorded the residents of that housing unit.

4. The president, or an appropriate designee, may approve other exceptions to this prohibition to allow possession or consumption of alcoholic beverages by persons of legal drinking age at designated events and locations on campus.

5. The use of alcoholic beverages off campus by students of legal drinking age is permissible; however, incidents of intoxication and/or misconduct are subject to university disciplinary action. Students are expected to comply with municipal, state, and federal laws pertaining to the possession and consumption of alcoholic beverages. Any violation of these laws may result in probation, suspension, or expulsion.

Guidelines for the Use of Alcohol at University Student Events

1. Nova Southeastern University functions that are student oriented may serve only beer and wine. All requests for such events must be coordinated through NSU's Office of the Dean of Student Affairs.

2. Entry fees may be charged, but this fee is only for admission to the event.

3. One-quarter hour before the approved ending time listed on the exemption, ticket sales will stop.

4. Any advertisements for the event (including leaflets, invitations, posters, letters, and all other forms of advertisements) cannot advertise alcohol. These advertisements must display the following information: Beverages will be available. Must have valid state-issued picture identification for verification of age.
5. An adequate amount of food and alternative beverages (such as water, juice, assorted sodas, coffee, and teas) must be available throughout the entire event. This food and beverage will be provided at the cost of the organization holding the event. The amount of food and beverages appropriate for the size of the event will be determined by the director of the student union.

6. No organization or individual can purchase beer or wine for an event. All beer and wine must be purchased and served by the Office of the Dean of Student Affairs. All proceeds from ticket sales will be deposited with the Office of the Dean of Student Affairs. No other alcohol is permitted.

7. The director of the student union or designee will be present during an event at which beer and wine are served. If he/she is not available, then a university employee will be designated by the Office of the Dean of Student Affairs. The organizational contact of the event must be present during the entire event as a point of contact for the director of the student union or designee.

8. The sponsoring organization is responsible for ensuring that all university policies are strictly obeyed. These guidelines do not override existing university policies, but rather, these guidelines should be used in conjunction with all other university policies.

9. Appropriate precautionary measures must be in place to ensure that alcoholic beverages are not served to persons under the legal drinking age. These measures include having a designated individual, as deemed by the Office of the Dean of Student Affairs, screening persons entering the event and attaching a bracelet or stamp indicating those of legal drinking age. At any time during the event, the individual screening has the option to decline identification provided by an individual. The entire staff working the event has the right to refuse service to individuals deemed as having enough alcohol before or during the event.

10. Under no circumstances should anyone be coerced to drink alcohol. This means no drinking games, contests, or events that encourage excessive drinking.

11. It will be at the discretion of the Office of the Dean of Student Affairs whether to make arrangements and pay for any security needs necessary based on the specifics of the event and the number of estimated attendees.

12. Violations of these guidelines during the event may result in the closing of the event. All individual violations will be referred to the Office of the Dean of Student Affairs for review. The university can take disciplinary actions as a result of violations to these guidelines.

Acceptable Use of Computing Resources

This policy provides guidelines for the appropriate and inappropriate use of the computing resources of Nova Southeastern University. It applies to all users of the university’s computing resources including students, faculty, staff, alumni, and guests of the university. Computing resources include all computers, related equipment, software, data, and local area networks for which the university is responsible as well as networks throughout the world to which the university provides computer access.

The computing resources of Nova Southeastern University are intended to be used for its programs of instruction and research and to conduct the legitimate business of the university. All users must have proper authorization for the use of the university’s computing resources. Users are responsible for seeing that these computing resources are used in an effective, ethical, and legal manner. Users must apply standards of acceptable academic and professional ethics and considerate conduct to their use of the university’s computing resources. Users must be aware of the legal and moral responsibility for ethical conduct in the use of computing resources. Users have a responsibility not to abuse the network and resources, and to respect the privacy, copyrights, and intellectual property rights of others.
In addition to the policy contained herein, usage must be in accordance with applicable university policies and applicable state and federal laws. Important laws include the Florida Computer Crimes Act, the Federal Computer Abuse Amendment Act of 1994, the Federal Electronic Communications Privacy Act, and the U.S. Copyright Act. Copies of these laws and the NSU copyright policy may be examined in the Office of Academic Affairs.

Policy violations generally fall into five categories that involve the use of computing resources:

1. For purposes other than the university’s programs of instruction and research and the legitimate business of the university.

2. To harass, threaten, or otherwise cause harm to specific individuals or classes of individuals.

3. To impede, interfere with, or otherwise cause harm to the activities of others.

4. To download, post, or install to the university computers, or to transport across university networks, material that is illegal, proprietary, in violation of license agreements, in violation of copyrights, in violation of university contracts, or otherwise damaging to the institution.

5. To recklessly or maliciously interfere with or damage computer or network resources or computer data, files, or other information.

Examples (not a comprehensive list) of policy violations related to the above five categories include:

- sending an individual or group repeated and unwanted (harassing) email messages or using email to threaten someone.

- accessing, or attempting to access, another individual’s data or information without proper authorization (e.g., using another’s computing account and password to look at his/her personal information).

- creating or forwarding or in any way participating in the distribution of electronic chain mail, pyramid schemes, or sending forged or falsified email.

- obtaining, possessing, using, or attempting to use someone else’s password regardless of how the password was obtained.

- copying a graphical image from a Web site without permission.

- posting a university site-licensed program to a public bulletin board.

- using illegally obtained licensed data/software, or using licensed data/software in violation of their licenses or purchase agreements.

- releasing a virus, worm, or other program that damages or otherwise harms a system or network.

- preventing others from accessing services.

- attempting to tamper with or obstruct the operation of NSU’s computer systems or networks.

- using or attempting to use NSU’s computer systems or networks as a means for the unauthorized access to computer systems or networks outside the university.

- viewing, distributing, downloading, posting, or transporting child or any other pornography via the Web, including sexually explicit material for personal use that is not required for educational purposes.
• using university resources for unauthorized purposes (e.g., using personal computers connected to the campus network to set up Web servers for illegal, commercial, or profit-making purposes)
• violating federal copyright laws or the NSU copyright policy

Inappropriate conduct and violations of this policy will be addressed by the appropriate procedures and agents (e.g., the Office of the Dean, the Office of the Assistant to the President for Academic Affairs, or the Office of Human Resources) depending on the individual’s affiliation with the university. In cases where a user violates any of the terms of this policy, the university may, in addition to the other remedies, temporarily or permanently deny access to any and all NSU computing resources, and appropriate disciplinary actions may be taken, up to and including dismissal.

Access to NSU Online Systems

In order to access the university’s computing resources, all Nova Southeastern University students must provide their own Internet access service through a suitable Internet service provider.

Acceptance of Professional Fees

The activities of students in any other profession, position, or vocation are not to be construed as the practice of medicine, optometry, pharmacy, occupational therapy, physical therapy, physician assistance, dentistry, public health, law, psychology, counseling, audiology, and/or education. It is a violation of the law and contrary to the policy of this university for any unlicensed person to engage in the professional practice of health care, law, psychology, audiology, and/or education. Students who are appropriately licensed in a profession may engage in that professional work to the extent provided by the law (not appropriate in the College of Osteopathic Medicine—see college specific policies).

Arson

No student shall commit or aid in the intentional commission of an act that results in a fire being ignited, which causes damage, or is intended to cause damage, to the property of the university, or the personal property of any member of the university community.

Bomb Threats

The placement of a bomb threat is an intolerable violation of university policy, which will result in expulsion from the university.

Breaking and Entering

The entering, or attempt to enter, any room, building, motor vehicle, or other form of property without proper authorization or consent is prohibited.

Campus Security Report

Nova Southeastern University, through the Public Safety Department, publishes on an annual basis the Campus Security Report, which includes security policies, procedures, practices, and statistics for offenses. Information is also available on the NSU public safety Web site at www.nova.edu/cwls/pubsafety.
Closing Hours

No student is permitted to enter or remain in any university building or facility, including the swimming pool, or in the academic areas of the university, after normal closing hours, unless written approval to do so has been obtained in advance from authorized university personnel.

Communicable Diseases Guidelines

It is the intent of the university to protect students from communicable diseases that pose reasonable risk of harm to members of the university community. It is also the intent of the university to protect the rights of those infected with a communicable disease. Students who do become infected with a communicable disease are subject to the guidelines listed below. The university will be flexible in its response to incidents of communicable diseases, evaluating each occurrence in light of this policy and current available medical information.

- The university will make available to the university community information about the transmissibility of communicable diseases and precautions that can be taken to prevent the spread of various communicable diseases.
- Infected students can continue to study and work as long as they are able to continue to perform regular responsibilities satisfactorily, and as long as the best available medical evidence indicates that their continual status does not present a health or safety threat to themselves or others.
- An infected student returning to school after a leave of absence for reasons related to a communicable disease must provide a statement from his/her treating physician indicating current medical status. Students should submit their statement to their program dean or appropriate designee based on the policies of their respective college, school, or center.
- Within reason, the university will make accommodations to the infected person, whenever possible, to ensure continuity in the classroom.
- No infected student may be dismissed from the university solely on the basis of a diagnosis of an infection of a contagious disease. A decision to dismiss or discharge will only be made after reasonable accommodation has been attempted, and an examination of facts demonstrates that the infected person can no longer perform essential requirements of the position or program, or poses a reasonable threat to the health and safety of those around him/her.

