Nova Southeastern University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award bachelor's, master's, educational specialist, and doctoral degrees.

Policies and programs set forth in this handbook are effective through the academic year 2004–2005. Changes in the content of the Student Handbook may be made, at anytime, by the university, division, or college administration. Adequate notice of anticipated changes will be given to the student, whenever possible. This Student Handbook supercedes all previous handbooks, documents, and directives where they may be in conflict. The Student Handbook is the governing document for all program-related information. Please become familiar with the policies and procedures listed within. Failure to read this handbook does not excuse students from the rules, policies, and procedures contained in it.

The university recognizes that individual programs require different times for the completion of academic studies leading to a degree. Therefore, the time frame is a matter within the discretion of each academic program. All program/center catalogs, bulletins, and handbooks carry this information. Students should refer to their individual program or center's catalog and/or student handbook for further information about academic programs, policies, and procedures.

Message from the President

Nova Southeastern University is Florida's largest independent university based on enrollment and the eighth largest independent institution in the United States. As president of NSU, I invite you to become an ambassador of this remarkable educational showcase that has now entered its fifth decade.

In 1967, NSU served an entire student body of 17 from one building. Today, we have more than 25,000 students enrolled in 16 academic centers, with programs offered in 22 states and many foreign countries. The university boasts about 79,000 alumni.

The university's sustained growth is due in large part to its exploration of alternative strategies in educating professionals and its commitment to excellence in academics, clinical training, community service, and well-rounded opportunities for all students. The essence of NSU is collaboration at all levels and with diverse partners.

As you pursue your studies at Nova Southeastern University, you are welcomed as a member of the university community. Along with your membership to the university community comes many rights and responsibilities. This Student Handbook outlines these rights and responsibilities, university policies and procedures, and university resources.

We look forward to a lifelong partnership with you, our student. The entire NSU community is dedicated to providing service and academic excellence to you as you continue on the road to graduation and your success in the new millennium.

NSU History

Nova Southeastern University (NSU) is a not-for-profit, fully accredited, coeducational institution. It was founded in 1964 as Nova University of Advanced Technology. In 1974, the board of trustees changed the university's name to Nova University. In 1994, Nova University merged with Southeastern University of the Health Sciences to form Nova Southeastern University.

NSU is well known for innovation and quality in both traditional and distance education. The university serves large numbers of adult students and a growing population of traditional undergraduates. To date, the institution has produced approximately 79,000 alumni.

Based on fall-term enrollment as a measure, Nova Southeastern University is the largest independent institution of higher education in the Southeast with more than 25,000 students and is the eighth largest independent institution nationally. NSU is one of 164 colleges and universities statewide and one of 83 independent four-year institutions in Florida.

The university awards associate's, bachelor's, master's, educational specialist, doctoral, and first-professional degrees in a wide range of fields, including business, counseling, computer and information sciences, education, medicine, dentistry, pharmacy, various health professions, law, marine biology, psychology, and other social sciences. The university offers 29 undergraduate majors through the Farquhar College of Arts and Sciences, the Fischler School of Education and Human Services, and the H. Wayne Huizenga School of Business and Entrepreneurship.
Nova Southeastern University has the only college of optometry in Florida and the only colleges of pharmacy and dentistry in South Florida. The institution also enjoys an excellent reputation for its programs for families offered through the Mailman Segal Institute for Early Childhood Studies and University School, including innovative parenting, preschool, primary, and secondary education programs. University School of Nova Southeastern University, a fully accredited independent college preparatory day school, enrolls students in prekindergarten through 12th grade and operates from NSU’s main campus in Fort Lauderdale.

NSU’s programs are administered through academic centers that offer courses at campuses in Fort Lauderdale, North Miami Beach, and Dania Beach as well as other locations throughout Florida, across the nation, and at selected international sites. Despite the geographic diversity of sites where classes are offered, 82 percent of the student body attends classes in Florida, and 73 percent of all students enrolled attend classes in the tricounty area (i.e., Miami-Dade, Broward, and Palm Beach counties). With an annual budget of approximately $355 million in 2003–2004, Nova Southeastern University also has a significant economic impact on the surrounding community. A recent NSU study revealed that the university and its students and employees had an annual economic impact of more than $731 million in the state of Florida.

Major events sponsored by the office include Hollywood Squares, the Life 101 speaker series, and the annual Student Life Achievement Awards. Additionally, the director also serves as one of the advisers to the Presidential Knights, a prestigious group of student leaders who accompany the NSU president by serving as ambassadors for university-sponsored events. The Office of Volunteerism/Community Service Outreach also falls under this area.

Campus Traditions

The social activities and athletic events organized by the Office of Student Activities and Leadership Development, the Alumni Office, and the Department of Athletics provide opportunities for the NSU community to celebrate shared experiences. For further information about homecoming events, please contact (954) 262-7290.

Greek Life
The Greek life experience at NSU offers endless opportunities for students. Many successful leaders in business, politics, education, and entertainment developed their skills in the Greek community. Greek members come together from all walks of life with a common goal: to achieve excellence in every aspect of life.

The opportunity for leadership development is one of the greatest assets of membership into any Greek organization. Hands on experience as a chapter officer, committee chairperson, or active member allows you to develop skills, which will benefit you throughout your career at NSU as well as in your professional endeavors. Whether academic, social, or service—NSU Greek life has a place for you.

Got Wood
The fall semester always begins in grand fashion with the annual “Got Wood” event. Apart from the great food and entertainment, all clubs and organizations are very involved while actively promoting their club and recruiting new members. Food, fun, and tradition fills the air as “Got Wood” kicks off the fall semester each year.
Life 101...Personally Speaking
Nova Southeastern University’s “Life 101...Personally Speaking” series is a joint effort between the Department of Student Affairs and the Office of Public Affairs. The series has as its goal to bring various leaders from business, industry, entertainment, politics, and athletics to our campus to be interviewed by a faculty member with a similar format to Inside the Actor’s Studio (Bravo channel). Students and staff get a personal look at the “life lessons” these various leaders have learned throughout their career while sharing their life stories with our audience.

Community Fest
NSU Community Fest is an annual festival that celebrates and connects the NSU community. The event was initiated and developed in 2004 by Michelle Manley, an NSU student who wanted to bring the university community together and build school spirit. Traditionally held in the spring semester, the day consists of live entertainment, free food and drinks, large-scale games, activity booths, paddle boats on the lake, and much more. It is free to all NSU students, employees, and their families.

Hollywood Squares
Sponsored by the Student Affairs staff, this annual event is a spin-off of the actual television show. Hollywood Squares is hosted by the dean of students and the squares are made up of various members of faculty and staff. Students are selected to play the game and compete for grand prizes such as trips, cruises, and cash prizes worth thousands of dollars.

Student Life Achievement Awards
This annual spring semester event is put on the Student Affairs staff. This awards ceremony, similar to televised award shows, honors NSU’s best in the following core values: scholarship, leadership, involvement, commitment, integrity, and responsibility. The goal of this program is to further a sense of campus community and to recognize achievements by students and staff members. The Stueys, as the event is commonly known, provide much deserved recognition to the various students and faculty and staff members within the university community.

Office of Volunteerism/Community Service Outreach
This office, which falls under the Office of Student Development and Special Events, is the one-stop office within the university community that provides volunteer opportunities and community service within NSU and the surrounding community. Some volunteer opportunities include the annual “Senior Prom,” a dinner and dance with local nursing home residents in the Fort Lauderdale area; Habitat for Humanity; soup kitchens; homeless shelters; toy and clothing drives; and an annual spring egg hunt to benefit those in our community that are less fortunate.

Career Expo
As a founding member of the Southeast Florida Career Consortium (SFCC), the Office of Career Services hosts the annual Career Expo every winter. The SFCC is a joint coalition of career service professionals from several South Florida universities and gives students and alumni the opportunity to seek intern, part-time, and full-time employment as well as to network with local, regional, and national employers.

Major organizations attending previous Career Expos include American Express, Coca-Cola, Enterprise Rent-A-Car, BellSouth, Rexall Sundown, Sysco, The Wackenhut Corp., the United States State Department, the Federal Bureau of Investigation (FBI), Miami-Dade Public Schools, and more.
Human Services Job Fair

The Human Services job fair is held on campus every fall to link employers in the not-for-profit, for-profit, government, and other employers/agencies who provide human services. This event is targeted at psychology, counseling, family therapy, guidance, criminal justice, mediation and conflict analysis, and related majors. Employers represented have hired NSU students for internships, part-time jobs, and full-time jobs.

Student Union

The Student Union serves as the central location bringing the NSU community together by providing facilities, services, and programs that enhance the quality of campus life. Open seven days a week, the Flight Deck is a fun, pub-type environment on the second floor of the Rosenthal Student Center. The bar sells inexpensive food and beverages, and for those 21 years of age and older, beer and wine. The Flight Deck has a 65" television and nine other TVs with movie channels and DirecTV's NFL Sunday Ticket and March Madness programs. The recreational game area includes two pool tables, ping-pong, air hockey, and two regulation dart boards. With various seating areas, board games, magazines, the Cyber Café, and weekly entertainment, the Flight Deck is a popular place on campus for students to meet, greet, and eat.

The Student Union offers a variety of conference services for student groups and NSU personnel to host meetings, functions, and events. Besides the Flight Deck, Rosenthal's facilities also include two meeting rooms and a 53-seat theater. The Athletic and Student Affairs (ASA) Building has an outdoor covered patio, a multi-purpose room, a fraternity suite, and a sorority suite for those students in the Greek system. Audio/visual equipment is available for all spaces.

Several unique services are offered by The Student Union. On-campus remote bar services for the main campus and Oceanographic Center can include the sale and service of beer and wine along with nonalcoholic beverages. Special equipment such as barbecue grills, large coolers, and a karaoke machine can be rented for an NSU event; DJ equipment and a PA system may be rented for events in the Flight Deck. All food sold at the Flight Deck are $1 or less, and the coffee and popcorn are free everyday.

The Student Union hosts a variety of weekly activities, student events, happy hours, and union sports. From comedians to coffeehouses, bands to billiards, or psychics to the Super Bowl, there is always something occurring for NSU. Inexpensive food and beverages, unique services, a fun atmosphere, and friendly staff help make The Student Union a convenient and comfortable environment for events and services benefiting the NSU community.

Newspaper

The Knight serves as the official student newspaper at NSU and is an established vehicle for the transmission of student reporting, opinion, and arts. All community members are invited to contribute to the Knight. The Knight is readily available at several sites around the main campus and local community, including the east campus. NSU
Reservation of Power
The Student Handbook is not intended to be a contract or part of a contractual agreement between NSU and the student. The Student Handbook is available online at www.nova.edu/cwis/studentaffairs/forms/studenthandbook.pdf. Changes in the content of the Student Handbook may be made at anytime, by the university, division, or college administration. Whenever possible, adequate notice of anticipated changes will be given to the student. This Student Handbook supersedes all previous handbooks, documents, and directives where they may be in conflict. The Student Handbook is the governing document for all program-related information. Please become familiar with the policies and procedures listed within. Failure to read this handbook does not excuse students from the rules, policies, and procedures contained in it. Students are expected to be familiar and comply with all the policies and procedures contained within the Student Handbook, including any revisions or modifications.

Nova Southeastern University reserves the right to amend, modify, add to, or delete its rules, policies, and procedures without notice, affecting its institutional relationship with students as deemed necessary by the administration. Any such amendment, modification, addition, or deletion shall not be considered a violation of the relationship between the university and the student. Such right includes modification to academic requirements, curriculum, tuition, and/or fees when in the judgment of the administration such changes are required in the exercise of its educational responsibility.

Nondiscrimination Statement
Consistent with all federal and state laws, rules, regulations, and/or local ordinances (e.g. Title VII, Title VI, Title III, Title II, Rehab Act, ADA, Title IX), it is the policy of Nova Southeastern University not to engage in discrimination or harassment against any persons because of race, color, religion or creed, sex, pregnancy, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, unfavorable discharge from the military, veteran status, political beliefs or affiliations, and to comply with all federal and state nondiscrimination, equal opportunity and affirmative action laws, orders, and regulations.

This nondiscrimination policy applies to admissions, enrollment, scholarships, loan programs, athletics, employment, and access to, participation in, and treatment in all university centers, programs, and activities. NSU admits students of any race, color, religion or creed, sex, pregnancy, national or ethnic origin, nondisqualifying disability, age, ancestry, marital status, sexual orientation, unfavorable discharge from the military, veteran status, political beliefs or affiliations, and activities generally accorded or made available to students at NSU and does not discriminate in the administration of its educational policies, admission policies, scholarship and loan programs, and athletic and other school administered programs.

Code of Student Conduct and Academic Responsibility
Purpose: This code seeks to promote high standards of behavior and academic integrity by setting forth the responsibilities of students as members of the university community. Abiding by the code ensures a climate wherein all members of the university community can exercise their rights of membership.
Code of Student Conduct Statement

The university is a community of scholars in which the ideals of freedom of inquiry, freedom of thought, freedom of expression, and freedom of the individual are sustained. However, the exercise and preservation of these freedoms and rights require a respect for the rights of all in the community to enjoy them to the same extent. It is clear that in a community of learning, willful disruption of the educational process, destruction of property, and interference with the orderly process of the university as defined by the university administration or with the rights of other members of the university cannot be tolerated. Students enrolling in the university assume an obligation to conduct themselves in a manner compatible with the university's function as an educational institution. To fulfill its functions of imparting and gaining knowledge, the university retains the power to maintain order within the university and to exclude those who are disruptive to the educational process.

In support of the Code of Student Conduct, any violations of the Code of Student Conduct and Academic Responsibility and/or university policies and procedures may result in disciplinary action and/or criminal prosecution. Violations of academic and/or supplementary standards will be handled through the student’s academic college, center, or school. Violations of conduct standards, supplementary standards, university policies, and/or procedures will be handled by the Office of the Dean of Student Affairs or by the individual academic college, center, or school as deemed appropriate.

Changes to the Code of Student Conduct and Academic Responsibility will be posted on the Student Affairs Web site. Students are required to be familiar with the rules, policies, and Code of Student Conduct and Academic Responsibility.

Nova Southeastern University
Statement of Student Rights and Responsibilities

Nova Southeastern University, as a community of women and men, is committed to furthering scholarship, academic pursuits, and service to our society. As an institution, our purpose is to ensure all students an equal opportunity to fulfill their intellectual potential through pursuit of the highest standards of academic excellence.

Certain rights and obligations flow from membership in any academic community committed to such goals:
• the rights of personal and intellectual freedom, which are fundamental to the idea of a university
• scrupulous respect for the equal rights and dignity of others
• dedication to the scholarly and educational purposes of the university and participation in promoting and ensuring the academic quality and credibility of the institution

Students are responsible for obtaining, learning, and observing the established university and academic center policies as listed in all official publications. In addition, students must comply with the legal and ethical standards of the institution, as well as those of Broward County, the state of Florida, as well as any other laws, rules, and/or regulations of other jurisdictions. All members of the community should inform the appropriate official of any violation of conduct regulations.

A. Academic Standards

The university is an academic community and expects its students to manifest a commitment to academic integrity through rigid observance of standards for academic honesty. The university can function properly only when its members adhere to clearly established goals and values. Accordingly,
the academic standards are designed to ensure that the principles of academic honesty are upheld. The following acts violate the academic honesty standards:

1. **Cheating**: intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise

2. **Fabrication**: intentional and unauthorized falsification or invention of any information or citation in an academic exercise

3. **Facilitating Academic Dishonesty**: intentionally or knowingly helping or attempting to help another to violate any provision of this code

4. **Plagiarism**: the adoption or reproduction of ideas, words, or statements of another person as one's own without proper acknowledgment

Students are expected to submit tests and assignments that they have completed without aid or assistance from other sources. Using sources to provide information without giving credit to the original source is dishonest. Students should avoid any impropriety or the appearance thereof in taking examinations or completing work in pursuance of their educational goals.

Students are expected to comply with the following academic standards:

1. **Original Work**:
   Assignments such as course preparations, exams, texts, projects, term papers, practicum, etc., must be the original work of the student. Original work may include the thoughts and words of another author. Entire thoughts or words of another author should be identified using quotation marks. At all times, students are expected to comply with the university and/or program center's recognized form and style manual and accepted citation practice and policy.

   Work is not original when it has been submitted previously by the author or by anyone else for academic credit. Work is not original when it has been copied or partially copied from any other source, including another student, unless such copying is acknowledged by the person submitting the work for the credit at the time the work is being submitted, or unless copying, sharing, or joint authorship is an express part of the assignment. Exams and tests are original work when no unauthorized aid is given, received, or used before or during the course of the examination, re-examination, and/or remediation.

2. **Referencing the Works of Another Author**:
   All academic work submitted for credit or as partial fulfillment of course requirements must adhere to each program center's specific accepted reference manuals and rules of documentation. Standards of scholarship require that the writer give proper acknowledgment when the thoughts and words of another author are used. Students must acquire a style manual approved by their center and become familiar with accepted scholarly and editorial practice in their program. Students' work must comport with the adopted citation manual for their particular center.

   At Nova Southeastern University, it is plagiarism to represent another person's work, words, or ideas as one's own without use of a center-recognized method of citation. Deviating from center standards (see above) are considered plagiarism at Nova Southeastern University.

3. **Tendering of Information**:
   All academic work must be the original work of the student. Giving or allowing one's work to be copied, giving out exam questions or answers, or releasing or selling term papers is prohibited.
4. **Acts Prohibited:**

Students should avoid any impropriety or the appearance thereof, in taking examinations or completing work in pursuance of their educational goals. Violations of academic responsibility include, but are not limited to the following:

- plagiarism
- any form of cheating
- conspiracy to commit academic dishonesty
- misrepresentation
- bribery in an attempt to gain an academic advantage
- forging or altering documents or credentials
- knowingly furnishing false information to the institution.

Students in violation will be subjected to disciplinary action.

5. **Additional Matters of Ethical Concern:**

Where circumstances are such as to place students in positions of power over university personnel, inside or outside the institution, students should avoid any reasonable suspicion that they have used that power for personal benefit or in a capricious or arbitrary manner.

**B. Conduct Standards**

1. Students should not interfere with the rights, safety, or health of members of the university community nor interfere with others' right to learn. Students are expected to abide by all university, center, and program rules and regulations and all local, state, and federal laws.

Violations of conduct standards include, but are not limited to:

- theft (including shoplifting at any university service center, e.g., bookstore, food service facility), robbery, and related crimes
- vandalism or destruction of property
- disruptive behavior/disorderly conduct (e.g., in residence halls and classrooms, or at university-sponsored events, on or off campus)
- physical or verbal altercation, assault, battery, domestic violence, or other related crimes
- gambling
- possession or use of firearms, fireworks, explosives, or other dangerous substances or items
- possession, transfer, sale, or use of illicit and/or illegal drugs or alcohol if a minor
- appearance in class or on campus under the apparent influence of drugs or alcohol, illegal or illicit drugs or chemicals
- any act or conspiracy to commit an act that is harassing, abusive, or discriminatory or that invades an individual’s right to privacy; sexual harassment; discrimination and abuse against members of a particular racial, ethnic, religious, on the basis of sex/gender, sexual orientation, marital status or cultural group and/or any other protected group or as a result of an individual’s membership in any protected group
- sexual misconduct
- stalking
l. unacceptable use of computing resources as defined by the university. Students are also subject to the Acceptable Use of Computing Resources policy at www.nova.edu/common-lib/policies/aucr.policy.html.

m. impeding or obstructing NSU investigatory, administrative, or judicial proceedings

n. threats of or actual damage to property or physical harm to others

o. any activity that may be construed as hazing ("hazing" is defined as: any action or situation that recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of a university) or engaging in, supporting, promoting, or sponsoring hazing or violating university rules governing hazing

p. failure to pay tuition and fees in a timely manner

q. embezzlement or misuse of NSU and/or student organizational funds or monies

r. failure to comply with the directives of NSU officials

s. violation(s) of the terms or condition of a disciplinary sanction(s) imposed

t. violation of any policy, procedure, or regulation of the university or any state, federal law, rule, regulation, or county ordinance

u. fraud, misrepresentation, forgery, alteration or falsification of any records, information, data, or identity

v. plagiarism

2. Students must have authorization from the university to have access to university documents, data, programs, and other types of information and information systems. Any use of the above without authorization is prohibited.

