Graduate Teacher Education Program

**FISCHLER GRADUATE SCHOOL OF EDUCATION
AND HUMAN SERVICES**

Nova Southeastern University

Nova Southeastern University is an independent, fully accredited, coeducational institution founded in 1964 as Nova University. The university is internationally known for innovation and quality in both traditional and distance education. Currently, NSU has approximately 63,000 alumni and 18,000 students enrolled in programs in 23 states and 12 countries, and the university continues to grow.

Fischler Graduate School of Education and Human Services

FGSEHS is one of the largest graduate schools of education in the United States, with 8,000 students in more than 50 cities and 22 states. FGSEHS uses a variety of methods to deliver high-quality education in a manner that adapts to students' work schedules and locations, and meets individualized needs and objectives. FGSEHS provides a number of postgraduate education study programs through its Graduate Teacher Education Program, including teacher education, educational leadership, higher education administration, child and youth studies, communications disorders, distance education and technology, addiction studies, and many others. In addition, FGSEHS offers a number of nondegree initiatives and avenues of study.

GTEP is Here to Help You

GTEP will help you design your own path that will lead you to personal and professional achievement with courses that you select, based on your location, your schedule, and your learning preferences.

As a GTEP computer science education student, you can follow your path to enrichment by using computers and technology to

improve classroom presentation and information management techniques

learn how to organize information to effectively solve problems

focus on the areas of computer literacy, methods of computer science education, and computer programming

enhance current computer science education teaching practices

help students and colleagues use electronic and online resources to enhance learning and educational outcomes

prepare for the computer science education professional area certification examination

add computer science education certification (Florida) to your certificate

Design Your Own Learning Path

You can choose from five learning modalities to design your course paths:

Enhanced Compressed Video

Attend live, real-time classes with other students from multiple locations.

Enhanced Directed Studies

You and the instructor meet through Web-based chats, by email, or by phone, when it is convenient for you.

Live, Site-Based Classes

Experience the familiar medium of face-to-face instruction.

Online Courses

Enjoy learning in a technologically rich environment, using a Web-supported utility, such as WebCT.

Small-Group Instruction

Combine live, face-to-face meetings and distance learning modalities.

Notice of Nondiscrimination

Nova Southeastern University admits students of any race, color, sex, age, nondisqualifying disability, religion or creed, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

Nova Southeastern University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; Telephone number 404-679-4501) to award bachelor's, master's, educational specialist, and doctoral degrees.

Computer Science Education

Are you ready to use the Internet, computers,
and new technologies

to prepare your students
for the 24/7 new economy?

to improve your
teaching skills?

to work smarter—
not harder?

to enhance your
professional development?

to
recertify?

The Graduate Teacher Education Program's
computer science education is for you.

Our Place Your Place Any Place

GTEP offers working professionals a convenient way to attend class, flexible scheduling, interaction with peer teachers, and online instruction capabilities that allow you to learn any time or place.

For course and program information, visit our Web site at www.fgse.nova.edu/cse/courses.htm or call 800-986-3223, ext. 8600.
