Accreditation

Nova Southeastern University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; Telephone number 404-679-4501) to award bachelor's, master's, educational specialist, and doctoral degrees.

Notice of Nondiscrimination

Nova Southeastern University admits students of any race, color, sex, age, nondisqualifying disability, religion or creed, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

Nova Southeastern University is an independent, nonsectarian, nonprofit university chartered by the state of Florida in 1964. It is located on a 227-acre main campus west of Fort Lauderdale.

Nova Southeastern University is licensed to operate programs in 30 of the 50 states and is alma mater to more than 46,000 graduates. Graduates reside in all 50 states and in over 50 foreign countries.

Accreditation by a regional accrediting agency provides nationwide accreditation. Licensure to provide instruction in specific states is a state-regulated process. Each state establishes procedures for acquiring site licensure, including review by the higher education authority of each state. Thus, Nova Southeastern's programs meet not only the academic requirements of SACS, but also the unique requirements of each state in which instruction is provided.

In addition to SACS accreditation, Nova Southeastern's Law Center is accredited by the American Bar Association, the clinical psychology programs are accredited by the American Psychological Association, and the Master's Program in Speech-Language Pathology is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association. The Fischler Center for the Advancement of Education (graduate school of education) is a member of the American Association of Colleges for Teacher Education, the Council of Great City Colleges of Education, and the Council of Graduate Schools.