C. Supplementary Standards

Students are expected to comply with the legal and ethical standards of this institution and those of their chosen field of study, including the Code of Ethics for Computer Usage. The university and each center or program may prescribe additional standards for student conduct. Reasonable notice may be provided when additions or changes are made to the standards for student conduct. Students should refer to their center and/or Student Affairs Web site for policy updates or changes.

D. Violations

Any violation(s) of any of the academic standards, conduct standards, or supplemental standards may result in a complaint being filed against a student to enforce the Code of Student Conduct and Academic Responsibility. Deans, associate deans, or directors may, in their discretion, immediately suspend students pending a hearing on charges of academic, conduct, or supplemental standards violations. Violations of academic, conduct, or supplemental standards are subject to disciplinary action, up to and including, expulsion from the university. Violations of academic standards will be handled through the student's academic college, school, or center. Violations of conduct or supplemental standards will be handled by the Office of the Dean of Student Affairs or by the individual academic college, school, or center as deemed appropriate.
E. Sanctions

If the student is found in violation of the Code of Student Conduct and Academic Responsibility and/or university policies and procedures, one or more of the following sanctions may be imposed. The following list is only illustrative. The university reserves the right to take additional disciplinary action as it deems appropriate.

1. Expulsion:
   Permanent dismissal from the university with no right for future readmission under any circumstances. A student who has been expelled is barred from campus and/or visiting privileges.

2. Suspension:
   Mandatory separation from the university for a period of time specified in an order of suspension. An application for readmission will not be entertained until the period of separation indicated in the suspension order has elapsed. Readmission is subject to approval of the university. During the period of suspension, the student is barred from campus visiting privileges unless specific permission is granted by the dean of student affairs or designee.

3. Temporary Suspension:
   Action taken by the dean of student affairs/associate dean of student affairs, which requires a student's temporary separation from the university until a final determination is made of whether or not a student is in violation of the Code of Student Conduct and Academic Responsibility.

4. Final Disciplinary Probation:
   A disciplinary sanction serving notice to a student that his/her behavior is in flagrant violation of university standards, under which the following conditions exist:
   a. The sanction is for the remainder of the student's career and may be reviewed by the dean of student affairs no sooner than two regular academic semesters or equivalent after the sanction is imposed. After two semesters in attendance, a student may initiate a request in writing for reduction of the sanction to disciplinary probation, but must also demonstrate reason to substantiate the request.
   b. Another violation of the Code of Student Conduct and Academic Responsibility will at a minimum result in suspension.

5. Disciplinary Probation:
   A disciplinary sanction serving notice to a student that his/her behavior is in serious violation of university standards. A time period is indicated during which another violation of the Code of Student Conduct and Academic Responsibility will automatically raise the question of a more severe sanction (suspension or expulsion) if the student is found in violation.

6. Disciplinary Warning:
   A disciplinary sanction serving notice to a student that his/her behavior has not met university standards. This sanction remains in effect for a designated number of semesters of attendance after which it is expunged from the student's file.

7. Verbal Warning:
   A verbal warning is a verbal admonition to the student by a university staff member that his/her behavior is inappropriate. A verbal warning will be noted in the student's file for a period of time after which it is expunged from the student's file.

8. Fines:
   Penalty fees payable to the university for violation of certain regulations with the Code of Student Conduct and Academic Responsibility.
9. Restitution:
   Payment made for damages or losses to the university, as directed by the adjudicating body.

10. Restriction or Revocation of Privileges:
    Restriction or revocation of privileges is the temporary or permanent loss of privileges, including, but not limited to, the use of a particular university facility, visitation privileges, and parking privileges.

11. Termination or Change of Residence Hall Contract/Accommodation:
    Termination or change of residence hall contract/accommodation is a disciplinary sanction that terminates or changes the Residence Hall Contract/Accommodation. This should be accompanied by another form of disciplinary action. It is considered permanent unless lifted by the dean of student affairs/associate dean of student affairs/director of residential life or designee.

12. Counseling Intervention:
    When extreme behavior indicates that counseling may be beneficial, the student may be referred to counseling.

13. Other Appropriate Action:
    Disciplinary action not specifically outlined above, but approved through the dean of student affairs/associate dean of student affairs or designee.

14. Parent/Legal Guardian Notification:
    NSU personnel reserve the right to contact or notify a student’s parent(s) or legal guardian(s) of a minor student, under 21 years of age, in writing or by phone, when alcohol or drug violations of university policy occur, for other violations of NSU policy and procedure, and/or when NSU personnel determine a student’s safety and/or welfare is at risk.

F. Appeal Process
An appeal of disciplinary action taken by the Office of the Dean of Student Affairs or its designee must be made in writing to the dean of student affairs within 72 hours of the receipt of the written disposition of the hearing. In appealing a disciplinary decision, the appeal must fall into one of the following categories:

1. the student has new evidence that was not available prior to the original hearing
2. the disciplinary process was not adhered to during the student’s hearing
3. the sanction(s) do not relate appropriately to the violation

A written decision will be provided by the dean of student affairs within a reasonable amount of time from receipt of the appeal request. The decision of the dean of student affairs will be final. For appeals of disciplinary action taken by individual colleges, centers, or schools, please consult the academic section of this handbook related to this area and/or academic dean or designee.
Specific University
Policies and Procedures
NSU
Specific University Policies and Procedures

Admissions Policy

Please refer to the specific admission policies and procedures for each individual program center, college, or school.

In general, students are provisionally admitted to a degree-seeking program based on a review of unofficial transcripts or other specific program admission requirements. However, this admission includes a condition that final and official documents and requirements must be received within 90 calendar days from the start of the term. If these final and official documents and/or requirements are not received by that time, the student will not be allowed to continue class attendance. Financial aid will not be disbursed to a provisional/conditional student until he or she has been fully admitted as a regular student (all admission requirements have been approved by the college/program admission office). Students who have an unpaid balance 30 days from the start of the term will be assessed a $50 fee.

Alcohol Policy

Nova Southeastern University, as an institution of higher education, is dedicated to the well being of all members of the university community—students, faculty members, employees, and administrators. Concerned with the misuse of alcohol and other drugs (both licit and illicit), it is the policy of NSU to endeavor to prevent substance abuse through programs of education and prevention.

NSU recognizes alcoholism and drug abuse as illnesses or treatable disorders, and it is NSU’s policy to work with members of the NSU community to provide channels of education and assistance. However, it is the individual’s responsibility to seek help. NSU also recognizes that the possession and/or use of certain substances are illegal. NSU is further obligated to comply with all local, state, and federal laws.

The policy governing the use of alcohol by students at Nova Southeastern University is in compliance with the laws of the state of Florida prohibiting the consumption of alcoholic beverages by persons who are minors (under the age of 21). The policy is based on the use of alcohol in moderation and under appropriate circumstances. The university recognizes that students are adults and are expected to obey the law and take personal responsibility for their own conduct. The laws of the state of Florida prohibit the possession or consumption of alcohol by persons less than 21 years of age.

1. The university will not authorize the use of student activity fees or other student funds collected and administered by the university to provide alcoholic beverages for any student event.

2. The sale, delivery, possession, and/or consumption of alcoholic beverages on any property owned and controlled by NSU is strictly prohibited, except as licensed by the state of Florida or otherwise permitted in these regulations. The use of alcoholic beverages on university premises shall be considered a privilege and may be allowed only if consistent with state laws and university regulations, and only when it will not interfere with the decorum and academic atmosphere of the campus.

3. Exception to this prohibition is made for university housing residents of legal drinking age. The possession and use of alcoholic beverages in university housing is governed by the Residential Living Guide.
4. The president, or an appropriate designee, may approve other exceptions to this prohibition, to allow possession or consumption of alcoholic beverages by persons of legal drinking age at designated events and locations on campus.

5. The use of alcoholic beverages off campus by students of legal drinking age is permissible. However, incidents of intoxication and/or misconduct are subject to university disciplinary action. Students are expected to comply with municipal, state, and federal laws pertaining to the possession and consumption of alcoholic beverages. Any violation of these laws may result in disciplinary action including, but not limited to, probation, suspension, or expulsion from the university.

Guidelines for the Use of Alcohol at University Student Events

1. Nova Southeastern University functions, which are student oriented, may serve only beer and wine. All requests for such events must be coordinated through NSU’s Office of the Dean of Student Affairs.

2. Entry fees may be charged, but this fee is only for admission to the event, not for the sale of beer or wine.

3. One-quarter hour before the approved ending time listed on the exemption, ticket sales will stop.

4. Any advertisements for the event (including leaflets, invitations, posters, letters, and all other forms of advertisements) cannot advertise alcohol. These advertisements must display the following information: Beverages will be available. Must have valid state-issued picture identification for verification of age.

5. An adequate amount of food and alternative beverages (such as water, juice, assorted sodas, coffee, and teas) must be available throughout the duration of the event. This food and beverage will be provided at the cost of the organization holding the event. The amount of food and beverages appropriate for the size of the event will be determined by the director of the student union.

6. No organization or individual may purchase beer or wine for an event. All beer and wine must be purchased and served by the Office of the Dean of Student Affairs. No other alcohol is permitted.

7. The director of the student union or designee will be present during an event at which beer and wine are served. If the director is not available, then a university employee will be designated by the Office of the Dean of Student Affairs. The organizational contact of the event must be present during the entire event as a point of contact for the director of the student union or designee.

8. The sponsoring organization is responsible for ensuring that all university policies are strictly obeyed. These guidelines do not override existing university policies, but rather, these guidelines should be used in conjunction with any and all other university policies.

9. Appropriate precautionary measures must be in place to ensure that alcoholic beverages are not served to persons under the legal drinking age. These measures include having a designated individual, as deemed by the Office of the Dean of Student Affairs, screening people entering the event and attaching a bracelet or stamp indicating those of legal drinking age. At any time during the event, the screening individual has the option to decline identification provided by an individual. The entire staff working the event has the right to refuse service to individuals deemed as having enough alcohol before or during the event.
10. Under no circumstances should anyone be coerced to drink alcohol. All drinking games, contests, or events that encourage excessive drinking are prohibited. The sponsoring organization is responsible for ensuring that all NSU policies and procedures are strictly obeyed.

11. It shall be at the discretion of the Office of the Dean of Student Affairs whether to make arrangements and pay for any security needs necessary based on the specifics of the event and the number of estimated attendees.

12. Violations of these guidelines during the event may result in the closing of the event. All individual violations will be referred to the Office of the Dean of Student Affairs for review. The university can take disciplinary actions as a result of violations of these guidelines.

Abuse/Physical Assault
Nova Southeastern University has expectations of the student body to resolve differences in a mature and respectful manner. Physical abuse, verbal abuse, threats, intimidations, coercion, and/or other conduct that threatens or endangers the health, safety, and/or welfare of any other member of the university community on or off campus is prohibited.

Acceptance of Professional Fees
The activities of students in any other profession, position, or vocation are not to be construed as the practice of medicine, optometry, pharmacy, occupational therapy, physical therapy, physician assistance, dentistry, public health, law, psychology, counseling, nursing, audiology, and/or education. It is a violation of the law and contrary to the policy of this university for any unlicensed person to engage in the professional practice of health care, law, psychology, audiology, and/or education. Students who are appropriately licensed in a profession may engage in that professional work to the extent provided by the law. (Students of the College of Osteopathic Medicine are required to comply with the College of Osteopathic Medicine's policy and procedure regarding professional work while enrolled.)

Arson
No student shall commit or aid in the intentional commission of an act that results in a fire being ignited, which causes damage, or is intended to cause damage, to the property of the university or the personal property of any member of the university community.

Bomb Threats
The placement of a bomb threat is an intolerable violation of university policy, which will result in expulsion from the university.

Breaking and Entering
The entering, or attempt to enter, any room, building, motor vehicle, or other form of property without proper authorization or consent is prohibited.
Campus Security Report
Nova Southeastern University, through the Public Safety Department, annually publishes the Campus Safety and Traffic Handbook, which includes security policies, procedures, practices, and statistics for offenses. Information is also available on the NSU public safety Web site at www.nova.edu/cwis/pubsafety.

Cellular Phone Policy
The university recognizes the growing trend regarding student possession of cellular phones with video, camera, or voice recording capabilities. In support of each individual’s reasonable expectation of privacy, the copyright and intellectual property laws, the use of these cellular phone features by NSU students must be in conjunction with express consent. Students are expressly forbidden to use video, use camera or voice recordings without the express consent of the subject(s) being photographed or recorded. Any student whose use of their cellular phone violates another's reasonable expectation of privacy or produces any media as a result of the cellular phone capabilities without express consent may be found in violation of this policy. Violations of this policy may lead to disciplinary action that may result in confiscation of the cellular phone and referral to Student Affairs as a violation of the NSU Code of Student Conduct. Students are instructed to refer to their center's or college's individual program policies regarding cellular phone use and possession, because additional restrictions may apply.

Closing Hours
No student is permitted to enter or remain in any university building or facility, including the swimming pool, or in the academic areas of the university, after normal closing hours, unless written approval to do so has been obtained in advance from authorized university personnel.

Complicity
Students associated with, or present during, the commission of an act(s) by another, which constitutes a violation of university policy, may also be charged if the student’s behavior constitutes permission, contributes to, or condones the violation.

Computers
The following five sections detail NSU policy related to the use of computers, email, and the Internet.

Acceptable Use of Computing Resources
The following policy is also available at www.nova.edu/common-lib/policies/aucr.policy.html.

This policy provides guidelines for the appropriate and inappropriate use of the computing resources of Nova Southeastern University. It applies to all users of the university’s computing resources including students, faculty and staff members, alumni, and guests of the university. Computing resources include all computers, related equipment, software, data, local area networks, and listservs for which the university is responsible as well as networks throughout the world to which the university provides computer access.
The computing resources of Nova Southeastern University are intended to be used for its programs of instruction and research and to conduct the legitimate business of the university. All users must have proper authorization for the use of the university’s computing resources. Users are responsible for seeing that these computing resources are used in an effective, ethical, and legal manner. Users must apply standards of normal academic and professional ethics and considerate conduct to their use of the university's computing resources. Users must be aware of the legal and moral responsibility for ethical conduct in the use of computing resources. Users have a responsibility not to abuse the network and resources, and to respect the privacy, copyrights, and intellectual property rights of others.

In addition to the policy contained herein, usage must be in accordance with applicable university policies (see Related policies listed at the end of this section) and applicable state and federal laws. Among the more important laws are the Florida Computer Crimes Act, the Federal Computer Abuse Amendment Act 1994, the Federal Electronic Communications Privacy Act, and the U.S. Copyright Act. Copies of these laws and the NSU copyright policy may be examined in the Office of Academic Affairs.

Policy violations generally fall into five categories that involve the use of computing resources:

1. for purposes other than the university’s programs of instruction and research and the legitimate business of the university
2. to harass, threaten, discriminate, stalk, intimidate, or otherwise cause harm or attempt to cause harm to specific individuals or classes of individuals
3. to impede, interfere with, impair, or otherwise cause harm to the activities of others
4. to download, post or install to university computers, or transport across university networks, material that is illegal, proprietary, in violation of license agreements, in violation of copyrights, in violation of university contracts, or otherwise damaging to the institution
5. to recklessly, willfully, negligently, or maliciously interfere with or damage NSU computer or network resources or computer data, files, or other information

Examples (not a comprehensive list) of policy violations related to the above five categories include:
- using computer resources for personal reasons
- using computer resources to invade the privacy of another
- sending email on matters not concerning the legitimate business of the university
- sending an individual or group repeated and unwanted (harassing) email or using email to threaten someone
- accessing, or attempting to access, another individual’s data or information without proper authorization (e.g. using another’s computing account and password to look at their personal information)
- creating a false email address
- propagating electronic chain mail, pyramid schemes or sending forged or falsified email
- obtaining, possessing, using, or attempting to use someone else’s password regardless of how the password was obtained
- copying a graphical image from a Web site without permission
- posting a university site-licensed program to a public bulletin board

NSU Student Handbook 2005-2006 37
• using illegally obtained licensed data/software, or using licensed data/software in violation of their licenses or purchase agreements
• releasing or threatening to release a virus, worm, or other program that damages or otherwise harms a system, network, or data
• preventing others from accessing services
• attempting to tamper with or obstruct the operation of NSU's computer systems or networks
• using or attempting to use NSU's computer systems or networks as a means for the unauthorized access to computer systems, networks, or data outside the university
• viewing, distributing, downloading, posting or transporting child or any pornography via the Web, including sexually explicit material for personal use that is not required for educational purposes
• using university resources for unauthorized purposes (e.g., using personal computers connected to the campus network to set up Web servers for illegal, commercial, or profit-making purposes)
• violating federal copyright, intellectual property, and/or trademark laws or the NSU copyright, intellectual property, and/or policy

Inappropriate conduct and violations of this policy will be addressed by the appropriate procedures and agents (e.g., the Office of the Dean, the Office of the Vice President for Academic Affairs, or the Office of Human Resources) depending on the individual's affiliation to the university. In cases where a user violates any of the terms of this policy, the university may, in addition to other remedies, temporarily or permanently deny access to any and all NSU computing resources, and appropriate disciplinary actions may be taken, up to and including dismissal.

Computing Account Security Agreement
Nova Southeastern University (NSU) has adopted the following Computing Account Security Agreement, which outlines your responsibilities for securing and using an official NSU computing account. Use of an NSU computing account requires your acceptance of the policy terms and conditions stated below.

1. You must agree to abide by the NSU Policy on Acceptable Use of Computing Resources, which can be found online at www.nova.edu/common-lib/policies.

2. You must not share your account with other individuals for any reason. Your computer account is to be used only by you.

3. The password to your account must be kept secure. Commit your password to memory. You may change your password at any time. Always choose a password that is difficult to guess. Your password must be eight characters in length and contain a combination of both letters and numbers. It must not be any word that can be found in a dictionary. Choose a password that is meaningful to you but not obvious to others. Examples of acceptable passwords are: 29py94ju, as76d98, 98df7gh6.
4. NSU computer systems will monitor your password on a regular basis. If your password is guessed by the system, you will be notified by electronic mail. If you receive such notification, immediately change your password to prevent anyone from tampering with your account.

5. NSU is not responsible for the loss of any files, documents or electronic mail you may store online. It is your responsibility to make backups of your files.

6. If you do not access your account for a period of six months, it will be deleted from the system.

7. Inappropriate conduct and violations of this agreement will be addressed by the appropriate procedures and agents (e.g., the Office of the Dean, the Office of the Vice President for Academic Affairs, or the Office of Human Resources) depending on the individual's affiliation to the university. In cases where a user violates any of the terms of this agreement, the university may, in addition to other remedies, temporarily or permanently deny access to any and all NSU computing resources, and appropriate disciplinary actions may be taken, up to and including dismissal.

Access to NSU Online Systems
The following policy is also available at www.nova.edu/common-lib/policies/isp-policy.html.

In order to access the university's computing resources, all NSU students must provide their own Internet access service through a suitable Internet service provider.

Electronic Mail Communications
The following policy is also available at www.nova.edu/common-lib/policies/emailcomm-policy.html.

NSU requires students and faculty and staff members to hold and maintain one official university computer account that is used to access major computing resources, including electronic mail. These university-assigned computer accounts correspond directly to NSU email addresses (see below). All official electronic mail communications directed to NSU students and faculty and staff members will be sent exclusively to NSU-assigned computer accounts to ensure timely and accurate delivery information. NSU students may forward their NSU generated email to external locations, but do so at their own risk.

Relationship between NSU computer account and email address:

If your assigned computer account name is janedoe ...

Your email address will be janedoe@nsu.nova.edu

Note: A computer account may also be referred to as an email name or a username.

Web Pages—Use of Material
The following policy is also available at www.nova.edu/common-lib/policies/copyright.html.

You should assume that materials you find on the Web are copyrighted unless a disclaimer or waiver is expressly stated. You may not place any materials owned by others (i.e., copyrighted works) on your Web pages(s) without the expressed permission of the copyright owner (examples: graphic images from other Web pages, articles, video, audio, photographs, software, or images scanned from published works). You may include short quotations of text provided you identify in an obvious way (e.g., in a footnote) the author and the work from which the quotation is taken. If you want to include something from another Web page in one of your Web pages, then link to it rather than copy it. The occurrence of plagiarism on your Web page is subject to the same sanctions as apply to
plagiarism in any other media. Images in the NSU graphics repository may be used on Web pages without permission. Clip art images provided with licensed software may be used if permitted in the license agreement for such software. You may not place any pictures or videos of people on a Web page without the expressed permission of the people in the picture or video. Every person has the right to privacy, which includes the right to restrict the use of his/her own image. In addition, the picture or video may be protected by copyright.