In the event that a student has a concern about the potential for the spread of a communicable disease within the university community, those concerns should be brought to the Office of the Dean of Student Affairs for review consistent with the current available information on the spread of the particular communicable disease. After review and evaluation of the concerns, if there appears to be a reasonable likelihood of the spread of the disease within the university community by an infected person, the Office of the Dean of Student Affairs will, after notification of the issues presented to the university president, contact the Center for Disease Control and/or Broward Health Department for recommendations of appropriate action consistent with state law.

Complicity

Students associated with, or present during, the commission of an act(s) by another, which constitutes a violation of university policy, may also be charged if the student’s behavior constitutes permission, contributes to, or condones the violation.
Nova Southeastern University (NSU) has adopted the following Computing Account Security Agreement, which outlines your responsibilities for securing and using an official NSU computing account. Use of an NSU computing account requires your acceptance of the policy terms and conditions stated below.

1. You must agree to abide by the NSU Policy on Acceptable Use of Computing Resources, which can be found online at www.nova.edu/common-lib/policies.

2. You must not share your account with other individuals for any reason. Your computer account is to be used only by you.

3. The password to your account must be kept secure. Commit your password to memory. You may change your password at any time. Always choose a password that is difficult to guess. Your password must be eight characters in length and contain a combination of both letters and numbers. It must not be any word that can be found in a dictionary. Choose a password that is meaningful to you but not obvious to others. Examples of acceptable passwords are: 29py94ju, a$76df98, 98df7gh6.

4. NSU computer systems will monitor your password on a regular basis. If your password is guessed by the system, you will be notified by electronic mail. If you receive such notification, immediately change your password to prevent anyone from tampering with your account.

5. NSU is not responsible for the loss of any files, documents, or electronic mail you may store online. It is your responsibility to make backups of your files.

6. If you do not access your account for a period of six months, it will be deleted from the system.

7. Inappropriate conduct and violations of this agreement will be addressed by the appropriate procedures and agents (e.g., the Office of the Dean, the Office of the Assistant to the President for Academic Affairs, or the Office of Human Resources) depending on the individual’s affiliation to the university. In cases where a user violates any of the terms of this agreement, the university may, in addition to other remedies, temporarily or permanently deny access to any and all NSU computing resources, and appropriate disciplinary actions may be taken, up to and including dismissal.

Related policies that also apply to Web pages are as follows:

2. Student-related: Code of Student Conduct and Academic Responsibility

3. Faculty/administrator-related: Faculty Policy Manual

4. Staff-related: Employee Handbook

Contracting on Behalf of the University

Unless specifically authorized by the appropriate university authority, students may not contract on behalf of the university. Students who attempt to, or enter into, a contract on behalf of the university without proper authorization, are subject to disciplinary action that will result in a hold being placed on university records and transcripts until restitution is made, as well as such other sanctions as may be appropriate. Any contract entered into on behalf of the university by a student without proper authorization is void.

23
Consensual Relations Between Faculty Members and Students

Romantic or sexual relationships between a faculty member and a student then enrolled in the faculty member's class (including supervised student activities for which academic credit is given) may appear to be coercive, and are discouraged (see center specific policies and procedures for any additional information).

Disabilities

Nova Southeastern University complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. No qualified individual with a disability shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any activity, service, or program of the university solely by reason of his or her disability. Each qualified individual with a disability who meets the academic and technical standards required to enroll in and participate in Nova Southeastern University's programs shall be provided with equal access to educational programs in the most integrated setting appropriate to that person's needs through reasonable accommodation.

Student requests for accommodation will be considered on an individual basis. Each student with a disability should discuss his or her needs with the disability service representative in his or her academic center, college, or school before the commencement of classes. For the name and contact information of the disability support services representative at your academic center, college, or school, contact the Office of the Dean of Student Affairs at (954) 262-7280.

Requests for accommodation must be made in writing to the disability service representative in the student's academic center, college, or school and be supported by appropriate documentation of recent medical, psychological, or educational assessment data administered and evaluated by a qualified professional. If the student disagrees with the accommodation(s) proposed by the disability service representative in consultation with the appropriate program director and/or faculty member, he or she may appeal the decision through that center's, college's, or school's appellate process. If the issue cannot be satisfactorily resolved at the center, college, or school level, the student may appeal in writing no later than 10 days after the final decision to the university's Academic Accommodation Appellate Committee, which consists of the university's ADA coordinator and representatives from at least four different academic centers, colleges, and/or schools. The student will be given the opportunity to present his or her appeal in an appearance before the committee. The committee will also review all relevant documents submitted with the written appeal before rendering a decision. The student will be notified in writing of the committee's decision within a reasonable amount of time of the hearing. The decision of the university's Academic Accommodation Appellate Committee is final and binding upon the student without further appeal.

Academic Accommodation Appellate Committee Guidelines

1. Upon receipt of a notice of appeal, the ADA coordinator shall schedule a meeting of the committee at a time and place convenient to the student and to the committee members.

2. The student shall have the opportunity to present relevant documents for review by the committee.

3. The student shall be given the opportunity to personally meet with the committee and to present his or her appeal.

4. Proceedings of the committee shall be kept in strict confidence.
The following are prohibited in all committee meetings:

- any recording of the meeting, except official minutes
- legal counsel
- uninvited guests

In reaching its decision, the committee may consult with recognized experts in the field of disabilities and/or organizations such as the Association of Higher Education and Disability. The student shall be notified in writing of the decision of the committee within a reasonable amount of time of the committee meeting. All decisions of the committee are final and binding on the student without further appeal.

**Discriminatory Conduct**

Discriminatory conduct based on such factors as race, color, religion, national origin, sex, disability, age, or political beliefs is unacceptable in the university. In the event a student feels discriminated against by another student, she/he should contact her/his appropriate academic center representative or the Office of the Dean of Student Affairs at (954) 262-7280. Students may also want to refer to the Grievance Procedures for Nonacademic Disputes.

**Nondiscrimination Statement**

Nova Southeastern University admits students of any race, color, sex, age, nondisqualifying disability, religion or creed, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

**Drug-Free Schools and Campuses**

In order to comply with the Drug-Free Schools and Communities Act (Pub. L. No. 101-226, Title 34 C. F. R., part 86), Nova Southeastern University has adopted the following policy for all workplace, school, campus, and field-based programs.

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs and the abuse of alcohol are prohibited in and on property owned or controlled by Nova Southeastern University and as a part of any of its activities (see Controlled Substances Chart in Appendix I). The term “illicit drugs” refers to all illegal drugs, and to legal drugs obtained or used without a physician’s order. It does not prohibit the use of prescribed medication under the direction of a physician. No Nova Southeastern University student is to report to work or school while under the influence of illicit drugs or alcohol. Possession of paraphernalia for illegal drug use is also prohibited.

There are serious health risks associated with the abuse of drugs and alcohol. If a student has a problem with abuse of drugs and/or alcohol, help can be provided at the following locations:

When a student uses or deals in drugs, he or she also risks incarceration and/or fines. The attached federal sentencing guidelines indicate federal penalties for trafficking in drugs. In addition to the federal sanctions, Florida State Statutes provide sanctions in regard to the use, possession, and/or sale of illicit drugs and the abuse of alcohol. Punishment varies depending on the amount and type of drugs and/or alcohol involved. Felony convictions range from one year to life imprisonment. Possession of not more than 20 grams of cannabis is punishable as a misdemeanor of the first degree. Punishment for misdemeanors ranges from less than 60 days to one-year imprisonment.

Under Sec. 893.13, Florida Statutes: It is unlawful for any person to sell, manufacture, deliver, or possess with intent to sell, manufacture, or deliver a controlled substance. Violation of this statute is a felony and is punishable under Chapter 775 of the Florida Statutes.

Under Sec. 893.13 (1) (c), Florida Statutes: It is unlawful for any person to sell, manufacture, deliver, or possess with the intent to sell, manufacture, or deliver a controlled substance in, on, or within 1,000 feet of a public or private elementary, middle, or secondary school. Punishment for a violation of this statute may include a minimum three-year imprisonment.

Under Sec. 316.1936, Florida Statutes: It is unlawful for any person to possess an open container of an alcoholic beverage or consume an alcoholic beverage while operating a vehicle in the state or while a passenger in or on a vehicle being operated in the state. Violation of this law will result in a noncriminal moving traffic violation, punishable as provided in Chapter 318 of the Florida Statutes, with fines and points on a driving record leading to driver's license suspension.

Under Sec. 316.193, Florida Statutes: A person is guilty of driving under the influence if such a person is driving or in actual physical control of a vehicle within the state and the person is under the influence of alcoholic beverages or any controlled substance when affected to the extent that his or her normal faculties are impaired or the person has a blood alcohol level of .08 percent or higher. First conviction on such a DUI charge will result in a fine not less than $250 or more than $500 and imprisonment for not more than six months. A second conviction results in a fine of not less than $500 or more than $1,000 and not more than nine months imprisonment. A third conviction will result in not less than a $1,000 fine or more than a $2,500 fine and imprisonment for not more than 12 months.

By applying for a driver's license and accepting and using a driver's license, a person holding the driver's license is deemed to have expressed his or her consent to submit to breath, blood, and urine tests for alcohol, chemical substances, or controlled substances.