If you have received formal permission to use material owned by another, place the following notice on the page that contains the copied material: Copyright 2005 by (name of the copyright owner). Used with permission.

Although a copyright notice is not required to assert your rights to your own original material, you may want to include a minimal notice of copyright in a Web page footer when appropriate. When used, the copyright notice should appear as follows:

- Web pages:

Consensual Relations Between Faculty Members and Students

At Nova Southeastern University, romantic and sexual relationships between a faculty member and a student are subject to the prohibition against sexual harassment.

Romantic or sexual relationships between a faculty member and a student then enrolled in the faculty member's class (including supervised student activities for which academic credit is given) may appear to be coercive, and are prohibited. Even when no coercion is present, such relationships create an appearance of impropriety and favoritism, which can impair the academic experience of all students in that class. It is, therefore, improper conduct and prohibited for a faculty member to engage in a romantic or sexual relationship with a student then enrolled in the faculty member's class.

Contracting on Behalf of the University

Unless specifically authorized by the appropriate university authority, students may not contract on behalf of the university. Students who attempt to, or enter into, a contract on behalf of the university without proper authorization, are subject to disciplinary action that will result in a hold being placed on university records and transcripts until restitution is made, as well as such other sanctions as may be appropriate. Any contract entered into on behalf of the university by a student without proper authorization is void.
Disabilities

Nova Southeastern University complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990. No qualified individual with a disability shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any activity, service, or program of the university solely by reason of his or her disability. Each qualified individual with a disability who meets the academic and technical standards required to enroll in and participate in Nova Southeastern University's programs shall be provided with equal access to educational programs in the most integrated setting appropriate to that person's needs through reasonable accommodation.

At the postsecondary level, it is the student's responsibility to initiate the process for disability services. The process for obtaining a reasonable accommodation is an interactive one that begins with the student's disclosure of disability and a request for a reasonable accommodation. The student has the responsibility to provide Nova Southeastern University with proper documentation of disability from a qualified physician or clinician who diagnoses disabilities and sets forth the recommended accommodations.

Student requests for accommodation will be considered on an individual basis. Each student with a disability should discuss his or her needs with the disability service representative in his or her academic center, college, or school before the commencement of classes. For the name and contact information of the disability support services representative at your academic center, college, or school, contact the university ADA coordinator, Gay Holliday, associate dean of student affairs, at (954) 262-7280.

Academic Accommodation(s) Process

Requests for accommodation must be made in writing to the disability service representative in the student's academic center, college, or school and must be supported by appropriate documentation of recent medical, psychological, or educational assessment data administered and evaluated by a qualified professional. If the student disagrees with the accommodation(s) proposed by the disability service representative in consultation with the appropriate program director and/or faculty member, he or she may appeal the decision through that center's, college's, or school's appellate process. If the issue cannot be satisfactorily resolved at the center, college, or school level, the student may appeal in writing no later than 10 days after the final decision to the university's Academic Accommodation Appellate Committee, which consists of the university's ADA coordinator and representatives from at least four different academic centers, colleges, and/or schools. The student will be given the opportunity to present his or her appeal in an appearance before the committee. The committee will also review all relevant documents submitted with the written appeal before rendering a decision. The student will be notified in writing of the committee's decision within a reasonable amount of time of the hearing. The decision of the university's Academic Accommodation Appellate Committee is final and binding upon the student without further appeal.

Academic Accommodation Appellate Committee Guidelines

1. Upon receipt of a notice of appeal, the ADA coordinator shall schedule a meeting of the committee at a time and place convenient to the student and to the committee members.
2. The student shall have the opportunity to present relevant documents for review by the committee.
3. The student shall be given the opportunity to personally meet with the committee and to present his or her appeal.
4. Proceedings of the committee shall be kept in strict confidence.
The following are prohibited in all committee meetings:

- any recording of the meeting, except official minutes
- legal counsel
- uninvited guests

In reaching its decision, the committee may consult with recognized experts in the field of disabilities and/or organizations such as the Association of Higher Education and Disability. The student shall be notified in writing of the decision of the committee within a reasonable amount of time of the committee meeting. All decisions of the committee are final and binding on the student without further appeal.

**Facility and Grounds Accommodation(s) Process**

Students requesting an accommodation involving modification to a facility or the grounds of the university must meet with the ADA coordinator—the associate dean of student affairs—to discuss their specific needs. Requests for accommodation must be made in writing to the associate dean of student affairs and be supported by the appropriate documentation of recent medical, psychological, or educational assessment data administered and evaluated by a qualified professional. Requests for an accommodation involving modification to a facility or grounds of the university will be considered on an individual basis. When considering the request, the ADA coordinator will consult with the director of the specific facility (e.g., residential life and housing) involved in the request for accommodation and the director of facilities management.

If the student disagrees with the facility or grounds accommodation proposed by the ADA coordinator, he or she may appeal in writing no later than 10 days after the decision to the Facility and Grounds Accommodation Appellate Committee, which consists of the university dean of student affairs, vice president of facilities management or his/her designee, and a disability service representative from at least three different academic centers, colleges, and/or schools. The student will be given the opportunity to present his or her appeal in an appearance before the committee. The committee will review all relevant documents submitted with the written appeal before rendering a decision. The student will be notified in writing of the committee’s decision within a reasonable amount of time of the hearing. The decision of the university’s Facility and Grounds Accommodation Appellate Committee is final and binding upon the student without further appeal.

**Facility and Grounds Accommodation Appellate Committee Guidelines**

1. Upon receipt of a notice of appeal, the dean of student affairs shall schedule a meeting of the committee at a time and place convenient to the student and to the committee members.
2. The student shall have the opportunity to present relevant documents for review by the committee.
3. The student shall be given the opportunity to personally meet with the committee and to present his or her appeal.
4. Proceedings of the committee shall be kept in strict confidence.

The student shall be notified in writing of the decision of the committee within a reasonable amount of time of the committee meeting. All decisions of the committee are final and binding on the student without further appeal.
Discriminatory Conduct

Discriminatory conduct based on such factors as race, color, religion or creed, sex, national origin, disability, age, ancestry, marital status, sexual orientation, pregnancy, unfavorable discharge from the military, veteran status, or political beliefs, including but not limited to, violations under all federal and state laws, rules, regulations, and/or acts including, but not limited to, Title VII, Title VI, Title IX, Title II, Title III, Americans with Disability Act and the Rehab Act are unacceptable and prohibited in the university. In the event a student feels discriminated against by another student, an NSU faculty or staff member, or an employee, the student should contact the appropriate academic center representative or the university Title IX coordinator, Gay Holliday, associate dean of student affairs, at (954) 262-7280. Students may also want to refer to the NSU Grievance Procedures for Nonacademic Disputes.

Drug-Free Schools and Campuses

In order to comply with the Drug-Free Schools and Communities Act (Pub. L. No. 101-226, Title 34 C. F. R., part 86), Nova Southeastern University has adopted the following policy for all workplace, school, campus, and field-based programs.

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs and the abuse of alcohol are prohibited in and on property owned or controlled by Nova Southeastern University and as a part of any of its activities (see Controlled Substances Chart in Appendix A).

The term “illicit drugs” refers to all illegal drugs, and to legal drugs obtained or used without a physician’s order. This policy does not prohibit the use of prescribed medication under the direction of a physician. No Nova Southeastern University student or employee is to report to work or school while under the influence of illicit drugs or alcohol. Possession of paraphernalia for illegal drug use, or taking a prescription that does not belong to you, are also prohibited.

There are serious health risks associated with the abuse of drugs and alcohol. If you, a fellow student, teacher, or coworker has a problem with abuse of drugs and/or alcohol, help can be provided at the following locations:

When a student uses or deals in drugs, he or she also risks incarceration and/or fines. The attached federal sentencing guidelines indicate federal penalties for trafficking in drugs. In addition to the federal sanctions, Florida state statutes provide sanctions in regard to the use, possession, and/or sale of illicit drugs and the abuse of alcohol. Punishment varies depending on the amount and type of drugs and/or alcohol involved. Felony convictions range from one year to life imprisonment.
Possession of not more than 20 grams of cannabis is punishable as a misdemeanor of the first degree. Punishment for misdemeanors ranges from less than 60 days to one-year imprisonment.

Under Sec. 893.13, Florida Statutes: It is unlawful for any person to sell, manufacture, deliver, or possess with intent to sell, manufacture, or deliver a controlled substance. Violation of this statute is a felony and is punishable under Chapter 775 of the Florida Statutes.

Under Sec. 893.13 (1) (c), Florida Statutes: It is unlawful for any person to sell, manufacture, deliver, or possess with the intent to sell, manufacture, or deliver a controlled substance in, on, or within 1,000 feet of a public or private elementary, middle, or secondary school. Punishment for a violation of this statute may include a minimum three-year imprisonment.

Under Sec. 316.1936, Florida Statutes: It is unlawful for any person to possess an open container of an alcoholic beverage or consume an alcoholic beverage while operating a vehicle in the state or while a passenger in or on a vehicle being operated in the state. Violation of this law will result in a noncriminal moving traffic violation, punishable as provided in Chapter 318 of the Florida Statutes, with fines and points on a driving record leading to driver’s license suspension.

Under Sec. 316.193, Florida Statutes: A person is guilty of driving under the influence (DUI) if such a person is driving or in actual physical control of a vehicle within the state and the person is under the influence of alcoholic beverages or any controlled substance when affected to the extent that his or her normal faculties are impaired or the person has a blood alcohol level of .08 percent or higher. First conviction on such a DUI charge will result in a fine not less than $250 or more than $500 and imprisonment for not more than six months. A second conviction results in a fine of not less than $500 or more than $1,000 and not more than nine months’ imprisonment. A third conviction will result in not less than a $1,000 fine or more than a $2,500 fine and imprisonment for not more than 12 months.

By applying for a driver’s license and accepting and using a driver’s license, a person holding the driver’s license is deemed to have expressed consent to submit to breath, blood, and urine tests for alcohol, chemical substances, or controlled substances.

Any Nova Southeastern University student determined to have violated this policy will be subject to referral for prosecution by the appropriate authorities. Other sanctions include evaluation/treatment for drug-use disorder, which may include mandatory completion of a drug/alcohol abuse rehabilitation program, and/or other university sanctioning, which may include expulsion.

All Nova Southeastern University students will, as a condition of their enrollment, abide by the terms of this policy.

Drug Policy—Zero Tolerance

Any student found in violation of the drug-free schools and campuses policy with regard to the unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs or alcohol will face serious university disciplinary action, which may include expulsion from the university (see Controlled Substances Chart in Appendix A).

Emergency Situations

To report an on-campus emergency situation from an on-campus phone, contact the police at 9-911 and public safety at extension 8999. If calling from off campus, dial the police at 911 and public safety at (954) 262-8999.
Failure to Comply

All students and guests of NSU are expected to comply with the directives or reasonable requests of university officials acting in the performance of their duties. This requirement includes reasonable requests for students to meet appointments in administrative offices; participation in administration and/or judicial proceedings; and the compliance by the stated deadline with all the terms and conditions of all disciplinary sanctions. Administrative discretion may be used to place a hold on a student's account (registration, grades, etc.) if the student fails to comply with the directions of a university official.

False Information

Providing false or misleading information to the university or a university official, or to a local, state, or national agency or official is a violation of the Code of Student Conduct and Academic Responsibility subjecting a student to disciplinary action up to and including expulsion or rescission.

Falsification of Records

Falsification of university records is prohibited. University records include, but are not limited to, admission, enrollment, registration, financial aid, student disciplinary, academic, health records, parking decals/hang tags and student employment records.

Inappropriate conduct and violations of this policy will be addressed by the appropriate procedures and agents (e.g., the Office of the Dean, the Office of the Vice President for Academic Affairs, or the Office of Human Resources) depending on the individual's affiliation with the university. In cases where a student violates any of the terms of this policy, the university will take appropriate disciplinary actions, up to and including expulsion.

Fire Safety

Unnecessarily setting off a fire alarm; unnecessarily tampering with fire hoses, extinguishers, exit signs, and alarm equipment; or blocking fire exits and other means of impeding traffic may result in immediate university disciplinary action and criminal prosecution. Failure to evacuate any building on campus during a fire alarm is also prohibited.

Fraud

Any act or statement (written or oral) containing false, incomplete, or misleading information intended to deceive or misrepresent any agency of the university or any person or business is prohibited.

Gambling

Gambling may include, but is not limited to, wagering on or selling pools on any athletic or other event; possessing on one's person, premises (e.g., rooms, residence unit, car), or in a computer account or electronic format, any card, book, or other device for registering bets; knowingly using or permitting the use of one's premises or one's telephone or other electronic communication device for illegal gambling; knowingly receiving or delivering a letter, package, or parcel or electronic or telephonic communication related to illegal gambling; or playing or engaging in any game, at any place, by any device whatever for money or other thing of value. Students found in violation of the prohibition against gambling may be subject to disciplinary action up to and including dismissal.
Grievance Procedures for Nonacademic Disputes

This process should be followed for all nonacademic grievances of policies/procedures that are not governed by a specific academic center, program, college, or school. Academic grievances should be referred to the student's academic center. The purpose of these grievance procedures is to promote the orderly resolution of problems arising out of a student complaint concerning a policy, procedure, or administrative action of Nova Southeastern University. Grievances can often be adversarial, unpleasant, and unsatisfying, so we recommend that students discuss problems before resorting to the formal grievance steps. When formal grievance steps are perceived as necessary, students have a right to a fair process and hearing without retribution.

1. First, the student should attempt to resolve an issue in dispute at the level at which the dispute occurred. This attempt must be in writing (i.e., email, regular mail, or fax). The student may wish to use certified mail to verify receipt of the correspondence. In the correspondence, the student must present a rationale for his or her position based on factual information.

2. The student will receive a reply, in writing, which addresses the complaint.

3. If the reply is not acceptable, the student is encouraged to submit the complaint in writing to the associate dean of student affairs. The associate dean of student affairs will attempt to resolve the dispute.

4. If the associate dean is unable to resolve the dispute, he or she will notify the student and the dean of student affairs in writing.

5. The student may then appeal in writing to the dean of student affairs.

6. The dean will investigate and review the findings, and will notify the student in writing of his or her decision.

7. The dean's decision is final and binding and cannot be appealed.

Guests

Students are welcome to bring guests to the campus, but must assume responsibility for the conduct of their guests and must accompany them at all times. If a guest is asked to leave a specific area of campus, it is the responsibility of the student host to cooperate with the university official making the request. The university reserves the right to exclude all guests from any area on campus in times of impending or actual crises or emergencies, such as hurricanes, campus disruptions, or bomb threats, and to exclude any guest(s) from any area of the campus for any reason the university deems appropriate.

Health Policies

Communicable Diseases Guidelines

It is the intent of the university to protect students from communicable diseases that pose reasonable risk of harm to members of the university community. It is also the intent of the university to protect the rights of those infected with a communicable disease. Students who do become infected with a communicable disease are subject to the guidelines listed below. The university will be flexible in its response to incidents of communicable diseases, evaluating each occurrence in light of this policy and current available medical information.

- NSU will make available to the university community detailed information concerning the transmissibility of communicable diseases and precautions that can be taken to prevent the spread of various communicable diseases.
The university shall provide detailed information concerning the risks associated with meningitis and hepatitis B and the availability, effectiveness, and known contraindications of any required or recommended vaccine to every student, or to the student's parent if the student is a minor, who has been accepted for admission.

Any students residing in on-campus housing at NSU shall provide documentation of vaccinations against meningococcal meningitis and hepatitis B unless the individual, if the individual is 18 years of age or older, or the individual's parent, if the individual is a minor, declines the vaccinations by signing a separate waiver for each of these vaccines provided by the institution, acknowledging receipt and review of the information provided.

- Infected students can continue to study and work as long as they are able to continue to perform regular responsibilities satisfactorily, and as long as the best available medical evidence indicates that their continual status does not present a health or safety threat to themselves or others.

- An infected student returning to school after a leave of absence for reasons related to a communicable disease must provide a statement from the treating physician indicating current medical status. Students should submit their statement to their program dean or appropriate designee based on the policies of their respective college, school, or center.

- Within reason, the university will make accommodations to the infected person, whenever possible, to ensure continuity in the classroom.

- No infected student may be dismissed from the university solely on the basis of a diagnosis of an infection of a contagious disease. A decision to dismiss or discharge will only be made after reasonable accommodation has been attempted, and an examination of facts demonstrates that the infected person can no longer perform essential requirements of the position or program, or poses a reasonable threat to the health and safety of others.

In the event that a student has a concern about the potential for the spread of a communicable disease within the university community, those concerns should be brought to the Office of the Dean of Student Affairs for review consistent with the current available information on the spread of the particular communicable disease. After review and evaluation of the concerns, if there appears to be a reasonable likelihood of the spread of the disease within the university community by an infected person, the Office of the Dean of Student Affairs will, after notification of the issues presented to the university president, contact the Centers for Disease Control and Prevention and/or Broward Health Department for recommendations of appropriate action consistent with state law.

**Immunization Requirements**

Health Professions Division (HPD) students: See center specific policies.

All residential (residing in campus housing) students must satisfy the following requirements, if they were born after January 1, 1958. The required documentation of vaccinations shall include the following:

1. **Meningococcal meningitis**

2. **Hepatitis B:** You must show proof of one of the following:
   - immunization with three doses of hepatitis B vaccine
   - blood test showing the presence of hepatitis B antibody
3. Measles (rubella): You must show proof of two of the following:
   • immunization with two doses of measles vaccine, the first given on or after the first birthday, the second given at least 30 days after the first, and BOTH in 1958 or later
   • blood test showing the presence of the measles antibody
   • a written, dated statement signed by a physician on his/her stationery stating the date you had the disease

   • blood test showing the presence of the rubella antibody

5. MMR Combined Proof of Immunization

   • One dose of the MMR vaccine on or after the first birthday, the second dose must be at least 30 days after the first, and both must be in 1968 or later

Exemptions or waivers may be obtained at the university's discretion if the individual is 18 years of age or older, or the individual's parent, if the individual is a minor, declines the vaccinations by signing a separate waiver provided by the institution for each of these vaccines, acknowledging receipt and review of the information provided. Exemptions will not necessarily be accepted by the student's program center. Other students may be subject to the immunization requirements in order to participate in clinical or practicum studies. Students are advised to consult with their program to determine whether the refusal will affect their ability to continue their studies.

Immunization requirements are based on Florida state health regulations. Valid exemptions from providing immunity:
   • Medical exemptions—Must produce a letter from a doctor, signed on his/her stationery, stating the reason for exemption and whether it is a temporary or permanent exemption
   • Religious exemptions—On church stationery, signed by a minister, priest, rabbi, or head of church

Acceptable forms of documentation—The following documents are acceptable proof of immunity of measles and rubella. Forms must include specific dates, and the dates must satisfy the requirements stated previously.
   • HRS (Department of Health and Rehabilitative Services)
   • Childhood immunization records
   • School immunization records
   • Military service records

Nova Southeastern University requires all undergraduate day students and residential on-campus students to have some form of health insurance. Federal visa regulations also require international J-1 students and their J-2 dependents to maintain adequate health insurance throughout their stay in the United States.
If you are not currently insured, or your plan does not provide adequate coverage in South Florida, you are required to enroll in the Nova Southeastern University Student Health Insurance Plan. If you currently maintain comparable coverage that is greater or equal to that of NSU's policy, you must show proof of this coverage to the Office of Recreation and Wellness.

All other registered students enrolled at Nova Southeastern University taking credit hours are eligible to enroll in the student health insurance plan on a voluntary basis.

Should you have any questions regarding the student health insurance plan, please feel free to contact the Office of Recreation and Wellness at (954) 262-7301.

**Hurricane Procedures**

A hurricane watch is a governmental agency announcement issued for an area when there is a threat of hurricane conditions, generally to strike within 36 hours.

A hurricane warning is an announcement issued for an area when hurricane conditions are expected to strike within 24 hours.

When a hurricane warning is received, all protective preparations should be made, with the expectation that the hurricane will strike.

Nova Southeastern University provides a 24-hour “Hurricane Hotline” for this type of emergency. The hotline number is (954) 262-7300.

Local hurricane shelter information can be obtained through county governmental information telephone numbers. For Broward County shelter information, contact Broward County Emergency Preparedness at (954) 357-8250.

**Hurricane Watch**

In the event of a hurricane watch, the university president will confer with members of NSU administrative staff in preparation for hurricane protection activity.

Members of the university community may begin plans for evacuating the campus and preparing facilities and equipment for hurricane protection.

**Hurricane Warning**

If a hurricane warning is issued, the university president will decide if the university will be evacuated.

If the president orders the closing of the university, the appropriate directives will be relayed by the vice presidents to their areas of responsibility.

NSU Office of Public Affairs will contact major news organizations for immediate broadcast notification.

**Closing Preparation for Residence Halls**

- Pull all furniture away from windows. Expect water damage and flooding.
- Place loose articles and electronic items away from windows and onto closet shelves and in dresser drawers; lock doors.
Those students who reside in rooms that are equipped with bathtubs are requested to clean the tub and fill it halfway with water. Fill several small containers with clean, fresh water for drinking purposes.

All windows must be closed tightly. If window blinds are provided, the blinds should be down and closed.

Do not tape window glass.

Students should provide their own flashlights and radios, with extra batteries.

Candles are not allowed. Do not use candles because they are a fire hazard.

Residents should provide themselves with an adequate supply of nonperishable foods and water to last two or three days.

Safety Procedures

- Follow instructions of public safety officers and emergency personnel.
- Residence hall students: follow the instructions of residential life staff.
- Stay indoors until advised to exit.
- Do not open windows or doors to see what is happening outside.
- Beware of the eye of the storm. The eye is the center of the hurricane, which may bring a temporary period when the air may be calmed. Do not leave your safety or shelter until advised by public safety or the local officials. Residential students will be notified by residential life staff.
- When the “all-clear” is given, exit your location with extreme care. Beware of electrical wires, broken glass, and falling or fallen objects.
- Do not enter structures, vehicles, or areas that are damaged; many people are killed after a storm by electrocution.
- For NSU opening information, call the NSU Hurricane Hotline at (954) 262-7300.
- Enter NSU property only after permitted, and follow safety instructions.

Broadcast Information

An email message regarding the university closure will be instituted within the NSU email system. The NSU telephone central switchboard will also be available for direct information.

Reopening Information

University staff members and students should tune into radio and television stations for a status report as to when the university will reopen.

Keep a portable radio and plenty of spare radio batteries.

Identification Cards
The NSU Card is the official Nova Southeastern University identification card. All students and faculty and staff members affiliated with the university are required to carry the NSU Card at all times while on campus and to present their identification card when requested by authorized university personnel. The NSU Card features a digitized photo, digitized signature, SmartChip, and magnetic stripe.

The NSU Card is Nova Southeastern University's single-card program that combines a multitude of features and uses, including the following:
- identification purposes
- library privileges
- building access
- vending machine usage
- pay-for-print
- copier usage
- meal plans
- laundry machine usage

This high-tech card has an embedded antenna that will allow access to various areas around campus, from parking garages to computer labs.

The SmartChip, located on the front of the card, has the capability to store prepaid values in increments of $1, $5, $10, or $20, directly on the card. You are able to add these increments at the NSU Card Office as well as Cash to Chip machines that are available in various locations throughout campus and on all floors of the Alvin Sherman Library, Research, and Information Technology Center.

The NSU Card Office is located in the Horvitz Administration Building, and the HPD Card Office located in the Terry Building, room 1134. Please visit our Web site, www.nova.edu/nsucard for more information.

Interference with University Investigations and Disciplinary Proceedings
Interference with university investigations, administrative procedures, or disciplinary proceedings, or judicial proceedings such as those conducted by the Department of Public Safety, Office of the Dean of Student Affairs, Department of Residential Life, or any other university office authorized to conduct investigations or disciplinary proceedings is prohibited. This includes, but is not limited to, the use of force, threat of force, coercion, or promise of reward to any person or property of persons involved in university investigations or disciplinary proceedings. No person may, without authorization, examine, take possession of, alter, or destroy university investigations or destroy university records or evidence. Interference with university investigations, disciplinary proceedings, or records may result in disciplinary action.
In an effort to foster and provide an environment free from bias or prejudice for the parties involved, publication (verbal or written communication(s)) regarding any university investigatory, administrative, disciplinary, or judicial proceeding is prohibited, if the publication is deemed by the appropriate official overseeing the proceeding to compromise the impartiality and integrity of the proceeding.

Communication related to the proceeding will be limited to identified individuals using administrative discretion on a need-to-know basis.

Jurisdiction of University Policies and Procedures

Students must adhere to NSU policies and procedures on the main campus; at any other NSU site; or while participating in any university-sponsored program, event, or activity.

Lake Swimming

Swimming in any lake, canal, and/or body of water on the Nova Southeastern University campus is strictly prohibited and any violators of this policy will be subject to disciplinary action.

Life-Threatening Behavior

Nova Southeastern University recognizes that certain life-threatening behavior (e.g., suicide threats, gestures, or attempts; eating disorders; substance abuse; threats, gestures, or attempts to harm others) is a sign of personal distress. The university is committed to helping students alleviate whatever stress factors are precipitating life-threatening behavior by providing support and/or referral through use of appropriate resources. However, since it is critically important to maintain civility and respect for all members of the university community, it is recognized that action must be taken when such behavior is considered by the university to be disruptive to and unacceptable in the academic and social/living environment.

Littering/Projecting Objects

Students may not throw, discard, place, or deposit litter or project objects from university buildings or on university grounds except in receptacles provided for such purposes.

Misuse of Telephones

NSU students who misuse telephone lines or university accounts will be subject to disciplinary action and restitution.

Noise

The university noise policy is based on the belief that all students have a responsibility to respect the rights, health, security, and safety of other university and community members. Excessive noise that disturbs the campus environment, unless approved by the Office of the Dean of Student Affairs or designee for a special event, is not allowed. Students are held responsible for the actions of their guests.
Off-Campus Violations
The university reserves the right to take disciplinary action for violations of the Code of Student Conduct and Academic Responsibility and university policies and procedures, even when they occur off campus.

Parent/Legal Guardian Notification
University personnel may use administrative discretion in parental or legal guardian notification in writing and/or by phone of a student under 21 years of age when alcohol or drug violations of the university occur or when a student’s welfare is at issue.

Parking and Traffic Policies
- In order to park a motor vehicle on campus in any university parking area, the vehicle must be registered with the university, and a parking permit must be properly displayed.
- All administrators, faculty members, staff members, students, and visitors must register vehicles to be driven or parked on campus.
- All administrators, faculty members, staff members, students, and visitors are responsible for any violations of these regulations in which their vehicle is involved.
- Motorcycles, motor scooters, and mopeds are subject to the regulations governing automobiles.
- The Public Safety Department is authorized to designate any spaces as temporary reserved parking.
- Abandoned vehicles are subject to towing at the owner's expense, unless the owner notifies the Public Safety Department in writing at the time the vehicle becomes disabled. The executive director of public safety will determine whether a disabled vehicle is allowed to remain on campus.
- Vehicle repairs that create a nuisance are not permitted on campus. Any property damage caused by the making of any repairs is the responsibility of the person making such repairs.
- Trailers or mobile campers are allowed to be parked on campus only with written permission from the executive director of public safety.
- The maximum speed on any NSU driveway or roadway excluding those owned and managed by the town of Davie, Broward County, or the state of Florida is 15 miles per hour or less.
- All vehicle operators must obey public safety and police direction and instructions regarding operating and parking motor vehicles.
- Nova Southeastern University assumes no liability for damages to any vehicle parked or driven on campus.

For additional information, please visit the public safety Web site at www.nova.edu/cwis/pub safety.

Pets
No pets or animals, other than fish, are permitted on campus, including all residence halls, with the exception of service animals.
Privacy of Records (FERPA)

Several laws provide for significant safeguards for the protection of the privacy rights of students with respect to educational records and/or personally identifiable information. The applicable laws provide guidance regarding a student’s right of privacy with respect to their educational records. Personally identifiable records or reports of a student and any personal information contained therein are to be maintained in a confidential manner that is consistent with university policy and procedure.

The Family Educational Rights and Privacy Act of 1974 (FERPA) protects the privacy of student education records and places certain limitations on the disclosure of personally identifiable information maintained by the university with respect to students and limits access to educational records, including the right to access, the right to inspect, the right to obtain copies, the right to seek correction of such records through informal and formal internal procedures, and the right to place a statement in such educational records explaining any information that he or she believes to be inaccurate or misleading.

The university has adopted a policy with respect to its educational records consistent with the requirements of FERPA and the regulations promulgated under the act.

NSU maintains a system of records that includes application forms, admission test scores, and transcripts of students’ previous academic records and performance while in residence. These records are available for review by current and former students upon written request to the Office of the University Registrar. However, the registrar will not release transcripts of students’ academic records until all accounts, both academic and nonacademic, have been paid.

The law limits access by and disclosure to a third party. Such access is given only upon consent of the student or if required by law, except for the following information, which may be released as directory information: (a) student’s name, (b) address, (c) dates of attendance, and (d) degree and awards received. Requests for such information must be submitted in writing to the university. The university reserves the right to refuse the above information if the reason for the request is not considered sufficient.

Any student or parent not wishing to have this information disclosed should notify the Office of the University Registrar in writing before September 1 of the relevant school year.

A person does not have the right of access to educational records until he or she has been admitted to and has actually begun attending Nova Southeastern University. There is no prohibition from disclosing such information to the parents of students who are listed on their parents’ federal income tax forms.

Parents or eligible students will be provided a hearing by the university if they wish to challenge the content of the record. If they are still not satisfied, the parents or eligible students may add explanatory or rebuttal matter to the record.

If the students or parents are denied access to a hearing or if the records are alleged to have been illegally disclosed to a third party, the students or parents may file a complaint with the Family Policy Compliance Office (FPCO) charged with administering FERPA.

Procedure to Inspect Educational Records

Students may inspect and review their educational records upon request to the appropriate record custodian. Students should submit to the record custodian or an appropriate university staff member a written request that identifies as precisely as possible the record or records he or she wishes to inspect.
The record custodian of an appropriate university staff person will make the needed arrangements for access as promptly as possible and notify the student of the time and place where the records may be inspected. Access must be given 45 days or fewer from the receipt of the request. When a record contains information about more than one student, the student may inspect and review only the record that relates to him or herself.

**Right of university to refuse access**

The university or division reserves the right to refuse to permit a student to inspect the following records:

- financial records of the student's parents, or any information contained therein
- letters and statements of recommendations respecting admission or employment for which the student has waived his or her right of access
- records connected with an application to attend the university or component unit of the university if that application was denied
- those records that are excluded from the FERPA definition of educational records

**Refusal to provide copies**

The university reserves the right to deny transcripts or copies of records not required to be made available by the FERPA in either of the following situations:

- the student has an unpaid financial obligation to the university
- there is an unresolved disciplinary action against the student

**Health Care Privacy (HIPAA) Statement**

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires health care providers to abide by the regulations for privacy and confidentiality of protected health information (PHI). The HIPAA privacy rule covers all individually identifiable health information at Nova Southeastern University health care centers whether the information is electronic, paper, or spoken.

Because NSU operates health care centers, it is responsible for enacting privacy policies and procedures. The various NSU colleges, schools, and educational programs have enacted policies for their health care centers. NSU health care center staff members, students, and faculty members are responsible for following the policies that have been implemented by the applicable NSU health care center.

In addition, the HIPAA privacy rule also requires that NSU provides education for health care center staff members, students, and faculty members. As such, all applicable NSU colleges, schools, and educational programs shall train their students rotating at NSU health care centers and other health care facilities in compliance with the requirements of NSU's HIPAA privacy policies and procedures, patient privacy and confidentiality practices, privacy laws, and the federal HIPAA privacy regulations.

NSU students and faculty members may also be subject to the HIPAA privacy policies and procedures enacted by the various health care facilities in which they train. It is the responsibility of the student and faculty member to familiarize himself or herself with these policies upon entering each facility.

Any questions concerning the policies can be directed to the privacy contact of your NSU health care center or the NSU privacy officer.
Public Laws

Students are responsible for compliance with all public laws. Any act that could constitute a violation of public laws will establish cause for legal and/or disciplinary action by the university.

Sexual Misconduct and Harassment

The following three sections relate to NSU policy and definitions of sexual misconduct and sexual harassment.

Sexual Misconduct Policy

NSU, in compliance with the spirit of various federal and state laws (e.g., Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and other similar state and federal statutes or regulations), adopts the policy and fosters an environment where no individual may threaten the health, safety, and welfare of a member of the university community; or any person on university property; or at a university-sponsored or -supervised activity, through the commission of a sexual assault, engaging in sexual harassment, discrimination, battery, and/or misconduct, including acquaintance rape.

Definition: NSU acknowledges acquaintance rape in its definition of sexual assault. Acquaintance rape is defined as forced, manipulated, or coerced sexual intercourse by a friend or acquaintance. It is an act of violence, aggression, and power, in which the victim, under protest or without consent, is forced to experience a sexual act through verbal coercion, threats, physical restraint, and/or physical violence.

Consideration and rights to be afforded to all campus community members regarding the type of sexual assault:

a. the right to have all sexual assaults against them treated with seriousness; and the right, as victims, to be treated with dignity

b. the right to have sexual assaults committed against them investigated and adjudicated by the duly constituted criminal and civil authorities of the governmental entity in which the crimes occurred; and the right to the full and prompt cooperation and assistance of campus personnel in notifying the proper authorities

c. the right to be free from pressure that would suggest that the victims: (i) not report crimes committed against them to civil and criminal authorities or to the campus public safety and disciplinary official; or (ii) report crimes as lesser offenses than the victims perceive them to be

d. the right to be free from suggestions that sexual assault victims not report, or underreport, crimes because (i) victims are somehow responsible for the commission of crimes against them; (ii) victims were contributorially negligent or assumed the risk of being assaulted; or (iii) by reporting crimes, they would incur unwanted personal publicity

e. the right to the full and prompt, reasonable cooperation from campus personnel in responding to the incident

f. the right to have access to counseling services established by the university or other victim-service entities

g. after campus sexual assaults have been reported, the victims of such crimes shall have the right to require that campus personnel take the necessary steps or actions reasonably feasible to prevent unwanted contact with, or proximity to, alleged assailants
h. the right to be informed of disciplinary proceedings, as well as the outcome of such proceedings
i. the same right to assistance, or ability to have others present, that is afforded to the accused during any campus disciplinary proceedings

Disciplinary Action: In addition to any criminal or civil actions that may be pending or in process, the university reserves the right to pursue separate disciplinary action against any individual who violates any portion of this policy.

Education and Information: The university, through the departments of the Office of the Dean of Student Affairs, residential life, recreation and wellness, and public safety, provides educational and informational programs and materials regarding awareness of rape, acquaintance rape, and other sex offenses. This information is provided through scheduled and on-demand programs.

Nova Southeastern University students are encouraged to report to the police (9-911 on campus and 911 off campus), public safety (extension 8999 on campus and (954) 262-8999 off campus), and a university administrator all occurrences of sexual assault, either violent assault or acquaintance rape. Professional staff members in the Office of the Dean of Student Affairs, residential life, student counseling, and public safety are among those who are trained and willing to assist students who are victims of sexual assault.

If the victim then reports the crime to an administrator, the following procedure will prevail.

- **Third-Party Reports:** When there is a report of sexual assault, the person receiving the report whether a student, faculty member, or staff member is encouraged, in turn, to report the incident to a student life and/or residential life administrator. If the person reporting that assault is a third party (not the victim), the administrator will do the following:
  a. advise the reporter to counsel the victim to seek medical assistance
  b. advise the reporter to encourage the victim to talk with a counselor from the Rape Center in Broward County, a staff counselor at the University Counseling Center, a student affairs and/or residential life administrator, the director of public safety, or some other university official
  c. protect the confidentiality of the victim (if name is known)

- **Victim Reports:** If a student who is a victim of sexual assault reports the matter to a university administrator or any other university employee, the administrator and/or employee will encourage the victim to seek immediate medical attention and assist the victim in appropriate methods and avenues to receive medical care. In reporting a sexual assault, the victim controls the process. The administrator and/or employee will encourage the victim to authorize notification of the university Public Safety Office (PSO) of the occurrence of the crime, and then to cooperate with PSO and student life and/or residential life and housing in reporting the matter to the rape victim advocate in the state attorney's office and to local police. The victim will be assured of university support including reasonable confidentiality, full cooperation with any police investigation, and counseling through the University Counseling Center and the Rape Crisis Center. If the victim authorizes the notification of PSO, the administrator and/or employee will inform the Office of the Dean of Student Affairs, which will assist as liaison with PSO.

**Harassment Statement**

Harassment is defined as any conduct (words or acts), whether intentional or unintentional or a product of the disregard for the safety, rights, or welfare of others, which causes physical, verbal, or emotional harm; or conduct, which intimidates, degrades, demeans, threatens, harasses, or otherwise interferes with another person's rights to comfort and right to be free of a hostile environment.
This includes, but is not limited to, loud or aggressive behavior; behavior that disrupts the orderly functioning of the university; disturbs the peace and/or comfort of person(s) on the campus of the university; creates an intimidating, hostile, or offensive environment. It also includes any conduct (words or acts) in which the university can determine a threat exists to the educational process or to the health or safety of a member of the NSU community.

**Sexual Harassment Policy**

It is the intent of Nova Southeastern University to protect all employees and students from sexual harassment. Sexual harassment is a violation of Title VII of the Civil Rights Act of 1964. Sexual harassment undermines the integrity of the employment and academic environment, debilitates morale, and interferes with the effectiveness of employees and students. In accordance with the Equal Employment Opportunity Commission's promulgated guidelines, unwelcome sexual advances, unwanted requests for favors of a sexual nature, and any other unwanted verbal or physical conduct of a sexual nature are considered sexual harassment if

- explicit or implicit submission to sexual overtones is made a term or condition of employment or academic program status
- employment or academic program status decisions are made on the basis of whether submission to or rejection of sexual overtones occurred
- a sexually intimidating, hostile, or offensive atmosphere unreasonably interferes with an individual's work or academic program status performance

At Nova Southeastern University, sexual harassment of or by employees or students includes:

1. unwelcome or unwanted sexual advances. This includes unwelcome physical contact or sexual advances considered unacceptable by another individual.

2. requests or demands for sexual favors. This includes subtle or blatant pressures or requests for any type of sexual favor, accompanied by an implied or stated promise of preferential treatment or negative consequence concerning one's employment or academic program status.

3. verbal abuse that is sex-oriented or considered unacceptable by another individual, as well as sexually derogatory comments. This includes commenting about an individual's body or appearance when such comments go beyond mere courtesy, telling jokes that are clearly unwanted and considered offensive by others, or other tasteless sexually-oriented comments, innuendoes, or actions that offend others.

4. engaging in any type of sexually oriented conduct that would unreasonably interfere with another's work or academic program status performance. This includes extending unwanted sexual attention to someone that reduces personal productivity or time available to work at assigned tasks.

5. creating a work or academic program status environment that is intimidating, hostile, or offensive because of unwelcome or unwanted sexually-oriented conversations, suggestions, requests, demands, physical contacts, or attentions.

Nova Southeastern University will not tolerate sexual harassment. Sexual harassment is an insidious practice. It demeans individuals being treated in such a manner, and creates unacceptable stress for the entire organization. Persons harassing others will be dealt with swiftly and vigorously.

Normal, non-coercive interaction that is acceptable to both parties is not considered to be sexual harassment.
All allegations of sexual harassment of or by an employee, client, or vendor will be promptly and thoroughly investigated by the Office of Human Resources and should be reported promptly to the Director of Human Resources.

At Nova Southeastern University, sexual harassment by employees of students is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when
1. submission to such conduct is made to appear to be a term or condition of enrollment, attendance, or participation in a class
2. submission to or rejection of such conduct affects academic decisions
3. such conduct has the purpose or effect of unreasonably interfering with a student's academic performance, or creating an intimidating, hostile, or offensive academic environment
4. unwelcome physical contact, including but not limited to patting, pinching, or touching
5. offensive or demeaning sexual remarks, jokes, or gestures

Students aggrieved by a violation of this policy may file a grievance under their center's grievance procedure, or may report the conduct to the dean of the center, any other faculty member, or the director of human resources. All reports of sexual harassment will be thoroughly investigated by the Office of Human Resources.

Any individual who violates any portion of this policy will be subject to disciplinary action, up to and including discharge.

At Nova Southeastern University, romantic and sexual relationships between a faculty member and a student are subject to the prohibition against sexual harassment.