Any Nova Southeastern University student determined to have violated this policy will be subject to referral for prosecution by the appropriate authorities. Other sanctions include evaluation/treatment for drug-use disorder, which may include mandatory completion of a drug/alcohol abuse rehabilitation program, and/or other university sanctioning, which may include expulsion.

All Nova Southeastern University students will, as a condition of their enrollment, abide by the terms of this policy.
Drug Zero Tolerance Policy
Any student found in violation of the drug-free schools and campuses policy with regard to the unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs will face serious university disciplinary action, which may include expulsion from the university (see Controlled Substances Chart in Appendix I).

Emergency Situations
To report an on-campus emergency situation from an on-campus phone, contact the police at 9-911 and public safety at extension 8999. If calling from off campus, dial the police at 911 and public safety at (954) 262-8999.

Failure to Comply
All students and guests are expected to comply with the directives or reasonable requests of university officials acting in the performance of their duties. This requirement includes reasonable requests for students to meet appointments in administrative offices, and the completion of all disciplinary sanctions by the stated deadline.

False Information
Students should not give false information to a university official or to a local, state, or national agency.

Falsification of Records
Falsification of university records, including but not limited to, admission, registration, financial aid, student disciplinary, academic, health records, parking decals/hang tags, and student employment records is prohibited.

Fire Safety
Unnecessarily setting off a fire alarm; unnecessarily tampering with fire hoses, extinguishers, exit signs, and alarm equipment; or blocking fire exits and other means of impeding traffic may result in immediate university disciplinary action and criminal prosecution. Failure to evacuate any building on campus during a fire alarm is also prohibited.

Fraud
Any act to deceive or misrepresent any agency of the university or any person or business is prohibited.

Grievance Procedures for Nonacademic Disputes
This process should be followed for all nonacademic grievances of policies/procedures that are not governed by a specific academic center, college, or school. Academic grievances should be referred to the student's academic center. The purpose of these grievance procedures is to promote the orderly resolution of problems arising out of a student complaint concerning a policy, procedure, or administrative action of Nova Southeastern University. Grievances can often be adversarial, unpleasant, and unsatisfying, so we recommend that students discuss problems before resorting to the formal grievance steps. When formal grievance steps are perceived as necessary, students have a right to a fair process and hearing without retribution.
First, the student should attempt to resolve an issue in dispute at the level at which the dispute occurred. This attempt must be in writing (i.e., email, regular mail, or fax). The student may wish to use certified mail to verify receipt of the correspondence. In the correspondence, the student must present a rationale for his or her position based on factual information. The student will receive a reply, in writing, which addresses the complaint.

If the reply is not acceptable, the student is encouraged to submit the complaint in writing to the associate dean of student affairs. The associate dean of student affairs will attempt to resolve the dispute. If the associate dean is unable to resolve the dispute, he or she will notify the student and the dean of student affairs of this in writing. The student may then appeal in writing to the dean of student affairs. The dean will investigate and review the findings, and will notify the student in writing of his or her decision. The dean's decision is final and cannot be appealed.

**Guests**

Students are welcome to bring guests to the campus, but must assume responsibility for the conduct of their guests and must accompany them at all times. If a guest is asked to leave a specific area of campus, it is the responsibility of the student host to cooperate with the university official making the request. The university reserves the right to exclude all guests from any area on campus in times of impending or actual crises or emergencies, such as hurricanes, campus disruptions, or bomb threats, and to exclude any guest(s) from any area of the campus for any reason the university deems appropriate.

**Harassment Statement**

Harassment is defined as any words or acts, whether intentional or a product of the disregard for the safety, rights, or welfare of others, which cause physical or emotional harm, or which intimidate, degrade, demean, threaten, haze, or otherwise interfere with another person's rights to comfort. This includes loud or aggressive behavior or behavior that disrupts the orderly functioning of the university or disturbs the peace and/or comfort of person(s) on the campus of the university. It also includes any conduct or action in which the university can determine that a threat exists to the educational process or to the health or safety of a member of the Nova Southeastern University community.

**Hurricane Watches and Warnings**

A hurricane watch is a governmental agency announcement issued for an area when there is a threat of hurricane conditions, generally to strike within 36 hours.

A hurricane warning is an announcement issued for an area when hurricane conditions are expected to strike within 24 hours.

When a hurricane warning is received, all protective preparations should be made, with the expectation that the hurricane will strike.

Nova Southeastern University provides a 24-hour “Hurricane Hotline” for this type of emergency. The hotline number is (954) 262-7300.

Local hurricane shelter information can be obtained through county governmental information telephone numbers. For Broward County shelter information, contact NSU Public Safety at (954) 262-8981.

**Hurricane Watch**

In the event of a hurricane watch, the university president will confer with members of NSU administrative staff in preparation for hurricane protection activity.
Members of the university community may begin plans for evacuating the campus and preparing facilities and equipment for hurricane protection.

**Hurricane Warning**

**University Closing**

If a hurricane warning is issued, the university president will decide if the university will be evacuated. If the president orders the closing of the university, the appropriate directives will be relayed by the vice presidents to their areas of responsibility.

NSU Office of Public Affairs will contact major news organizations for immediate broadcast notification.

**Closing Preparation**

**Student Housing for On-Campus Residents**

- Pull all furniture away from windows. Expect water damage and flooding. Place loose articles and electronic items away from windows and onto closet shelves and in dresser drawers; lock doors.
- Those students who reside in rooms that are equipped with bathtubs are requested to clean the tub and fill it halfway with water. Fill several small containers with clean, fresh water for drinking purposes.
- All windows must be closed tightly. If window blinds are provided, the blinds should be down and closed.
- Do not tape window glass.
- Each student should provide his or her own flashlight and radio, with extra batteries.
- Candles are not allowed. Do not use candles because they are a fire hazard.
- Residents should provide themselves with an adequate supply of nonperishable foods and water to last two or three days.

**Safety Procedures**

- Follow instructions of Public Safety officers and emergency personnel.
- Residence hall students: follow the instructions of Residential Life staff.
- Stay indoors until advised to exit.
- Do not open windows or doors to see what is happening outside.
- Beware of the “eye” of the storm. The “eye” is the center of the hurricane, which may bring a temporary period when the air may be calmed. Do not leave your safety or shelter until advised by Public Safety or the local officials. Residential students will be notified by Residential Life staff.
- When the “all-clear” is given, exit your location with extreme care. Beware of electric wires, broken glass, and falling or fallen objects.
- Do not enter structures, vehicles, or areas that are damaged; many persons are killed after a storm by electrocution.
• For NSU opening information, call the NSU Hurricane Hotline at (954) 262-7300.
• Enter NSU property only after permitted, and follow safety instructions.

Broadcast Information
A voice mail broadcast message regarding the university closure will be instituted within the NSU phone system. The NSU telephone central switchboard will also be available for direct information.

Reopening Information
University staff members and students should tune into radio and television stations for a status report as to when the university will reopen.

Keep a portable radio and plenty of spare radio batteries.

**Misuse of Telephones**

Students who misuse telephone lines or university accounts will be subject to disciplinary action and restitution.

**Noise**

The university noise policy is based on the belief that all students have a responsibility to respect the rights, health, security, and safety of other university and community members. Excessive noise that disturbs the campus environment, unless approved by the Office of the Dean of Student Affairs or designee for a special event, is not allowed. Students are held responsible for the actions of their guests.

Privacy of Records

The Family Educational Rights and Privacy Act of 1974 places certain limitations on the disclosure of personally identifiable information maintained by the university with respect to students and limits access to educational records, including the right to access, the right to obtain copies, the right to seek correction of such records through informal and formal internal procedures, and the right to place a statement in such educational records explaining any information that he or she believes to be inaccurate or misleading.

The university has adopted a policy with respect to its educational records consistent with the requirements of the Family Educational Rights and Privacy Act and the regulations promulgated under the act.

Nova Southeastern University maintains a system of records that includes application forms, admission test scores, and transcripts of students' previous academic records and performance while in residence. These records are available for review by current and former students upon written request to the Office of the University Registrar. However, the registrar will not release transcripts of students' academic records until all accounts, both academic and nonacademic, have been paid.
The law limits access by and disclosure to a third party. Such access is given only upon consent of the student or if required by law, except for the following information, which may be released as directory information: (a) student's name, (b) address, (c) dates of attendance, and (d) degree and awards received. Requests for such information must be submitted in writing to the university. The university reserves the right to refuse the above information if the reason for the request is not considered to be a sufficient need to know.

Any student or parent not wishing to have this information disclosed should notify the Office of the University Registrar in writing before September 1 of the relevant school year.

A person does not have the right of access to educational records until he or she has been admitted to and has actually begun attending Nova Southeastern University. There is no prohibition from disclosing such information to the parents of students who are listed on their parents' federal income tax forms.

Parents or eligible students will be provided a hearing by the university if they wish to challenge the content of the record. If they are still not satisfied, the parents or eligible students may add explanatory or rebuttal matter to the record.

If the students or parents are denied access to a hearing or if the records are alleged to have been illegally disclosed to a third party, the students or parents may file a complaint with the U.S. Department of Education.

Publicity and Posting Policy

All public notices or publicity material posted on campus property must be sponsored by a recognized student organization or university department, or otherwise be approved in advance by the Office of the Dean of Student Affairs and/or specific individual academic centers (see Center Specific Policies and Procedures).

Posting of flyers on campus, with the exception of the residence halls, is done so by the Office of the Dean of Student Affairs.

Flyers not to exceed 20 may be dropped off at the Office of the Dean of Student Affairs between 8:30 a.m. and 5:00 p.m., Monday through Friday.

For flyer distribution in residence halls, call the director of residential life at (954) 262-7052.

Academic centers, colleges, and schools may have their own specific posting policies that are not governed by the Office of the Dean of Student Affairs. See center, college, or school specific policies and procedures.

For more information on posting materials on campus, contact the Office of the Dean of Student Affairs at (954) 262-7280.

Public Laws

Students are responsible for compliance with all public laws. Any act that could constitute a violation of public laws will establish cause for legal and/or disciplinary action by the university.

Reservation of Power

Nova Southeastern University reserves the right to amend, modify, add to, or delete its rules, policies, and procedures affecting its institutional relationship with students as deemed necessary by the administration.
Any such amendment, modification, addition, or deletion shall not be considered a violation of the relationship between the university and the student. Such right includes modification to academic requirements, curriculum, tuition, and/or fees when in the judgment of the administration such changes are required in the exercise of its educational responsibility.

**Sexual Assault Policy**

It is the policy of Nova Southeastern University that no person, including a student or employee, may threaten the health and safety of a member of the university community, or any person on university property or at a university-sponsored or -supervised activity, through the commission of sexual assault, including acquaintance rape.

**Definition:** The university recognizes the Florida State Statute, and any state statute or regulation as appropriate for the particular location. Additionally, Nova Southeastern University acknowledges acquaintance rape in its definition of sexual assault. Acquaintance rape is defined as forced, manipulated, or coerced sexual intercourse by a friend or acquaintance. It is an act of violence, aggression, and power, in which the victim, under protest or without consent, is forced to experience a sexual act through verbal coercion, threats, physical restraint, and/or physical violence.

**Consideration and rights to be afforded to all campus community members regarding the type of sexual assault:**

a. The right to have all sexual assaults against them treated with seriousness; and the right, as victims, to be treated with dignity.

b. The right to have sexual assaults committed against them investigated and adjudicated by the duly constituted criminal and civil authorities of the governmental entity in which the crimes occurred; and the right to the full and prompt cooperation and assistance of campus personnel in notifying the proper authorities.

c. The right to be free from pressure that would suggest that the victim: (i) not report crimes committed against him/her to civil and criminal authorities or to the campus public safety and disciplinary official; or (ii) report crimes as lesser offenses than the victim perceives them to be.

d. The right to be free from suggestions that sexual assault victims not report, or underreport, crimes because: (i) victims are somehow responsible for the commission of crimes against them; (ii) victims were contributorially negligent or assumed the risk of being assaulted; or (iii) by reporting crimes, they would incur unwanted personal publicity.

e. The right to the full and prompt, reasonable cooperation from campus personnel in responding to the incident.

f. The right to have access to counseling services established by the university or other victim-service entities.

g. After campus sexual assaults have been reported, the victims of such crimes shall have the right to require that campus personnel take the necessary steps or actions reasonably feasible to prevent unwanted contact with, or proximity to, alleged assailants.

h. The right to be informed of disciplinary proceedings, as well as the outcome of such proceedings.

i. The same right to assistance, or ability to have others present, that is afforded to the accused during any campus disciplinary proceedings.
Disciplinary Action: In addition to any criminal or civil actions that may be pending or in process, the university reserves the right to pursue separate disciplinary action.

- Persons found responsible for sexual assault may expect disciplinary actions that could include suspension or dismissal from the university.

Education and Information: The university, through the departments of the Office of the Dean of Student Affairs, residential life, recreation and wellness, and public safety, provides educational and informational programs and materials regarding awareness of rape, acquaintance rape, and other sex offenses. This information is provided through scheduled and on-demand programs.

Nova Southeastern University students are encouraged to report to the police (9-911 on campus and 911 off campus), public safety (extension 8999 on campus and (954) 262-8999 off campus), and a university administrator all occurrences of sexual assault, either violent assault or acquaintance (date) rape. Professional staff members in the Office of the Dean of Student Affairs, residential life, student counseling, and public safety are among those who are trained and willing to assist students who are victims of sexual assault.

If the victim then reports the crime to an administrator, the following procedure will prevail.

- Third-Party Reports: When there is a report of sexual assault, the person receiving the report whether a student, faculty member, or staff member is encouraged, in turn, to report the incident to a student life and/or residential life administrator. If the person reporting that assault is a third party (not the victim), the administrator will do the following:
  a. Advise the reporter to counsel the victim to seek medical assistance.
  b. Advise the reporter to encourage the victim to talk with a counselor from the Rape Center in Broward County, a staff counselor at the University Counseling Center, a student affairs and/or residential life administrator, the director of public safety, or some other university official.
  c. Protect the confidentiality of the victim (if name is known).

- Victim Reports: If a student who is a victim of sexual assault reports the matter to a university administrator or any other university employee, the administrator and/or employee will encourage the victim to seek immediate medical attention and assist the victim in appropriate methods and avenues to receive medical care. In reporting a sexual assault, the victim controls the process. The administrator and/or employee will encourage the victim to authorize notification of the university Public Safety Office (PSO) of the occurrence of the crime, and then to cooperate with PSO and student life and/or residential life and housing in reporting the matter to the rape victim advocate in the state attorney's office and to local police. The victim will be assured of university support including reasonable confidentiality, full cooperation with any police investigation, and counseling through the University Counseling Center and the Rape Crisis Center.
  If the victim authorizes the notification of PSO, the administrator and/or employee will inform the Office of the Dean of Student Affairs, which will assist as liaison with PSO.

Sexual Harassment Policy

It is the intent of Nova Southeastern University to protect all students from sexual harassment. Sexual harassment is a violation of Title VII of the Civil Rights Act. Sexual harassment undermines the integrity of the academic environment, debilitates morale, and interferes with the effectiveness of students. At Nova Southeastern University, sexual harassment of students by employees/other students is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when
• submission to such conduct appears to be a term or condition of enrollment, attendance, or participation in a class
• submission to or rejection of such conduct affects academic decisions
• such conduct has the purpose or effect of unreasonably interfering with a student's academic performance, or creating an intimidating, hostile, or offensive academic environment
and can include
• unwelcome physical contact including, but not limited to, patting, pinching, or touching
• offensive or demeaning sexual remarks, jokes, or gestures

Students aggrieved by a violation of this policy may file a grievance under their center's grievance procedure, or may report the conduct to the dean of the center, any other faculty member, the Office of the Dean of Student Affairs, or the director of human resources.

Smoking Policy
Smoking is prohibited in any Nova Southeastern University facility where, regardless of physical separation, nonsmokers share a ventilation system with smokers. This policy does not apply to living quarters (residence halls), which are subject to a separate smoking policy. Nor does this policy in any way supersede the Florida Clean Indoor Air Act.

Solicitation Policy
All on-campus sales and solicitations must be operated or sponsored by a university-recognized student organization and must receive the proper authorization. The Office of Residential Life and Housing must approve sales and solicitations in the residence halls. The Office of the Dean of Student Affairs must approve sales and solicitations in all other areas on campus.

Stalking
Stalking is prohibited. Stalking means to engage in a course of conduct directed at a specific person(s) that causes substantial emotional distress in such person(s) and serves no legitimate purpose. Course of conduct means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose.

Student Publications
Nova Southeastern University, as publisher, bears the legal responsibility for the contents of student publications. In the delegation of editorial responsibility to students, the university provides sufficient editorial freedom for the student publications to maintain their integrity of purpose as vehicles of free inquiry and free expression in the Nova Southeastern University academic community.

The delegated editorial freedom of student editors and managers is subject to corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel; indecent, undocumented allegations; attacks on personal integrity; and the techniques of harassment and innuendo.

As safeguards for the delegated editorial freedom of student publications, the following provisions are made:
• The student press shall be free of censorship and advance approval of copy, and its editors and managers shall be free to develop their own editorial policies and news coverage.
• Editors and managers of student publications shall be protected from arbitrary suspension and removal because of student, faculty, administrative, or public disapproval of editorial policy or content. Only for proper and stated causes shall editors and managers be subject to removal, and then by orderly and prescribed procedures.

• All university published and financed student publications shall explicitly state on the editorial page that the opinions therein expressed are not necessarily those of Nova Southeastern University or of the student body.

Theft or Unauthorized Possession

Students involved in the taking, sale, or possession of property without the consent of its owner or without proper remuneration may be subject to university disciplinary action and a fine, as well as arrest and prosecution by legal authorities.

Travel

Students are responsible for adherence to the university code of conduct and all university policies and procedures while attending or participating in university-sponsored programs, activities, and/or events off of the main campus or any NSU sites.

Trespass Policy

Nova Southeastern University reserves the right to prohibit trespass onto its property. University employees whose duties include building or property supervision or the general safety and protection of persons or property may issue a trespass warning. A trespass warning may be issued to students or nonstudents and may apply to an individual’s vehicle as well. The revocation of a person’s privilege to be on the lands, within the buildings, or on the premises of the university may be restricted to time and place by the agent of the university issuing the trespass warning.

Unauthorized Entry

Any student who enters, attempts to enter, or remains in any room, building, motor vehicle, trailer, or machinery without proper authorization may be subject to university disciplinary action, as well as arrest and prosecution by legal authorities.