Romantic or sexual relationships between a faculty member and a student then enrolled in the faculty member's class (including supervised student activities for which academic credit is given) may appear to be coercive, and are prohibited. Even when no coercion is present, such relationships create an appearance of impropriety and favoritism, which can impair the academic experience of all students in that class. It is, therefore, improper conduct and prohibited for a faculty member to engage in a romantic or sexual relationship with a student then enrolled in the faculty member's class.

**Smoking Policy**

The university has adopted a "no smoking" policy in accordance with the Florida Clean Indoor Air Act, and evidence indicates that passive smoking, i.e., involuntary inhalation of pollutants in the air produced by the smoking of others, is potentially harmful to nonsmokers in the closed environment of our buildings.

Accordingly, it is determined that there is no smoking in any Nova Southeastern University classroom/administrative facility.

Although smoking is permitted outside buildings, smoking should be done away from public entrances and exits so that those entering, leaving, and occupying the building will not be exposed to secondhand smoke. This policy does not apply to living quarters (residence halls), which are subject to a separate smoking policy.
Solicitation and Posting Policy

All on-campus sales and solicitations must be operated or sponsored by a university-recognized student organization and must receive the proper authorization. The Office of Residential Life and Housing must approve sales and solicitations in the residence halls. The Office of the Dean of Student Affairs must approve sales and solicitations in all other areas on campus.

The Office of the Dean of Student Affairs must approve all posters, flyers, and solicitations on campus. Solicitation includes the distribution of flyers, posters, and announcements. The Office of the Dean approves and posts flyers on designated campus bulletin boards (four in the Parker Building and one in the Rosenthal Student Center) and other areas on campus except in the residence halls (for the posting policy in the halls, contact the Office of Residence Life and Housing). Approved and stamped flyers are posted for two weeks, after which they are discarded. The event must be scheduled at least a week in advance in order for the flyer to be posted.

The following flyers are acceptable
• looking for a roommate
• selling a car, book, furniture, etc.
• events or information associated with NSU clubs and organizations
• events or information associated with NSU administrative offices or academic programs
• academic services and programs associated with NSU

The following flyers are not acceptable
• publicity making any reference to drugs or alcohol, containing discriminatory language, or containing inappropriate photos, graphics, or language
• outside vendor or company promotions
• outside vendor health insurance information

Approval of all information to be posted is at the final discretion of the Office of the Dean of Student Affairs. Flyers posted without the approval and stamp of the Office of the Dean of Student Affairs will be removed from the posting area. All posters should be removed from the posting area by the sponsoring organization after the event has ended. Flyers (maximum of five per event) will be approved in the Office of the Dean of Student Affairs, Room 100, in the Rosenthal Student Center.

Academic centers, colleges, and schools may have their own specific solicitation and posting policies that are not governed by the Office of the Dean of Student Affairs. See center, college, or school for their specific policies and procedures.

Stalking

Any individual who willfully, knowingly, maliciously, or repeatedly follows; harasses; attempts to contact or communicate (written, verbal or electronic); and makes a credible threat placing the individual in reasonable fear of death or bodily harm may be in violation of NSU's stalking policy. Such conduct is prohibited. Stalking causes substantial emotional distress in individuals and serves no legitimate purpose. Course of conduct means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose.
Student Publications

Nova Southeastern University, as publisher, bears the legal responsibility for the contents of student publications. In the delegation of editorial responsibility to students, the university provides sufficient editorial freedom for the student publications to maintain their integrity of purpose as vehicles of free inquiry and free expression in the Nova Southeastern University academic community.

The delegated editorial freedom of student editors and managers is subject to corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel; indecent, undocumented allegations; attacks on personal integrity; and the techniques of harassment and innuendo.

As safeguards for the delegated editorial freedom of student publications, the following provisions are made:
- the student press shall be free of censorship and advance approval of copy, and its editors and managers shall be free to develop their own editorial policies and news coverage
- editors and managers of student publications shall be protected from arbitrary suspension and removal because of student, faculty, administrative, or public disapproval of editorial policy or content. Only for proper and stated causes shall editors and managers be subject to removal, and then by orderly and prescribed procedures
- all university published and financed student publications shall explicitly state on the editorial page that the opinions therein expressed are not necessarily those of Nova Southeastern University or of the student body

Theft or Unauthorized Possession

Students involved in the taking, sale, or possession of property without the consent of its owner or without proper remuneration may be subject to university disciplinary action and a fine, as well as arrest and prosecution by legal authorities.

Title IX Compliance Policy

Title IX of the Educational Amendments of 1972, 20 USC Sections 1681 et seq., prohibits discrimination on the basis of sex in schools, whether in academics or athletics. In furtherance of Title IX, Nova Southeastern University has adopted a Title IX Compliance Policy. It is the university's policy that no student enrolled at NSU shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity receiving federal financial assistance.

The Title IX coordinator at NSU is Gay Holliday, associate dean of student affairs, who can be reached at (954) 262-7280. Students are entitled to file a grievance or complaint with the Office of the Title IX Coordinator if they perceive they have been a victim of discrimination on the basis of sex.
Travel

Students are responsible for adherence to the university code of conduct and all university policies and procedures while attending or participating in university-sponsored programs, activities, and/or events off of the main campus or at any NSU sites.

The travel office provides basic travel services for students, faculty members, and staff members. Please visit the travel office Web site for a current listing of NSU discounts with airline, car rental companies, and hotels at www.nova.edu/cwis/bsv/travel.

Trespass Policy

Nova Southeastern University reserves the right to prohibit trespass onto its property. University employees whose duties include building or property supervision or the general safety and protection of persons or property may issue a trespass warning. A trespass warning may be issued to students or nonstudents and may apply to an individual's vehicle, as well. The revocation of a person's privilege to be on the lands, within the buildings, or on the premises of the university may be restricted to time and place by the agent of the university issuing the trespass warning.

Unauthorized Entry

Any student who enters, attempts to enter, or remains in any room, building, motor vehicle, trailer, or machinery without proper authorization may be subject to university disciplinary action, as well as arrest and prosecution by legal authorities.

Unauthorized Possession of University Property

Students in possession of property owned or controlled by Nova Southeastern University without authorization for such property will be subject to university disciplinary action and/or restitution. In addition, students may be referred to legal authorities for prosecution.

Use of University Vehicles

Nova Southeastern University policy mandates that all personnel, staff, and students who either are required to or wish to use an NSU van must first successfully complete the Van Driver Training course provided by NSU Public Safety. The Public Safety Department provides as its van driver training course the most current version available, Coaching the Van Driver II, which is offered by FLI Learning Systems, Inc.

Prior to contacting Public Safety, a supervisor must first contact the director of risk management, Mary Ann Galvin, at (954) 262-5271, to determine a person's eligibility to drive an NSU van. After receiving approval, an appointment can then be made with Jim Ewing, Public Safety-Safety Compliance, at (954) 262-8082, or at jewing@nsu.nova.edu. The van training program is available most weekdays, during daytime hours, instead of just once a month during the evening.

Upon satisfactorily passing the Van Driver II training, the person will receive a certificate of completion as well as an identification card, which is used to sign out an NSU van from the Physical Plant.

Credit card and WebCheck payments via the Web are available from the student's secure WebSTAR account.

Direct deposit is the fastest way to receive refunds. In order to be eligible for this service, students must complete the direct deposit authorization form. The authorization form appears on the student's monthly statement or may be printed from the NSU bursar's Web site at www.nova.edu/cwis/bursar under loan disbursing and mailed or faxed to the bursar's office with a voided check (required). The student's direct deposit authorization will remain in effect until canceled in writing and received by the bursar's office. Students should notify the bursar's office if they move or change banks. For further information, contact the bursar's office at 800-806-3680.
Office of Student Financial Assistance

The Office of Student Financial Assistance assists students in obtaining funds necessary to pursue their educational objectives. Financial assistance includes grants, loans, student employment, and scholarships. In order to be considered for federal and most state aid, students must complete the Free Application for Federal Student Aid (FAFSA), meet specific eligibility criteria, and be enrolled or accepted for enrollment as a regular student (i.e., all admissions requirements/documents have been satisfied) working toward a degree or certificate in an eligible program. For more detailed information regarding the financial aid process, contacts, policies and procedures, and other pertinent information, students should visit the NSU financial aid Web site at www.nova.edu/cwis/finaid.

The earlier students apply, the more chance they will receive funds in a timely manner, if eligible. The preferred method for applying for financial aid is online through FAFSA on the Web at www.fafsa.ed.gov, which saves processing time and reduces the chance of errors due to edit checks. Students should include their email addresses on the FAFSA in order to receive information via email, including their Student Aid Report (SAR) and financial aid history.

The Office of Student Financial Assistance staff is available to assist students in the completion of the FAFSA, and answering questions concerning the financial aid process. For further information, please call 800-806-3680.

Student Employment

Nova Southeastern University participates in several types of student employment programs: the federally funded Federal Work-Study Program (FWS), the America Reads and America Counts Programs (also funded by FWS), the institutionally funded Nova Southeastern University Student Employment Program (NSUSE), and the Job Location and Development Program (JLD).

The objectives of the student employment programs are

• to offer jobs to students who need to earn funds, to help pay for their educational expenses
• to provide work experience that will enhance the student’s educational and/or occupational goals
• to provide services that would otherwise not exist for Nova Southeastern University or for other participating public or private profit and nonprofit organizations

Questions concerning the student employment programs should be directed to the coordinator of student employment at 800-806-3680, Monday through Friday between 8:30 a.m. and 5:00 p.m. The Student Employment Office is in the Office of Student Financial Assistance, located in the Horvitz Administration Building. Further student employment information is available on the NSU Financial Aid Web site at www.nova.edu/cwis/finaid/stuemployment.html.

NSU’s student employment programs are administered without regard to race, color, religion, national origin, sex, disability, age, or political beliefs.

Veterans Benefits

The Veterans Benefits office is located in the Office of Student Financial Assistance. Department of Veterans Affairs (DVA) Educational Benefits are designated to provide eligible individuals with an opportunity for educational and career growth. For more information, please contact the veterans benefits specialist at 800-806-3680, Monday through Friday between the hours of 8:30 a.m. and 5:00 p.m., or visit the veterans benefits Web site at www.nova.edu/cwis/finaid/veterans. See the Veterans Affairs listing in this handbook.
One-Stop Shop
The One-Stop Shop staff is cross-trained to assist students, parents, and the general public with student financial assistance and inquiries to the university bursar and registrar. Other services include providing official and unofficial academic transcripts and NSU parking decals (a valid registration is required). The office is located in the Horvitz Administration Building at the main campus. Operating hours are Monday through Thursday from 8:30 a.m. to 7:00 p.m., Friday from 8:30 a.m. to 6:00 p.m., and Saturday from 9:00 a.m. to noon.

Student Medical Centers
The Health Professions Division Health Care Centers serve an important function and are an integral part of the HPD training programs. They provide a vital community function by bringing health care service to areas whose medical needs traditionally have gone unmet.

Sanford L. Ziff Health Care Center
The Ziff Health Care Center is a state-of-the-art primary care facility with full-service, radiologic-diagnostic capabilities. Contained at the health care center are family medicine, pediatrics, X ray, occupational therapy, pharmacy, physical therapy, physical medicine and rehabilitation, an optometric center, optical dispensary, OB-GYN, dermatology, and general internal medicine. Complete dental services are available next door at the clinics operated by the NSU College of Dental Medicine. Ambulatory medical, optometric, and dental care is made available during regular business hours for the university community. When a student or a family member needs care, they may make an appointment with the University Health Service. For those unable to make appointments in advance, hours will be posted. For urgent situations, contact the University Health Service at (954) 262-4100. Most insurance policies are accepted by the health facility for medical services.

Consultation with specialists, when needed, will be arranged by the University Health Service, and such specialty care will be the student's financial responsibility. Direct visits to specialties without referral by the University Health Service are strongly discouraged.

Campus Pharmacy
Located adjacent to the Ziff Health Care Center is the pharmacy where prescriptions, over-the-counter remedies, herbal, and homeopathic remedies are available. The pharmacy Wellness Center addresses diabetes, high blood pressure, and other diseases.

Hours are as follows:
Monday–Friday, 9:00 a.m.–6:00 p.m.
Saturday, 9:00 a.m.–1:00 p.m.

For additional information, contact (954) 262-4550.
Veterans Affairs

The Office of Student Financial Services and Registration oversees the process of veterans' benefits. Eligible veterans and their dependents should contact

Nova Southeastern University
Office of Student Financial Services and Registration
Attn: Veterans Benefits
3301 College Avenue
Fort Lauderdale-Davie, Florida 33314-7796.

For further information, please call (954) 262-7236; toll free 800-806-3680, ext. 7236. If you have any questions concerning eligibility, you may contact the Department of Veterans Affairs (VA) at 888-442-4551 or visit their Web site at www.va.gov.

Standards of Progress

A student receiving veterans benefits must maintain satisfactory progress. Students will be considered to be making satisfactory progress as long as they meet the academic standards set by their school for retention in their degree programs.

A student who, at the end of any evaluation period, has not attained and maintained satisfactory progress will be certified, in a probationary status, for only one additional evaluation period. Should this student not attain and maintain satisfactory progress by the end of the probationary period (one evaluation period), the student's VA educational benefits will be terminated for unsatisfactory progress.

A student whose VA educational benefits have been terminated for unsatisfactory progress may petition the school to be recertified after one evaluation period has elapsed. The school may recertify the student for VA educational benefits only if there is a reasonable likelihood that the student will be able to attain and maintain satisfactory progress for the remainder of the program.

For VA payment of benefits purposes, an Incomplete (I) designation for a course must be converted to a credit grade counting toward graduation, or a failing grade, by the end of one calendar year unless permission for a delay is granted by the academic dean for that program. A no grade (NG) designation for a course must be converted to a credit grade counting toward graduation, or a failing grade, by the end of one regular semester unless permission for a delay is granted by the academic dean for that program.

Grade/Progress Reports

Each VA student will be provided a grade/progress report at the end of every evaluation period (e.g. term, semester). A copy of each report will be placed in the student's permanent file maintained by the school. The university periodically furnishes each student with a working transcript that shows current status of grades and earned semester hours for all courses completed and/or attempted, plus grades for courses in which the student is currently enrolled.

Credit for Prior Training (CPT)

Nova Southeastern University complies with federal regulations for veterans training that it is mandatory for all veterans benefit recipients to report either prior education and/or training. A student receiving veterans benefits that have previous post-secondary educational training/experience must request official transcript(s) be sent to the school. If the transcript has not been received prior to the end of the student's second term here at Nova Southeastern University, the student can not be certified for veterans benefits for the upcoming term. The student can be certified for veterans benefits after the transcript has been received.
The school will evaluate the student’s previous training and/or experience and grant credit as appropriate. Should credit(s) be accepted and/or granted, the student’s tuition and training time will be reduced proportionately, with the veteran and VA so notified.

**Wireless Networking—NSU WINGS**

Charges and Payments
Tuition charges are automatically calculated when students register for classes. Students are expected to pay in full at the time of registration, or have completed the necessary paperwork for financial aid and have been awarded. Students may pay for tuition using credit cards: MasterCard, VISA, or American Express. Credit card payments may now be made online.

Late Payment Fee
Students with any balance unpaid by the 30th day of the semester will be assessed a $50 late payment fee and a hold will be placed on their account. In addition, no further registrations will be accepted until the balance is paid in full.
Late Registration
Students who have completed one full year at the university and who cannot meet their financial obligations by the 30th day of class are considered late registrants. Students who register after the late registration date established by their college will be charged a late fee or penalty established by the university or the division.

The following will apply:
- recipients of Armed Forces scholarships shall be allowed up to two months’ grace period without penalty
- when confirmation of guaranteed loans has been received, but checks are delayed, credit will be extended for three months

Consequences for Nonpayment
The student’s failure to meet financial obligations in accordance with university policy at the end of 70 days will result in an automatic letter of notification being sent to the student informing him/her that failure to resolve his/her financial obligation within 10 days will result in administrative withdrawal from class. The university bursar shall
- identify those students who have still failed to meet their financial obligation at the end of each 30-day period
- notify those students of their failure to pay
- forward to the program office the names of all students in delinquent status for the program office to take appropriate administrative action

Those students who fail to meet financial obligations shall not receive any academic credit for the coursework taken.

Tuition Refund Policy—Voluntary Withdrawals
Students who wish to withdraw must submit a written request for voluntary withdrawal to the dean, who will evaluate the student’s request. After completing the required withdrawal form(s) and obtaining the dean’s approval, an eligible student may receive partial refund of the tuition, according to the following formula:
- First three class days.......................... 70 percent
- Fourth or fifth class day .................... 60 percent
- Sixth or seventh class day ............... 40 percent
- Eighth, ninth or tenth class day... 20 percent
- After the tenth class day ............... 0 percent

No refunds will be made thereafter. (Students with questions should consult the program office.)

Students will not be given refunds for portions of tuition paid by financial aid funds. Instead, the respective financial aid programs will be credited in accordance with federal regulations, which establish the following requirements for recipients of Title IV student assistance funds (guaranteed student loans and auxiliary loan program).

The regulation requires that if the student has received a financial aid overage to assist with related, but indirect educational costs, e.g., living expenses, books, supplies, transportation, and/or personal expenses, this must be prorated for the period the student attended the institution. The student must
then refund the difference (between the actual overage and prorated amount) to the institution for restoration to the appropriate Title IV account.

Failure to comply with these requirements could jeopardize future receipt of the Title IV student assistance funds at any institution of higher education the student may attend.

A refund due the student will be mailed to the student's permanent home address or deposited directly into his or her checking account as soon as the dean of the respective college has approved the withdrawal. The tuition refund policy is subject to change at the discretion of the university's board of trustees.

**Student Financial Aid**

The Office of Student Financial Assistance assists qualified students to obtain the funds necessary to pursue their educational objectives. In order to be eligible for student financial aid, students must complete the U.S. Department of Education's Free Application for Federal Student Aid (FAFSA), and meet federal general eligibility criteria. A need analysis is performed, utilizing information from the FAFSA to determine the student's Expected Family Contribution (EFC), or the amount the student and the student's family can contribute toward the student's educational expenses. Financial need is defined as the difference between the institution's Cost of Attendance (COA) and the EFC. The university's cost of attendance includes tuition and fees, books and supplies, room and board, transportation, and personal expenses.

The fastest way to apply for the FAFSA is online through FAFSA on the Web at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). By applying electronically, financial aid information is forwarded to the Office of Student Financial Assistance within 72 hours, expediting the awarding process, and reducing errors due to built-in edits. Students should request a Department of Education Personal Identification Number (PIN) online through [www.pin.ed.gov](http://www.pin.ed.gov). By using the PIN, students eliminate the need to send a signature page.

Undergraduate students may be eligible for grants, student employment, loans, and scholarships. Graduate/professional students may be eligible for loans in the form of both the Federal Subsidized and Unsubsidized Stafford Loans, and private/alternative loans, as well as scholarships. In order to successfully complete the financial aid process, students should apply early, provide all necessary documents and requests to the Office of Student Financial Assistance in a timely manner, register for the minimum number of credits required per term (half time in a degree-seeking program), and meet required deadlines.

For more information regarding the financial aid process, contacts, and other pertinent information, students may visit the NSU Financial Aid Web site at [www.nova.edu/cwis/finaid](http://www.nova.edu/cwis/finaid). Students will be notified of missing information, their financial status, award notifications, and other financial aid related information via their NSU email addresses.

Short-Term Preloans
The Office of Student Financial Assistance administers preloans for students who encounter emergency situations prior to receipt of financial aid refunds. Students must be enrolled for the term, have a completed financial aid file, and must be receiving financial aid with sufficient funds to cover total charges due the university, the loan amount, and the processing fee charged. When approved, disbursement is made by check or direct deposit within one week of receipt of the student’s application.

Return of Title IV Funds
Effective July 1, 2000, the Department of Education established new requirements with regard to return of Title IV aid received by students who withdraw from all their courses during a term for which a payment has been received. Students receiving Title IV funds, whether used to pay institutional charges or disbursed directly to the student, may be obligated to repay a portion of unearned funds if they withdraw from classes before 60 percent of the term. A repayment may be required when cash has been disbursed or could have been disbursed from Title IV aid (other than Federal Work-Study) in excess of the amount of aid the student earned during the term. Students will be permitted to keep 50 percent of their obligated Title IV grant aid.