Unauthorized Possession of University Property

Students in possession of property owned or controlled by Nova Southeastern University without authorization for such property will be subject to university disciplinary action and/or restitution. In addition, students may be referred to legal authorities for prosecution.

Use of University Vehicles

All student use of university vehicles must be appropriately authorized. Student drivers must have completed the defensive driving course sponsored by public safety and have been approved to drive by university risk management. In addition, students are expected to adhere to the code of conduct, university policies and procedures, and all state and federal laws while operating a university vehicle.
Vandalism
Defacing, littering, or damaging property of the university is prohibited.

Weapons
Weapons are prohibited on campus. A weapon includes
- any item designed to inflict a wound or cause injury to another person

Libraries

Projected to open during fall 2001 is a $42.8 million Library, Research, and Information Technology Center, which forges a joint-use partnership with the Broward County Board of Commissioners. This new Library, Research, and Information Technology Center will have five levels upon complete build-out, 325,000 square feet, a 3,800-square-foot atrium lobby, 1,200 user seats (1,000 with Internet access), 100 reference computer workstations, space for 1.4 million volumes (books, journals, and periodicals), 1.2 million microform units, and a centralized circulation area. A multistory parking garage containing approximately 1,525 spaces is also being constructed near the library.

At the current time, the university library system is composed of the East Campus Branch Library, Einstein Library, Health Professions Division Library, Law Library, North Miami Beach Branch Media Union, Oceanographic Library, and four school libraries on the main campus. Also, branch libraries are located in the Bahamas, Jamaica, and Panama. Agreements have been signed with 19 academic libraries throughout the world to provide library support for NSU programs offered in specific geographical areas. The catalogs of all libraries are accessible to local and distance education students and faculty members, wherever they may be located, via computers using the Electronic Library. Overall, the university’s libraries house approximately 360,000 volumes and 1,300,000 microform units. Online and CD-ROM databases complement the paper-based holdings and provide full-text resources. Interlibrary loan arrangements through networked organizations such as the Online Computer Library Center (OCLC), the Southeast Florida Library Information Network (SEFLIN), the Consortium of Southeastern Law Libraries (COSELL), and the National Library of Medicine (NLM) provide broad access to a wide range of materials.

To augment the libraries’ print materials, the Office of Media Services has an extensive collection of more than 1,200 items of nonprint materials (principally audiovisual materials), and a video production studio to support classroom instruction. In addition, the center provides technical assistance for distance learning delivered by teleconferencing. The university’s microcomputer laboratory resources include a growing inventory of instructional software for use by students and faculty members.

For further information on the campus libraries, please visit the library’s Web site at www.nova.edu/library.

All rooms are furnished with twin beds, desks, dressers, chairs, shelving, and closets. Rooms are cable-TV ready and are wired for computer hookup. Air conditioning, heating, and local phone service are also included. Goodwin Residence Hall includes a spacious lobby area, a TV lounge, the Office of Residential Life
and Housing, laundry facilities, the mailroom, a kitchen, two classrooms, a computer lab, and study lounges on every floor.

1. The student is married.
2. The student resides with his or her immediate family within the tri-county area (Broward, Miami-Dade, and Palm Beach). Verification must be provided.

Founders, Farquhar, and Vettel Halls:
These three residence halls currently house between 40 and 50 residents each. The oldest of NSU's residence halls with an opening date of 1968, each building has recently undergone major renovations, which include new doors, kitchens, tile, and paint. Founders Hall houses upperclass undergraduate students, while Farquhar and Vettel Halls house graduate students. Each apartment is furnished and features one or two bedrooms, a kitchen with a full refrigerator, a private bathroom, and a living area.

Cultural Living Center:
The Cultural Living Center (CLC), built in 1984, houses approximately 130 graduate students. Its unique balcony structure makes it a popular choice for returning students. Each apartment is furnished and features one or two bedrooms, a kitchen with full refrigerator, a private bathroom, and a living room.

For further information, please contact the Office of Residential Life and Housing at (954) 262-7052.

Student Union and Flight Deck

The Student Union provides facilities, programs, and services that enhance the quality of campus life, and serves as a bridge bringing the NSU community together. This multiuse facility is intended to provide a relaxing environment for events and services benefiting the NSU community.

The Student Union is home to numerous programs, several departments, and meeting areas for students, faculty, and staff members. Departments housed in the Student Union include Aramark Dining Services, Nova Books, the Office of Student Life, the WNSU Radio Station, the Flight Deck, and the Undergraduate Student Government Association. Meeting space includes three meeting rooms and a 53-seat movie theater. Operating hours are from 10:00 a.m. until midnight, seven days a week.

The Flight Deck also provides eight televisions, two pool tables, a Ping-Pong table, and various magazines and board games for students to use free of charge. Additionally, the Flight Deck provides a common area for student programs, eating a meal, or meeting new friends. The Flight Deck can also be reserved on Saturday nights for private parties.

Sporting events are also provided through the Student Union. Featured sports include bowling, darts, pool, Ping-Pong, dominoes, card games, and the annual “Sports Quiz Bowl.” During football season, the Student Union takes 20 students to every home football game of the Miami Dolphins, where transportation, prizes, and a free tailgate are provided.

Requests for meeting rooms and programming space should be made three weeks in advance of your meeting or event.

University Bursar

The Office of the University Bursar is responsible for collecting tuition and fees, residence hall charges, and meal plans charged to students’ accounts. Refunds resulting from student loans, scholarships, and grants are handled by Loan Disbursing once there is a credit balance on the student account. Refunds are not issued until loan proceeds are received by Nova Southeastern University (NSU). It is the policy of NSU that payment is due within 30 days from the start of the term. If payment is not made within 30 days, the student’s account will be assessed a $50 late payment fee and a hold will be placed on the account preventing any additional registrations. Payment may be made by cash, check, and credit card. The term “check” includes money orders, traveler’s checks, cashier’s checks, loan checks, personal checks, international checks (in U.S. funds only), and certified checks. NSU accepts Discover, MasterCard, VISA, and American Express. Please contact the Bursar’s Office at (954) 262-5212 for other payment arrangements, such as wiring funds from abroad.

Direct deposit is the fastest way to receive refunds. In order to be eligible for this service, students must complete the Direct Deposit Authorization Form. The authorization form appears on the student’s monthly statement or may be printed from the NSU Bursar’s Web site at www.nova.edu/cwis/bursar under Loan Disbursing and mailed or faxed to the Bursar’s Office with a voided check (required). The student’s direct deposit authorization will remain in effect until canceled in writing and received by the Bursar’s Office. Students should notify the Bursar’s Office if they move or change banks.

For further information, contact the Bursar’s Office in the Horvitz Administration Building on the main campus. Office hours are as follows:

Policies and Procedures

Acceptance of Professional Fees

The activities of students are not to be construed as the practice of medicine, optometry, pharmacy, occupational therapy, physical therapy, physician assistance, dentistry, or public health. It is a violation of the law and contrary to the policy of this university for any unlicensed person to attempt to engage in the professional practice of health care.

Students who are appropriately licensed in a profession may engage in that professional work to the extent provided by law.

Food in the Lecture Halls

Food, beverages, and tobacco are not permitted in the lecture halls, laboratories, or university clinics. No smoking is permitted inside any division building.

Identification Badges

Students must wear identification badges at all times while on campus. I.D. badges are not transferable. I.D. badges are issued at the Division Badge Room. These badges are given to the student at no charge except for replacement.

Identification Requirements and Fieldwork Prerequisites

An affiliated clinical/fieldwork teaching facility may also require a student to pass a State of Florida Department of Heath screening before rotation. Other requirements, which may be held by the affiliated facility include, but are not limited to, fingerprinting, criminal background check, urinalysis for drugs and alcohol, and proof of immunization. If a student does not meet all requirements held by the affiliated facility before the first day of the scheduled placement, the student's placement will be canceled, or if the placement has begun, the student will be asked to leave.

Immunization Requirements

The following immunization procedures are required of all students at the Health Professions Division:

Basic Immunizations: Every student is required to have had an immunization for the following diseases before matriculating at Nova Southeastern University: diphtheria-pertussis-tetanus (or diphtheria-tetanus), varicella (chicken pox), and measles-mumps-rubella. A written memorandum of the immunization given and the date, signed by a physician, must be filed with the Office of Admissions on the day of registration at the latest. These basic immunizations are the financial responsibility of the student.

Hepatitis B Vaccine: Since every student at the Health Professions Division potentially can be exposed to this deadly virus, and since many rotation sites require it of personnel, we will administer and require Hepatitis B vaccination for every entering student during the first year. The cost of this vaccination will be supported through the student activities fee.

Tuberculosis: Because of the resurgence of tuberculosis and the possible exposure of students, the Health Professions Division will require and provide a yearly tuberculosis test for every student. The student activities fee, too, will support this.
Arrangements: The University Health Service will schedule appointments for students for tuberculosis testing and for Hepatitis B vaccination. Because both of these require preparation, any student who does not keep a scheduled vaccination appointment will be required to pay for the immunization personally.

Notices, Messages, Posters
After approval from Student Affairs, students may post notices on the bulletin boards located in the student lounge and other locations. Other boards are provided for university or division business only. Students are not allowed to post anything on these boards. No notices, announcements, posters, or any other papers may be posted anywhere, including doors, windows, and elevators, except on bulletin boards provided for that purpose.

Photographs and Recordings
No one may take photographs in classrooms or laboratories without prior permission of the instructor. Absolutely no photographs may be taken in the anatomy laboratories. Students wishing to tape-record lectures must obtain permission from the instructor.

Social Events and Extracurricular Activities
All extracurricular activities by division-recognized organizations, on campus and off campus, must be approved in advance by the Division Office of Student Affairs. A student or group of students may not officially represent the division or the university, on or off campus, at any time without prior authorization in written form. All events sponsored by student body groups must receive prior approval from the Division Office of Student Affairs and faculty advisers affiliated with the group. Requests for permission for speakers, student meetings, and other activities on campus should be made on forms provided by the Division Office of Student Affairs at least two weeks in advance. The Division Office of Student Affairs must approve activities before the coordinator of educational support can assign a room, and no meeting announcements may be made until approval is made. A specific room will be assigned for the function. No announcements can be posted unless the Division Office of Student Affairs gives authorization. Forms and additional information are obtainable from the Division Office of Student Affairs.

Student Employment
Due to the intensity of all academic programs, outside employment during regular school terms is strongly discouraged.

Student Health Examinations
A complete physical examination, comprehensive dental examination, and a comprehensive eye examination, consistent with the standard university form, are required of every student.

Students may have these done by their personal physician, their personal eye doctor (optometrist or ophthalmologist), or their personal dentist before matriculation. Forms will be distributed by the Division Office of Admissions and Student Affairs to each matriculant as part of the admissions package.

Students may request that the University Health Service do these examinations after matriculation. The University Health Service will make appointments in as timely a manner as possible, and the appointments, once made, become an obligation of the student, and must be kept.
Reports of the three examinations (whether done privately or by the university) will be filed in the student's file.

**Student Insurance Requirement**

It is required that each Health Professions Division student carry adequate personal medical and hospital insurance. It is strongly suggested that students and their families avail themselves of the insurance plan obtainable through the university. Students who choose another policy will be required to show proof of adequate continuing medical coverage for the mandatory insurance. Those with lapsed or inadequate insurance will be held financially responsible for obligations incurred before graduation.

**Student Mail Boxes**

The Division Office of Student Affairs will assign mailboxes at the beginning of each academic year. Students are requested to receive their personal mail at home. Student mailboxes are provided only for campus correspondence. They are located in the student lounge in the Library/Laboratory Building.

*Please note that all university correspondence will be deposited in these mailboxes. They should be checked every day.*

**Telephone Calls**

A student will not be called from class for a telephone call except in cases of extreme emergency. Other urgent messages may be left with the telephone operator. Outgoing calls made by students should be made from pay phones located outside the library or at various other locations throughout the campus. Use of the division office phones is not permitted under any circumstances.

**Visits to Other Institutions**

Students in the Health Professions Division may not visit, in an official or presumably official capacity as a professional school student, any health-related institution (hospital, pharmacy, practitioner's office, clinic, etc.) or any health school without express permission of the dean. Visits to relatives or friends who are hospitalized are permitted, provided they are within visiting hours and all hospital rules are observed to the Florida economy during fiscal year 1999–2000.

MISSION STATEMENT

The mission of the College of Optometry is to educate and train optometric physicians to practice at the highest level of proficiency, integrity, and professionalism, and to provide a multidisciplinary environment that encourages and supports lifelong learning, scholarship, and community service.

ACADEMIC AFFAIRS

Baccalaureate Degree

All students entering the program without a baccalaureate degree will earn a bachelor of science in vision science degree upon successful completion of the first two years of the course of study.

Curriculum

The curriculum is divided into three categories: basic science, optometric clinical science, and clinical. The basic science and optometric clinical science courses encompass the didactic portion of the program. The clinical courses involve patient care activities and occur primarily in the third and fourth academic years.

Grading Policies and Procedures

Academic performance is assessed using percentage grades in a majority of didactic courses. A qualitative pass/fail/pass with honors grading system is utilized in the clinical rotations and in certain didactic courses.

Grades are awarded as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Letter</th>
</tr>
</thead>
<tbody>
<tr>
<td>90–100</td>
<td>A</td>
</tr>
<tr>
<td>80–89.9</td>

If a student formally withdraws from the program, with the endorsement of the associate dean for academic affairs, prior to the last day of the 10th week of a semester, a grade of W will be entered for all courses for which the student was registered. Formal withdrawal after the 10th week but before the last week of the semester will result in grades of W(P) or W(F) based on the student's performance up to that point. Students will not be permitted to withdraw from the program solely to avoid the award of failing grades.

Grade Point Average

The grade point average (GPA) is calculated using a standard percentage system, with weighting based on credit hours. In calculating GPA, the final grade received shall be used. Pass/Fail course grades are not used to calculate GPA. In the event of successful reexamination in a course, a standard grade of 70 percent, followed by the suffix R, is awarded and used in GPA calculations. When a student repeats a course, the new grade received will be used in calculating the GPA.
Grade Disputes
A student who wishes to dispute a grade in an examination, quiz, clinic encounter, or any other graded exercise must give written notice to the instructor within five working days of the date that the student's grade is sent to the student's email address. The written notice must identify precisely what issues the student is disputing, and no additional claims may be added to the original one(s) once the disputation process is initiated. The instructor must respond to the student's claim within three working days of the time the initial notice of dispute is delivered. If the instructor is not directly available for whatever reason, the student must file written notice of the dispute with the concerned department head, or in his/her absence, with the associate dean for academic affairs. The expiration of deadlines will be based on the time the instructor subsequently becomes involved.

In the event that the student disagrees with the resolution offered by the instructor, he or she may appeal the decision to the concerned department head by presenting the department head with a written description of what he or she is disputing, within five working days of notification of the instructor's decision. The student may not include new material in this letter of appeal if it was available at the time the original dispute with the instructor was filed.

The final step in the chain of appeals is the dean or his designee, and all previous restrictions, including the five-working-day time limit, will apply.

Chancellor's List
Students receiving a 95 percent GPA or better are placed on the Chancellor's List for that semester.

Dean's List
Students receiving a 90–94 percent GPA are placed on the Dean's List for that semester.

Incomplete Course Work
A student receiving an incomplete (I) in any course must complete the course requirements within the semester immediately following receipt of the incomplete grade or the grade will become a fail (F).

An instructor may, at his or her sole discretion, demand that course requirements be completed on a shorter time scale than one year. A grade of I is appropriate only when a valid excuse for failing to complete the work—such as personal illness severe enough to seek medical help, severe illness or death within the third degree of kin, or other legitimate but unforeseen circumstances—has been validated. The mere failure to complete course requirements on time is more appropriately awarded a grade of F. Under no circumstances may an instructor award a grade of I for the sole purpose of permitting a student to avoid a failing grade. If a student fails to fulfill course requirements without a legitimate excuse, it is inappropriate to award the grade of incomplete. A grade of F should be awarded.

Advisers
Student Counseling
In principle, the college does not admit anybody to the program unless we are confident that they can graduate. But unforeseen circumstances can occur. In the event that a student encounters significant difficulty of either an academic or personal nature, he or she is strongly advised to seek help immediately either from the concerned course instructor (for academic matters) or the associate dean for student affairs (for personal matters).

If further counseling is required, students should contact the appropriate department chair as well as the associate dean for student affairs (for personal matters).

Each new student will have an opportunity during orientation to interact with an upperclassman who will provide information and assistance about student life.
Tutoring
The college provides group tutoring for courses that require such services. Students should contact the associate dean for student affairs to request tutoring.

Students who require practice of their clinical skills may obtain access to the clinic procedures laboratory during evening hours. Special clinic help sessions and supervised practice sessions may be requested through the department chair of optometric sciences or his or her designee.

Academic Standing
There are four major categories for student academic classification. These categories are listed in the table below. Also indicated in the table are the guidelines for each academic standing.

</tr>
</tbody>
</table>

Students on academic warning or academic probation will remain at that status until the GPA is raised appropriately or failed courses/clinics are remediated, retaken, or retested and passed. During the warning or probation period, students should limit extracurricular activities and refrain from obtaining employment. Students on academic probation will not be permitted to represent the college or hold office in any student organizations.
**Academic Promotion**

Promotion is defined as progression from one semester to the next. Generally, students must have satisfactorily completed all course requirements in the preceding semester in order to be promoted to the next semester. Under special circumstances, determined by the Student Performance Advisory Committee (SPAC), students with otherwise satisfactory academic records who fail a single course in the spring semester may be granted provisional (or probationary) promotion to the next year. If the academic shortcoming that resulted in provisional promotion status is not resolved by the end of the fall semester, then the provisional promotion will be rescinded.

Associated courses, as determined by the chair of the department of clinics, are considered prerequisites for specific clinic rotations. As such, students with an incomplete or failing grade in such courses may not be allowed to proceed with clinic rotations. This will, in most cases, delay graduation. Students must satisfactorily complete a clinic course in order to be promoted to the next clinic rotation/semester.

**Readmission Policy**

Any former student may apply for readmission to the professional program at any level, even if he or she has been previously dismissed for academic reasons. Readmission is the sole discretion of the dean who may consult with the SPAC, other administrators, and faculty members in making his decision. A readmitted student should not expect to reenter the program at the same point that he or she withdrew. The level at which a student is readmitted is the sole province of the dean.