It is important that students notify the Office of Student Financial Services and Registration and the Office of the Dean if they intend to withdraw. Students will be notified within 30 days of determination of withdrawal with regard to the amount of Title IV aid to be repaid. If the student did not officially withdraw, the university will use either the midpoint or last academically related activity as confirmed by an NSU employee. The student will have a maximum of 45 days to respond.

Students may apply for a leave of absence. The leave of absence is a temporary interruption in the student’s education rather than a withdrawal from the school. The student who is on an approved leave of absence retains in-school status for purposes of Title IV funds. Generally, there is only one leave of absence given to a student within a 12-month period. However, more than one leave of absence may be granted for limited, well-documented cases due to unforeseen circumstances. Upon the student’s return from the leave of absence, the student must be permitted to continue his/her education where he/she left off. If the student does not return from an approved leave of absence, the student’s withdrawal date will be the date he/she begins the leave of absence.

When a student owes a refund, the order of repayment is as follows: Unsubsidized Federal Stafford Loan, Subsidized Federal Stafford Loan, Federal Perkins Loan, Federal Pell Grant, FSEOG, and other Title IV aid. An exit interview is required for any student who has received a loan.

More information regarding this policy is available on the NSU Financial Aid Web site at www.nova.edu/cwis/finaid.

Note: Dismissal will result in termination of veterans’ benefits where applicable.

Health Professions Division Library
The HPD Library is located on the first floor of the Health Professions Division Laboratory/Library Building, 3200 South University Drive. It contains card and computerized catalogs of holdings; more than 50,000 book titles; more than 1,500 active journals; more than 1,500 audiotapes, videotapes, slide sets, and CD-ROMs; and a current file of pamphlets and news clippings. Twenty-four group study rooms are equipped with videotape players and monitors, and slide projectors are available for viewing slides. Seven coin- and card-operated duplicating machines are available for library patrons. The library maintains an Internet Web site, which allows access to several health-related and other electronic databases, many of them full-text, including MEDLINE and MDConsult.
Membership in the National Library of Medicine and various consortia provides for cooperative lending relationships, which affords HPD students and faculty members access to international library holdings. Students have checkout privileges at the other NSU libraries. Professional reference assistance is available during most operating hours.

The hours of service are:
- Monday–Thursday, 7:30 a.m.–midnight
- Friday, 7:30 a.m.–11:00 p.m.

Lost and Found
Items found on school property are turned over to campus security for disposition and storage. Please contact the NSU Public Safety Department to find the location for claiming such items and reporting lost items.

Mailbox and Message Center
Mailboxes for intracampus memos and notices can be found in the student lounge area. Students are responsible for checking their mailboxes daily. Official communications delivered to the student mailbox are assumed to be seen within 24 hours. Postgraduate Pharm.D.; Ph.D. physical therapy; Ph.D. occupational therapy; O.T.D. occupational therapy; and bachelor, master, and doctor of health science students do not have mailboxes.

Microcomputer Laboratories
The Health Professions Division maintains two separate Microcomputer Laboratories (Microlabs). One of these laboratories is located in the HPD Library to the right of the front desk. It contains two networked laser printers, a color scanner, and 40 desktop computers equipped with Windows XP, Microsoft Office (Word, PowerPoint, Excel, and Access), and WordPerfect. The second Microlab is located on the first floor of the Assembly II Building. It has 50 desktop computers and is equipped with the same software packages. In addition, other software programs for use in specific courses are also installed on the systems. Online connectivity from all desktop systems provides access to the Campus Wide Information System (CWIS), the Electronic Library, the Internet, and the World Wide Web (WWW) via Netscape. Computer-assisted instruction programs are also available. The HPD laboratories operate under the auspices of the university Office of Information Technologies User Services.

**Student Lounge**

Students who wish to relax may use the student lounge on the second floor of the HPD Library/Laboratory Building during their free hours. Vending machines, pay telephones, and video games are provided for student use.

Students have always shown responsibility for general cleanliness and preventing damage to the area. The administration expects this precedent to continue in the future.
HPD POLICIES AND PROCEDURES

Acceptance of Professional Fees
The activities of students are not to be construed as the practice of medicine, optometry, pharmacy, occupational therapy, physical therapy, physician assistance, vascular sonography, nursing, dentistry, or public health. It is a violation of the law and contrary to the policy of this university for any unlicensed person to attempt to engage in the professional practice of health care.

Students who are appropriately licensed in a profession may engage in that professional work to the extent provided by law.

AIDS Policy
The university has adopted the following AIDS policy: Nova Southeastern University Health Professions Division recognizes its responsibilities for the health and welfare of its students and faculty and staff members, as well as its responsibilities to patients suffering from AIDS or harboring the human immunodeficiency virus (HIV). While the division does not subscribe to compulsory HIV testing either as a screening device or in individual cases, some rotation sites require this test and students must comply. As an institution of medical learning, the division provides each student/faculty/staff person knowledge to understand the AIDS problem, including AIDS testing, treatment, and counseling by community services. The division provides an annual seminar to all students, faculty members, and staff members. The division recommends universal precautions in all laboratory and clinical settings. The division reserves the right to alter this policy as new information on AIDS becomes available.

Students should consult their physician for HIV testing or treatment immediately following exposure.

Attendance Policy
At Nova Southeastern University's Health Professions Division, attendance at all scheduled instructional periods is mandatory. Students are required to follow their college section for specific center or program policies.

Failure to consider any additional requirement is noted in the evaluation of a student's academic performance and professional attitude and may result in a failing grade for the course. Students shall report to the individual college's Office of Student Affairs, in writing, the reason for all absences within 24 hours of each occurrence.

Students whose reasons are unacceptable will be subject to disciplinary action. In the event of an emergency absence, requests for an excused absence must be made to the individual college's Office of Student Affairs for a decision. All students are instructed to consult their specific program handbook with regard to additional or supplemental attendance policies.

1. Excused absences
   A. Illness: The division must be notified as soon as possible, or at the latest, on return to school, of all absences due to illness. For unusual or prolonged illness, the appropriate Office of Student Affairs must be notified as soon as possible. These absences will be evaluated on an individual basis.
B. Special circumstances: Unusual circumstances resulting in absences (e.g., death in the immediate family) must be cleared with the appropriate Office of Student Affairs on an individual basis, preferably before the student is absent from class.

2. Unexcused absences
Absences not falling into the first category are unexcused absences. The administration realizes that special circumstances may arise on rare occasions leading to an unexcused absence. However, unexcused absences are neither a right nor an entitlement of the student.

Unexcused absences or absences may result in a written reprimand from the dean with a copy to be placed in the student’s permanent file, plus a loss of 10 percentage points in the course or failure in the course.

Each laboratory, assignment, or examination missed must be made up at the discretion and convenience of the instructor.

If, in the judgment of the dean, a pattern of absences appears to surface, action may be taken, up to and including failure in the courses involved or dismissal from school.

3. Clinical rotations
Attendance while on clinical rotations follows different procedures and they are noted in the policy and procedures Clinical Rotation Handbook or Clerkship/Externship Manual distributed prior to going on rotations.

4. Promptness
Promptness is another trait a proper health care practitioner must display. Additionally, tardiness in class disturbs both the lecturer and other members of the class and is thus markedly inconsiderate and rude.

University class hours are from 8:00 a.m. to 10:00 p.m. daily, Monday through Friday. Class schedules are issued from time to time as an aid to faculty members and students, but the administration reserves the right to make changes, assign Saturday hours, or deviate from published schedules without notice.

Classes begin at 10 minutes after the hour. Any student not seated in his or her assigned seat by the time class begins will be marked absent. Classes finish on the hour. If the student arrives within 20 minutes after the start of class, the absence will be reduced to a half absence. Students will await the instructor’s arrival until at least 20 minutes after the specified starting time, unless notified otherwise by an authorized person.

5. Religious holidays
Absences for major religious and ethnic holidays may be excused at the discretion of the administration. Students are required to obtain approval for their absences one week prior to the holiday.

Background Checks
Students are required to authorize the NSU Health Professions Division to obtain background check(s) as per adopted policy of April 22, 2005. Students may also be required by the Health Professions Division to obtain a background check or authorize, where appropriate, clinical training facilities to conduct the check and to permit the results provided by the consumer reporting agency to the NSU Health Professions Division and/or to the clinical training facilities. If the background check(s) reveal informa-
tion of concern, which the NSU Health Professions Division may deem unfavorable, the NSU Health
Professions Division will provide the accepted applicant or enrolled student a copy of the report and the
document entitled "A Summary of Your Rights Under the Fair Credit Reporting Act," and request the
individual to provide a detailed written explanation of the information contained in this report along
with appropriate documentation (e.g., police reports). This information must be returned to the NSU
Health Professions Division within 10 business days of the date the communication is sent or another
date specified by the NSU Health Professions Division in its communication with the student.

Offers of admission will not be considered final until the completion of the background check(s), with
results deemed favorable by the NSU Health Professions Division, and, where appropriate, by the
clinical training facilities, or if information received indicates that the student has provided false or
misleading statements, has omitted required information, or in any way is unable to meet the require­
ments for completion of the program, then the admission may be denied or rescinded, the student may
be disciplined or dismissed, or his or her enrollment terminated.

Following the initial background check(s), students will be asked annually to provide a certifica­
tion relating to any convictions, guilty pleas, or no contest pleas to any criminal offense, other than
traffic violations.

Certificate of Physical Examination

Students must have a certificate of physical examination completed by their physician. Forms will
be distributed by the Division Office of Admissions and Student Services to each matriculant as
part of the admissions package.

Students may request that the University Health Service perform these examinations after matricu­
lation. The University Health Service will make appointments in as timely a manner as possible,
and the appointments, once made, become an obligation of the student, and must be kept.

These certificates (whether done privately or by the university), will be placed in the student's files.

Core Performance Standards for Admission and Progress

The Nova Southeastern University Health Professions Division is pledged to the admission and matricu­
lation of qualified students and wishes to acknowledge awareness of laws which prohibit discrimination
against anyone on the basis of race, color, national origin, religion, sex or qualified disability.

Regarding those students with verifiable disabilities, the university will not discriminate against
such individuals who are otherwise qualified, but will expect applicants and students to meet certain
minimal technical standards (core performance standards) as set forth herein with or without reason­
able accommodation. In adopting these standards, the university believes it must keep in mind
the ultimate safety of the patients whom its graduates will eventually serve. The standards reflect
what the university believes are reasonable expectations required of health professions students and
personnel in performing common functions.

The holders of health care degrees must have the knowledge and skills to function in a broad variety
of clinical situations and to render a wide spectrum of patient care. In order to carry out the activi­
ties described below, candidates for Health Professions Division degrees must be able to integrate
consistently, quickly, and accurately all information received, and they must have the ability to learn,
integrate, analyze, and synthesize data.
Candidates for degrees offered by the Health Professions Division must have, with or without reasonable accommodation, multiple abilities and skills including intellectual, conceptual, integrative, and quantitative abilities; interpersonal communication; mobility and strength; motor skills; hearing, visual, tactile, behavioral, and social attributes. Candidates for admission and progression must be able to perform these abilities and skills in a reasonably independent manner.

**Intellectual, Conceptual, Integrative, and Qualitative Abilities**
These abilities include measurement, calculation, reasoning, analysis, and synthesis. Problem solving—a critical skill—requires all of these intellectual abilities. Candidates and students must have critical thinking ability sufficient for good clinical judgment. This is necessary to identify cause-effect relationships in clinical situations and to develop plans of care. In addition, candidates and students should be able to comprehend three-dimensional relationships and to understand the spatial relationships of structures. An individual is expected to be able to perform multiple tasks in a diverse, dynamic, highly competitive, and challenging learning environment. All individuals are expected to meet their program requirements on a satisfactory level as determined by HPD administration or the applicable college/program administration.

**Interpersonal Communication**
Candidates and students should be able to interact with and observe patients in order to elicit information, examine patients, describe changes in mood, activity, and posture, and perceive nonverbal communications. They must be able to communicate effectively and sensitively with patients. Communication includes not only speech but also reading and writing. They must also be able to communicate effectively and efficiently in all written forms with all members of the health care team. They must have interpersonal abilities sufficient to interact with individuals, families, and groups from a variety of social, emotional, cultural, and intellectual backgrounds.

**Motor Skills**
Candidates and students should have sufficient motor function to execute movements reasonably required to provide general care and emergency treatment to patients. Examples of emergency treatment reasonably required to some health care professionals are cardiopulmonary resuscitation, administration of intravenous medication, the application of pressure to stop bleeding, the opening of obstructed airways, and the ability to calibrate and use various pieces of equipment. Such actions require coordination of both gross and fine muscular movements, equilibrium and functional use of the senses of touch and vision. Physical therapy and occupational therapy students must be able to position patients for treatment, as well as teaching the functions involving gross and fine movements. Pharmacy candidates and students must have sufficient motor skills to weigh chemical and pharmaceutical (including intravenous) solutions, prepare prescriptions, and carry out sterile procedures.

**Strength and Mobility**
Candidates and students must have sufficient mobility to attend to emergency codes and to perform such maneuvers as CPR when required. They must have the physical ability to move sufficiently from room to room and to maneuver in small places. Osteopathic medical students must have the ability to position patients for the administration and delivery of osteopathic manipulative treatment in a variety of settings and to position and move patients when required.

Pharmacy students must be able to move about within a pharmacy setting and a patient's room.

Physical therapy and occupational therapy students must be able to administer treatment in a variety of settings and positions and move patients when required.
Hearing
Candidates and students should have sufficient auditory ability to monitor and assess health needs. They must be able to hear information given by the patient in answer to inquiries; to hear cries for help; to hear features in an examination, such as the auscultatory sounds; and to be able to monitor equipment.

Visual
Candidates and students must have visual ability sufficient for observation and assessment necessary in patient care. It must be consistent in many cases with being able to assess asymmetry, range of motion, and tissue texture changes. Osteopathic Medicine, Optometry, and Physician Assistant students must have sufficient visual ability to use ophthalmologic instruments. It is necessary to have adequate visual capabilities for proper evaluation and treatment integration. Candidates and students must be able to observe the patient and the patient’s responses including body language and features of the examination and treatment. Pharmacy students must be able to interpret prescriptions and medical orders, as well as to inspect medicine for deterioration or expiration.

Tactile
Candidates and students must have sufficient tactile ability for physical assessment. They must be able to perform palpation, functions of physical examination, and/or those related to therapeutic intervention. Pharmacy students must be able to measure and compound, sometimes transferring from container to container and to carry out sterile procedures. Dental students must be able to deliver appropriate treatment using high technology equipment such as dental drills and surgical instruments.

Behavioral and Social Attributes
Candidates and students must possess the emotional health required for full use of their intellectual abilities; the exercise of good judgment; the prompt completion of all responsibilities attendant to the diagnosis and care of patients; and the development of mature, sensitive, and effective relationship with patients. Candidates and students must be able to physically tolerate taxing workloads, to adapt to changing environments, to display flexibility, and to learn to function in the face of uncertainties inherent in the clinical problems of many patients. Compassion, integrity, concern for others, interpersonal skills, interest, and motivation are all personal qualities that will be assessed during the admissions and education process.

Sensory
Osteopathic students and physician assistants are required to have an enhanced ability to use their sensory skills. These enhanced tactile and proprioceptive sensory skills are essential for appropriate osteopathic evaluation and treatment of patients.

Dress Code
Students in the Health Professions Division must maintain a neat and clean appearance befitting students attending professional school. Therefore, attire should convey a professional appearance whenever the student is on the division campus and in classes or laboratory or on an experiential rotation or program. The following constitute acceptable attire:

1. Students must wear their white consultation jackets with their names and appropriate college designation embroidered over or on the left breast pocket. A white jacket is to be worn daily over the prescribed attire.
2. Shirt, tie, slacks, socks, and regular shoes for men, and for women it should be professional business dress, which includes slacks, pants, or skirt with blouse, or dress and appropriate shoes.
3. Matching scrub sets, socks, and shoes.

4. In addition to the above attire, students must wear their white clinical jackets.

5. Identification badges will be issued at the Division Badge Room and must be worn at all times when the student is on campus or clinical rotation. Please note that on campus, ID badges are necessary for proper use of auditoriums, library and recreational facilities, offices, laboratories, and certain restricted parking areas.

Students may not wear the following:
- shorts
- cut-offs
- mini-skirts (higher than mid-thigh)
- jeans
- see-through clothing or halter-tops
- beach/flip-flop sandals or thong footwear
- t-shirts (as the outer shirt)
- jogging or exercise clothing
- hats or caps, unless of a religious nature

These guidelines apply on campus from 8:00 a.m.–5:00 p.m., Monday through Friday, and while on duty on rotations.

Students inappropriately dressed or groomed may be requested to leave the campus. In this circumstance, an unexcused absence will be recorded until the student returns properly attired. Questionable or disputed cases of dress or grooming shall be presented to the dean, whose decision shall be final. Repeated violations will be considered improper professional behavior and may result in disciplinary action. When a class requires special dress (such as the wearing of scrub suits in anatomy laboratory), it will be the only exception to the dress code allowed during that time.

The dress code is to be observed at all times including midterms and examination periods. Students are expected to consult their specific program handbook for compliance with any program-specific supplemental dress code policies.

Educational Records

Record of Request for Disclosure
The university will maintain a record of all requests for and/or disclosure of information from a student's educational records. The record will indicate the name of the party making the request, any additional party to whom it may be disclosed, and the legitimate interest the party had in requesting or obtaining the information.

Correction of Education Records
Students have the right to ask to have corrected any records they believe are inaccurate, misleading, or in violation of their privacy rights. Following are the procedures for the correction of records:

1. Students must ask appropriate officials of the university to amend a record. In so doing, the students should identify the part of the record they want changed and specify why they believe it is inaccurate, misleading, or in violation of their privacy or other rights.

2. The university may comply with the request or it may decide not to comply. If it decides not to comply, the university will notify the student of the decision and will advise him or her of the right to a hearing to challenge the information believed to be inaccurate, misleading, or in violation of the student's rights.
3. On request, the university will arrange for a hearing, and notify the student, reasonably in advance, of the date, place, and time of the hearing.

4. A hearing officer who is a disinterested party will conduct the hearing; however, the hearing officer may be an official of the institution. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's original records. One or more individuals may assist the student, including an attorney.

5. The university will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision.

If the university decides the challenged information is inaccurate, misleading, or in violation of the student's right of privacy, it will notify the student of the right to place in the record a statement commenting on the challenged information and/or a statement setting forth reasons for disagreeing with the decision.

**Food in the Lecture Halls**

Food, beverages, and tobacco are not permitted in the lecture halls, laboratories, or university clinics. Smoking is not permitted inside any division building.

**Identification Badges**

Students must wear identification badges at all times while on campus. ID badges are not transferable. ID badges are issued at the Division Badge Room. These badges are given to the students at no charge except for replacement.

**Identification Requirements and Fieldwork Prerequisites**

An affiliated clinical/fieldwork teaching facility may also require a student to pass a state of Florida Department of Health screening before rotation. Other requirements, which may be held by the affiliated facility include, but are not limited to, fingerprinting, criminal background check, urinalysis for drugs and alcohol, and proof of immunization. If a student does not meet all requirements held by the affiliated facility before the first day of the scheduled placement, the student's placement will be canceled, or if the placement has begun, the student will be asked to leave.

**Immunization Requirements**

Students must have completed the mandatory immunization form.

The following immunization procedures are required of students at the Health Professions Division:

**Basic Immunizations**: Every student is required to have had an immunization for the following diseases before matriculating at Nova Southeastern University: diphtheria-pertussis-tetanus (or diphtheria-tetanus), varicella (chicken pox), and measles-mumps-rubella. A written memorandum of the immunization given and the date, signed by a physician, must be filed with the Office of Admissions on the day of registration at the latest. These basic immunizations are the financial responsibility of the student.
Hepatitis B Vaccine: Since every student at the Health Professions Division potentially can be exposed to this deadly virus, and since many rotation sites require it of personnel, we will administer and require hepatitis B vaccination for every entering student during the first year. The cost of this vaccination will be supported through the student activities fee.

Tuberculosis: Because of the resurgence of tuberculosis and the possible exposure of students to TB, the Health Professions Division will require and provide a yearly tuberculosis test for every student. The student activities fee, too, will support this.

Arrangements: The University Health Service will schedule appointments for students for tuberculosis testing and for hepatitis B vaccination. Because both of these require preparation, any student who does not keep a scheduled vaccination appointment will be required to pay for the immunization personally.

The university is not required to provide alternate sites for clinical practicum or rotations should immunization be a requirement for placement. Therefore, the student may be delayed in meeting the graduation requirements of their program.