Students who seek readmission to the first semester of the first year must apply through the regular admissions process and must be better qualified than the first person on the alternate list. The dean may, at his sole discretion, require candidates for readmission to undertake specific remediation of perceived defects in preparation that may have undermined the candidate's initial efforts in the program. These may include but are not confined to undertaking additional pre-optometric course work at specified levels of difficulty; seeking training in English, either spoken or written; correcting previously identified extenuating circumstances that may have interfered with the student's performance; or seeking treatment for medical or psychological problems that are perceived to have interfered with previous performance. An applicant for readmission will be required to document any of these requirements to the satisfaction of the dean.

Readmitted students will be held to the academic requirements of the class with which they will graduate, not the one with which they entered the program the first time. The optometric curriculum is sensitive to decay across time in the absence of reinforcement. Therefore, readmission with advanced standing will not ordinarily take place when the student has been out of the program for a period longer than three years. Once readmitted students have matriculated, they may not attempt to renegotiate the conditions under which they were readmitted.

**The Student Performance Advisory Committee (SPAC)**

The Student Performance Advisory Committee (SPAC) shall advise the dean on matters concerning student failures, dismissal, promotion, leaves of absence, and other academic issues. This committee will consist of the associate dean for academic affairs as the chair; the associate dean for student affairs; the department heads for clinics, clinical science, and graduate studies; and two additional faculty members who will be appointed by the dean annually. A quorum shall consist of five of the seven members. All members are voting members. The committee chair shall generate the rules of procedure for the committee and transmit them to the dean.

**Reexamination and Remediation Policy**

In the event of course failure, the department chairs and associate dean will review the student's academic performance and status along with any additional relevant information. A recommendation
will be made to the dean on academic sanctions and status. Academic sanctions include, but are not limited to repeating the entire year or dismissal from the program. These recommendations and academic guidelines are subject to modification and implementation at the discretion of the dean or his designee on a case-by-case basis. Students are limited to a maximum of four reexaminations during their entire academic career. Additional course failures beyond this limit constitute a mandate for dismissal.

All reexaminations must be taken when scheduled by the administration. It is the student’s responsibility to check grades and the reexamination schedule before making any plans to leave for breaks.

Didactic Courses
Students receiving a failing grade may be entitled to a reexamination. The reexamination will generally be administered no later than three weeks following the beginning of the next semester. If a student passes the reexamination, the student will receive a grade of 70 percent. This reexamination grade is shown on the transcript and is used in calculating the GPA. A student may not be granted a second reexamination in any course. Failure of a reexamination results in a mandate for dismissal.

Clinic Courses
Students must pass all prerequisite didactic courses before participating in related clinics. Failure of a prerequisite didactic course will limit the options for externship sites and may delay graduation.

It is imperative that students demonstrate proficiency in various optometric procedures before admission into the third-year clinical education program. In the interest of patient safety and quality eye care, students must pass the clinical skills proficiency examinations before enrolling in clinic courses.

If it is determined that a student’s performance is unacceptable and/or may be detrimental to the health and welfare of the patients, any instructor in the clinical program may recommend to the chair of the department of clinics the removal of a student from direct patient care. In the event the recommendation is upheld, the student will receive a failure for the course and will be placed on academic probation.

Protocol regarding failure of a clinic course and the clinic remediation program is documented in the Optometry Clinic Manual. Students on clinical remediation must be evaluated and updated on their progress at least four times during the semester. At the end of the semester, recommendations for continued remediation will be made to the department chairs and/or associate dean for academic affairs. The status of the student will be forwarded to the dean. A student may not be on a clinical remediation program for more than two consecutive semesters.

Student Academic Appeals
A student may request a review of any actions of the dean by submitting written notice to the dean within five working days of receipt of notification. The dean may interview the student and will render a decision in a timely fashion.

A student may appeal that decision to the executive vice chancellor and provost by submitting a letter to the executive vice chancellor and provost within five working days of receipt of the notification of the dean’s decision. The student may be interviewed and will be notified of the executive vice chancellor and provost’s decision in a timely fashion. A student may request a rehearing on any actions of the executive vice chancellor and provost by submitting a letter to the chancellor within five working days of receipt of notification. The student may be interviewed and will be notified of the chancellor’s decision in a timely fashion.

A student may not introduce new issues or evidence upon appeal that was available or should have been available at the time of his initial hearing with the dean or the SPAC. While a student’s appeal is under consideration, he/she is expected to continue to attend all classes, laboratory, and clinic assignments so that he/she will not incur further academic liability until his/her case is resolved.
Course and Instructor Evaluation
Each student has a responsibility in his or her professional development to provide constructive evaluation for each course, clinical rotation, and instructor in the curriculum. This responsibility will be met by participation in course and clinical rotation evaluations that are routinely administered by the college.

For clinical rotations in the third and fourth years, students are provided with special evaluation forms to be used in independently assessing each rotation at its completion. These evaluations will be forwarded to the Office of the Dean for appropriate tabulation.

Student Examinations
Students will participate as “patients” for fellow student examiners throughout their career in optometry school. This is necessary for students to master clinical techniques. It is also important to experience the same procedures to which patients will be subjected.

Some individuals have ocular conditions that place them at risk for complications as a result of frequent testing. If a student knows of any conditions that testing may exacerbate, he or she should notify the dean in writing. If any conditions are discovered during laboratory sessions, the student will be informed at once.

If there is a condition that places a student at risk from the type of testing done in laboratories, that student will be required to be examined by a health professional of the dean’s choice, who shall render an opinion on the safety of testing. This opinion shall form the basis of a decision to continue or discontinue serving in the role of patient in certain laboratories. As in all such situations, the student has the right to appeal this decision.

Students should refrain from having any voluntary ocular procedures such as refractive surgery performed. If such procedures will prevent them from serving as a “patient” for clinical procedures, they may be required to take a leave of absence until they can again fully participate in laboratory and clinical exercises.

Computer-Related Requirements Specific to the College of Optometry
Every student enrolled in the College of Optometry is required to obtain and maintain an NSU computer account throughout the period of enrollment. All program-related announcements and information are provided by electronic mail only to these NSU accounts. Notifications of grades, rights of appeal, and other announcements of a timed or dated nature will be considered as “delivered” from the moment they are posted to a student’s email account. It is, therefore, prudent for students to check their email account on a daily basis. Additionally, an NSU account user name and password are required for access to certain educational resources and services provided and/or required by the university and College of Optometry. For convenience, a mechanism is provided by which mail may be forwarded from a student’s NSU account to another electronic mail address, but the university assumes no responsibility for successful delivery of mail forwarded outside of the NSU domain.

It is every student’s responsibility to comply with all university policies concerning the appropriate use of university computing resources. Failure to comply with these policies may result in loss of one’s university computing privileges. Because an NSU account is required to access certain learning materials and services essential to progress within the optometry curriculum, loss of such privileges could make it impossible to complete the optometry degree program and could result in the student’s dismissal from the college.

Each student is required to possess a personal computer for his or her exclusive use. Functional specifications for this computer will be announced along with other elements of required equipment.
The university formally requires that all students using a personal computer to access university services retain an external (non-NSU) Internet service provider (ISP) for access to the university computer system, although local dial-up service is currently provided without additional fee.

**Requirements for Graduation**

The degree(s) of bachelor of vision science and the doctor of optometry are awarded to candidates who have demonstrated to the faculty their ability to meet the standards of the optometric program. The degree(s) will be conferred on all candidates who have satisfactorily completed all course and eligibility requirements.

In order to be eligible for the bachelor of science degree in vision science, each student shall:

a. Have not obtained a previous baccalaureate degree
b. Have satisfactorily completed the program of study required for the degree with a minimum overall GPA of 70 percent
c. Have satisfactorily met all financial obligations

In order to be eligible for the doctor of optometry degree, each student shall:

a. Have satisfactorily completed the program of study required for the degree, including all assignments, with a minimum overall GPA of 70 percent
b. Have satisfactorily met all financial obligations
c. Have taken the National Board of Examiners in Optometry Basic Science (Part I) and Clinical Science (Part II) examinations. It is the student’s responsibility to have a copy of the grade reports sent directly to the college by the National Board of Examiners in Optometry as proof of taking the exam. A student’s degree may be withheld until this obligation is met.

d. Have obtained a baccalaureate degree
e. Attend in person the rehearsal and commencement program at which time the degree is conferred

**Graduation with Honors**

Students receiving their O.D. degree are eligible for the following honors:

1. Students receiving a 90–94.9 percent GPA will graduate with honors.
2. Students receiving a 95 percent or better will graduate with highest honors.

**Address Change/Name Change**

It is critical for the university to have your current local address, telephone number, name, etc., on file so that we may contact you if necessary. If, after enrolling, any information of this type changes, you must inform both the Office of the Dean and the Office of the University Registrar. It is important to note that notifications of various academic or disciplinary actions and expectations will be considered as having been properly delivered when they are sent to the last confirmed address or email address that the institution possesses for each student.

**Leave of Absence**

Circumstances may arise that so seriously hamper the student’s performance, that a leave of absence (LOA) from the program may be appropriate. These circumstances may include poor health, financial exigencies, or the need to care for a family member including a newborn child. An LOA may not be used to avoid the consequences of an academic sanction or to negate the effect of a failing academic
performance. A request for an LOA must be submitted in writing to the associate dean for academic affairs, acting as the chair of the SPAC. The SPAC will rule on the validity of the request and will determine the parameters of the LOA. Ordinarily, an LOA will be permitted for a period of an entire academic year in order to facilitate the student’s reentry to the program. Failure to resume studies at the terminal date of an LOA will be regarded as a voluntary withdrawal from the program.

**CODE OF BEHAVIORAL STANDARDS**

Note: The entire section on behavioral standards is currently under extensive review. While it remains in effect for now, revisions are likely to be made before the next edition of this guide is published. Check with the dean’s office if you have any issues that are governed by this section.

The dean of Nova Southeastern University College of Optometry hereby issues the following Code of Behavioral Standards (the “code”), which shall apply to all students enrolled in the college.

Students enrolled at Nova Southeastern University College of Optometry are expected to adhere to behavior consistent with the high standards of the optometric profession. Compliance with institutional rules and regulations as well as city, state, and federal laws is expected.

Optometry students shall act honorably and ethically and shall not tolerate dishonest, unethical actions, or inappropriate conduct. It is not possible to enumerate all forms of inappropriate behavior that would raise serious questions concerning a student’s status as a student optometric physician or a student's ability to practice after graduation. The following, however, are general rules and policies that shall apply to students.

1. Every student shall dress in a manner appropriate for the optometric profession and for an optometric physician in accordance with the Health Professions Division dress code.

2. No student shall use, possess, or distribute illegal or controlled drugs or substances, unless prescribed by a licensed physician.

3. No student shall consume or possess alcoholic beverages in any form on HPD-controlled property.

4. No student shall use, display, possess, or distribute a firearm or other weapon, or any implement that may be considered a weapon, on university-controlled property, including housing, or at any university-sponsored event.

5. No student shall commit disorderly conduct, including public intoxication, or lewd, indecent, or obscene conduct or expression on the campus premises or at any college-sponsored or supervised function or event.

6. No student shall intentionally or recklessly endanger or threaten the mental or physical health or well-being of any member of the college community or any visitor to the campus premises.

7. No student shall commit a dishonest act of any nature, and shall comply with all university, HPD, and college policies.

Every member of the college community has the duty to file a complaint with the Office of the Dean of the College of Optometry whenever it is felt that a substantial violation of the code has occurred. Failure to report a violation of the code is itself a violation.

Disciplinary matters involving academic dishonesty, professionalism, and/or clinical care will be dealt with by the Office of the Dean of the College of Optometry. Nonacademic disciplinary matters, including those involving violence, threats of violence, or criminal activity may be referred to the Office of the Dean of Student Affairs of Nova Southeastern University for investigation and disposition at the discretion of the dean.
Disciplinary Hearing Procedure

Protocol
1. The student charged shall be entitled to be present at the disciplinary proceedings.

2. The student charged shall be entitled to hear and question adverse witnesses.

3. The student charged shall have the right to have a faculty adviser present, for the purpose of counseling the student. The adviser will not directly question any member of the Hearing Committee or witnesses.

4. The Hearing Committee shall consider only evidence presented at the disciplinary hearing in determining whether the student charged has violated the code.

5. The Hearing Committee proceedings shall include the student charged, the student's adviser, if any, and members of the committee. Any witness who may be called, including the person who has filed the written charge of violation of the code, shall remain in the hearing when requested by the Hearing Committee.

6. At the conclusion of the hearing, the members of the Hearing Committee who were present at the proceeding and heard all of the evidence shall meet privately to consider the evidence presented.

7. The Hearing Committee shall determine, by a vote of the majority, whether the student charged has violated the code. In the event of a tie vote, the Hearing Committee chair will be empowered to vote to break the tie.

8. After the Hearing Committee has made a determination of violation, the committee shall conduct further proceedings and take additional evidence or testimony as deemed necessary and appropriate. Prior discipline shall be considered an aggravating circumstance.

9. The chairperson shall cause the Hearing Committee's decision, the supporting facts, and the recommendation of an appropriate penalty to be set forth in writing to the dean of the College of Optometry within five school days after the conclusion of the disciplinary proceedings.

10. The dean of the College of Optometry shall deliver written notification of determination of violation and any penalty to the student charged within five school days following receipt of the committee's decision, unless the dean or the dean's designee waives this time period in the event of extenuating circumstances.

Discipline

The Hearing Committee may recommend to the dean the following penalties:

Warning — Oral notification to the student that continuation or repetition of wrongful conduct may be cause for more severe disciplinary penalties.

Censure — Written reprimand for violation of specific rules with the warning that any other violation of the code, within a stated period of time, may be cause for more severe disciplinary penalties.

Loss of Privileges — A period of time continuing during the current academic term and extending to the next full academic term during which the student is prohibited from: (1) participating in student activities; (2) holding an office; and (3) being elected to any honorary organization, and during which the student is required to refrain from any further violation of the code, and to perform such community services, or comply with any other requirements intended to rehabilitate the student.
Restitution — Payment of a specific sum of money to an injured party and/or performance of specified rehabilitative services within a stated period of time.

Suspension — Removal from academic enrollment, and revocation of all other privileges or activities and from the privilege of entering the campus premises for a period of time not to exceed two years.

Expulsion — Permanent termination of student status and academic enrollment.

Such recommendations are not binding on the dean, who has the discretion to accept, reject, or modify such recommendations. Penalties shall be imposed only upon further recommendation of the dean.

**Appeal Procedures**

1. Except for a student charged with violent conduct, any penalty assessed for violation of the code shall be suspended during pendency of any appeal procedure.

2. Any student found to have violated the code may request review of that determination, or review of the penalty imposed, as outlined in the student appeals process in the Student Handbook.

If no appeal is undertaken, the penalty imposed by the committee shall take effect immediately upon the expiration of the time to deliver a request for review to the dean. If an appeal is taken, the penalty, if any, imposed at the last step of the appeals process shall become effective upon notification to the student.

**Student Records**

The proceedings of the Committee on Behavioral Standards shall be maintained in the files of the dean for not less than three years following termination of the student's academic program, either by graduation or dismissal. A record of suspension or expulsion and the date of each determination shall be placed in the student's permanent records.

**NATIONAL BOARD EXAMINATION**

All students must take Parts I and II of the examinations of the National Board of Examiners in Optometry before graduation, documented by sending a copy of the test scores to the Office of the Dean. Filing procedures can be obtained through the Office of the Dean.

Part I must be taken after the completion of the second year. Part II must be taken during the fall semester of the fourth year.

**Class and Examination Schedules**

Schedules for both classes and examinations are determined by the dean's office in consultation with concerned faculty members. Student input may also be solicited on appropriate issues. Students and their representatives must refrain from generating other arrangements.

**Externships**

An important part of students' clinical training is achieved through service on an externship. Assignment to externship rotations is a critical element of each student's professional development. Therefore, this assignment is made by the collective professional judgment of a faculty committee in order to provide the best possible match-up between the characteristics of a specific externship site and the particular academic and clinical abilities and needs of each student without compromise to the standards and reputation of either the externship site or NSU.
STUDENT ACTIVITIES

Student Organizations Officially Recognized By the University:
Students may participate in a variety of organizations.

Health Professions Division

Health Professions Division Student Government
The Health Professions Division Student Government is recognized by the Health Professions Division administration as the official student voice on all HPD issues. The student members of the organization are the president and vice president of each of the college’s student councils.

College of Optometry

Optometry Student Council
Student Council is the official voice for all students. The organization is open to all students and welcomes proposals and participation from the entire student body.

The responsibilities of Student Council include collecting and expressing student opinion, dispensing funds for student activities, acting as a liaison for the entire student body, promoting optometry, supporting club and class activities, and working to improve the quality of life for all students at Nova Southeastern University College of Optometry (NSU-COO).

Four voting representatives are selected from each class. In the spring of each year, Student Council officers—president, vice president, secretary, and treasurer—are nominated from this pool of representatives.

American Optometric Student Association (AOSA)
This is the international professional student organization for optometric students. The AOSA consists of more than 4,700 optometry students from 17 schools and colleges of optometry in the United States, Canada, and Puerto Rico.

AOSA sponsors annual conferences that enable students to meet and gain knowledge through lectures, presentations, and exhibits.

Beta Sigma Kappa
Beta Sigma Kappa is an international optometric honor fraternity that has chapters at the 17 accredited schools and colleges of optometry in the United States, Puerto Rico, and Canada.

This is a fellowship of members who work jointly to promote academic and scientific excellence as well as high moral standards in the profession of optometry. The fraternity members “stand for an active, sympathetic interest in public welfare, particularly for the conservation of vision, the prevention of blindness, and for using their influence to further the best standards of professional education and practice.” (The BSK Creed)

Activities include tutoring, guest lecturers, vision screenings, fund-raising events, and banquets.

College of Optometrists in Vision Development (COVD)
The College of Optometrists in Vision Development is a full-scope optometric care organization dedicated to the enhancement of vision. It brings together those optometric students who have demonstrated professional interest and proficiency in helping people to develop and enhance scholastic achievement, vocational competence, social interaction, and emotional well-being.

National Optometric Student Association (NOSA)
The National Optometric Student Association is the professional organization dedicated to
increasing minority participation in optometry. Membership is open to individuals of all races, colors, and creeds. The local chapter provides service to schools and churches in minority communities in the form of vision screenings and presentations.