Notices, Messages, and Posters

After approval from Student Affairs, students may post notices on the bulletin boards located in the student lounge and other locations. Other boards are provided for university or division business only. Students are prohibited from posting, altering, or removing notices or messages from these boards. No notices, announcements, posters, or any other papers may be posted anywhere, including doors, windows, and elevators, except on bulletin boards provided for that purpose.

Parking Lot

You are encouraged to use the parking areas designated for our students. You must obtain a parking decal from the security office. Please keep in mind that the parking spaces adjacent to or in front of our building(s) are for administrators, visitors, and patients only. Parking in spaces other than those appropriated may result in a ticket violation. Remember to lock your car everyday and park within the specified areas. Do not leave valuables in your vehicle.

Courtesy and common sense in parking will avoid accidents, personal injuries, damage to your vehicle and to the vehicles of other students and employees. If you should damage another car while parking or leaving, immediately report the incident, along with the license numbers of both vehicles and any other pertinent information you may have, to the NSU Public Safety Department.

The Health Professions Division and NSU do not assume any liability for any loss or damages you may sustain while parked in the parking garage. Use of NSU parking facilities are always at your own risk.

Photographs and Recordings

No one may take photographs in classrooms or laboratories without prior permission of the instructor and student(s) within those facilities. Absolutely no photographs may be taken in the anatomy laboratories. Students wishing to record lectures must obtain permission from the instructor. Consent forms may be obtained from your academic center's office.
Return of University Property

Any Health Professions Division or university property issued to you must be returned at the time of your dismissal or graduation, or whenever it is requested by administration, the department in control of the item, or the program. You are responsible to pay for any lost or damaged items. The value of any property issued and not returned may be charged to your financial account, and you may be required to deal with the bursar’s office for this purpose. Also, diplomas will be withheld for any outstanding financial obligation.

Security Checks

The university, the Health Professions Division, Public Safety Department/Davie Police, or community police departments may exercise the right to inspect all packages and parcels entering and leaving our premises to ensure the safety and physical integrity of the building and the premises. Please cooperate with security in providing this service and important function.

Social Events and Extracurricular Activities

All extracurricular activities by division-recognized organizations, on campus and off campus, must be approved in advance by the Division Office of Student Affairs. A student or group of students may not officially represent the division or the university, on or off campus, at any time without prior authorization in written form. All events sponsored by student body groups must receive prior approval from the Division Office of Student Affairs and faculty advisers affiliated with the group. Requests for permission for speakers, student meetings, and other activities on campus should be made on forms provided by the Division Office of Student Affairs at least two weeks in advance. The Division Office of Student Affairs must approve activities before the coordinator of educational support can assign a room, and no meeting announcements may be made until approval is made. A specific room will be assigned for the function. No announcements can be posted unless the Division Office of Student Affairs gives authorization. Forms and additional information are obtainable from the Division Office of Student Affairs.

Student Employment

Due to the intensity of all academic programs, outside employment during regular school terms is strongly discouraged.

Student Insurance Requirement

It is required that each Health Professions Division Student (except those in distance education and R.N. to B.S.N. Nursing Programs) carry adequate personal medical and hospitalization insurance. It is strongly suggested that students and their families avail themselves of the insurance plan obtainable through the university. Information about the policy can be obtained through the Health Professions Division Admissions and Student Services Office, or by accessing the Web site www.rec.nova.edu. Click on to the link for Health Insurance Information. Please note that students will see a charge for health insurance appear on their student account as part of the academic registration process.

For those students who already have health insurance coverage and do not need the NSU-endorsed insurance plan, this charge will be removed from their account once proof of coverage has been submitted. To complete the waiver form, go to www.rec.nova.edu and click on to link for the waiver form. The online waiver is the only process by which insurance charges will be removed and coverage
will be cancelled. Students who fail to complete the waiver form and provide proof of health insurance by the stated deadline will not be eligible to have charges removed and will continue to be enrolled in the insurance plan endorsed by NSU.

**Student Mailboxes**
The Division Office of Student Affairs will assign mailboxes at the beginning of each academic year. Students are requested to receive their personal mail at home. Student mailboxes are provided only for campus correspondence. They are located in the student lounge in the Library/Laboratory Building.

Please note that all university correspondence will be deposited in these mailboxes. They should be checked every day.

**Telephone Calls**
A student will not be called from class for a telephone call except in cases of extreme emergency. Other urgent messages may be left with the telephone operator. Outgoing calls made by students should be made from pay phones located outside the library or at various other locations throughout the campus. Use of the division office phones is not permitted under any circumstances.

**Visitors**
Unescorted visitors in our facilities are not allowed. Visitors are not permitted in classrooms or laboratories on HPD property without prior permission from the college or department. No visitors are permitted in a restricted area at any time. If you are expecting visitors, you must request permission from the college or department coordinator and obtain permission from the instructor(s) giving the lecture that the visitor will be attending. No permission will be granted the day of visitation. Ask your visitors to sign in with the college or department receptionist and/or department coordinator when they arrive. Student escorts are permissible after sign-in.

**Visits to Other Institutions**
Students in the Health Professions Division may not visit, in an official or presumably official capacity as a professional school student, any health-related institution (hospital, pharmacy, practitioner's office, clinic, etc.) or any health school without express permission of the dean. Visits to relatives or friends who are hospitalized are permitted, provided they are within visiting hours and all hospital rules are observed.

**Weapons**
The possession, storage, or use of firearms or other weapons, ammunition, fireworks, explosives, air pistols, rifles, or knives is strictly prohibited on university property. Such action can be considered cause for disciplinary action including, but not limited to, immediate expulsion.

Reservation of Power
The Student Handbook is not intended to be a contract or part of a contractual agreement between NSU and the student. The Student Handbook is available online at www.nova.edu/cwis/studentaffairs/forms/studenthandbook.pdf. Changes in the content of the Student Handbook may be made at anytime, by the university, division, or college administration. Adequate notice of anticipated changes will be given to the student, whenever possible. This Student Handbook supersedes all previous handbooks, documents, and directives where they may be in conflict. The Student Handbook is the governing document for all program-related information. Please become familiar with the policies and procedures listed within. Failure to read this handbook does not excuse students from the rules, policies, and procedures contained in it. ACADEMIC AFFAIRS

Baccalaureate Degree
All students entering the program without a baccalaureate degree will earn a bachelor of science in vision science upon successful completion of the first two years of coursework. A student must obtain a bachelor's degree before the doctor of optometry degree can be awarded. If a student enters the program in possession of a bachelor's degree in any topic, a second bachelor's degree will not be awarded for the completion of the first two years of the program.

Curriculum
The curriculum is divided into three categories: basic science, optometric sciences, and clinic. The basic science and optometric science courses encompass the didactic portion of the academic program. The clinic courses involve patient care activities and occur primarily in the third and fourth academic years.

Grading Policies and Procedures
Academic performance is assessed using percentage grades in didactic courses. A qualitative pass/fail/pass with honors grading system is used in the clinical rotations and in certain clinical courses.

Grades are awarded as follows:
- A 90-100
- B 80-89.9
- C 70-79.9
- F Below 70—Failure
- I Incomplete
- PH Pass with Honors
- P Pass
- PM Pass Marginally

If a student formally withdraws from the program prior to the last day of the 10th week of a term with the endorsement of the associate dean for academic affairs, a grade of W will be entered for all courses for which the student was registered. Formal withdrawal after the 10th week but prior to the first day of the last week of classes of the term will result in grades of W(P) or W(F), based on the student's performance up to that point. Withdrawal from a course in the last week of class will result in a grade of F, regardless of the student's performance up to that point unless unforeseen extenuating circumstances exist that compel the withdrawal. Students will not be permitted to withdraw from the program or to take a nonmedical leave of absence solely to avoid the award of failing grades.

Grade Point Average
The grade point average (GPA) is calculated using a standard percentage system, with weighting based on credit hours. In calculating GPA, the final grade received shall be used. Pass/fail course grades are not used to calculate GPA. In the event of successful reexamination in a course, a standard grade of 70 percent, followed by the suffix R, is awarded and used in GPA calculations.
If a student fails a course that is graded on the pass/fail basis, and repeats the course successfully, the grade will be entered on the transcript as RP.

Grade Disputes
A student who wishes to dispute a grade in an examination, quiz, clinic encounter, or any other graded exercise must give written notice to the instructor of record within five working days of the date that notification is sent to the student of the score on the exercise, quiz, examination, or encounter. The written notice must identify precisely what issues the student is disputing, and no additional claims may be added to the original one(s) once the disputation process is initiated. The instructor must respond to the student’s claim within five working days of the time the initial notice of dispute is delivered. If the instructor is not directly available for whatever reason, the student must file written notice of the dispute with the concerned department head, or in his/her absence, with the associate dean for academic affairs. The expiration of deadlines will be based on the time that the instructor subsequently becomes involved.

In the event that the student disagrees with the resolution offered by the instructor, he or she may appeal the decision to the concerned department head by presenting the department head with a written description of the dispute within five working days of notification of the instructor's decision. The student may not include new material in this letter of appeal if it was available to him or her at the time the original dispute with the instructor was filed.

The final step in the chain of appeals is the dean or the dean’s designee, and all previous restrictions, including the five-working-day time limit, will apply. A student may not arbitrarily bypass any of the elements of this appeals procedure. All appeals must begin with the instructor of record and follow the sequence outlined in this Student Handbook.

Dean’s List
Students receiving a GPA of 90 percent or above are placed on the Dean’s List for that term. Students receiving a clinic grade of PH during their externships will be placed on the Dean’s Clinical Honors List for that quarter.

Incomplete Coursework
A student receiving an incomplete (I) in any didactic course must complete the course requirements within the term immediately following receipt of the incomplete grade or the grade will become a fail (F), and will be given a percentage score of 60 percent.

An instructor may, at his or her sole discretion, demand that course requirements be completed on a shorter time scale than one term or quarter. A grade of I is appropriate only when a valid excuse for failing to complete the work—such as personal illness severe enough to seek medical help, severe illness or death within the third degree of kin, or other legitimate but unforeseen circumstances—has been validated. The mere failure to complete course requirements on time is more appropriately awarded a grade of F. Under no circumstances may an instructor award a grade of I for the sole purpose of permitting a student to avoid a failing grade. If a student fails to fulfill course requirements without a legitimate excuse, and it is inappropriate to award the grade of incomplete, a grade of F should be awarded.

A student receiving an incomplete in any clinic course must complete the course requirements within the term or quarter immediately following receipt of the incomplete grade or the grade will become an F, unless the student has the explicit written permission of the associate dean for academic affairs.
Penalty for Late Registration
The College of Optometry uses an online registration method. Information regarding the registration procedure and opening and closing dates for registration will be disseminated to all students via email messages. A fee may be imposed for registration that does not take place within the designated timeframe.

Advisers
Student Counseling
In principle, the college does not admit anyone to the program unless we believe that they can graduate, but unforeseen circumstances can occur. In the event that a student encounters significant difficulty of an academic nature, they are strongly advised to seek help immediately either from the course instructor concerned or the assistant dean for student affairs.

Mentors
Each student is assigned to a faculty member upon matriculation who will assist the student with day-to-day issues/problems. Mentors may schedule group meetings from time to time, and attendance at such meetings is mandatory. Serious issues should be addressed with the assistant dean for student affairs.

Tutoring
The college provides group tutoring for courses that require such services. Students should contact the assistant dean for student affairs to request group tutoring.

Students who request an opportunity to practice their clinical skills may obtain access to the clinic procedures laboratory during library hours. Special clinic help sessions and supervised practice sessions may be requested through the department chair of optometric sciences or her designee.

Individual tutoring is available for a small fee through the optometry student honor society, Beta Sigma Kappa. Anyone interested in the tutoring service should contact the faculty adviser for BSK.

Academic Standing
There are four major categories for student academic classification. These categories are listed below, along with their associated guidelines.

Good Standing
• pass all courses
• maintain cumulative GPA of 80 percent or higher and term GPA of 74 percent or higher

Academic Warning
• cumulative GPA below 80 percent
• three or more grades of pass marginal in clinic
Academic Probation
• cumulative and/or term GPA below 70 percent
• failure of any course (but passing the subsequent retest)
• failure of any clinic in any grading period
• repeating an academic term or terms
• continued enrollment with reexaminations pending
• neglecting to take NBEO Part I in the summer between the second and third academic years
• neglecting to take NBEO Part I at every administration until it is passed
• failure of NBEO Part I

Academic Dismissal
• failure of three courses in one grading period
• failure of clinic in any two grading periods whether or not they are consecutive
• failure of a repeated course or a repeated clinic
• failure of a reexamination
• taking more than six years to complete the entire program
• failure of five courses or four courses and one clinic during the entire curriculum
• failure to complete reexamination within the specified time
• failure of four courses in a single academic year (August–May)
• failure to complete any element of a letter of understanding agreed upon as a consequence of an academic or disciplinary hearing with the Student Performance Advisory Committee (SPAC) or the dean

It is possible for a student who fails a didactic course and a single subsequent reexamination in either the fall or winter term to be granted a final opportunity to pass the course by repeating the entire academic year. In order to qualify, the student must otherwise have been in good academic standing (passed all other classes, a cumulative GPA above 80 percent) and have no previous history of reexaminations. In addition, a student in the third year of the traditional program must have passed all clinical rotations. A student in this position is mandated to seek the guidance of the administration regarding the prospect of academic success in the repeated year. Students enrolled in the extended (five-year) program who fail a reexamination will be evaluated on an individual basis.

Students on academic warning or academic probation will remain at that status until the GPA is raised appropriately or failed courses/clinics are remediated, retaken, or retested and passed. A student on academic probation will not be permitted to serve as an officer in student government or represent the college by attending meetings. During the warning or probationary period, students should limit extracurricular activities and refrain from obtaining employment.

Students on academic probation as a consequence of failing a course but passing the reexamination will remain on probation for the next term. Students on academic warning or probation will retain that status until the precipitating condition is corrected.
Academic Promotion

Readmission Policy
Any former student may apply for readmission to the professional program at any level, even if he or she has been previously dismissed for academic reasons. Readmission is the sole discretion of the dean who may consult with the Student Performance Advisory Committee (SPAC), other administrators, and faculty members in making a decision. A readmitted student should not expect to reenter the program at the same point that he or she withdrew. The level at which a student is readmitted is the sole province of the dean.

If the dean offers readmission to a student as an alternative to mandated dismissal (as recommended by the SPAC), a specific letter of understanding must be prepared that sets forth, exactly, the conditions that must be met, including the student’s class status and date of matriculation. The student’s readmission will be contingent upon their accepting and signing this letter of understanding.

The dean may, at his sole discretion, require candidates for readmission to undertake specific remediation of perceived deficits in preparation that may have undermined the candidate’s initial efforts in the program. These may include, but are not confined to, undertaking additional pre-optometric coursework at specified levels of difficulty; seeking training in English, either spoken or written; correcting previously identified extenuating circumstances that may have interfered with the student’s performance; or seeking treatment for medical or psychological problems that interfered with previous performance. An applicant for readmission will be required to document any of these requirements to the satisfaction of the dean.

Readmitted students will be held to the academic requirements of the class with which they will graduate, not the one with which they entered the program the first time. The optometric curriculum is sensitive to decay across time in the absence of reinforcement. Therefore, readmission with advanced standing should not be expected by a student when the student has been out of the program for a period longer than three years. Once readmitted students have matriculated, they may not attempt to renegotiate the conditions under which they were readmitted.

The Student Performance Advisory Committee (SPAC)
The Student Performance Advisory Committee (SPAC) shall advise the dean on matters concerning student failures, dismissal, promotion, leaves of absence, and other academic issues. The committee will conduct hearings for students accused of various forms of academic dishonesty. This committee will consist of the associate dean for academic affairs acting as the chair; the department heads for clinics, clinical science, and graduate studies; and a panel of additional faculty members who will be appointed by the dean annually. The assistant dean for student affairs shall be an ex-officio member. A quorum shall consist of five voting members. All members except the ex-officio member are voting members. Tie votes will be considered negative. The committee shall generate its rules of procedure and transmit them to the dean. The dean will notify the committee of his decisions concerning cases heard by the committee, including the disposition of appeals.

Reexamination and Remediation Policy
In the event of course failure, the department chairs and associate dean will review the student’s academic performance and status along with any additional relevant information. A recommendation will be made to the dean on academic sanctions and status. Academic sanctions include, but are not limited to, repeating the entire year or dismissal from the program. These recommendations and academic guidelines are subject to modification and implementation at the discretion of the dean or his designee on a case-by-case basis. Students are limited to a maximum of four course failures, or
three course failures and one clinic failure during their entire academic career, and no more than three course or clinic failures in a single academic calendar year. Additional course or clinic failures beyond these limits constitute a mandate for dismissal.

Reexaminations for courses failed during the fall term of the third year will be given within three weeks of the beginning of the winter term, because passage of third-year courses is generally considered to be a prerequisite to continuation in the clinic. Similarly, reexaminations for courses failed during the fall term that are prerequisites for coursework in the winter term will also be given within the first three weeks of the winter term. All other reexaminations will be scheduled by the administration. It is the students’ responsibility to inform themselves of the exact dates set by the administration and to hold themselves available for reexaminations, as scheduled.

A student who fails three courses in a single term is not eligible for any reexaminations, because this record mandates dismissal. Similarly, students are entitled to no more than four reexaminations in an entire career.

**Didactic Courses**

Students receiving a failing grade may be entitled to a reexamination. If a student passes the reexamination, the student will receive a grade of 70 percent, which will be used in calculating the GPA. The transcript will reflect a grade of 70R. A student may not be granted a second reexamination in any course. Failure of a reexamination results in a mandate for dismissal.

**Clinic Courses**

Students must pass all prerequisite didactic courses before participating in related clinics. Failure of a prerequisite didactic course will limit the options for externship sites and may delay graduation.

It is imperative that students demonstrate proficiency in various optometric procedures prior to admission into the third-year clinical education program. In the interest of patient safety and quality eye care, students must pass the clinical skills proficiency examinations prior to enrolling in clinic courses in which patient care is delivered. Failure to pass the clinical skills proficiency after three attempts will result in a mandated dismissal. Students who have been out of clinic for an entire semester or more as a consequence of a leave of absence, an academic or disciplinary suspension, or readmission after dismissal or voluntary departure from the program must take and pass the proficiency examination again as a condition to re-entry to clinic.

If it is determined that a student’s performance is unacceptable and/or may be detrimental to the health and welfare of the patients, any instructor in the clinical program may recommend the removal of a student from direct patient care to the chair of the Department of Clinics. In the event the recommendation is upheld, the student will receive a failure for the course and will be placed on academic probation.

Students must complete additional didactic coursework prior to enrollment in related specialty externships. For participation in the Pediatric and Binocular Vision Externship (OPT 7224), the following must be successfully completed:

- Anomalies of Binocular Vision I—OPT 4433
- Anomalies of Binocular Vision I Laboratory—OPTL 4433
- Anomalies of Binocular Vision II—OPT 5022
- Anomalies of Binocular Vision II Laboratory—OPTL 5022
- Pediatric Optometry and Learning-Related Vision Problems—OPT 6633
- Pediatric Optometry and Learning-Related Vision Problems Laboratory—OPTL 6633
For participation in the Vision Rehabilitation and Geriatric Externship (OPT 7223), the following must be successfully completed:

- Clinical Gerontology—OPT 5411
- Rehabilitative Optometry: Low Vision—OPT 6322
- Rehabilitative Optometry: Low Vision Laboratory—OPTL 6322

For participation in the Cornea and Contact Lens Externship (OPT 7214), the following must be successfully completed:

- Contact Lens I—OPT 5122
- Contact Lens I Laboratory—OPTL 5122
- Contact Lens II—OPT 6122
- Contact Lens II Laboratory—OPTL 6122

**Honors Program**

The College of Optometry has initiated an Honors Program that encourages students to strike out beyond the boundaries of the conventional curriculum. These students are expected to complete additional achievements in the areas of clinical tasks, research participation, teaching activities, and public service tasks. Honors students may select one course/semester to be completed as an Honors Seminar. In the seminar format, students will be exempted from conventional classroom attendance and examinations in exchange for participation in seminar discussions that cover the same material as the conventional course but at a more sophisticated level. Honors students will publish an NSU journal consisting of review articles of optometric interest and research projects completed by optometry students.

**Community Service**

The College of Optometry has a modest community service requirement of 10 hours during each of the first three academic years. The goal is to involve students in service activities with the intention of encouraging them to develop a lifelong habit of community service. Students are permitted to perform optometrically related service (such as vision screenings) as well as fulfill other unmet needs in the community.

**Clinical Remediation**

Any student identified by the instructor of record to be at risk for failure of a clinic may be enrolled in a remediation program. The goal of the remediation program is to enhance the student’s clinical performance and to provide the student with the tools to be successful in completing the course requirements. The instructor of record for the clinical course shall submit a formal “learning contract” between the student and the instructor to the chair, Department of Clinics. The “learning contract” shall identify the faculty mentor, enumerate additional assignments, and delineate areas of concern regarding the student’s performance. At the end of the term or rotation, the instructor of record shall update the department chair regarding the student’s progress and issue a final grade for the program.

**Clinical Patient Encounter Log**

Students are also required to maintain a detailed log of all patient encounters not documented by the QRS (Quick Recovery Medical Management System) in which they participated during the requisite rotation. The specific forms may be accessed online at [http://optometry.nova.edu/encounters/](http://optometry.nova.edu/encounters/).
Appeals of Academic or Disciplinary Decisions

The associate dean for academic affairs will monitor the academic progress of all individual students, and, when a student incurs a mandate for dismissal, the associate dean will notify that student, via email, that the student is dismissed.

The first step in the chain of appeals for a student who wishes to dispute a mandated dismissal is the SPAC. In order to implement this appeal, the student must submit a letter to the chair of the SPAC within five working days of the date that the email notification of dismissal was sent by the college. This letter must specify the basis for the appeal, and the SPAC will not consider any material at a hearing that was not clearly identified in this initial letter. The chair of the SPAC will schedule a hearing on the student's appeal in a timely fashion. The student will be permitted to present his/her case to the SPAC in person. This hearing shall be closed to everyone except the SPAC membership and the petitioning student, although witnesses may be called by either side.

The SPAC will reach a decision and make a recommendation to the dean, who may endorse or modify the outcome. The dean will prepare a letter detailing his decision. The student will be notified by email that this letter is ready, and the student will be directed to come to the dean's office to retrieve it, after signing a receipt for the document. If the student fails to arrive in person for whatever reason, to receive this written statement within 48 hours (excluding holidays and weekends, i.e., two working days) of the time that the email notification is posted by the administration, the student automatically forfeits any right to appeal the dean's decision. The petitioner may appeal the dean's decision to the Appeals Board of the College of Optometry (see below). A student may not introduce new issues or evidence that was available or should have been available at the time of the initial appeal to the SPAC at any stage of the sequence of appeals.

While a student's appeal is under consideration, he or she may continue to attend classes and laboratories, including vision screenings, in order to avoid further academic liability should a decision in their favor be rendered. A student may not engage in the delivery of clinical care during the appeal process.

In appealing a mandated dismissal, a student may not bypass any element in the chain of appeals. The initial appeal must be directed to the SPAC, and all subsequent appeals must follow the sequence outlined above. If a student fails to file an appeal of a mandated dismissal with the SPAC within the identified time frame, the student will be notified by the dean that he or she is no longer a student at Nova Southeastern University, and that no route of appeal is available to the student by forfeit.

Appeals Board

Decisions of the dean may be appealed to the Appeals Board of the College of Optometry. Students who elect to follow this route should seek the input/advice of the assistant dean for student affairs.

Appeals Board Hearing Guidelines
The student appeals hearing is an informal proceeding and consists of four members and a chair. The hearing shall be internal, private, and closed to nonuniversity persons. Nonuniversity personnel are not available for consultation during these hearings. All procedures and actions are aimed to safeguard and preserve the educational and developmental mission of the College of Optometry.

Appeals Board Responsibilities
The Appeals Board will hear all student appeals of decisions made by the dean of the College of Optometry relating to either dismissal or disciplinary actions as defined in the Student Handbook. If a student appeals the decision of the dean, the appeal must be in writing and submitted to the
chair of the Appeals Board within five business days (excluding holidays and weekends) after the
date of receiving notification of the dean’s decision. Any appeals not submitted to the chair of
the appeals board within this time frame shall not be heard. The appeal must contain a concise
statement of all relevant facts and the result sought. No new evidence may be introduced during
the appeals process.

Academic issues are the sole province of the faculty and administration of the College of Optometry.
Appeals to this Appeals Board, which is not constituted solely of optometry faculty or administrative
personnel, must be based exclusively on procedural error committed by the SPAC or the dean. In
the letter of appeal submitted by a student, the precise procedural error that allegedly occurred must
be identified, and no other elements may be considered by that committee. It shall be the responsi-
bility of the chair to review all letters of appeal, forwarding the the Appeals Board for a full hearing
only those appeals that are based explicitly and exclusively on disputed procedural errors and do not
attempt to introduce new information. The Appeals Board does not possess the mandate to conduct
a separate hearing on academic or disciplinary matters. The Appeals Board has only two options
available: it can uphold the initial decision, or it may remand the case to the dean for correction of
the procedural error.

Appeals Board Membership
The Appeals Board shall consist of the vice chancellor and provost of the Health Professions
Division or designee, three faculty members, and a chair from the college faculty appointed by the
dean of the College of Optometry.

Hearing Process and Protocol
The appeals board hearing will proceed under the direction of the chair and summary notes of the
hearing must be taken. The student will be notified of the date, place, and time of the hearing via
their NSU email account and regular mail to their registered address. Any student who fails to
appear at the designated place, date, and time will automatically waive his or her right to appeal.
The student will be present only during his or her testimony. At this time, the student will have the
opportunity to present his or her appeal, provide statements and evidence in support of the alleged
procedural violation(s), appeal the degree of disciplinary action, summarize his or her position, and
respond to any questions from the board members. Legal representation or any other form of repre-
sentation is prohibited during the hearing.

The student will also provide the chair with a list of witnesses he or she may have, in writing, no
later than three business days before the hearing date. The Appeals Board may question the witnesses
during the hearing. The Appeals Board will have the option of calling more witnesses. The witnesses
will be dismissed following their testimony. The student shall not be present during the questioning
of any witnesses.

Once the meeting is convened, the chair will advise the board members of the charge(s) and the
dean’s decision, review the evidence, respond to any questions, and provide opportunity for any addi-
tional input from the ex officio member, the assistant dean for student affairs. The board members
will render a decision on the student's appeal by majority vote of the voting members in attendance.
The board may delay the vote if it determines that additional information or facts are needed before a
vote. The chair will participate in the voting process only in the case of a tie or if the chair is counted
to make a quorum.

Notification of the Appeals Board Decision
The chair will forward the decision of the board in writing to the dean who will forward it to the
student via hand delivered mail. All decisions of the Appeals Board will be final and binding. No
further option for appeal will be considered.
Course and Instructor Evaluation

Each student has a responsibility in his or her professional development to provide constructive evaluation for each course, clinical rotation, and instructor in the curriculum. This responsibility will be met by participation in course and clinical rotation evaluations that are routinely administered by the college.

For clinical rotations in the third and fourth years, students are provided with special evaluation forms to be used in independently assessing each rotation at its completion. These evaluations will be forwarded to the Office of the Dean for appropriate tabulation.

It is the option of the college administration to withhold the release of a student's grades until course evaluations have been submitted.

Student Examinations

Students will participate as patients for fellow student examiners throughout their career in optometry school. This is necessary for students to master clinical techniques. It is also important to experience the same procedures to which patients will be subjected.

Some individuals have ocular conditions that place them at risk for complications as a result of frequent testing. If a student knows of any conditions that testing may exacerbate, he or she should notify the dean in writing. If any conditions are discovered during laboratory sessions, the student will be informed at once.

If there is a condition that places a student at risk from the type of testing done in laboratories, that student will be required to be examined by a health professional of the dean's choice, who shall render an opinion on the safety of testing. This opinion shall form the basis of a decision to continue or discontinue serving in the role of patient in certain laboratories. As in all such situations, the student has the right to appeal this decision. The method of processing such an appeal will be determined by the dean.

Students should refrain from having any voluntary ocular procedures such as refractive surgery performed. If such procedures will prevent them from serving as a patient for clinical procedures, they may be required to take a leave of absence until they can again fully participate in laboratory and clinical exercises.

Students from the first and third years of the program are obligated to sit as patients in the proficiency examinations for second-year students. Students who fail to keep their appointments as patients in this context will be subjected to disciplinary proceedings and may expect harsh sanctions.

Computer-Related Requirements Specific to the College of Optometry

Every student enrolled in the College of Optometry is required to obtain and maintain an NSU computer account throughout the period of enrollment. All program-related announcements and information are provided by electronic mail only to these NSU accounts. Notifications of grades, right of appeal, and other announcements of a timed or dated nature will be considered as "delivered" from the moment they are posted to a student's email account and assumes no responsibility for forwarded messages. Additionally, an NSU account user name and password is required for access to certain educational resources and services provided and/or required by the university and College of Optometry.
It is every student’s responsibility to comply with all university policies concerning the appropriate use of university computing resources. Failure to comply with these policies may result in loss of one's university computing privileges. Because an NSU account is required to access certain learning materials and services essential to progress within the optometry curriculum, loss of such privileges could make it impossible to complete the optometry degree program and could result in the student’s dismissal from the college.

Each student is required to possess a personal computer for his or her exclusive use. Functional specifications for this computer will be announced along with other elements of required equipment.

Requirements for Graduation

The degree(s) of bachelor of vision science and the doctor of optometry are awarded to candidates who have demonstrated to the faculty their ability to meet the standards of the optometric program. The degree(s) will be conferred on all candidates who have satisfactorily completed all course and eligibility requirements.

In order to be eligible for the degree of bachelor of science in vision science, each student shall
- have not obtained a previous baccalaureate degree (credits applied for the receipt of a previous bachelor's degree cannot then be applied for receipt of a second degree)
- have satisfactorily completed the program of study required for the degree
  with a minimum overall GPA of 70 percent
- have satisfactorily met all financial obligations

In order to be eligible for the degree of doctor of optometry, each student shall
- have satisfactorily completed the program of study required for the degree,
  including all assignments, with a minimum overall GPA of 70 percent
- have satisfactorily met all financial obligations
- have passed the National Board of Examiners in Optometry Basic Science (Part I) and taken Clinical Science (Part II) examinations. It is the student's responsibility to have a copy of the grade reports sent directly to the college by the National Board of Examiners in Optometry as proof of taking the exam. A student's degree will be withheld until this obligation is met.
- have obtained a baccalaureate degree
- attend in person the rehearsal and commencement program at which time the degree is conferred

Graduation with Honors

Students receiving their O.D. degree are eligible for the following honors:
- students receiving a 90-94.9 percent GPA will graduate with honors
- students receiving a 95 percent or better will graduate with highest honors

Address Change/Name Change

It is critical for the university to have your current local address, telephone number, name, etc., on file so that we may contact you, if necessary. If, after enrolling, any information of this type changes, you must inform both the dean's office and the Office of the University Registrar. It is important to note that notifications of various academic or disciplinary actions and expectations will be considered as having been properly delivered when they are sent to the last confirmed address or email address that the institution possesses for each student.
Leave of Absence

A formal leave of absence (LOA) consists of a temporary withdrawal from the program of study taken/granted to deal with unexpected overwhelming circumstances such as poor health, financial exigencies or the need to care for a family member, including a newborn child. An LOA may not be used to avoid the consequences of an academic sanction or to negate the effect of a failing academic performance.

A request for an LOA must be submitted in writing to the chair of the Student Performance Advisory Committee (SPAC) via the associate dean for academic affairs. The SPAC may meet personally with the applicant and will rule on the validity of the request and determine the parameters of the LOA. Ordinarily, an LOA will be permitted for the period of an entire academic year in order to facilitate the student's reentry to the program. There shall be a limit of only one year of excused temporary withdrawal from the program (LOA).

A student granted an LOA will be held to the graduation requirements of the class with which she/he will graduate, not the one to which they were originally admitted. A student granted an LOA will be required to sign an agreement that specifies the parameters of the leave and which may not be renegotiated once the leave has commenced. Failure to resume studies at the terminal date of an LOA will be regarded as a voluntary withdrawal from the program and will be documented on the official transcript.

The time spent on an LOA will not be counted toward the six-year limit imposed for the completion of the program.

CODE OF BEHAVIORAL STANDARDS

All students enrolled in the college are governed by the Code of Behavioral Standards adopted by the university and the Health Professions Division and by the additional elements identified in this Student Handbook.

Students enrolled at the Nova Southeastern University College of Optometry are expected to exhibit behavior consistent with the high standards of the optometric profession. Compliance with institutional rules and regulations as well as city, state, and federal law is expected.

Optometry students shall act honorably and ethically and shall not tolerate dishonest, unethical actions or inappropriate conduct. It is not possible to enumerate all forms of inappropriate behavior that would raise serious questions concerning a student's status as a student optometric physician or a student's ability to practice after graduation.

Every student shall dress in a manner appropriate for the optometric profession and for an optometric physician in accordance with the Health Professions Division dress code and College of Optometry modifications and additions to that code.

Disciplinary matters involving academic dishonesty, professionalism, and/or clinical care will be dealt with by the Office of the Dean of the College of Optometry. Nonacademic disciplinary matters, including those involving violence, threats of violence, or criminal activity may be referred to the Office of the Dean of Student Affairs of Nova Southeastern University, at the discretion of the dean, for investigation and disposition.

Attendance

Attendance at all scheduled clinic sessions and other exercises involving the delivery of patient care is mandatory. Attendance at didactic classes, laboratory sessions, and all college-required events is also mandated. A student may anticipate the need to be absent from a class, lab, or clinic. In such cases, the student must seek prior approval for the absence through the assistant dean for student affairs at least 30 days prior to the anticipated absence. If the anticipated absence occurs within the first few weeks of a term, the student is responsible for seeking 30 days prior approval from the assistant dean of student affairs. This protocol shall apply to absences for religious holidays as well. In the event of an unanticipated absence, a student must notify both the instructor and the assistant dean for student affairs promptly via phone or email. In the event multiple days are missed, the student must consult with the assistant dean for student affairs to obtain appropriate supporting documentation. The assistant dean for student affairs will rule on the acceptability of excuses for unanticipated absences. The administration must be notified as soon as it becomes evident that an absence will occur by calling (954) 262-1402 to report the circumstances for the approval of the assistant dean for student affairs.

Every member of the college community has the duty to file a complaint with the Office of the Dean of the College of Optometry whenever it is believed that a substantial violation of the code has occurred. Failure to report a violation of the code is, itself, a violation.

College of Optometry Clinical Dress Code and Behavioral Standards

The Health Profession Division campus dress code described in the HPD Policies and Procedures section of this handbook will be enforced. Monitoring the standards of dress is the responsibility of students, faculty members, and administrators.

Clinical dress code standards are designed to instill confidence in patients. Although the dress code in South Florida is more casual than in other parts of the country, the Eye Institute patient base is diverse in terms of patient age, geographical origin, and cultural background. The dress code is intended to describe attire deemed appropriate by almost all members of our patient base.

White jackets may be removed at the discretion of the attending optometrist, based on the climate of the clinic and/or the demographics of the patient base (e.g., pediatric patient population).

Further examples of inappropriate grooming, dress, or student conduct include the following:

- plunging necklines, low cut backs, large openings on sleeveless tops, or see-through material
- tight shirts, dresses, or skirts with slits above the knee; capri or stretch pants
- visible navels, piercings placed anywhere other than ears, unnatural nail grooming
- sandals or any footwear resembling beachwear
- body odor, excessive perfume or aftershave, or bad breath
- denim, as it is generally perceived as excessively casual for a clinical setting
- gum chewing
- beverages or food in patient care areas
- performance not consistent with the Eye Institute's Patient Bill of Rights
- behavior not compliant with clinic policies related to medical records, QRS, HIPAA, or OSHA standards
Development of Professional Maturity

Preparation for membership in a licensed profession must necessarily include elements beyond the conventional curricular content, because professional licensure is a monopoly granted to members of a profession in exchange for meticulous self-policing. Society permits optometric care; in return, the members of the optometric profession are committed to identify, develop, and ensure the continuing application of high standards of professionalism by their members. This commitment begins in optometry school.

Accordingly, the faculty and administration will systematically monitor student behavior in categories such as professional ethics, classroom etiquette, civility, and collegiality. If a student accumulates a record of violations, the dean or his designee will arrange a meeting with that student and outline a specific plan for improvement. If that plan is not followed, additional sanctions ranging from disciplinary probation through suspension or dismissal may be applied.

Nonacademic Disciplinary Procedures

For nonacademic disciplinary matters or violations of the Code of Student Conduct see the Student Rights and Responsibilities section in this handbook.

National Board Examination

All students must take Parts I and II of the examinations of the National Board of Examiners in Optometry prior to graduation, documented by sending a copy of the test scores to the Office of the Dean. Filing procedures can be obtained through the Office of the Dean.

Part I must be taken in the summer between the second and third year and must be passed prior to graduation. Actively enrolled students must sit for this examination every time that it is given until they pass it. Missing an exam administration will indicate that the student is not prepared to enter the fourth year and may be mandated to repeat the third year.

Part II must be taken during the fall term of the fourth year.

Class and Examination Schedules

Schedules for both classes and examinations are determined by the dean’s office in consultation with concerned faculty members. Student input may also be solicited on appropriate issues. Students and their representatives must refrain from generating other arrangements.

Externships

An important part of students’ clinical training is achieved through service on an externship. Assignment to externship rotations is a critical element of each student’s professional development. Therefore, this assignment is made by the collective professional judgment of a faculty committee in order to provide the best possible match between the characteristics of a specific externship site and the particular academic and clinical abilities and needs of each student without compromise to the standards and reputation of either the externship site or NSU.
STUDENT ACTIVITIES

Students may participate in a variety of organizations that are officially recognized by the university.

Health Professions Division

Health Professions Division Student Government
The Health Professions Division Student Government is recognized by the Health Professions Division administration as the official student voice on all HPD issues. The student members of the organization are the president and vice president of each of the college's student councils.

College of Optometry

Optometry Student Government Association (OSGA)
OSGA is the official voice for all students. The organization is open to all students and welcomes proposals and participation from the entire student body.

The responsibilities of OSGA include collecting and expressing student opinion, dispensing funds for student activities, acting as a liaison for the entire student body, promoting optometry, supporting club and class activities, and working to improve the quality of life for all students at Nova Southeastern University College of Optometry (NSU-CO).

Four voting representatives are selected from each class. In the spring of each year, OSGA officers—president, vice president, secretary, and treasurer—are nominated from this pool of representatives.

American Optometric Student Association (AOSA)
This is the international professional student organization for optometric students. The AOSA consists of more than 4,700 optometry students from 17 schools and colleges of optometry in the United States, Canada, and Puerto Rico.

AOSA sponsors annual conferences that enable students to meet and gain knowledge through lectures, presentations, and exhibits.

Beta Sigma Kappa
Beta Sigma Kappa is an international optometric honor fraternity that has chapters at the 17 accredited schools and colleges of optometry in the United States, Puerto Rico, and Canada.

This is a fellowship of members who work jointly to promote academic and scientific excellence as well as high moral standards in the profession of optometry. The fraternity members "stand for an active, sympathetic interest in public welfare, particularly, for the conservation of vision, the prevention of blindness, and for using their influence to further the best standards of professional education and practice" (The BSK Creed).

Activities include tutoring, guest lecturers, vision screenings, fundraising events, and banquets.

College of Optometrists in Vision Development (COVD)
The College of Optometrists in Vision Development is a full-scope optometric care organization dedicated to the enhancement of vision. It brings together those optometric students who have demonstrated professional interest and proficiency in helping people to develop and enhance scholastic achievement, vocational competence, social interaction, and emotional well-being.
National Optometric Student Association (NOSA)
The National Optometric Student Association is the professional organization dedicated to increasing minority participation in optometry. Membership is open to individuals of all races, colors, and creeds. The local chapter provides service to schools and churches in minority communities in the form of vision screenings and presentations.

Volunteer Optometric Services to Humanity (VOSH)
The mission of the Volunteer Optometric Services to Humanity is to provide optometric services in underdeveloped countries. The student body has a student VOSH chapter. Mission trips to underdeveloped countries must adhere to all university travel policies.

CHANGES IN THE STUDENT HANDBOOK
Changes may be made in the contents of this Student Handbook at any time by university or division administration. Adequate notice will be given to all students of any anticipated changes, whenever possible.

This Student Handbook supersedes all previous handbooks and previous directives where they may be in conflict.
